

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(1) DOMESTIC LEGISLATION/1. The principal legislation.

ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION,

1. LEGISLATION

(1) DOMESTIC LEGISLATION

1. The principal legislation.

Environmental quality and public health¹ legislation in the United Kingdom² is wide-ranging and diverse, and includes provisions relating to integrated pollution prevention and control³, air quality and air pollution⁴, waste management⁵, litter⁶, contaminated land⁷, genetically modified organisms⁸, statutory nuisances⁹, noise¹⁰, the destruction of pests¹¹, the prevention and control of disease¹² and sewers and drains¹³.

Formerly, the principal statutes were the Public Health Acts 1936 and 1961¹⁴. These Acts have been the subject of considerable amendment, but certain provisions remain relevant¹⁵. The main statutory provisions are now to be found in the Control of Pollution Act 1974¹⁶, the Refuse Disposal (Amenity) Act 1978¹⁷, the Building Act 1984¹⁸, the Public Health (Control of Disease) Act 1984¹⁹, the Control of Pollution (Amendment) Act 1989²⁰, the Environmental Protection Act 1990²¹, the Water Industry Act 1991²², the Clean Air Act 1993²³, the Noise and Statutory Nuisance Act 1993²⁴, the Environment Act 1995²⁵, the Noise Act 1996²⁶, the Pollution Prevention and Control Act 1999²⁷, the Water Act 2003²⁸, the Clean Neighbourhoods and Environment Act 2005²⁹, the Natural Environment and Rural Communities Act 2006³⁰, the Climate Change and Sustainable Energy Act 2006³¹ and the Climate Change Act 2008³². Some of these provisions also apply to vessels³³ lying in inland or coastal waters³⁴. This title also deals specifically with statutory provisions on pollution of water³⁵, shipping and pollution³⁶ and environmental duties in fuel and energy sectors³⁷. It should be noted that certain functions under provisions in many of these statutes are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008³⁸.

In certain districts there are local Acts in operation containing provisions relating to public health and these are not covered in this work³⁹.

Some legislation relating to environmental matters is dealt with elsewhere in this work⁴⁰.

1 The term 'public health' is appropriate to describe the scope of environmental health functions administered by local authorities, as distinct from those functions of personal health under the national health service dealt with elsewhere in this work (see **HEALTH SERVICES; SOCIAL SERVICES AND COMMUNITY CARE**) and from functions concerning water supply (see **WATER AND WATERWAYS**). However, the division is not always clear cut.

2 'United Kingdom' means Great Britain and Northern Ireland: Interpretation Act 1978 s 5, Sch 1. 'Great Britain' means England, Scotland and Wales: Union with Scotland Act 1706, preamble art I; Interpretation Act 1978 s 22(1), Sch 2 para 5(a). Neither the Isle of Man nor the Channel Islands are within the United Kingdom. See further **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 3. 'England' means, subject to any alteration of boundaries of local government areas, the area consisting of the counties established by the Local Government Act 1972 s 1 (see **LOCAL GOVERNMENT** vol 69 (2009) PARAS 5, 24), Greater London and the Isles of Scilly: Interpretation Act 1978 s 5, Sch 1. 'Wales' means the combined area of the counties which were created

by the Local Government Act 1972 s 20 (as originally enacted) (see **LOCAL GOVERNMENT** vol 69 (2009) PARAS 5, 37), but subject to any alteration made under s 73 (consequential alteration of boundary following alteration of watercourse) (see **LOCAL GOVERNMENT** vol 69 (2009) PARA 90): Interpretation Act 1978 Sch 1 (definition substituted by the Local Government (Wales) Act 1994 Sch 2 para 9). As to local government areas see **LOCAL GOVERNMENT** vol 69 (2009) PARA 22 et seq; and as to boundary changes see **LOCAL GOVERNMENT** vol 69 (2009) PARA 56 et seq. As to Greater London see **LONDON GOVERNMENT** vol 29(2) (Reissue) PARA 29.

3 See PARA 158 et seq.

4 See PARA 190 et seq.

5 See PARA 620 et seq.

6 See PARA 717 et seq.

7 See PARA 761 et seq.

8 See PARA 792 et seq.

9 See **NUISANCE**.

10 See PARA 817 et seq.

11 See PARA 855 et seq.

12 See PARA 884 et seq. As to the treatment of disease generally see **HEALTH SERVICES**.

13 See PARA 998 et seq.

14 Ie the Public Health Act 1936 and the Public Health Act 1961. The Public Health Act 1936 consolidated with amendments and additions most of the previous legislation on matters of public health contained in the Public Health Acts 1875 to 1925. As to the Public Health Acts 1875 to 1925 see PARA 2. In addition to the substantive powers for regulating public health, the Public Health Act 1936 contains an extensive framework of machinery powers for local authorities covering inter alia notices, entry upon premises, recovery of expenses and the prosecution of offences: see PARA 113 et seq. As to the meaning of 'local authority' see PARA 99. Generally, the authorities having the duty to carry the Public Health Act 1936 into execution are: (1) except in Wales, in a county, the county council as respects certain matters and the district councils as respects all other matters, without prejudice, however, to the exercise by a parish council of any powers conferred upon such councils; (2) in Wales, the county council or county borough council as respects all matters, without prejudice, however, to the exercise by a community council of any powers conferred upon such a council; (3) in a London borough, the borough council; (4) in the City of London, the Common Council; and (5) in the Inner Temple and the Middle Temple, the Sub-Treasurer and the Under Treasurer thereof respectively: see s 1(1) (substituted by the Local Government Act 1972 Sch 14 Pt I para 1; and amended by the National Health Service Reorganisation Act 1973 Sch 4 para 2; and the Local Government (Wales) Act 1994 Sch 9 para 3, Sch 18).

The Public Health Act 1961 supplemented the provisions of the Public Health Act 1936, and replaced various local Acts of Parliament and byelaws. The provisions of the Public Health Act 1961 relating to sanitation and buildings (ie Pt II (ss 17-37)) (see PARAS 759, 855, 858, 1078) are to be construed as one with the similar provisions of the Public Health Act 1936 (ie Pt II (ss 33-90)) (see eg PARAS 855 et seq, 980 et seq): see the Public Health Act 1961 s 1(1).

15 See eg PARA 113 et seq.

16 See PARAS 131 et seq, 620, 724-725, 819 et seq.

17 See PARA 741 et seq.

18 See **BUILDING**. See also eg PARAS 987, 989, 995.

19 See PARAS 102 et seq, 137 et seq, 884 et seq.

20 See PARA 709 et seq.

21 The Environmental Protection Act 1990 covers matters such as pollution control (see PARA 158 et seq), waste management (see PARA 620 et seq), contaminated land (see PARA 761 et seq), genetically modified organisms (see PARA 792 et seq), and statutory nuisances (see **NUISANCE**).

22 See PARA 998 et seq; and **WATER AND WATERWAYS**. See also the Water Resources Act 1991; PARA 291 et seq; and **WATER AND WATERWAYS**.

23 See PARA 207 et seq.

24 See PARA 817 et seq.

25 See eg PARAS 68 et seq, 148 et seq, 192 et seq.

26 See PARA 848 et seq.

27 See PARAS 186-188.

28 See **WATER AND WATERWAYS**.

29 The Clean Neighbourhoods and Environment Act 2005 is intended, with the Anti-social Behaviour Act 2003 (see eg PARAS 728, 733, 735-736), to improve the legislative framework for the provision and maintenance of a clean and safe local environment. It includes, inter alia, provisions relating to abandoned vehicles (see PARA 743 et seq), the offence of dropping litter (see PARAS 721-722, 733), local authority notices (see PARA 727), free distribution of printed matter (see PARA 728), graffiti and fly-posting (see PARAS 735-736), transport of waste (see PARA 709 et seq), deposit and disposal of waste (see PARA 655), offences relating to documentation (see PARA 645), power to search and seize vehicles (see PARA 659), local authority waste collection and disposal (see PARAS 620, 696, 699, 702), audible intruder alarms (see PARA 843 et seq), noise from premises (see PARAS 848, 852), statutory noise notices (see **NUISANCE** vol 78 (2010) PARA 165 et seq), use of fixed penalty receipts (see PARAS 156-157), shopping and luggage trolleys (see PARAS 739-740), statutory nuisances (see **NUISANCE**), and pollution and contaminated land (see PARAS 186, 772).

30 The Natural Environment and Rural Communities Act 2006 contains provisions relating, inter alia, to nature conservation, wildlife, sites of special scientific interest, national parks, rights of way and inland waterways. The Act establishes an independent body, 'Natural England', which is responsible for conserving, enhancing and managing England's natural environment. This body took over the statutory functions previously carried out by English Nature, the Countryside Agency (see **OPEN SPACES AND COUNTRYSIDE** vol 78 (2010) PARA 523) and the Department for Environment, Food and Rural Affairs' Rural Development Service. Natural England works in close partnership with other organisations and bodies that have a major role in relation to the natural environment, in particular the Environment Agency (see PARA 68 et seq), the Forestry Commission (see **FORESTRY** vol 52 (2009) PARA 52 et seq), English Heritage (see **NATIONAL CULTURAL HERITAGE** vol 77 (2010) PARA 810 et seq) and local authorities (see **LOCAL GOVERNMENT** vol 69 (2009) PARA 22 et seq). The Natural Environment and Rural Communities Act 2006 also establishes the Commission for Rural Communities, which is to promote awareness of rural needs and meeting those needs in ways that contribute to sustainable development. See further **OPEN SPACES AND COUNTRYSIDE** vol 78 (2010) PARA 527.

31 See **FUEL AND ENERGY**.

32 See PARA 259 et seq; and **FUEL AND ENERGY**.

33 'Vessel' has the same meaning as 'ship' in the Merchant Shipping Act 1995 (see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 229), except that it includes a hovercraft within the meaning of the Hovercraft Act 1968 (see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 381); and 'master' is to be construed accordingly: see the Public Health Act 1936 s 343(1) (definition amended by the Merchant Shipping Act 1995 Sch 13 para 15); the Health Services and Public Health Act 1968 s 62(1) (amended by the National Health Service Reorganisation Act 1973 Sch 4 para 123); and the Public Health (Control of Disease) Act 1984 s 74 (amended by the Merchant Shipping Act 1995 Sch 13 para 69).

34 'Inland waters' includes rivers, harbours and creeks; and 'coastal waters' means waters within three nautical miles from any point on the coast measured from the low-water mark of ordinary spring tides: see the Public Health Act 1936 s 343(1); and the Public Health (Control of Disease) Act 1984 s 74. The definitions in s 74 are repealed by the Health and Social Care Act 2008 Sch 11 paras 1, 29, Sch 15 Pt 3 from a day to be appointed under s 170(3). At the date at which this volume states the law no such day had been appointed.

The provisions referred to in the text are: (1) the Public Health Act 1936 Pt XII (ss 275-347) (see PARA 113 et seq) and, so far as regards boats used for human habitation, the provisions relating to verminous premises and persons (ie ss 83-86) (see PARAS 855, 857 et seq); and (2) the Public Health (Control of Disease) Act 1984 Pt II (ss 10-45) (prospectively repealed) other than ss 39-42, Pt III (ss 46-48) other than s 46, Pt V (ss 54-56) (prospectively repealed) other than s 56, and Pt VI (ss 57-79) (s 57 prospectively repealed) (see PARA 884 et seq); see the Public Health Act 1936 s 267(4) (amended by the Clean Air Act 1956 Sch 4; the Public Health (Control of Disease) Act 1984 Sch 3; and the Environmental Protection Act 1990 Sch 16 Pt III); and the Public Health (Control of Disease) Act 1984 s 9(2) (prospectively repealed). These provisions have effect in relation to any vessel which neither belongs to Her Majesty or a foreign government nor is under the command or charge of an officer holding Her Majesty's commission, as if the vessel were a house, building or premises within the district or county of the appropriate port health authority, local authority or county council and the master or other officer or person in charge were the occupier: see the Public Health Act 1936 s 267(3), (5) (s 267(3)

amended by the Local Government (Miscellaneous Provisions) Act 1982 Sch 6 para 4); and the Public Health (Control of Disease) Act 1984 s 9(3), (4) (prospectively repealed). See further **PARA 104**. 'House' means a dwelling-house, whether a private dwelling-house or not: Public Health Act 1936 s 343(1); Public Health (Control of Disease) Act 1984 s 74. In the Public Health Act 1936, 'premises' includes messuages, buildings, lands, easements and hereditaments of any tenure; and 'land' includes any interest in land and any easement or right in, to or over land: s 343(1). In the Public Health (Control of Disease) Act 1984, unless the context otherwise requires, 'premises' includes buildings, lands, easements and hereditaments of any tenure: s 74. The definitions of 'house' and 'premises' in s 74 are repealed by the Health and Social Care Act 2008 Sch 11 paras 1, 29, Sch 15 Pt 3 from a day to be appointed under s 170(3). At the date at which this volume states the law no such day had been appointed.

35 See **PARA 270** et seq. See also generally **WATER AND WATERWAYS**.

36 See **PARA 347** et seq. See also generally **SHIPPING AND MARITIME LAW**.

37 See **PARA 576** et seq. See also generally **FUEL AND ENERGY**.

38 See for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see **LOCAL GOVERNMENT** vol 69 (2009) **PARA 733**. The relevant statutes noted in Sch 3 include the Anti-social Behaviour Act 2003, the Clean Air Act 1993, the Clean Neighbourhoods and Environment Act 2005 Pt 2 (ss 3-17), Pt 7 (ss 69-86), the Control of Pollution Act 1974, the Control of Pollution (Amendment) Act 1989, the Environment Act 1995, the Environmental Protection Act 1990, the Food and Environment Protection Act 1985 Pt II (ss 5-15), the Litter Act 1983, the Noise Act 1996, the Noise and Statutory Nuisance Act 1993, the Pollution Prevention and Control Act 1999, the Prevention of Damage by Pests Act 1949, the Public Health Act 1936, the Public Health Act 1961, the Refuse Disposal (Amenity) Act 1978, the Vehicles (Crime Act) 2001 and the Water Resources Act 1991.

39 These Acts, being local in nature, are not set out in this work. The Secretary of State has power to amend any provision of a local Act where it appears to him that the provision in the local Act is inconsistent with or has become unnecessary in consequence of any provision of the general legislation: see the Public Health Act 1925 s 6 (amended by the Statute Law (Repeals) Act 1993); the Public Health Act 1961 s 82(1); the Control of Pollution Act 1974 s 108(3); the Environmental Protection Act 1990 s 162(4); and the Environment Act 1995 s 121. See also the Public Health Act 1875 s 303; and the Public Health Act 1936 s 317. As to the Secretary of State see **PARA 58**. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see **PARA 59**.

40 See eg **PARA 3**; and see generally **BUILDING; FUEL AND ENERGY; OPEN SPACES AND COUNTRYSIDE; TOWN AND COUNTRY PLANNING; WATER AND WATERWAYS**. See also note 1.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(1) DOMESTIC LEGISLATION/2. Earlier legislation on public health.

2. Earlier legislation on public health.

Only a very small number of provisions of the Public Health Acts 1875 to 1925¹ containing substantive powers remain in force². Certain general and machinery powers³ remain in force to supplement the substantive powers, and certain repealed provisions of the Public Health Act 1875 continue in force so far as material for the purpose of the unrepealed provisions of that Act or any Act to be construed with it⁴. Prior to 1 April 1974 certain of the provisions of the Public Health Acts 1875 to 1925 were only operative where adopted, but, as from that date, the surviving provisions of the Acts, with very limited exceptions⁵, operate throughout England and Wales whether or not they so extended immediately before that date⁶.

The Public Health Act 1936 provides for orders, regulations, schemes, agreements etc under enactments repealed by that Act to continue to have effect as if made under the repealing Act⁷. Any powers or duties conferred or imposed by the Public Health Act 1936 are deemed to be in addition to and not in derogation of any other powers and duties conferred or imposed by Act of Parliament, law or custom; and, subject to any repeal effected by, or other express provision of, the Public Health Act 1936, all such other powers and duties may be exercised and must be performed in the same manner as if the Act had not been passed⁸. Similar provision is made in relation to the Public Health Act 1875⁹ and the Public Health (Control of Disease) Act 1984¹⁰. The Control of Pollution Act 1974 provides that nothing in that Act (except so far as expressly provided otherwise) derogates from any right of action or other remedy (whether civil or criminal) in proceedings instituted otherwise than under that Act¹¹; nor does the Act affect any restriction imposed by or under any other enactment, whether public, local or private¹². Similar savings are contained in the Local Government (Miscellaneous Provisions) Act 1976¹³.

1 The Public Health Act 1875, the Public Health Acts Amendment Act 1890, the Public Health Acts Amendment Act 1907 and the Public Health Act 1925: see s 1(2). As to the citation of the earlier of these Acts as the 'Public Health Acts' and later, with the addition of the Public Health Acts Amendment Act 1907, as the Public Health Acts 1875 to 1907 see the Short Titles Act 1896; and the Public Health Acts Amendment Act 1907 s 2(3).

2 The following provisions remain in force: the Public Health Act 1875 s 68 (penalty for corrupting water by gas washings) (see **PARA 340**), s 153 (moving gas and water pipes) (see **HIGHWAYS, STREETS AND BRIDGES** vol 21 (2004 Reissue) **PARA 400**), s 160 (naming of streets and numbering of houses) (see **HIGHWAYS, STREETS AND BRIDGES** vol 21 (2004 Reissue) **PARAS 142, 145**), s 161 (lighting streets) (see **HIGHWAYS, STREETS AND BRIDGES** vol 21 (2004 Reissue) **PARA 533 et seq**), s 164 (provision of pleasure grounds) (see **OPEN SPACES AND COUNTRYSIDE** vol 78 (2010) **PARAS 555, 556**), s 171 (incorporation of Town Police Clauses Act 1847) (see **HIGHWAYS, STREETS AND BRIDGES** vol 21 (2004 Reissue) **PARA 349**), the Public Health Act 1875 s 265 (protection of members and officers from personal liability) (see **PARA 105**; and **LOCAL GOVERNMENT** vol 69 (2009) **PARAS 227, 442**), s 343, Sch 5 (interments within churches, and fences surrounding burial grounds) (see **CREMATION AND BURIAL** vol 10 (Reissue) **PARAS 1013, 1144**); the Public Health Acts Amendment Act 1890 s 37 (safety of platforms erected on public occasions) (see **BUILDING** vol 4(2) (2002 Reissue) **PARA 450**), s 40 (cabmen's shelters), s 42 (statues and monuments in streets etc) (see **HIGHWAYS, STREETS AND BRIDGES** vol 21 (2004 Reissue) **PARA 566**), ss 44, 45 (public walks and pleasure grounds) (see **OPEN SPACES AND COUNTRYSIDE** vol 78 (2010) **PARAS 555, 556**), the Public Health Acts Amendment Act 1907 s 21 (altering street names) (see **HIGHWAYS, STREETS AND BRIDGES** vol 21 (2004 Reissue) **PARA 144**), s 31 (fencing of land adjoining streets) (see **HIGHWAYS, STREETS AND BRIDGES** vol 21 (2004 Reissue) **PARA 371**), s 76 (parks and pleasure ground) (see **OPEN SPACES AND COUNTRYSIDE**), ss 80, 81 (leading animals through streets; and definitions of 'public place' and 'street') (see **OPEN SPACES AND COUNTRYSIDE** vol 78 (2010) **PARA 504**), ss 82, 83 (byelaws as to the sea-shore and as to promenades) (see **WATER AND WATERWAYS** vol 100 (2009) **PARAS 34, 51**), s 94 (licensing of pleasure boats) (see **LOCAL GOVERNMENT** vol 69 (2009) **PARA 597**), and the Public Health Act 1925 ss 14, 16-19 (drinking fountains in streets, obstruction of main roads and premises of statutory undertakers, and naming of streets) (see **HIGHWAYS, STREETS AND BRIDGES** vol 21 (2004 Reissue) **PARAS 142-144, 560**), s 26 (wires in streets) (see **FUEL AND ENERGY** vol 19(2) (2007 Reissue) **PARA 1287**), s 56(5), (6) (charging for parks and pleasure grounds) (see **OPEN SPACES AND COUNTRYSIDE** vol 78

(2010) PARA 558), ss 75, 76 (byelaws as to persons waiting to enter public vehicles, public vehicles at railway stations) (see **ROAD TRAFFIC** vol 40(3) (2007 Reissue) PARA 1434).

3 Eg provisions relating to prosecutions, appeals, interpretation, cumulative powers, inquiries, legal proceedings, ascertainment of compensation, provisional orders and amendment or adaptation of local Acts. However, these machinery powers relate only to the limited number of provisions of the Public Health Acts 1875 to 1925 still subsisting (see note 2). As to powers of local authorities generally see **LOCAL GOVERNMENT** vol 69 (2009) PARA 460 et seq.

4 See the Public Health Act 1936 s 346, Sch 3 (repealed). The Acts to be construed with the Public Health Act 1875 include, inter alia, the other Acts cited in note 1.

5 The exceptions are: the Public Health Act 1875 s 160 (in so far as it relates to naming of streets), s 171(4) (hackney carriages), the Public Health Acts Amendment Act 1907 s 21 (naming of streets), s 82 (seashore byelaws), s 83 (promenade byelaws), and the Public Health Act 1925 ss 17-19 (naming of streets), s 76 (vehicles at railway stations): see the Local Government Act 1972 s 180(2), Sch 14 para 24 (Sch 14 paras 24-26 amended by the Local Government (Miscellaneous Provisions) Act 1982 s 47, Sch 7 Pt I; the Statute Law (Repeals) Act 2004; and SI 2008/2840). These excepted provisions are subject to procedures for application or cessation of application by local authorities: see the Local Government Act 1972 Sch 14 para 25 (as so amended).

6 Local Government Act 1972 Sch 14 para 23. However, the following provisions do not extend to Greater London: the Public Health Act 1875 ss 160, 171; the Public Health Acts Amendment Act 1907 s 21, s 80, and so much of s 81 as relates to the Town Police Clauses Act 1847; and the Public Health Act 1925 ss 17-19, 75, 76: see the Local Government Act 1972 Sch 14 para 26 (as amended: see note 5).

7 See the Public Health Act 1936 s 346(1) proviso (c) (amended by the Local Government (Miscellaneous Provisions) Act 1982 Sch 6 para 5). Byelaws in force at the commencement of the Public Health Act 1936 were continued in force as if that Act had not been passed: s 346(1) proviso (a). Any document referring to an Act or to an enactment repealed by the Public Health Act 1936 must be construed as referring to the Public Health Act 1936 or to the corresponding provision of that Act: see s 346(3).

8 Public Health Act 1936 s 328. See *Re Blake and Croydon Royal Sanitary Authority* (1886) 2 TLR 336, where statutory powers as to the taxation of costs were held to be additional; *A-G v Tod-Heatley* [1897] 1 Ch 560, CA, where the common law duty to abate nuisance was held to be unaffected; *Sowerby Bridge UDC v Stott* [1956] 2 QB 596, [1956] 2 All ER 264, CA, where powers under a local Act were preserved.

9 See the Public Health Act 1875 s 341 (repealed with savings).

10 See the Public Health (Control of Disease) Act 1984 s 72. As from a day to be appointed, there is a minor amendment to s 72 by the Health and Social Care Act 2008 Sch 11 paras 1, 27. At the date at which this volume states the law no such day had been appointed.

11 Control of Pollution Act 1974 s 105(2)(c). See also note 12.

12 Control of Pollution Act 1974 s 105(2)(b). The provisions of s 105(2)(b), (c) are subject to the provisions of the Interpretation Act 1978 ss 18, 22, Sch 2 para 1, which relate to offences under two or more laws: see the Control of Pollution Act 1974 s 105(2).

13 See the Local Government (Miscellaneous Provisions) Act 1976 s 44(4)(b), (c).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(1) DOMESTIC LEGISLATION/3. Other legislation relating to environmental and public health matters.

3. Other legislation relating to environmental and public health matters.

In addition to the principal national legislation¹, there are many other provisions relating to environmental quality, environmental protection and public health matters. These include provisions relating to: the national health service²; medicinal products and medical practice³; poisons⁴; establishments registered under the Care Standards Act 2000⁵; medical and dental services for school children⁶; the provision of milk and meals in schools⁷; the cleanliness of pupils⁸; the composition and labelling of food, its fitness for human consumption, and food hygiene generally⁹; slaughterhouses¹⁰; animal health¹¹; agriculture¹²; water quality and water pollution¹³; planning requirements¹⁴; landfill tax¹⁵; building regulation¹⁶; the provision of smoke detectors¹⁷ and fire escapes¹⁸; fire prevention¹⁹; safety at sports grounds²⁰; management of parks and pleasure grounds²¹; nature reserves and nature conservation²²; controls on dogs²³; safety regulation in connection with radiation and radioactive substances²⁴; the handling and storage of petroleum²⁵; the storage of celluloid and cinematograph film²⁶; the cleanliness of premises, persons and equipment where hairdressing²⁷, acupuncture, tattooing, body-piercing and electrolysis²⁸ are carried on; and the provision of environmental safety information²⁹. There is also legislation relating to the health and safety of workers in factories, shops, offices and railway premises³⁰; in mines and quarries³¹; and in agriculture³². Finally general mention should be made of the Marine and Coastal Access Act 2009 which is considered elsewhere in this work³³ and makes provision about or in connection a number of matters including marine functions and activities, migratory and freshwater fish, the establishment of coastal walking routes and of rights of access to land near the coast, and works which are detrimental to navigation³⁴.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(i) In general/4. Introduction.

(2) EUROPEAN UNION LEGISLATION

(i) In general

4. Introduction.

A large amount of domestic environmental law is designed to ensure that the United Kingdom fulfils its international obligations, either directly¹ or perhaps more frequently where the European Union becomes the party to an international instrument by means of EU environmental legislation². While further detail is beyond the scope of this work it should also be noted that treaties (in the form of agreements or conventions perhaps led by the Climate Change Convention, the Kyoto Protocol and the European Convention on Human Rights)³ form the principal ultimate source of international environmental law ahead of such other, non-binding, sources as conference declarations⁴, statements of principle⁵, guidance⁶ and recommended standards⁷. Various international bodies also have a role in the promotion of and compliance with international environmental law⁸, although for present purposes the most relevant body is the EU.

The objectives of EU environmental legislation are generally to preserve, protect and improve the quality of the environment, to protect human health, to ensure a prudent and rational utilisation of natural resources and to promote measures at international level to deal with regional or worldwide environmental problems⁹. The principles on which EU action should be based are the precautionary principle and that preventative action should be taken, that environmental damage should be rectified at source and that the polluter should pay¹⁰.

Set out below¹¹ is a broad survey of EU measures affecting environmental matters, with cross-references to where further legislation¹² is considered. Generally the order of the material surveyed corresponds to the order of topics covered later in this title.

1 Eg with various obligations in the context of marine pollution the Merchant Shipping Act 1995 (see PARA 360 et seq) and the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154 (see PARA 365 et seq) were designed to implement the MARPOL Convention (as to which see PARA 404 note 18).

2 Eg in the case of measures to implement the Aarhus Convention on Access to Environmental Information: see PARA 55.

3 Ie the United Nations Framework Convention on Climate Change (UNFCCC) (Rio de Janeiro, 5 June 1992; Misc 5 (1993); Cm 2137) and the Kyoto Protocol to the UNFCCC (Kyoto, 11 December 1997; TS 006 (2005) Cm 6485); and see PARA 259 et seq. See also the Convention of Biological Diversity, the United Nations Convention of the Law of the Sea, the Vienna Convention for the Protection of the Ozone Layer, the Montreal Protocol to the Vienna Convention, the Convention on International Trade in Endangered Species of Wild Flora and Fauna (CITES), the Convention on the Control of Transboundary Movements of Hazardous Wastes and their Disposal (the 'Basel Convention').

The Convention for the Protection of Human Rights and Fundamental Freedoms (Rome, 4 November 1950; TS 71 (1953); Cmd 8969) (the 'European Convention on Human Rights') and the Human Rights Act 1998 are generally discussed elsewhere: see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 122 et seq. Although environmental issues were unlikely to have been in the minds of the framers of the Convention, this does not mean that they do not potentially engage certain Convention rights. The most commonly engaged rights are the right to life under the Convention art 2 (see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 123), the right to private and family life under art 8 (see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 149) and the right to protection of property under Protocol 1 art 1 (see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 165). Article 14 on non-discrimination (see **CONSTITUTIONAL LAW**

AND HUMAN RIGHTS vol 8(2) (Reissue) PARA 164) has been successfully invoked in combination with Protocol 1 art 1 in the case of *Pine Valley Developments Ltd v Ireland* A 222 (1991), 14 EHRR 319, ECtHR but unsuccessfully in the case of *Fredin v Sweden* A 192 (1991), 13 EHRR 784, ECtHR: see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 164. The Convention art 3 which prohibits inhuman or degrading treatment (see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 124) has possible potential in the case of very serious pollution risks and also art 9 (dealing with freedom of thought, conscience or religion) (see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 156) in cases involving environmental impacts on religious buildings or sites. Possible contexts in which substantive Convention rights may arise include the following main areas: (1) determination of environmental permits (formerly licences); (2) enforcement action; and (3) area or site designation. The key procedural right protected by the Convention in the context of environmental law is contained in art 6(1) (relating to the entitlement to a fair and public hearing within a reasonable time by an independent and impartial tribunal established by law): see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 134 et seq.

4 Eg the Declaration on the Human Environment (the 'Stockholm Declaration'), the Declaration on Environment and Development (the 'Rio Declaration'), North Sea Conference Declarations, Bremen 1 November 1984, London 24, 25 November 1987, The Hague 8 March 1990, Esberg 8, 9 June 1995, Bergen 22 March 2002.

5 Eg the Non-Legally Binding Authoritative Statement of Principles for a Global Consensus on the Management, Conservation and Sustainable Development of all Types of Forests (13 June 1992, (1992) 31 ILM 881).

6 Eg the 1987 Cairo Guidelines and Principles for the Environmentally Sound Management of Hazardous Wastes ((1987) UNEP/GC 14/17) Annex II; UNEP GC/dec/14/30.

7 Eg IAEA International Basic Safety Standards for Protection against Ionising Radiation and for the Safety of Radiation Sources (1996).

8 Eg the United Nations Environment Programme ('UNEP'), the United Nations General Assembly ('UNGA'), the Commission for Sustainable Development ('CSD'), autonomous institutional arrangements ('AIAs') established under particular treaty regimes, sectoral organisations such as the International Maritime ('IMO') and Civil Aviation Organisations ('ICAO') and key economic organisations such as the World Trade Organisation (WTO) and the World Bank. Also to be mentioned is the European Environment Agency which, although not a European Union institution does play an important role in the area of environmental competence in the European Union, including supplying information used in the implementation of European Union policy: see also European Parliament and EC Council Regulation 401/2009 (OJ L 126, 21.5.09, p 13) on the European Environment Agency and the European Environment and Observation Network (Codified version); and PARA 55.

9 See the Treaty on the Functioning of the European Union (Rome, 25 March 1957; TS 1 (1973); Cmnd 5179) art 191(1). The Treaty was formerly known as the Treaty Establishing the European Community (often abbreviated to 'EC Treaty' and also known as the Treaty of Rome); it has been renamed and its provisions renumbered by the Treaty of Lisbon Amending the Treaty Establishing the European Union and the Treaty Establishing the European Community (Lisbon, 13 December 2007, ECS 13 (2007); Cm 7294) (often referred to as the 'Lisbon Treaty') which came into force on 1 December 2009. The Treaty on the Functioning of the European Union is also sometimes referred to as the 'EU Treaty'.

10 See the Treaty on the Functioning of the European Union (Rome, 25 March 1957; TS 1 (1973); Cmnd 5179) art 191(2). See note 9; and as to 'the polluter pays' see also PARA 5. The precautionary principle is, however, only one of the principles upon which domestic policy will be formulated and does not oblige the Secretary of State to apply the precautionary principle to the consideration of his duties: see *R v Secretary of State for Trade and Industry, ex p Duddridge* [1995] 3 CMLR 231, [1995] Env LR 151 (leave to appeal refused [1996] 2 CMLR 361, CA).

The guiding principles, such as prevention of environmental damage and the polluter pays principle, emerged from early 'Action Programmes on the Environment' in 1973, 1977 and 1982, the Treaty of Rome (see note 9) actually originally being silent on environmental protection, with an environmental title (ie EC Treaty Title XIX (arts 174-176): see now Treaty on the Functioning of the European Union (Rome, 25 March 1957; TS 1 (1973); Cmnd 5179) Title XX (arts 191-193)) only being added with the Single European Act in 1986, until then legislative action on the environment being based on the market harmonisation provision (see now the Treaty on the Functioning of the European Union (Rome, 25 March 1957; TS 1 (1973); Cmnd 5179) art 115) and the general residual power (see now art 352). In this regard reference should be made to Case C-240/83: *Procureur de la République v Association de défense des brûleurs d'huiles usagées* [1985] ECR 531, ECJ (where it was said that environmental protection was 'one of the Community's essential objectives' before any such objective was expressly included in the Treaty of Rome). Early legislation largely dealt with pollution control in the various environmental media (water: see PARA 23 et seq; and air: see PARA 9 et seq), followed later by vehicle emissions (see PARA 14), waste management (see PARA 33 et seq), environmental impact assessment (see PARAS 7, 8), nature conservation (see PARA 54), integrated pollution prevention and control (see PARA 6) as well as legislation under the European Atomic Community (Euratom) Treaty in regard to radiation protection (see PARAS 18, 50 et seq). Later developments included the precautionary principle (see the text and above) which came with the

Maastricht Treaty (ie the Treaty on European Union), and with the Amsterdam Treaty the promotion of sustainable development and a high level of protection and improvement of the environment and the integration of environmental considerations into other EU policies became key aims: see the EC Treaty arts 2, 6 (see now the Treaty on European Union art 3, and the Treaty on the Functioning of the European Union art 11). As to the areas of activity see the EC Treaty art 3 (see now the Treaty on the Functioning of the European Union art 8); and as to the obligation of member states to ensure the obligations arising out of the Treaty or resulting from action taken by institutions see the EC Treaty arts 10, 249 (see now the Treaty on European Union art 4, and the Treaty on the Functioning of the European Union art 288). There were further action programmes in 1987, 1993 and 2001 which, amongst other things, developed strategies for climate change and sustainable development (see generally PARA 15 et seq). See also generally the Community Action Plan which was, at the date at which this volume states the law, to be found at www.europa.eu.

11 See PARA 6 et seq.

12 Ie especially including implementing national legislation.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(i) In general/5. Environmental liability, use of criminal law.

5. Environmental liability, use of criminal law.

The European Union Environmental Liability Directive¹ seeks to achieve the prevention and remedying of environmental damage, specifically, damage to habitats and species protected by European Union law, and to species or habitat on a site of special scientific interest for which the site has been notified, damage to water resources, and land contamination which presents a threat to human health. It reinforces the 'polluter pays' principle referred to above, making operators financially liable for threats of or actual damage². The Environmental Liability Directive does not cover all types of damage to the environment: it only covers 'environmental damage' which is one or more of: 'damage to protected species and natural habitats or in a site of special scientific interest', 'damage to water' and 'land damage'³. The Directive introduces two types of liability: fault-based liability in respect of environmental damage to protected species and natural habitats from all other occupational activities and strict liability in respect of environmental damage, caused by a specified range of 'occupational activities'⁴. Under the Directive operators are required to take immediate steps to prevent damage or further damage and to notify the enforcing authority; the enforcing authority must establish whether it is 'environmental damage' and identify a responsible operator⁵. In the United Kingdom there are already a number of legal systems which provide for the remediation of environmental damage and under which action is taken in the public interest by public authorities such as local authorities or the Environment Agency⁶. These authorities can require damage to be put right by those responsible for it, or put the damage right themselves and then recover the costs afterwards from those responsible. 2009 Regulations⁷ now supplement existing environmental protection legislation such as the Environmental Protection Act 1990⁸, the Water Resources Act 1991⁹ or the Wildlife and Countryside Act 1981¹⁰ and the Control of Major Accident Hazards Regulations 1999¹¹. Those pieces of legislation will still apply, and to the extent that they impose additional obligations to those in these Regulations, will still need to be complied with.

The pace of development in the EU law, whatever its ultimate source, has been rapid and continues to be so. An important development concerning waste and the environment is a Directive¹² seeking to impose criminal liability for environmental damage. The Directive requires member states to apply criminal sanctions to breaches of a large number of EU Directives and regulations¹³ (including as implemented by national law) where there is a requirement for member states in implementing the legislation to provide prohibitive measures¹⁴.

1 See European Parliament and EC Council Directive 2004/35 (OJ L143, 30.4.2004, p 56) on environmental liability with respect to the prevention and remedying of environmental damage (amended by European Parliament and EC Council Directive 2006/21 (OJ L102, 11.4.2005, p 15); and European Parliament and EC Council Directive 2009/31 (OJ L140, 5.6.2009, p 114)). As to a preliminary ruling in regard to the interpretation of Directive 2004/35 see Case-378/08: *ERG Raffinerie Mediterranee SpA v Ministero dello Sviluppo economico* [2010] All ER (D) 135 (Mar), ECJ.

2 See European Parliament and EC Council Directive 2004/35 (OJ L143, 30.4.2004, p 56) art 1. As to a preliminary ruling in regard to the interpretation of the 'polluter pays' principle and Directive 2004/35 see Case-378/08: *ERG Raffinerie Mediterranee SpA v Ministero dello Sviluppo economico* [2010] All ER (D) 135 (Mar), ECJ.

3 See European Parliament and EC Council Directive 2004/35 (OJ L143, 30.4.2004, p 56) art 3. As to exceptions see art 4.

4 See European Parliament and EC Council Directive 2004/35 (OJ L143, 30.4.2004, p 56) art 3(1), Annex III.

5 As to preventive action see European Parliament and EC Council Directive 2004/35 (OJ L143, 30.4.2004, p 56) art 5; and as to remedial action see art 6. As to determination of remedial measures see art 7; as to prevention and mediation costs see art 8; as to cost allocation in cases of multiple party causation see art 9; as to the limitation period for recovery of costs see art 10; as to requests for action see art 12; as to review procedures see art 13; as to financial security see art 14; as to co-operation between member states see art 15; as to the relationship with national law see art 16; as to temporal application see art 17; as to reports and review see art 18; and to implementation see art 19 (the date for implementation is 30 April 2007). Note that the Directive does not apply to damage caused by acts occurring before the implementation date of 30 April 2007: see art 17.

6 As to the Environment Agency see PARA 68 et seq.

7 For the purposes of implementing European Parliament and EC Council Directive 2004/35 (OJ L143, 30.4.2004, p 56) in the United Kingdom the Environmental Damage (Prevention and Remediation) Regulations 2009, SI 2009/153, were made (and in regard to Wales the Environmental Damage (Prevention and Remediation) (Wales) Regulations 2009, SI 2009/995). As to the meaning of 'United Kingdom' see PARA 1 note 2. As to introductory measures see the Environmental Damage (Prevention and Remediation) Regulations 2009, SI 2009/153, Pt 1 (regs 1-12) (reg 6 amended by SI 2009/3275; and the Environmental Damage (Prevention and Remediation) Regulations 2009, SI 2009/153, reg 11 amended by SI 2010/587); as to preventing environmental damage see the Environmental Damage (Prevention and Remediation) Regulations 2009, SI 2009/153, Pt 2 (regs 13-16); as to remediation see Pt 3 (regs 17-23); and as to administration and enforcement see Pt 4 (regs 24-34). The Regulations apply to damage to protected species, natural habitats, sites of special scientific interest, water and land (see reg 4). They are enforced by the bodies specified in regs 10, 11 (reg 11 as so amended). The Regulations provide that, for certain economic activities, where there is an imminent risk of environmental damage, the operator must take steps to prevent it, and if it has occurred must prevent further damage; where damage has occurred the enforcing authority must assess the damage and identify remedial measures; and it must then serve a remediation notice on the responsible operator specifying what remediation is required: see Pt 3. Breach of specified provisions of the Regulations is an offence punishable (1) on summary conviction, with a fine not exceeding the statutory maximum or to imprisonment for a term not exceeding three months or both; or (2) on conviction on indictment, with a fine or to imprisonment for a term not exceeding two years or both: see reg 34. As to the statutory maximum see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 140. As to the standard scale see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 142.

8 See PARAS 159 et seq, 620 et seq, 761 et seq.

9 See PARA 288 et seq.

10 See **OPEN SPACES AND COUNTRYSIDE**.

11 Ie the Control of Major Accident Hazards Regulations 1999, SI 1999/743: see PARAS 45, 788.

12 See European Parliament and EC Council Directive 2008/99 (OJ L328, 6.12.2008, p 28) on the protection of the environment through criminal law. Member states must pass national legislation for the purposes of implementing the Directive by 26 December 2010: see art 8. See also note 24.

13 Amongst the 72 relevant Directives and regulations are measures relating to waste, bathing water, wild birds, urban waste-water treatment, nitrates, packaging and packaging waste, major accidents hazards, water quality, landfill, waste electrical and electronic equipment, batteries and accumulators, integrated pollution prevention and control and waste shipments. See note 14.

14 European Parliament and EC Council Directive 2008/99 (OJ L328, 6.12.2008, p 28) is without prejudice to other systems of liability for environmental damage under EU or national law, eg civil liability and European Parliament and EC Council Directive 2004/35 (OJ L143, 30.4.2004, p 56).

Member states must ensure that the following conduct constitutes a criminal offence, when unlawful and committed intentionally or with at least serious negligence: (1) the discharge, emission or introduction of a quantity of materials or ionising radiation into air, soil or water, which causes or is likely to cause death or serious injury to any person or substantial damage to the quality of air, the quality of soil or the quality of water, or to animals or plants; (2) the collection, transport, recovery or disposal of waste, including the supervision of such operations and the after-care of disposal sites, and including action taken as a dealer or a broker (waste management), which causes or is likely to cause death or serious injury to any person or substantial damage to the quality of air, the quality of soil or the quality of water, or to animals or plants; (3) the shipment of waste, where this activity falls within the scope of European Parliament and EC Council Regulation 1013/2006 (OJ L190 12.7.2006, p 1) on shipments of waste art 2(25) (see PARA 44) and is undertaken in a non-negligible quantity, whether executed in a single shipment or in several shipments which appear to be linked; (4) the operation of a plant in which a dangerous activity is carried out or in which dangerous substances or preparations are stored or used and which, outside the plant, causes or is likely to cause death or serious injury to any person or

substantial damage to the quality of air, the quality of soil or the quality of water, or to animals or plants; (5) the production, processing, handling, use, holding, storage, transport, import, export or disposal of nuclear materials or other hazardous radioactive substances which causes or is likely to cause death or serious injury to any person or substantial damage to the quality of air, the quality of soil or the quality of water, or to animals or plants; (6) the killing, destruction, possession or taking of specimens of protected wild fauna or flora species, except for cases where the conduct concerns a negligible quantity of such specimens and has a negligible impact on the conservation status of the species; (7) trading in specimens of protected wild fauna or flora species or parts or derivatives thereof, except for cases where the conduct concerns a negligible quantity of such specimens and has a negligible impact on the conservation status of the species; (8) any conduct which causes the significant deterioration of a habitat within a protected site; (9) the production, importation, exportation, placing on the market or use of ozone-depleting substances: see European Parliament and EC Council Directive 2008/99 (OJ L328, 6.12.2008, p 28) art 3. Member states must ensure that inciting, aiding and abetting the intentional conduct referred to in art 3 is punishable as a criminal offence: see art 4. Member states must take the necessary measures to ensure that the offences referred to in arts 3, 4 (see above) are punishable by effective, proportionate and dissuasive criminal penalties: see art 5. Member states must ensure that legal persons can be held liable for offences referred to in art 3, 4 where such offences have been committed for their benefit by any person who has a leading position within the legal person, acting either individually or as part of an organ of the legal person, based on: (a) a power of representation of the legal person; (b) an authority to take decisions on behalf of the legal person; or (c) an authority to exercise control within the legal person: see art 6(1). Member states must also ensure that legal persons can be held liable where the lack of supervision or control, by a person referred to in art 6(1), has made possible the commission of an offence referred to in arts 3, 4 for the benefit of the legal person by a person under its authority: see art 6(2). Liability of legal persons under art 6(1), (2) must not exclude criminal proceedings against natural persons who are perpetrators, inciters or accessories in the offences referred to in arts 3, 4: see art 6(3). Member states must take the necessary measures to ensure that legal persons held liable pursuant to art 6 are punishable by effective, proportionate and dissuasive penalties: see art 7.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(ii) Integrative Measures/6. Integrated pollution prevention and control.

(ii) Integrative Measures

6. Integrated pollution prevention and control.

European Union legislation introduces a regulatory system for integrated pollution prevention and control¹. The legislation seeks to control environmental impacts including emissions from specified installations by means of an integrated permitting system.

The general principles are that member states must ensure that all appropriate measures are taken to prevent pollution, in particular through application of the best available techniques, and that no significant pollution is caused². Further requirements are that waste production is avoided³, and that where waste is produced, it is recovered or, where that is technically and economically impossible, it is disposed of while avoiding or reducing any impact on the environment⁴. Energy efficiency, noise, resource use, accident prevention and decommissioning of sites are also covered⁵.

The permitting system demands that for all installations covered⁶ a single permit is obtained by the operator; and, although there is no requirement for this to be granted by a single competent authority, procedures for the granting of such permits must be fully co-ordinated if more than one authority is involved⁷. Conditions may be attached to the permit⁸. Provision is made for access to information and public participation in the permit procedure⁹.

1 The European Parliament and EC Council Directive 2008/1 (OJ L24, 29.1.2008, p 8) concerning integrated pollution prevention and control (Codified version) (amended by European Parliament and EC Council Directive 2009/31 (OJ L140, 5.6.2009, p 14)) which repeals and replaces EC Council Directive 96/61 (OJ L257, 10.10.96, p 26) concerning integrated pollution prevention and control ('IPPC'). The new Directive is without prejudice to EEC Council Directive 85/337 (OJ L175, 5.7.85, p 40) on the assessment of the effects of certain public and private projects on the environment (see PARAS 7, 18) and other relevant European Union provisions: see European Parliament and EC Council Directive 2008/1 (OJ L24, 29.1.2008, p 8) art 1. References to the repealed Directive are to be construed as references to the new Directive (see art 22 and Annex VII). As to implementation in the United Kingdom see PARA 158 et seq, and see the Environmental Permitting (England and Wales) Regulations 2007, SI 2007/3538; and PARA 662 et seq. As to the meaning of 'United Kingdom' see PARA 1 note 2.

See generally Case C-39/01: *EC Commission v United Kingdom* [2002] ECR I-2513, [2002] All ER (D) 24 (Mar), ECJ (applicability to off-shore installations); Case C-78/04: *EC Commission v Austria* (18 November 2004), ECJ (definition of 'existing installation').

Words like 'integrative' and 'integrated' are generally used as a term of contrast to 'sectoral' legislation, concerned more specifically eg with the pollution of air, water and land. Such sectoral legislation is covered subsequently both in the survey of EU measures and in the consideration of national legislation later in the title.

2 See European Parliament and EC Council Directive 2008/1 (OJ L24, 29.1.2008, p 8) art 3(a), (b).

3 In accordance with EEC Council Directive 75/442 (OJ L194, 25.7.75, p 39): see PARA 33.

4 See European Parliament and EC Council Directive 2008/1 (OJ L24, 29.1.2008, p 8) art 3(c).

5 See European Parliament and EC Council Directive 2008/1 (OJ L24, 29.1.2008, p 8) art 3(d), (e), (f).

6 The categories of industrial activities covered are listed in European Parliament and EC Council Directive 2008/1 (OJ L24, 29.1.2008, p 8) Annex I, which includes activities in the energy, metals, minerals, chemical and waste management industries, as well as limited agricultural activities.

- 7 See European Parliament and EC Council Directive 2008/1 (OJ L24, 29.1.2008, p 8) art 7.
- 8 See European Parliament and EC Council Directive 2008/1 (OJ L24, 29.1.2008, p 8) art 9.
- 9 See European Parliament and EC Council Directive 2008/1 (OJ L24, 29.1.2008, p 8) art 15.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(ii) Integrative Measures/7. Development consent and environmental impact assessment.

7. Development consent and environmental impact assessment.

European Union legislation¹ requires member states to adopt all measures necessary to ensure that projects² likely to have significant effects³ on the environment by virtue, inter alia, of their nature, size or location are made subject to a requirement for development consent⁴ and an assessment with regard to their effects⁵. The environmental impact assessment must identify, describe and assess the direct and indirect effects of the project on the following factors: (1) human beings, fauna and flora; (2) soil, water, air, climate and landscape; (3) material assets and the cultural heritage; and (4) the interaction between factors mentioned in heads (1) to (3) above⁶. There are provisions requiring the giving of information and consultation⁷, although this does not affect national law relating to commercial and industrial confidentiality, including intellectual property, or the law safeguarding the public interest⁸. Member states may provide for a single procedure covering the requirements of both environmental impact assessment and integrated pollution prevention and control⁹.

These provisions do not apply to projects adopted by a specific piece of national legislation, since in such cases it is presumed that adequate information is provided through the legislative procedure¹⁰, nor do they apply to projects serving national defence purposes¹¹. In exceptional cases a project may be exempted subject to appropriate information being supplied to the European Commission¹².

Development consent and environmental impact assessment are covered elsewhere in this work¹³.

1. I.e. EEC Council Directive 85/337 (OJ L175, 5.7.85, p 40) on the assessment of the effects of certain public and private projects on the environment (amended by EC Council Directive 97/11 (OJ L73, 14.3.97, p 5); EC Council Directive 2003/35 (OJ L156, 25.6.2003, p 17); and European Parliament and EC Council Directive 2009/31 (OJ L140, 5.6.2009, p 14)). For the purposes of implementation in the United Kingdom eg the Town and Country Planning (Environmental Impact Assessment) (England and Wales) Regulations 1999, SI 1999/293, were made: see **TOWN AND COUNTRY PLANNING** vol 46(1) (Reissue) PARA 487 et seq. See also the Environmental Impact Assessment (Land Drainage Improvement Works) Regulations 1999, SI 1999/1783 (amended by SI 2005/1399; SI 2006/618); the Environmental Impact Assessment (Forestry) (England and Wales) Regulations 1999, SI 1999/2228 (amended by SI 2006/3106); the Water Resources (Environmental Impact Assessment) (England and Wales) Regulations 2003, SI 2003/164 (amended by SI 2006/3124); the Environmental Impact Assessment and Natural Habitats (Extraction of Minerals by Marine Dredging) (England) Regulations 2007, SI 2007/1067; the Marine Works (Environmental Impact Assessment) Regulations 2007, SI 2007/1518 (amended by SI 2009/2258); the Environmental Impact Assessment and Natural Habitats (Extraction of Minerals by Marine Dredging) (Wales) Regulations 2007, SI 2007/2610; the Environmental Impact Assessment (Agriculture) (Wales) Regulations 2007, SI 2007/2933; and **FORESTRY** vol 52 (2009) PARA 11 et seq; **TOWN AND COUNTRY PLANNING** vol 46(1) (Reissue) PARA 69; **WATER AND WATERWAYS** vol 100 (2009) PARAS 271, 272; **WATER AND WATERWAYS** vol 101 (2009) PARAS 649 et seq, 674. As to the meaning of 'United Kingdom' see PARA 1 note 2.

See generally *Berkeley v Secretary of State for the Environment, Transport and the Regions* [2001] EWCA Civ 1012, [2001] 3 CMLR 223, [2002] Env LR 14 (purposive interpretation of the Directive provisions); *R (on the application of Barker) v London Borough of Bromley* [2001] EWCA Civ 1766, [2002] Env LR 631 (significant environmental effects after grant of planning permission); *Bellway Urban Renewal Southern v Gillespie* [2003] EWCA Civ 400, [2003] 2 P & CR 236, [2003] Env LR 30 (significant effects and mitigating measures); *Alford v Department for Environment, Food and Rural Affairs* [2005] EWHC 808 (Admin), [2005] 3 EGLR 11, [2005] Env LR 43 (agricultural intensification). As to failure of the United Kingdom correctly to transpose into domestic law EEC Council Directive 85/337 (OJ L175, 5.7.85, p 40) arts 2(1), 4(2) see Case C-508/03: *EC Commission v United Kingdom* [2006] ECR I-3969, [2006] All ER (D) 62 (May), ECJ.

2 'Project' means (1) the execution of construction works or of other installations or schemes; (2) other interventions in the natural surroundings and landscape including those involving the extraction of mineral resources: see EEC Council Directive 85/337 (OJ L175, 5.7.85, p 40) art 1.

It has been held that the date when the application for consent was formally lodged constitutes the sole criterion which may be used in determining whether a project falls within the scope of the EEC Council Directive 85/337 (OJ L175, 5.7.85, p 40): Case C-431/92: *EC Commission v Germany* [1995] ECR I-2189, [1996] 1 CMLR 196, ECJ. See also Case C-396/92: *Bund Naturschutz in Bayern eV, Richard Stahnsdorf v Freistaat Bayern* [1994] ECR I-3717, ECJ; Case C-81/96: *Burgemeester en Welthouders van Haarlemmerliede en Spaarnwoude v Gedeputeerde Staten van Noord-Holland* [1998] ECR I-3923, ECJ. The amending Directive (ie EC Council Directive 97/11 (OJ L73, 14.3.97, p 5) amending EEC Council Directive 85/337 (OJ L175, 5.7.85, p 40) on the assessment of the effects of certain public and private projects on the environment) does not apply to projects for which development consent was being sought at the time when the amending Directive came into force. See also *R v North Yorkshire County Council, ex p Brown* [1997] Env LR 391.

3 See EEC Council Directive 85/337 (OJ L175, 5.7.85, p 40) art 2(1) (as amended: see note 1). See also *R (on the application of Malster) v Ipswich Borough Council and Ipswich Town Football Club* [2001] EWHC 711 (Admin), [2001] All ER (D) 107 (Aug), [2002] PCLR 251 (significant environmental effects).

4 See EEC Council Directive 85/337 (OJ L175, 5.7.85, p 40) art 2(1) (as amended: see note 1). See also *R v Hammersmith and Fulham London Borough Council, ex p Council for Protection of Rural England* [2000] 2 CMLR 1021, [2000] Env LR 549, CA (outline planning permission, the consent for the purposes of the Directive); *R v Rochdale Metropolitan Borough Council, ex p Milne* (2001) 81 P & CR 27, [2001] Env LR 22 (assessment of outline planning application); Case-205/8: *Umwaltanwalt von Kartnen v Kartner Landesregierung* [2010] All ER (D) 31 (Jan), ECJ (as to the interpretation of EEC Council Directive 85/337 arts 2(1), 4(1) in regard to a transboundary project involving power lines had to be subject to an environmental assessment procedure even where less than 15 km of it was situated in one of those member states).

5 See EEC Council Directive 85/337 (OJ L175, 5.7.85, p 40) arts 1, 2 (as amended: see note 1). There are two categories of project, the first being subject to mandatory assessment (see art 4(1), Annex I (as amended: see note 1)) and the second being subject to assessment where member states consider there are significant effects (see art 4(2), Annex II (as so amended)). See also Case C-133/94: *EC Commission v Belgium* [1996] ECR I-2323, ECJ; Case C-72/95: *Aannemersbedrijf PK Kraaijeveld BV v Gedeputeerde Staten van Zuid-Holland* [1997] All ER (EC) 134, [1996] ECR I-5403, ECJ. In determining whether a project listed in EEC Council Directive 85/337 (OJ L175, 5.7.85, p 40) Annex II should be made subject to an assessment, the relevant selection criteria set out in Annex III must be taken into account: see art 4 (as so amended).

See also *R v Swale Borough Council and Medway Ports, ex p Royal Society for the Protection of Birds* [1991] 1 PLR 6, [1991] JPL 39; Case C-396/92: *Bund Naturschutz in Bayern eV, Richard Stahnsdorf v Freistaat Bayern* [1994] ECR I-3717, ECJ; Case C-431/92: *EC Commission v Germany* [1995] ECR I-2189, [1996] 1 CMLR 196, ECJ; Case C-72/95: *Aannemersbedrijf PK Kraaijeveld BV v Gedeputeerde Staten van Zuid-Holland* above; Case C-392/96: *EC Commission v Ireland* [1999] ECR I-5901, [1999] 3 CMLR 727, ECJ (use of thresholds); *R v Rochdale Metropolitan Borough Council, ex p Tew* [1999] 3 PLR 74, [2000] Env LR 1 (no proper description of the development). See also Case C-201/02: *R (on the application of Wells) v Secretary of State for Transport, Local Government and the Regions* [2005] All ER (EC) 323, [2004] 1 CMLR 1027, ECJ (national court to determine whether consent for quarrying could be revoked or suspended in order to carry out an environmental impact assessment). See also *R (on the application of Catt) v Brighton and Hove City Council* [2006] EWHC 1337 (Admin), [2007] LGR 151, [2006] All ER (D) 150 (Jun) (application for judicial review dismissed as environmental impact assessment not required as previous screening opinion had concluded that the development would not have any significant effects on the environment). On the failure to implement Directive provisions see Case C-37/05: *EC Commission v United Kingdom* [2006] ECR I-6, [2006] All ER (D) 16 (Jan), ECJ; Case C-508/03: *EC Commission v United Kingdom* [2006] ECR I-3969, [2006] All ER (D) 62 (May), ECJ.

6 See EEC Council Directive 85/337 (OJ L175, 5.7.85, p 40) art 3 (as amended: see note 1).

7 See EEC Council Directive 85/337 (OJ L175, 5.7.85, p 40) arts 5-9 (as amended: see note 1).

8 See EEC Council Directive 85/337 (OJ L175, 5.7.85, p 40) art 10 (as amended: see note 1).

9 See EEC Council Directive 85/337 (OJ L175, 5.7.85, p 40) art 2 (as amended: see note 1). As to integrated pollution prevention and control see PARA 6. As to pollution control in the United Kingdom see PARA 158 et seq.

10 See EEC Council Directive 85/337 (OJ L175, 5.7.85, p 40) art 1(5). Since art 1(5) limits the field of application of the Directive, it must be interpreted restrictively: Case C-287/98: *Luxembourg v Linster* [2000] ECR I-6917, [2000] All ER (D) 1204, ECJ.

11 See EEC Council Directive 85/337 (OJ L175, 5.7.85, p 40) art 1(4).

12 See EEC Council Directive 85/337 (OJ L175, 5.7.85, p 40) art 2(3) (as amended: see note 1).

13 See note 1; and generally **TOWN AND COUNTRY PLANNING**.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(ii) Integrative Measures/8. Strategic environmental assessment.

8. Strategic environmental assessment.

In addition to legislation on development consent and assessment¹, there is European Union legislation that in certain cases requires the carrying out of an environment assessment during the preparation of any plan or programme for development².

Strategic environmental assessment is covered elsewhere in this work³.

1 See PARA 7.

2 See European Parliament and EC Council Directive 2001/42 (OJ L197, 21.7.2001, p 30) on the assessment of the effects of specified plans and programmes on the environment; European Parliament and EC Council Recommendation 2001/331 (OJ L118, 27.4.2001, p 41) providing for minimum criteria for environmental inspections in the member states; and European Parliament and EC Council Decision 1411/2001 (OJ L191, 13.7.2001, p 1) on a Community framework for co-operation to promote sustainable urban development (amended by EC Council Decision 786/2004 (OJ L138, 30.4.2004, p 7)). For the purposes of implementing European Parliament and EC Council Directive 2001/42 (OJ L197, 21.7.2001, p 30) in England and Wales the Environmental Assessment of Plans and Programmes Regulations 2004, SI 2004/1633, and the Environmental Assessment of Plans and Programmes (Wales) Regulations 2004, SI 2004/1656, were made: see **TOWN AND COUNTRY PLANNING** vol 46(1) (Reissue) PARA 60 et seq. See also the UNECE Convention on Environmental Impact Assessment in a Transboundary Context (Espoo, 1991; TS 12 (1998) Cm 3879) (the 'Espoo Convention').

3 See note 1.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(iii) Air Pollution and Air Quality/A. AIR QUALITY/9. Ambient air quality.

(iii) Air Pollution and Air Quality

A. AIR QUALITY

9. Ambient air quality.

There is European Union legislation providing for ambient air quality and cleaner air¹. Amongst other things this creates a framework for the regulation of a range of substances², and provides for the setting of target values (or long term goals), limit values (or maximum acceptable concentrations) and alert thresholds (or concentrations above which there is a risk to human health from brief exposure and which require the population, and the European Commission, to be alerted of such danger)³. Factors to be taken into account when setting limit values and alert thresholds may include: (1) the degree of exposure of sectors of the population, and in particular sensitive sub-groups; (2) climatic conditions; (3) sensitivity of flora and fauna and their habitats; (4) historic heritage exposed to pollutants; (5) economic and technical feasibility; and (6) long-range transmission of pollutants⁴. Assessment and monitoring of air quality is required⁵, and member states must draw up and implement action plans to improve air quality in zones where limit values are not met, whilst ensuring that pollution is not shifted to other environmental media⁶. The provision of air quality information is also required⁷.

1 The European Parliament and EC Council Directive 2008/50 (OJ L152, 11.6.2008, p 1) on ambient air quality and cleaner air for Europe. This Directive replaces generally from June 2010 the following Directives: EC Council Directive 96/62 (OJ L296, 21.11.96, p 55) on ambient air quality assessment and management; EC Council Decision 97/101 (OJ L35, 5.2.97, p 14) establishing a reciprocal exchange of information and data from networks and individual stations measuring ambient air pollution within the member states; EC Council Directive 99/30 (OJ L163, 29.6.99, p 41) relating to limit values for sulphur dioxide, nitrogen dioxide and oxides of nitrogen, particulate matter and lead in ambient air; European Parliament and EC Council Directive 2000/69 (OJ L313, 13.12.2000, p 12) relating to limit values for benzene and carbon monoxide in ambient air; and European Parliament and EC Council Directive 2002/3 (OJ L67, 9.3.2002, p 14) relating to ozone in ambient air (see also PARA 10). As to national air quality strategy in the United Kingdom see the Environment Act 1995 Pt IV (ss 80-91); and PARA 192 et seq. As to the meaning of 'United Kingdom' see PARA 1 note 2. As to the proper implementation of EU requirements in national law see eg Case C-361/88: *EC Commission v Germany* [1991] ECR I-2567, [1993] 3 CMLR 821, ECJ; Case C-59/89: *EC Commission v Germany* [1991] ECR I-2607, [1993] 2 CMLR 821, ECJ; Case C-14/90: *EC Commission v France* [1991] ECR I-4331, ECJ; Case C-64/90: *EC Commission v France* [1991] ECR I-4335, ECJ. See also Case C-417/99: *EC Commission v Spain* [2001] ECR I-6015, ECJ. For the purposes of implementing EC Council Directive 96/62 (OJ L296, 21.11.96, p 55) (but see above) and EC Council Directive 99/30 (OJ L163, 29.6.99, p 41) (but see above and note 3) the Air Quality Standards Regulations 2007, SI 2007/64, and the Air Quality Standards (Wales) Regulations 2007, SI 2007/717, were made: see also PARA 190.

2 See EC Council Directive 96/62 (OJ L296, 21.11.96, p 55) Annex I; and see also Annex III (but see European Parliament and EC Council Directive 2008/50 (OJ L152, 11.6.2008, p 1); and note 1).

3 See EC Council Directive 96/62 (OJ L296, 21.11.96, p 55) art 4 (but see European Parliament and EC Council Directive 2008/50 (OJ L152, 11.6.2008, p 1); and note 1). Limit values have been set for certain substances: see EC Council Directive 99/30 (OJ L163, 29.6.99, p 41) relating to limit values for sulphur dioxide, nitrogen dioxide and oxides of nitrogen, particulate matter and lead in ambient air (but see European Parliament and EC Council Directive 2008/50 (OJ L152, 11.6.2008, p 1); and note 1). See Case C-320/03 *EC Commission v Austria* [2006] All ER (EC) 513, [2005] ECR I-7929, ECJ (the protection of air quality pursuant to EC Council Directive 99/30 might justify the existence of national measures capable of obstructing intra-Community trade, but only if such measures are proportionate).

As to the conclusion of the Protocol to the 1979 Convention on Long Range Transboundary Air Pollution on Persistent Organic Pollutants (TS 005 (2006) Cm 6757) (dealing with the further reduction of sulphur dioxide emissions) see EC Council Decision 2004/259 (OJ L81, 19.3.2004, p 35).

As to limit values for benzene and carbon monoxide in ambient air see European Parliament and EC Council Directive 2000/69 (OJ L313, 13.12.2000, p 12) (but see European Parliament and EC Council Directive 2008/50 (OJ L152, 11.6.2008, p 1); and note 1), for the purposes of the implementation of which the Air Quality Standards Regulations 2007, SI 2007/64; and the Air Quality Standards (Wales) Regulations 2007, SI 2007/717, were made. As to ozone see European Parliament and EC Council Directive 2002/3 (OJ L67, 9.3.2002, p 14) (but see European Parliament and EC Council Directive 2008/50 (OJ L152, 11.6.2008, p 1); and note 1), for the purposes of the implementation of which the Air Quality Standards Regulations 2007, SI 2007/64, and the Air Quality Standards (Wales) Regulations 2007, SI 2007/717, were made. As to arrangements for the submission of information on plans or programmes required under EC Council Directive 96/62 (OJ L296, 21.11.96, p 55) in relation to limit values for certain pollutants in ambient air see EC Commission Decision 2004/224 (OJ L68, 6.3.2004, p 27).

4 See EC Council Directive 96/62 (OJ L296, 21.11.96, p 55) Annex II (but see European Parliament and EC Council Directive 2008/50 (OJ L152, 11.6.2008, p 1); and note 1).

5 See EC Council Directive 96/62 (OJ L296, 21.11.96, p 55) arts 5, 6 (but see European Parliament and EC Council Directive 2008/50 (OJ L152, 11.6.2008, p 1); and note 1).

6 See EC Council Directive 96/62 (OJ L296, 21.11.96, p 55) arts 7-10 (but see European Parliament and EC Council Directive 2008/50 (OJ L152, 11.6.2008, p 1); and note 1).

7 See EC Council Directive 96/62 (OJ L296, 21.11.96, p 55) art 11 (but see European Parliament and EC Council Directive 2008/50 (OJ L152, 11.6.2008, p 1); and note 1). See also EC Council Decision 97/101 (OJ L35, 5.2.97, p 14) establishing a reciprocal exchange of information and data from networks and individual stations measuring ambient air pollution within the member states.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(iii) Air Pollution and Air Quality/B. FORMS OF AIR POLLUTION/10. Ozone.

B. FORMS OF AIR POLLUTION

10. Ozone.

Particular provision is made for monitoring ozone pollution at ground level, which arises from the interaction of vehicle emissions and sunlight to the detriment of human respiration¹. Member states are required to warn the population when certain thresholds are exceeded².

¹ See European Parliament and EC Council Directive 2002/3 (OJ L67, 9.3.2002, p 14) relating to ozone in ambient air; and as to guidance for the implementation of this Directive see EC Commission Directive 2004/279 (OJ L87, 25.3.2004, p 50). Directive 2002/3 is replaced as from 11 June 2010 by European Parliament and EC Council Directive 2008/50 (OJ L152, 11.6.2008, p 1) on ambient air quality and cleaner air for Europe (see also PARA 9 note 1). As to substances that deplete the ozone layer see European Parliament and EC Council Regulation 2037/2000 (OJ L244, 29.9.2000, p 1) (amended by European Parliament and EC Council Regulation 2038/2000 (OJ L244, 29.9.2000, p 25); European Parliament and EC Council Regulation 1804/2003 (OJ L265, 16.10.2003, p 1); European Parliament and EC Council Regulation 2077/2004 (OJ L359, 4.12.2004, p 28); European Parliament and EC Council Regulation 1084/2003 (OJ L265 16.10.2003 p 1); European Parliament and EC Council Regulation 2077/2004 (OJ L359 4.12.2004 p 28); European Parliament and EC Council Regulation 29/2006 (OJ L6 11.1.2006 p 27); European Parliament and EC Council Regulation 1366/2006 (OJ L264 25.9.2006 p 12); European Parliament and EC Council Regulation 1784/2006 (OJ L337 5.12.2006 p 3); European Parliament and EC Council Regulation 1791/2006 (OJ L363 20.12.2006 p 1) European Parliament and EC Council Regulation 2007/899 (OJ L196, 28.7.2007, p 24)); and European Parliament and EC Council Regulation 2039/2000 (OJ L244, 29.9.2000, p 26). For the purposes of implementation in the United Kingdom the Air Quality Standards Regulations 2007, SI 2007/64, and the Air Quality Standards (Wales) Regulations 2007, SI 2007/717, were made. As to the implementation of Regulation 2037/2000 see also the Environmental Protection (Controls on Ozone-Depleting Substances) Regulations 2002, SI 2002/528 (amended by SI 2008/91); and the Ozone-Depleting Substances (Qualifications) Regulations 2009, SI 2009/216. See also PARA 190. As to the meaning of 'United Kingdom' see PARA 1 note 2.

For an important case on the ozone regulations generally and the precautionary principle see Case C-341/95: *Bettati v Safety Hi-Tech Srl* [1998] ECR I-4355, ECJ.

² See European Parliament and EC Council Directive 2002/3 (OJ L67, 9.3.2002, p 14) art 6. See note 1.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(iii) Air Pollution and Air Quality/B. FORMS OF AIR POLLUTION/11. Industrial installations.

11. Industrial installations.

There is European Union legislation which aims to combat air pollution from industrial plants¹. Member states are required to ensure that there is prior authorisation for plants used in the energy industry, the production and processing of metals, the manufacture of non-metallic mineral products, the chemical industry, the waste disposal industry and the manufacture of paper-pulp². If necessary, emission limit values may be fixed based on the best available technology not entailing excessive costs³. These provisions are to be replaced by those contained in the integrated pollution and prevention control legislation⁴.

1 See EEC Council Directive 84/360 (OJ L188, 16.7.94, p 20) on the combating of air pollution from industrial plants (amended by EEC Council Directive 91/692 (OJ L377, 31.12.91, p 48)), which is the main framework Directive and has generated various Directives which set emission limit values: see eg EEC Council Directive 87/217 (OJ L85, 28.3.87, p 40) on the prevention and reduction of environmental pollution by asbestos (amended by EEC Council Directive 91/692 (OJ L377, 31.12.91, p 48)); and European Parliament and EC Council Directive 2000/76 (OJ L332, 28.12.2000, p 91) on the incineration of waste. As to large combustion plants see further PARA 13. As to asbestos see further PARA 47. As to waste incineration see PARAS 40-41. See also European Parliament and EC Council Directive 2008/1 (OJ L24, 29.1.2008, p 8); and note 4.

See also European Parliament and EC Council Directive 2001/80 (OJ L309, 27.11.2001, p 1) on the limitation of emissions of certain pollutants into the air from large combustion plants (for the purposes of implementation in the United Kingdom the Large Combustion Plants (England and Wales) Regulations 2002, SI 2002/2688 (revoked) (see now the Environmental Permitting (England and Wales) Regulations 2007, SI 2007/3538; and PARA 662 et seq) were made); and European Parliament and EC Council Directive 2001/81 (OJ L309, 27.11.2001, p 22) on national emission ceilings for certain atmospheric pollutants (for the purposes of implementation in the United Kingdom the National Emission Ceilings Regulations 2002, SI 2002/3118, have been made). As to the meaning of 'United Kingdom' see PARA 1 note 2. See also the Pollution Prevention and Control (Designation of Directives) (England and Wales) Order 2007, SI 2007/2247, Pollution Prevention and Control (Designation of Directives) (England and Wales) Order 2008, SI 2008/2549, Pollution Prevention and Control (Designation of Directives) (England and Wales) Order 2009, SI 2009/1517 (these three revoked: see now the Pollution Prevention and Control (Designation of Directives) (England and Wales) Order 2010, SI 2010/75; and PARA 187); and the Large Combustion Plants (National Emission Reduction Plan) Regulations 2007, SI 2007/2325 (see PARA 186).

See Case C-364/03: *EC Commission v Greece* [2005] ECR I-6159, [2006] Env LR 9, ECJ.

2 See EEC Council Directive 84/360 (OJ L188, 16.7.94, p 20) art 3, Annex I. See also European Parliament and EC Council Directive 2008/1 (OJ L24, 29.1.2008, p 8); and note 4.

3 See EEC Council Directive 84/360 (OJ L188, 16.7.94, p 20) art 8. See also European Parliament and EC Council Directive 2008/1 (OJ L24, 29.1.2008, p 8); and note 4.

4 Ie European Parliament and EC Council Directive 2008/1 (OJ L24, 29.1.2008, p 8) concerning integrated pollution prevention and control (Codified version) replacing EC Council Directive 96/61 (OJ L257, 10.10.96, p 26) concerning integrated pollution prevention and control: see PARA 6.

UPDATE

11 Industrial installations

NOTE 1--SI 2007/2247, SI 2008/2549, SI 2009/1517 replaced: Pollution Prevention and Control (Designation of Directives) (England and Wales) Order 2010, SI 2010/75.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(iii) Air Pollution and Air Quality/B. FORMS OF AIR POLLUTION/12. Volatile organic compounds.

12. Volatile organic compounds.

Measures and procedures are provided for preventing or reducing the direct and indirect effects of emissions of volatile organic compounds into the environment and the potential risks to human health¹. There is provision for national plans², emission limit values and a reduction scheme³. The exchange of information on the use of organic substances and their potential substitutes is required⁴. There are also provisions relating to monitoring and compliance⁵.

1 See EC Council Directive 99/13 (OJ L85, 29.3.99, p 1) on the limitation of emissions of volatile organic compounds due to the use of organic solvents in certain activities and installations (amended by European Parliament and EC Council Directive 2004/42 (OJ L143, 30.4.2004, p 87)). The provisions apply to the activities listed in EC Council Directive 99/13 (OJ L85, 29.3.99, p 1) Annex I, when operated above the thresholds set out in Annex IIA. See also EC Commission Decision 2002/529 (OJ L172, 2.17.2002, p 57) concerning a questionnaire for member states' reports on the implementation of EC Council Directive 99/13.

See the Pollution Prevention and Control (Designation of Directives) (England and Wales) Order 2010, SI 2010/75; the Environmental Permitting (England and Wales) Regulations 2007, SI 2007/3538; and PARAS 187, 662 et seq. See also Case C-332/02: *EC Commission v United Kingdom* [2003] ECR I-14431, [2004] All ER (D) 07 (Jan), ECJ.

2 See EC Council Directive 99/13 (OJ L85, 29.3.99, p 1) art 6.

3 See EC Council Directive 99/13 (OJ L85, 29.3.99, p 1) art 5, Annexes IIA, IIB.

4 See EC Council Directive 99/13 (OJ L85, 29.3.99, p 1) art 7. As to the giving of information see also arts 11, 12.

5 See EC Council Directive 99/13 (OJ L85, 29.3.99, p 1) arts 8, 9, 10.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(iii) Air Pollution and Air Quality/B. FORMS OF AIR POLLUTION/13. Power generation.

13. Power generation.

There is European Union legislation limiting emissions of nitrogen oxides, sulphur dioxide and dust from large combustion-driven power plants¹. Under this legislation, there is to be progressive reduction of total annual emissions from existing plants² and new plants must comply with emission limit values³.

1 See European Parliament and EC Council Directive 2001/80 (OJ L309, 27.11.2001, p 1) on the limitation of emissions of certain pollutants into the air from large combustion plants. For the purposes of implementation of the predecessor Directive in the United Kingdom the Environmental Protection Act 1990 Pt I (ss 1-28) (prospectively repealed), and the Pollution Prevention and Control Act 1999 were passed: see PARA 158 et seq. As to the meaning of 'United Kingdom' see PARA 1 note 2.

See Case C-364/03: *EC Commission v Greece* [2005] ECR I-6159, [2006] Env LR 9, ECJ.

2 See European Parliament and EC Council Directive 2001/80 (OJ L309, 27.11.2001, p 1) art 3.

3 See European Parliament and EC Council Directive 2001/80 (OJ L309, 27.11.2001, p 1) art 4.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(iii) Air Pollution and Air Quality/B. FORMS OF AIR POLLUTION/14. Vehicles.

14. Vehicles.

European Union legislation requires measures to be taken against air pollution by gases from the engines of motor vehicles¹. There are provisions for type approval and test specifications, and member states may not refuse to grant approval or prohibit the sale or entry into service of any vehicle on grounds relating to emissions if it complies with these provisions².

There are also specific provisions controlling the emission of gases from vehicles propelled by diesel engines³.

1 See EEC Council Directive 70/220 (OJ L76, 6.4.70, p 1) on the approximation of the laws of the member states relating to measures to be taken against air pollution by gases from positive-ignition engines of motor vehicles (amended by EEC Commission Directive 78/665 (OJ L223, 14.8.78, p 48); EEC Council Directive 83/351 (OJ L197, 20.7.83, p 1); EEC Council Directive 88/76 (OJ L36, 9.2.88, p 1); EEC Council Directive 88/436 (OJ L214, 6.8.88, p 1); EEC Commission Directive 89/491 (OJ L238, 15.8.89, p 43); EEC Council Directive 91/441 (OJ L242, 30.8.91, p 1); EC Council Directive 93/59 (OJ L186, 28.7.93, p 21); EC Council Directive 94/12 (OJ L100, 19.4.94, p 42); EC Council Directive 96/44 (OJ L210, 20.8.96, p 25); EC Council Directive 96/69 (OJ L282, 1.11.96, p 64); European Parliament and EC Council Directive 98/69 (OJ L350, 28.12.98, p 1); EC Commission Directive 98/77 (OJ L286, 23.10.98, p 34); EC Commission Directive 99/102 (OJ L334, 28.12.99, p 43); European Parliament and EC Council Directive 2001/1 (OJ L35, 6.2.2001, p 34); European Parliament and EC Council Directive 2001/100 (OJ L16, 18.1.2002); EC Commission Directive 2002/80 (OJ L291, 28.10.2002, p 20); and EC Commission Directive 2003/76 (OJ L206, 15.8.2003, p 29)). Directive 70/220 (and all listed amending Directives) is repealed and replaced with effect from 2 January 2013 by EC Council Regulation 715/2007 (OJ L171, 29.6.2007, p 1) on type approval of motor vehicles with respect to emissions from light passenger and commercial vehicles (Euro 5 and Euro 6) and on access to vehicle repair and maintenance information. The Regulation establishes common technical requirements for type approval of motor vehicles, and replacement parts with regard to their emissions. It also lays down rules for in-service conformity, durability of pollution control devices, on-board diagnostic systems, measurement of fuel consumption and accessibility of vehicle repair and maintenance information. Whilst the Regulation lays down fundamental provisions on vehicle emissions, the technical specifications are to be laid down by individual implementing measures.

As to the availability of consumer information on fuel economy and CO² emissions in respect of the marketing of passenger cars see European Parliament and EC Council Directive 1999/94 (OJ L12, 18.1.2000, p 16). As to the establishment of a scheme to monitor the average specific emissions of CO² from new passenger cars see European Parliament and EC Council Decision 1753/2000 (OJ L202, 10.8.2000, p 1).

For the purposes of implementation in the United Kingdom the Motor Vehicles (Type Approval) Regulations 1980, SI 1980/1182, the Road Vehicles (Construction and Use) Regulations 1986, SI 1986/1078, the Motor Fuels (Composition and Content) Regulations 1999, SI 1999/3107, and the Road Vehicles (Approval) Regulations 2009, SI 2009/717 were made: see **ROAD TRAFFIC**. As to the meaning of 'United Kingdom' see PARA 1 note 2. See also the Motor Vehicles (Replacement of Catalytic Converters and Pollution Control Devices) Regulations 2009, SI 2009/1899; and **ROAD TRAFFIC**.

2 See EEC Council Directive 70/220 (OJ L76, 6.4.70, p 1) art 2. See EC Council Regulation 715/2007 (OJ L171, 29.6.2007, p 1); and note 1.

3 See eg EEC Council Directive 88/77 (OJ L36, 9.2.88, p 33) on the approximation of the laws of the member states relating to the measures to be taken against the emission of gaseous pollutants from diesel engines for use in vehicles (amended by EEC Council Directive 91/542 (OJ L295, 25.10.91, p 1); European Parliament and EC Council Directive 96/1 (OJ L40, 17.2.96, p 1); European Parliament and EC Council Directive 99/96 (OJ L44, 16.2.2000, p 1); and EC Commission Directive 2001/27 (OJ L107, 18.4.2001, p 10)); and see European Parliament and EC Council Directive 2005/55 (OJ L275, 20.10.2005, p 1) on the approximation of the laws of the member states relating to the measures to be taken against the emission of gaseous and particulate pollutants from compression-ignition engines for use in vehicles, and the emission of gaseous pollutants from positive-ignition engines fuelled with natural gas or liquefied petroleum gas for use in vehicles (implemented by EC Commission Directive 2005/78 (OJ L313, 29.2005, p 1). See also EEC Council Directive 72/306 (OJ L190, 20.8.72, p 1) on the approximation of the laws of the member states relating to the measures to be taken against the

emission of pollutants from diesel engines for use in vehicles (amended by EEC Commission Directive 89/491 (OJ L238, 15.8.89, p 43); EC Commission Directive 97/20 (OJ L125, 16.5.97, p 21); and EC Commission Directive 2003/21 (OJ L61, 8.3.2005, p 25)). Directive 2005/55 is amended (with effect from 3 January 2009) to cover all heavy duty vehicles: see EC Council Regulation 715/2007 (OJ L171, 29.6.2007, p 1) art 16.2. Directive 72/306 is repealed and replaced with effect from 2 January 2013 by EC Council Regulation 715/2007 (OJ L171, 29.6.2007, p 1): see note 1.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(iv) Climate Change and Energy Conservation/15. Greenhouse gas emissions and climate change.

(iv) Climate Change and Energy Conservation

15. Greenhouse gas emissions and climate change.

European Union legislation¹ establishes a mechanism for monitoring anthropogenic greenhouse gas emissions². Member states are required to devise, publish and implement national programmes for limiting or reducing such emissions³ and must keep an inventory and report data to the European Commission⁴. The national programmes are subject to evaluation⁵. EU legislation⁶ also establishes a scheme for greenhouse gas emission allowance trading within the Community⁷.

1 Ie EEC Council Decision 93/389 (OJ L167, 9.7.93, p 31) for a monitoring mechanism of Community CO² and other greenhouse gas emissions (amended by EC Council Decision 99/296 (OJ L117, 5.5.99, p 35)), which gives effect to obligations of the European Union under the United Nations Framework Convention on Climate Change (Rio de Janeiro, 5 June 1992; Misc 5 (1993); Cm 2137) and the Kyoto Protocol (Kyoto, 11 December 1997; TS 006 (2005) Cm 6485) (see PARA 5). See also EC Council Decision 2002/358 (OJ L130, 15.5.2002, p 1) concerning the approval on behalf of the European Community of the Kyoto Protocol to the United Nations Framework Convention on Climate Change and the joint fulfilment of commitments thereunder.

2 See EEC Council Decision 93/389 (OJ L167, 9.7.93, p 31) art 1 (as amended: see note 1). As to the procedure for the approval and adoption of measures see art 8.

3 See EEC Council Decision 93/389 (OJ L167, 9.7.93, p 31) art 2 (as amended: see note 1).

4 See EEC Council Decision 93/389 (OJ L167, 9.7.93, p 31) art 3 (as amended: see note 1).

5 See EEC Council Decision 93/389 (OJ L167, 9.7.93, p 31) arts 4, 5, 6 (as amended: see note 1).

6 Ie European Parliament and EC Council Directive 2003/87 (OJ L275, 25.10.2003, p 32) establishing a scheme for greenhouse gas emission allowance trading within the European Community (amended by European Parliament and EC Council Directive 2004/101 (OJ L338, 13.11.2004, p 18); European Parliament and EC Council Directive 2008/101 (OJ L8, 13.1.2009, p 3); and European Parliament and EC Council Directive 2009/29 (OJ L140, 5.6.2009, p 63)). See also EC Commission Regulation 2216/2004 (OJ L386, 29.12.2004, p 1) for a standardised and secured system of registries pursuant to Directive 2003/87 and Decision 280/2004 (amended by EC Commission Regulation 916/2007 (OJ L200, 1.8.2007, p 5); and EC Commission Regulation 994/2008 (OJ L271, 11.10.2008, p 3); and EC Commission Decision 2004/156 (OJ L59, 26.2.2004, p 1) establishing guidelines for the monitoring and reporting of greenhouse gas emissions pursuant to Directive 2003/87. Note that Regulation 2216/2004 is replaced as from 1 January 2012 by EC Commission Regulation 994/2008 (OJ L271, 11.10.2008, p 3) for a standardised system of registries pursuant to Directive 2003/87 and Decision 280/2004. Decision 2004/156 is replaced by EC Commission Decision 2007/589 (OJ L229, 31.8.2007, p 1) establishing guidelines for the monitoring and reporting of greenhouse gas emissions pursuant to Directive 2003/87. For the purposes of implementation in the United Kingdom of Directive 2003/87 the Greenhouse Gas Emissions Trading Scheme Regulations 2005, SI 2005/925, were made: see PARA 260 (see also PARA 186). As to the meaning of 'United Kingdom' see PARA 1 note 2. See also the Fluorinated Greenhouse Gases Regulations 2009, SI 2009/261, which were made for the purposes of implementing European Parliament and EC Council Regulation 842/2006 (OJ L161, 14.6.2006, p 1) on certain fluorinated greenhouse gases. See also PARA 260.

7 Charges may be imposed for carbon emission by the allocation of carbon reduction trading scheme allowances in return for payment: see the Finance Act 2008 s 21; and PARA 261. See also PARAS 186, 260. As to the Climate Change Act 2008 see PARA 259 et seq.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(iv) Climate Change and Energy Conservation/16. Energy efficiency generally.

16. Energy efficiency generally.

There is European Union legislation¹ aimed at enhancing the cost-effective improvement of energy end-use efficiency in the member states by (1) providing the necessary indicative targets as well as mechanisms, incentives and institutional, financial and legal frameworks to remove existing market barriers and imperfections that impede the efficient end use of energy; (2) creating the conditions for the development and promotion of a market for energy services and for the delivery of other energy efficiency improvement measures to final consumers². The relevant Directive covers such matters as saving targets³ and the promotion of energy end-use efficiency and energy services⁴.

There is also EU legislation⁵ which aims to enable the harmonisation of national measures on the publication, particularly by means of labelling and of product information, of information on the consumption of energy and other essential resources, and additional information concerning certain types of household appliances, thereby allowing consumers to choose more energy-efficient appliances⁶. The provisions apply to the following types of household appliances, even where these are sold for non-household uses: refrigerators, freezers and their combinations⁷; washing machines, driers and their combinations⁸; dishwashers⁹; ovens¹⁰; water heaters and hot-water storage appliances¹¹; lighting sources¹²; and air-conditioning appliances¹³. Procedures exist for the addition of further categories of appliance¹⁴.

1 The European Parliament and EC Council Directive 2006/32 (OJ L114, 27.4.2006, p 64) on energy end-use efficiency and energy services and repealing EEC Council Directive 93/76 (OJ L237, 22.9.93, p 28) limiting carbon dioxide emissions by improving energy efficiency. See also PARA 19. For the purposes of implementation in the United Kingdom the Building Regulations 2000, SI 2000/2531, were made: see **BUILDING** vol 4(2) (2002 Reissue) PARA 309. See also European Parliament and EC Council Directive 2002/91 (OJ L1, 4.1.2003, p 65) on the energy performance of buildings. See the Sustainable and Secure Buildings Act 2004; and **BUILDING**. See also the Energy Performance of Buildings (Certificates and Inspections) (England and Wales) Regulations 2007, SI 2007/991 (amended by SI 2007/1669, SI 2007/3302, SI 2008/647; and SI 2009/1900); and **BUILDING**. As to the meaning of 'United Kingdom' see PARA 1 note 2.

As to the possible overlap between the area of energy efficiency and eco-labelling (see PARA 56) in the context of the 'energy star agreement' see Case C-281/01: *EC Commission v EU Council* [2002] ECR I-12049, [2003] 1 CMLR 517, [2002] All ER (D) 160 (Dec).

2 See European Parliament and EC Council Directive 2006/32 (OJ L114, 27.4.2006, p 64) art 1.

3 See European Parliament and EC Council Directive 2006/32 (OJ L114, 27.4.2006, p 64) arts 4, 5.

4 See European Parliament and EC Council Directive 2006/32 (OJ L114, 27.4.2006, p 64) arts 6-13.

5 The EEC Council Directive 92/75 (OJ L297, 13.10.92, p 16) on the indication by labelling and standard product information of the consumption of energy and other resources by household appliances. The Directive is a framework Directive which requires implementing Directives to be adopted. See generally **FUEL AND ENERGY** vol 19(2) (2007 Reissue) PARA 1147; **SALE OF GOODS AND SUPPLY OF SERVICES** vol 41 (2005 Reissue) PARAS 393, 781 et seq.

6 See EEC Council Directive 92/75 (OJ L297, 13.10.92, p 16) art 1.

7 EEC Council Directive 92/75 (OJ L297, 13.10.92, p 16) art 1. The framework Directive is implemented with respect to refrigerators, freezers and their combinations by EEC Commission Directive 94/2 (OJ L45, 17.2.94, p 1) (amended by EC Commission Directive 2003/66 (OJ L170, 9.7.2002, p 10)) with regard to energy labelling of household electric refrigerators, freezers and their combinations.

8 EEC Council Directive 92/75 (OJ L297, 13.10.92, p 16) art 1. The framework Directive is implemented with respect to washing machines by EEC Commission Directive 95/12 (OJ L136, 21.6.95, p 1) (amended by EC Commission Directive 96/89 (OJ L338, 28.12.96) p 85)). The framework Directive is implemented with respect to tumble driers by EC Commission Directive 95/13 (OJ L136, 21.6.95, p 28). The framework Directive is implemented with respect to washer driers by EC Commission Directive 96/60 (OJ L266, 18.10.96, p 1).

9 EEC Council Directive 92/75 (OJ L297, 13.10.92, p 16) art 1. The framework Directive is implemented with respect to dishwashers by EC Commission Directive 97/17 (OJ L118, 7.5.97, p 1) (amended by EC Commission Directive 99/9 (OJ L56, 4.3.99, p 46)).

10 EEC Council Directive 92/75 (OJ L297, 13.10.92, p 16) art 1.

11 EEC Council Directive 92/75 (OJ L297, 13.10.92, p 16) art 1.

12 EEC Council Directive 92/75 (OJ L297, 13.10.92, p 16) art 1. The framework Directive is implemented with respect to household lamps by EC Commission Directive 98/11 (OJ L71, 10.3.98, p 1).

13 See EEC Council Directive 92/75 (OJ L297, 13.10.92, p 16) art 1.

14 See EEC Council Directive 92/75 (OJ L297, 13.10.92, p 16) art 1.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(iv) Climate Change and Energy Conservation/17. Alternative energy sources.

17. Alternative energy sources.

A further measure which contributes to the reduction of greenhouse gas emissions is the promotion of renewable energy sources, such as energy from wind, wave, solar and renewable biomass sources which contribute little or no greenhouse gases to the atmosphere. The 'Altener' programme was established in 1993¹ and has now been replaced by 'Altener II', which is a multinational programme of measures and actions to promote the use of renewable energy sources².

There is also legislation on the promotion of electricity produced from renewable energy sources³.

1 See EEC Council Decision 93/500 (OJ L235, 18.9.93, p 1) concerning the promotion of renewable energy sources in the Community (Altener programme).

2 See EC Council Decision 98/352 (OJ L159, 3.6.98, p 53) concerning a multinational programme for the promotion of renewable energy sources in the Community (Altener II programme).

3 See European Parliament and EC Council Directive 2001/77 (OJ L283, 27.10.2001, p 33) on the promotion of electricity produced from renewable energy sources in the internal electricity market. For the purposes of the partial implementation of this Directive in the United Kingdom the Renewables Obligation Order 2009, SI 2009/785, was made: see **FUEL AND ENERGY** vol 19(2) (2007 Reissue) PARA 1219 et seq. As to the meaning of 'United Kingdom' see PARA 1 note 2.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(v) Environmental Energy Efficiency/18. Introduction.

(v) Environmental Energy Efficiency

18. Introduction.

The principal European Union Directives currently in force to control emissions into the atmosphere of waste products from generating stations burning fossil fuels are:

- 1 (1) the Air Framework Directive which requires measures to be taken to prevent or reduce air pollution from industrial plants within the Community including thermal (but not nuclear) generating stations having a nominal heat output of greater than 50 megawatts¹;
- 2 (2) the Large Combustion Plants Directive which applies to combustion plants, the rated thermal input of which is equal to or greater than 50 megawatts, irrespective of whether they use solid, liquid or gaseous fuels, and requires member states to achieve significant emission reductions by 1 January 2008 at the latest².

These provisions are, however, to be replaced by those contained in the Integrated Pollution and Prevention Control Directive³.

Related to pollution is EU legislation for the control of the production, use, treatment and disposal of waste substances which may have harmful environmental effects⁴. Particular provision is made with regard to the transfrontier shipment of radioactive waste⁵ and with regard to the disposal of waste electrical and electronic equipment⁶. There are also restrictions on the use of certain hazardous substances in electrical and electronic equipment⁷.

The Environmental Impact Directive introduced a system for prior assessment by the member states of the possible effects of public and private projects on the environment; such projects include thermal power stations and other combustion installations with a heat output of 300 megawatts or more and nuclear generating stations and no application to construct or extend such an installation may be approved unless certain environmental information, including an environmental statement describing the likely effects of the development on the environment, has been considered⁸.

Directives such as the Habitats Directive⁹ and the Wild Birds Directive¹⁰ and the regulations which implement them in domestic law ensure that consideration is given to the protection of the natural environment¹¹.

1 See EEC Council Directive 84/360 (OJ L188, 16.7.84, p 20) on the combating of air pollution from industrial plants, which is the main framework Directive and has generated various Directives which set emission limit values; and PARA 11.

2 See European Parliament and EC Council Directive 2001/80 (OJ L309, 27.11.2001, p 1) on the limitation of emissions of certain pollutants into the air from large combustion plants; and PARA 11.

3 See European Parliament and EC Council Directive 2008/1 (OJ L24, 29.1.2008, p 8) concerning integrated pollution prevention and control (Codified version) replacing EC Council Directive 96/61 (OJ L257, 10.10.96, p 26) concerning integrated pollution prevention and control: see PARA 6.

4 The relevant Directives are discussed in PARA 33 et seq.

5 See Euratom Council Directive 2006/117 (OJ L337 5.12.2006 p 21) on the supervision and control of shipments of radioactive waste and spent fuel, which repeals and replaces Euratom Council Directive 92/3 (OJ L35, 12.2.92, p 24) on the supervision and control of shipments of radioactive waste between member states and into and out of the Community; see PARA 51; and see also **FUEL AND ENERGY** vol 19(3) (2007 Reissue) PARA 1477. For the purpose of implementing Euratom Council Directive 2006/117 in the United Kingdom the Transfrontier Shipment of Radioactive Waste and Spent Fuel Regulation 2008, SI 2008/3087, were made. As to the European Atomic Energy Community ('Euratom') see **FUEL AND ENERGY** vol 19(3) (2007 Reissue) PARA 1337 et seq. See also Euratom Council Regulation 1493/93 (OJ L148, 19.6.93, p 1) on shipments of radioactive substances between member states.

6 See European Parliament and EC Council Directive 2002/96 (OJ L37, 13.2.2003, p 24) on waste electrical and electronic equipment (amended by European Parliament and EC Council Directive 2003/108 (OJ L345, 31.12.2003, p 106); European Parliament and EC Council Directive 2008/34 (OJ L81, 20.3.2008, p 65); and European Parliament and EC Council Directive 2008/112 (OJ L345, 23.12.2008, p 68)), for the purposes of the implementation of which the Waste Electrical and Electronic Equipment Regulations 2006, SI 2006/3289, were made: see PARA 33.

7 See European Parliament and EC Council Directive 2002/95 (OJ L37, 13.3.2003, p 19) on the restriction of the use of certain hazardous substances in electrical and electronic equipment (amended by European Parliament and EC Council Directive 2008/35 (OJ L81, 20.3.2008, p 67), for the purposes of the implementation of which the Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment Regulations 2008, SI 2008/37 (amended by SI 2009/581) were made: see PARA 33.

8 See EEC Council Directive 85/337 (OJ L175, 5.7.85, p 40) on the assessment of the effects of certain public and private projects on the environment (amended by EC Council Directive 97/11 (OJ L73, 14.3.1997, p 5); European Parliament and EC Council Directive 2003/35 (OJ L156, 25.6.2003, p 17); and European Parliament and EC Council Directive 2009/31 (OJ L140, 5.6.2009, p 14); and **TOWN AND COUNTRY PLANNING** vol 46(1) (Reissue) PARA 10. This is now supplemented by the Strategic Environmental Assessment Directive (European Parliament and EC Council Directive 2001/42 (OJ L197, 21.07.2001, p 30) on the assessment of the effects of certain plans and programmes on the environment) which introduces a system of prior environmental assessment at the planning stage: see **TOWN AND COUNTRY PLANNING** vol 46(1) (Reissue) PARA 10.

For the purposes of implementing the Environmental Impact Directive, the Town and Country Planning (Environmental Impact Assessment) (England and Wales) Regulations 1999, SI 1999/293, were made (see **TOWN AND COUNTRY PLANNING** vol 46(1) (Reissue) PARA 488 et seq); and in relation to (1) proposed pipeline works by a gas transporter, the Gas Transporter Pipeline Works (Environmental Impact Assessment) Regulations 1999, SI 1999/1672, were made (see PARA 577); (2) certain electricity works, the Electricity Works (Environmental Impact Assessment) (England and Wales) Regulations 2000, SI 2000/1927, were made (see PARA 579); (3) the decommissioning of nuclear reactors, the Nuclear Reactors (Environmental Impact Assessment for Decommissioning) Regulations 1999, SI 1999/2892, were made (see PARA 580); and (4) certain operations connected with petroleum production and submarine pipelines, the Offshore Petroleum Production and Pipelines (Assessment of Environmental Effects) Regulations 1999, SI 1999/360, were made (see PARA 581).

9 Ie EEC Council Directive 92/43 (OJ L206, 22.07.92, p 7) on the conservation of natural habitats and wild fauna and flora (amended by EEC Council Directive 97/62 (OJ L305, 8.11.97, p 42)): see **OPEN SPACES AND COUNTRYSIDE** vol 78 (2010) PARA 728; **WATER AND WATERWAYS** vol 101 (2009) PARA 679. See also PARA 23.

10 Ie EEC Council Directive 79/409 (OJ L103, 25.04.79, p 1) on the conservation of wild birds (amended by EEC Council Directive 94/24 (OJ L164, 30.6.94, p 9); and European Parliament and EC Council Directive 2008/12 (OJ L323, 3.12.2008, p 31)): see **ANIMALS** vol 2 (2008) PARAS 994, 1006; **OPEN SPACES AND COUNTRYSIDE** vol 78 (2010) PARA 728.

11 See eg the Offshore Petroleum Activities (Conservation of Habitats) Regulations 2001, SI 2001/1754 (see PARAS 582-584, 618); and the Offshore Marine Conservation (Natural Habitats, etc) Regulations 2007, SI 2007/1842 (see PARA 619).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(v) Environmental Energy Efficiency/19. Energy end-use efficiency and energy services.

19. Energy end-use efficiency and energy services.

The European Union Directive on energy end-use efficiency and energy services¹, which repeals an earlier energy efficiency Directive², has as its purpose the enhancement of the cost-effective improvement of energy end-use efficiency³ in the member states by:

- 3 (1) providing the necessary indicative targets as well as mechanisms, incentives and institutional, financial and legal frameworks to remove existing market barriers and imperfections that impede the efficient end use of energy;
- 4 (2) creating the conditions for the development and promotion of a market for energy services⁴ and for the delivery of other energy efficiency improvement measures to final consumers⁵.

The Directive requires member states to set energy savings targets⁶ and to promote energy end-use efficiency and energy services⁷. In particular, member states must ensure that, in so far as it is technically possible, financially reasonable and proportionate in relation to the potential energy savings, final customers for electricity, natural gas, district heating and/or cooling and domestic hot water are provided with competitively priced individual meters that accurately reflect the final customer's⁸ actual energy consumption and that provide information on actual time of use. When an existing meter is replaced, such competitively priced individual meters must always be provided, unless this is technically impossible or not cost-effective in relation to the estimated potential savings in the long term. When a new connection is made in a new building or a building undergoes major renovations⁹, such competitively priced individual meters must always be provided¹⁰. Member states must ensure that, where appropriate, billing performed by energy distributors¹¹, distribution system operators¹² and retail energy sales companies¹³ is based on actual energy consumption, and is presented in clear and understandable terms. Appropriate information must be made available with the bill to provide final customers with a comprehensive account of current energy costs; and billing on the basis of actual consumption must be performed frequently enough to enable customers to regulate their own energy consumption¹⁴. Member states must also ensure that, where appropriate, the following information is made available to final customers in clear and understandable terms by energy distributors, distribution system operators or retail energy sales companies in or with their bills, contracts, transactions, and/or receipts at distribution stations:

- 5 (a) current actual prices and actual consumption of energy;
- 6 (b) comparisons of the final customer's current energy consumption with consumption for the same period in the previous year, preferably in graphic form;
- 7 (c) wherever possible and useful, comparisons with an average normalised or benchmarked user of energy in the same user category;
- 8 (d) contact information for consumers' organisations, energy agencies or similar bodies, including website addresses, from which information may be obtained on available energy efficiency improvement measures, comparative end-user profiles and/or objective technical specifications for energy-using equipment¹⁵.

Member states must bring into force the laws, regulations and administrative provisions necessary to comply with the Directive not later than 17 May 2008¹⁶.

- 1 le European Parliament and EC Council Directive 2006/32 (OJ L114, 27.4.2006, p 64) on energy end-use efficiency and energy services.
- 2 le EEC Council Directive 93/76 (OJ L237, 22.9.93, p 28) to limit carbon dioxide emissions by improving energy efficiency.
- 3 For these purposes, 'energy efficiency' means a ratio between an output of performance, service, goods or energy, and an input of energy; 'energy efficiency improvement' means an increase in energy end-use efficiency as a result of technological, behavioural and/or economic changes; and 'energy' means all forms of commercially available energy, including electricity, natural gas (including liquefied natural gas), liquefied petroleum gas, any fuel for heating and cooling (including district heating and cooling), coal and lignite, peat, transport fuels (excluding aviation and maritime bunker fuels) and biomass as defined in European Parliament and EC Council Directive 2001/77 (OJ L283, 27.10.2001, p 33) on the promotion of electricity produced from renewable energy sources in the internal electricity market (see PARA 20); European Parliament and EC Council Directive 2006/32 (OJ L114, 27.4.2006, p 64) art 3(a)-(c).
- 4 'Energy service' means the physical benefit, utility or good derived from a combination of energy with energy efficient technology and/or with action, which may include the operations, maintenance and control necessary to deliver the service, which is delivered on the basis of a contract and in normal circumstances has proven to lead to verifiable and measurable or estimable energy efficiency improvement and/or primary energy savings (European Parliament and EC Council Directive 2006/32 (OJ L114, 27.4.2006, p 64) art 3(e)); and 'energy savings' means an amount of saved energy determined by measuring and/or estimating consumption before and after implementation of one or more energy efficiency improvement measures, whilst ensuring normalisation for external conditions that affect energy consumption (art 3(d)). 'Energy efficiency improvement measures' means all actions that normally lead to verifiable and measurable or estimable energy efficiency improvement: art 3(h).
- 5 See European Parliament and EC Council Directive 2006/32 (OJ L114, 27.4.2006, p 64) art 1.
- 6 See European Parliament and EC Council Directive 2006/32 (OJ L114, 27.4.2006, p 64) arts 4-5.
- 7 See European Parliament and EC Council Directive 2006/32 (OJ L114, 27.4.2006, p 64) arts 6-13.
- 8 'Final customer' means a natural or legal person that purchases energy for his own end use: European Parliament and EC Council Directive 2006/32 (OJ L114, 27.4.2006, p 64) art 3(n).
- 9 le as set out in European Parliament and EC Council Directive 2002/91 (OJ L1, 4.1.2003, p 65) on the energy performance of buildings. As to that Directive see also PARA 16; and for the purposes of the implementation of which in the United Kingdom the Building Regulations 2000, SI 2000/2531, and the Energy Performance of Buildings (Certificates and Inspections) (England and Wales) Regulations 2007, SI 2007/991, were made: see **BUILDING**.
- 10 European Parliament and EC Council Directive 2006/32 (OJ L114, 27.4.2006, p 64) art 13(1).
- 11 For these purposes, 'energy distributor' means a natural or legal person responsible for transporting energy with a view to its delivery to final customers and to distribution stations that sell energy to final customers. This definition excludes electricity and natural gas distribution system operators, as to which see note 12: see European Parliament and EC Council Directive 2006/32 (OJ L114, 27.4.2006, p 64) art 3(o).
- 12 For these purposes, 'distribution system operator' means a natural or legal person responsible for operating, ensuring the maintenance of and, if necessary, developing the distribution system of electricity or natural gas in a given area and, where applicable, its interconnections with other systems, and for ensuring the long term ability of the system to meet reasonable demands for the distribution of electricity or natural gas: European Parliament and EC Council Directive 2006/32 (OJ L114, 27.4.2006, p 64) art 3(p).
- 13 For these purposes, 'retail energy sales company' means a natural or legal person that sells energy to final customers: European Parliament and EC Council Directive 2006/32 (OJ L114, 27.4.2006, p 64) art 3(q).
- 14 European Parliament and EC Council Directive 2006/32 (OJ L114, 27.4.2006, p 64) art 13(2).
- 15 European Parliament and EC Council Directive 2006/32 (OJ L114, 27.4.2006, p 64) art 13(3).
- 16 See European Parliament and EC Council Directive 2006/32 (OJ L114, 27.4.2006, p 64) art 18(1).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(v) Environmental Energy Efficiency/20. Promotion of electricity produced from renewable sources.

20. Promotion of electricity produced from renewable sources.

There is European Union legislation¹ aimed at promoting an increase in the contribution of renewable energy sources to electricity production in the internal market for electricity² and creating a basis for a future Community framework in that regard³. Not later than 27 October 2002 and every five years thereafter, member states must adopt and publish a report setting national indicative targets for future consumption of electricity⁴ produced from renewable energy sources⁵ in terms of a percentage of electricity consumption for the next ten years⁶. They must take appropriate steps, in proportion to the objective to be attained, to encourage greater consumption of electricity produced from renewable energy sources in conformity with those national indicative targets⁷. Every two years they must publish a report which includes an analysis of success in meeting the national indicative targets taking account, in particular, of climatic factors likely to affect the achievement of those targets and which indicates to what extent the measures taken are consistent with the national climate change commitment⁸.

Member states must ensure that the origin of electricity produced from renewable energy sources can be guaranteed as such according to objective, transparent and non-discriminatory criteria laid down by each member state, and that a guarantee of origin is issued to this effect in response to a request⁹. They may designate one or more competent bodies, independent of generation and distribution activities, to supervise the issue of such guarantees of origin¹⁰. A guarantee of origin must:

- 9 (1) specify the energy source from which the electricity was produced, specifying the dates and places of production, and in the case of hydro-electric installations, indicate the capacity;
- 10 (2) serve to enable producers of electricity from renewable energy sources to demonstrate that the electricity they sell is produced from renewable energy sources¹¹.

Such guarantees of origin are to be mutually recognised by the member states, exclusively as proof of the elements referred to in heads (1) and (2) above. Any refusal to recognise a guarantee of origin as such proof, in particular for reasons relating to the prevention of fraud, must be based on objective, transparent and non-discriminatory criteria. In the event of refusal to recognise a guarantee of origin, the European Commission may compel the refusing party to recognise it, particularly with regard to objective, transparent and non-discriminatory criteria on which such recognition is based¹². Member states or the competent bodies must put in place appropriate mechanisms to ensure that guarantees of origin are both accurate and reliable¹³.

Without prejudice to the maintenance of the reliability and safety of the grid, member states must also take the necessary measures to ensure that transmission system operators and distribution system operators in their territory guarantee the transmission and distribution of electricity produced from renewable energy sources. They may also provide for priority access to the grid system of electricity produced from renewable energy sources. When dispatching generating installations, transmission system operators must give priority to generating installations using renewable energy sources in so far as the operation of the national electricity system permits¹⁴. Member states must put into place a legal framework or require transmission system operators and distribution system operators to set up and publish their

standard rules relating to the bearing of costs of technical adaptations, such as grid connections and grid reinforcements, which are necessary in order to integrate new producers feeding electricity produced from renewable energy sources into the interconnected grid. These rules must be based on objective, transparent and non-discriminatory criteria taking particular account of all the costs and benefits associated with the connection of these producers to the grid; and they may provide for different types of connection¹⁵. Transmission system operators and distribution system operators must be required to provide any new producer wishing to be connected with a comprehensive and detailed estimate of the costs associated with the connection¹⁶. Member states must put into place a legal framework or require transmission system operators and distribution system operators to set up and publish their standard rules relating to the sharing of costs of system installations, such as grid connections and reinforcements, between all producers benefiting from them; and the sharing must be enforced by a mechanism based on objective, transparent and non-discriminatory criteria taking into account the benefits which initially and subsequently connected producers as well as transmission system operators and distribution system operators derive from the connections¹⁷. They must ensure that the charging of transmission and distribution fees does not discriminate against electricity from renewable energy sources, including in particular electricity from renewable energy sources produced in peripheral regions, such as island regions and regions of low population density¹⁸.

The implementation of these provisions in domestic law is discussed elsewhere in this work¹⁹.

1 I.e. European Parliament and EC Council Directive 2001/77 (OJ L283, 27.10.2001, p 33) on the promotion of electricity produced from renewable energy sources in the internal electricity market. See also European Parliament and EC Council Directive 2009/28 (OJ L140, 5.6.2009, p 16) on the promotion of electricity produced from renewable energy sources and amending and subsequently repealing Directives 2001/77 and 2003/30 (as to Directive 2003/30 see PARA 21). Directive 2009/28 sets out a common framework for the promotion of energy from renewable sources, which include wind, solar, aerothermal, geothermal, hydrothermal and ocean energy, hydropower, biomass, landfill gas, sewage treatment plant gas and biogases. In particular, these provisions establish mandatory national targets for the overall share of energy from renewable sources in gross final consumption of energy and for the share of energy from renewable sources in transport. Furthermore, it lays down rules relating to statistical transfers between member states, joint projects between EU member states and with third countries, guarantees of origin, administrative procedures, information and training, and access to the electricity grid for energy from renewable sources. The Directive also establishes sustainability criteria for biofuels and bioliquids. See generally art 1. This and related measures aim at putting the European Union on the forefront of action on climate and energy issues, contributing to reduce EU emissions by 20% in 2020. Directive 2009/28 must be implemented by member states by 5 December 2010 and Directives 2001/77 and 2003/30 are repealed with effect from 1 January 2012. Matters covered by Directive 2009/28 are: definitions (see art 2); mandatory national overall targets and measures for the use of energy from renewable sources (see art 3, Annex 1); national renewable energy actions plans (see art 4); calculation of the share of energy from renewable sources (see art 5); statistical transfers between member states (see art 6); joint projects between member states (see art 7); effect of joint projects between member states (see art 8); joint projects between member states and third countries (see art 9); effect of joint projects between member states and third countries (see art 10); joint support schemes (see art 11); capacity increases (see art 12); administrative procedures, regulations and codes (see art 13); information and training (see art 14); guarantees of origin of electricity, heating and cooling produced from renewable energy sources (see art 15); access to and operation of the grids (see art 16); sustainability criteria for biofuels and bioliquids (see art 17); verification of compliance with the sustainability criteria for biofuels and bioliquids (see art 18); calculation of the greenhouse gas impact of biofuels and bioliquids (see art 19); implementing measures (see art 20); specific provisions related to energy from renewable sources in transport (see art 21); reporting by member states (see art 22); monitoring and reporting by the Commission (see art 23); transparency platform (see art 24); committees (see art 25); amendments and repeal (see art 26); transposition (see art 27); entry into force (see art 28); addresses (see art 29); normalisation rule for accounting for electricity generated from hydropower and wind power (see Annex II); certification of installers (see Annex IV); rules for calculating the greenhouse gas impact of biofuels, bioliquids and their fossil fuel comparators (see Annex V); minimum requirements for the harmonised template for national renewable energy actions plans (see Annex VI); and accounting of energy from heat pumps (see Annex VII). See **FUEL AND ENERGY** vol 19(1) (2007 Reissue) PARA 639.

2 As to the internal market for electricity see **FUEL AND ENERGY** vol 19(1) (2007 Reissue) PARA 653.

3 See European Parliament and EC Council Directive 2001/77 (OJ L283, 27.10.2001, p 33) art 1. See also European Parliament and EC Council Directive 2009/28 (OJ L140, 5.6.2009, p 16) art 1; and note 1.

4 'Consumption of electricity' means national electricity production, including autoproduction, plus imports, minus exports (gross national electricity consumption): European Parliament and EC Council Directive 2001/77 (OJ L283, 27.10.2001, p 33) art 2(d).

5 For these purposes, 'renewable energy sources' means renewable non-fossil energy sources (wind, solar, geothermal, wave, tidal, hydropower, biomass, landfill gas, sewage treatment plant gas and biogases); 'biomass' means the biodegradable fraction of products, waste and residues from agriculture (including vegetal and animal substances), forestry and related industries, as well as the biodegradable fraction of industrial and municipal waste; and 'electricity produced from renewable energy sources' means electricity produced by plants using only renewable energy sources, as well as the proportion of electricity produced from renewable energy sources in hybrid plants also using conventional energy sources and including renewable electricity used for filling storage systems, and excluding electricity produced as a result of storage systems: European Parliament and EC Council Directive 2001/77 (OJ L283, 27.10.2001, p 33) art 2(a)-(c).

6 See European Parliament and EC Council Directive 2001/77 (OJ L283, 27.10.2001, p 33) art 3(2). See European Parliament and EC Council Directive 2009/28 (OJ L140, 5.6.2009, p 16) art 3; and note 1. See in particular art 3(4) which has requirements for the Commission to present certain proposals by 31 December 2011.

7 See European Parliament and EC Council Directive 2001/77 (OJ L283, 27.10.2001, p 33) art 3(1). See notes 1 and 6.

8 See European Parliament and EC Council Directive 2001/77 (OJ L283, 27.10.2001, p 33) art 3(3). See notes 1 and 6.

9 See European Parliament and EC Council Directive 2001/77 (OJ L283, 27.10.2001, p 33) art 5(1). See European Parliament and EC Council Directive 2009/28 (OJ L140, 5.6.2009, p 16) art 15; and note 1.

10 European Parliament and EC Council Directive 2001/77 (OJ L283, 27.10.2001, p 33) art 5(2). See notes 1 and 9.

11 European Parliament and EC Council Directive 2001/77 (OJ L283, 27.10.2001, p 33) art 5(3). See notes 1 and 9.

12 European Parliament and EC Council Directive 2001/77 (OJ L283, 27.10.2001, p 33) art 5(4). See notes 1 and 9.

13 See European Parliament and EC Council Directive 2001/77 (OJ L283, 27.10.2001, p 33) art 5(5). See notes 1 and 9.

14 European Parliament and EC Council Directive 2001/77 (OJ L283, 27.10.2001, p 33) art 7(1). See also European Parliament and EC Council Directive 2009/28 (OJ L140, 5.6.2009, p 16) art 16; and note 1.

15 European Parliament and EC Council Directive 2001/77 (OJ L283, 27.10.2001, p 33) art 7(2). Where appropriate, member states may require transmission system operators and distribution system operators to bear, in full or in part, the costs referred to in art 7(2): art 7(3). See notes 1 and 14.

16 European Parliament and EC Council Directive 2001/77 (OJ L283, 27.10.2001, p 33) art 7(4). Member states may allow producers of electricity from renewable energy sources wishing to be connected to the grid to issue a call for tender for the connection work: art 7(4). See notes 1 and 14.

17 European Parliament and EC Council Directive 2001/77 (OJ L283, 27.10.2001, p 33) art 7(5). See notes 1 and 14.

18 European Parliament and EC Council Directive 2001/77 (OJ L283, 27.10.2001, p 33) art 7(6). Where appropriate, member states must put in place a legal framework or require transmission system operators and distribution system operators to ensure that fees charged for the transmission and distribution of electricity from plants using renewable energy sources reflect realisable cost benefits resulting from the plant's connection to the network. Such cost benefits could arise from the direct use of the low-voltage grid: art 7(6). See notes 1 and 14.

19 See **FUEL AND ENERGY** vol 19(2) (2007 Reissue) PARA 1219 et seq.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(v) Environmental Energy Efficiency/21. Promotion of biofuels or other renewable fuels for transport.

21. Promotion of biofuels or other renewable fuels for transport.

There is European Union legislation¹ aimed at promoting the use of biofuels or other renewable fuels² to replace diesel or petrol for transport purposes in each member state, with a view to contributing to objectives such as meeting climate change commitments, environmentally friendly security of supply and promoting renewable energy sources³. Member states must ensure that a minimum proportion of biofuels and other renewable fuels is placed on their markets, and, to that effect, must set national indicative targets⁴. They must ensure that information is given to the public on the availability of biofuels and other renewable fuels and must impose a specific labelling at the sales points of certain percentages of biofuels blended in mineral oil derivatives⁵. For the purposes of implementing these labelling requirements in domestic law the Biofuel (Labelling) Regulations 2004⁶ were made.

1 See European Parliament and EC Council Directive 2003/30 (OJ L123, 17.5.2003, p 42) on the promotion of the use of biofuels or other renewable fuels for transport. See also European Parliament and EC Council Directive 2009/28 (OJ L140, 5.6.2009, p 16) on the promotion of electricity produced from renewable energy sources and amending and subsequently repealing Directives 2001/77 and 2003/30 (as to Directive 2001/77 see PARA 20). Directive 2009/28 sets out a common framework for the promotion of energy from renewable sources, which include wind, solar, aerothermal, geothermal, hydrothermal and ocean energy, hydropower, biomass, landfill gas, sewage treatment plant gas and biogases. In particular, these provisions establish mandatory national targets for the overall share of energy from renewable sources in gross final consumption of energy and for the share of energy from renewable sources in transport. Furthermore, it lays down rules relating to statistical transfers between member states, joint projects between EU member states and with third countries, guarantees of origin, administrative procedures, information and training, and access to the electricity grid for energy from renewable sources. The Directive also establishes sustainability criteria for biofuels and bioliquids. This and related measures aim at putting the European Union on the forefront of action on climate and energy issues, contributing to reduce EU emissions by 20% in 2020. Directive 2009/28 must be implemented by member states by 5 December 2010 and Directives 2001/77 and 2003/30 are repealed with effect from 1 January 2012. As to preliminary rulings as to the interpretation of Directive 2003/30 and the principles of legal certainty and the protection of legitimate expectations see Case C-201/08: *Plantanol GmbH & Co KG v Hauptzollamt Darmstadt* [2009] All ER (D) 76 (Sep), ECJ. As to matters covered by Directive 2009/28 see PARA 21 note 1. See **FUEL AND ENERGY** vol 19(1) (2007 Reissue) PARA 640.

2 For these purposes, 'biofuels' means liquid or gaseous fuel for transport produced from biomass; 'biomass' means the biodegradable fraction of products, waste and residues from agriculture (including vegetal and animal substances), forestry and related industries, as well as the biodegradable fraction of industrial and municipal waste; and 'other renewable fuels' means renewable fuels, other than biofuels, which originate from renewable energy sources as defined in European Parliament and EC Council Directive 2001/77 (OJ L283, 27.10.2001, p 33) (see PARA 20 note 5) and used for transport purposes: European Parliament and EC Council Directive 2003/30 (OJ L123, 17.5.2003, p 42) art 2(1)(a)-(c). See further arts 2(2), 5. See also European Parliament and EC Council Directive 2009/28 (OJ L140, 5.6.2009, p 16) art 2; and note 1.

3 See European Parliament and EC Council Directive 2003/30 (OJ L123, 17.5.2003, p 42) art 1. See note 1.

4 See European Parliament and EC Council Directive 2003/30 (OJ L123, 17.5.2003, p 42) art 3. See also European Parliament and EC Council Directive 2009/28 (OJ L140, 5.6.2009, p 16) arts 3, 4; and note 1.

5 See European Parliament and EC Council Directive 2003/30 (OJ L123, 17.5.2003, p 42) art 3(5). See note 1.

6 See the Biofuel (Labelling) Regulations 2004, SI 2004/3349, regs 3, 4, Schedule (reg 3 amended by SI 2009/3277; and the Biofuel (Labelling) Regulations 2004, SI 2004/3349, Schedule amended by SI 2005/3355; and SI 2009/3277). As to excise duties on biofuels see the Biofuels and Other Fuel Substitutes (Payment of Excise Duties etc) Regulations 2004, SI 2004/2065 (amended by SI 2007/1640). If a quantity of biofuel has been charged with biofuels duty, and used as motor fuel in a generator to produce electricity, then on the written application of a qualified claimant (ie a person who causes biofuel to be used as motor fuel in a generator to

produce electricity), relief is afforded of the amount of the biofuels duty that has been charged and paid; but no relief is allowed in respect of any biofuels duty that is the subject of any other application or claim for repayment, remission or drawback: Biofuels and Other Fuel Substitutes (Payment of Excise Duties etc) Regulations 2004, SI 2004/2065, regs 20, 21. For the form of relief see reg 22; as to set-off see reg 23; as the method of making an application for relief see reg 24; and as to the conditions to which relief is subject see regs 26, 27. If there is a contravention of, or failure to comply with, any condition imposed by or under reg 26 or reg 27, the relief allowed is to be cancelled and any person who is a qualified claimant in relation to the application for relief is liable on demand to repay the amount of the relief: reg 25. See also **FUEL AND ENERGY**.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(v) Environmental Energy Efficiency/22. Promotion of cogeneration.

22. Promotion of cogeneration.

There is European Union legislation¹ aimed at increasing energy efficiency² and improving the security of supply by creating a framework for promotion and development of high efficiency cogeneration³ of heat and power based on useful heat⁴ demand and primary energy savings in the internal energy market⁵, taking into account the specific national circumstances especially concerning climatic and economic conditions⁶. Among other matters, the legislation requires member states to ensure that the origin of electricity produced from high-efficiency cogeneration can be guaranteed according to objective, transparent and non-discriminatory criteria laid down by each member state, and that this guarantee of origin of the electricity enables producers to demonstrate that the electricity they sell is produced from high efficiency cogeneration and is issued to this effect in response to a request from the producer⁷. For the purposes of implementing these requirements in domestic law the Guarantees of Origin of Electricity Produced from High-efficiency Cogeneration Regulations 2007⁸ were made.

1 See European Parliament and EC Council Directive 2004/8 (OJ L52, 21.2.2004, p 50) on the promotion of cogeneration based on a useful heat demand in the internal energy market.

2 For these purposes, 'efficiency' means efficiency calculated on the basis of net calorific values of fuels (also referred to as 'lower calorific values'): European Parliament and EC Council Directive 2004/8 (OJ L52, 21.2.2004, p 50) art 3(h).

3 'Cogeneration' means the simultaneous generation in one process of thermal energy and electrical and/or mechanical energy; and 'high efficiency cogeneration' means cogeneration meeting the criteria of European Parliament and EC Council Directive 2004/8 (OJ L52, 21.2.2004, p 50) Annex III: see art 3(a), (i).

4 'Useful heat' means heat produced in a cogeneration process to satisfy an economically justifiable demand for heat or cooling; and 'economically justifiable demand' means the demand that does not exceed the needs for heat or cooling and which would otherwise be satisfied at market conditions by energy generation processes other than cogeneration: European Parliament and EC Council Directive 2004/8 (OJ L52, 21.2.2004, p 50) art 3(b), (c).

5 As to the single market see **FUEL AND ENERGY** vol 19(1) (2007 Reissue) PARA 653.

6 See European Parliament and EC Council Directive 2004/8 (OJ L52, 21.2.2004, p 50) art 1.

7 See European Parliament and EC Council Directive 2004/8 (OJ L52, 21.2.2004, p 50) art 5.

8 See the Guarantees of Origin of Electricity Produced from High-efficiency Cogeneration Regulations 2007, SI 2007/292; and **FUEL AND ENERGY** vol 19(1) (2007 Reissue) PARA 624 et seq.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(vi) Water Pollution and Water Quality/23. Introduction.

(vi) Water Pollution and Water Quality

23. Introduction.

The control of pollution of water is increasingly regulated by European Union legislation which either has direct effect or is effective through national legislation made pursuant to an EU Directive¹. This control is experienced in the manner in which United Kingdom² pollution control legislation is drafted and in the manner in which the national courts determine liability³.

Generally EU Directives dealing with water pollution⁴ may be divided into three categories: (1) those concerned with protecting water from particular kinds of pollutants⁵; (2) those concerned with the pollution of particular waters⁶; and (3) those concerned with particular polluting activities⁷. The law relating to water pollution is dealt with below as is marine pollution⁸. In addition, the Water Framework Directive⁹ provides an overarching structure for water quality generally.

The functions of the Secretary of State, the Welsh Ministers and the Environment Agency¹⁰ under the relevant enactments relating to pollution control must be exercised so as to secure compliance with the requirements of the Water Framework Directive¹¹. In relation to marine areas any competent authority having functions relevant to marine conservation must exercise those functions so as to secure compliance with the requirements of the Habitats Directive¹².

1 I.e. whether through Acts of Parliament or statutory instruments made for the purposes of implementing appropriate Directives: see eg the Urban Waste Water Treatment (England and Wales) Regulations 1994, SI 1994/2841; and PARA 30.

Under the Water Resources Act 1991 (as to which generally see **WATER AND WATERWAYS**) the Secretary of State has power to provide by regulations that the water pollution provisions of the Water Resources Act 1991 are to have effect with such modifications as may be prescribed for the purpose of enabling Her Majesty's government in the United Kingdom to give effect to any Community obligations or to any international agreement to which the United Kingdom is for the time being a party: s 102. As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59. As to the meaning of 'water pollution provisions' see **WATER AND WATERWAYS** vol 101 (2009) PARA 479 note 16. 'Prescribed' means prescribed by the Secretary of State: see the Water Resources Act 1991 s 221. 'Community obligation' means such an obligation within the meaning of the European Communities Act 1972: see the Interpretation Act 1978 s 5, Sch 1. In the exercise of this power under the Water Resources Act 1991 a 102 among others, the Secretary of State has made eg (1) the Surface Waters (Dangerous Substances) (Classification) Regulations 1997, SI 1997/2560, and the Surface Waters (Dangerous Substances) (Classification) Regulations 1998, SI 1998/389, modifying the Water Resources Act 1991 s 83 (see PARA 331); and (2) the Bathing Waters (Classification) (England) Regulations 2003, SI 2003/1238 (revoked by SI 2008/1097 from 24 March 2015), modifying the Water Resources Act 1991 s 104(1) (see PARA 289). See also the Surface Waters (Abstraction for Drinking Water) (Classification) Regulations 1996, SI 1996/3001; the Surface Waters (Fishlife) (Classification) Regulations 1997, SI 1997/1331 (amended by SI 2009/1264); and the Surface Waters (Shellfish) (Classification) Regulations 1997, SI 1997/1332 (amended by SI 2009/1266). In addition, by virtue of the Water Consolidation (Consequential Provisions) Act 1991 s 2(2), Sch 2 para 1(1), (2), the Surface Waters (Dangerous Substances) (Classification) Regulations 1989, SI 1989/2286, partly have effect as if so made.

2 As to the meaning of 'United Kingdom' see PARA 1 note 2.

3 Eg, the integrated pollution control regime under the Environmental Protection Act 1990 Pt I (ss 1-28) (prospectively repealed) and under the Pollution Prevention and Control Act 1999 (see PARA 157 et seq) takes into account the requirements of European Directives as to levels of toxic chemicals in discharges into the environment and was passed for the purposes of implementing European Parliament and EC Council Directive 2008/1 (OJ L24, 29.1.2008, p 8) concerning integrated pollution prevention and control. In proceedings in United

Kingdom courts, non-compliance with a European Directive may be determinative of liability in nuisance, eg if a given discharge into the water environment exceeds European limits for a particular substance, then such a breach may be relevant to the issue of whether there has been a breach of the duty of care or whether the activity is a 'reasonable user' for the purposes of establishing liability in nuisance. As to common law and water pollution generally see PARA 270 et seq.

4 See also **WATER AND WATERWAYS** vol 100 (2009) PARA 2.

5 See eg European Parliament and EC Council Regulation 648/2004 (OJ L104, 8.4.2004, p 1) on detergents; EEC Council Directive 79/117 (OJ L33, 8.2.79, p 36) prohibiting the placing on the market and use of plant protection products containing certain active substances; and European Parliament and EC Council Directive 2006/11 (OJ L64 4.3.2006, p 52) on the pollution caused by certain dangerous substances discharged into the aquatic environment of the Community (Codified version) (see also PARA 24). See also European Parliament and EC Council Regulation 850/2004 (OJ L229, 29.6.2004, p 5) on persistent organic pollutants and amending Directive 79/117; and the Persistent Organic Pollutants Regulations 2007, SI 2007/3106. As to provisions relating to titanium dioxide see PARA 38; and as to provisions relating to asbestos see PARA 47.

6 See eg EEC Council Directive 75/440 (OJ L194, 25.7.75, p 26) concerning the quality required of surface water intended for the abstraction of drinking water in the member states (now repealed and replaced by European Parliament and EC Council Directive 2000/60 (OJ L327, 22.12.2000, p 1) establishing a framework for Community action in the field of water policy: see note 9); EEC Council Directive 80/68 (OJ L20, 26.1.80, p 43) on the protection of groundwater against pollution caused by certain dangerous substances; European Parliament and EC Council Directive 2006/7 (OJ L64, 4.3.2006, p 37) concerning the management of bathing water quality and repealing Directive 76/160 (see also PARA 29); European Parliament and EC Council Directive 2006/113 (OJ L376, 27.12.2006, p 14) on quality required of shellfish waters (Codified version) (see also PARA 27); and European Parliament and EC Council Directive 2006/44 (OJ L264, 25.9.2006, p 20) on the quality of fresh waters needing protection or improvement to support fish life (see also PARA 26).

7 See eg EEC Council Directive 91/271 (OJ L135, 30.5.91, p 40) concerning urban waste water treatment (see also PARA 30); and EEC Council Directive 91/676 (OJ L375, 31.12.91, p 1) concerning the protection of waters against pollution caused by nitrates from agricultural sources (see also PARA 31).

8 As to water pollution generally see PARA 270 et seq. As to marine pollution see PARA 347 et seq. See note 9.

9 Ie European Parliament and EC Council Directive 2000/60 (OJ L327, 22.12.2000, p 1) establishing a framework for Community action in the field of water policy: see further **WATER AND WATERWAYS** vol 100 (2009) PARA 7. The transposition date for domestic legislation was 22 December 2003: see European Parliament and EC Council Directive 2000/60 (OJ L327, 22.12.2000, p 1) art 24(1). In the United Kingdom, the Water Environment (Water Framework Directive) (England and Wales) Regulations 2003, SI 2003/3242, and the Water Environment (Water Framework Directive) (Northumbria River Basin District) Regulations 2003, SI 2003/3245, were made for the purposes of implementing the Directive: see **WATER AND WATERWAYS** vol 100 (2009) PARA 198 et seq. See also PARA 24 et seq.

The Water Framework Directive's counterpart is European Parliament and EC Council Directive 2008/56 (OJ L164, 25.6.2008, p 19) establishing a framework for Community action in the field of marine environmental policy ('the Marine Strategy Framework Directive'): see generally also further **SHIPPING AND MARITIME LAW** vol 93 (2009) PARA 7. As to shipping and pollution see PARA 347 et seq.

10 As to the Environment Agency see PARA 68 et seq.

11 See the Water Environment (Water Framework Directive) (England and Wales) Regulations 2003, SI 2003/3242, reg 3(1), (3), Sch 2; and **WATER AND WATERWAYS** vol 100 (2009) PARA 198.

12 See the Conservation (Natural Habitats etc) Regulations 1994, SI 1994/2716, reg 3(3); and **WATER AND WATERWAYS** vol 101 (2009) PARA 679. However see now also the Conservation of Habitats and Species Regulations 2010, SI 2010/490 (which replace and consolidate the 1994 Regulations); and **OPEN SPACES AND COUNTRYSIDE**. As to the Habitats Directive (EC Council Directive 92/43 (OJ L206, 22.07.92, p 07)) see **OPEN SPACES AND COUNTRYSIDE** vol 78 (2010) PARA 728 et seq. See also PARAS 18, 54.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(vi) Water Pollution and Water Quality/24. The Aquatic Environment Directive.

24. The Aquatic Environment Directive.

The principal European Union Directive controlling the discharge of dangerous substances into the water environment is the Aquatic Environment Directive¹ which sets out a framework for the control of listed substances² into inland surface waters³ and internal coastal waters⁴ and stands parallel with the Groundwater Directive⁵ which controls the entry of similar substances into groundwaters. The Aquatic Environment Directive specifies List I and List II⁶ substances, the so-called black and grey lists which seek in the case of black list substances to eliminate them from discharges⁷ and in the case of grey list substances to reduce them⁸. The Directive's objectives are achieved either by a fixed limit approach⁹ or an environmental quality objective approach¹⁰. Daughter Directives then set limits for individual substances or groups of substances¹¹. Discharges of substances regulated by the Directive into the water environment must be authorised by the Environment Agency¹². There is an obligation to monitor surface waters¹³ and take samples¹⁴.

The Aquatic Environment Directive is, however, prospectively repealed, with effect from 22 December 2013, by the Water Framework Directive¹⁵. Transitional arrangements are made which replace the list of priority substances under the earlier Directive with the list of priority substances adopted under the later Directive¹⁶. Until the repeal is effective, member states may apply¹⁷ the principles for the identification of pollution problems and the substances causing them, the establishment of quality standards, and the adoption of measures, laid down in the Water Framework Directive¹⁸.

1 Ie European Parliament and EC Council Directive 2006/11 (OJ L64 4.3.2006, p 52) on the pollution caused by certain dangerous substances discharged into the aquatic environment of the Community (Codified version) (prior to codification EC Council Directive 76/464 (OJ L129, 18.05.76, p 23)). (This was previously referred to as the Dangerous Substances Directive.) For example, the Surface Waters (Dangerous Substances) (Classification) Regulations 1997, SI 1997/2560, and the Surface Waters (Dangerous Substances) (Classification) Regulations 1998, SI 1998/389, were made for the purposes of implementing the Directive: see PARA 330.

2 The listed substances are those whose presence the Directive seeks to eliminate or control.

3 Ie all static or flowing fresh surface waters.

4 Ie waters on the landward side of the baseline from which territorial waters are measured, up to the fresh-water limits in rivers.

5 Ie EC Council Directive 80/68 (OJ L20, 26.01.80, p 43) on the protection of groundwater against pollution caused by certain dangerous substances: see PARA 28.

6 There are over 50,000 substances on List I; these were reduced to a list of 129 priority substances by an EC Council Resolution and that list has now been replaced by a list of substances adopted under the Water Framework Directive: see the text and note 16. As to the Water Framework Directive see PARA 23.

7 See EC Council Directive 86/280 (OJ L 181, 04.07.86, p 16), which sets out a framework for implementation of the Directive in relation to List I substances as specified in the various daughter Directives. EC Council Directive 76/464 (OJ L129, 18.05.76, p 23) (now codified as European Parliament and EC Council Directive 2006/11 (OJ L64 4.3.2006, p 52): see note 1) is not limited to the discharge of listed substances in the liquid state and can apply to an emission of contaminated steam either precipitated directly on to surface water or where it reaches that water via a storm water drain, after being precipitated on to land and roofs: Case C-231/97: *AML van Rooij v Dagelijks Bestuur van het Waterschap de Dommel* [1999] ECR I-6355, [1999] All ER (D) 1038, ECJ. The escape of creosote and, hence, the pollution of surface waters as the consequence of the introduction into those waters of wooden posts treated with creosote constitutes a 'discharge': see Case C-

232/97: *Nederhoff v Dijkgraaf en Hoohheemraden van het Hoogheemraadschap Rijnland* [1999] ECR I-6385, [2000] 1 CMLR 681, [1999] All ER (D) 1037, ECJ.

8 See EC Council Directive 76/464 (OJ L129, 18.05.76, p 23) art 7(1) which imposes an obligation on member states to establish programmes for the reduction of surface water pollution by List II substances; but see the text and notes 17-18. See also European Parliament and EC Council Directive 2006/11 (OJ L64 4.3.2006, p 52); and note 1.

9 Ie by the imposition of conditions in authorisations and consents to discharge which limit the levels of given substances in the effluent discharged into surface waters. As to authorisations for discharges into the water environment under domestic legislation see PARA 298 et seq.

10 Environment quality objectives approach the problem by targeting standards for the receiving waters such that a discharge of effluent either on its own or in combination with other discharges achieved set standards for the quality of that receiving water. As to water quality objectives in domestic legislation see PARA 327 et seq.

11 Daughter Directives must be issued in respect of all List I substances. The individual approach to be taken to achieve compliance will be specified in the individual Directive. For examples of daughter Directives see EC Council Directive 84/491 (OJ L274, 17.10.84, p 11) (dealing with levels of hexachlorocyclohexane) and EC Council Directive 82/176 (OJ L81, 27.03.82, p 29) (dealing with mercury levels in discharges by the chlor-alkali industry).

12 Ie by virtue of integrated pollution control consents and/or consents to discharge trade or sewage effluent: see PARAS 334 et seq, 298 et seq respectively. As to the Environment Agency see PARA 68 et seq. The Directive permits member states to make the authorisation of a discharge subject to additional requirements not provided for in that Directive in order to protect the aquatic environment of the Community against pollution caused by certain dangerous substances; furthermore, the obligation to investigate or choose alternative solutions which have less impact on the environment constitutes such a requirement, even if it has the effect of making the grant of authorisation impossible or exceptional: see Case C-232/97: *Nederhoff v Dijkgraaf en Hoohheemraden van het Hoogheemraadschap Rijnland* [1999] ECR I-6385, [2000] 1 CMLR 681, [1999] All ER (D) 1037, ECJ.

13 Surface waters will be distinguishable from ground water. As to ground water see PARA 289.

14 As to requirements for sampling see the text and notes 17-18.

15 See European Parliament and EC Council Directive 2000/60 (OJ L327, 22.12.2000, p 01) art 22(2).

16 See European Parliament and EC Council Directive 2000/60 (OJ L327, 22.12.2000, p 01) art 22(3)(a).

17 Ie for the purposes of EC Council Directive 76/464 (OJ L129, 18.05.76, p 23) art 7: see now European Parliament and EC Council Directive 2006/11 (OJ L64 4.3.2006, p 52); and note 1.

18 European Parliament and EC Council Directive 2000/60 (OJ L327, 22.12.2000, p 01), art 22(3)(b).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(vi) Water Pollution and Water Quality/25. Specific substances Directives.

25. Specific substances Directives.

In addition to the control of pollution of waters by the virtue of the Aquatic Environment Directive¹, there are a number of measures concerned with specific substances aimed at specific types of industry. These include the titanium dioxide industry², disposal of waste oils³, disposal of polychlorinated biphenyls and terphenyls⁴, detergents⁵, asbestos⁶, hazardous waste⁷, and nitrates from agricultural sources⁸.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(vi) Water Pollution and Water Quality/26. The Freshwater Fish Life Directive.

26. The Freshwater Fish Life Directive.

The purpose of the Freshwater Fish Life Directive is to encourage the establishment of standards in water quality suitable to sustaining populations of given species of fish¹. The Directive contemplates the designation of salmonid² and cyprinid³ waters⁴. Annex I to the Directive sets parameters for which samples should be tested⁵. In the case of some parameters all samples should comply, in others 95 per cent should comply⁶. The practical implementation of the Directive occurs through determination of discharge consent applications and monitoring of river water samples by the Environment Agency⁷; the water quality standards required under the Directive are reflected in the classifications 'SW' and 'CW' as set out in the Surface Waters (Fishlife) (Classification) Regulations 1997⁸.

The Directive is prospectively repealed by the Water Framework Directive, with effect from 22 December 2013⁹.

1 See European Parliament and EC Council Directive 2006/44 (OJ L264 25.9.2006 p 20) on the quality of fresh waters needing protection or improvement in order to support fish life.

2 I.e. salmon, sea trout or brown trout.

3 I.e. all species of coarse fish.

4 The phrase 'waters' is defined by reference to their capacity to support salmonid or cyprinid species respectively. The Directive's effect extends only to waters designated by member states, which cannot include water in natural or artificial fish ponds: see European Parliament and EC Council Directive 2006/44 (OJ L264 25.9.2006 p 20) arts 1, 2.

5 The parameters in question are to establish physical and chemical water quality standards listed in European Parliament and EC Council Directive 2006/44 (OJ L264 25.9.2006 p 20) Annex I. Some values are 'imperative' so that those parameters should not be exceeded; others are 'guide' values which represent standards that should be aimed at.

6 Compliance with standards is deemed to occur when 95% of samples over a given period comply: see European Parliament and EC Council Directive 2006/44 (OJ L264 25.9.2006 p 20) art 6.

7 See PARA 298 et seq.

8 See the Surface Waters (Fishlife) (Classification) Regulations 1997, SI 1997/1331; and PARA 330.

9 See European Parliament and EC Council Directive 2000/60 (OJ L327, 22.12.2000, p 01) art 22(2). As to the Water Framework Directive see PARA 23.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(vi) Water Pollution and Water Quality/27. The Shellfish Waters Directive.

27. The Shellfish Waters Directive.

The Shellfish Waters Directive concerns the quality of shellfish waters and applies to those coastal and brackish waters designated by the member states as needing protection or improvement in order to support shellfish¹ life and growth and thus to contribute to the high quality of shellfish products directly edible by man². The Directive contemplates the designation of shellfish waters and sets parameters for which samples should be tested³. The water quality standards required under the Directive are reflected in the classification 'SFW' set out in the Surface Waters (Shellfish) (Classification) Regulations 1997⁴.

The Directive is prospectively repealed by the Water Framework Directive, with effect from 22 December 2013⁵.

1 le bivalve and gasteropod molluscs.

2 See European Parliament and EC Council Directive 2006/113 (OJ L376 27.12.2006 p 14) on the quality required of shellfish waters (Codified version).

3 See European Parliament and EC Council Directive 2006/113 (OJ L376 27.12.2006 p 14) arts 2-8, Annex I.

4 See the Surface Waters (Shellfish) (Classification) Regulations 1997, SI 1997/1332; and PARA 330.

5 See European Parliament and EC Council Directive 2000/60 (OJ L327, 22.12.2000, p 01) art 22(2). As to the Water Framework Directive see PARA 23.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(vi) Water Pollution and Water Quality/28. The Groundwater Directives.

28. The Groundwater Directives.

The original Groundwater Directive¹ is complementary to the Aquatic Environment Directive² in providing a system for the control of discharges of dangerous substances into groundwater³, as opposed to surface waters. The purpose of the Directive is to prevent or alleviate the effect of discharges into groundwater in order to prevent the pollution⁴ of those groundwaters. The Directive sets out List 1⁵ and List 2⁶ substances and member states must take steps to prevent discharges of List 1 substances⁷ and to control discharges of List 2 substances by the imposition of conditions in authorisations to discharge effluent containing List 2 substances into groundwater⁸. Pumping water into groundwater sources must be the subject of a special authorisation⁹. Such authorisations must comply with criteria set out by the Directive¹⁰ and must be reviewed at least every four years¹¹. The implementation of the Groundwater Directive in the United Kingdom was effected (1) through the discharge consent system under the Water Resources Act 1991¹²; and (2) by Groundwater Regulations¹³. Member states are required to keep an inventory of authorisations¹⁴, and to submit a triannual report to the Commission as to compliance with the Directive¹⁵.

The Directive is prospectively repealed by the Water Framework Directive, with effect from 22 December 2013¹⁶. A secondary or complementary measure adopted under the Water Framework Directive is a further Groundwater Directive on the protection of groundwater against pollution and deterioration¹⁷.

1 Ie EC Council Directive 80/68 (OJ L20, 26.01.80, p 43) on the protection of ground water against pollution caused by certain dangerous substances.

2 See PARA 24.

3 For these purposes, 'groundwater' means all water which is below the surface of the ground in the saturation zone and in direct contact with the ground or subsoil: EC Council Directive 80/68 (OJ L20, 26.1.80, p 43) art 1(2)(a). In the United Kingdom, however, the broader definition of 'ground waters' contained in the Water Resources Act 1991 s 104 (see PARA 289) should be applied.

4 As to the meaning of 'pollution' see EC Council Directive 80/68 (OJ L20, 26.01.80, p 43) art 1(2)(d).

5 'List 1 substances' are those which member states are required to prevent from entering groundwater: see EC Council Directive 80/68 (OJ L20, 26.01.80, p 43) art 3(a).

6 'List 2 substances' are substances of which member states must control the amounts that enter groundwaters by a system of authorisations: see EC Council Directive 80/68 (OJ L20, 26.01.80, p 43) art 3(b), Annex.

7 List 1 and List 2 substances are for the most part the same as those listed in the Aquatic Environment Directive, although there are some differences. Prevention of entry of List 1 substances into ground water relates to direct discharges: see EC Council Directive 80/68 (OJ L20, 26.1.80, p 43) art 4(1). In the case of indirect discharges, ie by percolation, the control of such discharges of List 1 substances should be achieved through the control of such percolation as a term of authorisations: art 4(2).

8 List II substances may be discharged directly into ground water provided that all technical measures for preventing pollution are taken: see EC Council Directive 80/68 (OJ L20, 26.01.80, p 43) art 3. No authorisations may be issued unless the effect of the discharge has been investigated in accordance with art 7.

9 See EC Council Directive 80/68 (OJ L20, 26.01.80, p 43) art 6.

- 10 Member states are bound to set up a system of monitoring compliance with authorisations issued: see EC Council Directive 80/68 (OJ L20, 26.01.80, p 43) art 13.
- 11 See EC Council Directive 80/68 (OJ L20, 26.01.80, p 43) art 11.
- 12 As to system of consents to discharge effluent into controlled waters see PARA 299 et seq.
- 13 See the Groundwater Regulations 1998, SI 1998/2746, which have now been revoked and replaced by the Groundwater (England and Wales) Regulations 2009, SI 2009/2902: see PARA 335.
- 14 See EC Council Directive 80/68 (OJ L20, 26.01.80, p 43) art 15.
- 15 See EC Council Directive 80/68 (OJ L20, 26.01.80, p 43) art 16.
- 16 See European Parliament and EC Council Directive 2000/60 (OJ L327, 22.12.2000, p 01) art 22(2). As to the Water Framework Directive (ie Directive 2000/60) see PARA 23.
- 17 See European Parliament and EC Council Directive 2006/118 (OJ L372 27.12.2006 p 19) on the protection of groundwater against pollution and deterioration. Directive 2006/118 establishes criteria (1) for the assessment of 'good groundwater chemical status' (art 3); and (2) for the identification and reversal of significant and sustained upward trends in pollution and for the definition of starting points for trend reversals (art 5). It complements the provisions in Directive 2000/60 (OJ L327, 22.12.2000, p 01) (the Water Framework Directive) preventing or limiting inputs of pollutants into groundwater. Member state implementing measures must be in place before 16 January 2009: Directive 2006/118 art 12. From that date any new authorisation procedure pursuant to Directive 80/68 (the Groundwater Directive) arts 4, 5 must take into account the requirements set out in Directive 2006/118 arts 3-5. As to implementation in the United Kingdom see the Groundwater (England and Wales) Regulations 2009, SI 2009/2902; note 13; and PARA 335.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(vi) Water Pollution and Water Quality/29. The Bathing Water Directive.

29. The Bathing Water Directive.

The Bathing Water Directive¹ sets out provisions for the monitoring, classification and management of bathing water quality and the provision of relevant information to the public². The purpose of the Directive is to preserve, protect and improve the quality of the environment and to protect human health³. It applies to any element of surface water where the competent authority expects a large number of people to bathe and in relation to which it has not permanently banned or issued advice against bathing, and it does not include swimming pools, spa pools, confined waters subject to treatment or used for therapeutic purposes or artificially confined waters separated from surface water and groundwater⁴.

1 I.e. European Parliament and EC Council Directive 2006/7 (OJ L64 4.3.2006 p 37) concerning the management of bathing water quality and repealing Directive 76/160. For the purposes of implementing Directive 2006/7 the Bathing Water Regulations 2008, SI 2008/1097 (generally in force from 2012, 2015) were made: see PARAS 148, 330, 345. See also the Bathing Waters (Classification) Regulations 1991, SI 1991/1597; and PARA 330.

2 See European Parliament and EC Council Directive 2006/7 (OJ L64 4.3.2006 p 37) art 1.

3 See European Parliament and EC Council Directive 2006/7 (OJ L64 4.3.2006 p 37) art 2.

4 See European Parliament and EC Council Directive 2006/7 (OJ L64 4.3.2006 p 37) art 3. Failure to comply with the Directive may lead to the imposition of financial penalties partly based on the percentage of national bathing water areas failing to comply with the required standards (see Case C-278/01: *EC Commission v Spain* [2003] ECR I-14141, [2003] All ER (D) 340 (Nov), ECJ); and as to failure by the United Kingdom government to fulfil its obligations under the Directive see Case C-427/00: *EC Commission v United Kingdom* [2001] ECR I-8535, ECJ (both cases are in the context of the previous Directive, EC Council Directive 76/160 (OJ L31, 05.02.76, p 01)).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(vi) Water Pollution and Water Quality/30. The Urban Waste Water Treatment Directive.

30. The Urban Waste Water Treatment Directive.

The Urban Waste Water Treatment Directive¹ is designed to control the levels of pollution generated through sewage disposal² and direct discharges from industries whose effluent has a similar effect to sewage effluent³. Receiving waters are designated as sensitive, normal or less sensitive and standards of effluent quality are to be set accordingly⁴. The Directive provides that standards must be set for the quality of discharges of all urban waste water⁵ and member states were required to set standards in respect of given populations by given dates⁶. The Directive contains requirements as to the type and frequency of monitoring⁷. Member states are obliged to regulate the disposal of sludge generated by the sewage disposal process⁸.

1 le EC Council Directive 91/271 (OJ L135, 30.05.91, p 40) concerning urban waste-water treatment. For the purposes of implementing the Directive in the United Kingdom the Urban Waste Water Treatment (England and Wales) Regulations 1994, SI 1994/2841, were made, which supplement the general duty imposed on sewerage undertakers under the Water Industry Act 1991 s 94 (see PARA 1010) by requiring them to secure that collecting systems are provided by specified dates and that urban waste water entering collecting systems is subject to treatment: see the Urban Waste Water Treatment (England and Wales) Regulations 1994, SI 1994/2841, regs 4, 5 (amended by the Environment Act 1995 Sch 22 para 233(1)). As to samples and records, monitoring and the deposit of maps and certificates see the Urban Waste Water Treatment (England and Wales) Regulations 1994, SI 1994/2841, regs 10-12 (amended by the Environment Act 1995 Sch 22 para 233(1); and SI 2003/1788). As to the 1994 Regulations see further PARA 336; and as to the provision of sewerage services see generally PARA 1010 et seq.

2 le effluent from sewage treatment works operated by sewerage undertakers.

3 See EC Council Directive 91/271 (OJ L135, 30.05.91, p 40) Annex II. Examples are the milk processing and brewing industries.

4 It makes no difference for these purposes whether the waste water discharges directly or indirectly into a sensitive area: see Case C-396/00: *EC Commission v Italy* [2002] ECR I-3949, [2002] All ER (D) 310 (Apr), ECJ. See also Case C-119/02: *EC Commission v Greece* [2004] All ER (D) 280 (Jun), ECJ. As to failure to identify sensitive areas see Case C-280/02: *EC Commission v France* [2004] ECR I-8573, [2004] All ER (D) 142 (Sep), ECJ; and see also Case C-390/07: *EC Commission v United Kingdom* [2009] All ER (D) 224 (Dec), ECJ.

5 See EC Council Directive 91/271 (OJ L135, 30.05.91, p 40) art 13.

6 See EC Council Directive 91/271 (OJ L135, 30.05.91, p 40) art 3.

7 See EC Council Directive 91/271 (OJ L135, 30.05.91, p 40) art 15.

8 See EC Council Directive 91/271 (OJ L135, 30.05.91, p 40) art 2(10).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(vi) Water Pollution and Water Quality/31. The Agricultural Nitrates Directive.

31. The Agricultural Nitrates Directive.

The Agricultural Nitrates Directive¹ is intended to reduce the level of pollution by nitrates from agricultural sources and to prevent further pollution from that source². Member states must identify polluted and vulnerable waters³ by monitoring schemes⁴. The designation of zones should be reviewed at least every four years⁵.

Member states were obliged to establish action programmes by December 1995 in relation to vulnerable waters initially designated⁶, which were to be completed by December 1999. Any subsequent programme must be completed within four years of its inception⁷. The programmes must consist of mandatory measures, which, as a minimum, must include the measures set out in Annex 3 to the Agricultural Nitrates Directive⁸. Member states must also adopt codes of good agricultural practice, to provide all waters with standards for protection against pollution⁹. These codes must contain measures set out in Annex IIA to the Nitrates Directive, and may include measures set out in Annex IIB thereto¹⁰. Member states must make a report to the Commission every four years¹¹.

For the purposes of implementing the Directive the Protection of Water against Agricultural Nitrate Pollution (England and Wales) Regulations 1996 and the Action Programme for Nitrate Vulnerable Zones (England and Wales) Regulations 1998¹² were made but they have now been replaced by the Nitrate Pollution Prevention Regulations 2008 and the Nitrate Pollution Prevention (Wales) Regulations 2008¹³.

1 le EC Council Directive 91/676 (OJ L375, 31.12.91, p 01) concerning the protection of waters against pollution caused by nitrates from agricultural sources. As to failure by the United Kingdom to fulfil its obligations under the Nitrates Directive see Case C-69/99: *EC Commission v United Kingdom* [2000] ECR I-10979, (2000) Times, 19 December, ECJ; as to failure by the Netherlands to fulfil its obligations see Case C-322/00: *EC Commission v Netherlands* [2003] ECR I-11267, [2003] All ER (D) 41 (Oct), ECJ.

2 See EC Council Directive 91/676 (OJ L375, 31.12.91, p 01) art 1.

3 See EC Council Directive 91/676 (OJ L375, 31.12.91, p 01) art 3. This must be done in accordance with criteria set out in Annex 1. The principal purpose is to designate waters, which includes surface waters and ground waters, which obtain, or could do so, more than 50mg/l of nitrates or which are or may become eutrophic. As to the meanings of 'surface water' and 'ground waters' in domestic legislation see PARA 289.

Member states are not required by art 3(1) to determine precisely what proportion of the pollution in the waters is attributable to nitrates of agricultural origin or determine that the cause is exclusively agricultural; art 5 expressly provides that the respective nitrogen contributions originating from agricultural 'and other' sources are to be taken into account. Furthermore, art 3(5) allows member states to designate the whole of their territory as a nitrate vulnerable zone instead of identifying waters affected by pollution, which means that they can establish action programmes regardless of the levels of pollution. The Directive only applies where the discharge of nitrogen compounds of agricultural origin has made a 'significant contribution' to the pollution; but Community law cannot provide precise criteria for establishing in each case whether there is such a significant contribution; thus, in reviewing the legality of measures identifying waters affected by pollution in accordance with art 3(1), national courts have to take account of the wide discretion enjoyed by member states: see Case C-293/97: *R v Secretary of State for the Environment, ex p Standley (National Farmers' Union intervening)* [1999] QB 1279, [1999] All ER (EC) 412, [1999] ECR I-2603, ECJ. Restricting the scope of the Directive to exclude certain categories of waters on the basis of the fundamental role of phosphorus in the pollution of those waters is, however, incompatible with both the logic and objective of the Directive since nitrogen pollution can nevertheless be present: Case C-258/00 *EC Commission v France* [2002] ECR I-5959, [2002] All ER (D) 224 (Jun), ECJ.

4 See EC Council Directive 91/676 (OJ L375, 31.12.91, p 01) art 6.

- 5 See EC Council Directive 91/676 (OJ L375, 31.12.91, p 01) art 3(4).
- 6 See EC Council Directive 91/676 (OJ L375, 31.12.91, p 01) art 5.
- 7 See EC Council Directive 91/676 (OJ L375, 31.12.91, p 01) art 5(4).
- 8 As to the implementation of the Directive see the text and notes 11-12.
- 9 See EC Council Directive 91/676 (OJ L375, 31.12.91, p 01) art 4; the Water (Prevention of Pollution) (Code of Practice) Order 1998, SI 1998/3084 (revoked in regard to England by SI 2009/46); and PARA 320. See also the Water (Prevention of Pollution) (Code of Good Agricultural Practice) Order 2009, SI 2009/46; and PARA 320.
- 10 See EC Council Directive 91/676 (OJ L375, 31.12.91, p 01) Annex II.
- 11 See EC Council Directive 91/676 (OJ L375, 31.12.91, p 01) art 10.
- 12 See the Protection of Water against Agricultural Nitrate Pollution (England and Wales) Regulations 1996, SI 1996/888; and the Action Programme for Nitrate Vulnerable Zones (England and Wales) Regulations 1998, SI 1998/1202.
- 13 See the Nitrate Pollution Prevention Regulations 2008, SI 2008/2349; and the Nitrate Pollution Prevention (Wales) Regulations 2008, SI 2008/3143; and PARAS 318-319. It is to be noted that these new regulations do not re-enact the provisions relating to action programmes covered in the Action Programme for Nitrate Vulnerable Zones (England and Wales) Regulations 1998, SI 1998/1202, referred to in note 12.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(vi) Water Pollution and Water Quality/32. The Surface Freshwater Directives.

32. The Surface Freshwater Directives.

There were two main EU Directives concerned with the quality required of surface water intended for the abstraction of drinking water in the member states. The 1975 Surface Freshwater Directive¹ concerned the quality requirements which surface freshwater used or intended for use in the abstraction of drinking water ('surface water') must meet after application of appropriate treatment and its object is to reduce or prevent pollution of such water. The 1979 Surface Freshwater Directive² laid down the methods of measurement of the relevant parameters and the frequencies of sampling and analysis of such surface freshwater, and amends the earlier Directive in this respect. Both Directives were repealed by the Water Framework Directive, with effect from 22 December 2007³. Reference should also be made to the Drinking Water Directive⁴ which is discussed elsewhere in this work⁵.

1 Ie EC Council Directive 75/440 (OJ L194, 25.07.75, p 26) concerning the quality required of surface water intended for the abstraction of drinking water in the member states.

2 Ie EC Council Directive 79/869 (OJ L271, 29.10.79, p 44) concerning the methods of measurement and frequencies of sampling and analysis of surface water intended for the abstraction of drinking water in the member states.

3 See European Parliament and EC Council Directive 2000/60 (OJ L327, 22.12.2000, p 01) art 22(1). As to the Water Framework Directive see PARA 23.

4 Ie EC Council Directive 98/83 (OJ L330, 5.12.98, p 32) on the quality of water intended for human consumption.

5 See **WATER AND WATERWAYS** vol 100 (2009) PARA 371.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(vii) Waste Management/A. IN GENERAL/33. Introduction.

(vii) Waste Management

A. IN GENERAL

33. Introduction.

There is European Union legislation dealing generally with the management, treatment and disposal of waste¹. The legislation sets out a definition of waste².

Member states must take appropriate measures to encourage:

- 11 (1) the prevention or reduction of waste production and its harmfulness, in particular by: (a) the development of clean technologies more sparing in their use of natural resources; (b) the technical development and marketing of products designed so as to make no contribution or to make the smallest contribution, by the nature of their manufacture, use or final disposal, to increasing the amount of harmfulness of waste and pollution hazards; and (c) the development of appropriate techniques for the final disposal of dangerous substances contained in waste destined for recovery; and
- 12 (2) the recovery of waste by means of recycling, re-use or reclamation or any other process with a view to extracting secondary raw materials, or the use of waste as a source of energy³.

Member states must also take the necessary measures to ensure that waste is recovered or disposed of without endangering human health and without using processes or methods which could harm the environment⁴. Appropriate measures must be taken, in co-operation with other member states where this is necessary or advisable, to establish an integrated and adequate network of disposal installations, taking account of the best available technology not involving excessive cost⁵. In order to attain these objectives, the competent authority or authorities⁶ must draw up as soon as possible one or more waste management plans⁷.

Any establishment or undertaking which carries out certain disposal or recovery operations must generally obtain a permit from the competent authority⁸. Certain establishments or undertakings which collect or transport waste on a professional basis or which arrange the disposal or recovery of waste on behalf of others (dealers or brokers), where not subject to authorisation, must be registered with the competent authorities⁹.

There is also legislation aimed at harmonising laws of the member states on the controlled management of hazardous waste¹⁰ and in regard to end of life vehicles¹¹ and waste electrical and electronic equipment¹².

Waste management is a component of integrated pollution prevention and control¹³.

1 See EEC Council Directive 75/442 (OJ L194, 25.7.75, p 39) on waste (the 'Waste Framework Directive') (amended by EEC Council Directive 91/156 (OJ L78, 26.3.91, p 32); EEC Council Directive 91/692 (OJ L377, 31.12.91, p 48); and EC Commission Decision 96/350 (OJ L135, 6.6.96, p 32)). See also European Parliament and EC Council Directive 2006/12 (OJ L114, 27.4.2006, p 9) on waste (amended by European Parliament and EC Council Directive 2009/31 (OJ L140, 5.6.2009, p 14)) which is effectively a codification of EEC Council Directive

75/442 and its amendments. Reference should also be made generally to the Water Framework Directive (ie European Parliament and EC Council Directive 2008/98 (OJ L312, 22.11.2008, p 3) on waste and repealing certain Directives): see also note 10. For the purposes of implementation in the United Kingdom note that the Waste Management Licensing Regulations 1994, SI 1994/1056, have now generally been replaced by the Environmental Permitting (England and Wales) Regulations 2007, SI 2007/3538: see PARA 662 et seq; and see also PARA 661. As to the meaning of 'United Kingdom' see PARA 1 note 2. As to statistics relating to waste see European Parliament and EC Council Regulation 2150/2002 (OJ L332, 9.12.2002, p 1).

2 'Waste' means any substance or object in the categories set out in EEC Council Directive 75/442 (OJ L194, 25.7.75, p 39) Annex I which the holder discards or intends or is required to discard: art 1 (as substituted: see note 1). See also *Interpretative Communication on waste and by-products* (COM (2007) 59); and *Towards a Thematic Strategy on the prevention and recycling of waste* (COM (2003) 301). See further PARA 623.

Where a company has converted waste material into a distinct, marketable product that could be used in exactly the same way as an ordinary fuel, and with no worse environmental effects, that product ceased to be waste for the purposes of the waste regime in European Parliament and EC Council Directive 2006/12 (OJ L114, 27.4.2006, p 9) (see note 1): *R (on the application of OSS Group Ltd) v Environment Agency* [2007] EWCA Civ 611, [2007] 3 CMLR 798, [2008] Env LR 8. For a reference to the European Court of Justice for a preliminary ruling relating to the interpretation of Directive 2006/12 art 15(a) and in particular the 'polluter pays' principle see Case C-254/08: *Futura Immobiliare srl Hotel Futura v Commune di Casoria* [2009] 3 CMLR 1519, [2009] All ER (D) 14 (Sep), ECJ.

3 See EEC Council Directive 75/442 (OJ L194, 25.7.75, p 39) art 3 (as substituted: see note 1). This approach prioritises recycling over energy recovery: see *R v Bolton Metropolitan Borough Council, ex p Kirkman* (1997) 76 P & CR 548, [1998] JPL 787.

4 See EEC Council Directive 75/442 (OJ L194, 25.7.75, p 39) art 4 (as substituted: see note 1). The objectives referred to are something different from material considerations. They are ends at which to aim whereas a material consideration is a factor to be taken into account when making a decision and the objective to be attained would be such a consideration. See *R (on the application of Thornby Farms Ltd) v Daventry District Council, R (on the application of Murray) v Derbyshire County Council* [2002] EWCA Civ 31, [2003] QB 503, [2002] 3 WLR 875.

See Case C-236/92: *Comitato di Coordinamento per la Difesa della Cava v Regione Lombardia* [1994] ECR I-483, [1994] Env LR 281, ECJ (no direct effect of EEC Council Directive 75/442 (OJ L194, 25.7.75, p 39) art 4); Case C-365/97: *EC Commission v Italy* [1999] ECR I-7773; Case C-387/97: *EC Commission v Greece* [2000] ECR I-5047, ECJ (breach of EEC Council Directive 75/442 (OJ L194, 25.7.75, p 39) art 4 and financial penalties); Case C-494/01: *EC Commission v Ireland* [2006] All ER (EC) 188, [2005] ECR I-333, ECJ (discretion under EEC Council Directive 75/442 (OJ L194, 25.7.75, p 39) art 4). As to the translation of EEC Council Directive 75/442 (OJ L194, 25.7.75, p 39) art 4 into domestic obligations see also *R v Environment Agency and Redland Aggregates, ex p Gibson, R v Environment Agency and Redland Aggregates, ex p Leam, R v Leicestershire County Council, ex p Sellers and Petty EA* [1999] Env LR 73; *R v Leicestershire County Council, ex p Blackfordby* [2001] Env LR 2; *Derbyshire Waste Ltd v Blewett* [2004] EWCA Civ 1508, [2005] JPL 620, [2005] Env LR 15; *R (on the application of Horner) v Lancashire County Council* [2005] EWHC 2273 (Admin), [2006] Env LR 14, [2006] JPL 664. See also Case C-188/08: *EC Commission v Ireland* [2009] All ER (D) 129 (Nov), ECJ (by failing fully and correctly to transpose into its domestic legislation the requirements of Directive 75/442 arts 4 and 8 Ireland had failed to fulfil its obligations under that Directive).

5 See EEC Council Directive 75/442 (OJ L194, 25.7.75, p 39) art 5 (as substituted: see note 1).

6 ie the competent authority or authorities established or designated under EEC Council Directive 75/442 (OJ L194, 25.7.75, p 39) art 6 (as substituted: see note 1).

7 See EEC Council Directive 75/442 (OJ L194, 25.7.75, p 39) art 7 (as substituted: see note 1).

8 See EEC Council Directive 75/442 (OJ L194, 25.7.75, p 39) arts 9, 10 (as substituted: see note 1). See also Annexes IIA, IIB (as added: see note 1). As to exemptions see art 11 (as so substituted). As to the distinction between disposal and recovery operations see Joined Cases C-307/00 to C-311/00: *Oliefhandel Koeweit BV v Minister van Volkshuisvesting, Ruimtelijke Ordening en Milieubeheer* [2003] ECR I-1821, [2003] 2 CMLR 273, ECJ.

9 See EEC Council Directive 75/442 (OJ L194, 25.7.75, p 39) art 12 (as substituted: see note 1).

10 See EEC Council Directive 91/689 (OJ L337, 31.12.91, p 20) on hazardous waste (the 'Hazardous Waste Directive') (amended by EC Council Directive 94/31 (OJ L168, 2.7.94, p 28)). As to what constitutes hazardous waste see EEC Council Directive 91/689 (OJ L337, 31.12.91, p 20) art 1, Annexes I, II, III. EEC Council Directive 91/689 is replaced with effect from 12 December 2010 by European Parliament and EC Council Directive 2008/98 (OJ L312, 22.11.2008, p 3) on waste and repealing certain Directives. For the purposes of implementation in the United Kingdom the Hazardous Waste (England and Wales) Regulations 2005, SI

2005/894, and the Hazardous Waste (Wales) Regulations 2005, SI 2005/1806, were made: see PARA 620 et seq. See also PARA 705. There is special provision relating to the shipment of radioactive waste: see PARA 51.

11 See European Parliament and EC Council Directive 2000/53 (OJ L 269, 21.10.2000, p 34) on end-of-life vehicles (amended by European Parliament and EC Council Directive 2008/33 (OJ L81, 20.3.2008, p 62); and European Parliament and EC Council Directive 2008/112 (OJ L345, 23.12.2008, p 68)). For the purposes of implementation in the United Kingdom the End-of-Life Vehicles Regulations 2003, SI 2003/2635, were made: see PARA 651. See also PARA 39 in regard to packaging Directives. See also the European Commission's *Communication on Integrated Product Policy* (COM (2003) 302 final).

12 See European Parliament and EC Council Directive 2002/95 (OJ L37, 13.3.2003, p 19) on the restriction of the use of certain hazardous substances in electrical and electronic equipment (amended by European Parliament and EC Council Decision 2005/618 (OJ L214, 19.8.2005, p 65); European Commission Decision 2005/717 (OJ L271, 15.10.2005, p 48); European Commission Decision 2005/747 (OJ L280, 25.10.2005, p 18); European Commission Decision 2006/310 (OJ L115, 28.4.2006, p 38); and European Parliament and EC Council Directive 2008/35 (OJ L81, 20.3.2008, p 67)); and European Parliament and EC Council Directive 2002/96 (OJ L37, 13.2.2003, p 24) on waste electrical and electronic equipment (amended by European Parliament and EC Council Directive 2003/108 (OJ L345, 31.12.2003, p 106); European Parliament and EC Council Directive 2008/108 (OJ L81, 20.3.2008, p 65); and European Parliament and EC Council Directive 2008/112 (OJ L345, 23.12.2008, p 68)). As to the meaning of 'waste electrical and electronic equipment' see Directive 2002/96 art 3. See the Hazardous Waste (England and Wales) Regulations 2005, SI 2005/894; the Hazardous Waste (Wales) Regulations 2005, SI 2005/1806; and PARA 705. For the purposes of implementation in the United Kingdom of European Parliament and EC Council Directive 2002/95 (OJ L37, 13.3.2003, p 19) the Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment Regulations 2008, SI 2008/37 (amended by SI 2009/581) were made. See also PARA 39. For the purposes of implementation of European Parliament and EC Council Directive 2002/96 the Waste Electrical and Electronic Equipment Regulations 2006, SI 2006/3289, were made: see PARA 652.

13 As to integrated pollution prevention and control see PARA 6. See also PARA 158 et seq.

UPDATE

33 Introduction

TEXT AND NOTES--See also Provision of Services Regulations 2009, SI 2009/2999; and **SALE OF GOODS AND SUPPLY OF SERVICES** vol 41 (2005 Reissue) PARA 385A.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(vii) Waste Management/B. SPECIFIC TYPES OF WASTE/34. Waste oils.

B. SPECIFIC TYPES OF WASTE

34. Waste oils.

There is specific provision in European Union legislation relating to the disposal of waste oils¹. Member states must take the necessary measures to ensure that waste oils are collected and disposed of without causing any avoidable damage to man and the environment². Priority must be given the processing of waste oils by regeneration³. Where waste oils are not regenerated, measures necessary to ensure that any combustion of waste oils is carried out under environmentally acceptable conditions must be taken, provided that such combustion is technically, economically and organisationally feasible⁴. Where waste oils are neither regenerated nor burned, measures necessary to ensure their safe destruction or their controlled storage or tipping must be taken⁵. Necessary measures must be taken to ensure the prohibition of: (1) any discharge of waste oils into inland surface water, ground water, territorial sea water and drainage systems; (2) any deposit or discharge of waste oils harmful to the soil and any uncontrolled discharge of residues resulting from the processing of waste oils; and (3) any processing of waste oils causing air pollution which exceeds existing prescribed levels⁶. Any undertaking which collects waste oils must be registered and adequately supervised⁷, and any undertaking which disposes of waste oils must obtain a permit⁸. In general, permits may be granted to undertakings which regenerate waste oils or use waste oils as fuel only where all appropriate environmental and health protection measures have been taken, including use of the best technology available where the cost is not excessive⁹.

1 See EEC Council Directive 75/439 (OJ L194, 25.7.75, p 23) on the disposal of waste oils (amended by EEC Council Directive 87/101 (OJ L42, 12.2.87, p 43); and EEC Council Directive 91/692 (OJ L377, 31.12.91, p 48)). EEC Council Directive 75/439 is replaced with effect from 12 December 2010 by European Parliament and EC Council Directive 2008/98 (OJ L312, 22.11.2008, p 3) on waste and repealing certain Directives. For the purposes of implementation in the United Kingdom the Environmental Permitting (England and Wales) Regulations 2007, SI 2007/3538 (replacing the Waste Management Licensing Regulations 1994, SI 1994/1056), the Hazardous Waste (England and Wales) Regulations 2005, SI 2005/894, and the Hazardous Waste (Wales) Regulations 2005, SI 2005/1806, were made: see PARA 620 et seq. As to the meaning of 'United Kingdom' see PARA 1 note 2.

2 See EEC Council Directive 75/439 (OJ L194, 25.7.75, p 23) art 2 (as substituted: see note 1). See also European Parliament and EC Council Directive 2008/98 (OJ L312, 22.11.2008, p 3); and note 1.

3 See EEC Council Directive 75/439 (OJ L194, 25.7.75, p 23) art 3 (as substituted: see note 1). See also European Parliament and EC Council Directive 2008/98 (OJ L312, 22.11.2008, p 3); and note 1. See also Case C-102/97: *EC Commission v Germany* [1999] ECR I-5051, [1999] 3 CMLR 631, ECJ; Case C-15/03: *EC Commission v Austria* [2005] ECR I-837, [2005] All ER (D) 256 (Jan), ECJ; Case C-92/03: *EC Commission v Portugal* [2005] ECR I-867, [2005] All ER (D) 268 (Jan), ECJ. As to regeneration see EEC Council Directive 75/439 (OJ L194, 25.7.75, p 23) art 7 (as added: see note 1).

4 See EEC Council Directive 75/439 (OJ L194, 25.7.75, p 23) art 3 (as substituted: see note 1). See also European Parliament and EC Council Directive 2008/98 (OJ L312, 22.11.2008, p 3); and note 1.

5 See EEC Council Directive 75/439 (OJ L194, 25.7.75, p 23) art 3 (as substituted: see note 1). See note 1.

6 See EEC Council Directive 75/439 (OJ L194, 25.7.75, p 23) art 4 (as substituted: see note 1). See also European Parliament and EC Council Directive 2008/98 (OJ L312, 22.11.2008, p 3); and note 1.

7 See EEC Council Directive 75/439 (OJ L194, 25.7.75, p 23) art 5 (as substituted: see note 1). See also European Parliament and EC Council Directive 2008/98 (OJ L312, 22.11.2008, p 3); and note 1.

8 See EEC Council Directive 75/439 (OJ L194, 25.7.75, p 23) art 6 (as substituted: see note 1). See also European Parliament and EC Council Directive 2008/98 (OJ L312, 22.11.2008, p 3); and note 1.

9 See EEC Council Directive 75/439 (OJ L194, 25.7.75, p 23) art 6 (as substituted: see note 1). See also European Parliament and EC Council Directive 2008/98 (OJ L312, 22.11.2008, p 3); and note 1.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(vii) Waste Management/B. SPECIFIC TYPES OF WASTE/35. Polychlorinated biphenyls etc.

35. Polychlorinated biphenyls etc.

There is European Union legislation for the approximation of the laws of the member states on the controlled disposal of PCBs, the decontamination or disposal of equipment containing PCBs and the disposal of used PCBs in order to eliminate them completely¹. 'PCBs' means polychlorinated biphenyls, polychlorinated terphenyls, monomethyl-tetrachlorodiphenyl methane, monomethyl-dichloro-diphenyl methane, monomethyl-dibromo-diphenyl methane, and any mixture containing more than a certain percentage by weight of any of these substances². 'Equipment containing PCBs' means any equipment containing, or having contained, PCBs which has not been decontaminated; and equipment of a type which may contain PCBs must be treated as if it contains PCBs unless it is reasonable to assume the contrary³.

Member states must take the necessary measures to ensure that used PCBs are disposed of and that PCBs and equipment containing PCBs are decontaminated or disposed of as soon as possible⁴. Inventories of equipment containing PCBs must be kept⁵. Permits⁶ are required for all undertakings engaged in the decontamination or disposal of PCBs, used PCBs or equipment containing PCBs⁷.

1 See EC Council Directive 96/59 (OJ L243, 24.9.96, p 31) on the disposal of polychlorinated biphenyls and polychlorinated terphenyls. For the purposes of implementation in the United Kingdom of Directive 96/59 the Environmental Protection Act 1990 (Extension of Section 140) Regulations 1999, SI 1999/396, were made, as were the Environmental Protection (Disposal of Polychlorinated Biphenyls and other Dangerous Substances) (England and Wales) Regulations 2000, SI 2000/1043 (see also PARA 790). As to the meaning of 'United Kingdom' see PARA 1 note 2. See PARA 62.

See also European Parliament and EC Council Regulation 1907/2006 (OJ L396 30.12.2006 p 1; corrected version in OJ L136, 29.5.2007, p 3) concerning the registration, evaluation, authorisation and restriction of chemicals ('REACH') (amended by EC Commission Regulation 987/2008 (OJ L268, 9.10.2008, p 14); European Parliament and EC Council Regulation 1272/2008 (OJ L353, 31.12.2008, p 1); and EC Commission Regulation 134/2009 (OJ L46, 17.2.2009, p 3)) which repealed from June 2009 EEC Council Directive 76/769 (OJ L262, 27.9.76, p 201) on the approximation of the laws, regulations and administrative provisions of the member states relating to restrictions on the marketing and use of certain dangerous substances and preparations. An obligation under Regulation 1907/2006 which requires a competent authority to do anything in relation to the United Kingdom as a whole must be complied with, in relation to England and Wales, by the Secretary of State and the Welsh Ministers: REACH (appointment of Competent Authorities) Regulations 2007, SI 2007/1742; and as to the enforcement of Regulation 1907/2006 see the REACH Enforcement Regulations 2008, SI 2008/2852; and PARAS 338, 790. See also European Parliament and EC Council Directive 2006/121 (OJ L396, 30.12.2006, p 795) amending Directive 67/548 on the approximation of laws, regulations and administrative provisions relating to the classification, packaging and labelling of dangerous substances in order to adapt it to Regulation 1907/2006 concerning the Registration, Evaluation and Restriction on Chemicals (REACH) and establishing a European Chemicals Agency; and the Chemicals (Hazardous Information and Packaging for Supply) Regulations 2009, SI 2009/716. See generally **HEALTH AND SAFETY AT WORK** vol 53 (2009) PARAS 571, 574 et seq.

2 See EC Council Directive 96/59 (OJ L243, 24.9.96, p 31) art 2.

3 See EC Council Directive 96/59 (OJ L243, 24.9.96, p 31) art 2.

4 See EC Council Directive 96/59 (OJ L243, 24.9.96, p 31) art 3. As to disposal by incineration see arts 7, 8; and PARAS 41-42.

5 See EC Council Directive 96/59 (OJ L243, 24.9.96, p 31) art 4.

6 le permits obtained in accordance with EEC Council Directive 75/442 (OJ L194, 25.7.75, p 39) art 9: see
PARA 33.

7 See EC Council Directive 96/59 (OJ L243, 24.9.96, p 31) art 8.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(vii) Waste Management/B. SPECIFIC TYPES OF WASTE/36. Use of sewage sludge in agriculture.

36. Use of sewage sludge in agriculture.

There is particular European Union legislation in relation to the use of sewage sludge in agriculture¹. The purpose of this legislation is to regulate of the use of sewage sludge in agriculture in such a way as to prevent harmful effects on soil, vegetation, animals and man, thereby encouraging the correct use of such sludge². Member states must prohibit the use of sludge when the concentration of heavy metals in the soil exceeds stated limit values³.

1 See EEC Council Directive 86/278 (OJ L181, 4.7.86, p 6) on the protection of the environment, and in particular of the soil, when sewage sludge is used in agriculture (amended by EEC Council Directive 91/692 (OJ L377, 31.12.91, p 48)). For the purposes of implementation in the United Kingdom the Sludge (Use in Agriculture) Regulations 1989, SI 1989/1263, were made: see PARA 1072; and **AGRICULTURAL PRODUCTION AND MARKETING** vol 1 (2008) PARA 969 et seq. As to the meaning of 'United Kingdom' see PARA 1 note 2.

Disposal of sludge at sea is prohibited: see EEC Council Directive 91/271 (OJ L135, 30.5.91, p 40) concerning urban waste water treatment (amended by EC Commission Directive 98/15 (OJ L67, 7.3.98, p 29)). See Case C-416/02: *EC Commission v Spain* [2005] ECR I-7487, [2005] All ER (D) 65 (Sep), ECJ (certain sludge from manure/slurry/sewage not waste when spread on land).

2 See EEC Council Directive 86/278 (OJ L181, 4.7.86, p 6) art 1.

3 See EEC Council Directive 86/278 (OJ L181, 4.7.86, p 6) art 5.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(vii) Waste Management/B. SPECIFIC TYPES OF WASTE/37. Batteries and accumulators.

37. Batteries and accumulators.

There is European Union legislation relating to the recovery and controlled disposal of spent batteries and accumulators containing certain amounts of mercury, cadmium or lead¹.

1 European Parliament and EC Council Directive 2006/66 (OJ L266 26.9.2006 p 1) on batteries and accumulators and waste batteries and accumulators (amended by European Parliament and EC Council Directive 2008/12 (OJ L76, 19.3.2008, p 39); and European Parliament and EC Council Directive 2008/103 (OJ L327, 5.12.2008, p 7)) which repeals and replaces EEC Council Directive 91/157 (OJ L78, 26.3.91, p 38) on batteries and accumulators containing certain dangerous substances. See also EC Commission Decision 2008/763 (OJ L262, 1.10.2008, p 39). For the purposes of implementing Directive 2006/66 in the United Kingdom the Batteries and Accumulators (Placing on the Market) Regulations 2008, SI 2008/2164, and the Waste Batteries and Accumulators Regulations 2009, SI 2009/890 (amended by SI 2009/3381) were made: see **SALE OF GOODS AND SUPPLY OF SERVICES**. As to the meaning of 'United Kingdom' see PARA 1 note 2.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(vii) Waste Management/B. SPECIFIC TYPES OF WASTE/38. Titanium dioxide waste.

38. Titanium dioxide waste.

There is European Union legislation providing for the prevention and progressive reduction, with a view to its elimination, of pollution caused by waste from the titanium dioxide industry¹. Titanium dioxide is a white pigment used in paints and for other purposes. Member states must take the necessary measures to ensure that waste is disposed of without endangering human health and without harming the environment² and must take appropriate measures to encourage the prevention, recycling and processing of waste, the extraction of raw materials, and any other process for the re-use of waste³. Discharge, dumping, storage, tipping and injection of waste are prohibited without prior authorisation⁴ and are subject to monitoring⁵. There is provision for the drawing up of programmes for the progressive reduction and eventual elimination of pollution caused by waste from existing industrial establishments⁶, and restrictions in relation to new industrial establishments⁷. There is also provision for surveillance and monitoring of the environment⁸.

1 See EEC Council Directive 78/176 (OJ L54, 25.2.78, p 19) on waste from the titanium dioxide industry (amended by EEC Council Directive 82/883 (OJ L378, 31.12.82, p 1); EEC Council Directive 83/29 (OJ L32, 3.2.83, p 28); and EEC Council Directive 91/692 (OJ L377, 31.12.91, p 48)). See also EEC Council Directive 92/112 (OJ L409, 31.12.92, p 11) on procedures for harmonising the programmes for the reduction and eventual elimination of pollution caused by waste from the titanium dioxide industry. In the United Kingdom the manufacture of titanium dioxide is a prescribed process under the Environmental Protection Act 1990 Pt I (ss 1-28) (prospectively repealed) and subject to integrated pollution control: see PARA 158 et seq. As to the meaning of 'United Kingdom' see PARA 1 note 2.

2 See EEC Council Directive 78/176 (OJ L54, 25.2.78, p 19) art 2.

3 See EEC Council Directive 78/176 (OJ L54, 25.2.78, p 19) art 3.

4 See EEC Council Directive 78/176 (OJ L54, 25.2.78, p 19) art 4.

5 See EEC Council Directive 78/176 (OJ L54, 25.2.78, p 19) art 7, Annex II.

6 See EEC Council Directive 78/176 (OJ L54, 25.2.78, p 19) art 9.

7 See EEC Council Directive 78/176 (OJ L54, 25.2.78, p 19) art 11.

8 See EEC Council Directive 78/176 (OJ L54, 25.2.78, p 19) art 7(3). See also EEC Council Directive 82/883 (OJ L378, 31.12.82, p 1) on procedures for the surveillance and monitoring of environments concerned by waste from the titanium dioxide industry.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(vii) Waste Management/B. SPECIFIC TYPES OF WASTE/39. Packaging, packaging waste and related matters.

39. Packaging, packaging waste and related matters.

There is European Union legislation which aims inter alia to harmonise national packaging waste management measures and to prevent or reduce the environmental impact of packaging waste¹. Packaging must comply with essential requirements², and there is provision for re-use, recovery and recycling³. Systems of marking and identifying packaging have been introduced to assist in the management of packaging waste⁴.

There is also EU legislation on end-of-life vehicles⁵, and in regard to waste electrical and electronic equipment and the restriction on the use of hazardous substances⁶.

All this legislation could be considered as part of a group of Directives involving 'producer responsibility'⁷.

1 See European Parliament and EC Council Directive 94/62 (OJ L365, 31.12.94, p 10) on packaging and waste (amended by European Parliament and EC Council Directive 2004/12 (OJ L47, 18.2.2004, p 26); and European Parliament and EC Council Directive 2005/20 (OJ L70, 16.3.2005, p 17)). For the purposes of implementation in the United Kingdom the Producer Responsibility Obligations (Packaging Waste) Regulations 2007, SI 2007/871, were made: see PARAS 648-650. For the purposes of implementation of Directive 94/62 (OJ L365, 31.12.94, p 10) arts 9, 11 in regard to the essential requirements to be satisfied by packaging the Packaging (Essential Requirements) Regulations 2003, SI 2003/1941, were made: see **SALE OF GOODS AND SUPPLY OF SERVICES** vol 41 (2005 Reissue) PARA 844 et seq. As to the meaning of 'United Kingdom' see PARA 1 note 2. Plastic plant pots in which a nursery grows its plants constitute 'packaging' if, at the time the plants are put in the pots, it is intended that they are to be used in the process of sale: *Davies v Hillier Nurseries Ltd* [2001] EWHC 28 (Admin), (2001) Times, 16 February, [2001] All ER (D) 210 (Jan), DC. See also *R (on the application of Valpak Ltd) v Environment Agency* [2002] EWHC 1510 (Admin), [2002] Env LR 36, [2002] All ER (D) 357 (May) (definition of retailer bottles); Case C-341/01: *Plato Plastik Robert Frank GmbH v Caropack Handelsgesellschaft mbH* [2004] ECR I-4883, [2004] 3 CMLR 632, [2005] Env LR 7, ECJ (definition of 'packaging' in regard to plastic carrier bags).

2 See European Parliament and EC Council Directive 94/62 (OJ L365, 31.12.94, p 10) art 9, Annex II. See note 1.

3 See European Parliament and EC Council Directive 94/62 (OJ L365, 31.12.94, p 10) arts 4-7 (arts 4, 6 as substituted and amended: see note 1).

4 See EC Commission Decision 97/129 (OJ L50, 20.2.97, p 28) establishing the identification system for packaging materials; and EC Commission Decision 97/138 (OJ L52, 22.2.97, p 22) establishing the formats relating to the database system.

5 See European Parliament and EC Council Directive 2000/53 (OJ L 269, 21.10.2000, p 34) on end-of-life vehicles (amended by European Parliament and EC Council Directive 2008/112 (OJ L345, 23.12.2008, p 68). For the purposes of implementation in the United Kingdom the End-of-Life Vehicles Regulations 2003, SI 2003/2635, were made: see PARA 651. See also PARA 33.

6 As to waste electrical and electronic equipment and restrictions on the use of hazardous substances see PARA 33.

7 In the context of 'producer responsibility' reference should also be made to other EU waste initiatives: see European Commission *Communication on Integrated Product Policy* (COM (2003) 302 final).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(vii) Waste Management/B. SPECIFIC TYPES OF WASTE/40. Animal waste.

40. Animal waste.

There is European Union legislation which lays down the animal and public health requirements for animal by-products not intended for humans¹. 'Animal by-products' means entire bodies or parts of animal origin as set out in the legislation².

¹ See European Parliament and EC Council Regulation 1774/2002 (OJ L273, 10.10.2002, p 1) laying down health rules concerning animal by-products not intended for human consumption (amended by EC Commission Regulation 808/2003 (OJ L117, 13.5.2003, p 1); EC Commission Regulation 668/2004 (OJ L112, 19.4.2004, p 1); EC Commission Regulation 668/2004 (OJ L112, 19.4.2004, p 1); EC Commission Regulation 878/2004 (OJ L162, 30.4.2004, p 62); EC Commission Regulation 12/2005 (OJ L5, 7.1.2005, p 3); EC Commission Regulation 79/2005 (OJ L16, 20.1.2005, p 46); EC Commission Regulation 92/2005 (OJ L19, 21.1.2005, p 27); EC Commission Regulation 93/2005 (OJ L19, 21.1.2005, p 34); EC Commission Regulation 92/2005 (OJ L19, 21.1.2005, p 27); EC Commission Regulation 92/2005 (OJ L19, 21.1.2005, p 34); EC Commission Regulation 416/2005 (OJ L66, 12.3.2005, p 10); EC Commission Regulation 181/2006 (OJ L29, 2.2.2006, p 31); EC Commission Regulation 208/2006 (OJ L36, 8.2.2006, p 25); EC Commission Regulation 829/2007 (OJ L191, 21.7.2007, p 1); EC Commission Regulation 1256/2007 (OJ L282, 26.10.2007, p 30); EC Commission Regulation 523/2008 (OJ L153, 12.6.2008, p 23); and EC Commission Regulation 777/2008 (OJ L207, 5.8.2008, p 9)). As to the implementation of European Parliament and EC Council Regulation 1774/2002 (OJ L273, 10.10.2002, p 1) see EC Commission Regulation 811/2003 (OJ L117, 13.5.2003, p 14); EC Commission Decision 2003/322 (OJ L117, 13.5.2003, p 32); EC Commission Decision 2003/324 (OJ L117, 13.5.2003, p 37); and EC Commission Regulation 2007/2006 (OJ L379, 28.12.2006, p 98).

For the purposes of implementation in the United Kingdom the Animal By-Product Regulations 2005, SI 2005/2347, were made: see **ANIMALS**. As to the meaning of 'United Kingdom' see PARA 1 note 2.

² See European Parliament and EC Council Regulation 1774/2002 (OJ L273, 10.10.2002, p 1) art 2.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(vii) Waste Management/C. WASTE DISPOSAL/(A) Incineration/41. Municipal waste incineration.

C. WASTE DISPOSAL

(A) INCINERATION

41. Municipal waste incineration.

There is European Union legislation for the reduction or prevention of air pollution from existing and new municipal waste incineration plants¹. 'Municipal waste' means domestic refuse, as well as commercial or trade refuse and other waste which, because of its nature or composition, is similar to domestic refuse². The provisions set air emission limit values³ and regulate the permitting, design, equipment and operation of municipal waste incineration plants, based on best available technology⁴. While these provisions cover incineration and co-incineration plants they however do not apply to certain plants treating only the following wastes: vegetable waste from agriculture and forestry, from the food processing industry, certain fibrous vegetable waste, certain wood waste, cork waste, radioactive waste, certain animal carcasses, certain waste from offshore oil and gas exploration; they also do not apply to experimental plants used for research, development and testing to improve the incineration process and treating less than a certain amount of waste each year⁵.

1 See European Parliament and EC Council Directive 2000/76 (OJ L332, 28.12.2001, p 91) on the incineration of waste, which covers incineration and co-incineration plants. This Directive repeals both EEC Council Directive 89/369 (OJ L163, 14.6.89, p 32) on the prevention of air pollution from new municipal waste incineration plants and EEC Council Directive 89/429 (OJ L203, 15.7.89, p 50) on the reduction of air pollution from existing municipal waste incineration plants, with effect from 28 December 2005. As to air pollution from industrial installations see PARA 11. For the purposes of implementation of the latter two Directives in the United Kingdom the Environmental Protection Act 1990 Pt I (ss 1-28) (prospectively repealed) was passed: see PARA 158 et seq. For the purposes of implementing European Parliament and EC Council Directive 2000/76 (OJ L332, 28.12.2001, p 91) in part in the United Kingdom the Waste Incineration (England and Wales) Regulations 2002, SI 2002/2980, were made, which amongst other things amended the Waste Management Licensing Regulations 1994, SI 1994/1056, and the Pollution Prevention and Control (England and Wales) Regulations 2000, SI 2000/1973, but all these regulations have for the most part been repealed and replaced by the Environmental Permitting (England and Wales) Regulations 2007, SI 2007/3538: see PARAS 186, 662 et seq. Incinerators in the United Kingdom may be subject to local authority air pollution control instead of the integrated pollution control regime, depending on capacity. As to the meaning of 'United Kingdom' see PARA 1 note 2. See also *R (on the application of Edwards) v Environment Agency* [2008] UKHL 22, [2009] 1 All ER 57, [2008] 1 WLR 1587.

2 See European Parliament and EC Council Directive 2000/76 (OJ L332, 28.12.2001, p 91) arts 2, 3. See also EEC Council Directive 89/369 (OJ L163, 14.6.89, p 32) art 1 (repealed); and EEC Council Directive 89/429 (OJ L203, 15.7.89, p 50) art 1 (repealed).

3 See European Parliament and EC Council Directive 2000/76 (OJ L332, 28.12.2001, p 91) art 7. See also EEC Council Directive 89/369 (OJ L163, 14.6.89, p 32) art 3 (repealed); and EEC Council Directive 89/429 (OJ L203, 15.7.89, p 50) art 3 (repealed).

4 See European Parliament and EC Council Directive 2000/76 (OJ L332, 28.12.2001, p 91) arts 3-6, 8-17. See also EEC Council Directive 89/369 (OJ L163, 14.6.89, p 32) arts 2, 4-9 (repealed); and EEC Council Directive 89/429 (OJ L203, 15.7.89, p 50) arts 2, 4-8 (repealed).

5 See European Parliament and EC Council Directive 2000/76 (OJ L332, 28.12.2001, p 91) art 2. See also EEC Council Directive 89/369 (OJ L163, 14.6.89, p 32) art 1 (repealed); and EEC Council Directive 89/429 (OJ L203, 15.7.89, p 50) art 1 (repealed). As to incineration of hazardous waste see PARA 42.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(vii) Waste Management/C. WASTE DISPOSAL/(A) Incineration/42. Hazardous waste incineration.

42. Hazardous waste incineration.

Particular provision is made in European Union legislation for dealing with the incineration of hazardous waste¹. The legislation aims to prevent or, where that is not practicable, to reduce as far as possible negative effects on the environment, and the resulting risks to human health, from hazardous waste incineration².

A permit for hazardous waste incineration may only be granted if the incineration plant is designed, equipped and operated in such a manner that environmental pollution prevention requirements are met³. The provisions set air emission limit values⁴, and detailed compliance monitoring is required⁵.

Waste water discharges from incineration plants are also subject to a permit process, and must be limited as far as possible⁶.

1 See European Parliament and EC Council Directive 2000/76 (OJ L332, 28.12.2001, p 91) on the incineration of waste, which covers incineration and co-incineration plants, and hazardous waste (as to the meaning of which see art 3(2)). This Directive repeals EC Council Directive 94/67 (OJ L365, 31.12.94, p 34) on the incineration of hazardous waste, with effect from 28 December 2005. For the purposes of implementation of the latter Directive in the United Kingdom the Environmental Protection Act 1990 Pt I (ss 1-28) (prospectively repealed) was passed: see PARA 158 et seq. As to the meaning of 'United Kingdom' see PARA 1 note 2. For the purposes of implementing European Parliament and EC Council Directive 2000/76 (OJ L332, 28.12.2001, p 91) in part in the United Kingdom the Waste Incineration (England and Wales) Regulations 2002, SI 2002/2980, were made, which amongst other things amended the Waste Management Licensing Regulations 1994, SI 1994/1056, and the Pollution Prevention and Control (England and Wales) Regulations 2000, SI 2000/1973, but these regulations have been replaced by the Environmental Permitting (England and Wales) Regulations 2007, SI 2007/3538: see PARAS 186, 662 et seq. As to the disposal of waste oils see PARA 34; and as to the disposal of animal waste see PARA 40. See also *R (on the application of Edwards) v Environment Agency* [2008] UKHL 22, [2009] 1 All ER 57, [2008] 1 WLR 1587.

2 See European Parliament and EC Council Directive 2000/76 (OJ L332, 28.12.2001, p 91) arts 1, 2. See also EC Council Directive 94/67 (OJ L365, 31.12.94, p 34) art 1 (repealed). See also PARA 41.

3 See European Parliament and EC Council Directive 2000/76 (OJ L332, 28.12.2001, p 91) art 4. See also EC Council Directive 94/67 (OJ L365, 31.12.94, p 34) art 3 (repealed). As to the environmental pollution prevention requirements see EC Council Directive 94/67 (OJ L365, 31.12.94, p 34) arts 5-12 (repealed).

4 See European Parliament and EC Council Directive 2000/76 (OJ L332, 28.12.2001, p 91) art 7. See also EC Council Directive 94/67 (OJ L365, 31.12.94, p 34) art 7 (repealed).

As to the emission of dioxins and furins see EC Commission Decision 97/283 (OJ L113, 30.4.97, p 11) on harmonised measurement methods to determine the mass concentration of dioxins and furans in atmospheric emissions.

5 See European Parliament and EC Council Directive 2000/76 (OJ L332, 28.12.2001, p 91) art 10. See also EC Council Directive 94/67 (OJ L365, 31.12.94, p 34) art 11 (repealed).

6 See European Parliament and EC Council Directive 2000/76 (OJ L332, 28.12.2001, p 91) art 8. See also EC Council Directive 94/67 (OJ L365, 31.12.94, p 34) art 8 (repealed).

As to groundwater see EEC Council Directive 80/68 (OJ L20, 26.1.80, p 43) on the protection of groundwater against pollution caused by certain dangerous substances; PARA 23; and PARA 28.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(vii) Waste Management/C. WASTE DISPOSAL/(B) Landfill/43. Landfill.

(B) LANDFILL

43. Landfill.

There is European Union legislation¹ which aims to prevent or reduce as far as possible negative effects on the environment, as well as any resulting risk to human health, from landfilling of waste². The legislation requires each landfill to be classified as: (1) landfill for hazardous waste; (2) landfill for non-hazardous waste; or (3) landfill for inert waste³. Member states are required to establish national strategies to reduce biodegradable waste for landfill in accordance with timetables for reductions⁴, and must take measures to ensure that certain wastes are not accepted in a landfill⁵. Detailed provision is made for the permitting of landfills and the conditions accompanying a permit⁶. Provision is also made for the control and monitoring of operational landfills⁷, and for closure and after-care procedures⁸. A time limit is set within which existing landfills must be adapted so as to comply with these requirements⁹.

1 See EC Council Directive 99/31 (OJ L182, 16.7.99, p 1) on the landfill of waste. For the purposes of implementation of this Directive in the United Kingdom reference should be made to the pollution control regime for landfills set out in the Landfill (England and Wales) Regulations 2002, SI 2002/1559, which have been repealed and replaced by the Environmental Permitting (England and Wales) Regulations 2007, SI 2007/3538: see PARAS 186, 662 et seq. See also the Pollution Prevention and Control (Designation of Directives) (England and Wales) Order 2010, SI 2010/75; and PARA 187. As to the meaning of 'United Kingdom' see PARA 1 note 2.

See also EC Council Decision 2003/33 (OJ L11, 16.1.2003, p 27) on the criteria and procedures for the acceptance of waste at landfills.

As to the implementation of EC Council Directive 99/31 (OJ L182, 16.7.99, p 1) see *Derbyshire Waste Ltd v Blewett* [2004] EWCA Civ 1508, [2005] JPL 620, [2005] Env LR 15. See also *Blackland Park Exploration Ltd v Environment Agency* [2003] EWCA Civ 1795, [2004] Env LR 33, (2004) Times, 2 January, [2003] All ER (D) 249 (Dec) (definition of landfill); *Environment Agency v Hillridge Ltd* [2003] EWHC 3023 (Ch), [2004] Env LR 32 (financial provision); *R (on the application of Lewis) v Environment Agency* [2005] EWHC 1110 (Admin), [2005] All ER (D) 182 (May) (application of EC Council Directive 99/31 (OJ L182, 16.7.99, p 1) and possible overlap with implementation of EEC Council Directive 80/68 (OJ L20, 26.1.80, p 43) on groundwater (see PARA 23)); Case C-6/03: *Deponiezweckverband Eiterkopfe v Land Rheinland-Pfalz* [2005] ECR I-2753, [2005] Env LR 37, ECJ (German rules laying down more stringent rules than required).

2 See EC Council Directive 99/31 (OJ L182, 16.7.99, p 1) art 1.

3 See EC Council Directive 99/31 (OJ L182, 16.7.99, p 1) art 3. 'Landfill' means a waste disposal site for the deposit of waste onto or into land: see art 2.

4 See EC Council Directive 99/31 (OJ L182, 16.7.99, p 1) art 5. Provision has been made for strategies for reducing biodegradable municipal waste for landfill: see the Waste and Emissions Trading Act 2003 Pt 1 Ch 1 (ss 1-28); and PARA 631 et seq.

5 See EC Council Directive 99/31 (OJ L182, 16.7.99, p 1) art 5. See also art 6. As to waste acceptance procedures see art 11. See note 4.

6 See EC Council Directive 99/31 (OJ L182, 16.7.99, p 1) arts 7-9.

7 See EC Council Directive 99/31 (OJ L182, 16.7.99, p 1) art 12.

8 See EC Council Directive 99/31 (OJ L182, 16.7.99, p 1) art 13.

9 See EC Council Directive 99/31 (OJ L182, 16.7.99, p 1) art 14.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(vii) Waste Management/D. TRANSPORT OF WASTE/44. Transport of waste.

D. TRANSPORT OF WASTE

44. Transport of waste.

There is European Union legislation on the supervision and control of shipments of waste within, into and out of the EU¹. There is separate provision for the supervision and control of shipments of radioactive waste².

There are separate regimes governing shipments between member states³, within member states⁴, exports⁵, imports⁶, and transit shipments⁷. The different requirements depend on whether the waste is destined for recovery or disposal, and whether it is on the green list, the amber list or the red list⁸. Broadly, the amber and red lists consist of hazardous waste and the green list of non-hazardous waste.

1 See European Parliament and EC Council Regulation 1013/2006 (OJ L190 12.7.2006, p 1) (amended by EC Commission Regulation 1379/2007 (OJ L309, 27.11.2007, p 7); EC Commission Regulation 669/2008 (OJ L188, 16.7.2008, p 7); and EC Commission Regulation 308/2009 (OJ L97, 16.4.2009, p 8)) on shipments of waste, which replaces, updates, consolidates and clarifies EEC Council Regulation 259/93 (OJ L30, 6.2.93, p 1) on the supervision and control of shipments of waste within, into and out of the European Community. See also Case C-2/90: *EC Commission v Belgium* [1992] ECR I-4431, [1993] 1 CMLR 365, ECJ; Case 302/86: *EC Commission v Denmark* [1988] ECR 4607, [1989] 1 CMLR 619, ECJ; Case C-116/01: *SITA EcoService Nederland BV v Minister van Volkshuisvesting* [2004] QB 262, [2003] ECR I-2969, ECJ; Case C-411/06 *EC Commission v European Parliament (France intervening)* [2009] All ER (D) 81 (Sep), ECJ. EEC Council Regulation 259/93 (OJ L30, 6.2.93, p 1) was directly applicable in the United Kingdom, but see also the Transfrontier Shipment of Waste Regulations 2007, SI 2007/1711; and PARA 710. As to transport of waste in Great Britain generally see PARA 709 et seq. As to the meanings of 'United Kingdom' and 'Great Britain' see PARA 1 note 2.

2 See Euratom Council Directive 2006/117 (OJ L337 5.12.2006 p 21) on the supervision and control of shipments of radioactive waste and spent fuel, which repeals and replaces Euratom Council Directive 92/3 (OJ L35, 12.2.92, p 24) on the supervision and control of shipments of radioactive waste between member states and into and out of the Community; see PARA 51. Note that Directive 2006/117 covers all shipments of spent fuel whether it is intended for disposal or for reprocessing: recital (6). For the purpose of implementing Euratom Council Directive 2006/117 in the United Kingdom the Transfrontier Shipment of Radioactive Waste and Spent Fuel Regulation 2008, SI 2008/3087, were made.

3 See European Parliament and EC Council Regulation 1013/2006 (OJ L190 12.7.2006, p 1) arts 3-32. As to the operation of the previous Regulation (ie EEC Council Regulation 259/93 (OJ L30, 6.2.93, p 1)) see Case C-6/00: *Abfall Service AG (ASA) v Bundesminister für Umwelt, Jugend und Familie* [2002] ECR I-1961, [2002] 1 CMLR 1603, ECJ. See also Case C-472/02: *Siomab SA v Institut Bruxellois por la gestion de l'environnement* [2004] ECR I-9971, [2005] Env LR D2 (notification requirements); Case C-277/02: *EU-Wood-Trading GmbH v Sonderabfall-Management-Gesellschaft Rheinland-Pfalz mbH* [2005] All ER (EC) 967, [2004] ECR I-11957, ECJ (objection to shipment of wood waste based not on its transport but on the basis that the recovery operation could not be carried out in the destination member state without endangering human health and environment); Case C-113/02: *EC Commission v Netherlands* [2004] ECR I-9707, [2005] Env LR 22, ECJ (flawed criteria in national implementing rules concerning shipment of waste for recovery).

8 As to waste lists see European Parliament and EC Council Regulation 1013/2006 (OJ L190 12.7.2006, p 1) Annexes III (green), IV (amber), V (waste subject to export prohibition in art 36). As to unsorted green list waste see *R v Environment Agency, ex p Dockgrange* [1997] Env LR 575.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(viii) Control of Hazardous Substances/45. Control of major accident hazards.

(viii) Control of Hazardous Substances

45. Control of major accident hazards.

There is European Union legislation¹ aimed at the prevention of major accidents which involve dangerous substances², and the limitation of their consequences for man and the environment³.

These provisions strengthen the safety management and the emergency planning requirements imposed on operators of certain industrial plants⁴. The operator of such an establishment must notify the competent authority of specified information relating to the establishment⁵, and must draw up and properly implement a major accident prevention policy⁶. Installations located close to each other must co-operate in averting risks and preventing domino effects, such as a fire at one installation spreading to others⁷. Safety reports and emergency plans are also required⁸. There are provisions requiring the exchange of information, the giving of information on safety measures, and the giving of certain information following a major accident⁹. Competent authorities must organise a system of inspections, or other measures of control appropriate to the type of establishment concerned¹⁰. Member states must prohibit the use of installations where the prevention and mitigation measures taken by the operator are seriously deficient or where the operator does not submit the required information to the competent authority within the specified period¹¹.

1 See EC Council Directive 96/82 (OJ L10, 14.1.97, p 13) on the control of major accident hazards involving dangerous substances (amended by European Parliament and EC Council Directive 2003/105 (OJ L345, 31.12.2003, p 106)). See also European Parliament and EC Council Directive 2006/21 (OJ L102 11.4.2006 p 15) on the management of waste from extractive industries and amending Directive 2004/35. For the purposes of implementation in the United Kingdom the Control of Major Accident Hazards Regulations 1999, SI 1999/743, and the Planning (Control of Major Accident-Hazards) Regulations 1999, SI 1999/981, were made: see PARA 788; and **HEALTH AND SAFETY AT WORK** vol 53 (2009) PARA 662 et seq; **TOWN AND COUNTRY PLANNING**. See also the Planning (Hazardous Substances) Act 1990; the Town and Country Planning (Development Plan) (England) Regulations 1999, SI 1999/3280; and **TOWN AND COUNTRY PLANNING** vol 46(3) (Reissue) PARA 1210 et seq. As to the meaning of 'United Kingdom' see PARA 1 note 2.

See Case C-190/90: *EC Commission v Netherlands* [1992] ECR I-3265, ECJ (authorised persons); Case C-336/97: *EC Commission v Italy* [1999] ECR I-3771, ECJ (establishing authorities).

2 As to the meaning of 'dangerous substances' see EC Council Directive 96/82 (OJ L10, 14.1.97, p 13) art 3, Annex 1 (as amended: see note 1).

3 See EC Council Directive 96/82 (OJ L10, 14.1.97, p 13) arts 1, 5.

4 As to the scope of the Directive see EC Council Directive 96/82 (OJ L10, 14.1.97, p 13) art 2. The Directive does not apply to the following: (1) military establishments, installations or storage facilities; (2) hazards created by ionising radiation; (3) the transport of dangerous substances and intermediate temporary storage by road, rail, internal waterways, sea or air, outside the establishments covered by the Directive, including loading and unloading and transport to and from another means of transport at docks, wharves or marshalling yards; (4) the transport of dangerous substances in pipelines, including pumping stations, outside establishments covered by the Directive; (5) the exploitation (ie exploration, extraction and processing) of minerals in mines, quarries, or by means of boreholes, with the exception of chemical and thermal processing operations and storage related to those operations which involve dangerous substances, as defined (see note 2); (6) the offshore exploration and exploitation of minerals, including hydrocarbons; (7) waste landfill sites, with the exception of operational tailings disposal facilities, including tailing ponds or dams, containing dangerous substances as defined, in particular when used in connection with the chemical and thermal processing of minerals: see art 4 (as amended: see note 1).

- 5 See EC Council Directive 96/82 (OJ L10, 14.1.97, p 13) art 6 (as amended: see note 1). As to the setting up or appointment of competent authorities see art 16.
- 6 See EC Council Directive 96/82 (OJ L10, 14.1.97, p 13) art 7 (as amended: see note 1).
- 7 See EC Council Directive 96/82 (OJ L10, 14.1.97, p 13) art 8 (as amended: see note 1).
- 8 See EC Council Directive 96/82 (OJ L10, 14.1.97, p 13) arts 8, 9, 11 (as amended: see note 1). See the Major Accident Off-site Emergency Plan (Management of Waste from Extractive Industries) (England and Wales) Regulations 2009, SI 2009/1927; and **HEALTH AND SAFETY AT WORK** vol 53 (2009) PARA 665.
- 9 See EC Council Directive 96/82 (OJ L10, 14.1.97, p 13) arts 13-15, 19 (arts 13, 19 as amended: see note 1).
- 10 See EC Council Directive 96/82 (OJ L10, 14.1.97, p 13) art 18.
- 11 See EC Council Directive 96/82 (OJ L10, 14.1.97, p 13) art 17.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(viii) Control of Hazardous Substances/46. Genetically modified organisms.

46. Genetically modified organisms.

There is European Union legislation on the contained use of genetically modified micro-organisms, the purpose of which is to provide common rules throughout the EU for the use of genetically modified micro-organisms both in research laboratories and in industrial facilities and to provide appropriate measures to protect human health and the environment from any risks arising from such use¹. The provisions include containment and control measures, and provide for a system of assessment and risk management.

There is also legislation for protection of human health and the environment on the deliberate release into the environment of genetically modified organisms². The provisions cover carrying out the deliberate release of genetically modified organisms into the environment for any other purposes than placing on the market within the Community and placing on the market such organisms as or in products within the Community³. Under these provisions there are various exemptions⁴ and a number of general obligations⁵. There are different authorisation procedures and consent requirements depending on whether there is deliberate release of genetically modified organisms for any other purpose than for placing on the market⁶, or there is placing on the market of such organisms as or in products⁷.

1 See EEC Council Directive 90/219 (OJ L117, 8.5.90, p 1) on the contained use of genetically modified micro-organisms (amended by EC Council Directive 98/81 (OJ L330, 5.12.98, p 13); and supplemented by EC Council Decision 2001/204 (OJ L73, 15.3.2001, p 32)). See also EEC Commission Decision 91/448 (OJ L239, 28.8.91, p 23) concerning the guidelines for classification (amended by EC Commission Decision 96/134 (OJ L31, 9.2.96, p 25)). For the purposes of implementation in the United Kingdom the Environmental Protection Act 1990 Pt VI (ss 106-127) was passed, and the Genetically Modified Organisms (Contained Use) Regulations 2000, SI 2000/2831, the Genetically Modified Organisms (Deliberate Release) Regulations 2002, SI 2002/2443, and the Genetically Modified Organisms (Deliberate Release) (Wales) Regulations 2002, SI 2002/3188, were made: see PARA 813 et seq. As to the meaning of 'United Kingdom' see PARA 1 note 2.

See Case C-6/99: *Association Greenpeace France v Ministère de l'Agriculture et de la Pêche* [2001] All ER (EC) 791, [2000] ECR I-1651, ECJ (procedure for authorising genetically modified organisms); and Case C-132/03: *Ministero della Salute v Coordinamento delle Associazioni per la Difesa dell'Ambiente e dei Terzi Degli Utenti e dei Consumatori (Codacons)* [2005] ECR I-4167, [2006] Env LR 5 (exception in regard to foodstuffs intended for nutritional use for young children).

2 See European Parliament and EC Council Directive 2001/18 (OJ L106, 17.4.2001, p 1) on the deliberate release into the environment of genetically modified organisms and repealing Directive 90/220 (supplemented by EC Commission Decision 2002/623 (OJ L200, 30.7.2002, p 22); EC Council Decision 2002/811 (OJ L 280, 18.10.2002, p 27); EC Council Decision 2002/812 (OJ L 280, 18.10.2002, p 37); EC Council Decision 2002/813 (OJ L280, 18.10.2002, p 62); EC Commission Decision 2003/701 (OJ L254, 8.10.2003, p 21); and amended by European Parliament and EC Council Regulation 1830/2003 (OJ L268, 18.10.2003, p 24); and European Parliament and EC Council Directive 2008/27 (OJ L81, 20.3.2008, p 45)). For the purposes of implementing in the United Kingdom of European Parliament and EC Council Regulation 1830/2003 (OJ L268, 18.10.2003, p 24) the Genetically Modified Organisms (Traceability and Labelling) (England) Regulations 2004, SI 2004/2412, and the Genetically Modified Organisms (Traceability and Labelling) (Wales) Regulations 2005, SI 2005/1914, were made: see PARA 792. See also the Environmental Protection Act 1990 Pt VI; the Genetically Modified Organisms (Deliberate Release) Regulations 2002, SI 2002/2443 (amended by SI 2004/2411); and the Genetically Modified Organisms (Deliberate Release) (Wales) Regulations 2002, SI 2002/3188 (amended by SI 2005/1913). See further PARA 793 et seq. See also note 1.

4 See European Parliament and EC Council Directive 2001/18 (OJ L106, 17.4.2001, p 1) art 3.

5 See European Parliament and EC Council Directive 2001/18 (OJ L106, 17.4.2001, p 1) art 4.

6 See European Parliament and EC Council Directive 2001/18 (OJ L106, 17.4.2001, p 1) Pt B (arts 5-11). See Joined Cases C-439/05 and C-454/05: *Land Oberösterreich v EC Commission* [2008] All ER (EC) 935, [2007] ECR I-7141, ECJ (as to deliberate release into the environment of genetically modified organisms, national provisions derogating from a harmonisation measure justified by new scientific evidence and by a problem specific to one member state); Case C-552/07: *Commune de Sausheim v Azelvandre* [2009] All ER (EC) 1028, ECJ (as to deliberate release of genetically modified organisms, confidentiality and location of the release).

7 See European Parliament and EC Council Directive 2001/18 (OJ L106, 17.4.2001, p 1) Pt C (arts 12-24). See Case C-165/08: *EC Commission v Poland* (16 July 2009, unreported), ECJ (by prohibiting the free circulation of genetically modified seed varieties and the inclusion of genetically modified varieties in the national catalogue of varieties, the Republic of Poland failed to fulfil its obligations under Directive 2001/18, arts 22, 23).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(viii) Control of Hazardous Substances/47. Asbestos.

47. Asbestos.

European Union legislation on the prevention and reduction of environmental pollution by asbestos integrates controls on emissions to air, water and land¹.

A general duty is placed on member states to ensure that asbestos emissions into the air, asbestos discharges into water, and solid asbestos waste are, as far as reasonably practicable, reduced at source and prevented². In the case of the use of asbestos, the measures taken should entail using the best available technology not entailing excessive cost, including where appropriate recycling or treatment³. A limit value for air emissions is set⁴. Aqueous effluents from asbestos cement and paper and board manufacture must generally be recycled⁵. Member states must ensure that work with asbestos products and the demolition of buildings do not cause significant environmental pollution by asbestos fibres or dust⁶. Measures must be taken to ensure that, in the course of transport and deposition of waste, no asbestos fibres or dust are released into the air and no liquids containing asbestos fibres are spilled⁷. Where waste containing asbestos fibres or dust is landfilled, it must be treated, packaged or covered so that the release of asbestos particles into the environment is prevented⁸.

Provision is made for the monitoring of emissions into the air and of discharges of aqueous effluent⁹.

1 See EEC Council Directive 87/217 (OJ L85, 28.3.87, p 40) on the prevention and reduction of environmental pollution by asbestos (amended by EEC Council Directive 91/692 (OJ L377, 31.12.91, p 48); and by EC Council Regulation 807/203 (OJ L122, 16.5.2003, p 36)). See **HEALTH AND SAFETY AT WORK** vol 53 (2009) PARA 630 et seq.

2 See EEC Council Directive 87/217 (OJ L85, 28.3.87, p 40) art 3(1).

3 See EEC Council Directive 87/217 (OJ L85, 28.3.87, p 40) art 3(1), (2).

4 See EEC Council Directive 87/217 (OJ L85, 28.3.87, p 40) art 4.

5 See EEC Council Directive 87/217 (OJ L85, 28.3.87, p 40) art 5.

6 See EEC Council Directive 87/217 (OJ L85, 28.3.87, p 40) art 7.

7 See EEC Council Directive 87/217 (OJ L85, 28.3.87, p 40) art 8.

8 See EEC Council Directive 87/217 (OJ L85, 28.3.87, p 40) art 8.

9 See EEC Council Directive 87/217 (OJ L85, 28.3.87, p 40) art 6.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(viii) Control of Hazardous Substances/48. Storage and distribution of petrol.

48. Storage and distribution of petrol.

The major air pollutants arising from the handling of petrol are volatile organic compounds¹. European Union legislation² requires measures to be taken to control volatile organic compound emissions resulting from the storage of petrol³ and from its distribution and loading into storage installations at service stations⁴.

1 As to the control of volatile organic compounds generally see PARA 12.

2 See European Parliament and EC Council Directive 94/63 (OJ L365, 31.12.94, p 24) on the control of volatile organic compound emissions resulting from the storage of petrol and its distribution from terminals to service stations. For the purposes of implementation in the United Kingdom eg the Carriage of Dangerous Goods and Use of Transportable Pressure Equipment Regulations 2007, SI 2007/1573, were made. See further **CARRIAGE AND CARRIERS; RAILWAYS, INLAND WATERWAYS AND CROSS-COUNTRY PIPELINES; ROAD TRAFFIC**. As to the meaning of 'United Kingdom' see PARA 1 note 2.

3 See European Parliament and EC Council Directive 94/63 (OJ L365, 31.12.94, p 24) art 3, Annex I.

4 See European Parliament and EC Council Directive 94/63 (OJ L365, 31.12.94, p 24) arts 4-6.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(viii) Control of Hazardous Substances/49. Fuel.

49. Fuel.

There are European Union provisions setting technical specifications for fuel used in positive ignition and compression ignition engines in order to improve fuel quality and reduce emissions¹. Member states must prohibit the marketing of leaded petrol², and diesel fuel may only be marketed in member states if it complies with certain environmental specifications³. If, as a result of exceptional events, a sudden change in the supply of crude oils or petroleum products renders it difficult to comply with these requirements, higher limit values may be temporarily authorised⁴. Compliance monitoring and reporting obligations are imposed on member states⁵.

There are also provisions limiting the sulphur content of gas oils marketed in the EU⁶. Gas oils include diesel and light fuel oil used for self-propelling vehicles, heating, and industrial and marine uses⁷.

1 See European Parliament and EC Council Directive 98/70 (OJ L350, 28.12.98, p 58) relating to the quality of petrol and diesel fuels (amended by European Parliament and EC Council Directive 2003/17 (OJ L76, 22.3.2003, p 10); and European Parliament and EC Council Directive 2009/13 (OJ L140, 5.6.2009, p 88)). For the purposes of implementation in the United Kingdom the Motor Fuels (Composition and Content) Regulations 1999, SI 1999/3107, were made: see PARA 14. As to the meaning of 'United Kingdom' see PARA 1 note 2.

2 See European Parliament and EC Council Directive 98/70 (OJ L350, 28.12.98, p 58) art 3 (as amended: see note 1).

3 See European Parliament and EC Council Directive 98/70 (OJ L350, 28.12.98, p 58) art 4 (as amended: see note 1), Annexes II, IV.

4 See European Parliament and EC Council Directive 98/70 (OJ L350, 28.12.98, p 58) art 7.

5 See European Parliament and EC Council Directive 98/70 (OJ L350, 28.12.98, p 58) art 8 (as amended: see note 1). See also EC Commission Decision 2002/159 (OJ L53, 23.2.2002, p 30) on a common format for submission of summaries of national fuel quality data.

6 See EEC Council Directive 93/12 (OJ L74, 27.3.93, p 81) relating to the sulphur content of certain liquid fluids (amended by European Parliament and EC Council Directive 98/70 (OJ L350, 28.12.98, p 58); EC Council Directive 99/32 (OJ L121, 11.5.99, p 13); and European Parliament and EC Council Directive 2009/30 (OJ L140, 5.6.2009, p 88)). For the purposes of implementation in the United Kingdom the Motor Fuel (Composition and Content) Regulations 1999, SI 1999/3107 (amended by SI 2001/3896; SI 2003/3078), and the Sulphur Content of Liquid Fuels (England and Wales) Regulations 2007, SI 2007/79, were made. See **FUEL AND ENERGY** vol 19(2) (2007 Reissue) PARA 788.

7 See EEC Council Directive 93/12 (OJ L74, 27.3.93, p 81); and note 6.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(ix) Radiation Pollution/50. Basic safety standards and radiological emergency.

(ix) Radiation Pollution

50. Basic safety standards and radiological emergency.

European Union legislation has laid down basic standards for the protection of the health of workers and the general public against dangers from ionising radiation¹. The provisions set out maximum permissible doses of radiation², and include measures to prevent exposure and procedures for measuring exposure. There are also provisions relating to health surveillance.

Provision is made for the early exchange of information in the event of a radiological emergency³. Further provisions⁴ require member states to provide prior information to the public likely to be affected by a radiological emergency⁵. When a radiological emergency occurs, the public actually affected must be informed without delay of the facts of the emergency, of the steps to be taken, and of the applicable health-protection measures⁶. Information provided to the public under these provisions is in addition to any information required to be given under the major accidents hazards legislation⁷.

There is also EU legislation laying down maximum permitted levels of radioactive contamination for foodstuffs and feedingstuffs which may be placed on the market following a nuclear accident or radiological emergency⁸.

1 See Euratom Council Directive 96/29 (OJ L159, 29.6.96, p 1) laying down the revised basic safety standards for the health protection of the general public and workers against the dangers of ionising radiation; and Euratom Council Directive 90/461 (OJ L349, 13.12.90, p 21) on the operational protection of outside workers exposed to the risk of ionising radiation during their activities in controlled areas. For the purpose of implementing Euratom Council Directive 96/29 in the United Kingdom the Transfrontier Shipment of Radioactive Waste and Spent Fuel Regulation 2008, SI 2008/3087, were made. See also the Treaty establishing the European Atomic Energy Community (Euratom Treaty) (Rome, 25 March 1957; TS 1 (1973); Cmnd 5179). Euratom Council Directive 96/29 (OJ L159, 29.6.96, p 1) repealed EAEC Council Directive 59/221 (OJ L11, 20.2.59, p 221) laying down the basic standards for the protection of the health of workers and the general public against the dangers arising from ionising radiations (amended by EAEC Council Directive 62/1633 (OJ L57, 9.7.62, p 1633); Euratom Council Directive 66/45 (OJ L216, 26.11.66, p 3693)); and Euratom Council Directive 76/579 (OJ L187, 12.7.76, p 1) laying down the revised basic safety standards for the health protection of the general public and workers against the dangers of ionising radiation (amended by Euratom Council Directive 79/343 (OJ L83, 3.4.79, p 18); Euratom Council Directive 80/836 (OJ L246, 17.9.80, p 1); and Euratom Council Directive 84/467 (OJ L265, 5.10.84, p 4)), with effect from 13 May 2000. See also Euratom Council Directive 2003/122 (OJ L346, 31.12.2003, p 57) on the control of high-activity sealed radioactive sources and orphan sources. For the purposes of implementation in the United Kingdom the Radioactive Substances Act 1993 was passed: see **FUEL AND ENERGY** vol 19(3) (2007 Reissue) PARA 1357 et seq. The Nuclear Installations Act 1965 governs site licensing and inspection of major nuclear facilities: see **FUEL AND ENERGY** vol 19(3) (2007 Reissue) PARA 1487 et seq. See also the Justification of Practices Involving Ionising Radiation Regulations 2004, SI 2004/1769; and **HEALTH AND SAFETY AT WORK**. As to the meaning of 'United Kingdom' see PARA 1 note 2.

2 Dose limits must be justified by the advantages they produce (the 'optimisation principle'). The Radioactive Substances Act 1993 must be read in the light of the optimisation principle: *R v Secretary of State for the Environment, ex p Greenpeace* [1994] 4 All ER 352, [1994] 3 CMLR 737, DC.

3 See Euratom Council Decision 87/600 (OJ L371, 30.12.87, p 76) on Community arrangements for the early exchange of information in the event of a radiological emergency.

4 See Euratom Council Directive 89/618 (OJ L357, 7.12.89, p 31) on informing the general public about health protection measures to be applied and steps to be taken in the event of a radiological emergency.

See *R (on the application of Friends of the Earth Ltd) v Secretary of State for the Environment, Food and Rural Affairs* [2001] EWCA Civ 1847, [2002] 1 CMLR 21, [2002] Env LR 24; Case C-177/03: *EC Commission v France* [2004] ECR I-11671, [2004] All ER (D) 164 (Dec), ECJ; Case C-65/04: *EC Commission v United Kingdom* [2006] ECR I-2239, [2006] All ER (D) 152 (Mar), ECJ.

6 See Euratom Council Directive 89/618 (OJ L357, 7.12.89, p 31) art 6.

7 See EC Council Directive 96/82 (OJ L10, 14.1.97, p 13) on the control of major accident hazards involving dangerous substances: see PARA 45.

8 See Euratom Council Regulation 3954/87 (OJ L371, 13.12.87, p 11) laying down maximum permitted levels of radioactive contamination of foodstuffs and of feedingstuffs following a nuclear accident or any other case of radiological emergency (amended by Euratom Commission Regulation 944/89 (OJ L101, 13.4.89, p 17); Euratom Council Regulation 2218/89 (OJ L211, 22.7.89, p 1); and Euratom Commission Regulation 770/90 (OJ L83, 30.3.90, p 78)). See also EC Council Regulation 733/2008 (OJ L201, 20.7.2008, p 1) on the conditions governing imports of agricultural products originating in third countries following the accident at the Chernobyl nuclear power station (Codified version). As to United Kingdom legislation relating to contamination of food generally see **FOOD**.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(ix) Radiation Pollution/51. Transport of radioactive substances and waste.

51. Transport of radioactive substances and waste.

In pursuance of the basic safety standards¹, a European Union regime has been set up controlling shipments of radioactive substances between member states². There are separate provisions regulating the supervision and shipment of radioactive wastes³.

1 See PARA 50.

2 See Euratom Council Regulation 1493/93 (OJ L148, 19.6.93, p 1) on shipments of radioactive substances between member states. See also **FUEL AND ENERGY**.

3 See now Euratom Council Directive 2006/117 (OJ L337 5.12.2006 p 21) on the supervision and control of shipments of radioactive waste and spent fuel. Note that the Directive will cover all shipments of spent fuel whether it is intended for disposal or for reprocessing: see recital (6). For the purpose of implementing Euratom Council Directive 2006/117 in the United Kingdom the Transfrontier Shipment of Radioactive Waste and Spent Fuel Regulation 2008, SI 2008/3087, were made. As to the transport of waste generally under European law see PARA 44. As to United Kingdom legislation relating to radioactive waste see PARAS 706-707. As to United Kingdom legislation relating to the transport of waste generally see PARA 709 et seq. As to the meaning of 'United Kingdom' see PARA 1 note 2.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(ix) Radiation Pollution/52. Radioactive waste disposal.

52. Radioactive waste disposal.

Data relating to any plan for the disposal of radioactive waste must be provided to the European Commission¹. The data must make it possible to determine whether the implementation of the plan is liable to result in the contamination of water, soil or the air space of another member state². Authorisation to discharge radioactive materials may not be given until after the Commission has issued an opinion on the relevant plan, which must be issued within six months of receipt of the plan³.

1 See the Treaty establishing the European Atomic Energy Community (Euratom Treaty) (Rome, 25 March 1957; TS 1 (1973); Cmnd 5179) art 37. As to enforcement see art 38. As to United Kingdom legislation relating to radioactive waste see PARAS 706-707. As to the meaning of 'United Kingdom' see PARA 1 note 2.

2 Euratom Treaty art 37.

3 See Case 187/87: *Saarland v Minister for Industry, Post and Telecommunications and Tourism* [1988] ECR 5013, [1989] 1 CMLR 529, ECJ. There is a presumption that the authorisation requirement is restricted to the civil and commercial use of nuclear energy and does not apply to military activities implementing a government defence policy: *R (on the application of Marchiori) v Environment Agency* [2001] EWCA Civ 03, [2002] Eu LR 225, [2002] All ER (D) 220 (Jan).

See also Case C-61/03: *EC Commission v United Kingdom* [2005] ECR I-2477, [2005] All ER (D) 106 (Apr), ECJ (disposal of nuclear military reactor).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(x) Noise Control/53. Noise control.

(x) Noise Control

53. Noise control.

European Union legislation on noise control covers a number of different areas¹. There are provisions relating to the permissible sound level and exhaust systems and silencers for certain types of vehicles². There are provisions about noise from the use of equipment outdoors³, and also provisions on aircraft⁴ and household appliances⁵.

¹ As to noise control in the United Kingdom see PARA 817 et seq. As to the meaning of 'United Kingdom' see PARA 1 note 2.

² As to road vehicles see EEC Council Directive 70/157 (OJ L42, 23.2.70, p 16) on the approximation of the laws of the member states relating to the permissible sound level and the exhaust system of motor vehicles (amended by EEC Commission Directive 81/334 (OJ L131, 18.5.81, p 6); EEC Council Directive 84/424 (OJ L238, 6.9.84, p 31); EEC Commission Directive 89/491 (OJ L238, 15.8.89, p 43); EEC Council Directive 92/97 (OJ L371, 19.12.92, p 1); EC Commission Directive 96/20 (OJ L92, 13.4.96, p 23); EC Commission Directive 99/101 (OJ L334, 28.12.99, p 41); and EC Commission Directive 2007/34 (OJ L155, 15.6.2007, p 49)). See also European Parliament and EC Council Directive 97/24 (OJ L226, 18.8.97, p 1) on certain components and characteristics of two or three-wheel motor vehicles (amended by European Parliament and EC Council Directive 2002/51 (OJ L252, 20.9.2002, p 20); EC Commission Directive 2003/77 (OJ L211, 21.8.2003, p 24); EC Commission Directive 2005/30 (OJ L106, 27.4.2005, p 17); EC Commission Directive 2006/27 (OJ L66, 8.3.2006, p 7); EC Commission Directive 2006/72 (OJ L227, 19.8.2006, p 43); and EC Commission Directive 2006/120 (OJ L330, 28.11.2006, p 16)). As to tractors see EEC Council Directive 74/151 (OJ L84, 28.3.74, p 25) on the approximation of the laws of the member states relating to certain parts and characteristics of wheeled agricultural or forestry tractors (amended by EEC Commission Directive 88/410 (OJ L200, 26.7.88, p 27); European Parliament and EC Council Directive 97/54 (OJ L277, 10.10.97, p 24); EC Commission Directive 98/38 (OJ L170, 16.6.98, p 13); and EC Commission Directive 2006/26 (OJ L65, 7.3.2006, p 22)). For the purposes of implementation in the United Kingdom see the Road Traffic Act 1988 and the statutory instruments made under it; and **ROAD TRAFFIC**.

³ See European Parliament and EC Council Directive 2000/14 (OJ L162, 3.7.2000, p 1) on the approximation of the laws of the member states relating to noise emission in the environment by equipment for use outdoors (amended by European Parliament and EC Council Directive 2005/88 (OJ L344, 27.12.2005, p 44)), and for the purposes of implementation in the United Kingdom the Noise Emission in the Environment by Equipment for use Outdoors Regulations 2001, SI 2001/1701 (amended by SI 2001/3958; SI 2005/3525; SI 2007/3224) were made.

See also European Parliament and EC Council Directive 2002/30 (OJ L85, 28.3.2002, p 40) on the establishment of rules and procedures with regard to the introduction of noise-related operating restrictions at European Community airports.

See further European Parliament and EC Council Directive 2002/49 (OJ L189, 18.7.2002, p 12) relating to the assessment and management of environmental noise, which applies to environmental noise to which humans are exposed, in particular in built-up areas, public parks or other quiet areas in an agglomeration, quiet areas in open country, or near schools, hospitals and other noise-sensitive buildings and areas. For the purposes of implementing Directive 2002/49 the Environmental Noise (England) Regulations 2006, SI 2006/2238 (amended by SI 2008/375; SI 2009/1610; and SI 2010/340), and the Environmental Noise (Wales) Regulations 2006, SI 2006/2629 (amended by SI 2009/47) were made.

As to noise at work see **HEALTH AND SAFETY AT WORK** vol 53 (2009) PARA 611.

⁴ The requirement for noise certification was previously covered by EEC Council Directive 80/51 (OJ L18, 24.1.80, p 26) on the limitation of noise emissions from subsonic aircraft (amended by EEC Council Directive 83/206 (OJ L117, 4.5.83, p 15)), but this was repealed by European Parliament and EC Council Regulation 1592/2002 (OJ L240, 7.9.2002, p 1) on common rules in the field of civil aviation and establishing a European Aviation Safety Authority (amended by EC Commission Regulation 1701/2003 (OJ L242, 27.9.2003, p 5); and European Parliament and EC Council Regulation 1643/2003 (OJ L245, 29.9.2003, p 7)) which has now been replaced by European Parliament and EC Council Regulation 216/2008 (OJ L79, 19.3.2008, p 1) on common rules in the field of civil aviation and establishing a European Aviation Safety Agency. See also the Convention

on International Civil Aviation (Chicago, 7 December 1944). As to minimum requirements with the possibility of stricter measures being upheld see eg Case C-389/96: *Aher-Waggon GmbH v Germany* [1998] ECR I-4473, [1999] 2 CMLR 589, ECJ. There are stricter standards for limiting noise emissions from certain civil subsonic jet aeroplanes registered in European Community territory: see EEC Council Directive 89/629 (OJ L363, 13.12.89, p 27) on the limitation of noise emission from civil subsonic jet aeroplanes. For the purposes of implementation in the United Kingdom the Air Navigation (Environmental Standards for Non-EASA Aircraft) Order 2008, SI 2008/3133, were made: see **AIR LAW** vol 2 (2008) PARA 388 et seq.

There are further restrictions on the operation of certain types of civil subsonic jet aeroplanes when operating at airports situated on Community territory: EEC Council Directive 92/14 (OJ L76, 23.3.92, p 21) on the limitation of the operation of certain aeroplanes (amended by EC Council Directive 98/20 (OJ L107, 7.4.98, p 4); and EEC Commission Directive 99/28 (OJ L118, 6.5.99, p 53)). For the purposes of implementation in the United Kingdom the Aeroplane Noise Regulations 1999, SI 1999/1452, were made: see **AIR LAW** vol 2 (2008) PARA 397 et seq.

It should be noted that, in general, EU legislation extends only to the certification and operation of individual aircraft, and does not generally relate to regulating noise levels at airports. However, see eg EEC Council Directive 92/14 (OJ L76, 23.3.92, p 21) art 2(4) (added by EC Council Directive 98/20 (OJ L107, 7.4.98, p 4)); and see *R v Secretary of State for Transport, ex p Richmond upon Thames London Borough Council* [1994] 1 All ER 577, [1994] 1 WLR 74; *R v Secretary of State for Transport, ex p Richmond upon Thames London Borough Council (No 2)* [1995] Env LR 390, (1994) Times, 29 December; *R v Secretary of State for Transport, ex p Richmond upon Thames London Borough Council (No 3)* [1995] Env LR 409, (1995) Times, 11 May; *R v Secretary of State for Transport, ex p Richmond upon Thames London Borough Council (No 4)* [1996] 4 All ER 93, [1996] 1 WLR 1005.

5 See now European Parliament and EC Council Directive 2005/32 (OJ L191, 22.7.2005, p 29) establishing a framework for the setting of ecodesign requirements for energy-using products (amended by EEC Council Directive 92/42 (OJ L167, 22.6.92, p 17); European Parliament and EC Council Directive 96/57 (OJ L236, 18.9.96, p 36); European Parliament and EC Council Directive 2000/55 (OJ L279, 1.11. 2000, p 33); and European Parliament and EC Council Directive 2008/28 (OJ L81, 20.3.2008, p 48)). For the purposes of implementation in the United Kingdom the Household Appliances (Noise Emission) Regulations 1990, SI 1990/161 (amended by SI 1994/1386; SI 2004/693) and the Ecodesign for Energy-Using Products Regulations 2007, SI 2007/2037 (amended by SI 2009/2560) were made. See also PARA 817.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(xi) Nature Conservation/54. Nature conservation.

(xi) Nature Conservation

54. Nature conservation.

European Union legislation relating to nature conservation provides for the protection of natural habitats¹, and makes provision for the conservation of species of flora and fauna².

Generally the conservation of natural habitats is dealt with elsewhere in this work³.

1 See EEC Council Directive 92/43 (OJ L206, 22.7.92, p 7) on the conservation of natural habitats and of wild fauna and flora (the 'Habitats Directive') (amended by EC Council Directive 97/62 (OJ L305, 8.11.1997, p 42). See also note 2.

2 See eg EEC Council Directive 79/409 (OJ L103, 25.4.79, p 1) on the conservation of wild birds (the 'Wild Birds Directive') (amended by EEC Council Directive 94/24 (OJ L164, 30.6.94, p 9); and European Parliament and EC Council Directive 2008/12 (OJ L323, 3.12.2008, p 31)). See also eg EEC Council Directive 83/129 (OJ L91, 9.4.83, p 30) concerning the importation into member states of skins of certain seal pups and products derived therefrom; EEC Council Regulation 3254/91 (OJ L308, 9.11.91 p 1) prohibiting the use of leghold traps in the Community and the introduction into the Community of pelts and manufactured goods of certain wild animal species originating in countries which catch them by means of leghold traps or trapping methods which do not meet international humane trapping standards; and EC Council Regulation 338/97 (OJ L61, 3.3.97, p 1) on the protection of wild fauna and flora by regulating trade therein (amended by EC Commission Regulation 1000/98 (OJ L145, 15.5.98, p 3); EC Commission Regulation 1808/2001 (OJ L250, 19.9.2001, p 1); EC Commission Regulation 1497/2003 (OJ L215, 27.8.2003, p 3); EC Commission Regulation 834/2004 (OJ L127, 29.4.2004, p 40); EC Commission Regulation 1332/2005 (OJ L215, 19.8.2005, p 1)). The Offshore Marine Conservation (Natural Habitats, etc) Regulations 2007, SI 2007/1842 (see PARA 525) were made for the purposes of implementing Directives 79/409 and 92/43. See now also the Conservation of Habitats and Species Regulations 2010, SI 2010/490; and **OPEN SPACES AND COUNTRYSIDE**.

See also European Parliament and EC Council Directive 2004/35 (OJ L143, 30.4.2004, p 56) on environmental liability with regard to the prevention and remedying of environmental damage (amended by European Parliament and EC Council Directive 2006/21 (OJ L102, 11.4.2006, p 15)). The Environmental Damage (Prevention and Remediation) Regulations 2009, SI 2009/153, were made for the purposes of implementing Directive 2004/35 in the United Kingdom: see PARA 5 note 7. As to the meaning of 'United Kingdom' see PARA 1 note 2.

As to rules on the implementation of EC Council Regulation 338/97 (OJ L61, 3.3.97, p 1) see EC Council Regulation 865/2006 (OJ L166 19.6.2006 p 1).

3 See **OPEN SPACES AND COUNTRYSIDE** vol 78 (2010) PARA 663 et seq.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(xii) Environmental Information and Participation/55. Access to information and justice, participation in decision-making.

(xii) Environmental Information and Participation

55. Access to information and justice, participation in decision-making.

European Union legislation¹ aims to guarantee the right of access to environmental information held by or for public authorities and to set out the basic terms and conditions of, and practical arrangements for, its exercise, and to ensure that, as a matter of course, environmental information is progressively made available and disseminated to the public in order to achieve the widest possible systematic availability and dissemination to the public of environmental information (to this end, promoting where possible the use of computer telecommunication and/or electronic technology)². Such authorities are required to make available information relating to the environment to any natural or legal person at his request and without his having to state an interest³. A charge, not exceeding a reasonable cost, may be made for supplying such information⁴. A response to a request for information must be made as soon as possible and at the latest within two months, and the reasons for a refusal to provide the information requested must be given together with details of review procedures⁵. A judicial or administrative review of the decision must be available⁶. Member states are also required to provide general information on the state of the environment⁷.

1. The European Parliament and EC Council Directive 2003/4 (OJ L41, 14. 2. 2003, p 26) on public access to environmental information and repealing Directive 90/31.

See also the Convention on access to information, public participation in decision-making and access to justice in environmental matters (signed at the Fourth Ministerial Conference 'Environment for Europe' in June 1998; TS 24 (2005) Cm 6586) (the 'Aarhus Convention'). The Convention is designed to contribute to the protection of the right of every person of both present and future generations to live in an environment adequate to his health or well-being by means of guaranteeing rights of access to information, public participation in decision-making and access to justice in environmental matters: see art 1. Parties must ensure that public authorities, in response to a request for environmental information, make such information available to the public without an interest having to be stated as soon as possible and at the latest within one month of the request being submitted: see art 4(1), (2). If a public authority does not hold the information requested it must inform the applicant as promptly as possible of the authority which it believes holds the information or transfer the request to that authority and inform the applicant that it has done so: see art 4(5). There are a range of exceptions to this right including: (1) the information is already publicly available in another form; (2) the request is manifestly unreasonable or formulated in too general a manner; or (3) where the request would adversely affect the confidentiality of the proceedings of public authorities; international relations, national defence or public security; the course of justice; the confidentiality of commercial or industrial information; intellectual property rights; or the confidentiality of personal data: see art 4(1)(b), (3), (4). These grounds are to be interpreted in a restrictive way taking account of the public interest served by disclosure and whether the information relates to emissions into the environment: see art 4(4). Reasons for refusals of requests must be given in writing: see art 4(7). Reasonable amounts may be charged for the supply of information and schedules of such charges must be made available to applicants: see art 4(8). There are also obligations on parties in relation to the collection and dissemination of environmental information: see art 5. Parties must progressively develop a coherent, nationwide system of pollution inventories or registers held on a structured, computerised and publicly accessible database compiled through standardised reporting: see art 5(9). A variety of voluntary forms of regulation are also promoted by the Convention including the use of eco-labelling (see PARA 56), eco-auditing (see PARA 57): see art 5(6). There is also a requirement to develop product information mechanisms to enable consumers to make informed environmental choices: see art 5(8). Parties must provide access to a review procedure before a court or another independent and impartial body established by law for a person who considers that his or her request for information has been ignored, wrongfully refused (in whole or in part), inadequately answer or otherwise not dealt with under the Convention's provisions: see art 9(1). Where review by a court is provided, a person must also be given access to a free or inexpensive expeditious procedure

established by law for reconsideration by a public authority or for review by an independent and impartial body other than a court: see art 9(1).

The Aarhus Convention also contains important obligations in relation to: (a) permitting public participation in decision making on whether to permit specified activities and other activities which, although not specified, may have a significant effect on the environment; (b) public participation in the preparation of plans, programmes and policies relating to the environment; and (c) such participation during the preparation of executive regulations and other legally binding normative instruments: see arts 6-8, Annex 1. Parties must ensure that members of the public with a sufficient interest, or who maintain impairment of a right where this is a precondition under the national administrative procedural law, have access to a review procedure before a court or other independent and impartial body to challenge the substantive and procedural legality of any decision, act or omission in relation to other relevant provisions of the convention: see art 9(2). In all cases, the court or other review procedures must provide adequate and effective remedies including injunctive relief as appropriate and be fair, equitable, timely and not prohibitively expensive with decisions being in writing and publicly accessible: see art 9(4). Information must be provided to the public on access to administrative and judicial review procedures and parties must also consider the establishment of appropriate assistance mechanisms to remove or reduce financial and other barriers to access to justice: see art 9(5).

See further European Parliament and EC Council Regulation 1367/2006 (OJ L264, 25.9.2006, p 13) on the application of the provisions of the Aarhus Convention to Community institutions and bodies; EC Commission Decision 2008/50 (OJ L13, 16.1.2008, p 24) laying down detailed rules for the application of Regulation 1367/2006; EC Council Decision 2006/957 (OJ L 386, 29.12.2006, p 46) on the conclusion, on behalf of the European Community, of an amendment to the Convention on access to information, public participation in decision-making and access to justice in environmental matters; and European Parliament and EC Council Regulation 401/2009 (OJ L 126, 21.5.09, p 13) on the European Environment Agency and the European Environment and Observation Network (Codified version). As to the Secretary of State's power to make provision for the purpose of implementing provisions of the Aarhus Convention (see above) relating to environmental information see the Freedom of Information Act 2000 s 74; and **CONFIDENCE AND DATA PROTECTION** vol 8(1) (2003 Reissue) PARA 600. For the purposes of implementation in the United Kingdom the Environmental Information Regulations 2004, SI 2004/3391, were made: see **WATER AND WATERWAYS** vol 101 (2009) PARAS 680, 681; **HEALTH AND SAFETY AT WORK**. As to the meaning of 'United Kingdom' see PARA 1 note 2.

The principle of the Aarhus Convention (see above) that costs in environmental proceedings should not be 'prohibitively expensive' was, at most, a matter to which the court might have regard in exercising its discretion: *Morgan v Hinton Organics (Wessex) Ltd* [2009] EWCA Civ 107, [2009] 2 P & CR 30, [2009] All ER (D) 14 (Mar). Where more than one exception to disclosure under the Environmental Information Regulations 2004, SI 2004/3391, reg 12(5) (see above) was found to apply they were to be considered together for the purpose of the public interest balancing exercise under reg 12(1)(b): *Office of Communications v Information Comr* [2009] EWCA Civ 90, (2009) Times, 27 February, [2009] All ER (D) 212 (Feb); and on further appeal the question (ie when a public authority relied on more than one of the exceptions to the disclosure obligation whether each exception should be considered separately or whether the interests served by different exceptions could be combined and then weighed against the public interest in disclosure) was referred to the European Court of Justice: see [2010] UKSC 3, [2010] All ER (D) 167 (Jan).

2 See European Parliament and EC Council Directive 2003/4 (OJ L41, 14. 2. 2003, p 26) art 1.

3 European Parliament and EC Council Directive 2003/4 (OJ L41, 14. 2. 2003, p 26) art 3(1). See also art 2. The information that is to be made available includes a statement of views given by a countryside protection authority in development consent proceedings (see PARA 7) if that statement is capable of influencing the outcome of the proceedings in question regarding interests pertaining to protection of the environment: Case C-321/96: *Wilhelm Mecklenburg v Kreis Pinneberg - der Landrat* [1999] All ER (EC) 166, [1998] ECR I-3809, ECJ (decided under a previous Directive). Certain information may be exempted: see European Parliament and EC Council Directive 2003/4 (OJ L41, 14. 2. 2003, p 26) art 3(3), (4). As to exceptions see also art 4.

4 See European Parliament and EC Council Directive 2003/4 (OJ L41, 14. 2. 2003, p 26) art 5.

5 See European Parliament and EC Council Directive 2003/4 (OJ L41, 14. 2. 2003, p 26) arts 3(2), 4(5). See Case C-186/04: *Housieaux v Delegates du Conseil de la Region de Bruxelles-Capitale* [2005] ECR I-3299, [2005] All ER (D) 277 (Apr), ECJ (in regard to an earlier version of these provisions).

6 See European Parliament and EC Council Directive 2003/4 (OJ L41, 14. 2. 2003, p 26) art 6. See Case C-186/04: *Housieaux v Delegates du Conseil de la Region de Bruxelles-Capitale* [2005] ECR I-3299, [2005] All ER (D) 277 (Apr), ECJ.

7 See European Parliament and EC Council Directive 2003/4 (OJ L41, 14. 2. 2003, p 26) art 7.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(xii) Environmental Information and Participation/56. Eco-labels.

56. Eco-labels.

European Union legislation sets the framework for a voluntary scheme for the award of eco-labels¹. The scheme is intended to promote products which have the potential to reduce negative environmental impacts, thus contributing to the efficient use of resources and a high level of environmental protection; and this objective is to be pursued through the provision of guidance and information to consumers². The eco-label may be awarded to products which comply with the essential environmental requirements and the eco-label criteria³. The conditions for awarding the label are defined by product group⁴. Member states must promote the use of the eco-label⁵, with which national environmental labelling schemes may co-exist⁶.

Eco-label criteria have been published for the following product groups: washing machines⁷, dishwashers⁸, soil improvers⁹, tissue paper¹⁰, kitchen rolls¹¹, laundry detergents¹², light bulbs¹³, indoor paints and varnishes¹⁴, bed-linen and T-shirts¹⁵, copying paper¹⁶, refrigerators¹⁷, personal computers¹⁸, footwear¹⁹, textile products²⁰, soaps, shampoos and hair conditioners²¹, and electrically-driven, gas-driven and gas absorption heat pumps²².

1 See European Parliament and EC Council Regulation 1980/2000 (OJ L237, 21.9.2000, p 1) on a revised Community eco-label award scheme, which repeals (with savings) EEC Council Regulation 880/92 (OJ L99, 11.4.92, p 1) on a Community eco-label award scheme. See also EEC Commission Decision 93/517 (OJ L243, 29.9.93, p 13) on a standard contract covering the terms of use of the Community eco-label; EEC Commission Decision 93/326 (OJ L129, 25.7.93, p 23) establishing indicative guidelines for the fixing of costs and fees in connection with the Community eco-label; and EC Commission Decision 2006/402 (OJ L 162, 14.6.2006, p 78) establishing the Community Eco-label working plan.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/1. LEGISLATION/(2) EUROPEAN UNION LEGISLATION/(xiii) Environmental Management and Auditing Systems/57. Environmental management and auditing systems.

(xiii) Environmental Management and Auditing Systems

57. Environmental management and auditing systems.

Provision is made allowing voluntary participation by companies in the industrial sector in the European Union eco-management and audit scheme¹. The scheme was established for the evaluation and improvement of the environmental performance of organisations and the provision of relevant information to the public and other interested parties². The objective of the scheme is to promote continuing improvements in the environmental performance of industrial activities by: (1) the establishment and implementation of environmental policies, programmes and management systems by organisations, in relation to their sites; (2) the systematic, objective and periodic evaluation of performance; (3) the provision of information on environmental performance to the public and other interested parties; and (4) the active involvement of employees in the organisation and appropriate initial and advanced training that makes active participation in the tasks referred to under head (1) possible³. The scheme is open to the participation of any organisation dedicated to improving its overall environmental performance⁴ and there are provisions both about qualifying for registration and what is necessary for maintaining registration⁵.

Participants must adopt an environmental policy, which should include compliance with regulatory instruments, continued improvement in environmental performance, and the reduction of environmental impacts⁶. Participants must also conduct an environmental review of the site; introduce an environmental programme and environmental management system; carry out an environmental audit; prepare an environmental statement specific to each site audited; and have the environmental policy, programme, management system, review or audit procedure and environmental statement or statements independently verified⁷. A participating company must submit the environmental statement to the relevant competent body for registration⁸ and disseminate it to the public⁹.

Participation in the scheme entitles a site to adopt a statement of participation and a symbol of participation, but not to use these to advertise products, or on the products themselves or on their packaging¹⁰.

Member states must take appropriate legal or administrative measures in case of non-compliance by participants¹¹.

1 See European Parliament and EC Council Regulation 761/2001 (OJ L114, 24.4.2001, p 1) allowing voluntary participation by organisations in a Community eco-management and audit scheme (amended by EC Commission Regulation 196/2006 (OJ L32, 4.2.2006, p 4)), which replaces EEC Council Regulation 1836/93 (OJ L168, 10.7.93, p 1). For guidance on the implementation of European Parliament and EC Council Regulation 761/2001 (OJ L114, 24.4.2001, p 1) see EC Commission Decision 2001/681 (OJ L247, 17.9.2001, p 24).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(1) CENTRAL ADMINISTRATION/(i) The Secretary of State and the Welsh Ministers/A. ALLOCATION OF FUNCTIONS/58. The Secretary of State.

2. ADMINISTRATION

(1) CENTRAL ADMINISTRATION

(i) The Secretary of State and the Welsh Ministers

A. ALLOCATION OF FUNCTIONS

58. The Secretary of State.

In earlier legislation environmental and public health functions were generally allocated to specific ministers or government departments, but most of these functions have now devolved to the Secretary of State¹. Modern statutes generally refer simply to the Secretary of State. In any enactment, 'Secretary of State' means one of Her Majesty's principal Secretaries of State². The office of Secretary of State is one, and in law each Secretary of State is generally capable of performing the functions of all or any of them³.

In practice, public health and environmental functions in England are now mostly divided between the Secretary of State for Health⁴ and the Secretary of State for Environment, Food and Rural Affairs⁵. In regard to pollution of water⁶ the relevant Secretary of State is usually the Secretary of State for Environment, Food and Rural Affairs⁷. In regard to shipping and pollution⁸ it is most often the Secretary of State for Transport⁹. In regard to the fuel and energy sectors and matters touching on climate change¹⁰ it varies but is often the Secretary of State for Business, Innovation and Skills (formerly the Secretary of State for Business, Enterprise and Regulatory Reform)¹¹.

The Secretary of State also has power under the Natural Environment and Rural Communities Act 2006¹² to enter into certain flexible administrative arrangements with designated bodies authorising those bodies to perform certain government functions¹³.

1 The Public Health Act 1875, the Public Health Acts Amendment Act 1890 and the Public Health Acts Amendment Act 1907 refer to the Local Government Board. The Public Health Act 1925 and the Public Health Act 1936 refer to the Minister of Health. The Public Health Act 1961 and the Public Lavatories (Turnstiles) Act 1963 refer to the Minister of Housing and Local Government. As to the transfer of functions to the Secretary of State see the Ministry of Health Act 1919 s 3(1)(a), (5), Sch 1 (repealed); the Transfer of Functions (Minister of Health and Minister of Local Government and Planning) (No 1) Order 1951, SI 1951/142, art 3, Schedule Pt I; the Transfer of Functions (Minister of Health and Minister of Local Government and Planning) (No 2) Order 1951, SI 1951/753; the Minister of Local Government and Planning (Change of Style and Title) Order 1951, SI 1951/1900; the Secretary of State for Wales and Minister of Land and Natural Resources Order 1965, SI 1965/319, art 2(1), Sch 1 Pt I; the Secretary of State for Social Services Order 1968, SI 1968/1699, art 2; the Secretary of State for the Environment Order 1970, SI 1970/1681, art 2; the Secretary of State for the Environment, Transport and the Regions Order 1997, SI 1997/2971, art 3; the Secretaries of State for Transport, Local Government and the Regions and for Environment, Food and Rural Affairs Order 2001, SI 2001/2568; and **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 452 et seq. Many statutory provisions refer to the Minister of Agriculture, Fisheries and Food, but since the dissolution of the Ministry of Agriculture, Fisheries and Food functions relating to public health and environmental matters have been transferred to the Secretary of State: see the Ministry of Agriculture, Fisheries and Food (Dissolution) Order 2002, SI 2002/794. As to the transfer of functions in relation to Wales see PARA 59.

2 See the Interpretation Act 1978 s 5, Sch 1.

3 As to the office of Secretary of State see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 355.

4 As to the Secretary of State for Health see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARAS 463-465. The appropriate website for the relevant department where national strategies may be found was, at the date at which this volume states the law, www.dh.gov.uk.

5 As to the Secretary of State for Environment, Food and Rural Affairs see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 452 et seq. Also of relevance are the Secretary of State for Communities and Local Government (see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 355); the Secretary of State for Energy and Climate Change (see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 453); and possibly the Secretary of State for Business, Innovation and Skills (see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 453). The appropriate websites for the relevant departments where national strategies may be found are, at the date at which this volume states the law, www.defra.gov.uk; www.communities.gov.uk; www.decc.gov.uk; and www.bis.gov.uk. The first of these sites contained, at such date, *Securing the Future - UK Government sustainable development strategy* (2005); and national strategies for air and water.

6 As to water pollution see PARA 270 et seq.

7 As to the Secretary of State see generally also **WATER AND WATERWAYS** vol 100 (2009) PARA 15. See note 5.

8 As to shipping and pollution see PARA 347 et seq.

9 As to the Secretary of State see generally also **SHIPPING AND MARITIME LAW** vol 93 (2008) PARAS 38, 39.

In the Merchant Shipping Act 1995 there is also a specific provision about the Secretary of State in relation to marine pollution. The Secretary of State continues to have the functions of taking, or co-ordinating, measures to prevent, reduce and minimise the effect of, marine pollution: s 293(1). For these purposes, 'marine pollution' means pollution caused by ships, offshore installations or submarine pipe-lines affecting or likely to affect the United Kingdom or United Kingdom waters or controlled waters: s 293(5). 'Offshore installation' means any installation which is maintained for underwater exploitation or exploration to which the Mineral Workings (Offshore Installations) Act 1971 (see **FUEL AND ENERGY**) applies: Merchant Shipping Act 1995 s 293(5). 'Pipe-line' has the same meaning as in the Petroleum Act 1998 Pt III (ss 14-28) (see **FUEL AND ENERGY** vol 19(1) (2007 Reissue) PARA 602); and 'submarine' means in, under or over United Kingdom waters or controlled waters: Merchant Shipping Act 1995 s 293(5) (definition of 'pipe-line' amended by the Petroleum Act 1999 Sch 4 para 39). As to the meaning of 'United Kingdom waters' see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 48. 'United Kingdom controlled waters' means any part of the sea within the limits of an area designated under the Continental Shelf Act 1964 s 1(7) (see **FUEL AND ENERGY** vol 19(3) (2007 Reissue) PARA 1636); Merchant Shipping Act 1995 s 293(5). As to the extent of the territorial sea (or waters) of the United Kingdom see the Territorial Sea Act 1987 s 1; and **INTERNATIONAL RELATIONS LAW** vol 61 (2010) PARA 124. Without prejudice to the generality of the Merchant Shipping Act 1995 s 293(1) (see above), the functions of the Secretary of State thereunder include: (1) the preparation, review and implementation of a national plan setting out arrangements for responding to incidents which cause or may cause marine pollution with a view to preventing such pollution or reducing or minimising its effects; (2) the acquisition, maintenance, use and disposal of ships, aircraft, equipment and other property; (3) the provision of services, including research, training and advice; (4) the giving of assistance to any other State or international institution under any international agreement relating to the prevention, reduction or control of marine pollution; and (5) any other functions exercisable on his behalf on 1 October 1994 by the Marine Pollution Control Unit: s 293(2) (amended by the Merchant Shipping and Maritime Security Act 1997 Sch 6 para 17). Assistance under head (3) above must be given on such terms as will secure reimbursement of the cost of giving the assistance if and to the extent that reimbursement will be practicable in the circumstances: Merchant Shipping Act 1995 s 293(3). The Secretary of State may make reasonable charges for the supply of goods or services: s 293(4). Where under s 293(1) (see above) the Secretary of State agrees that another person take any measures to prevent, reduce or minimise the effects of marine pollution, he may agree to indemnify that other person in respect of liabilities incurred by that person in connection with the taking of the measures: s 293(4A) (added by the Merchant Shipping and Maritime Security Act 1997 s 6).

10 As to environmental duties in fuel and energy sectors see PARA 576 et seq. As to climate change see PARA 259 et seq.

11 As to the Secretary of State see also **FUEL AND ENERGY** vol 19(1) (2007 Reissue) PARA 601. See note 5.

12 Ie under the Natural Environment and Rural Communities Act 2006 Pt 8 Ch 1 (ss 78-86): see **OPEN SPACES AND COUNTRYSIDE** vol 78 (2010) PARA 520 et seq.

13 Ie functions that would otherwise be performed by the Department for Environment, Food and Rural Affairs or the Department of Energy and Climate Change: see the Natural Environment and Rural Communities Act 2006 s 86; and **OPEN SPACES AND COUNTRYSIDE** vol 78 (2010) PARA 520.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(1) CENTRAL ADMINISTRATION/(i) The Secretary of State and the Welsh Ministers/A. ALLOCATION OF FUNCTIONS/59. The National Assembly for Wales and the Welsh Ministers.

59. The National Assembly for Wales and the Welsh Ministers.

Many statutory functions previously vested in Ministers of the Crown became exercisable in relation to Wales by the National Assembly for Wales¹. Following the re-organisation of devolved government in Wales under the Government of Wales Act 2006, the functions transferred to the Assembly are now exercisable by the Welsh Ministers, whilst any requirement as to consultation or agreement requires consultation with, or the agreement of, the Welsh Ministers².

Functions so transferred include certain functions under the Public Health Act 1875³, the Public Health Acts Amendment Act 1907⁴, the Public Health Act 1925⁵, the Public Health Act 1936⁶, the Prevention of Damage by Pests Act 1949⁷, the Pests Act 1954⁸, the Public Health Act 1961⁹, the Public Lavatories (Turnstiles) Act 1963¹⁰, the Control of Pollution Act 1974¹¹, the Refuse Disposal (Amenity) Act 1978¹², the Litter Act 1983¹³, the Public Health (Control of Disease) Act 1984¹⁴, the Food and Environment Protection Act 1985¹⁵, the Control of Pollution (Amendment) Act 1989¹⁶, the Environmental Protection Act 1990¹⁷, the Water Industry Act 1991¹⁸, the Water Resources Act 1991¹⁹, the Clean Air Act 1993²⁰, the Noise and Statutory Nuisance Act 1993²¹, the Environment Act 1995²², the Noise Act 1996²³, the Pollution Prevention and Control Act 1999²⁴ and functions under various regulations²⁵.

However, any power under which provisions of an Act of Parliament may be brought into force by order made by a Minister of the Crown is not transferred²⁶.

1 See the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, art 2, Sch 1; and the National Assembly for Wales (Transfer of Functions) Order 2000, SI 2000/253, art 2, Sch 1. See also the National Assembly for Wales (Transfer of Functions) Order 2005, SI 2005/1958; and note 24.

2 See the Government of Wales Act 2006 s 162(1), Sch 11 para 30. 'Welsh Ministers' means the First Minister and the Welsh Ministers appointed under the Government of Wales Act 2006 s 48: see s 45(2). As to the First Minister and the Welsh Ministers see the Government of Wales Act 2006 ss 46-48; and **CONSTITUTIONAL LAW AND HUMAN RIGHTS**. As to devolved government in Wales generally see **CONSTITUTIONAL LAW AND HUMAN RIGHTS**. As to the exercise of transferred functions and the bringing of subordinate legislation made by the Welsh Ministers before the National Assembly for Wales see Sch 11 paras 33-35 (in the case of functions transferred to the Assembly by Order in Council under the Government of Wales Act 1998 s 22) or the Government of Wales Act 2006 Sch 3 para 9 (in the case of functions transferred to the Welsh Ministers by Order in Council under s 58); and **CONSTITUTIONAL LAW AND HUMAN RIGHTS**.

Her Majesty may by Order in Council: (1) provide for the transfer to the Welsh Ministers, the First Minister or the Counsel General of any function so far as exercisable by a Minister of the Crown in relation to Wales; (2) direct that any function so far as so exercisable is to be exercisable by the Welsh Ministers, the First Minister or the Counsel General concurrently with the Minister of the Crown; or (3) direct that any function so far as exercisable by a Minister of the Crown in relation to Wales is to be exercisable by the Minister of the Crown only with the agreement of, or after consultation with, the Welsh Ministers, the First Minister or the Counsel General: see s 58, Sch 3; and **CONSTITUTIONAL LAW AND HUMAN RIGHTS**. As to the possible intervention of the Secretary of State where it appears to him that the exercise of a relevant function in any particular case may have a serious impact on water resources in England, water supply in England or the quality of water in England see s 152; and **WATER AND WATERWAYS** vol 100 (2009) PARA 16. See also notes 18, 19. As to legislative competence of the National Assembly for Wales in regard to environment matters see s 94, Sch 5 Pt 1 Field 6 (amended by SI 2010/248); and **CONSTITUTIONAL LAW AND HUMAN RIGHTS**; and as to exceptions see the Government of Wales Act 2006 Sch 5 Pt 2 (amended by SI 2010/248); and **CONSTITUTIONAL LAW AND HUMAN RIGHTS**.

- 3 See the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1. Functions under the Public Health Act 1875 s 327 (largely repealed) are excepted from the transfer: see the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1. As to the Public Health Act 1875 see PARA 2.
- 4 See the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1. Functions under the Public Health Acts Amendment Act 1907 ss 12, 94(4) are excepted from the transfer: see the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1. As to the Public Health Acts Amendment Act 1907 see PARA 2.
- 5 See the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1. The functions transferred are those under the Public Health Act 1925 s 6: see the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1. As to the Public Health Act 1925 s 6 see PARA 1 note 39; and as to the Public Health Act 1925 generally see PARA 2.
- 6 See the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1. The Treasury function under the Public Health Act 1936 s 341(3) (see PARA 108) is excepted from the transfer: see the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1. As to the Public Health Act 1936 see PARAS 1, 113 et seq, 855 et seq, 960 et seq, 980 et seq. As to the Treasury see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 512 et seq.
- 7 See the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1. All functions under the Prevention of Damage by Pests Act 1949 are transferred, save that to the extent that the Act provides for the carrying out of research by the Secretary of State, that function is exercisable by the Assembly concurrently: see the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1. As to the Prevention of Damage by Pests Act 1949 see PARA 861 et seq. As to the Secretary of State see PARA 58.
- 8 See the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1. As to the Pests Act 1954 see PARA 861.
- 9 See the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1. Functions excepted from the transfer are those of a Minister of the Crown exercisable as appropriate authority under the Public Health Act 1961 s 45, Sch 4 in respect of: (1) a building owned by railway, canal, dock, harbour or inland navigation undertakers; (2) a building owned by electricity or gas undertakers; (3) a building forming part of an aerodrome; (4) a building owned by the Post Office; (5) a building owned by British Telecommunications plc: see the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1. As to the Public Health Act 1961 see PARAS 1, 759, 858, 883, 979, 1075, 1078.
- 10 See the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1. As to the Public Lavatories (Turnstiles) Act 1963 see PARA 737.
- 11 See the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1. Functions under the Control of Pollution Act 1974 s 102(2) (see PARA 66) are excepted from the transfer: see the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1. As to the Control of Pollution Act 1974 see PARAS 131 et seq, 620, 724-725, 819 et seq.
- 12 See the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1. As to the Refuse Disposal (Amenity) Act 1978 see PARA 741 et seq.
- 13 See the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1. As to the Litter Act 1983 see PARAS 717-719.
- 14 See the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1. Functions under the Public Health (Control of Disease) Act 1984 s 28 (prospectively repealed) (see PARA 897) and the Treasury function under s 73(4) (see PARA 110) are excepted from the transfer: see the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1. As to the Public Health (Control of Disease) Act 1984 see PARAS 102 et seq, 137 et seq, 884 et seq.
- 15 See the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1. Excepted from the transfer are functions under the Food and Environment Protection Act 1985 Pt II (ss 5-15) (see PARA 525 et seq) so far as exercisable in relation to matters concerning or arising from the exploration for, or production of, petroleum; and also the functions of the Minister of Agriculture, Fisheries and Food under ss 16, 18, Sch 5 paras 1-3; and it is directed that the functions under ss 1(1), 3(1), (2), s 13 (see PARA 567), s 14(2), (3) (see PARA 551), s 17 and Sch 5 paras 4-6 are exercisable by the Welsh Ministers concurrently with any Minister of the Crown by whom they are exercisable; and the Treasury consent requirements under s 8(9) (see PARA 532), ss 16(2), 18(4) continue in effect: see the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1. The functions of the Minister of Agriculture, Fisheries and Food were transferred to the

Secretary of State: see PARA 58 note 1. As to other provisions of the Food and Environment Protection Act 1985 (ie apart from Pt II) see generally **AGRICULTURE AND FISHERIES; AGRICULTURAL PRODUCTION AND MARKETING; FOOD.**

16 See the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1. As to the Control of Pollution (Amendment) Act 1989 see PARA 709 et seq.

17 See the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1. Certain functions are excepted from the transfer, including those under the Environmental Protection Act 1990 s 140, Sch 12 relating to the importation into and the landing and unloading in the United Kingdom of any specified substance or article (see PARA 789), s 141 (see PARA 716), s 153 (see PARA 66), and s 156 (other than as it applies to Pt II (ss 29-78) (see PARA 62): see the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1 (amended by SI 2006/3334). Functions that formerly belonged to the Minister of Agriculture, Fisheries and Food under the Environmental Protection Act 1990 Pt VI (ss 106-127) (see PARA 793 et seq), which were excepted, have now been transferred: see the National Assembly for Wales (Transfer of Functions) Order 2000, SI 2000/253, art 2, Sch 1. As to the meaning of 'United Kingdom' see PARA 1 note 2.

The functions of the Secretary of State under the Environmental Protection Act 1990 s 4(8A) (prospectively repealed) (see PARA 161), s 20(6) (prospectively repealed) (so far as relating to s 21 (prospectively repealed)) (see PARAS 178-179), s 21 (prospectively repealed) (see PARA 179), s 71 (see PARA 626), s 78S (see PARA 781), s 123(1) (see PARA 808), s 159(4) (see PARA 111) are exercisable concurrently with the Secretary of State: see the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1. Functions of the Secretary of State under the Environmental Protection Act 1990 s 153 (see PARA 66), so far as they conduce to the protection, improvement or better understanding of the environment of, or any part of, Wales, are also exercisable concurrently with the Secretary of State: see the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1.

The Treasury approval requirements under the Environmental Protection Act 1990 s 8(2) (prospectively repealed) (see PARA 166) and s 113 (see PARA 799) continue in effect: see the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1.

18 See the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1. Certain functions under the Water Industry Act 1991 are excepted from the transfer, including functions under s 206(3) (e) (see **WATER AND WATERWAYS** vol 100 (2009) PARA 183): see the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1 (amended by SI 2000/253; and SI 2006/3334). Certain functions, including functions under the Water Industry Act 1991 ss 94-96 (see PARAS 1010, 1014-1016), s 101A (see PARA 1021), s 103 (see PARA 1004), s 104 (see PARA 1006), s 143(3A) (see PARA 1021), s 158 (see PARA 1024), s 182 (see PARA 1028), s 199 (see PARA 1009), and s 200 (see PARA 1009), are transferred to the Assembly in relation to any water or sewerage undertaker whose area is wholly or mainly in Wales: see the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1 (amended by the Water Act 2003 s 100(2), (4), Sch 9 Pt 3; SI 2000/253; SI 2002/2626; SI 2004/3044; SI 2006/3334). As to the Water Industry Act 1991 see PARA 998 et seq; and **WATER AND WATERWAYS**. See also note 2.

19 See the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1. Excepted are functions under the Water Resources Act 1991 s 82 (see PARA 330) so far as exercisable in relation to those parts of Wales which are within the catchment areas of the rivers Dee, Wye and Severn; and s 102, Sch 25 para 2(2) (see PARA 23): see the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1. Functions under the Water Resources Act 1991 s 92 (see PARA 313) are transferred only in relation to those parts of Wales which are outside the catchment areas of the rivers Dee, Wye and Severn and in relation to those parts of Wales which are within those catchment areas it is directed that the functions under s 92 are exercisable concurrently with the Secretary of State: see the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1. In regard to the Water Resources Act 1991 s 82 (see PARA 330) the function of the Secretary of State is exercisable only with the agreement of the Welsh Ministers: see the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 2. As to other provisions of the Water Resources Act 1991 (ie apart from Pt III (ss 82-104) (see PARA 288 et seq), ss 161-162 (see PARA 321 et seq) and ss 190, 202, 203 (see PARAS 343, 345, 346)) see generally **WATER AND WATERWAYS**. See also note 2.

20 See the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1. Functions under the Clean Air Act 1993 ss 30-32 (see PARA 236), s 36(6) (see PARA 240), and s 48 (see PARA 207) are excepted from the transfer: see the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1. The function under the Clean Air Act 1993 s 46(1) (see PARA 210) is exercisable concurrently with any Minister of the Crown by whom it is exercisable: see the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1. As to the Clean Air Act 1993 see PARA 207 et seq.

21 See the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1. As to the Noise and Statutory Nuisance Act 1993 see PARAS 842-843.

22 See the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1. Functions excepted from the transfer are those under the Environment Act 1995 s 1(2)(a), (3) (see PARA 68), s 41 (see PARA 97), s 42 (other than s 42(10)) (see PARA 97), s 45(4) (see PARA 91), s 48(5) (see PARA 94), and s 52(3) (see PARA

87), the function of laying copy accounts and reports before each House of Parliament under s 46(3) (see PARA 92), and the function of the Treasury under s 49(5) (see PARA 95): see the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1.

Functions under the following provisions are transferred not in relation to Wales, but in the manner indicated:

- 1 (1) the function under the Environment Act 1995 s 1(2)(b) (see PARA 68) is transferred to the extent that it may make such appointments as will ensure that there is at all times one member of the Environment Agency appointed by it; only functions vested in the appropriate minister are transferred; and only to the extent that such functions relate to any member appointed by the Welsh Ministers (see the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1);
- 2 (2) functions under the Environment Act 1995 s 12, Sch 3 (see PARA 83) are transferred in relation to such region as is determined under s 12(6) (see PARA 83) and the committee which is established for that region (see the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1);
- 3 (3) functions under the Environment Act 1995 s 13 (see PARA 84) are transferred in relation to such region as is determined under s 13(5) (see PARA 84) and the committee which is established for that region and such local advisory committees, and their respective areas of responsibility, as are established within that region (see the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1).

As to the Environment Agency see PARA 68 et seq.

The function under the Environment Act 1995 s 48(2) and s 48(4) (see PARA 94) is exercisable concurrently with any other Minister of the Crown by whom it is exercisable but subject to the limitation that the Welsh Ministers are not to have power to consent to any borrowing which would cause the aggregate amount outstanding in respect of the principal of sums borrowed by the Environment Agency in pursuance of consent given under s 48(2) to exceed £10 million: see the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1.

The functions under the Environment Act 1995 s 37(2), (4) (see PARA 73), s 38 (see PARA 86), s 44 (see PARA 90), s 46(1) (see PARA 92), s 47 (see PARA 93), s 48(3) (see PARA 94), s 49 (except the function of the Treasury under s 49(5)) (see PARA 95), s 50 (see PARA 96), s 51 (see PARA 88), s 52(2), (4) (see PARA 87), s 53(1)(b) (see PARA 89), s 113 (see PARA 153) and s 115(5) (see PARA 112) are exercisable concurrently with any other Minister of the Crown by whom they are exercisable: see the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1. The function under the Environment Act 1995 s 47 (see PARA 93) is exercisable free from the requirement for Treasury approval: see the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1.

In respect of the Environment Act 1995 s 40 (see PARA 74): (a) it is directed that the functions under that provision are exercisable concurrently with any Minister of the Crown by whom they are exercisable; (b) this direction is made, not in relation to Wales, but in relation to the Environment Agency as a cross-border body; (c) to the extent specified in head (d) below, functions under s 40 are exercisable only with the agreement of the Secretary of State; (d) the requirement to exercise functions only with the agreement of the Secretary of State applies where such exercise would have any effect in England or, additionally, being an exercise of the functions in relation to water resources management, water supply, rivers or other watercourses, control of pollution of water resources, sewerage or land drainage, it would have any effect in those parts of Wales which are within the catchment areas of the rivers Dee, Wye and Severn: see the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1.

The requirement under the Environment Act 1995 s 9(3) (see PARA 79) for consultation with various English bodies does not apply: see the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1.

In the Environment Act 1995 s 42 (see PARA 98), references to the Secretary of State in the context of functions carried out under or in consequence of the Radioactive Substances Act 1993 (see **FUEL AND ENERGY** vol 19(3) (2007 Reissue) PARA 1450 et seq) include the Welsh Ministers to the extent that those functions are functions of the Assembly: see the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1.

The requirements under the Environment Act 1995 s 46(3) (see PARA 92) and s 52(1) (see PARA 87) for the Environment Agency to send copy accounts and reports to the appropriate ministers have effect to require it additionally to send those documents to the Welsh Ministers: see the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1.

The functions of the Comptroller and Auditor General under the Environment Act 1995 s 46(4) (see PARA 92) and s 49(3), (4) (see PARA 95) are functions also of the Auditor General for Wales so far as they relate to any of the Welsh functions of the Environment Agency or to any funding provided to that Agency by the Assembly and in relation thereto s 46(4) has effect as if: (i) s 46(4)(b) empowered the Auditor General for Wales to report to the Welsh Ministers the result of any inspection carried out by him under s 46(4)(a); and (ii) it empowered the

Auditor General for Wales to carry out an examination under the Government of Wales Act 1998 s 145 (see **CONSTITUTIONAL LAW AND HUMAN RIGHTS**) in relation to the Environment Agency's Welsh functions or to any funding provided to that Agency by the Assembly as if that Agency were to that extent a body specified in Sch 17 (see **CONSTITUTIONAL LAW AND HUMAN RIGHTS**): see the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1. As to the Comptroller and Auditor General see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 724 et seq.

The Treasury consent requirement under the Environment Act 1995 s 45(2) (see PARA 91) and the Treasury approval requirements under s 44(1) (see PARA 90) and s 49(1), (2) (see PARA 95) continue in effect: see the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1.

The functions of the Secretary of State under the Environment Act 1995 s 41 (see PARA 97) and s 42 (see PARA 98) so far as relating to the making of regulations and the approval of charging schemes are exercisable only after consultation with the Welsh Ministers: see the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, art 5, Sch 2.

23 See the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1. As to the Noise Act 1996 see PARA 848 et seq.

24 See the National Assembly for Wales (Transfer of Functions) Order 2005, SI 2005/1958. The functions transferred are those under or in relation to the Pollution Prevention and Control Act 1999 s 2 (see PARA 186), except in relation to offshore oil and gas exploration and exploitation (see PARA 585): National Assembly for Wales (Transfer of Functions) Order 2005, SI 2005/1958, art 3(1). In so far as any of the functions under art 3(1) are exercisable by the Secretary of State in relation to a cross-border body but which, by their nature, are not functions which can be specifically exercised in relation to Wales, such functions are exercisable in relation to that body concurrently with the Secretary of State: see art 3(2). For the purposes of art 3(1), functions of the Secretary of State under the Pollution Prevention and Control Act 1999 s 2 include any functions of the Secretary of State which are included in regulations having effect under s 2 (see PARAS 186, 187), and the power to confer functions on the Secretary of State or on a Minister of the Crown by any such regulations have effect as a power to confer such functions on the Assembly: National Assembly for Wales (Transfer of Functions) Order 2005, SI 2005/1958, art 3(3).

25 The National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, Sch 1 transferred functions under inter alia the Air Quality Standards Regulations 1989, SI 1989/317 (revoked) (see now also the Air Quality Standards Regulations 2007, SI 2007/64 (see PARAS 9, 10, 190)); the Environmental Information Regulations 1992, SI 1992/3240 (revoked) (see now the Environmental Information Regulations 2004, SI 2004/3391 (see PARA 55)); the Ozone Monitoring and Information Regulations 1994, SI 1994/440 (revoked) (see now the Air Quality Standards Regulations 2007, SI 2007/64 and the Air Quality Standards (Wales) Regulations 2007, SI 2007/717 (see PARAS 9, 10, 190)); the Waste Management Licensing Regulations 1994, SI 1994/1056 (mostly revoked) (see now the Environmental Permitting (England and Wales) Regulations 2007, SI 2007/3538 (see PARAS 6, 33, 34, 41, 42, 662 et seq); and the Special Waste Regulations 1996, SI 1996/972 (revoked) (see now the Hazardous Waste (England and Wales) Regulations 2005, SI 2005/894; and the Hazardous Waste (Wales) Regulations 2005, SI 2005/1806 (see PARAS 33, 34, 624, 705)). The National Assembly for Wales (Transfer of Functions) Order 2000, SI 2000/253, Sch 1 transferred functions under, inter alia, the Sludge (Use in Agriculture) Regulations 1989, SI 1989/1263 (see PARAS 36, 1072); the Genetically Modified Organisms (Deliberate Release) Regulations 1992, SI 1992/3280 (revoked) (see now the Genetically Modified Organisms (Deliberate Release) Regulations 2002, SI 2002/2443; the Genetically Modified Organisms (Deliberate Release) (Wales) Regulations 2002, SI 2002/3188; and PARAS 46, 793, 796-797, 807); and the Urban Waste Water Treatment (England and Wales) Regulations 1994, SI 1994/2841 (see PARAS 23, 30, 1047).

26 See the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, art 2; and the National Assembly for Wales (Transfer of Functions) Order 2000, SI 2000/253, art 2.

UPDATE

59 The National Assembly for Wales and the Welsh Ministers

NOTE 2--2006 Act Sch 5 Pt 2 further amended: SI 2010/1212.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(1) CENTRAL ADMINISTRATION/(i) The Secretary of State and the Welsh Ministers/B. ORDERS, REGULATIONS AND INQUIRIES/60. Provisional orders and special parliamentary procedure.

B. ORDERS, REGULATIONS AND INQUIRIES

60. Provisional orders and special parliamentary procedure.

Various enactments empower the making of provisional orders, which have no force until they are confirmed by Parliament¹; but under certain enactments, which originally provided for the making of provisional orders, the orders are now subject instead to special parliamentary procedure².

1 Procedures for provisional orders authorised by enactments passed after 1 June 1934 are governed by the Local Government Act 1972 s 240: see **LOCAL GOVERNMENT** vol 69 (2009) PARA 99. For such orders in earlier legislation see the Public Health Act 1875 s 297 (amended by SI 1962/409); and the Local Government Act 1933 s 285 (repealed).

2 See the Statutory Orders (Special Procedure) (Substitution) Order 1949, SI 1949/2393, art 2, Sch 1 (amended by the Sea Fish Industry Act 1962 Sch 4 Pt II; and by SI 1962/409). For examples of powers in which special parliamentary procedure is substituted for provisional order procedure see the Public Health Act 1936 s 6(4), s 9(2); and PARA 101. Orders made under the Public Health (Control of Disease) Act 1984 s 2(7) (see PARA 102) may also be subject to special parliamentary procedure. As to the adaptation of the procedure where necessary under the Public Health Act 1936 see s 316 (amended by SI 1949/2393).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2.

ADMINISTRATION/(1) CENTRAL ADMINISTRATION/(i) The Secretary of State and the Welsh Ministers/B. ORDERS, REGULATIONS AND INQUIRIES/61. Orders, regulations and directions.

61. Orders, regulations and directions.

Any power conferred by the Control of Pollution Act 1974¹ to make an order or regulations: (1) includes power to make different provision by the order or regulations for different circumstances and to include in the order or regulations such incidental, supplemental and transitional provisions as the person making the order or regulations considers appropriate in connection with the order or regulations²; and (2) is exercisable³ by statutory instrument⁴.

Any power of the Secretary of State⁵ or the Welsh Ministers⁶ under the Environmental Protection Act 1990 to make regulations or orders is exercisable by statutory instrument⁷. Any power conferred by the Environmental Protection Act 1990 to give a direction includes power to vary or revoke the direction⁸. Any direction given under the Environmental Protection Act 1990 must be in writing⁹.

1 Ie except a power conferred by the Control of Pollution Act 1974 s 59 (repealed), s 63 (see PARAS 824, 825) or s 65(6) (see PARA 830).

2 Control of Pollution Act 1974 s 104(1)(a).

3 Ie except in the case of powers conferred by the Control of Pollution Act 1974 s 97: see PARA 64.

4 Control of Pollution Act 1974 s 104(1)(b). Statutory instruments made by virtue of s 104(1) are generally subject to annulment in pursuance of a resolution of either House of Parliament: see s 104(1) (amended by the Environment Act 1995 Sch 24).

5 As to the Secretary of State see PARA 58.

6 As to the transfer of functions, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

7 Environmental Protection Act 1990 s 161(1) (amended by the Clean Neighbourhoods and Environment Act 2005 Sch 4 paras 2, 10(1), (2)). This provision does not apply to orders under the Environmental Protection Act 1990 s 72 (repealed) or Sch 3 para 4 (see **NUISANCE** vol 78 (2010) PARA 200): s 161(1) (as so amended).

A statutory instrument containing regulations under the Environmental Protection Act 1990 is subject to annulment in pursuance of a resolution of either House of Parliament: s 161(2). Section 161(2) does not, however, apply to a statutory instrument made solely by the Welsh Ministers: s 161(2A) (added by the Clean Neighbourhoods and Environment Act 2005 Sch 4 paras 2, 10(1), (3)).

As from a day to be appointed, the Environmental Protection Act 1990 s 161(2) also does not apply to a statutory instrument containing regulations under Sch 2AA para 11 (Sch 2AA prospectively added) (see PARA 704) to which Sch 2AA para 16(5) applies: s 161(2ZA) (prospectively added by the Climate Change Act 2008 Sch 5 Pt 2 para 4(1), (2)). At the date at which this volume states the law no such day had been appointed.

A statutory instrument containing an order under the Environmental Protection Act 1990 is generally subject to annulment: see s 161(3). Section 161(3) does not, however, apply to a statutory instrument: (1) which contains an order under s 78M(4) (see PARA 776); or (2) by reason only that it contains an order under s 128(3), s 130(4), s 131(3), s 138(2) (repealed) (see **OPEN SPACES AND COUNTRYSIDE** vol 78 (2010) PARA 524 et seq) or a commencement order under s 164(3); or (3) which is made solely by the Welsh Ministers: s 161(4) (amended by the Environment Act 1995 Sch 22 para 92; the Clean Neighbourhoods and Environment Act 2005 Sch 4 paras 2, 10(1), (4); and the Natural Environment and Rural Communities Act 2006 Sch 11 Pt 1 para 125). As from a day to be appointed, a further head is added referring to a statutory instrument which contains an order under the Environmental Protection Act 1990 Sch 2AA para 2(3), 6(2) or 15(2) (see PARA 704), or an order under Sch 2AA para 5(1) (see PARA 704) to which para 16(3) applies: s 161(4) (prospectively amended by the Climate Change Act 2008 Sch 5 Pt 2 para 4(1), (3)). At the date at which this volume states the law no such day had been appointed.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(1) CENTRAL ADMINISTRATION/(i) The Secretary of State and the Welsh Ministers/B. ORDERS, REGULATIONS AND INQUIRIES/62. Power to give effect to international agreements.

62. Power to give effect to international agreements.

Regulations may provide that certain statutory provisions¹ are to have effect with such modifications as may be prescribed in order to give effect to any European Union obligation or exercise any related right, or to give effect to any obligation or exercise any related right under any international agreement to which the United Kingdom² is for the time being a party³.

1 In any provision of the Control of Pollution Act 1974 (except s 102), the Environmental Protection Act 1990 Pt I (ss 1-28) (prospectively repealed) (see PARA 159 et seq), Pt II (ss 29-78) (see PARA 620 et seq), Pt VI (ss 106-127) (see PARA 793 et seq), s 140 (see PARAS 789-790), s 141 (see PARA 716), s 142 (see PARA 791), and the provisions of the Radioactive Substances Act 1993 (see **FUEL AND ENERGY** vol 19(3) (2007 Reissue) PARA 1450 et seq). As to the prospective repeal of the Environmental Protection Act 1990 Pt I see PARA 159 note 2.

2 As to the meaning of 'United Kingdom' see PARA 1 note 2.

3 See the Control of Pollution Act 1974 s 102(1); and the Environmental Protection Act 1990 s 156 (amended by the Radioactive Substances Act 1993 Sch 4 para 9). As to the regulations made see the Environmental Protection Act 1990 (Modification of section 112) Regulations 1992, SI 1992/2617 (see PARA 798); the Waste Management Licensing Regulations 1994, SI 1994/1056 (now mostly revoked) (see now the Environmental Permitting (England and Wales) Regulations 2007, SI 2007/3538) (see PARA 662 et seq); the Environmental Protection Act 1990 (Extension of Section 140) Regulations 1999, SI 1999/396 (see also PARA 35); the Genetically Modified Organisms (Deliberate Release) Regulations 2002, SI 2002/2443, and the Genetically Modified Organisms (Deliberate Release) (Wales) Regulations 2002, SI 2002/3188 (see PARAS 793, 796-797, 807); and the Waste Management (England and Wales) Regulations 2006, SI 2006/937 (see eg PARAS 620, 624, 655, 709).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(1) CENTRAL ADMINISTRATION/(i) The Secretary of State and the Welsh Ministers/B. ORDERS, REGULATIONS AND INQUIRIES/63. Holding of inquiries.

63. Holding of inquiries.

The Secretary of State¹ may cause a local inquiry to be held in any case where he is authorised by the Public Health Act 1936 to determine any difference, to make any order, to frame any scheme, to give any consent, confirmation, sanction or approval or otherwise to act under that Act². He may also cause such an inquiry to be held where he deems it advisable in relation to any matter concerning the public health in any place³. He has similar powers under the Public Health (Control of Disease) Act 1984⁴.

Under the Control of Pollution Act 1974, the Secretary of State may cause a local inquiry to be held in any case in which he considers it appropriate for such an inquiry to be held either in connection with a provision of that Act or with a view to preventing or dealing with pollution other than air pollution or noise at any place⁵. There is also a power to hold inquiries under the Clean Air Act 1993 in any case in which he considers it appropriate for an inquiry to be held either in connection with a provision of that Act or with a view to preventing or dealing with air pollution at any place⁶. Certain general provisions⁷ apply to such inquiries⁸.

1 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

2 Public Health Act 1936 s 318.

3 Public Health Act 1936 s 318.

4 See the Public Health (Control of Disease) Act 1984 s 70. This provision is repealed by the Health and Social Care Act 2008 Sch 11 paras 1, 25, Sch 15 Pt 3 as from a day to be appointed under s 170(3). At the date at which this volume states the law no such day had been appointed.

5 Control of Pollution Act 1974 s 96(1) (amended by the Clean Air Act 1993 Sch 4 para 2).

6 See the Clean Air Act 1993 s 59(1); and PARA 208.

7 See the Local Government Act 1972 s 250; and **LOCAL GOVERNMENT** vol 69 (2009) PARA 105. See also the Tribunals, Courts and Enforcement Act 2007; and **ADMINISTRATIVE LAW**.

8 See the Control of Pollution Act 1974 s 96(2) (amended by the Water Act 1989 Sch 27 Pt I); and the Clean Air Act 1993 s 59(2).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(1) CENTRAL ADMINISTRATION/(i) The Secretary of State and the Welsh Ministers/C. ENFORCEMENT OF DUTIES OF DEFAULTING AUTHORITIES/64. Power to enforce or transfer powers in default.

C. ENFORCEMENT OF DUTIES OF DEFAULTING AUTHORITIES

64. Power to enforce or transfer powers in default.

If the Secretary of State¹ is satisfied that any council² or joint board³ has failed to discharge its functions under the Public Health Act 1936 in any case where it ought to have done so, he may make an order declaring that body to be in default and directing it to discharge such of its functions, and in such manner and within such time or times, as may be specified in the order⁴. If the order is not complied with, then, in lieu of enforcing it by mandatory order⁵ or otherwise, the Secretary of State may make an order transferring to himself such of the body's functions as may be specified in his order⁶. A neglect of duty which may be subject to these provisions gives no right of action to an individual, unless he has a cause of action independently of the statute⁷. The Secretary of State may at any time by a subsequent order vary or revoke an order transferring the functions of a defaulting authority, without prejudice to the validity of anything previously done under it⁸.

The Secretary of State has similar default powers under the Control of Pollution Act 1974⁹, the Public Health (Control of Disease) Act 1984¹⁰ and the Clean Air Act 1993¹¹.

Provision is also made for the exercise of local authority functions in relation to rats and mice under the Prevention of Pests Act 1949 where those functions are not being satisfactorily performed by the authority¹².

1 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

2 As to the councils whose duty it is to carry the Public Health Act 1936 into effect see PARAS 1 note 14, 99 et seq.

3 As to joint boards see PARA 101.

4 See the Public Health Act 1936 s 322(2) (amended by the Local Government (Miscellaneous Provisions) Act 1976 s 27(5); and the Public Health (Control of Disease) Act 1984 Sch 3).

5 As to mandatory orders (formerly orders of mandamus) see **ADMINISTRATIVE LAW** vol 1(1) (2001 Reissue) PARA 133 et seq. For examples of procedure by mandamus see *R v Staines Union*, *R v Staines Local Board* (1893) 62 LJQB 540, DC; *R v Sunbury-on-Thames UDC* (1896) Times, 4 June, 20 July, DC; *R v Worcester Corpn* (1905) 69 JP 296, DC.

6 See the Public Health Act 1936 s 322(3) (amended by the Local Government (Miscellaneous Provisions) Act 1976 Sch 2). The expenses of discharging the transferred functions, as certified by the Secretary of State, must be paid to him by the body in default and are recoverable as a debt due to the Crown: see the Public Health Act 1936 s 324(1) (s 324(1), (2) amended by the Public Health (Control of Disease) Act 1984 Sch 3). The payment of such expenses is a purpose for which the body may borrow money under statutory powers: see the Public Health Act 1936 s 324(2) (as so amended).

7 *Robinson v Workington Corpn* [1897] 1 QB 619, CA; *Pasmore v Oswaldtwistle UDC* [1898] AC 387, HL; *Jones v Barking UDC* (1898) 15 TLR 92, CA; *Earl of Harrington v Derby Corpn* [1905] 1 Ch 205; *Hesketh v Birmingham Corpn* [1924] 1 KB 260, CA; *Clark v Epsom RDC* [1929] 1 Ch 287. The provision of such a remedy cannot take away a court's jurisdiction where a legal wrong is done: *Glossop v Heston and Isleworth Local Board* (1878) 12 ChD 102 at 116, CA, per James LJ, and at 129 per Cotton LJ; contrast *Robinson v Workington Corpn* above at 621 per Lord Esher MR.

There may be liability in negligence or nuisance: see **LOCAL GOVERNMENT; NEGLIGENCE; NUISANCE**.

8 See the Public Health Act 1936 s 325 (amended by the Public Health (Control of Disease) Act 1984 Sch 3). When an order under the Public Health Act 1936 is revoked, the Secretary of State may make, either by the revoking order or by a subsequent order, such provision as appears to him desirable in respect of the transfer, vesting and discharge of any property or liabilities acquired or incurred by him in discharging any of the transferred functions: s 325.

9 See the Control of Pollution Act 1974 s 97.

10 See the Public Health (Control of Disease) Act 1984 s 71. This provision is prospectively substituted by the Health and Social Care Act 2008 Sch 11 paras 1, 26 but at the date at which this volume states the law the substitution was in force (from 21 July 2008) only in so far as it confers power to make subordinate legislation.

11 See the Clean Air Act 1993 s 60; and PARA 209.

12 See the Prevention of Damage by Pests Act 1949 s 12; and PARA 864.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(1) CENTRAL ADMINISTRATION/(i) The Secretary of State and the Welsh Ministers/D. DELEGATION OF FUNCTIONS/65. Delegation of certain functions.

D. DELEGATION OF FUNCTIONS

65. Delegation of certain functions.

Under the Environment Act 1995, the Secretary of State¹ may: (1) appoint any person to exercise on his behalf, with or without payment, certain functions relating to appeals²; or (2) refer certain items³ relating to appeals to such person as the Secretary of State may appoint for the purpose, with or without payment⁴.

¹ As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

² Environment Act 1995 s 114(1)(a). The functions to which this provision applies include any of the Secretary of State's functions of determining an appeal under the Control of Pollution (Amendment) Act 1989 s 4 (see PARA 711), the Environmental Protection Act 1990 s 15 (prospectively repealed) (see PARA 176), s 22(5) (prospectively repealed) (see PARA 180), s 78L (see PARA 772) or s 78T (see PARA 782), the Waste Management Licensing Regulations 1994, SI 1994/1056, Sch 5 para 6, regulations under the Pollution Prevention and Control Act 1999 s 2 (see PARAS 186-188) or any matter involved in such an appeal: see the Environment Act 1995 s 114(2)(a)(ii), (iii), (vii), (viii) (amended by SI 2000/1973; and SI 2007/3538). As from a day to be appointed, this provision is amended so as to remove the reference to the Environmental Protection Act 1990 ss 15, 22(5): see the Pollution Prevention and Control Act 1999 s 6(2), Sch 3. At the date at which this volume states the law no such day had been appointed.

As to the appointment of a person under these provisions see further the Environment Act 1995 s 114(4), Sch 20 paras 1, 2. As to the powers of an appointed person see Sch 20 para 3. As to the holding of local inquiries and other hearings by such a person see Sch 20 paras 4, 5 (Sch 20 para 4 amended by SI 2000/1973; and SI 2007/3538). As to the revocation of appointments and the making of new appointments see the Environment Act 1995 Sch 20 para 6. Anything done or omitted to be done by an appointed person in, or in connection with, the exercise or purported exercise of any function to which the appointment relates must be treated for all purposes as done or omitted to be done by the Secretary of State in his capacity as such (Sch 20 para 7(1)), but this provision does not apply for the purposes of so much of any contract made between the Secretary of State and the appointed person as relates to the exercise of the function or for the purposes of any criminal proceedings brought in respect of anything done or omitted to be done (Sch 20 para 7(2)).

³ The items to which this provision applies are any matters involved in an appeal falling within the Environment Act 1995 s 114(2)(a) (see note 2): s 114(3)(a).

⁴ Environment Act 1995 s 114(1)(b).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(1) CENTRAL ADMINISTRATION/(i) The Secretary of State and the Welsh Ministers/E. FINANCIAL PROVISIONS/66. Financial assistance for environmental purposes.

E. FINANCIAL PROVISIONS

66. Financial assistance for environmental purposes.

The Secretary of State¹ may, with the consent of the Treasury², give financial assistance to, or for the purposes of, certain environmental organisations, schemes, programmes or international agreements³. Financial assistance may be given in respect of particular activities or generally in respect of all or some part of the activities carried on or supported by the recipient⁴. Financial assistance is to be given in such form and on such terms as the Secretary of State may think fit⁵.

1 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

2 As to the Treasury see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 512 et seq.

3 See the Environmental Protection Act 1990 s 153(1) (amended by the Clean Neighbourhoods and Environment Act 2005 Sch 5 Pt 8; SI 1991/682; SI 1991/1179; SI 1992/654; SI 1993/1062; SI 1993/1518; SI 1995/150; SI 1995/554; SI 1995/1085; SI 1995/3099; SI 1996/505; SI 1996/1431; SI 1997/651; SI 1998/538; SI 1998/1001; SI 1998/3234; SI 2000/207; SI 2000/2211; SI 2002/1686; SI 2002/2021; SI 2003/714; SI 2003/2119; SI 2005/1805; SI 2006/1735; SI 2007/1671; SI 2008/3243; and SI 2009/1506). The Secretary of State may, by order, vary this provision by adding to or deleting from it any description of organisation, scheme, programme or international agreement whose purposes relate to the protection, improvement or better understanding of the environment: Environmental Protection Act 1990 s 153(4). See also the Control of Pollution Act 1974 s 102(2).

Employment with the Groundwork Foundation is, and is deemed always to have been, included among the kinds of employment to which a superannuation scheme under the Superannuation Act 1972 s 1 (see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 567 et seq) can apply: see the Environmental Protection Act 1990 s 154 (amended by the Superannuation Act 1972 Sch 1).

4 Environmental Protection Act 1990 s 153(2).

5 Environmental Protection Act 1990 s 153(3). In particular, assistance may be given by making grants (whether or not repayable), loans or guarantees to, or by incurring expenditure, or providing services, staff or equipment for the benefit of, the recipient: see s 153(3).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(1) CENTRAL ADMINISTRATION/(i) The Secretary of State and the Welsh Ministers/E. FINANCIAL PROVISIONS/67. Expenses and receipts.

67. Expenses and receipts.

There must be paid out of money provided by Parliament¹: (1) any expenses incurred by the Secretary of State² for the purposes of the Control of Pollution Act 1974³; and (2) any increase attributable to the provisions of that Act in the sums payable under any other Act out of money so provided⁴. Any sums received by the Secretary of State by virtue of the Control of Pollution Act 1974 must be paid into the Consolidated Fund⁵.

Similarly, there must be paid out of money provided by Parliament⁶: (a) any administrative or other expenses incurred by any Minister of the Crown in consequence of the provisions of the Environmental Protection Act 1990⁷; and (b) any increase attributable to that Act in the sums payable out of money so provided under any other Act⁸. Any fees or other sums received by any Minister of the Crown by virtue of any provisions of the Environmental Protection Act 1990 must be paid into the Consolidated Fund⁹.

1 This provision does not apply in so far as such a sum is payable by the National Assembly for Wales. As to the National Assembly for Wales see note 2; PARA 59; and **CONSTITUTIONAL LAW AND HUMAN RIGHTS**.

2 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

3 Control of Pollution Act 1974 s 89(1)(a).

4 Control of Pollution Act 1974 s 89(1)(b).

5 Control of Pollution Act 1974 s 89(2). As to the Consolidated Fund see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 711 et seq; **PARLIAMENT** vol 78 (2010) PARA 1028 et seq.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(1) CENTRAL ADMINISTRATION/(ii) The Environment Agency/A. INTRODUCTION/68. Establishment and membership.

(ii) The Environment Agency

A. INTRODUCTION

68. Establishment and membership.

The Environment Agency was established under the Environment Act 1995 to cover the whole of England and Wales¹.

The Agency is a body corporate² consisting of not less than eight nor more than 15 members, all³ of whom are appointed by the Secretary of State⁴. One of the members is designated by the Secretary of State as chairman and another as deputy chairman of the Agency⁵. In appointing a person to be a member of the Agency, regard must be had to the desirability of appointing a person who has experience of, and has shown capacity in, some matter relevant to the functions of the Agency⁶.

The Agency must pay its members such remuneration and such travelling and other allowances as may be determined by the appropriate minister⁷. Members of the Agency are disqualified for membership of the House of Commons⁸. The validity of any proceedings of the Agency is not affected by a vacancy among the members or a defect in the appointment of any member⁹.

The Agency may appoint such officers and employees as it may determine¹⁰ but no member or other person may be appointed by the Agency to act as chief executive of the Agency unless the Secretary of State has consented to the appointment of that person¹¹.

The Agency is not to be regarded¹² as the servant or agent of the Crown, nor as enjoying any status, immunity or privilege of the Crown, nor as exempt, by virtue of any connection with the Crown, from any tax, duty, rate, levy or other charge whatsoever, whether general or local¹³. The Agency's property is not regarded as property of, or property held on behalf of, the Crown¹⁴.

The Agency may provide houses and other buildings for the use of persons employed by it and recreation grounds for such persons¹⁵.

1 In Welsh the Environment Agency is known as Asiantaeth yr Amgylchedd: Environment Act 1995 s 1(1). The Environment Act 1995 contains numerous references to 'the new agency', which means either the Agency or, in relation to Scotland, the Scottish Environment Protection Agency (SEPA): s 56(1). Throughout this title, these references have been replaced, as appropriate, by references to 'the Environment Agency'. For a general review of the powers and functions of the Environment Agency see Gallagher 'The Environment Agency' [1996] JPL Occasional Papers No 24 pp 6-10.

The Agency, which took over functions of various bodies, including the National Rivers Authority (see PARA 70), is a national body covering England and Wales and any regional offices are a legacy from the predecessor bodies, based on the former water authorities. As to the former water authorities and the privatisation of the water industry see **WATER AND WATERWAYS** vol 100 (2009) PARA 108.

The Agency's website was, at the date at which this volume states the law, www.environment-agency.gov.uk. In particular reference may be made to the Agency's strategy *Creating a better place 2010-2015*.

2 Environment Act 1995 s 1(1).

3 Previously three of these were appointed by the Minister of Agriculture, Fisheries and Food but since the dissolution of the Ministry (see PARA 58) all are appointed by the Secretary of State. As to the Secretary of State

see PARA 58. As to the transfer of functions, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

4 Environment Act 1995 s 1(2).

A member holds and vacates office in accordance with the terms of his appointment and on ceasing to be a member is eligible for reappointment: s 1(6), Sch 1 para 1(1). He may at any time resign his office by giving notice to the appropriate minister: Sch 1 para 1(2). The appropriate minister may remove a member from office if he is satisfied: (1) that the member has been absent from meetings of the Agency for a period of more than three months without the Agency's permission; (2) that the member has been adjudged bankrupt, that his estate has been sequestrated or that he has made a composition or arrangement with, or granted a trust deed for, his creditors; or (3) that the member is unable or unfit to carry out the functions of a member: Sch 1 para 1(3). 'Member', except where the context otherwise requires, means any member of the Agency (including the chairman and deputy chairman): Sch 1 para 12.

For the purposes of Sch 1, 'appropriate minister', in relation to any person who is or has been a member, means the Secretary of State: see Sch 1 para 12. For the purposes of Pt I (ss 1-56), 'appropriate minister' means the Secretary of State: see s 56(1). These provisions also refer to the Minister of Agriculture, Fisheries and Food, but his functions are now the responsibility of the Secretary of State (see PARA 58 note 1).

5 Environment Act 1995 s 1(3). The chairman or deputy chairman holds office as such unless and until he resigns that office by giving notice to the Secretary of State, or he ceases to be a member, and on ceasing to be chairman or deputy chairman he is eligible for further designation as such in accordance with s 1(3) at any time when he is a member: Sch 1 para 2.

6 Environment Act 1995 s 1(4). As to the functions of the Agency see PARA 73 et seq.

7 Environment Act 1995 Sch 1 para 3(1). If so required by the appropriate minister, the Agency must: (1) pay such pension, allowances or gratuities as may be determined by that minister to or in respect of a person who is or has been a member; (2) make such payments as may be determined by that minister towards provision for the payment of a pension, allowances or gratuities to or in respect of a person who is or has been a member; or (3) provide and maintain such schemes, whether contributory or not, as may be determined by that minister for the payment of pensions, allowances or gratuities to or in respect of persons who are or have been members: Sch 1 para 3(2). If, when any member ceases to hold office, the appropriate minister determines that there are special circumstances which make it right that that member ought to receive compensation, the Agency must pay to him a sum by way of compensation of such amount as may be so determined: Sch 1 para 3(3).

8 House of Commons Disqualification Act 1975 s 1(1)(f), Sch 1 Pt II (amended by the Environment Act 1995 Sch 22 para 31).

9 Environment Act 1995 Sch 1 para 8.

10 Environment Act 1995 Sch 1 para 4(1).

11 Environment Act 1995 Sch 1 para 4(2). The Agency may: (1) pay such pensions, allowances or gratuities to or in respect of any persons who are or have been its officers or employees as it may, with the approval of the Secretary of State, determine; (2) make such payments as it may so determine towards provision for the payment of pensions, allowances or gratuities to or in respect of any such persons; and (3) provide and maintain such schemes as it may so determine, whether contributory or not, for the payment of pensions, allowances or gratuities to or in respect of any such persons: Sch 1 para 4(3). Any reference in Sch 1 para 4(3) to pensions, allowances or gratuities to or in respect of any such persons as are there mentioned includes a reference to pensions, allowances or gratuities by way of compensation to, or in respect of, any of the Agency's officers or employees who suffer loss of office or employment or loss or diminution of emoluments: Sch 1 para 4(4).

69. Proceedings of the Environment Agency.

The Environment Agency¹ may regulate its own procedure, including quorum². Anything authorised or required by or under any enactment to be done by the Agency may be done by any member³, officer or employee of the Agency who has been authorised for the purpose, whether generally or specially, by the Agency, or by any committee or sub-committee of the Agency which has been so authorised⁴.

A member who is in any way directly or indirectly interested in any matter that is brought up for consideration at a meeting⁵ of the Agency must disclose the nature of his interest to the meeting; and, where such a disclosure is made, the disclosure must be recorded in the minutes of the meeting, and the member must not take any part in any deliberation or decision of the Agency, or of its committees or sub-committees, with respect to that matter⁶. The Secretary of State may, however, remove any disability so imposed⁷ in any case where the number of members of the Agency so disabled at any one time would be so great a proportion of the whole as to impede the transaction of business⁸.

Minutes must be kept of proceedings of the Agency, of its committees and of its sub-committees⁹.

The application of the Agency's seal must be authenticated by the signature¹⁰ of any member, officer or employee of the Agency who has been authorised for the purpose, whether generally or specially, by the Agency¹¹.

Any document which the Agency is authorised or required by or under any enactment to serve, make or issue may be signed on behalf of the Agency by any member, officer or employee of the Agency who has been authorised for the purpose, whether generally or specially, by the Agency¹². Any notice which is required or authorised, by or under any provision of any other Act, to be given, served or issued by, to or on the Agency must be in writing¹³.

1 As to the establishment of the Environment Agency see PARA 68.

2 Environment Act 1995 s 1(6), Sch 1 para 5. This is subject to Sch 1 paras 5-11 (see the text and notes 3-13) and to the Water Resources Act 1991 s 106 (see **WATER AND WATERWAYS** vol 101 (2009) PARA 573): Environment Act 1995 Sch 1 para 5.

3 As to the meaning of 'member' see PARA 68 note 4.

4 Environment Act 1995 Sch 1 para 6. This provision is expressed to be subject to the Water Resources Act 1991 s 106 (see **WATER AND WATERWAYS** vol 101 (2009) PARA 573): see the Environment Act 1995 Sch 1 para 6.

5 For these purposes, any reference to a meeting of the Agency includes a reference to a meeting of any committee or sub-committee of the Agency: Environment Act 1995 Sch 1 para 7(7).

6 Environment Act 1995 Sch 1 para 7(1). For these purposes, a general notification given at a meeting of the Agency by a member to the effect that he is a member of a specified company or firm, and that he is to be regarded as interested in any matter involving that company or firm, is to be regarded as a sufficient disclosure of his interest in relation to any such matter: Sch 1 para 7(2). A member need not attend in person at a meeting of the Agency in order to make a disclosure which he is so required to make if he takes reasonable steps to secure that the disclosure is made by a notice which is read and considered at the meeting: Sch 1 para 7(3).

7 Ie subject to such conditions as he considers appropriate: Environment Act 1995 Sch 1 para 7(4).

8 Environment Act 1995 Sch 1 para 7(4). This power includes power to remove, either indefinitely or for any period, a disability which would otherwise attach to any member, or members of any description, by reason of such interests, and in respect of such matters, as may be specified or described by the Secretary of State: Sch 1 para 7(5). Nothing in Sch 1 para 7 precludes any member from taking part in the consideration of, or voting on, any question whether an application should be made to the Secretary of State for the exercise of the power under Sch 1 para 7(4): Sch 1 para 7(6). As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

9 Environment Act 1995 Sch 1 para 9(1). Minutes of any such proceedings are evidence of those proceedings if they are signed by a person purporting to have acted as chairman of the proceedings to which the minutes relate or of any subsequent proceedings in the course of which the minutes were approved as a correct record: Sch 1 para 9(2). Where minutes of any such proceedings have been so signed, those proceedings are deemed to have been validly convened and constituted unless the contrary is shown: Sch 1 para 9(3).

10 This reference to the signature of a person includes a reference to a facsimile of a signature, by whatever process reproduced; and 'signed' is to be construed accordingly: Environment Act 1995 Sch 1 para 10(2).

11 Environment Act 1995 Sch 1 para 10(1).

12 Environment Act 1995 Sch 1 para 11(1). Every document purporting to be an instrument made or issued by or on behalf of the Agency and to be duly executed under the seal of the Agency, or to be signed or executed by a person authorised by the Agency for the purpose, must be received in evidence and treated, without further proof, as being so made or issued unless the contrary is shown: Sch 1 para 11(2).

13 Environment Act 1995 Sch 1 para 11(3).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(1) CENTRAL ADMINISTRATION/(ii) The Environment Agency/A. INTRODUCTION/70. Transfer of functions.

70. Transfer of functions.

On the transfer date¹, certain functions of the National Rivers Authority², waste regulation authorities³, disposal authorities⁴, and the Secretary of State⁵ were transferred to the Environment Agency⁶, and the National Rivers Authority and the London Waste Regulation Authority were abolished⁷. The Agency now has functions with respect to, inter alia, pollution control⁸, water resources⁹ and flood defence¹⁰, and environmental duties with respect to sites of special interest¹¹, as well as general environmental and recreational duties¹². Its principal aim and objectives, and incidental functions, are set out in the Environment Act 1995¹³.

1 'Transfer date' means such date as the Secretary of State may by order made by statutory instrument appoint as the transfer date for the purposes of the Environment Act 1995 Pt I (ss 1-56); and different dates may be appointed for the purposes of that Part as it applies for or in connection with transfers under or by virtue of Pt I Ch I (ss 1-19) or under or by virtue of Pt I Ch II (ss 20-36) (Scottish Environment Protection Agency): s 56(1). As to the order that has been made see the Environment Agency (Transfer Date) Order 1996, SI 1996/234, which brought the transfer provisions in relation to the Environment Agency into force on 1 April 1996. The Environment Act 1995 s 2, relating to transfer of functions, was also brought into force on 1 April 1996: Environment Act 1995 (Commencement No 5) Order 1996, SI 1996/186, art 3. As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59. As to the establishment of the Environment Agency see PARA 68.

2 See the Environment Act 1995 s 2(1)(a) (amended by SI 2009/463). As to the functions transferred from the National Rivers Authority to the Environment Agency see **WATER AND WATERWAYS** vol 100 (2009) PARA 12.

3 See the Environment Act 1995 s 2(1)(b). The functions that were transferred were those conferred or imposed on waste regulation authorities by or under the Control of Pollution (Amendment) Act 1989 or the Environmental Protection Act 1990 Pt II (ss 29-78) or assigned to them by or under any other enactment apart from the Environment Act 1995: s 2(1)(b). 'Waste regulation authority', in the application of Pt I in relation to the Agency, means any authority in England or Wales which, by virtue of the Environmental Protection Act 1990 s 30(1) (see PARA 620), is a waste regulation authority for the purposes of Pt II: Environment Act 1995 s 56(1). As to waste regulation authorities see PARA 620 note 6.

4 See the Environment Act 1995 s 2(1)(c). The functions transferred were those under or by virtue of the waste regulation provisions of the Control of Pollution Act 1974: Environment Act 1995 s 2(1)(c). 'Disposal authority' in the application of Pt I in relation to the Agency, has the same meaning as it has in the Control of Pollution Act 1974 Pt I (ss 11-30) (see PARA 620): Environment Act 1995 s 56(1). As to waste disposal authorities see PARA 620 note 7.

5 See the Environment Act 1995 s 2(1)(h), (2). The functions of the Secretary of State that were transferred are:

- 4 (1) so far as exercisable in relation to England and Wales, his functions under the Radioactive Substances Act 1993 s 30(1) (power to dispose of radioactive waste) (see **FUEL AND ENERGY** vol 19(3) (2007 Reissue) PARA 1461) (Environment Act 1995 s 2(2)(a));
- 5 (2) his functions under the Water Industry Act 1991 Pt IV Ch III (ss 118-141) in relation to special category effluent, within the meaning of that Chapter, other than any function of making regulations or of making orders under s 139 (see PARA 1047 et seq) (Environment Act 1995 s 2(2)(b));
- 6 (3) so far as exercisable in relation to England and Wales, the functions conferred or imposed on him by virtue of his being, for the purposes of the Health and Safety at Work etc Act 1974 Pt I (ss 1-54), the authority which is by any of the relevant statutory provisions made responsible for the enforcement of the Alkali etc Works Regulation Act 1906 (repealed) and the Health and Safety at Work etc Act 1974 s 5 (repealed) (Environment Act 1995 s 2(2)(c));

- 7 (4) so far as exercisable in relation to England and Wales, his functions under, or under regulations made by virtue of, the Alkali etc Works Regulation Act 1906 s 9 (registration of works) (repealed), other than any functions of his as an appellate authority or any function of making regulations (Environment Act 1995 s 2(2)(d));
- 8 (5) so far as exercisable in relation to England and Wales, his functions under the Sludge (Use in Agriculture) Regulations 1989, SI 1989/1263, regs 7(1), 8(2), Sch 2 para 2(2)(c) (which relate to the provision of information and the testing of soil) (see PARA 1072) (Environment Act 1995 s 2(2)(e)).

6 See the Environment Act 1995 s 2(1). Also transferred were the functions of the chief inspector for England and Wales constituted under the Environmental Protection Act 1990 s 16(3) (repealed): see the Environment Act 1995 s 2(1)(d). Similarly other duties were transferred from the chief inspector under the Radioactive Substances Act 1993, the Alkali etc Works Regulations Act 1906 (repealed) and the Health and Safety at Work etc Act 1974 Pt I: see the Environment Act 1995 s 2(1)(e)-(g).

7 See the Environment Act 1995 s 2(3) (repealed).

8 See the Environment Act 1995 s 5; and PARA 75. As to pollution control generally see PARA 158 et seq.

9 See the Environment Act 1995 s 6; and PARA 76. As to water resources generally see **WATER AND WATERWAYS** vol 100 (2009) PARA 187 et seq.

10 See the Environment Act 1995 ss 14-19; and **WATER AND WATERWAYS** vol 101 (2009) PARA 559 et seq.

11 See the Environment Act 1995 s 8; and PARA 78.

12 See the Environment Act 1995 ss 7, 9; and PARAS 77, 79.

13 See the Environment Act 1995 ss 4, 10; and PARAS 73, 80.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(1) CENTRAL ADMINISTRATION/(ii) The Environment Agency/A. INTRODUCTION/71. Transfer of property, rights and liabilities.

71. Transfer of property, rights and liabilities.

On the transfer date¹, the property, rights and liabilities of the National Rivers Authority and the London Waste Regulation Authority were transferred to and vested in the Environment Agency². The Secretary of State³ had power before the transfer date to make a scheme for the transfer to the Agency of such of his property, rights and liabilities, or the property, rights and liabilities of any of certain inspectors or chief inspectors⁴, as appeared to him appropriate to be so transferred in consequence of the transfer of any functions to the Agency by virtue of any of the relevant⁵ statutory provisions⁶. Any property, rights or liabilities which were the subject of such a scheme were transferred to and vested in the Agency by and in accordance with the scheme⁷. Waste regulation authorities⁸, other than the London Waste Regulation Authority, were under a duty to make schemes after consultation with the Agency for the transfer of such of their property, rights and liabilities as appeared to them to be appropriate to be so transferred and to submit the schemes to the Secretary of State for his approval⁹. If at any time after a transfer scheme has come into force the Secretary of State considers it appropriate to do so, he may by order¹⁰ provide that the scheme is to be deemed to have come into force with specified modifications¹¹. No transfer effected by the above provisions gave rise to any liability to stamp duty¹².

The abolition of the National Rivers Authority or the London Waste Regulation Authority does not affect the validity of anything done¹³ by that authority before the transfer date¹⁴. Anything which at the transfer date was in the process of being done by or in relation to a transferor in the exercise of, or in connection with, any of the transferred functions¹⁵ might thereafter be continued by or in relation to the transferee¹⁶. Anything done by or in relation to a transferor before the transfer date in the exercise of, or otherwise in connection with, any of the transferred functions is, so far as is required for continuing its effect on and after the transfer date, to have effect as if done by or in relation to the transferee¹⁷. This applies in particular to:

- 13 (1) any decision, determination, declaration, designation, agreement or instrument made by a transferor¹⁸;
- 14 (2) any regulations or byelaws made by a transferor¹⁹;
- 15 (3) any licence, permission, consent, approval, authorisation, exemption, dispensation or relaxation granted by or to a transferor²⁰;
- 16 (4) any notice, direction or certificate given by or to a transferor²¹;
- 17 (5) any application, request, proposal or objection made by or to a transferor²²;
- 18 (6) any condition or requirement imposed by or on a transferor²³;
- 19 (7) any fee or charge paid by or to a transferor²⁴;
- 20 (8) any appeal allowed by or in favour of or against a transferor²⁵;
- 21 (9) any proceedings instituted by or against a transferor²⁶.

Any reference to a transferor in any document constituting or relating to any thing to which the above provisions apply is, so far as is required for giving effect to those provisions, to be construed as a reference to the transferee²⁷.

The above provisions are without prejudice to any provision made by the Environment Act 1995 in relation to any particular functions and are not to be construed as continuing in force any contract of employment made by a transferor²⁸. The Secretary of State may, in relation to any

particular functions of the Agency, by order²⁹ exclude, modify or supplement any of the above provisions or make such other transitional provisions as he thinks necessary or expedient³⁰.

1 le 1 April 1996: see PARA 70 note 1.

2 Environment Act 1995 s 3(1)(a). As to the abolition of the National Rivers Authority and the London Waste Regulation Authority see PARA 70. As to the establishment of the Environment Agency see PARA 68.

3 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

4 le the inspectors and chief inspectors mentioned in the Environment Act 1995 s 2(1): s 3(2)(b) (repealed). Those inspectors are: (1) the chief inspector for England and Wales constituted under the Environmental Protection Act 1990 s 16(3) (repealed); (2) the chief inspector for England and Wales appointed under the Radioactive Substances Act 1993 s 4(2)(a) (repealed); (3) the chief, or any other, inspector within the meaning of the Alkali etc Works Regulation Act 1906 (repealed); (4) inspectors appointed under the Health and Safety at Work etc Act 1974 s 19 by the Secretary of State in his capacity as the enforcing authority responsible in relation to England and Wales for the enforcement of s 5 (repealed) and of the Alkali etc Works Regulation Act 1906 (repealed): see the Environment Act 1995 s 2(1)(d)-(g).

5 le by virtue of any of the provisions of the Environment Act 1995 s 2(1)(d)-(h). See note 4.

6 Environment Act 1995 s 3(2) (repealed).

7 Environment Act 1995 s 3(1)(b)(i).

8 As to the meaning of 'waste regulation authority' see PARA 70 note 3.

9 See the Environment Act 1995 s 3(1)(b)(ii). As to the property, rights and liabilities which might be transferred by a transfer scheme under s 3 see s 3(8), Sch 2 para 2. As to contracts of employment see Sch 2 para 3 (amended by the Employment Rights Act 1996 Sch 1 para 68). As to the methods of defining the property, rights and liabilities to be transferred see the Environment Act 1995 Sch 2 para 4. No consideration was to be provided in respect of the transfer: see Sch 2 para 9. As to the division of property, rights and liabilities see Sch 2 para 5; and as to the making of incidental, supplemental and consequential provision see Sch 2 para 6. As to the perfection of the vesting of foreign property, rights and liabilities see Sch 2 para 12. As to the continuity of certain transactions see Sch 2 para 10. As to remedies see Sch 2 para 11. As to the provision of information and assistance to the Secretary of State and the Environment Agency in connection with transfer schemes see Sch 2 para 8. As to the arrangements for the transfer from the waste regulation authorities see the Department of the Environment Circular 15/95 *Transfer of Property, Rights and Liabilities from Waste Regulatory Authorities to the Environment Agency*.

10 The order is to be made by statutory instrument subject to annulment in pursuance of a resolution of either House of Parliament: see the Environment Act 1995 Sch 2 para 7(4). It may only be made after consultation with the Agency and the transferor body: see Sch 2 para 7(3). As to the content of the order see Sch 2 para 7(2).

11 Environment Act 1995 Sch 2 para 7(1). 'Modification' includes additions, alterations and omissions; and cognate expressions are to be construed accordingly: s 124(1).

12 Environment Act 1995 s 119(1). Stamp duty is not chargeable on any transfer scheme or on any instrument or agreement certified to the Commissioners for Her Majesty's Revenue and Customs by the Secretary of State as made in pursuance of a transfer scheme: s 119(2), (4) (amended by virtue of the Commissioners for Revenue and Customs Act 2005 s 50(1), (7)). No such transfer scheme or instrument is, however, to be taken to be duly stamped unless it has, in accordance with the Stamp Act 1891 s 12, been stamped with a particular stamp denoting that it is not chargeable with that duty or that it is duly stamped, or it is stamped with the duty to which it would otherwise be liable (see **STAMP DUTIES AND STAMP DUTY RESERVE TAX** vol 44(1) (Reissue) PARA 1111): Environment Act 1995 s 119(3). As to the Commissioners for Her Majesty's Revenue and Customs see **CUSTOMS AND EXCISE** vol 12(3) (2007 Reissue) PARA 900 et seq.

13 For these purposes, any reference to anything done by or in relation to a transferor includes a reference to anything which, by virtue of any enactment, is treated as having been done by or in relation to that transferor: Environment Act 1995 s 55(5). 'Transferor' means any body or person any or all of whose functions become, by virtue of any provision made by or under the Environment Act 1995, functions of the Agency: s 55(10).

14 Environment Act 1995 s 55(1).

15 'Transferred functions' means any functions which, by virtue of any provision made by or under the Environment Act 1995, become functions of the Agency: s 55(10).

16 Environment Act 1995 s 55(2). 'Transferee', in the case of any transferred functions, means the Agency whose functions they become by virtue of any provisions made by or under the Environment Act 1995: s 55(10).

17 Environment Act 1995 s 55(3).

18 Environment Act 1995 s 55(4)(a).

19 Environment Act 1995 s 55(4)(b).

20 Environment Act 1995 s 55(4)(c).

21 Environment Act 1995 s 55(4)(d).

22 Environment Act 1995 s 55(4)(e).

23 Environment Act 1995 s 55(4)(f).

24 Environment Act 1995 s 55(4)(g).

25 Environment Act 1995 s 55(4)(h).

26 Environment Act 1995 s 55(4)(j).

27 Environment Act 1995 s 55(6).

28 Environment Act 1995 s 55(7).

29 The power to make such an order is exercisable by statutory instrument subject to annulment in pursuance of a resolution of either House of Parliament: Environment Act 1995 s 55(9).

30 Environment Act 1995 s 55(7).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(1) CENTRAL ADMINISTRATION/(ii) The Environment Agency/B. GENERAL FUNCTIONS AND DUTIES/72. General environmental duties.

B. GENERAL FUNCTIONS AND DUTIES

72. General environmental duties.

Under the Environment Act 1995, the Environment Agency has general and specific duties intended to benefit the environment¹. The Agency's principal aim, subject to other statutory provisions and taking into account any likely costs, is to discharge its functions so to protect or enhance the environment taken as a whole as to make a contribution towards achieving sustainable development². The Agency's specific environmental duties reflect their origins in earlier statutes relating to water³. They now apply to the general pollution control and waste regulation functions of the Agency, although a distinction is drawn between environmental duties in relation to pollution (including water pollution) control⁴ and other agency functions⁵. Water and sewerage undertakers⁶, land drainage bodies⁷ and local authorities⁸ have very similar duties. The ministers⁹ have power to issue and by order approve codes of practice giving practical guidance to the Agency and other bodies as to the exercise of these duties and to promote desirable practices in relation to them¹⁰.

1 See the Environment Act 1995 ss 6-9; and PARAS 76-79. As to the establishment of the Environment Agency see PARA 68.

2 See the Environment Act 1995 s 4(1); and PARA 73.

3 See eg the Water Act 1989 ss 8-10 (repealed); and the Water Resources Act 1991 ss 2(2), 16-18 (repealed). As to the transfer of functions of the National Rivers Authority to the Environment Agency see PARA 70.

4 As to the meanings of 'pollution control powers' and 'pollution control functions' see PARA 75.

5 See the Environment Act 1995 s 7(1); and PARA 77. The duty in connection with pollution control requires the Agency to 'have regard to' various environmental considerations, whereas in the case of all other functions the duty is to 'further' them.

6 See the Water Industry Act 1991 ss 3-5; and **WATER AND WATERWAYS** vol 100 (2009) PARA 134 et seq. As to sewerage undertakers see also PARA 999.

7 See the Land Drainage Act 1991 ss 61A-61E; and **WATER AND WATERWAYS** vol 101 (2009) PARA 642 et seq. As to land drainage bodies see **WATER AND WATERWAYS** vol 101 (2009) PARA 569 et seq.

8 See the Land Drainage Act 1991 s 61(B); and **WATER AND WATERWAYS** vol 101 (2009) PARA 643.

9 'Ministers' means the Secretary of State: Environment Act 1995 s 56(1). This provision also refers to the Minister of Agriculture, Fisheries and Food, but his functions are now the responsibility of the Secretary of State (see PARA 58 note 1). As to the Secretary of State see PARA 58. As to the transfer of functions, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

10 See the Environment Act 1995 s 9; and PARA 79.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(1) CENTRAL ADMINISTRATION/(ii) The Environment Agency/B. GENERAL FUNCTIONS AND DUTIES/73. Principal aim and objectives and incidental general functions.

73. Principal aim and objectives and incidental general functions.

It is the principal aim of the Environment Agency¹ in discharging its functions² so to protect and enhance the environment³, taken as a whole, as to make the contribution which, having regard to its responsibilities and resources, the ministers⁴ consider appropriate for the Agency to make, by the discharge of those functions, towards attaining the objective of achieving sustainable development⁵. The ministers must from time to time give guidance to the Agency with respect to objectives which they consider it appropriate for the Agency to pursue in the discharge of its functions⁶ and the Agency must have regard to any guidance so given⁷. The power to give such guidance is exercisable only after consultation with the Agency, Natural England and such other bodies or persons as the ministers consider it appropriate to consult in relation to the guidance in question⁸. A draft of any such guidance proposed to be given must be laid before each House of Parliament and the guidance may not be given until after the period of 40 days⁹ beginning with the day on which the draft was laid or, if the draft is laid on different days, the later of the two days¹⁰. If, within that period, either House resolves that the guidance should not be given, the ministers must not give it¹¹. The ministers must arrange for any guidance so given to be published in such manner as they consider appropriate¹².

The Agency may do anything which, in its opinion, is calculated to facilitate, or is conducive or incidental to¹³, the carrying out of functions¹⁴; and it may institute criminal proceedings in England and Wales¹⁵. It is the Agency's duty to provide the Secretary of State with such advice and assistance as he may request¹⁶.

The Agency may provide for any person, whether in or outside the United Kingdom¹⁷, advice or assistance, including training facilities, as respects any matter in which the Agency has skill or experience¹⁸. The Agency must make arrangements for the carrying out of research and related activities, whether by itself or by others, in respect of matters to which its functions relate and may make the results of any such research or related activities available to any person in return for payment of such fee as it considers appropriate¹⁹.

By agreement with any person, the Agency may charge that person a fee in respect of work done, or services or facilities provided, as a result of a request made by him for advice or assistance, whether of a general or specific character, in connection with any matter involving or relating to environmental licences²⁰.

In exercising any of its powers under any enactment, the Agency must have particular regard to the duties imposed²¹ on any water undertaker or sewerage undertaker which appears to the Agency to be, or to be likely to be, affected by the exercise of the power in question²².

1 le subject to and in accordance with the provisions of the Environment Act 1995 or any other enactment and taking into account any likely costs: s 4(1). As to the establishment of the Environment Agency see PARA 68.

2 As to general functions with respect to pollution control see the Environment Act 1995 s 5; and PARA 75. As to environmental and recreational duties see ss 7, 8, 9; and PARAS 77-79. As to incidental functions of the Agency see s 10; and PARA 80. As to functions with respect to water see s 6; and PARA 76.

3 For these purposes, the 'environment' means all, or any, of the following media, ie the air, water and land; and the medium of air includes the air within buildings and the air within other natural or man-made structures above or below land: Environment Act 1995 s 56(1) (definition substituted by the Pollution Prevention and Control Act 1999 Sch 2 paras 14, 17).

4 As to the meaning of 'ministers' see PARA 72 note 9.

5 Environment Act 1995 s 4(1), (3). See further *Securing the Future - UK Government sustainable development strategy* (2005) which was available, at the date at which this volume states the law, at www.defra.gov.uk.

6 Environment Act 1995 s 4(2).

7 Environment Act 1995 s 4(4). See eg Department for Environment Food and Rural Affairs *The Environment Agency's Objectives and Contributions to Sustainable Development: Statutory Guidance* (2002); and *Management Statement Issued to the Environment Agency* (2002); both of which were available, at the date at which this volume states the law, at www.defra.gov.uk.

8 Environment Act 1995 s 4(5) (amended by the Natural Environment and Rural Communities Act 2006 Sch 11 Pt 1 para 140). As to Natural England see **OPEN SPACES AND COUNTRYSIDE** vol 78 (2010) PARA 523.

9 In reckoning the period of 40 days, no account is to be taken of any time during which Parliament is dissolved or prorogued or during which both Houses are adjourned for more than four days: Environment Act 1995 s 4(8).

10 Environment Act 1995 s 4(6).

11 Environment Act 1995 s 4(7).

12 Environment Act 1995 s 4(9).

13 'Incidental to' refers to what may be derived by reasonable implication from the language used in the statute: *Amalgamated Society of Railway Servants v Osborne* [1910] AC 87 at 97, HL, per Lord Macnaghten; *A-G v Fulham Corp* [1921] 1 Ch 440; *A-G v Smethwick Corp* [1932] 1 Ch 562, CA; *A-G v Crayford UDC* [1962] Ch 246, [1961] 3 All ER 1002 (affd [1962] Ch 575, [1962] 2 All ER 147, CA).

14 Environment Act 1995 s 37(1)(a). Without prejudice to the generality of this power, the Agency may, for the purposes of, or in connection with, the carrying out of those functions, acquire and dispose of land and other property and carry out such engineering or building operations as it considers appropriate: s 37(1)(b). For these purposes, 'engineering or building operations' includes, without prejudice to the generality of that expression, the construction, alteration, improvement, maintenance or demolition of any building or structure or of any reservoir, watercourse, dam, weir, well, borehole or other works and the installation, modification or removal of any machinery or apparatus: s 37(9).

The provisions of the Compulsory Purchase Act 1965 Pt I (ss 1-32) so far as applicable, other than ss 4-8, s 10, ss 21, 27(1) (repealed with savings), s 31, Sch 4, apply in relation to any power to acquire land by agreement which is conferred on the Agency by any provisions of the Water Resources Act 1991 or otherwise (including the Environment Act 1995 s 37) as if any reference in those provisions to the acquiring authority were a reference to the Agency and any reference to land subject to compulsory purchase were a reference to land which may be purchased by agreement under that power: Water Resources Act 1991 s 154(6) (amended by the Environment Act 1995 Sch 22 paras 128, 157). See **COMPULSORY ACQUISITION OF LAND** vol 18 (2009) PARA 501 et seq.

15 Environment Act 1995 s 37(1). A person who is authorised by the Agency to prosecute on its behalf in any proceedings before a magistrates' court in England and Wales is entitled to prosecute in any such proceedings: s 54 (amended by the Legal Services Act 2007 Sch 21 para 117, Sch 23).

16 Environment Act 1995 s 37(2). As to the Secretary of State see PARA 58. As to the transfer of functions, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

17 As to the meaning of 'United Kingdom' see PARA 1 note 2.

18 Environment Act 1995 s 37(3). Without prejudice to any power of the Agency apart from s 37(3) to provide such advice or assistance, the power so conferred must not be exercised in a case where the person for whom the advice or assistance is provided is outside the United Kingdom except with the consent in writing of the appropriate minister whose consent may be given subject to such conditions as he thinks fit: s 37(4). As to the meaning of 'appropriate minister' see PARA 68 note 4.

19 Environment Act 1995 s 37(5). This provision is not to be taken as preventing the Agency from making the results of any research available to the public free of charge whenever it considers it appropriate to do so: s 37(6).

20 Environment Act 1995 s 37(7). This is without prejudice to the generality of the powers of the Agency to make charges, but is subject to any such express provision with respect to charging by the Agency as is contained in the other provisions of Pt I (ss 1-56) or in any other enactment: s 37(8). 'Environmental licence'

means any of the following: (1) registration of a person as a carrier of controlled waste under the Control of Pollution (Amendment) Act 1989 s 2 (see PARA 710); (2) a permit granted by the Agency under regulations under the Pollution Prevention and Control Act 1999 s 2 (see PARAS 186-188); (3) an authorisation under the Environmental Protection Act 1990 Pt I (ss 1-28) (prospectively repealed), other than any such authorisation granted by a local enforcing authority; (4) a licence under the Water Resources Act 1991 Pt II Ch II (ss 24-72) (see **WATER AND WATERWAYS** vol 100 (2009) PARA 214 et seq); (5) a consent for the purposes of s 88(1)(a), s 89(4)(a) or s 90 (see PARA 293 et seq); (6) registration or authorisation under the Radioactive Substances Act 1993 (see **FUEL AND ENERGY** vol 19(3) (2007 Reissue) PARAS 1439 et seq, 1450 et seq); (7) registration of a person as a broker of controlled waste under any provision which gives effect in England and Wales to European Parliament and EC Council Directive 2006/12 (OJ L114, 27.4.2006, p 9) on waste art 12 (see PARA 33); (8) registration under the Environmental Permitting (England and Wales) Regulations 2007, SI 2007/3538, Sch 2 (see PARA 663 note 1) of an establishment or undertaking in relation to a WEEE operation (as defined in Sch 2 para 1) (see PARA 663 note 1); (9) a greenhouse gas emissions permit granted under the Greenhouse Gas Emissions Trading Scheme Regulations 2005, SI 2005/925 (see PARA 260); (10) approval of a scheme under the Waste Electrical and Electronic Equipment Regulations 2006, SI 2006/3289, reg 41 (see PARA 652); (11) compliance with the condition in reg 43(e)(i) in relation to a scheme mentioned in head (10) above; (12) approval of an authorised treatment facility or exporter under reg 47; and (13) extension of approval of an exporter under reg 48: Environment Act 1995 s 56(1) (definition amended by SI 2000/1973; SI 2005/925; SI 2005/1728; SI 2006/3289; SI 2007/3538; and SI 2009/3381). As from a day to be appointed, the references in the Environment Act 1995 s 56(1) to the Environmental Protection Act 1990 Pt I are repealed: see the Pollution Prevention and Control Act 1999 s 6(2), Sch 3. At the date at which this volume states the law no such day had been appointed. As to the prospective repeal of the Environmental Protection Act 1990 Pt I see PARA 159 note 2.

21 le by virtue of the provisions of the Water Industry Act 1991 Pts II-IV (ss 6-141): see PARA 998; and **WATER AND WATERWAYS** vol 100 (2009) PARA 137 et seq.

22 Water Resources Act 1991 s 15(1) (amended by the Environment Act 1995 Sch 22 para 128).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(1) CENTRAL ADMINISTRATION/(ii) The Environment Agency/B. GENERAL FUNCTIONS AND DUTIES/74. Duty to comply with directions.

74. Duty to comply with directions.

The appropriate minister¹ may give the Environment Agency² directions³ of a general or specific character with respect to the carrying out of any of its functions⁴. He may give such directions of a general or specific character as he considers appropriate for the implementation of any obligations of the United Kingdom⁵ under the European Union treaties, or any international agreement to which the United Kingdom is for the time being a party⁶. Except in an emergency, the power to give any such direction is exercisable only after consultation with the Agency⁷.

It is the Agency's duty to comply with any direction given to it by a Minister of the Crown under these provisions or under any other enactment⁸. In determining any appeal against, or reference or review of, a decision of the Agency or any application transmitted from the Agency, the body or person making the determination is bound by any such direction to the same extent as the Agency⁹.

1 As to the meaning of 'appropriate minister' see PARA 68 note 4.

2 As to the establishment of the Environment Agency see PARA 68.

3 As to directions given under the Environment Act 1995 see PARA 154.

4 Environment Act 1995 s 40(1).

5 As to the meaning of 'United Kingdom' see PARA 1 note 2.

6 Environment Act 1995 s 40(2) (amended by virtue of the European Union (Amendment) Act 2008 s 3(6)). Such a direction must be published in such manner as the minister giving it considers appropriate for the purpose of bringing the matters to which it relates to the attention of persons likely to be affected by them; and copies of the direction must be made available to the public: Environment Act 1995 s 40(3)(a). Notice of the giving of the direction, and of where a copy of it may be obtained, must be given in the London Gazette: s 40(3) (b). Section 40(3) has effect in relation to any direction given to the Agency under any other enactment for the implementation of any such obligation or agreement as is mentioned in s 40(2) as it has effect in relation to a direction given under s 40(2): s 40(4).

7 Environment Act 1995 s 40(6).

8 Environment Act 1995 s 40(8). Any power of the appropriate minister to give directions to the Agency otherwise than by virtue of s 40 is without prejudice to any power to give directions conferred by s 40: s 40(7).

9 Environment Act 1995 s 40(5).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(1) CENTRAL ADMINISTRATION/(ii) The Environment Agency/B. GENERAL FUNCTIONS AND DUTIES/75. General functions with respect to pollution control.

75. General functions with respect to pollution control.

The Environment Agency's¹ pollution control powers² are exercisable for the purpose of preventing or minimising, or remedying or mitigating the effects of, pollution of the environment³. For the purpose of facilitating the carrying out of its pollution control functions⁴, or of enabling it to form an opinion of the general state of pollution of the environment, the Agency must compile information⁵ relating to such pollution⁶. If required by either of the ministers⁷ to do so, the Agency must also:

- 22 (1) carry out assessments, whether generally or for such particular purposes as may be specified in the requirement, of the effect, or likely effect, on the environment of existing or potential levels of pollution of the environment and report its findings to that minister⁸; or
- 23 (2) prepare and send to that minister a report identifying the options which the Agency considers to be available for preventing or minimising, or remedying or mitigating the effects of, pollution of the environment, whether generally or in cases or circumstances specified in the requirement, and the costs and benefits of such options as are so identified⁹.

The Agency must follow developments in technology and techniques for preventing or minimising, or remedying or mitigating the effects of, pollution of the environment¹⁰.

1 As to the establishment of the Environment Agency see PARA 68.

2 For these purposes, 'pollution control powers' in relation to the Environment Agency means its powers under or by virtue of the following enactments, ie: (1) the Alkali etc Works Regulation Act 1906 (repealed); (2) the Health and Safety at Work Etc Act 1974 Pt I (ss 1-54) (see **HEALTH AND SAFETY AT WORK** vol 52 (2009) PARA 302); (3) the Control of Pollution Act 1974 Pt I (ss 11-30) (see PARA 620); (4) the Control of Pollution (Amendment) Act 1989 (see PARA 709 et seq); (5) the Environmental Protection Act 1990 Pts I-IIA (ss 1-78YC) (see PARAS 159 et seq, 761 et seq); (6) the Water Industry Act 1991 Pt IV Ch III (ss 118-141) (see PARA 998 et seq); (7) the Water Resources Act 1991 Pt III (ss 82-104) and ss 161-161D (see PARA 321 et seq); (8) the Radioactive Substances Act 1993 (see **FUEL AND ENERGY** vol 19(3) (2007 Reissue) PARA 1450 et seq); (9) regulations made under the Pollution Prevention and Control Act 1999 s 2 (see PARAS 186-188); and (10) regulations made by virtue of the European Communities Act 1972 s 2(2), to the extent that the regulations relate to pollution: Environment Act 1995 s 5(5) (amended by the Pollution Prevention and Control Act 1999 Sch 2 paras 14, 15). As from a day to be appointed, the reference in the Environment Act 1995 s 5(5) to the Environmental Protection Act 1990 Pt I (prospectively repealed) is repealed: see the Pollution Prevention and Control Act 1999 s 6(2), Sch 3. At the date at which this volume states the law no such day had been appointed. As to the prospective repeal of the Environmental Protection Act 1990 Pt I see PARA 159 note 2.

3 Environment Act 1995 s 5(1). As to the meaning of 'environment' see PARA 73 note 3.

4 For these purposes, 'pollution control functions', in relation to the Agency, means its functions under or by virtue of the enactments mentioned in note 2: see the Environment Act 1995 s 5(5).

5 Ie whether the information is acquired by the Agency carrying out observations or is obtained in any other way: Environment Act 1995 s 5(2).

6 Environment Act 1995 s 5(2).

7 As to the meaning of 'ministers' see PARA 72 note 9.

- 8 Environment Act 1995 s 5(3)(a).
- 9 Environment Act 1995 s 5(3)(b).
- 10 Environment Act 1995 s 5(4).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(1) CENTRAL ADMINISTRATION/(ii) The Environment Agency/B. GENERAL FUNCTIONS AND DUTIES/76. General provisions with respect to water.

76. General provisions with respect to water.

It is the duty of the Environment Agency¹, to such extent as it considers desirable, generally to promote²: (1) the conservation and enhancement of the natural beauty and amenity of inland and coastal waters and of land associated with such waters³; (2) the conservation of flora and fauna which are dependent on an aquatic environment⁴; and (3) the use of such waters and land for recreational purposes⁵. It is also the duty of the Agency to take all such action as it may from time to time consider, in accordance with any ministerial directions given to it⁶, to be necessary or expedient for the purpose of conserving, redistributing or otherwise augmenting water resources in England and Wales and of securing the proper use of water resources in England and Wales (including the efficient use of those resources)⁷.

The Agency must, in relation to England and Wales, exercise a general supervision over all matters relating to flood defence⁸. The Agency's flood defence functions⁹ extend to the territorial sea adjacent to England and Wales in so far as: (a) the area of any regional flood defence committee includes any area of that territorial sea¹⁰; or (b) the statutory provisions relating to drainage works for the purpose of defence against sea water or tidal water and works etc to secure an adequate outfall for a main river¹¹ provide for the exercise of any power in the territorial sea¹².

It is also the duty of the Agency to maintain, improve and develop salmon fisheries, trout fisheries, freshwater fisheries and eel fisheries¹³.

1 As to the establishment of the Environment Agency see PARA 68.

2 Environment Act 1995 s 6(1). Section 6(1) is expressed to be without prejudice to the duties of the Environment Agency under s 7 (see PARA 77): see s 6(1).

3 Environment Act 1995 s 6(1)(a). The provisions of the Water Resources Act 1991 Pt II Ch II (ss 24-72) (see **WATER AND WATERWAYS** vol 100 (2009) PARA 214 et seq) relating to the functions of the Agency under that Chapter and the related water resources provisions so far as they relate to other functions of the Agency do not apply to so much of any inland waters as are part of the River Tweed, or are part of the River Esk or River Sark at a point where either of the banks of the river is in Scotland, or are part of any tributary stream of the River Esk or the River Sark at a point where either of the banks of the tributary stream is in Scotland: Environment Act 1995 s 6(3). For these purposes, 'related water resources provisions' has the same meaning as it has in the Water Resources Act 1991 (see **WATER AND WATERWAYS** vol 100 (2009) PARA 188): Environment Act 1995 s 6(8). 'The River Tweed' means 'the river' within the meaning of the Tweed Fisheries Amendment Act 1859 as amended by byelaws: Environment Act 1995 s 6(8).

As from a day to be appointed, s 6(3) is amended so as to disapply the provisions from the inland waters mentioned above except so much of those inland waters as are in England: s 6(3) (prospectively amended by the Water Act 2003 s 73). At the date at which this volume states the law no such day had been appointed.

The Environment Act 1995 s 6(3) applies to the Water Act 2003 ss 3, 4 (see **WATER AND WATERWAYS** vol 100 (2009) PARA 216), and such of the related water resources provisions as apply in relation to ss 3, 4 by virtue of s 33(2), as it applies to the provisions referred to in s 33(2) (see **WATER AND WATERWAYS** vol 100 (2009) PARA 188): Environment Act 1995 s 6(3A) (added by the Water Act 2003 Sch 7 Pt 1 para 15(1), (2)).

4 Environment Act 1995 s 6(1)(b).

5 Environment Act 1995 s 6(1)(c). It is the duty of the Agency, in determining what steps to take in performance of the duty imposed by virtue of s 6(1)(c), to take into account the needs of persons who are chronically sick or disabled: s 6(1).

6 le under the Environment Act 1995 s 40: see PARA 74.

7 Environment Act 1995 s 6(2) (amended by the Water Act 2003 s 72). However, nothing in the Environment Act 1995 s 6(2) may be construed as relieving any water undertaker of the obligation to develop water resources for the purpose of performing any duty imposed on it by virtue of the Water Industry Act 1991 s 37 (general duty to maintain water supply system) (see **WATER AND WATERWAYS** vol 100 (2009) PARA 319): Environment Act 1995 s 6(2). As to water undertakers see **WATER AND WATERWAYS** vol 100 (2009) PARA 134 et seq.

8 Environment Act 1995 s 6(4). This provision is expressed to be subject to the Water Resources Act 1991 s 106 (obligation to carry out flood defence functions through committees) (see **WATER AND WATERWAYS** vol 101 (2009) PARA 573): see the Environment Act 1995 s 6(4).

9 'Flood defence functions' in relation to the Agency, has the same meaning as in the Water Resources Act 1991 (see **WATER AND WATERWAYS** vol 101 (2009) PARA 573): Environment Act 1995 s 56(1).

10 Environment Act 1995 s 6(5)(a). As to regional flood defence committees see **WATER AND WATERWAYS** vol 101 (2009) PARA 559. As to the territorial sea see **INTERNATIONAL RELATIONS LAW** vol 61 (2010) PARA 121 et seq; **WATER AND WATERWAYS** vol 100 (2009) PARA 31.

11 le the Water Resources Act 1991 s 165(2), (3): see **WATER AND WATERWAYS** vol 101 (2009) PARA 573 et seq.

12 Environment Act 1995 s 6(5)(b).

13 Environment Act 1995 s 6(6). As from a day to be appointed, the reference to 'salmon fisheries, trout fisheries, freshwater fisheries and eel fisheries' is replaced by a reference to fisheries of such fish plus of lampreys and smelt and such other fish as specified under the Salmon and Freshwater Fisheries Act 1975 s 4A, and a new provision is added with appropriate definitions: Environment Act 1995 s 6(6), (8) (s 6(6) prospectively amended and s 6(8) prospectively added by the Marine and Coastal Access Act 2009 s 230(1)-(3)). At the date at which this volume states the law no such day or days had been appointed although the amendment to the Environment Act 1996 s 6(6) was in force from 12 November 2009 but only so far as it confers power to make regulations or an order.

The area in respect of which the Agency must carry out its functions relating to fisheries is the whole of England and Wales, together with: (1) such part of the territorial sea adjacent to England and Wales as extends for six miles from the baselines from which the breadth of that sea is measured; (2) in the case of the Salmon and Freshwater Fisheries Act 1975, the Water Resources Act 1991 Pt V (ss 115, 116), and the Environment Act 1995 s 6(6), so much of the River Esk, with its banks and tributary streams up to their source, as is situated in Scotland; and (3) in the case of the Salmon and Freshwater Fisheries Act 1975 ss 31-34, 36(2) as applied by s 39(1B), so much of the catchment area of the River Esk as is situated in Scotland: Environment Act 1995 s 6(7) (amended by SI 2009/463). In the case of the enactments specified in head (2), the River Tweed is excluded: s 6(7). 'Miles' means international nautical miles of 1,852 metres: Environment Act 1995 s 6(8). See **AGRICULTURE AND FISHERIES** vol 1(2) (2007 Reissue) PARA 847.

UPDATE

76 General provisions with respect to water

NOTE 13--Appointed day is 12 January 2010: SI 2009/3345.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(1) CENTRAL ADMINISTRATION/(ii) The Environment Agency/B. GENERAL FUNCTIONS AND DUTIES/77. General environmental and recreational duties.

77. General environmental and recreational duties.

It is the duty of each of the ministers¹ and of the Environment Agency² in formulating or considering any proposals relating to any functions of the Agency, other than its pollution control functions³, so to exercise any power conferred on him or it with respect to the proposals as to further the conservation and enhancement of natural beauty and the conservation of flora, fauna and geological or physiographical features of special interest⁴. This duty is, however, subject to its carrying out being consistent: (1) with the purposes of any enactment relating to the functions of the Agency⁵; (2) with the objective in the case of each of the ministers of achieving sustainable development⁶; (3) in the case of the Agency, with any guidance given with respect to the objectives of achieving sustainable development⁷; and (4) in the case of the Secretary of State⁸, with his general duties⁹ with respect to the water industry¹⁰.

In formulating or considering any proposals in relation to the Agency's pollution control functions, it is the duty of each of the ministers and of the Agency to have regard to the desirability of conserving and enhancing natural beauty and of conserving flora, fauna and geological or physiographical features of special interest¹¹.

In formulating or considering any proposals relating to any functions of the Agency, it is the duty of each of the ministers and of the Agency: (a) to have regard to the desirability of protecting and conserving buildings¹², sites and objects of archaeological, architectural, engineering or historic interest¹³; (b) to take into account any effect which the proposals would have on the beauty or amenity of any rural or urban area or on any such flora, fauna, features, buildings, sites or objects¹⁴; and (c) to have regard to any effect which the proposals would have on the economic and social well-being of local communities in rural areas¹⁵.

Subject to the above provisions, it is also the duty of each of the ministers and the Agency in formulating or considering any proposals relating to any functions of the Agency: (i) to have regard to the desirability of preserving for the public any freedom of access to areas of woodland, mountains, moor, heath, down, cliff or foreshore and other places of natural beauty¹⁶; (ii) to have regard to the desirability of maintaining the availability to the public of any facility for visiting or inspecting any building, site or object of archaeological, architectural, engineering or historic interest¹⁷; and (iii) to take into account any effect which the proposals would have on any such freedom of access or on the availability of any such facility¹⁸.

The above provisions¹⁹ apply so as to impose duties on the Agency in relation to:

- 24 (A) any proposals relating to the functions of a water undertaker or sewerage undertaker²⁰;
- 25 (B) any proposals relating to the management, by the company holding an appointment as such an undertaker, of any land for the time being held by that company for any purpose whatever, whether or not connected with the carrying out of the functions of a such an undertaker²¹; and
- 26 (C) any proposal which, by virtue of the provisions relating to disposals of protected land²², falls to be treated²³ as a proposal relating to the functions of a water undertaker or sewerage undertaker²⁴,

as they apply in relation to proposals relating to the Agency's own functions, other than its pollution control functions²⁵.

It is also the duty of the Agency to take such steps as are reasonably practicable and as are consistent with the purposes of the enactments relating to its own functions (and taking into account the needs of persons who are chronically sick or disabled)²⁶ for securing, so long as it has rights to the use of water or land associated with water, that those rights are exercised so as to ensure that the water or land is made available for recreational purposes and is so made available in the best manner²⁷. This duty is subject to obtaining the consent of any navigation, harbour or conservancy authority²⁸ before doing anything which causes obstruction of, or other interference with, navigation which is subject to the control of that authority²⁹.

Nothing in these provisions³⁰ requires recreational facilities made available by the Agency to be made available free of charge³¹.

1 As to the meaning of 'ministers' see PARA 72 note 9.

2 As to the establishment of the Environment Agency see PARA 68.

3 As to the meaning of 'pollution control functions' see PARA 75 note 4; definition applied by the Environment Act 1995 s 7(7). As to factors to be considered in relation to pollution control functions see the text and note 11. As to the Agency's pollution control functions generally see PARA 75.

4 Environment Act 1995 s 7(1)(a). As to similar provisions in relation to water see the Water Industry Act 1991 s 3; and **WATER AND WATERWAYS** vol 101 (2009) PARA 676. As to the right to roam under the Countryside and Rights of Way Act 2000 see **COMMONS** vol 13 (2009) PARA 580.

5 Environment Act 1995 s 7(1)(a)(i).

6 Environment Act 1995 s 7(1)(a)(ii).

7 Environment Act 1995 s 7(1)(a)(iii). The guidance referred to in the text is guidance given under s 4 (see PARA 73): see s 7(1)(a)(iii).

8 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

9 Ie under the Water Industry Act 1991 s 2: see **WATER AND WATERWAYS** vol 100 (2009) PARA 130.

10 Environment Act 1995 s 7(1)(a)(iv).

11 See the Environment Act 1995 s 7(1)(b).

12 For these purposes, 'building' includes structure: Environment Act 1995 s 7(7).

13 Environment Act 1995 s 7(1)(c)(i).

14 Environment Act 1995 s 7(1)(c)(ii).

15 Environment Act 1995 s 7(1)(c)(iii).

16 Environment Act 1995 s 7(2)(a).

17 Environment Act 1995 s 7(2)(b).

18 Environment Act 1995 s 7(2)(c).

19 Ie under the Environment Act 1995 s 7(1), (2): see the text and notes 1-18.

20 Environment Act 1995 s 7(3)(a). As to water undertakers see **WATER AND WATERWAYS** vol 100 (2009) PARAS 134 et seq, 318 et seq; and as to sewerage undertakers see PARA 999.

21 Environment Act 1995 s 7(3)(b).

22 Ie under the Water Industry Act 1991 s 156(7): see **WATER AND WATERWAYS** vol 101 (2009) PARA 454.

23 le for the purposes of the Environment Act 1995 s 3: see **WATER AND WATERWAYS** vol 101 (2009) PARA 676.

24 Environment Act 1995 s 7(3)(c).

25 Environment Act 1995 s 7(3).

26 See the Environment Act 1995 s 7(5).

27 Environment Act 1995 s 7(4).

28 'Navigation authority', 'harbour authority' and 'conservancy authority' have the meanings given by the Water Resources Act 1991 s 221(1) (see **WATER AND WATERWAYS** vol 100 (2009) PARA 189): Environment Act 1995 s 56(1).

29 Environment Act 1995 s 7(4).

30 le nothing in the Environment Act 1995 s 7 or the following provisions of the Act or in the Water Resources Act 1991.

31 Environment Act 1995 s 7(6).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(1) CENTRAL ADMINISTRATION/(ii) The Environment Agency/B. GENERAL FUNCTIONS AND DUTIES/78. Environmental duties in relation to sites of special interest.

78. Environmental duties in relation to sites of special interest.

Where Natural England or the Countryside Council for Wales¹ is of the opinion that any land in England or, as the case may be, in Wales is of special interest by reason of its flora, fauna or geological or physiographical features, and may at any time be affected by schemes, works, operations or activities of the Environment Agency², or by an authorisation³ given by the Agency, the Agency (or as the case may be the Council) must notify the fact that the land is of special interest for that reason to the Agency⁴. Similarly, where a national park authority⁵ or the Broads Authority⁶ is of the opinion that any area of land in a national park or in the Broads⁷ is land in relation to which certain environmental matters⁸ are of particular importance, and may at any time be affected by schemes, works, operations or activities of the Agency or by an authorisation given by the Agency, it must notify the Agency of the fact that the land is such land, and of the reasons why those matters are of particular importance in relation to that land⁹.

Where the Agency has received any such notification with respect to any land, it must consult the notifying body before carrying out or authorising any works, operations or activities which appear to the Agency likely¹⁰: (1) to destroy or damage any of the flora, fauna or geological or physiographical features by reason of which the land is of special interest¹¹; or (2) significantly to prejudice anything the importance of which is one of the reasons why the environmental matters mentioned above¹² are of particular importance in relation to that land¹³. This requirement for consultation does not, however, apply in relation to anything done in an emergency where particulars of what is done and of the emergency are notified to Natural England, the Countryside Council for Wales, the national park authority in question or, as the case may be, the Broads Authority as soon as practicable after that thing is done¹⁴.

1 As to Natural England and the Countryside Council for Wales see **OPEN SPACES AND COUNTRYSIDE** vol 78 (2010) PARAS 523, 524.

2 As to the establishment of the Environment Agency see PARA 68.

3 For these purposes, 'authorisation' includes any consent or licence: Environment Act 1995 s 8(5).

4 Environment Act 1995 s 8(1) (amended by the Natural Environment and Rural Communities Act 2006 Sch 11 Pt 1 para 141(1), (2)).

See also the Water Industry Act 1991 s 4; and **WATER AND WATERWAYS** vol 101 (2009) PARA 677. As to sites of special interest see *Southern Water Authority v Nature Conservancy Council* [1992] 3 All ER 481, [1992] 1 WLR 775, HL. See also **OPEN SPACES AND COUNTRYSIDE** vol 78 (2010) PARA 523.

5 'National park authority' means a national park authority established under the Environment Act 1995 s 63 which has become the local planning authority for the national park in question: s 8(5) (definition amended by Sch 24). See further **OPEN SPACES AND COUNTRYSIDE** vol 78 (2010) PARA 526 et seq.

6 As to the Broads Authority see **WATER AND WATERWAYS** vol 101 (2009) PARA 734.

7 'The Broads' has the same meaning as in the Norfolk and Suffolk Broads Act 1988: Environment Act 1995 s 8(5).

8 I.e. the matters for the purposes of which the Environment Act 1995 s 6(1) (see PARA 76) and s 7 (other than s 7(1)(c)(iii)) (see PARA 77) have effect: s 8(2)(a).

9 Environment Act 1995 s 8(2).

10 Environment Act 1995 s 8(3).

11 Environment Act 1995 s 8(3)(a).

12 le the matters mentioned in the Environment Act 1995 s 8(2): see the text and notes 8-9.

13 Environment Act 1995 s 8(3)(b).

14 Environment Act 1995 s 8(4) (amended by the Natural Environment and Rural Communities Act 2006 Sch
11 Pt 1 para 141(1), (3)).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(1) CENTRAL ADMINISTRATION/(ii) The Environment Agency/B. GENERAL FUNCTIONS AND DUTIES/79. Codes of practice with respect to environmental and recreational duties.

79. Codes of practice with respect to environmental and recreational duties.

Each of the ministers¹ has power by order² to approve any code of practice issued (whether by him or by another person) for the purpose of: (1) giving practical guidance to the Environment Agency with respect to any of certain environmental matters³; and (2) promoting what appear to him to be desirable practices by the Agency with respect to those matters⁴, and may at any time by such an order approve a modification of such a code or withdraw his approval of such a code or modification⁵.

Neither of the ministers may make such an order unless he has first consulted:

- 27 (a) the Environment Agency⁶;
- 28 (b) Natural England and the Countryside Council for Wales⁷;
- 29 (c) the Historic Buildings and Monuments Commission for England⁸;
- 30 (d) the Sports Council and the Sports Council for Wales⁹; and
- 31 (e) such other persons as he considers it appropriate to consult¹⁰.

In discharging its general environmental duties¹¹, the Environment Agency must have regard to any code of practice, and any modifications of a code of practice, for the time being approved¹².

1 As to the meaning of 'ministers' see PARA 72 note 9.

2 The power of each of the ministers to make such an order is exercisable by statutory instrument; and any statutory instrument containing such an order is subject to annulment in pursuance of a resolution of either House of Parliament: Environment Act 1995 s 9(4). In exercise of this power, the ministers have made the Code of Practice on Environmental Procedures for Flood Defence Operating Authorities (Environment Agency) Approval Order 1996, SI 1996/3061, which approves the Code of Practice on Environmental Procedures for Flood Defence Operating Authorities; and the Water and Sewerage (Conservation, Access and Recreation) (Code of Practice) Order 2000, SI 2000/477, which approves the Code of Practice on Conservation, Access and Recreation. As to flood defence see **WATER AND WATERWAYS** vol 101 (2009) PARA 559 et seq.

3 Environment Act 1995 s 9(1)(a). The environmental matters referred to in the text are any of the matters for the purposes of which ss 6(1), 7, 8 (see PARAS 76-78) have effect: s 9(1)(a). As to the establishment of the Environment Agency see PARA 68.

4 Environment Act 1995 s 9(1)(b).

5 Environment Act 1995 s 9(1). See also the Water Industry Act 1991 s 5; and **WATER AND WATERWAYS** vol 101 (2009) PARA 678.

6 Environment Act 1995 s 9(3)(a).

7 Environment Act 1995 s 9(3)(b) (amended by the Natural Environment and Rural Communities Act 2006 Sch 11 Pt 1 para 142).

9 Environment Act 1995 s 9(3)(d). As to the Sports Council and the Sports Council for Wales see **NATIONAL CULTURAL HERITAGE** vol 77 (2010) PARA 965.

10 Environment Act 1995 s 9(3)(e).

11 le under the Environment Act 1995 ss 6(1), 7, 8: see PARAS 76-78.

12 Environment Act 1995 s 9(2). As to the meaning of 'modifications' see PARA 71 note 11.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(1) CENTRAL ADMINISTRATION/(ii) The Environment Agency/B. GENERAL FUNCTIONS AND DUTIES/80. Incidental functions.

80. Incidental functions.

For the purposes of its general powers (the 'relevant purposes')¹, the functions of the Environment Agency must be taken to include the protection against pollution of:

- 32 (1) any waters, whether on the surface or underground, which belong to the Agency or any water undertaker² or from which the Agency or any water undertaker is authorised to take water³;
- 33 (2) without prejudice to head (1) above, any reservoir which belongs to or is operated by the Agency or any water undertaker or which the Agency or any water undertaker is proposing to acquire or construct for the purpose of being so operated⁴; and
- 34 (3) any underground strata from which the Agency or any water undertaker is for the time being authorised to abstract water in pursuance of a licence under the statutory provisions⁵ relating to abstraction and impounding⁶.

For the relevant purposes, the functions of the Agency must be taken to include joining with or acting on behalf of one or more relevant undertakers⁷ for the purpose of carrying out any works or acquiring any land which at least one of the undertakers with which it joins, or on whose behalf it acts, is authorised to carry out or acquire⁸ for the purposes of: (a) any function of that undertaker under any enactment⁹; or (b) any function which is taken to be a function of that undertaker for the purposes of the construction of any enactment which, by reference to the functions of a relevant undertaker, confers any power on or in relation to that undertaker¹⁰.

For the relevant purposes, the functions of the Agency must also be taken to include:

- 35 (i) the provision of supplies of water in bulk¹¹, whether or not such supplies are provided for the purposes of, or in connection with, the carrying out of any other function of the Agency¹²; and
- 36 (ii) the provision of houses and other buildings for the use of persons employed by the Agency and the provision of recreation grounds for persons so employed¹³.

1 The Environment Act 1995 s 10 has effect:

9 (1) for the purposes of s 37(1) (see PARA 73), as it applies in relation to the Environment Agency; and

10 (2) for the construction of any other enactment which, by reference to the functions of the Agency, confers any power on or in relation to the Agency,

and any reference in s 10 to 'the relevant purposes' is a reference to the purposes described in heads (1) and (2) above: s 10(1). As to the establishment of the Environment Agency see PARA 68.

2 As to water undertakers see **WATER AND WATERWAYS** vol 100 (2009) PARA 134 et seq.

3 Environment Act 1995 s 10(2)(a).

4 Environment Act 1995 s 10(2)(b).

5 le under the Water Resources Act 1991 Pt II Ch II (ss 24-72): see **WATER AND WATERWAYS** vol 100 (2009) PARA 214 et seq.

6 Environment Act 1995 s 10(2)(c).

7 'Relevant undertaker' means a water undertaker or sewerage undertaker: Environment Act 1995 s 10(6). As to sewerage undertakers see PARA 999.

8 Environment Act 1995 s 10(3).

9 Environment Act 1995 s 10(3)(a).

10 Environment Act 1995 s 10(3)(b). The purposes referred to in the text are the purposes to which the Water Industry Act 1991 s 217 applies (see **WATER AND WATERWAYS** vol 100 (2009) PARA 133): see the Environment Act 1995 s 10(3)(b).

11 'Supply of water in bulk' means a supply of water for distribution by a water undertaker taking the supply: Environment Act 1995 s 10(6).

12 Environment Act 1995 s 10(4).

13 Environment Act 1995 s 10(5).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(1) CENTRAL ADMINISTRATION/(ii) The Environment Agency/B. GENERAL FUNCTIONS AND DUTIES/81. General duty to have regard to costs and benefits in exercising powers.

81. General duty to have regard to costs and benefits in exercising powers.

In considering whether or not to exercise any power conferred upon it by or under any enactment, or in deciding the manner in which to exercise any such power, the Environment Agency¹ must, unless and to the extent that it is unreasonable for it to do so in view of the nature or purpose of the power or in the circumstances of the particular case, take into account the likely costs² and benefits of the exercise or non-exercise of the power or its exercise in the manner in question³. This duty does not, however, affect the Agency's obligation nevertheless to discharge any duties, comply with any requirements, or pursue any objectives otherwise⁴ imposed upon or given to the Agency⁵.

1 As to the establishment of the Environment Agency see PARA 68.

2 'Costs' includes costs to any person and costs to the environment: Environment Act 1995 s 56(1). As to the meaning of 'environment' see PARA 73 note 3.

3 Environment Act 1995 s 39(1).

4 Ie otherwise than by the Environment Act 1995 s 39: see s 39(2).

5 Environment Act 1995 s 39(2).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(1) CENTRAL ADMINISTRATION/(ii) The Environment Agency/B. GENERAL FUNCTIONS AND DUTIES/82. Power to impose charges.

82. Power to impose charges.

Without prejudice to the generality of the Environment Agency's powers¹, and subject to any express provision with respect to charging by the Agency², the Agency has the power to fix and recover charges for services and facilities provided in the course of carrying out its functions³.

¹ le the powers under the Environment Act 1995 s 37(1)(a): see PARA 73. As to the establishment of the Environment Agency see PARA 68.

² le contained in the Environment Act 1995 ss 37-42 or any other enactment. As to charging schemes see PARAS 97, 98.

³ Environment Act 1995 s 43.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(1) CENTRAL ADMINISTRATION/(ii) The Environment Agency/B. GENERAL FUNCTIONS AND DUTIES/83. Environment protection advisory committees.

83. Environment protection advisory committees.

The Environment Agency¹ must establish and maintain environment protection advisory committees for the different regions² of England and Wales³. The Agency must consult the advisory committee for any region as to any proposals of the Agency relating generally to the manner in which the Agency carries out its functions in that region⁴, and must consider any representations made to it by the committee for any region⁵ as to the manner in which the Agency carries out its functions in that region⁶.

The advisory committee for any region consists of a chairman appointed by the Secretary of State⁷ and such other members as the Agency may appoint in accordance with the provisions of the approved membership scheme⁸ for that region⁹.

It is the Agency's duty, in accordance with such guidance as may be given for the purpose by the Secretary of State, to prepare in respect of each region a scheme with respect to the appointment of persons as members of the advisory committee for that region and to submit that scheme to the Secretary of State for his approval before the date specified in the guidance¹⁰. A scheme does not come into force unless it has been approved by the Secretary of State or until such date as he may specify for the purpose of giving his approval¹¹. Where he approves a scheme, with or without modifications, it is the Agency's duty to take such steps as it considers appropriate for bringing the scheme to the attention of persons whom it considers likely to be interested in it¹². An approved membership scheme may from time to time be varied by the Agency with the approval of the Secretary of State¹³. The Agency may from time to time, and if required to do so by the Secretary of State must, prepare a fresh scheme with respect to the appointment of persons as members of the advisory committee for any particular region and submit that scheme to the Secretary of State for his approval¹⁴.

Before appointing a person to be a member of an advisory committee, the Agency must consult such of the associates¹⁵ for that advisory committee as it considers appropriate in the particular case and may, if it considers it appropriate to do so, also consult bodies or persons who are not associates for that committee¹⁶.

The validity of any proceedings of an advisory committee is not affected by any vacancy among the members, any defect in the appointment of a member, or any temporary breach of the terms of the approved membership scheme for the advisory committee¹⁷.

The Agency must pay to the chairman of an advisory committee such remuneration, and such travelling and other allowances, and to the other members such sums by way of reimbursement¹⁸ for loss of remuneration, travelling expenses and other out of pocket expenses, as the Secretary of State may determine¹⁹.

1 As to the establishment of the Environment Agency see PARA 68.

2 This duty to establish and maintain advisory committees is a duty to establish and maintain an advisory committee for each area which the Agency considers it appropriate for the time being to regard as a region of England and Wales for these purposes: Environment Act 1995 s 12(5). In determining the regions for which advisory committees are to be established and maintained, it is the Agency's duty to ensure that one of those regions consists wholly or mainly of, or of most of, Wales: s 12(6).

3 Environment Act 1995 s 12(1)(a).

4 Environment Act 1995 s 12(1)(b). For these purposes, functions of the Agency which are carried out in any area of Scotland, or of the territorial sea, which is adjacent to any region for which an advisory committee is maintained, are regarded as carried out in that region: s 12(7).

5 Ie whether or not in response to consultation under the Environment Act 1995 s 12(1)(b) (see the text and note 4): see s 12(1)(c).

6 Environment Act 1995 s 12(1)(c).

7 Environment Act 1995 s 12(2)(a). In appointing the chairman of any such committee, the Secretary of State must have regard to the desirability of appointing a person who has experience of, and has shown capacity in, some matter relevant to the functions of the committee: s 12(3). As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

8 'Approved membership scheme' means a scheme, as in force for the time being, prepared by the Agency and approved (with or without modification) by the Secretary of State under the Environment Act 1995 Sch 3 (see the text and notes 10-19) which makes provision with respect to the membership of the advisory committee for a region: s 12(9).

9 Environment Act 1995 s 12(2)(b). The members so appointed must not be members of the Agency but must be persons who appear to the Agency likely to have a significant interest in matters likely to be affected by the manner in which the Agency carries out any of its functions in the region of the advisory committee in question: s 12(4).

10 Environment Act 1995 s 12(8), Sch 3 paras 1, 2(1). Every scheme must: (1) specify descriptions of bodies which, or persons who, appear to the Agency likely to have a significant interest in matters likely to be affected by the manner in which it carries out its functions in the region to which the scheme relates; (2) indicate how the membership of the advisory committee is to reflect the different descriptions of bodies or persons so specified; (3) specify or describe bodies which, and persons whom, the Agency proposes to consult in connection with appointments of persons as members of the advisory committee; and (4) make provision with respect to such other matters as the Agency considers relevant to the membership of the advisory committee: Sch 3 para 2(2).

11 Environment Act 1995 Sch 3 para 3(1). Where the Agency submits a scheme to the Secretary of State for his approval, it must also submit to him a statement of the Agency's reasons for considering that the scheme is one which it is appropriate for him to approve and such information in support of those reasons as it considers necessary: Sch 3 para 3(2). On submitting a scheme to the Secretary of State for his approval, the Agency must publish it, in such manner as it considers appropriate for bringing it to the attention of persons likely to be interested in it, together with a notice specifying the period within which representations or objections with respect to the scheme may be made to the Secretary of State: Sch 3 para 3(3). It is the Secretary of State's duty, in determining whether to approve, approve subject to modifications, or reject, any scheme submitted to him for his approval, to consider any representations or objections made to him within the specified period and not withdrawn: Sch 3 para 3(4). As to the meaning of 'modifications' see PARA 71 note 11.

12 Environment Act 1995 Sch 3 para 3(5).

13 Environment Act 1995 Sch 3 para 4(2). The provisions of Sch 3 para 3 have effect in relation to any such variation of an approved membership scheme as they have effect in relation to a scheme: Sch 3 para 4(3).

14 Environment Act 1995 Sch 3 para 4(1). The provisions of Sch 3 para 3 have effect accordingly in relation to any such scheme: Sch 3 para 4(1).

15 'Associates', in the case of any advisory committee, means those bodies and persons specified or described in the approved membership scheme for that advisory committee pursuant to the Environment Act 1995 Sch 3 para 2(2)(c) (see note 10 head (3)): Sch 3 para 5(2).

16 Environment Act 1995 Sch 3 para 5(1).

17 Environment Act 1995 Sch 3 para 6.

18 Ie whether in whole or in part: see the Environment Act 1995 Sch 3 para 7(2).

19 Environment Act 1995 Sch 3 para 7(1), (2).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(1) CENTRAL ADMINISTRATION/(ii) The Environment Agency/B. GENERAL FUNCTIONS AND DUTIES/84. Regional and local fisheries advisory committees.

84. Regional and local fisheries advisory committees.

It is the duty of the Environment Agency¹ to establish and maintain advisory committees of persons who are not members of the Agency but appear to it to be interested in salmon fisheries, trout fisheries, freshwater fisheries or eel fisheries in the different parts of the controlled area². Such a duty is a duty to establish and maintain:

- 37 (1) a regional advisory committee for each such region of the controlled area as the Agency considers it appropriate for the time being to regard as a region of that area for these purposes³; and
- 38 (2) such local advisory committees as the Agency considers necessary to represent in the different parts of each such region: (a) the interests in salmon fisheries, trout fisheries, freshwater fisheries or eel fisheries⁴; and (b) where persons may be appointed members of those committees⁵ by reference to any such interests, the interests in question⁶.

There must be paid by the Agency to the chairman of any regional or local advisory committee so established and maintained such remuneration and such travelling and other allowances⁷, and to any other members of that committee such sums by way of reimbursement (whether in whole or in part) for loss of remuneration, for travelling expenses or for any other out-of-pocket expenses⁸, as may be determined by one of the ministers⁹.

It is also the duty of the Agency to consult the advisory committees as to the manner in which the Agency is to perform its duty to maintain, improve and develop salmon fisheries, trout fisheries, freshwater fisheries or eel fisheries¹⁰. If the Agency, with the consent of the ministers, so determines, it is also under a duty to consult those committees, or such of them as may be specified or described in the determination, as to¹¹: (i) the manner in which it is to perform its duties under or by virtue of such of the enactments relating to recreation, conservation or navigation as may be the subject of the determination¹²; or (ii) such matters relating to recreation, conservation or navigation as may be the subject of the determination¹³. Where the Agency is under such a duty to consult those committees or any of them, there may be included among the members of the committees in question persons who are not members of the Agency but who appear to it to be interested in matters likely to be affected by the manner in which it performs the duties to which the determination in question relates, or which are the subject of the determination, if the ministers consent to the inclusion of persons of that description¹⁴.

1 As to the establishment of the Environment Agency see PARA 68.

2 Environment Act 1995 s 13(1)(a). As from a day to be appointed, this provision is amended so that the reference to 'salmon fisheries, trout fisheries, freshwater fisheries or eel fisheries' is replaced by a reference to 'the fisheries referred to in s 6(6)': s 13(1)(a) (prospectively amended by the Marine and Coastal Access Act 2009 Sch 16 para 26). At the date at which this volume states the law no such day had been appointed.

For these purposes, 'controlled area' means the area specified in the Environment Act 1995 s 6(7) in respect of which the Agency carries out functions under s 6(6) (see PARA 76) and the Water Resources Act 1991 Pt V (ss 115, 116) (see PARAS 1036, 1046): Environment Act 1995 s 13(8).

3 Environment Act 1995 s 13(4)(a). It is the duty of the Agency in determining the regions for which regional advisory committees are established and maintained under s 13 to ensure that one of those regions consists (apart from territorial waters) wholly or mainly of, or of most of, Wales: s 13(5). In addition to any members appointed under s 13(1)-(4), there must, in the case of each regional advisory committee established and maintained under these provisions, also be a chairman appointed by the Secretary of State: see s 13(6). As to the Secretary of State see PARA 58. As to the transfer of functions, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

4 le the interests referred to in the Environment Act 1995 s 13(1)(a): see the text and note 2.

5 le by virtue of the Environment Act 1995 s 13(3): see the text and note 14.

6 Environment Act 1995 s 13(4)(b).

7 Environment Act 1995 s 13(7)(a).

8 Environment Act 1995 s 13(7)(b).

9 Environment Act 1995 s 13(7). As to the meaning of 'ministers' see PARA 72 note 9.

10 Environment Act 1995 s 13(1)(b). The duty referred to in the text is the duty under s 6(6) (see PARA 76): see s 13(1)(b).

11 Environment Act 1995 s 13(2).

12 Environment Act 1995 s 13(2)(a).

13 Environment Act 1995 s 13(2)(b).

14 Environment Act 1995 s 13(3).

UPDATE

84 Regional and local fisheries advisory committees

NOTE 2--Appointed day is 12 January 2010: SI 2009/3345.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(1) CENTRAL ADMINISTRATION/(ii) The Environment Agency/B. GENERAL FUNCTIONS AND DUTIES/85. Flood defence committees.

85. Flood defence committees.

For the purposes of flood defence¹ there are regional flood defence committees². As part of a local flood defence scheme³, the Environment Agency⁴ may also create local flood defence committees⁵. Provision is made for the composition⁶, membership⁷ and proceedings⁸ of these committees.

1 As to flood defence generally see **WATER AND WATERWAYS** vol 101 (2009) PARA 556 et seq.

2 See the Environment Act 1995 s 14; and **WATER AND WATERWAYS** vol 101 (2009) PARA 559. As to the boundaries of regional flood defence areas see s 14, Sch 4; and **WATER AND WATERWAYS** vol 101 (2009) PARA 560.

3 As to local flood defence schemes see the Environment Act 1995 s 17; and **WATER AND WATERWAYS** vol 101 (2009) PARA 563.

4 As to the establishment of the Environment Agency see PARA 68.

5 See the Environment Act 1995 s 17; and **WATER AND WATERWAYS** vol 101 (2009) PARA 563.

6 As to the composition of regional flood defence committees see the Environment Act 1995 ss 15, 16; and **WATER AND WATERWAYS** vol 101 (2009) PARA 561. As to the power to alter the composition of regional flood defence committees in Wales see ss 16A, 16B; and **WATER AND WATERWAYS** vol 101 (2009) PARA 562. As to the composition of local flood defence committees see s 18; and **WATER AND WATERWAYS** vol 101 (2009) PARA 564. As to the power to revoke local defence schemes see s 18A; and **WATER AND WATERWAYS** vol 101 (2009) PARA 565.

7 See the Environment Act 1995 s 19, Sch 5 Pt I; and **WATER AND WATERWAYS** vol 101 (2009) PARA 566.

8 See the Environment Act 1995 s 19, Sch 5 Pt II; and **WATER AND WATERWAYS** vol 101 (2009) PARA 568.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(1) CENTRAL ADMINISTRATION/(ii) The Environment Agency/B. GENERAL FUNCTIONS AND DUTIES/86. Delegation of functions to the Environment Agency.

86. Delegation of functions to the Environment Agency.

Agreements may be made¹ between any Minister of the Crown² and the Environment Agency³ authorising the Agency or any of its employees to exercise on behalf of that minister⁴ any of his functions which is an eligible function⁵. Such an agreement may provide for any eligible function to which it relates to be exercisable by the Agency (or any of its employees) either wholly or to such extent, either generally or in such cases or areas, or either unconditionally or subject to the fulfilment of such conditions, as may be specified in the agreement⁶.

Where a Minister of the Crown has power to include, in any arrangements that he makes in relation to the performance by him of an eligible function, provision for the making of payments to him by:

- 39 (1) other parties to the arrangements⁷; or
- 40 (2) persons who use any facilities or services provided by him pursuant to the arrangements or in relation to whom the function is otherwise exercisable⁸,

he may include in any such arrangements provision for the making of such payments to him or the Agency in cases where the Agency (or any of its employees) acts on his behalf by virtue of an agreement delegating the exercise of that function⁹.

Anything done or omitted to be done by the Agency (or an employee of the Agency) in, or in connection with, the exercise or purported exercise of the function is to be treated for all purposes as done or omitted to be done by that minister in his capacity as such¹⁰. This provision does not apply, however, for the purposes of: (a) so much of any agreement made between the minister and the Agency as relates to the exercise of the function¹¹; or (b) any criminal proceedings brought in respect of anything done or omitted to be done in connection with the exercise or purported exercise of the function¹².

An agreement delegating a function to the Agency (or any of its employees) does not prevent a Minister of the Crown exercising any function to which the agreement relates¹³.

1 This power is in addition to any other power by virtue of which functions of the minister may be exercised by other persons on his behalf: Environment Act 1995 s 38(9).

2 For these purposes, 'Minister of the Crown' has the same meaning as in the Ministers of the Crown Act 1975 (see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 363): Environment Act 1995 s 38(10).

3 As to the establishment of the Environment Agency see PARA 68.

4 I.e with or without payment: see the Environment Act 1995 s 38(1).

5 Environment Act 1995 s 38(1). 'Eligible function' means any function of a Minister of the Crown which the Secretary of State, having regard to the functions conferred or imposed upon the Agency under or by virtue of the Environment Act 1995 or any other enactment, considers can appropriately be exercised by the Agency (or any of its employees) on behalf of that minister: s 38(10). However, no such agreement may authorise the Agency (or any of its employees) to exercise on behalf of a Minister of the Crown any function which consists of a power to make regulations or other instruments of a legislative character or a power to fix fees or charges: s 38(2). As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

- 6 Environment Act 1995 s 38(3).
- 7 Environment Act 1995 s 38(8)(a).
- 8 Environment Act 1995 s 38(8)(b).
- 9 Environment Act 1995 s 38(8).
- 10 Environment Act 1995 s 38(5). This provision applies where, by virtue of an agreement under s 38, the Agency (or any of its employees) is authorised to exercise any function of a Minister of the Crown: s 38(4).
- 11 Environment Act 1995 s 38(6)(a).
- 12 Environment Act 1995 s 38(6)(b).
- 13 Environment Act 1995 s 38(7).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(1) CENTRAL ADMINISTRATION/(ii) The Environment Agency/B. GENERAL FUNCTIONS AND DUTIES/87. Annual reports.

87. Annual reports.

As soon as reasonably practicable after the end of each financial year¹, the Environment Agency² must prepare a report on its activities during that year and send a copy of it to each of the appropriate ministers³. The report must set out any directions⁴ given to the Agency during that year, other than directions⁵ which are identified to the Agency in writing by the appropriate minister⁶ as being directions the disclosure of which would, in his opinion, be contrary to the interests of national security⁷. The report must be in such form and contain such information as may be specified in any direction given to the Agency by the appropriate ministers⁸. The Secretary of State must lay a copy of every such report before each House of Parliament and arrange for copies of every such report to be published in such manner as he considers appropriate⁹.

1 'Financial year' means a period of 12 months ending on 31 March: Environment Act 1995 s 124(1).

2 As to the establishment of the Environment Agency see PARA 68.

3 Environment Act 1995 s 52(1). For these purposes, 'appropriate ministers' means the Secretary of State: s 56(1). See also PARA 68 note 4. These provisions also refer to the Minister of Agriculture, Fisheries and Food, but his functions are now the responsibility of the Secretary of State (see PARA 58 note 1). As to the Secretary of State see PARA 58. As to the transfer of functions, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59. For coverage of annual reports see the Environment Agency's website which was, at the date at which this volume states the law, www.environment-agency.gov.uk.

4 le directions under the Environment Act 1995 s 40: see PARA 74.

5 le directions under the Environment Act 1995 s 40(1): see PARA 74.

6 As to the meaning of 'appropriate minister' see PARA 68 note 4.

7 Environment Act 1995 s 52(2).

8 Environment Act 1995 s 52(4).

9 Environment Act 1995 s 52(3).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(1) CENTRAL ADMINISTRATION/(ii) The Environment Agency/B. GENERAL FUNCTIONS AND DUTIES/88. Information.

88. Information.

The Environment Agency¹ is under a duty to furnish the appropriate minister² with such information as he may reasonably require³ relating to the Agency's property, the carrying out and proposed carrying out of its functions, and its responsibilities generally⁴. The information must be furnished in such form and manner, and accompanied or supplemented by such explanations, as the appropriate minister may reasonably require⁵. The Agency must permit any person authorised for the purpose by the appropriate minister to inspect and make copies of the contents of any accounts or other records⁶ of the Agency and give such explanation of them as that person or the appropriate minister may reasonably require⁷.

1 As to the establishment of the Environment Agency see PARA 68.

2 As to the meaning of 'appropriate minister' see PARA 68 note 4.

3 A requirement for these purposes must be contained in a direction which may describe the information to be furnished in such manner as the minister giving the direction considers appropriate and may require the information to be furnished on a particular occasion, in particular circumstances or from time to time: Environment Act 1995 s 51(4).

4 Environment Act 1995 s 51(1). The information which the Agency may be required to furnish to the appropriate minister under these provisions includes information which, although it is not in the Agency's possession or would not otherwise come into its possession, is information which it is reasonable to require the Agency to obtain: s 51(3).

5 Environment Act 1995 s 51(2).

6 Without prejudice to the generality of the expression, 'records' includes computer records and any other records kept otherwise than in a document: Environment Act 1995 s 124(1).

7 Environment Act 1995 s 51(5).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(1) CENTRAL ADMINISTRATION/(ii) The Environment Agency/B. GENERAL FUNCTIONS AND DUTIES/89. Inquiries and other hearings.

89. Inquiries and other hearings.

Without prejudice to any other provision of the Environment Act 1995 or any other enactment by virtue of which an inquiry or other hearing is authorised or required to be held, the appropriate minister¹ may cause an inquiry or other hearing to be held if it appears to him expedient to do so in connection with any of the functions of the Environment Agency² or in connection with any of his functions in relation to the Agency³.

1 As to the meaning of 'appropriate minister' see PARA 68 note 4.

2 As to the establishment of the Environment Agency see PARA 68.

3 Environment Act 1995 s 53(1)(a), (b). The Local Government Act 1972 s 250(2)-(5) applies to inquiries or other hearings under the Environment Act 1995 s 53 or any other enactment in connection with any of the functions of the Agency, or in connection with any functions of the Secretary of State in relation to the Agency, as they apply to inquiries under the Local Government Act 1972 s 250, but taking the reference in s 250(4) to a local authority as including a reference to the Agency: Environment Act 1995 s 53(2). See further **LOCAL GOVERNMENT** vol 69 (2009) PARA 105. As to the Secretary of State see PARA 58. As to the transfer of functions, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(1) CENTRAL ADMINISTRATION/(ii) The Environment Agency/C. FINANCIAL PROVISIONS/90. General financial duties and powers.

C. FINANCIAL PROVISIONS

90. General financial duties and powers.

After consultation with the Environment Agency¹, and with the approval of the Treasury², the appropriate ministers³ may determine the financial duties of the Agency and must give the Agency notice of such determinations⁴.

After consultation with the Treasury and the Agency, the appropriate minister⁵ may give a direction to the Agency requiring it to pay to him an amount equal to the whole, or such part as may be specified, of any sum, or any sum of a specified description, which is or has been received by the Agency⁶. If it appears to the appropriate minister that the Agency has a surplus, whether on capital or revenue account, he may after consultation with the Treasury and the Agency, direct the Agency to pay him such amount not exceeding the amount of that surplus as may be specified in the direction⁷.

1 As to the establishment of the Environment Agency see PARA 68.

2 As to the Treasury see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 512 et seq.

3 As to the meaning of 'appropriate ministers' see PARA 87 note 3.

4 Environment Act 1995 s 44(1), (2) (s 44(1) amended by SI 1999/1820). Different determinations may be made for different functions and activities of the Agency: Environment Act 1995 s 44(1) (as so amended). Such a determination may relate to a period beginning before, on, or after the date on which it is made, contain supplemental provisions, and be varied by a subsequent determination: s 44(2)(a)-(c). The power to make a determination under s 44(1) is subject to the Water Resources Act 1991 s 118 (special duties with respect to flood defence revenue) (see **WATER AND WATERWAYS** vol 101 (2009) PARA 611); Environment Act 1995 s 44(5)(a).

5 As to the meaning of 'appropriate minister' see PARA 68 note 4.

6 Environment Act 1995 s 44(3) (amended by SI 1999/1820). The power to give a direction under the Environment Act 1995 s 44(3) is subject to the Water Resources Act 1991 s 118(1)(a) (see **WATER AND WATERWAYS** vol 101 (2009) PARA 611) and s 119(1) (certain funds raised under local enactments to be used for particular purposes): Environment Act 1995 s 44(5)(b).

7 Environment Act 1995 s 44(4) (amended by SI 1999/1820). The power to give such a direction is subject to the Water Resources Act 1991 s 118(1)(b) (see **WATER AND WATERWAYS** vol 101 (2009) PARA 611) and s 119(2) (certain funds raised under local enactments to be disregarded): Environment Act 1995 s 44(5)(c).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(1) CENTRAL ADMINISTRATION/(ii) The Environment Agency/C. FINANCIAL PROVISIONS/91. Accounts and records.

91. Accounts and records.

The Environment Agency¹ must keep proper accounts and proper accounting records², and prepare in respect of each accounting year³ a statement of accounts giving a true and fair view of the state of affairs and the income and expenditure of the Agency⁴. Every statement of accounts so prepared by the Agency must comply with any requirement that the appropriate ministers⁵ have, with the consent of the Treasury⁶, notified in writing to the Agency and that relates to any of the following matters: (1) the information to be contained in the statement; (2) the manner in which that information is to be presented; (3) the methods and principles according to which the statement is to be prepared⁷.

1 As to the establishment of the Environment Agency see PARA 68.

2 Environment Act 1995 s 45(1)(a). 'Accounting records' includes all books, papers and other records of the Agency relating to, or to matters dealt with in, the accounts required to be kept under s 45: s 45(3).

3 'Accounting year' means, in relation to the Agency, a financial year: Environment Act 1995 s 45(3). As to the meaning of 'financial year' see PARA 87 note 1. However, if the Secretary of State so directs in relation to any accounting year of the Agency, that accounting year is to end with such date other than the next 31 March as may be specified in the direction; and where the Secretary of State has given such a direction, the following accounting year will begin with the day after the date so specified and, subject to any further direction so given, will end with the next 31 March: s 45(4). As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

4 Environment Act 1995 s 45(1)(b). For coverage of accounts see the Environment Agency's website which was, at the date at which this volume states the law, www.environment-agency.gov.uk.

5 As to the meaning of 'appropriate ministers' see PARA 87 note 3.

6 As to the Treasury see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 512 et seq.

7 Environment Act 1995 s 45(2) (amended by SI 1999/1820).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(1) CENTRAL ADMINISTRATION/(ii) The Environment Agency/C. FINANCIAL PROVISIONS/92. Audit.

92. Audit.

The accounts¹ of the Environment Agency², with the exception of those accounts of the Agency that relate to a financial year ending on or after 31 March 2004, must be audited by an auditor appointed³ for each accounting year⁴ by the Secretary of State⁵. A copy of the audited accounts and the report made on those accounts by the auditor must be sent to the appropriate ministers⁶ as soon as reasonably practicable after the report is received by the Agency; and the Secretary of State must lay before each House of Parliament a copy of those accounts and that report⁷.

The Agency must send a copy of its accounts in respect of each financial year ending on or after 31 March 2004 to the Comptroller and Auditor General⁸ as soon as reasonably practicable after the end of the financial year to which the accounts relate⁹. The Comptroller and Auditor General must examine, certify and report on any accounts sent to him by the Agency and must lay before each House of Parliament a copy of those accounts and his report on them¹⁰.

The Comptroller and Auditor General may inspect the contents of all accounts and accounting records¹¹ of the Agency, and may report to the House of Commons the results of any such inspection¹².

1 'Accounts', in relation to the Environment Agency, includes any statement prepared under the Environment Act 1995 s 45 (see PARA 91): s 46(5).

2 As to the establishment of the Environment Agency see PARA 68.

3 A person is not qualified for appointment as auditor unless he is eligible for appointment as a statutory auditor under the Companies Act 2006 Pt 42 (ss 1209-1264) (see **COMPANIES** vol 15 (2009) PARA 1016 et seq); and if the appointment were an appointment as a statutory auditor, he would not be prohibited from acting by virtue of s 1214 (independence requirement) (see **COMPANIES** vol 15 (2009) PARA 971): Environment Act 1995 s 46(2) (amended by SI 2008/948).

4 As to the meaning of 'accounting year' see PARA 91 note 3; definition applied by Environment Act 1995 s 46(5).

5 Environment Act 1995 s 46(1) (amended by SI 2003/1326). As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

6 As to the meaning of 'appropriate ministers' see PARA 87 note 3.

7 Environment Act 1995 s 46(3).

8 As to the Comptroller and Auditor General see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARAS 724-726. The Secretary of State may by order provide that functions of the Comptroller and Auditor General, in relation to the exercise by the Environment Agency of its Welsh functions, are also to be functions of the Auditor General of Wales: see the Government of Wales Act 1998 s 147 (amended by the Government of Wales Act 2006 Sch 10 paras 41, 51(1)-(4)); and **CONSTITUTIONAL LAW AND HUMAN RIGHTS**.

9 Environment Act 1995 s 46(3A) (s 46(3A), (3B) added by SI 2003/1326).

10 Environment Act 1995 s 46(3B) (as added: see note 9).

11 As to the meaning of 'accounting records' see PARA 91 note 2; definition applied by Environment Act 1995 s 46(5).

12 Environment Act 1995 s 46(4). The National Audit Act 1983 s 6 (see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 717) accordingly applies to the Agency: Environment Act 1995 s 46(4).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(1) CENTRAL ADMINISTRATION/(ii) The Environment Agency/C. FINANCIAL PROVISIONS/93. Grants to the Environment Agency.

93. Grants to the Environment Agency.

The appropriate minister¹ may, with the approval of the Treasury², make to the Environment Agency³ grants of such amounts and on such terms as he thinks fit⁴.

1 As to the meaning of 'appropriate minister' see PARA 68 note 4.

2 As to the Treasury see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 512 et seq.

3 As to the establishment of the Environment Agency see PARA 68.

4 Environment Act 1995 s 47 (amended by SI 1999/1820).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(1) CENTRAL ADMINISTRATION/(ii) The Environment Agency/C. FINANCIAL PROVISIONS/94. Borrowing powers of the Environment Agency.

94. Borrowing powers of the Environment Agency.

The Environment Agency¹ may borrow² in accordance with the following provisions but not otherwise³. The Agency may, with the consent⁴ of the appropriate minister⁵ and the approval of the Treasury⁶, borrow temporarily in sterling, by way of overdraft or otherwise, from persons other than the appropriate ministers⁷, such sums as it may require for meeting its obligations and carrying out its functions⁸. The Agency may borrow from the appropriate minister, by way of temporary loan or otherwise, such sums in sterling as it may require for meeting its obligations and carrying out its functions⁹. The aggregate amount outstanding in respect of the principal of sums borrowed by the Agency must not at any time exceed £100 million or such greater sum, not exceeding £160 million, as the ministers¹⁰ may specify by order¹¹.

1 As to the establishment of the Environment Agency see PARA 68.

2 As to government guarantees of the Agency's borrowing see PARA 96.

3 Environment Act 1995 s 48(1).

4 Any such consent may be granted subject to conditions: Environment Act 1995 s 48(4).

5 As to the meaning of 'appropriate minister' see PARA 68 note 4.

6 As to the Treasury see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 512 et seq.

7 As to the meaning of 'appropriate ministers' see PARA 87 note 3. As to the powers of the appropriate minister to lend such sums see PARA 95.

8 Environment Act 1995 s 48(2) (amended by the Public Finance and Accountability (Scotland) Act 2000 Sch 1 paras 7(1), (2)(a); and SI 1999/1820).

9 Environment Act 1995 s 48(3) (amended by the Public Finance and Accountability (Scotland) Act 2000 Sch 1 paras 7(1), (2)(a)).

10 As to the meaning of 'ministers' see PARA 72 note 9.

11 Environment Act 1995 s 48(5)(a). The power to make such an order is exercisable by statutory instrument, but no order may be made unless a draft of the order has been laid before, and approved by a resolution of, the House of Commons: s 48(6). At the date at which this volume states the law no such order had been made.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(1) CENTRAL ADMINISTRATION/(ii) The Environment Agency/C. FINANCIAL PROVISIONS/95. Government loans to the Environment Agency.

95. Government loans to the Environment Agency.

The appropriate minister¹ may, with the approval of the Treasury², lend to the Environment Agency³ any sums which the Agency has power to borrow⁴ from him⁵. The Treasury may issue to any of the appropriate ministers⁶, out of the National Loans Fund⁷ or out of money provided by Parliament⁸, such sums as are necessary to enable him to make such loans to the Agency⁹. The Agency must repay any such loan with interest at such rates and at such times as that minister may with the approval of the Treasury from time to time determine¹⁰. Sums received in repayment by a Minister of the Crown must be paid into the National Loans Fund or into the Consolidated Fund¹¹. If in any financial year¹² either of the appropriate ministers lends any sums to the Agency in pursuance of these provisions, he must prepare in respect of that financial year an account¹³ of the sums lent by him and send that account to the Comptroller and Auditor General before the end of September in the following financial year¹⁴. The Comptroller and Auditor General must examine, certify and report on each account so submitted and must lay copies of it and of his report before each House of Parliament¹⁵.

1 As to the meaning of 'appropriate minister' see PARA 68 note 4.

2 As to the Treasury see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 512 et seq.

3 As to the establishment of the Environment Agency see PARA 68.

4 Ie under the Environment Act 1995 s 48(3): see PARA 94.

5 Environment Act 1995 s 49(1) (amended by SI 1999/1820).

6 As to the meaning of 'appropriate ministers' see PARA 87 note 3.

7 As to the National Loans Fund see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 727 et seq.

8 This provision does not apply in so far as such a sum is payable by the National Assembly for Wales. As to the National Assembly for Wales see PARA 59; and **CONSTITUTIONAL LAW AND HUMAN RIGHTS**.

9 Environment Act 1995 s 49(5).

10 Environment Act 1995 s 49(2) (amended by SI 1999/1820).

11 Environment Act 1995 s 49(5). As to the Consolidated Fund see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 711 et seq; **PARLIAMENT** vol 78 (2010) PARAS 1028-1031.

12 As to the meaning of 'financial year' see PARA 87 note 1.

13 The form of the account and the manner of preparing it must be such as the Treasury may direct: Environment Act 1995 s 49(3).

14 Environment Act 1995 s 49(3). As to the Comptroller and Auditor General see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 724 et seq. The Secretary of State may by order provide that functions of the Comptroller and Auditor General, in relation to the exercise by the Environment Agency of its Welsh functions, are also to be functions of the Auditor General of Wales: see the Government of Wales Act 1998 s 147 (amended by the Government of Wales Act 2006 Sch 10 paras 41, 51(1)-(4)); and **CONSTITUTIONAL LAW AND HUMAN RIGHTS**.

15 Environment Act 1995 s 49(4).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(1) CENTRAL ADMINISTRATION/(ii) The Environment Agency/C. FINANCIAL PROVISIONS/96. Government guarantees of borrowing.

96. Government guarantees of borrowing.

The appropriate minister¹ may, with the consent of the Treasury², guarantee in such manner and on such conditions as he thinks fit, the repayment of the principal of, the payment of interest on, and the discharge of any other financial obligation in connection with, any sum which the Environment Agency³ borrows from any person⁴. A minister who gives such a guarantee must forthwith lay a statement of the guarantee before each House of Parliament⁵. Where any sum is paid out for fulfilling such a guarantee, the minister who gave the guarantee must, as soon as reasonably practicable after the end of each financial year⁶, lay before each House of Parliament a statement relating to that sum⁷. If any sums are paid out in fulfilment of such a guarantee the Agency must make to the minister who gave the guarantee, at such times and in such manner as he may from time to time direct, payments of such amounts as the minister may so direct⁸ in or towards repayment of the sums so paid out and payments of interest, at such rate as the minister may direct, on what is outstanding for the time being in respect of sums so paid out⁹.

1 As to the meaning of 'appropriate minister' see PARA 68 note 4.

2 As to the Treasury see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 512 et seq.

3 As to the establishment of the Environment Agency see PARA 68.

4 Environment Act 1995 s 50(1) (amended by SI 1999/1820). As to the Agency's borrowing powers see PARA 94.

5 Environment Act 1995 s 50(2).

6 I.e. beginning with that in which the sum is paid out and ending with that in which all liability in respect of the principal of the sum and interest on it is finally discharged: Environment Act 1995 s 50(3). As to the meaning of 'financial year' see PARA 87 note 1.

7 Environment Act 1995 s 50(3).

8 The consent of the Treasury is required for the giving of such a direction: see the Environment Act 1995 s 50(4) (amended by SI 1999/1820).

9 Environment Act 1995 s 50(4) (as amended: see note 8).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(1) CENTRAL ADMINISTRATION/(ii) The Environment Agency/D. CHARGING SCHEMES/97. Power to make scheme imposing charges for licences.

D. CHARGING SCHEMES

97. Power to make scheme imposing charges for licences.

In the case of any particular licence relating to the abstraction and impounding of water¹, the Environment Agency² may require the payment to it of such charges as may from time to time be prescribed³. In relation to other environmental licences⁴, there must be charged by and paid to the Agency such charges as may from time to time be prescribed⁵.

As respects environmental licences, charges may be prescribed in respect of:

- 41 (1) the grant or variation of an environmental licence, or any application for, or for a variation of, such a licence⁶;
- 42 (2) the subsistence of an environmental licence⁷;
- 43 (3) the transfer (where permitted) of an environmental licence to another person, or any application for such a transfer⁸;
- 44 (4) the renewal (where permitted) of an environmental licence, or any application for such a renewal⁹;
- 45 (5) the surrender (where permitted) of an environmental licence, or any application for such a surrender¹⁰; or
- 46 (6) any application for the revocation (where permitted) of an environmental licence¹¹.

A charging scheme may, as respects environmental licences, provide for different charges to be payable according to the description of environmental licence in question, the description of authorised activity¹² in question, the scale on which the authorised activity in question is carried on, the description or amount of the substance to which the authorised activity in question relates, and the number of different authorised activities carried on by the same person¹³. A charging scheme must specify, in relation to any charge prescribed by the scheme, the description of person who is liable to pay the charge¹⁴. It may also provide that it is a condition of an environmental licence of any particular description that any charge prescribed by a charging scheme in relation to an environmental licence of that description is paid in accordance with the scheme¹⁵. If it appears to the Agency that any charges due and payable to it in respect of the subsistence of an environmental licence have not been paid, it may, in accordance with the appropriate procedure¹⁶, suspend or revoke the environmental licence to the extent that it authorises the carrying on of an authorised activity¹⁷.

A charging scheme may also:

- 47 (a) make different provision for different cases, including different provision in relation to different persons, circumstances or localities¹⁸;
- 48 (b) provide for the times at which, and the manner in which, the charges prescribed by the scheme are to be paid¹⁹;
- 49 (c) revoke or amend any previous charging scheme²⁰; and
- 50 (d) contain supplemental, incidental, consequential or transitional provision for the purposes of the scheme²¹.

The Agency may not make a charging scheme unless its provisions have been approved by the Secretary of State²².

1 le any licence under the Water Resources Act 1991 Pt II Ch II (ss 24-72): see **WATER AND WATERWAYS** vol 100 (2009) PARA 214 et seq. If and to the extent that a charging scheme relates to licences under Pt II Ch II, the scheme has effect subject to any provision made by or under ss 125-130 (see **WATER AND WATERWAYS** vol 100 (2009) PARA 273 et seq): Environment Act 1995 s 41(8).

2 As to the establishment of the Environment Agency see PARA 68.

3 Environment Act 1995 s 41(1)(a). 'Prescribed' means specified in, or determined under, a charging scheme made by the Agency: s 41(1). Section 41(1) is expressed to be subject to s 41 and s 42 (see PARA 98): see s 41(1).

4 As to the meaning of 'environmental licence' see PARA 73 note 20.

5 Environment Act 1995 s 41(1)(b) (amended by SI 2007/1711). As a means of recovering costs incurred by it in performing functions conferred by regulations made for the purpose of implementing EEC Council Directive 91/689 (OJ L337, 31.12.91, p 20) on hazardous waste (see PARA 33) the Agency may require the payment to it of such charges as may from time to time be prescribed: Environment Act 1995 s 41(1)(c) (substituted in relation to England by SI 2005/894; and in relation to Wales by SI 2005/1806; and amended by SI 2007/1306). As a means of recovering costs incurred by it in performing functions conferred by European Parliament and EC Council Regulation 1013/2006 (OJ L190, 12.7.2006, p 1) on shipments of waste (as amended from time to time) the Agency (or SEPA: see PARA 68 note 1) may require the payment to it of such charges as may from time to time be prescribed: Environment Act 1995 s 41(1)(d) (added by SI 2007/1711). As a means of recovering costs incurred by it in performing functions conferred by European Parliament and EC Council Regulation No 850/2004 (OJ L158, 30.4.2004, p 7) on persistent organic pollutants and amending Directive 79/117 (as amended from time to time) the Agency (or SEPA) may require the payment to it of such charges as may from time to time be prescribed: Environment Act 1995 s 41(1)(e) (added by SI 2007/3106). As a means of recovering costs incurred by it in performing functions conferred by regulations made for the purposes of implementing Euratom Council Directive 2006/117 (OJ L337 5.12.2006 p 21) on the supervision and control of shipments of radioactive waste and spent fuel (as amended from time to time) (see PARAS 44, 51) the Agency (or SEPA) may require the payment to it of such charges as may from time to time be prescribed: Environment Act 1995 s 41(1)(f) (added by SI 2008/3087). As a means of recovering costs incurred by it in performing functions conferred by regulations made for the purpose of implementing European Parliament and EC Council Directive 2006/66 (OJ L266 26.9.2006 p 1) on batteries and accumulators and waste batteries and accumulators (see PARA 37) (as amended from time to time) the Agency (or SEPA) may require the payment to it of such charges as may from time to time be prescribed: Environment Act 1995 s 41(1)(g) (added by SI 2009/890).

Without prejudice to the Environment Act 1995 s 41(1)(b), (2) (see the text and notes 6-11), the following charges may be prescribed under s 41 in relation to permits granted under the Greenhouse Gas Emissions Trading Scheme Regulations 2005, SI 2005/925 (see PARA 260): (1) charges in respect of, or in respect of an application for, the allocation of allowances to an operator; (2) charges in respect of, or in respect of an application for, the retention of allowances by an operator ceasing to carry on an activity to which they relate; (3) charges in respect of the revocation of a greenhouse gas emissions permit; and (4) charges in respect of the subsistence of an account required to be held in the trading scheme registry by an operator: Environment Act 1995 s 41A(1) (s 41A added by SI 2005/925). If the Agency proposes to prescribe operator registry charges, or to amend any provision for such charges included in a charging scheme, the Agency will include in a charging scheme, subject to approval by the Secretary of State, provision giving effect to the proposals: Environment Act 1995 s 41A(2) (as so added). Such a notification must include details of the amount of the proposed charges: s 41A(4) (as so added). A charging scheme made by the Agency may require the payment to the Agency of such charges as may from time to time be prescribed in respect of: (a) the creation of an account in the trading scheme registry other than one that is required to be held by an operator; (b) the subsistence of such an account; (c) the updating of information provided to the Agency in relation to such an account: s 41A(6) (as so added).

6 Environment Act 1995 s 41(2)(a).

7 Environment Act 1995 s 41(2)(b). A charging scheme may, for the purposes of s 41(2)(b), impose: (1) a single charge in respect of the whole of any relevant licensed period; (2) separate charges in respect of different parts of any such period; or (3) both such a single charge and such separate charges: s 41(3). For these purposes, 'relevant licensed period' means the period during which an environmental licence is in force or such part of that period as may be prescribed: s 41(3). See note 6.

8 Environment Act 1995 s 41(2)(c). See note 6.

9 Environment Act 1995 s 41(2)(d). See note 6.

10 Environment Act 1995 s 41(2)(e). See note 6.

11 Environment Act 1995 s 41(2)(f). See note 6.

12 For these purposes, 'authorised activity' means any activity to which an environmental licence relates: Environment Act 1995 s 41(10).

13 Environment Act 1995 s 41(4).

14 Environment Act 1995 s 41(5)(a).

15 Environment Act 1995 s 41(5)(b).

16 For these purposes, 'appropriate procedure' means such procedure as may be specified or described in regulations made for the purpose by the Secretary of State: Environment Act 1995 s 41(10). Any power to make regulations under s 41 is exercisable by statutory instrument; and a statutory instrument containing any such regulations is subject to annulment pursuant to a resolution of either House of Parliament: s 41(11). As to the regulations made see the Environmental Licences (Suspension and Revocation) Regulations 1996, SI 1996/508. As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

17 Environment Act 1995 s 41(6). This provision is without prejudice to s 41(5)(b) (see the text and note 15): see s 41(6).

18 Environment Act 1995 s 41(7)(a).

19 Environment Act 1995 s 41(7)(b).

20 Environment Act 1995 s 41(7)(c).

21 Environment Act 1995 s 41(7)(d).

22 Environment Act 1995 s 41(9). As to the approval of a charging scheme see s 42; and PARA 98.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(1) CENTRAL ADMINISTRATION/(ii) The Environment Agency/D. CHARGING SCHEMES/98. Approval of charging schemes.

98. Approval of charging schemes.

Before submitting a proposed charging scheme¹ to the Secretary of State² for his approval, the Environment Agency³ must, in such manner as it considers appropriate for bringing it to the attention of persons likely to be affected by the scheme, publish a notice⁴ setting out its proposals and specifying the period within which representations or objections with respect to the proposals may be made to the Secretary of State⁵.

Where any proposed charging scheme has been submitted to the Secretary of State for his approval, he must, in determining whether or not to approve the scheme or to approve it subject to modifications⁶, consider any representations or objections duly made to him and not withdrawn⁷. He must also have regard to the desirability of ensuring that, in the case of each of the descriptions of environmental licence⁸, the amounts recovered by the Environment Agency by way of charges prescribed by charging schemes are the amounts which, taking one year with another, need to be recovered by the Agency to meet such of the costs⁹ and expenses (whether of a revenue or capital nature) which it incurs in carrying out its functions (and, in the case of certain environmental licences¹⁰, which the Food Standards Agency incurs in carrying out certain functions¹¹), as the Secretary of State may consider it appropriate to attribute to the carrying out of those functions in relation to activities to which environmental licences of the description in question relate¹².

Without prejudice to the generality of the expression 'costs and expenses', in determining the amounts of the costs and expenses which the Secretary of State considers it appropriate to attribute to the carrying out of the Environment Agency's or the Food Standards Agency's functions in relation to the activities to which environmental licences of any particular description relate, the Secretary of State must take into account any determination of the Environment Agency's financial duties¹³ and may include amounts in respect of the depreciation of, and the provision of a return on, such assets as are held by the Environment Agency or the Food Standards Agency for purposes connected with the carrying out of the functions in question¹⁴.

The consent of the Treasury¹⁵ is required for the giving of approval to a charging scheme submitted by the Environment Agency¹⁶.

It is the duty of the Environment Agency to take such steps as it considers appropriate for bringing the provisions of any charging scheme made by it which is for the time being in force to the attention of persons likely to be affected by them¹⁷.

1 'Charging scheme' has the same meaning as in the Environment Act 1995 s 41 (see PARA 97): s 42(11).

2 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

3 As to the establishment of the Environment Agency see PARA 68.

4 'Notice' means notice in writing: Environment Act 1995 s 124(1).

5 Environment Act 1995 s 42(1).

6 Environment Act 1995 s 42(2). As to the meaning of 'modifications' see PARA 71 note 11.

7 Environment Act 1995 s 42(2)(a).

8 Ie in each of the descriptions of environmental licence specified in the definition of 'environmental licence' in the Environment Act 1995 s 56 (see PARA 73 note 20).

9 As to the meaning of 'costs' see PARA 81 note 2.

10 Ie in the case of environmental licences which are authorisations under the Radioactive Substances Act 1993 s 13(1): see **FUEL AND ENERGY** vol 19(3) (2007 Reissue) PARA 1450.

11 Ie its functions under or in consequence of the Radioactive Substances Act 1993 (see **FUEL AND ENERGY** vol 19(3) (2007 Reissue) PARA 1450 et seq). As to the Food Standards Agency see **FOOD** vol 18(2) (Reissue) PARA 225 et seq.

12 Environment Act 1995 s 42(2)(b), (3) (s 42(3) amended by the Food Standards Act 1999 Sch 5 para 44, Sch 6). If and to the extent that any sums recovered by the Environment Agency by way of charges prescribed by charging schemes may fairly be regarded as so recovered for the purpose of recovering the amount required to meet (whether in whole or in part) such of the costs and expenses incurred by the Food Standards Agency as fall within the Environment Act 1995 s 42(3) those sums must be paid by the Environment Agency to the Food Standards Agency: s 42(9) (amended by the Food Standards Act 1999 Sch 5 para 44). For the purposes of the Environment Act 1995 s 42(9), any question as to the extent to which any sums may fairly be regarded as recovered for the purpose of recovering the amount required to meet the costs and expenses falling within s 42(9) must be determined by the Secretary of State: s 42(10) (amended by the Food Standards Act 1999 Sch 5 para 44).

If and to the extent that a charging scheme relates to any licence order under the Water Resources Act 1991 Pt II Ch II (ss 24-72) (see **WATER AND WATERWAYS** vol 100 (2009) PARA 214 et seq), the Secretary of State may consider it appropriate to attribute to the carrying out of the Environment Agency's functions in relation to activities to which such a licence relates any costs and expenses incurred by the Agency in carrying out any of its functions under Pt II (ss 24-81) or under the Environment Act 1995 s 6(2) (see PARA 76): s 42(5). This provision is expressed to be without prejudice to what costs and expenses the Secretary of State may consider it appropriate to attribute to the carrying out of any functions of the Environment Agency or the Secretary of State in relation to activities to which environmental licences of any particular description relate: s 42(6).

13 Ie under the Environment Act 1995 s 44: see PARA 90.

14 Environment Act 1995 s 42(4) (amended by the Food Standards Act 1999 Sch 5 para 44).

15 As to the Treasury see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 512 et seq.

16 Environment Act 1995 s 42(7) (amended by the Food Standards Act 1999 Sch 5 para 44, Sch 6; and SI 1999/1820).

17 Environment Act 1995 s 42(8).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(2) LOCAL ADMINISTRATION/99. Meaning of 'local authority'.

(2) LOCAL ADMINISTRATION

99. Meaning of 'local authority'.

For public health and environmental purposes, local authorities are generally, in relation to England, district councils, London borough councils, the Common Council of the City of London, the Sub-Treasurer of the Inner Temple and the Under-Treasurer of the Middle Temple; and, in relation to Wales, county councils or county borough councils¹. In the Isles of Scilly, the public health functions of local authorities are largely exercised by the Council of the Isles of Scilly².

The functions of local authorities may be exercised in port health districts by port health authorities³ and in united districts by joint boards⁴.

¹ As to local authorities generally see **LOCAL GOVERNMENT** vol 69 (2009) PARA 22 et seq. The definitions of 'local authority' for the purposes of Acts dealt with in this title are as follows:

- 11 (1) for the purposes of the Public Health Act 1936 (see PARAS 1 note 14, 113 et seq, 855 et seq, 960 et seq, 980 et seq), 'local authority' means the council of a district or London borough, the Common Council of the City of London, the Sub-Treasurer of the Inner Temple and the Under-Treasurer of the Middle Temple, but, in relation to Wales, means the council of a county or county borough (see ss 1(2), 343(1) (s 1 substituted by the Local Government Act 1972 Sch 14 Pt I para 1; and amended by the Local Government (Wales) Act 1994 Sch 9 para 3(1), (2)); and see PARA 1 note 14);
- 12 (2) for the purposes of the Prevention of Damage by Pests Act 1949 Pt I (ss 1-12) (see PARAS 864, 872 et seq), 'local authority' means the Common Council of the City of London and the councils of London boroughs and of districts, provided that: (a) the local authority for any port health district is the port health authority; and (b) in relation to sewers vested in certain councils, the functions of the local authority under Pt I are exercisable by those councils and not by any other authority (see s 1(1) (amended by the London Government Act 1963 Sch 17 para 10; and the Local Government Act 1972 Sch 30));
- 13 (3) for the purposes of the Public Health Act 1961 (see PARAS 1 note 14, 759, 858, 883, 979, 1075, 1078), 'local authority' means, except where the context otherwise requires, the council of a borough or urban district, the Common Council, the Sub-Treasurer of the Inner Temple or the Under-Treasurer of the Middle Temple, and includes the Council of the Isles of Scilly (see s 2(3) (amended by the London Government Act 1963 Sch 11 Pt I para 33; and the Local Government Act 1972 Sch 30));
- 14 (4) for the purposes of the Public Lavatories (Turnstiles) Act 1963 (see PARA 997), 'local authority' means, in England and Wales, a local authority within the meaning of the Local Government Act 1933 (repealed) (see now the Local Government Act 1972; head (5) below; and **LOCAL GOVERNMENT** vol 69 (2009) PARA 23) or the Common Council of the City of London (see the Public Lavatories (Turnstiles) Act 1963 s 1(5) (amended by the Statute Law (Repeals) Act 1981));
- 15 (5) for the purposes of the Local Government Act 1972 (see PARAS 2, 101, 107, 119-120), 'local authority' means a county council, a district council, a London borough council or a parish council, but, in relation to Wales, means a county council, county borough council or community council (see s 270(1) (definition amended by the Local Government Act 1985 Sch 17; and the Local Government (Wales) Act 1994 Sch 15 paras 1, 57));
- 16 (6) for the purposes of the Control of Pollution Act 1974 Pt III (ss 57-74) (see PARA 819 et seq), 'local authority' means: (a) in England, the council of a district or London borough, the Common Council of the City of London, the Sub-Treasurer of the Inner Temple and the Under-Treasurer of the Middle Temple; (b) in Wales, the council of a county or county borough (see s 73(1) (definition amended by the Local Government (Wales) Act 1994 Sch 9 para 10(3), Sch 18));

- 17 (7) for the purposes of the Local Government (Miscellaneous Provisions) Act 1976 (see PARAS 985, 990-991, 1076-1077), 'local authority' means a county council, county borough council, a district council, a London borough council, or the Common Council of the City of London (see s 44(1) (definition substituted by the Local Government Act 1985 Sch 14 Pt II para 53; and amended by Sch 17; and the Local Government and Public Involvement in Health Act 2007 Sch 13 Pt 2 para 33));
- 18 (8) for the purposes of the Refuse Disposal (Amenity) Act 1978 (see PARA 741 et seq), 'local authority' means, in relation to England, a district council, London borough council or the Common Council of the City of London and, in relation to Wales, a county council or county borough council (see s 11(1) (definition amended by the Local Government (Wales) Act 1994 Sch 9 para 11));
- 19 (9) for the purposes of the Local Government (Miscellaneous Provisions) Act 1982 Pt VIII (ss 13-17) (see PARA 973 et seq), 'local authority' means the council of a district, the council of a London borough and the Common Council of the City of London (see s 13(11));
- 20 (10) for the purposes of the Building Act 1984, 'local authority' means the council of a district or London borough, the Common Council of the City of London, the Sub-Treasurer of the Inner Temple or the Under-Treasurer of the Middle Temple, but, in relation to Wales, means the council of a county or county borough (see s 126 (definition substituted by the Local Government Act 1985 s 16, Sch 8 para 14(4)(a); and amended by the Local Government (Wales) Act 1994 Sch 9 para 15(3)));
- 21 (11) for the purposes of the Public Health (Control of Disease) Act 1984 (see PARAS 102 et seq, 137 et seq, 884 et seq), 'local authority' means a district council, a London borough council, the Common Council of the City of London, the Sub-Treasurer of the Inner Temple and the Under Treasurer of the Middle Temple, and, in Wales, a county council or county borough council (see s 1(1), (2) (s 1(1) amended by the Local Government (Wales) Act 1994 Sch 9 para 13(1))) (the Public Health (Control of Disease) Act 1984 s 1(1) prospectively substituted in similar terms and s 1(2) prospectively repealed by the Health and Social Care Act 2008 Sch 1 paras 1, 3, Sch 15 Pt 3);
- 22 (12) for the purposes of the Environmental Protection Act 1990 Pt I (ss 1-28) (prospectively repealed) (see PARA 159 et seq), 'local authority' means: (a) in Greater London, a London borough council, the Common Council of the City of London, the Sub-Treasurer of the Inner Temple and the Under Treasurer of the Middle Temple; (b) in England outside Greater London, a district council and the Council of the Isles of Scilly; (c) in Wales, a county council or county borough council (see s 4(11) (amended by the Local Government (Wales) Act 1994 Sch 9 para 17(1); and the Environment Act 1995 Sch 22 para 46, Sch 24));
- 23 (13) for the purposes of the Environmental Protection Act 1990 Pt IIA (ss 78A-78YC) (as added and amended) (see PARA 761 et seq), 'local authority' in relation to England and Wales means: (a) any unitary authority; (b) any district council, so far as it is not a unitary authority; (c) the Common Council of the City of London and, as respects the Temples, the Sub-Treasurer of the Inner Temple and the Under-Treasurer of the Middle Temple respectively; (d) the Council of the Isles of Scilly (see s 78A(1), (9) (s 78A added by the Environment Act 1995 s 57; and definition amended by 2006/1381)); and 'unitary authority' means: (i) the council of a county, so far as it is the council of an area for which there are no district councils; (ii) the council of any district comprised in an area for which there is no county council; (iii) the council of a London borough; (iv) the council of a county borough in Wales (see the Environmental Protection Act 1990 s 78A(1), (9) (as so added));
- 24 (14) for the purposes of the Water Industry Act 1991 generally (see PARA 998 et seq), 'local authority' means the council of a district or of a London borough or the Common Council of the City of London, but, in relation to Wales, means the council of a county or county borough (see s 219(1) (amended by the Local Government (Wales) Act 1994 Sch 11 Pt I para 2(2)); and, for the purposes of the Water Industry Act 1991 Pt IV Ch II (ss 98-117) and ss 199(3), 200 (see PARA 1009), 'local authority' in relation to the Inner Temple and the Middle Temple, includes, respectively, the Sub-Treasurer of the Inner Temple and the Under-Treasurer of the Middle Temple (ss 117(3), 200(5));
- 25 (15) for the purposes of the Clean Air Act 1993 (see PARA 207 et seq), 'local authority' means, in England, the council of a district or a London borough, the Common Council of the City of London, the Sub-Treasurer of the Inner Temple and the Under Treasurer of the Middle Temple and, in Wales, the council of a county or county borough (see s 64(1) (amended by the Local Government (Wales) Act 1994 Sch 9 para 18, Sch 18));

- 26 (16) for the purposes of the Environment Act 1995 Pt IV (ss 80-91) (see PARA 192 et seq), 'local authority', in relation to England and Wales, means any unitary authority, any district council so far as it is not a unitary authority, the Common Council of the City of London and, as respects the Temples, the Sub-Treasurer of the Inner Temple and the Under-Treasurer of the Middle Temple respectively; and 'unitary authority' means the council of a county so far as it is the council of an area for which there are no district councils, the council of any district comprised in a area for which there is no county council, the council of a London borough, and the council of a county borough in Wales (see s 91(1));
- 27 (17) for the purposes of the Noise Act 1996 (see PARA 848 et seq), 'local authority' means: (a) in Greater London, a London borough council, the Common Council of the City of London and, as respects the Temples, the Sub-Treasurer of the Inner Temple and the Under-Treasurer of the Middle Temple respectively; (b) outside Greater London, any district council, the council of any county so far as it is the council for any area for which there are no district councils; (c) in Wales, the council of a county borough; and (d) the Council of the Isles of Scilly (see s 11(1)).

As to port health districts and port health authorities see PARA 102 et seq.

For the purposes of the Control of Pollution Act 1974 Pt III, except ss 62-67, and for the purposes of the Environmental Protection Act 1990 Pt III, where the area of a local authority includes part of the seashore, it is deemed also to include the territorial sea lying seawards from that part of the shore: Control of Pollution Act 1974 s 73(2); Environmental Protection Act 1990 s 79(11). As to the extent of the territorial sea see **INTERNATIONAL RELATIONS LAW** vol 61 (2010) PARA 123 et seq; **WATER AND WATERWAYS** vol 100 (2009) PARA 31.

The Secretary of State may by order provide that an urban development corporation (see **TOWN AND COUNTRY PLANNING** vol 46(3) (Reissue) PARA 1428 et seq) is to have in its area (or in such part of its area as may be specified in the order) the functions conferred on a local authority: (A) by the Public Health Act 1936 s 83, s 84 and the Public Health Act 1961 ss 35-37 (see PARAS 855, 858); (B) by so much of the Public Health Act 1936 Pt XII (ss 275-278) as relates to any of the enactments in head (A) above; (C) by the Prevention of Damage by Pests Act 1949 Pt I (ss 1-12) (see PARAS 864, 872 et seq); and (D) by the Public Health (Control of Disease) Act 1984 ss 39-42 (prospectively repealed) and so much of Pt VI (ss 57-79) (s 57 prospectively repealed) as relates to those provisions (see PARAS 2, 63-64, 105, 110, 137 et seq, 884 et seq): see the Local Government, Planning and Land Act 1980 s 159(1); and **TOWN AND COUNTRY PLANNING** vol 46(3) (Reissue) PARA 1486. The Secretary of State may also by order provide that, in relation to premises comprising or consisting of housing accommodation, a housing action trust (see **HOUSING** vol 22 (2006 Reissue) PARA 11) may have in its designated area (or in such part of its designated area as may be specified in the order) the functions conferred on a local authority: (aa) by the Public Health Act 1936 s 83, s 84 and the Public Health Act 1961 s 36 (see PARAS 855, 857); (bb) by so much of the Public Health Act 1936 Pt XII as relates to any of the enactments in head (aa) above; (cc) by the Prevention of Damage by Pests Act 1949 Pt I (see PARAS 864, 872 et seq): see the Housing Act 1988 s 68(1); and **HOUSING** vol 22 (2006 Reissue) PARA 333. As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

The functions of a local authority under the Prevention of Damage by Pests Act 1949, in relation to sludge vessels owned by certain councils, are to be exercised by those councils and not by any other authority: see the Prevention of Damage by Pests (Application to Shipping) Order 1951, SI 1951/967, art 5 (amended by SI 1965/654).

Where, by an order under the Public Health (Control of Disease) Act 1984 s 2 (see PARA 102), a port health authority has been constituted for any port health district, the port health authority has, as respects its district, the functions conferred or imposed by the Environmental Protection Act 1990 Pt I (prospectively repealed), and by Pt III (ss 79-84) in relation to statutory nuisances other than a nuisance falling within s 79(1)(g) (see **NUISANCE** vol 78 (2010) PARA 165) or s 79(1)(ga) (see **NUISANCE** vol 78 (2010) PARA 165), and no such order may be made assigning those functions; and 'local authority' and 'area' are to be construed accordingly: ss 4(12), 79(8) (amended by the Noise and Statutory Nuisance Act 1993 s 2(5); and the Clean Neighbourhoods and Environment Act 2005 s 102(1), (7)). As to statutory nuisances see generally **NUISANCE**.

2 See the Isles of Scilly (Functions) Order 1979, SI 1979/72, art 3 (amended by SI 1990/2486; SI 2005/1082). See also note 1.

3 See PARA 102 et seq. The Public Health (Control of Disease) Act 1984 provides that a local authority having jurisdiction in any part of a port health district (including the London port health district) may not discharge in relation to it any functions which are functions of the port health authority: s 1(3). See also note 4.

4 See PARA 101. The Public Health (Control of Disease) Act 1984 provides that s 1(1) (see note 1 head (11)) has effect subject to the provisions of that Act with respect to:

- 28 (1) port health authorities;

29 (2) strategic health authorities, local health boards, special health authorities or primary care trusts;

30 (3) county councils or county borough councils,

and does not impose on any authority specified in s 1(1) a duty to discharge, in relation to a united district constituted under the Public Health Act 1936 s 6 (see PARA 101), any function which is a function of the joint board for that district: Public Health (Control of Disease) Act 1984 s 1(4) (amended by the Local Government (Wales) Act 1994 Sch 9 para 13(1); the Health Authorities Act 1995 Sch 1 Pt III para 108; SI 2000/90; SI 2002/2469; and SI 2007/961). The Public Health (Control of Disease) Act 1984 s 1(4) is repealed by the Health and Social Care Act 2008 Sch 11 paras 1, 3(1), (3), Sch 15 Pt 3 as from a day to be appointed under s 170(3). At the date at which this volume state the law no such day had been appointed.

Where a port health authority or joint board has functions, rights or liabilities under the Clean Air Act 1993: (a) any reference in that Act to a local authority or its district includes, in relation to those functions, rights or liabilities, a reference to the port health authority or board or its district; (b) for the purposes of that Act, no part of the district of any such port health authority or board is to be treated, in relation to any matter falling within the competence of the authority or board, as forming part of the district of any other authority: s 61(4). Any premises which extend into the districts of two or more authorities are to be treated for the purposes of the Clean Air Act 1993 as being wholly within such one of those districts as may be agreed by those authorities: s 61(5).

As to the transfer, compensation and superannuation rights of officers when an authority is constituted or dissolved, or any functions of an authority are relinquished, delegated, transferred or re-transferred, or exercised by two or more authorities, or the services of any staff of one authority are rendered available to another authority see the Public Health Act 1936 s 326 (amended by the Public Health (Control of Disease) Act 1984 s 78, Sch 2 para 3; and the Statute Law (Repeals) Act 1995). See also the Public Health Act 1936 s 327 (amended by the Public Health (Control of Disease) Act 1984 Sch 2 para 4; and SI 1949/2393).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(2) LOCAL ADMINISTRATION/100. London.

100. London.

Public health and environmental legislation¹ applies in London as it applies elsewhere in England and Wales, but with some modifications².

The Greater London Authority Act 1999 established the Greater London Authority, which consists of the Mayor of London and the London Assembly³. The Greater London Authority has various general functions, among which is the promotion of the improvement of the environment in London⁴. Environmental responsibilities are set out in Part IX of the Greater London Authority Act 1999⁵. In particular, the Mayor of London must produce and publish a report on the state of the environment of Greater London⁶ and a London biodiversity action plan⁷. The Mayor of London must also prepare and publish strategies relating to waste, air quality and noise⁸.

¹ See PARAS 1-3.

² See the London Government Act 1963 ss 40, 42, Sch 11; and **LONDON GOVERNMENT** vol 29(2) (Reissue) PARA 66.

³ See the Greater London Authority Act 1999 ss 1, 2, Sch 1; and **LONDON GOVERNMENT** vol 29(2) (Reissue) PARA 79 et seq.

⁴ See the Greater London Authority Act 1999 s 30; and **LONDON GOVERNMENT** vol 29(2) (Reissue) PARAS 80, 175-176.

⁵ See the Greater London Authority Act 1999 Pt IX (ss 351-374).

As to the abolition of the London Ecology Committee see s 374; and **LONDON GOVERNMENT** vol 29(2) (Reissue) PARA 180.

⁶ See the Greater London Authority Act 1999 s 351; and **LONDON GOVERNMENT** vol 29(2) (Reissue) PARA 180. As to Greater London Authority environment reports see the relevant website which was, at the date at which this volume states the law, www.london.gov.uk.

⁷ See the Greater London Authority Act 1999 s 352; and **LONDON GOVERNMENT** vol 29(2) (Reissue) PARA 181.

⁸ As to provisions relating to waste in London see PARA 630; as to provisions relating to air quality in London see PARA 193; and as to provisions relating to noise in London see PARA 854.

The functional bodies must have regard to the strategies published by the Mayor of London under the Greater London Authority Act 1999 Pt IX: see s 373. 'Functional bodies' means: Transport for London, the London Development Agency, the Metropolitan Police Authority and the London Fire and Emergency Planning Authority: see s 424(1); and **LONDON GOVERNMENT** vol 29(2) (Reissue) PARA 213. As to Transport for London see **LONDON GOVERNMENT** vol 29(2) (Reissue) PARAS 218, 269 et seq. As to the London Development Agency see **LONDON GOVERNMENT** vol 29(2) (Reissue) PARA 215; **TRADE AND INDUSTRY** vol 97 (2010) PARA 988 et seq. As to the Metropolitan Police Authority see **LONDON GOVERNMENT** vol 29(2) (Reissue) PARA 216; **POLICE** vol 36(1) (2007 Reissue) PARAS 147-155. As to the London Fire and Emergency Planning Authority see **FIRE SERVICES** vol 18(2) (Reissue) PARA 17; **LONDON GOVERNMENT** vol 29(2) (Reissue) PARA 217.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(2) LOCAL ADMINISTRATION/101. United districts and joint boards.

101. United districts and joint boards.

The Secretary of State¹ may, for any purpose of the Public Health Acts 1875 to 1925², the Public Health Act 1936, the provisions of the Prevention of Damage by Pests Act 1949 relating to the destruction of rats and mice³, the Public Health (Control of Disease) Act 1984⁴, the Building Act 1984⁵ or the Clean Air Act 1993⁶, by order⁷ constitute a united district, consisting of the districts⁸ or parts of the districts of several local authorities⁹. The governing body of a united district is a joint board constituted by the order constituting the district¹⁰, which is a body corporate with perpetual succession and a common seal¹¹. The joint board consists of representatives of the local authorities of the constituent districts or parts of districts¹², and may include representatives of the county council if that council undertakes to make annual contributions to the board's expenses¹³.

A local authority having jurisdiction in any part of a united district ceases to discharge in relation to it any functions which are functions of the joint board¹⁴.

The order forming a joint board¹⁵ may apply to it, subject to any necessary modifications, any of the provisions of the Local Government Act 1972¹⁶.

1 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

2 As to the Public Health Acts 1875 to 1925 see PARA 2 note 1.

3 I.e. the Prevention of Damage by Pests Act 1949 Pt I (ss 1-12): see PARAS 864, 872 et seq.

4 I.e. the provisions of the Public Health (Control of Disease) Act 1984 except s 46 (see **CREMATION AND BURIAL** vol 10 (Reissue) PARA 920): see PARAS 102 et seq, 137 et seq, 884 et seq.

5 See **BUILDING**.

6 See PARA 207 et seq.

7 Before making the order, the Secretary of State must give notice to the local authority of every district which, or part of which, is proposed to be included in the united district, and to the county council; and if such an authority or council gives notice of objection to him within 28 days and does not withdraw the objection, any order made is subject to special parliamentary procedure: Public Health Act 1936 s 6(4) (amended by SI 1949/2393). In relation to Wales, the requirement for the giving of notice to the county council does not apply: see the Public Health Act 1936 s 6(6) (added by the Local Government (Wales) Act 1994 Sch 9 para 3). As to the meaning of 'local authority' see PARA 99. As to special parliamentary procedure see PARA 60.

An order constituting a united district or joint board may contain such incidental, consequential and supplemental provisions as appear to the Secretary of State to be necessary or proper for bringing the order into operation and giving full effect to it and, in particular, it may contain provisions: (1) for the settlement of any differences arising in consequence of the operation of the order, between districts, parishes or other areas; (2) for the transfer of property and liabilities, and the making of any such adjustment of accounts or apportionment of liabilities between districts, parishes or other areas as may be rendered necessary by the operation of the order; and (3) as to the persons by and to whom any moneys found to be due are to be paid, and the raising of such moneys: Public Health Act 1936 s 9(1) (amended by the Public Health (Control of Disease) Act 1984 Sch 3).

Any such order may be amended or revoked by a subsequent order made by the Secretary of State: see the Public Health Act 1936 s 9(2) (amended by the Public Health (Control of Disease) Act 1984 Sch 3; and SI 1949/2393). Where the Secretary of State proposes to make an order under this provision, he must give notice to the joint board concerned and to every authority or council which is, or which under the proposed order will be, a constituent authority or council; and if within 28 days after such notice has been given the board,

authority or council gives notice to the Secretary of State that it objects to the proposal and the objection is not withdrawn, any order made by the Secretary of State is subject to special parliamentary procedure: see the Public Health Act 1936 s 9(2) (as so amended).

Any reference in the Public Health Act 1936 to an order constituting a united district or joint board is to be construed as including a reference to any order made under s 9(2) for the amendment of the original order: s 9(3) (amended by the Public Health (Control of Disease) Act 1984 Sch 3).

8 In the Public Health Act 1936, 'district', in relation to a local authority in Greater London, means a London borough, the City of London, the Inner Temple or the Middle Temple, as the case may be; and, in relation to a local authority in Wales, means a county or, as the case may be, county borough: s 1(2) (s 1 substituted by the Local Government Act 1972 Sch 14 para 1; and definition amended by the Local Government (Wales) Act 1994 Sch 9 para 3). In relation to local authorities outside Greater London and Wales, 'district' is not defined in the Public Health Act 1936. As to local authorities and their districts generally see **LOCAL GOVERNMENT** vol 69 (2009) PARA 22 et seq.

9 See the Public Health Act 1936 s 6(1) (amended by the Public Health (Control of Disease) Act 1984 Sch 2 para 1; and the Building Act 1984 Sch 6 para 2); the Prevention of Damage by Pests Act 1949 s 1(3); and the Clean Air Act 1993 s 61(1). See also note 10. As to the joint exercise of local authority functions in relation to air quality see also PARAS 204, 217 note 1. An order may also be made for the purposes of the Food Safety Act 1990: see s 59(1), Sch 3 para 1. As to food safety see **FOOD** vol 18(2) (Reissue) PARA 282 et seq; and as to enforcement and administration see **FOOD** vol 18(2) (Reissue) PARA 222 et seq.

An order is generally made only upon the application of the local authorities concerned, or any of them (see the Public Health Act 1936 s 6(1) (as so amended)), although an area designated as the site of a new town may be constituted a united district without such an application (see the New Towns Act 1981 s 33; and **TOWN AND COUNTRY PLANNING** vol 46(3) (Reissue) PARA 1321).

10 Public Health Act 1936 s 6(2). In the Public Health Act 1936, 'joint board' means a joint board constituted under that Act or under any Act repealed by it, other than a port health authority: s 343(1) (amended by the Public Health (Control of Disease) Act 1984 Sch 2 para 5). As to port health authorities see PARA 102 et seq.

All expenses of and incidental to the constitution of a united district are payable by the joint board and, so far as they are incurred by the Secretary of State, the amount as certified by him is recoverable by him from the board as a debt due to the Crown: Public Health Act 1936 s 6(5). As to the finances of joint boards see further PARA 106.

Relief from stamp duty is given on transfers of property under the order to the joint board from another local authority: see the Finance Act 1952 s 74(1) (amended by the Finance Act 1974 Sch 12 para 6); and **STAMP DUTIES AND STAMP DUTY RESERVE TAX** vol 44(1) (Reissue) PARA 1050.

For the power to make consequential and supplementary provision following local government reorganisation see the Local Government Act 1972 s 259; and **LOCAL GOVERNMENT** vol 69 (2009) PARA 7.

11 Public Health Act 1936 s 6(3) (amended by the Charities Act 1960 Sch 7 Pt II).

12 Public Health Act 1936 s 6(2).

13 See the Public Health Act 1936 s 6(2) proviso. The county council representatives must comprise less than half the membership of the board: see s 6(2) proviso. In relation to Wales, this proviso does not apply: see s 6(6) (as added: see note 7).

Existing joint boards were continued after local government reorganisation, except in relation to joint boards for port health districts (see PARA 102 et seq) and except where the joint board was exercising functions for an area which on 1 April 1974 became wholly within the area of a single local authority by which alone, but for the existence of the joint board, those functions would be exercisable: see the Local Government Act 1972 s 263(1), (2); and **LOCAL GOVERNMENT** vol 69 (2009) PARA 10.

14 Public Health Act 1936 s 7 (amended by the Local Government Act 1972 Sch 14 para 3, Sch 30).

15 Is whether the order is made under an enactment passed before or after 1 April 1974: see the Local Government Act 1972 s 241.

16 See the Local Government Act 1972 s 241. This power applies only where the constituent members of the joint board are local authorities and where it is formed for the discharge of any of the functions of those authorities: see s 241.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(2) LOCAL ADMINISTRATION/102. Port health districts and authorities.

102. Port health districts and authorities.

The Secretary of State¹ may by order made by statutory instrument constitute a port health district either: (1) consisting of any area, being a port² or part of a port other than the Port of London, or of two or more such areas³; or (2) consisting of such an area, or of two or more such areas, together with so much (being either the whole or any part or parts) of the district or districts of one or more riparian authorities⁴ (not being comprised in that area or any of those areas, as the case may be) as is specified in the order⁵. Such an order may either: (a) constitute one riparian authority as the port health authority for the district⁶; or (b) constitute a joint board, consisting of representatives of two or more riparian authorities, to be the port health authority for the district⁷.

An order constituting a port health district: (i) confers on the port health authority jurisdiction over all waters and land within the port health district⁸; and (ii) may assign to the port health authority any of the functions, rights and liabilities of a local authority under any enactment relating to public health, waste disposal or the control of pollution, whether passed before or after, and whether or not contained in, the Public Health (Control of Disease) Act 1984⁹.

1 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

2 For the purposes of the Public Health (Control of Disease) Act 1984, 'port' means: (1) a port as appointed for the purposes of the enactments for the time being in force relating to revenue or customs other than the Port of London; or (2) the Port of London: ss 2(1), 74. As to the meaning of 'Port of London' see PARA 103 note 1. As to the Port of London see PARA 103; and **PORTS AND HARBOURS** vol 36(1) (2007 Reissue) PARA 623 et seq. As to ports generally see **PORTS AND HARBOURS**. As to enactments relating to revenue or customs see **CUSTOMS AND EXCISE**.

3 Public Health (Control of Disease) Act 1984 s 2(3)(a).

4 For the purposes of the Public Health (Control of Disease) Act 1984, 'riparian authority', in relation to a port or part of a port, means: (1) any local authority whose district, or any part of whose district, forms part of, or abuts on, that port or part of a port; and (2) any conservators, commissioners or other persons having authority in, over or within that port or part of a port: ss 2(2), 74. As to the meaning of 'local authority' see PARA 99.

5 Public Health (Control of Disease) Act 1984 s 2(3)(b). Where the Secretary of State proposes to make an order under these provisions, he must give notice of the proposal to every riparian authority who will under the order be liable to contribute to the expenses of the port health authority: s 2(6). If, within 28 days after notice has been given to any such riparian authority, the authority gives notice to the Secretary of State that it objects to the proposal and the objection is not withdrawn, any order made by the Secretary of State which will impose any such liability on that authority is subject to special parliamentary procedure: s 2(7). As to special parliamentary procedure see PARA 60.

An order may contain such incidental, consequential and supplementary provisions as appear to the Secretary of State to be necessary or proper for bringing it into operation and giving it full effect and, in particular, provisions: (1) for the settlement of any differences arising in consequence of the operation of the order between districts or other areas; (2) for the transfer of property and liabilities, and the making of any such adjustment of accounts or apportionment of liabilities between districts or other areas as may be rendered necessary by the operation of the order; and (3) as to the persons by or to whom any money found to be due is to be paid, and the raising of such money: s 4(1).

Where the Secretary of State proposes to make an order amending or revoking an order under s 2, he must give notice of his intention to the port health authority concerned and to every authority which is, or under the proposed order will be, a constituent authority: s 4(2). If, within 28 days after notice has been given to any such authority, the authority gives notice to the Secretary of State that it objects to the proposal and the objection is not withdrawn, any order made by the Secretary of State is subject to special parliamentary procedure: s 4(3).

Where by virtue of s 2(7) or s 4(3) an order (not being an order made on the application of a local authority) is subject to special parliamentary procedure: (a) the Local Government Act 1972 s 240 (which relates to the procedure for making such orders) has effect as if, for references to the applicants for the order and to the application for the order, there were substituted respectively references to the Secretary of State and to the order proposed to be made by him; and (b) the expenses incurred by the Secretary of State in connection with the making and confirmation of the order are to be paid by such council, or by such councils in such shares, as he may direct, and the amount of those expenses as certified by him, or the amount of any share of them so certified, is recoverable by him from the council liable for the expenses or share as a debt due to the Crown: Public Health (Control of Disease) Act 1984 s 4(4).

Any reference in the Public Health (Control of Disease) Act 1984 to an order constituting a port health district is to be construed as including a reference to any order made under s 4 for the amendment of the original order: s 4(5).

6 Public Health (Control of Disease) Act 1984 s 2(4)(a). All expenses of, and incidental to, the constitution of a port health district are payable by the port health authority: s 2(8). So far as those expenses are expenses incurred by the Secretary of State, their amount as certified by him is recoverable by him from the authority as a debt due to the Crown: s 2(9). As to the finances of a port health authority see further PARA 106.

7 Public Health (Control of Disease) Act 1984 s 2(4)(b). See also note 6. A joint board so constituted a port health authority is a body corporate by such name as may be determined by the order constituting the port health district: s 2(5).

8 Public Health (Control of Disease) Act 1984 s 3(1)(a).

9 Public Health (Control of Disease) Act 1984 s 3(1)(b). An order may also assign to the port health authority any of the functions, rights and liabilities of: (1) a food authority under the Food Safety Act 1990 (see **FOOD** vol 18(2) (Reissue) PARA 251 et seq); (2) a local authority under the Slaughterhouses Act 1974 Pt I (ss 14-35) (see **FOOD** vol 18(2) (Reissue) PARA 474); or (3) a local authority under the Local Government (Miscellaneous Provisions) Act 1976 s 16 (power of local authorities to obtain particulars of persons interested in land) (see **LOCAL GOVERNMENT** vol 69 (2009) PARA 23), s 32 (power of local authorities to execute works outside their areas) (see **LOCAL GOVERNMENT** vol 69 (2009) PARA 24), s 41 (evidence of resolutions and minutes of proceedings etc) (see **LOCAL GOVERNMENT** vol 69 (2009) PARA 23): Public Health (Control of Disease) Act 1984 s 3(2) (amended by the Food Safety Act 1990 Sch 3 para 26).

The Local Government Act 1972 s 241 (which enables any of the provisions of that Act to be applied to a joint board of which the constituent members are local authorities: see PARA 101) applies in relation to a port health authority constituted under the Public Health (Control of Disease) Act 1984 s 2, notwithstanding that it may consist of a single local authority or may be a joint board of which not all the constituent members are local authorities: s 3(3).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(2) LOCAL ADMINISTRATION/103. Port health district and port health authority for Port of London.

103. Port health district and port health authority for Port of London.

For the purposes of the Public Health (Control of Disease) Act 1984, the Port of London¹, together with so much (being either the whole or any part or parts) of the district or districts of one or more riparian authorities² as (not being comprised in the Port of London) may be specified in an order made by the Secretary of State³, is a port health district (the 'London port health district'); and the Common Council of the City of London is the port health authority for that district⁴. The Secretary of State may by order confer on the port health authority for the London port health district (the 'London port health authority') jurisdiction over all waters and land within that port health district⁵. The Secretary of State may by order assign to the London port health authority certain functions, rights and liabilities of a local authority⁶.

1 In the Public Health (Control of Disease) Act 1984, 'Port of London' means the port of that name appointed for the purposes of the enactments relating to revenue or customs, together with all such waters between:

- 31 (1) the seaward limit of the port as so established (s 6(a)); and
- 32 (2) imaginary straight lines drawn from latitude 51 degrees 37 minutes 00 seconds north, longitude 00 degrees 57 minutes 19 seconds east (Foulness Point in the county of Essex) to latitude 51 degrees 46 minutes 05 seconds north, longitude 01 degrees 20 minutes 32 seconds east (Gunfleet Old Lighthouse) and thence to latitude 51 degrees 26 minutes 36 seconds north, longitude 01 degrees 25 minutes 30 seconds east and thence to latitude 51 degrees 24 minutes 55 seconds north, longitude 00 degrees 54 minutes 21 seconds east (Warden Point in the county of Kent) (s 6(b)),

as immediately before the coming into force of the Territorial Sea Act 1987 were within the territorial waters of Her Majesty's dominions: Public Health (Control of Disease) Act 1984 ss 6, 74 (s 6 amended by the Territorial Sea Act 1987 Sch 1 para 8). As to the Port of London generally see **PORTS AND HARBOURS** vol 36(1) (2007 Reissue) PARA 623 et seq. As to the territorial sea see **INTERNATIONAL RELATIONS LAW** vol 61 (2010) PARA 121 et seq; **WATER AND WATERWAYS** vol 100 (2009) PARA 31. As to enactments relating to revenue or customs see **CUSTOMS AND EXCISE**.

2 As to the meaning of 'riparian authority' see PARA 102 note 4.

3 The power to make an order under the Public Health (Control of Disease) Act 1984 s 7 is exercisable by statutory instrument: s 7(6). Section 4 has effect in relation to an order under s 7 as it has effect in relation to an order under s 2 (see PARA 102): s 8(1). See the London Port Health Authority Order 1965, SI 1965/617 (amended by SI 1980/215) (made under earlier legislation). As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

4 Public Health (Control of Disease) Act 1984 s 7(1).

5 Public Health (Control of Disease) Act 1984 s 7(2).

6 See the Public Health (Control of Disease) Act 1984 s 7(3). As to the meaning of 'local authority' see PARA 99. The Secretary of State may assign any of the functions, rights and liabilities of a local authority under the Public Health Acts 1875 to 1925; the Public Health Act 1936; the Water Acts 1945 and 1948; the Drought Act 1976 (repealed); the Local Government (Miscellaneous Provisions) Act 1953 ss 8, 12 (s 12 repealed); the Clean Air Act 1993; the Public Health Act 1961; the Control of Pollution Act 1974; the Public Health (Control of Disease) Act 1984 (except s 46); the Building Act 1984 (other than Sch 3 Pt III (repealed)); the Environmental Protection Act 1990 Pt I (ss 1-28) (prospectively repealed); the Environmental Protection Act 1990 Pt III (ss 79-85); and regulations under the Pollution Prevention and Control Act 1999 s 2 (see PARAS 186-188): see the Public Health (Control of Disease) Act 1984 s 7(3)(a), (4) (amended by the Building Act 1984 Sch 6 para 23; the Environmental Protection Act 1990 Sch 15 para 22; the Clean Air Act 1993 Sch 4 para 3; the Pollution

Prevention and Control Act 1999 Sch 2 para 2; and the Care Standards Act 2000 Sch 4 para 10, Sch 6). As from a day to be appointed, the reference to the Environmental Protection Act 1990 Pt I (prospectively repealed) is repealed: see the Pollution Prevention and Control Act 1999 s 6(2), Sch 3. Also the references to the Water Acts 1945 and 1948; the Drought Act 1976 and the Local Government (Miscellaneous Provisions) Act 1953 ss 8, 12 are repealed by the Health and Social Care Act 2008 Sch 11 paras 1, 5, Sch 15 Pt 3 as from a day to be appointed under s 170(3). At the date at which this volume states the law no such days had been appointed. As to the prospective repeal of the Environmental Protection Act 1990 Pt I see PARA 159 note 2.

The Secretary of State may also assign any of the functions, rights and liabilities of a local authority under any local statutory provision continued in force by the London Government Act 1963 or under any provision of Sch 11 Pt II: see the Public Health (Control of Disease) Act 1984 s 7(3)(b), (c). Functions, rights and liabilities of a food authority under the Food Safety Act 1990 (see **FOOD** vol 18(2) (Reissue) PARA 251 et seq) may also be assigned: see the Public Health (Control of Disease) Act 1984 s 7(3)(d) (substituted by the Food Safety Act 1990 Sch 3 para 27).

The Secretary of State may by order extend to all waters and land in the London port health district any provision under which functions, rights and liabilities may be assigned by an order under the Public Health (Control of Disease) Act 1984 s 7(3), or any instrument made under any such provision, in so far as it would not otherwise so extend: s 7(5).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(2) LOCAL ADMINISTRATION/104. Authorities in relation to vessels.

104. Authorities in relation to vessels.

For the purposes of the provisions of the Public Health Act 1936 which apply to vessels¹ and for the execution of which local authorities² are responsible³, and for the purposes of the provisions of the Public Health (Control of Disease) Act 1984 which apply to vessels⁴, a vessel lying in any inland or coastal waters⁵ is subject to the jurisdiction of: (1) the port health authority, if the waters are within a port health district⁶; (2) the local authority, if the waters are within the district of a local authority but not within a port health district⁷; (3) otherwise, such local authority as the Secretary of State⁸ may by order direct or, if no direction is given, the local authority whose district includes that point on land which is nearest to the spot where the vessel is lying⁹. When county councils are responsible under the Public Health Act 1936, a vessel lying in inland or coastal waters but not within a county is subject to the jurisdiction of the council of the county which includes that point on land which is nearest to the spot where the vessel is lying¹⁰.

1 As to the application of the Public Health Act 1936 to vessels see PARA 1 note 34. As to the meaning of 'vessel' see PARA 1 note 33.

2 As to the meaning of 'local authority' see PARA 99.

3 In determining which provisions are provisions for the execution of which county councils are responsible, no account is to be taken of any enactment (whether contained in the Public Health Act 1936 or not) relating to port health authorities or joint boards or to any particular port health authority or joint board or of any instrument made under any such enactment: s 267(6) (added by the Local Government (Miscellaneous Provisions) Act 1982 Sch 6 para 4). As to port health authorities see PARA 102 et seq; and as to joint boards see PARA 101.

4 As to the application of the Public Health (Control of Disease) Act 1984 to vessels see PARA 1 note 34.

5 As to the meanings of 'inland waters' and 'coastal waters' see PARA 1 note 34.

6 See the Public Health Act 1936 s 267(1)(a); and the Public Health (Control of Disease) Act 1984 s 9(1)(a). As to port health districts see PARAS 102-103. Section 9 is repealed by the Health and Social Care Act 2008 Sch 11 para 6, Sch 15 Pt 3 as from a day to be appointed under s 170(3). At the date at which this volume states the law no such day had been appointed.

7 See the Public Health Act 1936 s 267(1)(b); and the Public Health (Control of Disease) Act 1984 s 9(1)(b). See note 6.

8 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

9 See the Public Health Act 1936 s 267(1)(c); and the Public Health (Control of Disease) Act 1984 s 9(1)(c). See note 6.

10 See the Public Health Act 1936 s 267(2). This provision does not apply if the point on land which is nearest to the spot where the vessel is lying is in Wales: s 267(2A) (added by the Local Government (Wales) Act 1994 Sch 9 para 3).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(2) LOCAL ADMINISTRATION/105. Protection of members and officers from personal liability.

105. Protection of members and officers from personal liability.

No matter or thing done, and no contract entered into, by any local authority¹, joint board² or port health authority³, and no matter or thing done by any member or officer of any such authority or other person acting under the direction of such authority, subjects them or any of them personally to any action, liability, claim or demand if the matter or thing was done or the contract was entered into bona fide⁴ for the purpose of executing any public general or local Act⁵. Any expense incurred by an authority, member, officer or other person in so acting must be borne and repaid out of the fund or rate applicable by the authority to the general purposes of the public general or local Act in question⁶. However, this does not exempt any such member from liability to make any payment in pursuance of a court order⁷ requiring repayment to an authority of expenditure declared to be unlawful⁸.

1 As to the meaning of 'local authority' see PARA 99.

2 As to joint boards see PARA 101.

3 As to port health authorities see PARA 102 et seq.

4 As to the effect of this provision see *Bullard v Croydon Hospital Group Management Committee* [1953] 1 QB 511, [1953] 1 All ER 596; and **LOCAL GOVERNMENT** vol 69 (2009) PARA 227.

5 See the Public Health Act 1875 s 265 (amended by the Environment Act 1995 Sch 7 para 15(d)); the Public Health Act 1936 s 305; the Local Government (Miscellaneous Provisions) Act 1976 s 39(1) (amended by the Local Government Finance Act 1982 Sch 6 Pt IV); and the Public Health (Control of Disease) Act 1984 s 69(1). See also the Noise Act 1996 s 12(1). As to the liability of public authorities and officers generally see **ADMINISTRATIVE LAW; LOCAL GOVERNMENT** vol 69 (2009) PARAS 442, 877 et seq. As from a day to be appointed, the Public Health (Control of Disease) Act 1984 s 69 is replaced by a new provision in similar terms but referring to a 'relevant health authority' rather than to 'any local authority, port health authority or joint board': s 69 (prospectively substituted by the Health and Social Care Act 2008 Sch 11 paras 1, 24). At the date at which this volume states the law no such day had been appointed.

6 See note 5.

7 I.e. an order under the Audit Commission Act 1998 s 17 or s 18 (repealed subject to savings): see **LOCAL GOVERNMENT** vol 69 (2009) PARA 772.

8 See the Public Health Act 1875 s 265 (amended by the Audit Commission Act 1998 Sch 3 para 1); the Public Health Act 1936 s 305; the Local Government (Miscellaneous Provisions) Act 1976 s 39(1); and the Public Health (Control of Disease) Act 1984 s 69(2) (amended by the Audit Commission Act 1998 Sch 3 para 7). See also the Noise Act 1996 s 12(2) (amended by the Audit Commission Act 1998 Sch 3 para 31). See note 5.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(2) LOCAL ADMINISTRATION/106. Finances of joint boards and port health authorities.

106. Finances of joint boards and port health authorities.

Any expenses incurred by a joint board¹, unless otherwise determined by the order constituting the board, are to be defrayed out of a common fund². For the purpose of obtaining payment of sums to be contributed to the fund, the joint board must issue precepts³ to the local authority⁴ of each district concerned⁵.

Subject to the provisions of the order by which it was constituted⁶, a joint board has the like powers of borrowing for the purposes of its functions under the order as a local authority has of borrowing for the purposes of its functions under the Public Health Act 1936⁷. Similarly, a port health authority has the like powers of borrowing for the purposes of its functions under the order by which it was constituted⁸ as a local authority has for the purposes of its functions under the Public Health (Control of Disease) Act 1984⁹.

1 le a joint board constituted under the Public Health Act 1936 s 6 (see PARA 101) or under the Public Health (Control of Disease) Act 1984 s 2 (see PARA 102).

2 See the Public Health Act 1936 s 309(1); and the Public Health (Control of Disease) Act 1984 s 5(2). As from a day to be appointed, s 5(2) is revised so that it refers simply to such expenses being defrayed by the constituent districts in such proportions and in such manner as may be determined by or in accordance with the order: s 5(2) (prospectively amended by the Health and Social Care Act 2008 Sch 11 paras 1, 4(1), (3)). At the date at which this volume states the law no such day had been appointed.

3 As to precepts see **LOCAL GOVERNMENT** vol 29(1) (2001 Reissue) PARA 514. The precept must state the amount of the contribution and the time limit for paying: see the Public Health Act 1936 s 309(2); and the Public Health (Control of Disease) Act 1984 s 5(3). See note 4.

4 As to the meaning of 'local authority' see PARA 99.

5 See the Public Health Act 1936 s 309(2); and the Public Health (Control of Disease) Act 1984 s 5(3). As from a day to be appointed, s 5(3) is revised so that the reference to 'obtaining payment from constituent districts or rating districts' should no longer include the reference to rating districts: s 5(3) (prospectively amended by the Health and Social Care Act 2008 Sch 11 paras 1, 4(1), (3), Sch 15 Pt 3). At the date at which this volume states the law no such day had been appointed.

Any sum mentioned in a precept issued by a joint board to a local authority is a debt due from that authority and may be recovered accordingly: see the Public Health Act 1936 s 309(3) (amended by the Statute Law (Repeals) Act 2004); and the Public Health (Control of Disease) Act 1984 s 5(4) (amended by the Statute Law (Repeals) Act 2004).

Where the order constituting a united district (see PARA 101) provides for contributions to be made to the common fund of the joint board by a county council, the amount fixed by the order is a debt due to and recoverable by the joint board: see the Public Health Act 1936 s 309(5). The reference to a county council does not include a reference to the council of a Welsh county or county borough: s 309(6) (added by the Local Government (Wales) Act 1994 Sch 9 para 3(5)).

6 As to the constitution of a joint board see PARA 101.

7 Public Health Act 1936 s 10 (amended by the Public Health (Control of Disease) Act 1984 Sch 3). As to the borrowing powers of local authorities see **LOCAL GOVERNMENT** vol 29(1) (2001 Reissue) PARA 514.

8 As to the constitution of a port health authority see PARA 102.

9 Public Health (Control of Disease) Act 1984 s 5(1).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/2. ADMINISTRATION/(2) LOCAL ADMINISTRATION/107. Establishment expenses.

107. Establishment expenses.

Where a local authority¹ is empowered under any enactment to carry out any works or to do any other thing on or in relation to any land or building and is entitled to recover from any person expenses incurred by it in exercising that power, the authority may include in, and recover as part of, the expenses such additional sum as appears to it reasonable in respect of its establishment charges².

Where a sum is payable to a relevant authority³ by any person by virtue of the Control of Pollution Act 1974 in respect of the expenses incurred by the authority or by virtue of the above provisions⁴ in respect of establishment charges related to such expenses, then the authority and that person may agree that the sum is to be paid in instalments⁵, and the authority is entitled to receive from that person interest on the sum, or on such portion of it as is for the time being unpaid, at such reasonable rate or rates as the authority may determine⁶.

1 For these purposes, 'local authority' means any local authority within the meaning of the Local Government Act 1972, the Common Council of the City of London, the Sub-Treasurer of the Inner Temple, the Under Treasurer of the Middle Temple, the Council of the Isles of Scilly, a port health authority, Transport for London and a passenger transport executive: see the Local Government Act 1974 ss 35(6), 36(3) (s 35(6) amended by SI 2003/1615). As to Transport for London see **LONDON GOVERNMENT** vol 29(2) (Reissue) PARAS 218, 269 et seq. For the purposes of the Local Government Act 1972, 'local authority' means a county council, a district council, a London borough council or a parish council, but, in relation to Wales, means a county council, county borough council or community council: see s 270(1); PARA 99 note 1 head (5); and **LOCAL GOVERNMENT** vol 69 (2009) PARA 23.

2 See the Local Government Act 1974 s 36(1); and **LOCAL GOVERNMENT** vol 69 (2009) PARA 583.

3 'Relevant authority' means, in England, the Secretary of State, a county council, a district council, a London borough council, the Common Council of the City of London, the Sub-Treasurer of the Inner Temple and the Under Treasurer of the Middle Temple and, for the purposes of the Control of Pollution Act 1974 ss 91-93 (see PARAS 132-133), a sewerage undertaker, and any authority established by the Waste Regulation and Disposal (Authorities) Order 1985, SI 1985/1884; and, in Wales, the Secretary of State, a county council or a county borough council and, for the purposes of the Control of Pollution Act 1974 ss 91-93, a sewerage undertaker: Control of Pollution Act 1974 s 98 (amended by the Local Government Act 1985 Sch 17; the Water Act 1989 Sch 25 para 48(11), Sch 27 Pt I; the Local Government (Wales) Act 1994 Sch 9 para 10(4), Sch 18; the Environment Act 1995 Sch 22 para 29(1), (33); and SI 1985/1884). As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59. As to sewerage undertakers see PARA 999.

4 See the Local Government Act 1974 s 36: see the text and notes 1-2; and **LOCAL GOVERNMENT** vol 69 (2009) PARA 583.

5 Control of Pollution Act 1974 s 90(2)(a) (amended by the Water Act 1989 Sch 25 para 48(9), Sch 27 Pt I).

6 Control of Pollution Act 1974 s 90(2)(b) (amended by the Local Government, Planning and Land Act 1980 Sch 2 para 17; and the Water Act 1989 Sch 25 para 48(9), Sch 27 Pt I).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(1) APPLICATION OF THE LEGISLATION TO THE CROWN AND VISITING FORCES/108. Application of the Public Health Act 1936 to the Crown and visiting forces.

3. GENERAL PROVISIONS

(1) APPLICATION OF THE LEGISLATION TO THE CROWN AND VISITING FORCES

108. Application of the Public Health Act 1936 to the Crown and visiting forces.

Any provisions of the Public Health Act 1936 may be applied to any house¹, building or other premises² belonging to Her Majesty in right of the Crown³ or of the Duchy of Lancaster, or belonging to the Duchy of Cornwall, or to a government department, or held in trust for Her Majesty for the purposes of a government department, by agreement between the appropriate authority⁴ and the council of the county⁵ or the local authority⁶ of the district within which the property is situated⁷.

A visiting force or headquarters, members of such a force or headquarters, persons employed in the service of such a force, and property used for the purposes of such a force or headquarters, are exempt from the operation of the Public Health Act 1936 to the extent that, by virtue of the rule of law whereby enactments do not bind the Crown, such a force or headquarters, such members, such persons, or such property, would be so exempt if the force or headquarters were a part of any of the home forces⁸.

1 As to the meaning of 'house' see PARA 1 note 34.

2 As to the meaning of 'premises' see PARA 1 note 34.

3 The general principle is that the Crown is not bound by statute unless expressly named: see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 384; **STATUTES** vol 44(1) (Reissue) PARA 1321.

4 'Appropriate authority' means: (1) in the case of property belonging to Her Majesty in right of the Crown, the Commissioners of the Crown Lands or other government department having the management of the property in question; (2) in the case of property belonging to Her Majesty in right of the Duchy of Lancaster, the Chancellor of the Duchy of Lancaster; (3) in the case of property belonging to the Duchy of Cornwall, such person as the Duke of Cornwall, or the possessor for the time being of the Duchy of Cornwall, appoints; and (4) in the case of property belonging to a government department, or held in trust for Her Majesty for the purposes of a government department, that department: see the Public Health Act 1936 s 341(3)(a)-(d). The Commissioners of the Crown Lands have been replaced by the Crown Estate Commissioners: see the Crown Estate Act 1956 s 1 (repealed); the Crown Estate Act 1961 s 1; and **CROWN PROPERTY** vol 12(1) (Reissue) PARAS 279-280. If any question arises as to what authority is the appropriate authority in relation to any property, that question must be referred to the Treasury, whose decision is final: Public Health Act 1936 s 341(3). As to the Treasury see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 512 et seq.

5 'County' means administrative county: Public Health Act 1936 s 343(1).

6 As to the meaning of 'local authority' see PARA 99.

7 See the Public Health Act 1936 s 341(1), (2).

8 Visiting Forces and International Headquarters (Application of Law) Order 1999, SI 1999/1736, art 12(1), Sch 5. As to visiting forces etc see **ARMED FORCES** vol 2(2) (Reissue) PARA 135 et seq.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(1) APPLICATION OF THE LEGISLATION TO THE CROWN AND VISITING FORCES/109. Application of the Control of Pollution Act 1974 to Crown land.

109. Application of the Control of Pollution Act 1974 to Crown land.

In so far as any interest in Crown land¹ is not an interest belonging to Her Majesty, a Crown interest or a duchy interest, the Control of Pollution Act 1974² applies to the land as if it were not Crown land³.

1 'Crown land' means land in which there is a Crown interest or duchy interest: see the Control of Pollution Act 1974 s 105(3); and the Town and Country Planning Act 1990 s 293(1). 'Crown interest' means an interest belonging to Her Majesty in right of the Crown or belonging to a government department, or held in trust for Her Majesty for the purposes of a government department (see the Control of Pollution Act 1974 s 105(3)); or it means an interest belonging to Her Majesty in right of the Crown or in right of her private estates, an interest belonging to a government department or held in trust for Her Majesty for the purposes of a government department and such other interest as the Secretary of State specifies by order (see the Town and Country Planning Act 1990 s 293(1) (definition prospectively substituted by the Planning and Compulsory Purchase Act 2004 Sch 3 para 6(1), (2))). 'Duchy interest' means an interest belonging to Her Majesty in right of the Duchy of Lancaster, or belonging to the Duchy of Cornwall: see the Control of Pollution Act 1974 s 105(3); and the Town and Country Planning Act 1990 s 293(1).

2 See PARAS 131 et seq, 620, 724-725, 819 et seq.

3 Control of Pollution Act 1974 s 105(3).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(1) APPLICATION OF THE LEGISLATION TO THE CROWN AND VISITING FORCES/110. Application of the Public Health (Control of Disease) Act 1984 to the Crown.

110. Application of the Public Health (Control of Disease) Act 1984 to the Crown.

In relation to certain property¹, the appropriate authority² may agree with the council of the county, or the local authority³ of the district⁴, in which the property is situated that any relevant provision of the Public Health (Control of Disease) Act 1984 specified in the agreement applies to the property; and, while the agreement is in force, that provision applies to that property accordingly, subject to the terms of the agreement⁵. This provision applies to any house⁶, building or other premises⁷ being property belonging to Her Majesty in right of the Crown or of the Duchy of Lancaster, or belonging to the Duchy of Cornwall, or belonging to a government department, or held in trust for Her Majesty for purposes of a government department⁸.

1 See the text and notes 6-8.

2 'Appropriate authority' means: (1) in the case of property belonging to Her Majesty in right of the Crown, the Crown Estate Commissioners or other government department having the management of the property; (2) in the case of property belonging to Her Majesty in right of the Duchy of Lancaster, the Chancellor of the Duchy of Lancaster; (3) in the case of property belonging to the Duchy of Cornwall, such person as the Duke of Cornwall, or the possessor for the time being of the Duchy of Cornwall, appoints; and (4) in the case of property belonging to a government department or held in trust for Her Majesty for purposes of a government department, that department: Public Health (Control of Disease) Act 1984 s 73(4). If any question arises as to what authority is the appropriate authority in relation to any property, that question must be referred to the Treasury, whose decision is final: s 73(4). As to the Treasury see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 512 et seq. As to the Crown Estate Commissioners see **CROWN PROPERTY** vol 12(1) (Reissue) PARA 280.

3 As to the meaning of 'local authority' see PARA 99.

4 As to the meaning of 'district' see PARA 885 note 6.

5 Public Health (Control of Disease) Act 1984 s 73(2). Any such agreement may contain such consequential and incidental provisions (including, with the approval of the Treasury, provisions of a financial character) as appear to the appropriate authority to be necessary or equitable: s 73(3).

6 As to the meaning of 'house' see PARA 1 note 34.

7 As to the meaning of 'premises' see PARA 1 note 34. As from a day to be appointed, a further provision is added to the Public Health (Control of Disease) Act 1984 providing that in s 73 'premises' does not include any vessel belonging to Her Majesty, or under the command or charge of an officer holding Her Majesty's commission: s 73(5) (prospectively added by the Health and Social Care Act 2008 Sch 11, paras 1, 28). At the date at which this volume states the law no such day had been appointed.

8 Public Health (Control of Disease) Act 1984 s 73(1).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(1) APPLICATION OF THE LEGISLATION TO THE CROWN AND VISITING FORCES/111. Application of the Environmental Protection Act 1990 to the Crown.

111. Application of the Environmental Protection Act 1990 to the Crown.

The provisions of the Environmental Protection Act 1990 and of regulations and orders¹ made under it bind the Crown². No contravention by the Crown of any provision of the Act or of any regulations or order made under it makes the Crown criminally liable, but the High Court may, on the application of any public or local authority charged with enforcing that provision³, declare unlawful any act or omission of the Crown which constitutes such a contravention⁴. Notwithstanding these provisions, the Environmental Protection Act 1990 and regulations and orders made under it apply to persons in the public service of the Crown as they apply to other persons⁵.

If the Secretary of State⁶ certifies that it appears to him, as respects any Crown premises⁷ and any powers of entry exercisable in relation to them specified in the certificate, that it is requisite or expedient that, in the interests of national security, the powers ought not to be exercisable in relation to the premises, those powers are not exercisable in relation to those premises⁸.

1 For these purposes, references to regulations or orders are references to regulations or orders made by statutory instrument: Environmental Protection Act 1990 s 159(6).

2 Environmental Protection Act 1990 s 159(1). Nothing in 159 is to be taken as in any way affecting Her Majesty in her private capacity: s 159(5). Any reference in the Environmental Protection Act 1990 to Her Majesty in her private capacity is to be construed as including a reference to Her Majesty in right of the Duchy of Lancaster and to the Duke of Cornwall: see s 159(5); and the Crown Proceedings Act 1947 s 38(3).

3 For the purposes of the Environmental Protection Act 1990 s 159 in its application to Pt II (ss 29-78) and Pt IV (ss 86-99), the authority charged with enforcing the provisions of those Parts in its area is, in the case of Pt II, any waste regulation authority (see PARA 620 note 6) and, in the case of Pt IV, any principal litter authority (see PARA 722 note 2): s 159(7).

4 Environmental Protection Act 1990 s 159(2).

5 Environmental Protection Act 1990 s 159(3).

6 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

7 For these purposes, 'Crown premises' means premises held or used by or on behalf of the Crown: Environmental Protection Act 1990 s 159(4).

8 Environmental Protection Act 1990 s 159(4).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(1) APPLICATION OF THE LEGISLATION TO THE CROWN AND VISITING FORCES/112. Application of the Environment Act 1995 to the Crown.

112. Application of the Environment Act 1995 to the Crown.

The provisions of the Environment Act 1995 bind the Crown¹. No contravention by the Crown of any provision made by or under that Act makes the Crown criminally liable, but the High Court may, on the application of the Environment Agency², declare unlawful any act or omission of the Crown which constitutes such a contravention³. Notwithstanding these provisions, any provision made by or under the Environment Act 1995 applies to persons in the public service of the Crown as it applies to other persons⁴.

If the Secretary of State⁵ certifies that it appears to him, as respects any Crown premises⁶ and any powers of entry exercisable in relation to them specified in the certificate, that it is requisite or expedient that, in the interests of national security, the powers ought not to be exercisable in relation to those premises, those powers are not exercisable in relation to those premises⁷.

1 Environment Act 1995 s 115(1). The provisions of Pt III (ss 61-79) (see **OPEN SPACES AND COUNTRYSIDE** vol 78 (2010) PARA 526 et seq) and any amendments, repeals and revocations made by other provisions of the Environment Act 1995 (other than those made by the provisions of s 116, Sch 21, which bind the Crown) bind the Crown to the extent that the enactments to which they relate bind the Crown: s 115(2). Nothing in s 115 may be taken as in any way affecting Her Majesty in her private capacity: s 115(6). Any reference in the Environment Act 1995 to Her Majesty in her private capacity is to be construed as including a reference to Her Majesty in right of the Duchy of Lancaster and to the Duke of Cornwall: see s 115(6); and the Crown Proceedings Act 1947 s 38(3).

2 As to the Environment Agency see PARA 68 et seq.

3 Environment Act 1995 s 115(3).

4 Environment Act 1995 s 115(4).

5 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

6 For these purposes, 'Crown premises' means premises held or used by or on behalf of the Crown: Environment Act 1995 s 115(5).

7 Environment Act 1995 s 115(5).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(2) GENERAL PROVISIONS OF THE PUBLIC HEALTH ACT 1936/113. Application of the general provisions of the Public Health Act 1936.

(2) GENERAL PROVISIONS OF THE

113. Application of the general provisions of the Public Health Act 1936.

To provide a framework of general powers to supplement the specific functions contained in the Public Health Act 1936, the Act provides for various administrative and legal powers¹. Certain of those powers have been repealed, replaced or amended in consequence of the reorganisation of local government and through the coming into force of the Environmental Protection Act 1990, but many of the general provisions of the Public Health Act 1936 remain in force. The general provisions apply not only to the rest of the Act but also apply in full or in part² to various other enactments³.

1 See the Public Health Act 1936 Pt XII (ss 275-347); and PARA 114 et seq.

2 In certain cases, the provisions of the Public Health Act 1936 Pt XII are applied as a whole; and, in others, specific provisions only are applied. In some instances the application extends only to part of the applying Act.

3 See eg the Prevention of Damage by Pests Act 1949 s 10 (see PARA 872), applying to Pt I (ss 1-12) (see PARAS 864, 872 et seq) the provisions of the Public Health Act 1936 ss 284-286 (s 286 repealed); the Public Health Act 1961 s 1(4), applying the Public Health Act 1936 ss 275, 283, 284, 285, 288, 304, 305, 341, 343 in relation to the Public Health Act 1961 Pt IV (ss 45-54) and Pt VI (ss 73-81) as if those Parts were contained in the Public Health Act 1936; the Public Health Act 1961 s 1(1) (amended by the Health and Safety at Work etc Act 1974 s 76(2)), which provides that the Public Health Act 1961 Pt II (ss 17-37) is to be construed as one with the Public Health Act 1936 Pt II (ss 33-90); the Control of Pollution Act 1974 s 70(2) (see PARA 821), under which the Secretary of State may make regulations as to appeals under Pt III (ss 57-74) (see PARA 819 et seq), whether to the Secretary of State or to a magistrates' court, and the regulations may include provisions comparable to those in the Public Health Act 1936 s 290 (see PARA 125 et seq); and the Clean Air Act 1993 s 62 (amended by the Statute Law (Repeals) Act 1993), under which the Public Health Act 1936 ss 275, 276, 278, 283, 284, 285, 289, 291, 293, 294 have effect in relation to the provisions of the Clean Air Act 1993 (apart from Pt IV (ss 30-33) and Pt V (ss 34-40)) as if those provisions were provisions of the Public Health Act 1936.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(2) GENERAL PROVISIONS OF THE PUBLIC HEALTH ACT 1936/114. Entry of premises.

114. Entry of premises.

Any authorised officer¹ of a council has a right² to enter any premises³ at all reasonable hours:

- 51 (1) for the purpose of ascertaining whether there is or has been, on or in connection with the premises, any contravention of the provisions of the Public Health Act 1936 or of any byelaws or building regulations made under it, being provisions which it is the council's duty to enforce⁴;
- 52 (2) for the purpose of ascertaining whether or not circumstances exist which would authorise or require the council to take any action, or execute any work, under the Act or any such byelaws or building regulations⁵;
- 53 (3) for the purpose of taking any action, or executing any work, authorised or required by the Act or any such byelaws or building regulations, or any order made under the Act, to be taken or executed by the council⁶; and
- 54 (4) generally for the purpose of the performance by the council of its functions under the Act or any such byelaws or building regulations⁷.

The officer thus has power to enter premises adjoining those on which work is to be done⁸.

If it is shown to the satisfaction of a justice of the peace on sworn information in writing that admission to any premises has been refused, or refusal is apprehended, or the premises are unoccupied or the occupier is temporarily absent, or the case is one of urgency, or an application for admission would defeat the object of the entry⁹, and there is, in each case, reasonable ground for entry into the premises¹⁰, he may grant a warrant authorising the council by any authorised officer to enter the premises, if need be by force¹¹.

If any person who in compliance with these provisions is admitted into a factory or workplace discloses to any person any information which he obtained there with regard to any manufacturing process or trade secret he is, unless the disclosure was made in the performance of his duty, liable to a penalty¹².

Local authorities have powers to enter and survey land in connection with a proposal to acquire land or rights over it compulsorily¹³.

1 'Authorised officer' means, as respects any council, an officer of the council authorised by it in writing, either generally or specially, to act in matters of any specified kind, or in any specified matter: Public Health Act 1936 s 343(1). As to the appointment of local authority staff and proper officers see the Local Government Act 1972 s 112, s 270(3); and **LOCAL GOVERNMENT** vol 69 (2009) PARAS 425, 431.

2 le on producing, if so required, some duly authenticated document showing his authority: Public Health Act 1936 s 287(1).

3 As to the meaning of 'premises' see PARA 1 note 34. Admission to premises not being a factory or workplace may not be demanded as of right unless 24 hours' notice of the intended entry has been given to the occupier: Public Health Act 1936 s 287(1) proviso (amended by the Statute Law (Repeals) Act 1993). A letter expressing an intention to proceed under the Public Health Act 1936 s 290(6) (see PARA 127) is not such notice in relation to an entry three and a half months later: *Stroud v Bradbury* [1952] 2 All ER 76, DC. The authorised officer may take with him such other persons as may be necessary: Public Health Act 1936 s 287(3). 'Factory' means a factory within the meaning of the Factories Act 1961 (see **HEALTH AND SAFETY AT WORK** vol 52 (2009) PARA 318): Public Health Act 1936 s 343(1) (definition amended by the Statute Law (Repeals) Act 1993). 'Workplace' does not include a factory, but save as aforesaid includes any place in which persons are employed

otherwise than in domestic service: Public Health Act 1936 s 343(1) (definition amended by the Statute Law (Repeals) Act 1993).

4 Public Health Act 1936 s 287(1)(a) (amended by the Public Health Act 1961 Sch 1 Pt III). As to building regulations see **BUILDING**. The power applies also to byelaws as to hairdressers and barbers under the Public Health Act 1961 s 77 (see s 77(2); and PARA 979), and to the powers to remove obstructions from private sewers in the Local Government (Miscellaneous Provisions) Act 1976 s 35 (see s 35(7); and PARAS 1076-1077). An authorised officer leaving any unoccupied premises which he has entered by virtue of a warrant must leave them as effectually secured against trespassers as he found them: Public Health Act 1936 s 287(3).

Under the similar provisions of the Public Health Act 1875 s 102 (repealed), it was held that this did not authorise an authority to enter private premises without first requesting permission of the occupier: *Consett UDC v Crawford* [1903] 2 KB 183, DC.

The Public Health Act 1936 s 287 has effect in relation to the Clean Air Act 1993 by virtue of s 56(1) with certain modifications (see PARA 244).

5 Public Health Act 1936 s 287(1)(b) (amended by the Public Health Act 1961 Sch 1 Pt III). See also note 4. Although head (1) in the text might confine the right of entry to premises on which a nuisance is alleged to exist, head (2) in the text is in much wider terms and gives a right of entry to any premises: *Senior v Twelves* (1958) 56 LGR 239, DC.

6 Public Health Act 1936 s 287(1)(c) (amended by the Public Health Act 1961 Sch 1 Pt III). See also note 4.

7 Public Health Act 1936 s 287(1)(d) (amended by the Public Health Act 1961 Sch 1 Pt III). See also note 4.

8 *Senior v Twelves* (1958) 56 LGR 239, DC. See also note 5.

9 Public Health Act 1936 s 287(2)(a).

10 Public Health Act 1936 s 287(2)(b). The mere fact that a power to enter and inspect premises exists is not a reasonable ground for entry: *Vines v Governors of North London Collegiate and Camden Schools for Girls* (1899) 63 JP 244, DC. Where entry is sought to ascertain whether a nuisance exists, the justice does not decide the existence of the nuisance, but whether there is reasonable ground for suspecting it; and he may receive evidence as to the facts: *Wimbledon UDC v Hastings* (1902) 87 LT 118, DC.

11 Public Health Act 1936 s 287(2). A warrant must not be issued unless the justice is satisfied either that notice of the intention to apply for a warrant has been given to the occupier, or that the premises are unoccupied, or that the occupier is temporarily absent, or that the case is one of urgency, or that the giving of such notice would defeat the object of the entry: s 287(2) proviso. The warrant continues in force until the purpose for which the entry is necessary has been satisfied: s 287(4).

12 Public Health Act 1936 s 287(5) (amended by the Statute Law (Repeals) Act 1993). The penalty is a fine not exceeding level 3 on the standard scale or a term of imprisonment not exceeding three months: Public Health Act 1936 s 287(5) (amended by virtue of the Criminal Justice Act 1982 ss 38, 46). As to the standard scale see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 142. As to the prosecution of offences see PARA 128.

13 See **COMPULSORY ACQUISITION OF LAND** vol 18 (2009) PARA 501 et seq. As to compulsory acquisition of land by local authorities see also **LOCAL GOVERNMENT** vol 69 (2009) PARA 510 et seq.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(2) GENERAL PROVISIONS OF THE PUBLIC HEALTH ACT 1936/115. Penalty for obstruction.

115. Penalty for obstruction.

A person who wilfully obstructs any person acting in the execution of the Public Health Act 1936¹, or of any byelaw, building regulation, order or warrant made or issued under the Act, in any case for which no other provision is made by the Act, is liable to a penalty².

1 Persons who purport to exercise a right of entry but who enter in a manner not authorised by the statute are not acting in execution of it: *Consett UDC v Crawford* [1903] 2 KB 183, DC. As to the application of the general provisions of the Public Health Act 1936 to certain other Acts see PARA 113.

2 Public Health Act 1936 s 288 (amended by the Public Health Act 1961 Sch 1 Pt III). The penalty is a fine not exceeding level 1 on the standard scale: Public Health Act 1936 s 288 (amended by virtue of the Criminal Justice Act 1982 ss 35, 37, 38, 46). As to the standard scale see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 142. As to the prosecution of offences see PARA 128.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(2) GENERAL PROVISIONS OF THE PUBLIC HEALTH ACT 1936/116. Meaning of 'owner'.

116. Meaning of 'owner'.

Unless the context otherwise requires, 'owner', for the purposes of the Public Health Act 1936¹, means the person for the time being receiving the rackrent² of the premises³ in connection with which the word is used, whether on his own account or as agent or trustee for any other person⁴, or who would so receive it if those premises were let at a rackrent⁵. If the premises are so dedicated to public purposes that by virtue of the common law or statute they cannot be let at a rackrent there is no owner⁶; but the premises must be incapacitated for ever from earning a rackrent, and the fact that a person is disabled from letting them merely by agreement, covenant, deed or trust does not prevent him from being the owner⁷. A person who lets at less than the rackrent is not the owner, but his lessee may be⁸.

1 As to the application of the general provisions of the Public Health Act 1936 to certain other Acts see PARA 113.

2 'Rackrent', in relation to any property, means a rent which is not less than two-thirds of the rent at which the property might reasonably be expected to let from year to year, free from all usual tenant's rates and taxes, and deducting from it the probable average annual cost of repairs, insurance and other expenses, if any, necessary to maintain the property in a state to command such rent: Public Health Act 1936 s 343(1) (definition amended by the Statute Law (Repeals) Act 1993). The rackrent is determined as at the date of the lease, if there is one: *Borthwick-Norton v Collier* [1950] 2 KB 594, [1950] 2 All ER 204, CA; *London Corpn v Cusack-Smith* [1955] AC 337, [1955] 1 All ER 302, HL. In determining the rackrent, regard must be paid to any restrictive covenants in the lease: *Borthwick-Norton v Collier* above. A lease is some evidence of the rackrent, and of ownership: *Wareham and Dale Ltd v Fyffe* (1910) 74 JP 249, DC.

3 As to the meaning of 'premises' see PARA 1 note 34. A person receiving the rackrent of a house which he has let as a whole is not the owner of premises comprising a part of it which has been sublet (*Field & Sons v Southwark London Borough Council* (1907) 96 LT 646), but he is the owner of the whole house, and a mesne tenant who receives rent from sub-tenants of several parts of the house is not, although the total rent so received is more than the rackrent of the whole (*Kensington Borough Council v Allen* [1926] 1 KB 576, DC).

4 See eg *St Helen's Corpn v Kirkham* (1885) 16 QBD 403 (agent); *Re Barney, Harrison v Barney* [1894] 3 Ch D 562 (trustee); *Re Lever, Cordwell v Lever* [1897] 1 Ch 32 (on appeal 76 LT 71, CA) (trustee); *Broadbent v Shepherd* (1900) 83 LT 504, DC (agent); *Watts v Battersea Corpn* [1929] 2 KB 63, CA (solicitor). See also the cases cited in note 7. An agent has been treated as owner even after he resigned the agency: *Broadbent v Shepherd* [1901] 2 KB 274, DC. A receiver appointed by the court is not an owner within the provision (*Bacup Corpn v Smith* (1890) 44 ChD 395; *Hackett v Smith* [1917] 2 IR 508); nor is a secretary who merely receives cheques and pays them into the landlord's bank account (*Bottomley v Harrison* [1952] 1 All ER 368, DC). The principal is owner as well as his agent who receives the rackrent (*Lyon v Greenhow* (1892) 8 TLR 457); but see note 5. Payment of rent by the tenant with the owner's bank account does not normally constitute the owner's bank the owner's agent: *Midland Bank Ltd v Conway Borough Council* [1965] 2 All ER 972, [1965] 1 WLR 1165, DC.

5 Public Health Act 1936 s 343(1). A person who receives the rackrent de facto, in place of another who is entitled, is the owner: *Peek v Waterloo and Seaforth Local Board of Health* (1863) 2 H & C 709. It seems that there may be more than one owner in relation to the same premises: see *London Corpn v Cusack-Smith* [1955] AC 337 at 353, [1955] 1 All ER 302 at 309-310, HL, per Lord Porter, at 358-359 and 313 per Lord Reid, and at 348 and 306 per Lord Oaksey (dissenting). See also *Lyon v Greenhow* (1892) 8 TLR 457; and contrast *Walford v Hackney Board of Works* (1894) 43 WR 110, DC. A mortgagee in possession is an owner (*Tottenham Local Board v Williamson* (1893) 62 LJQB 322; *Maguire v Leigh-on-Sea UDC* (1906) 70 JP 479; and see *Blackburn Corpn v Micklethwait* (1886) 54 LT 539), as is a lessee under a building lease at a ground rent or peppercorn rent (*Poplar Board of Works v Love* (1874) 29 LT 915; *St Helen's Corpn v Riley* (1883) 47 JP 471), but a builder under a building agreement who as yet has no interest in the land is not (*Lady Holland v Kensington Vestry* (1867) LR 2 CP 565; *Driscoll v Battersea London Borough Council* [1903] 1 KB 881, DC). See also *Plumstead District Board of Works v Ecclesiastical Comrs for England* [1891] 2 QB 361, DC (land no longer vested in commissioner); and see

the cases cited in notes 3-4, 6-8. It was held in *Walford v Hackney Board of Works* above that a mesne tenant who receives the rackrent from a sub-tenant and pays the same rent over to the landlord is not an owner (sed quaere). A person remains an owner after notice to treat for compulsory purchase has been served on him: *Barnet v Metropolitan Board of Works* (1882) 46 LT 384, DC. The vendor, as the person entitled to grant a lease and to receive the rent in the first place, remains owner until completion of the conveyance where there is a purchase by instalment payments under which the purchaser is entitled (as between vendor and purchaser) to the rents and profits in advance of such completion: *Ebor Land and Development Co Ltd v Benefield* (1969) 68 LGR 237, DC. See also *Courtney-Southan v Crawley UDC* [1967] 2 QB 930, [1967] 2 All ER 246, DC, where it was held that the husband of the fee simple owner was not the owner although allowed to control their joint business, as it could not be inferred that the fee simple owner would have appointed him as her rent collector if she had let the land.

6 *Angell v Paddington Vestry* (1868) LR 3 QB 714 (church); *Plumstead Board of Works v British Land Co* (1875) LR 10 QB 203, Ex Ch (highway); *Great Eastern Rly Co v Hackney Board of Works* (1883) 8 App Cas 687 at 693, HL, per Lord Watson, and at 701-702 per Lord Fitzgerald; *Wright v Ingle* (1885) 16 QBD 379 at 402, CA, per Bowen LJ, and at 392-394 per Esher MR: *River Thames Conservators v Port of London Port Sanitary Authority* [1894] 1 QB 647, DC (river bed); *London County Council v Wandsworth London Borough Council* [1903] 1 KB 797, CA (common); *Macey v James* (1917) 86 LJB 1257, DC (highway). Contrast the cases cited in note 7; and see *Williams v Wandsworth Board of Works* (1884) 13 QBD 211, DC; *St Giles, Camberwell, Vestry v London Cemetery Co* [1894] 1 QB 699, DC; *Hackney Corpn v Lee Conservancy Board* [1904] 2 KB 541, CA (premises or land lettable in each case); *R v Lee* (1878) 4 QBD 75 (incumbent of church). See, however, *Folkestone Corpn v Woodward* (1872) LR 15 Eq 159 (perpetual curate 'owner' of church); *Re Christchurch Inclosure Act, Meyrick v A-G* [1894] 3 Ch 209 (inclosed common; statutory incapacity); *Hampstead Corpn v Midland Rly Co* [1905] 1 KB 538, CA (statutory incapacity). These last two cases, however, may be distinguished on the ground that the land was not dedicated to the public. See also note 7.

A person is not liable as owner of land owned and occupied for the purposes of the Crown: *Hornsey UDC v Hennell* [1902] 2 KB 73, DC. See further PARA 108. As to the extension of the doctrine to visiting forces see PARA 108.

7 *Bowditch v Wakefield Local Board* (1871) LR 6 QB 567 (school trustees); *Pound v Plumstead Board of Works* (1871) LR 7 QB 183 (private roads); *Caiger v St Mary, Islington, Vestry* (1881) 50 LJMC 59, DC (chapel trustees); *Williams v Wandsworth Board of Works* (1884) 13 QBD 211, DC (four inch strip of land; covenant to erect fence); *Wright v Ingle* (1885) 16 QBD 379, CA (chapel trustees); *Hornsey Local Board v Brewis* (1890) 60 LJMC 48, DC (chapel trustees); *St Mary, Islington, Vestry v Cobbett* [1895] 1 QB 369, DC (covenant; public garden); *Hornsey District Council v Smith* [1897] 1 Ch 843, CA (school trustees); *Herne Bay UDC v Payne and Wood* [1907] 2 KB 130, DC (covenant; public pleasure grounds). The principle has been applied even where the agreement or trust is embodied in a statute: *Re Christchurch Inclosure Act, Meyrick v A-G* [1894] 3 Ch 209; *Hampstead Corpn v Midland Rly Co* [1905] 1 KB 538, CA (strip of land to be fenced etc).

8 *Truman, Hanbury, Buxton & Co v Kerslake* [1894] 2 QB 774, DC; *Nalder v Ilford Corpn* [1951] 1 KB 822, [1950] 2 All ER 903; *London Corpn v Cusack-Smith* [1955] AC 337, [1955] 1 All ER 302, HL. See also *Poplar Board of Works v Love* (1874) 29 LT 915; *St Helen's Corpn v Riley* (1883) 47 JP 471.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(2) GENERAL PROVISIONS OF THE PUBLIC HEALTH ACT 1936/117. Execution of work on behalf of owners or occupiers.

117. Execution of work on behalf of owners or occupiers.

A local authority¹ may, by agreement with the owner² or occupier of any premises³, itself execute at his expense any work which it has required him to execute under the Public Health Act 1936⁴, or any work in connection with the construction, laying, alteration or repair of a sewer⁵ or drain⁶ which he is entitled to execute, and for that purpose the authority has all such rights as he would have⁷.

1 As to the meaning of 'local authority' see PARA 99.

2 As to the meaning of 'owner' see PARA 116.

3 As to the meaning of 'premises' see PARA 1 note 34.

4 As to the application of the general provisions of the Public Health Act 1936 to certain other Acts see PARA 113.

5 As to the meaning of 'sewer' see PARA 998.

6 As to the meaning of 'drain' see PARA 998.

7 Public Health Act 1936 s 275 (amended by the Water Act 1945 Sch 4).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(2) GENERAL PROVISIONS OF THE PUBLIC HEALTH ACT 1936/118. Sale of materials.

118. Sale of materials.

A local authority¹ may sell any materials which it has removed from any premises², including any street³, when executing works under, or otherwise carrying into effect the provisions of, the Public Health Act 1936⁴, and which are not before the expiration of three days from the date of their removal claimed by the owner and taken away by him⁵. The proceeds of sale must be paid to the person to whom the materials belonged after deducting any expenses recoverable from him⁶.

1 As to the meaning of 'local authority' see PARA 99.

2 As to the meaning of 'premises' see PARA 1 note 34.

3 'Street' includes any highway, including a highway over a bridge, and any road, lane, footway, square, court, alley or passage, whether a thoroughfare or not: Public Health Act 1936 s 343(1).

4 As to the application of the general provisions of the Public Health Act 1936 to certain other Acts see PARA 113.

5 Public Health Act 1936 s 276(1). Section 276 does not apply to refuse removed by a local authority: s 276(3). See *Goodacre v Wealdon District Council* [2003] EWHC 3432 (QB), [2003] All ER (D) 320 (Dec) (authority owes owner a duty of care to look after removed goods of value properly).

6 Public Health Act 1936 s 276(2).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(2) GENERAL PROVISIONS OF THE PUBLIC HEALTH ACT 1936/119. Authentication of documents.

119. Authentication of documents.

All notices, orders, consents, demands and other documents authorised or required by or under the Public Health Act 1936¹ to be given, made or issued by a council, and all notices and applications authorised or required by or under the Act to be given or made to, or to any officer of, a council must be in writing². Any such document which is given, made or issued by a council may be signed on its behalf by the proper officer of the council appointed for that purpose³.

¹ As to the application of the general provisions of the Public Health Act 1936 to certain other Acts see PARA 113.

² Public Health Act 1936 s 283(1). The requirement under s 283(1) is mandatory and not directory: *Epping Forest District Council v Essex Rendering Ltd* [1983] 1 All ER 359, [1983] 1 WLR 158, HL. 'Writing' includes typing, printing, lithography, photography and other modes of representing or reproducing words in a visible form: Interpretation Act 1978 s 5, Sch 1. The Secretary of State may by regulations prescribe the form of any notice, advertisement, certificate or other document to be used for any of the purposes of the Public Health Act 1936 and, if forms are so prescribed, those forms or forms to the like effect may be used in all cases to which those forms are applicable: s 283(2). At the date at which this volume states the law no such regulations had been made. As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

³ See the Public Health Act 1936 s 284(1); and the Local Government Act 1972 s 234(1). As to the meaning of 'proper officer' see **LOCAL GOVERNMENT** vol 69 (2009) PARA 431.

Any document purporting to bear the signature of the proper officer of the authority is deemed, until the contrary is proved, to have been duly given, made or issued by the authority of the local authority: see the Public Health Act 1936 s 284(2); and the Local Government Act 1972 s 234(2). 'Signature' includes a facsimile of a signature by whatever process reproduced: see the Public Health Act 1936 s 284(2); and the Local Government Act 1972 s 234(2). See *Albon v Railtrack plc* [1998] EHLR 83, DC (notice signed on behalf of Assistant Chief Environmental Health Officer was valid). For decisions under previous legislation as to the requirements for signature see *Tennant v LCC* (1957) 121 JP 428, CA, where a prescribed form provided for the landlord's signature but it was held that the signature of his authorised agent was good, thus following the common law rule that a signature by an authorised agent is a good signature by the principal. See also *R v Kent Justices* (1873) LR 8 QB 305 at 307 per Blackburn J; *France v Dutton* [1891] 2 QB 208 (signature by a clerk to an officer suffices); *LCC v Vitamins Ltd* [1955] 2 QB 218, [1955] 2 All ER 229, CA (authorised official may sign by agent without the agent indicating that he is an agent, the personal signature of the authorised officer not being required); *R v Gateshead Justices, ex p Tesco Stores Ltd* [1981] QB 470 at 479, [1981] 1 All ER 1027 at 1034, DC, per Donaldson LJ (authorisation of others to apply facsimile signature).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(2) GENERAL PROVISIONS OF THE PUBLIC HEALTH ACT 1936/120. Service of documents.

120. Service of documents.

In any case for which no other provision is made¹, any notice, order, consent, demand or other document² required or authorised to be given to or served on any person³ under the Public Health Act 1936⁴ may be given or served:

- 55 (1) by delivering it to that person⁵; or
- 56 (2) by leaving it or sending it in a prepaid letter⁶ addressed to him⁷ at his usual or last known residence⁸; or
- 57 (3) in the case of an incorporated company or body (other than a local authority⁹), by delivering it to its secretary or clerk at its registered or principal office or by sending it in a prepaid letter addressed to him at that office¹⁰; or
- 58 (4) if he is served as being the owner¹¹ of premises¹² by virtue of the fact that he receives or would receive¹³ the rackrent as agent for another, by leaving it or sending it in a prepaid letter addressed to him at his place of business¹⁴; or
- 59 (5) in the case of a document to be given to or served on the owner or occupier of any premises, if it is not practicable after reasonable inquiry to ascertain the name and address of that person, or if the premises are unoccupied, by addressing it to the person concerned by the description of 'owner' or 'occupier' of the premises, naming them, and delivering it to some person on the premises or, if there is no such person to whom it can be delivered, by affixing it or a copy of it to some conspicuous part of the premises¹⁵.

1 le by the Public Health Act 1936.

The Local Government Act 1972 s 233 provides an additional code of provisions for the service of notices by local authorities. The provisions of the local government code are substantially the same as those under the Public Health Act 1936, except that: (1) the provisions of the Local Government Act 1972 s 233 do not apply to notice in court proceedings (see s 233(9)); (2) those provisions do not permit service on owners of premises by service on an agent receiving the rackrent; and (3) special provision is made for partnership addresses (see s 233(3)), and for specified addresses for service (see s 233(4)). See further **LOCAL GOVERNMENT** vol 69 (2009) PARA 576. The local government code applies to documents required to be served by or on behalf of the chairman of a parish meeting: see s 233(8). As to the service of notices on local authorities and their officers see the Local Government Act 1972 s 231; and **LOCAL GOVERNMENT** vol 69 (2009) PARA 576.

The Control of Pollution Act 1974 s 95 makes provision for the service of notice on or by water undertakers and sewerage undertakers under that Act, the provisions being substantially the same as those in the Local Government Act 1972 s 233: see PARA 133 note 6. As to water undertakers see **WATER AND WATERWAYS** vol 100 (2009) PARA 134 et seq; and as to sewerage undertakers see PARA 999.

2 This provision has been held not to include a summons: see *R v Wilson, ex p Battersea London Borough Council* [1948] 1 KB 43, [1947] 2 All ER 569, DC.

3 'Person' includes a body of persons, corporate or unincorporate: Interpretation Act 1978 s 5, Sch 1.

4 As to the other Acts to which the Public Health Act 1936 s 285 applies see PARA 113.

5 Public Health Act 1936 s 285(a).

6 Public Health Act 1936 s 285(b). Unless the contrary is proved, service is deemed to be effected at the time at which the letter would be delivered in the ordinary course of post: see the Interpretation Act 1978 s 7; and **STATUTES** vol 44(1) (Reissue) PARA 1388. An affidavit of service must state that the letter was prepaid: *Walthamstow UDC v Henwood* [1897] 1 Ch 41.

7 If the address is on the outside, its omission in the body of the document seems to be immaterial: see *Linforth v Butler* [1899] 1 QB 116, DC.

8 Public Health Act 1936 s 285(c). The meaning of 'residence' in a statute depends upon the purpose of the enactment: *Blackwell v England* (1857) 8 E & B 541; *Kidderminster Case*, *Powell v Guest* (1864) 18 CBNS 72. Under the Public Health Acts (see PARA 2 note 1), business premises may be a residence: *Mason v Bibby* (1964) 2 H & C 881, DC; *Newport Corp v Lang* (1892) 57 JP 199, DC. Service there under those Acts is good although it would not be good service at a place of abode under what is now the Magistrates' Courts Rules 1981, SI 1981/552, r 99(1) (see **CRIMINAL LAW, EVIDENCE AND PROCEDURE** vol 11(2) (2006 Reissue) PARA 914; **MAGISTRATES** vol 29(2) (Reissue) PARA 690): *R v Braithwaite* [1918] 2 KB 319, CA; *R v Hastings Justices, ex p Mitchell* (1925) 89 JP Jo 86, DC; and see *Morecambe and Heysham Corp v Warwick* (1958) 56 LGR 283, DC, where a place of business was held to be a place of abode. It seems that an individual may have more than one residence: *Walcot v Botfield* (1854) Kay 534; *R v Exeter Corp, Wescomb's Case* (1868) LR 4 QB 110.

9 As to service on local authorities see the Local Government Act 1972 s 231; and **LOCAL GOVERNMENT** vol 69 (2009) PARA 578. As to the meaning of 'local authority' see PARA 99.

10 Public Health Act 1936 s 285(d). A mere misnomer is not necessarily fatal to the validity of a notice; as a general principle, the question is what a reasonable man reading it would understand it to mean: *Malkins Bank Estates Ltd v Kirkham* (1966) 64 LGR 361 at 366, DC, per Lord Parker of Waddington CJ, adopting the dictum of Devlin LJ in *Davies v Elsby Bros Ltd* [1960] 3 All ER 672 at 676, [1961] 1 WLR 170 at 176, CA.

11 As to the meaning of 'owner' see PARA 116.

12 As to the meaning of 'premises' see PARA 1 note 34.

13 Ie if the premises were let at a rackrent. As to the meaning of 'rackrent' see PARA 116 note 2.

14 Public Health Act 1936 s 285(e).

15 Public Health Act 1936 s 285(f). To prove good service in this case it is necessary to adduce evidence of reasonable inquiry: *R v Mead* [1898] 1 QB 110, DC.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(2) GENERAL PROVISIONS OF THE PUBLIC HEALTH ACT 1936/121. Compensation for damage.

121. Compensation for damage.

A local authority¹ must make full compensation to any person² who has sustained damage by reason of the exercise by the authority³ of any of its powers under the Public Health Act 1936⁴ in relation to a matter as to which he has not himself been in default⁵. However, no person may claim compensation by virtue of these provisions on the ground that he has sustained damage by reason of any action of a local authority in respect of which the local authority is authorised, by the Public Health Act 1936, to pay compensation if it thinks fit⁶.

Any dispute as to the fact of damage, or as to the amount of compensation, must be determined by arbitration⁷, but if the claim does not exceed a certain amount⁸ all questions as to the fact of damage, liability to pay compensation and the amount of compensation may, on the application of either party, be determined by, and any compensation awarded may be recovered before, a magistrates' court⁹. Proceedings may not be brought in respect of matters authorised by the Public Health Act 1936 for which compensation may be awarded¹⁰.

The damage¹¹ in respect of which compensation is payable under the Public Health Act 1936 must be such as would have been actionable but for the authority of that Act¹². It must arise from the execution of the works, and not merely from their use after construction¹³, and must arise from the execution of the powers under that Act and not under other statutory or common law powers¹⁴. In addition to the rights to compensation under the Public Health Act 1936 there are rights to compensation where the value of an interest in land is depreciated by physical factors caused by the use of public works in the exercise of statutory powers¹⁵. Furthermore, the damage must be the result of a lawful exercise of the statutory powers; when it arises from something done by the local authority which it is not authorised to do, the remedy is by legal proceedings and not by a claim for compensation¹⁶. The damage sustained need not be damage to land or an interest in land, but it includes other species of damage¹⁷; it may include damage for a temporary obstruction of access¹⁸ and generally includes prospective or future, as well as present, damage¹⁹.

1 As to the meaning of 'local authority' see PARA 99. For the purpose of the Public Health Act 1936 s 278, 'local authority' also includes a county council: Local Government Act 1972 s 180(4), Sch 14 para 20 (amended by the Local Government Act 1985 Sch 17).

2 That person must have been entitled to the property affected at the time of the execution of the works (*Helmore v East Ham Local Board* (1893) Times, 13 December; affd (1894) Times, 8 February, CA), or have the right to claim compensation duly assigned to him (*Dawson v Great Northern and City Rly Co* [1905] 1 KB 260, CA). However, these cases were decided before the Law of Property Act 1925 s 62 (see **DEEDS AND OTHER INSTRUMENTS** vol 13 (2007 Reissue) PARA 236), and it seems that, in so far as a compensation clause arises in respect of an interest in land, a conveyance of the legal estate will include the right to compensation.

3 It is uncertain how far an authority is liable for the acts of its officers upon whom powers are directly conferred by statute etc: see *Ormerod v Rochdale Corpn* (1898) 62 JP 153 (authority liable); *Stanbury v Exeter Corpn* [1905] 2 KB 838, DC (authority not liable). Both these cases concerned acts not in lawful exercise of powers. See further **ADMINISTRATIVE LAW** vol 1(1) (2001 Reissue) PARA 182 et seq.

4 As to the application of the general provisions of the Public Health Act 1936 to certain other Acts see PARA 113.

5 Public Health Act 1936 s 278(1). A person may be in default even though he is unaware of the fact by which he is in default and could not reasonably be expected to discover it: *Hobbs v Winchester Corpn* [1910] 2 KB 471, CA (butcher's unsound meat). Where under a local Act an authority executed work in default of a

person, then, although the Act made that person liable for damage consequent on doing such work, the authority was held liable to compensate him in so far as damage was caused by work in excess of the requirement: *Place v Rawtenstall Corpn* (1916) 86 LJKB 90, CA. See also PARA 898.

6 Public Health Act 1936 s 278(3) (amended by the Water Consolidation (Consequential Provisions) Act 1991 Sch 3 Pt I). As to compensation in respect of sewerage works etc see PARA 1030.

7 Public Health Act 1936 s 278(2). This provision is applied in relation to the provision of bus shelters by the Local Government (Miscellaneous Provisions) Act 1953 s 6(3): see **HIGHWAYS, STREETS AND BRIDGES** vol 21 (2004 Reissue) PARA 563. In an arbitration under the Public Health Act 1936, the reference is, except where otherwise expressly provided, to a single arbitrator appointed by agreement or, in default of agreement, by the Secretary of State: s 303. As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59. The arbitration is governed in general by the Arbitration Act 1996 Pt I (ss 1-84): see s 94; and **ARBITRATION** vol 2 (2008) PARA 1209. As to the arbitration see also *Brierley Hill Local Board v Pearsall* (1884) 9 App Cas 595, HL; *Re Walker and Beckenham, Kent, District Local Board* (1884) 50 LT 207, DC. The arbitrator's finding of fact is conclusive (*Walshaw v Brighouse Corpn* [1899] 2 QB 286, CA), but his award binds only the parties to it (*Tunbridge Wells Local Board v Akroyd* (1880) 5 Ex D 199, CA).

8 le does not exceed £50: see the Public Health Act 1936 s 278(2) proviso.

9 Public Health Act 1936 s 278(2) proviso.

10 *Cessford v Dover Harbour Board* (1898) 42 Sol Jo 451; *Marriage v East Norfolk Rivers Catchment Board* [1950] 1 KB 284, [1949] 2 All ER 1021, CA. As to whether or not compensation is payable under statute see **COMPULSORY ACQUISITION OF LAND** vol 18 (2009) PARA 521. Where an act is not authorised by the statute or is done negligently, the proper remedy is the bringing of legal proceedings: see **ADMINISTRATIVE LAW; COMPULSORY ACQUISITION OF LAND** vol 18 (2009) PARA 501. If powers are exercised for a collateral object and not for the purposes for which they were given, an injunction may be granted instead of taking proceedings for compensation: see **COMPULSORY ACQUISITION OF LAND** vol 18 (2009) PARA 526.

11 As to actionable damage generally see **NUISANCE** vol 78 (2010) PARA 101 et seq; **TORT** vol 97 (2010) PARA 401.

12 *Herring v Metropolitan Board of Works* (1865) 34 LJMC 224, DC (see note 18); *Hall v Bristol Corpn* (1867) LR 2 CP 322; *Rhodes v Airedale Drainage Comrs* (1876) 1 CPD 402, CA; *Burgess v Northwich Local Board* (1880) 6 QBD 264, DC; *Cessford v Dover Harbour Board* (1898) 42 Sol Jo 451; *Lingké v Christchurch Corpn* [1912] 3 KB 595, CA. See also *Horton v Colwyn Bay and Colwyn UDC* [1908] 1 KB 327, CA (where no compensation was allowed for depreciation of land values caused by works on neighbouring land not belonging to the claimant); *Edwards v Minister of Transport* [1964] 2 QB 134, sub nom *Minister of Transport v Edwards* [1964] 1 All ER 483, CA. As to the same principle under the Lands Clauses Acts generally see **COMPULSORY ACQUISITION OF LAND** vol 18 (2009) PARA 501 et seq. Having regard to the Land Compensation Act 1973 s 44(1) (see **COMPULSORY ACQUISITION OF LAND** vol 18 (2009) PARA 811), which confers a right to compensation for works situated on land elsewhere than that taken, the position under the Public Health Act 1936 s 278 may now follow that principle.

13 See *Cessford v Dover Harbour Board* (1898) 42 Sol Jo 451 per Wills J; but see *Durrant v Branksome UDC* [1897] 2 Ch 291 at 305, CA, per Chitty LJ, where it was assumed that compensation would be payable for the damage caused by the silting up of a stream by the discharge sewers. See also the cases cited in note 19. It seems that merely giving a notice of intention to execute work (eg to lay a sewer through private land), acted upon by the claimant, may entitle him to compensation for any loss he may suffer: see *Davis v Witney UDC* (1899) 63 JP 279, CA. However, certain rights to compensation related to the depreciation of the value of an interest in land by physical factors caused by the use of public works are contained in the Land Compensation Act 1973 Pt I (ss 1-19): see **COMPULSORY ACQUISITION OF LAND** vol 18 (2009) PARA 883 et seq.

14 *Burgess v Northwich Local Board* (1880) 6 QBD 264, DC; *Roberts v Falmouth Sanitary Authority* (1888) 52 JP 741, DC.

15 See the Land Compensation Act 1973 Pt I. As to compensation in respect of physical factors caused by the use of public works see **COMPULSORY ACQUISITION OF LAND** vol 18 (2009) PARA 883 et seq.

16 *R v Darlington Local Board of Health* (1865) 6 B & S 562, Ex Ch; *Cessford v Dover Harbour Board* (1898) 42 Sol Jo 451. See also the cases cited in note 14.

17 Eg seizure of meat as unsound: *Walshaw v Brighouse Corpn* [1899] 2 QB 286, CA. It has been held that full compensation includes costs in defending summary proceedings brought by the authority: *Re Bater and Birkenhead Corpn* [1893] 2 QB 77, CA; *Walshaw v Brighouse Corpn* above (questioned in *Hobbs v Winchester Corpn* [1910] 2 KB 471, CA); *Huddersfield Corpn v Shaw* (1890) 54 JP 724; but see, to the contrary, *Re Davies and Rhondda UDC* (1899) 80 LT 696. However, where assessed costs have been recovered no further costs may

be recovered in compensation: *Barnett v Eccles Corp*n [1900] 2 QB 423, CA. In an Irish case it was held that compensation cannot be recovered for trade losses caused by publication of reports of proceedings: *Re Smith and Belfast Corp*n [1910] 2 IR 285. As to damage sustained by altering the level of a street when executing paving works see **HIGHWAYS, STREETS AND BRIDGES** vol 21 (2004 Reissue) PARAS 231, 506.

18 *Lingké v Christchurch Corp*n [1912] 3 KB 595, CA; distinguishing, or possibly overruling (see at 605-606 per Fletcher Moulton LJ, and at 612 per Buckley LJ), *Herring v Metropolitan Board of Works* (1865) 19 CBNS 510, DC.

19 *Uttley v Todmorden Local Board of Health* (1874) 44 LJCP 19. See also *President, Councillors and Ratepayers of Colac v Summerfield* [1893] AC 187, PC. See, however, the text and note 13.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(2) GENERAL PROVISIONS OF THE PUBLIC HEALTH ACT 1936/122. Recovery of expenses etc.

122. Recovery of expenses etc.

Any sum which a council is entitled to recover under the Public Health Act 1936¹ for the recovery of which no other provision is made may be recovered as a simple contract debt in any court of competent jurisdiction².

¹ As to the application of the general provisions of the Public Health Act 1936 to certain other Acts see PARA 113.

² Public Health Act 1936 s 293(1) (amended by the Local Government (Miscellaneous Provisions) Act 1976 Sch 2). A judge is not disqualified because he is a ratepayer: see PARA 128 note 1. As to charging and recovering establishment charges see PARA 107; and **LOCAL GOVERNMENT** vol 69 (2009) PARA 583. As to the period of limitation for the recovery of simple contract debts see **LIMITATION PERIODS** vol 68 (2008) PARAS 952, 955 et seq.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(2) GENERAL PROVISIONS OF THE PUBLIC HEALTH ACT 1936/123. Expenses recoverable from owners or occupiers.

123. Expenses recoverable from owners or occupiers.

Where a local authority¹ has incurred expenses for the repayment of which the owner² of the premises³ in respect of which they were incurred is liable under the Public Health Act 1936⁴ or under any Act repealed by it, or by agreement with the authority, those expenses, together with interest⁵ from the date of service of a demand for the expenses, may be recovered by the authority from the person who is the owner⁶ of the premises at the date when the works are completed or, if he has ceased to be the owner of the premises before the date when a demand for the expenses is served, either from him or from the person who is the owner at the date when the demand is served⁷. An authority may recover as expenses the price paid under a general contract with a builder, if it was made on reasonable terms, even though the work might have been done at a lower price⁸.

As from the date of the completion of the works, the expenses and accrued interest are, until recovered, a charge on the premises and on all estates and interests in them⁹.

The authority may by order declare any such expenses to be payable with interest¹⁰ by instalments, within a period not exceeding 30 years, until the whole amount is paid; and any such instalments and interest, or any part of them, may be recovered from the owner or occupier¹¹ for the time being of the premises in respect of which the expenses were incurred¹².

The liability of a person as owner who proves that he received the rent merely as agent or trustee for some other person, and that he has not, and since the date of the service on him of a demand has not, had in his hands on behalf of that other person sufficient money to discharge the whole demand of the authority, is limited to the total amount of the money which he has or has had in his hands¹³. However, a council which is or would be debarred by these provisions from recovering the whole of its expenses from an agent or trustee may recover the whole or any unpaid balance of them from the person on whose behalf the agent or trustee receives the rent¹⁴.

1 As to the meaning of 'local authority' see PARA 99.

2 As to the meaning of 'owner' see PARA 116.

3 As to the meaning of 'premises' see PARA 1 note 34.

4 As to the application of the general provisions of the Public Health Act 1936 to certain other Acts see PARA 113. See also PARA 871 note 3.

5 The rate of interest is such reasonable rate as the authority may determine: Public Health Act 1936 s 291(3) (amended by the Local Government, Planning and Land Act 1980 Sch 6 para 4).

6 An owner from whom expenses are claimed is not entitled to have other owners of a party wall summoned to bear a share of the expenses: *Debenham v Metropolitan Board of Works* (1880) 6 QBD 112.

7 Public Health Act 1936 s 291(1).

8 *Debenham v Metropolitan Board of Works* (1880) 6 QBD 112. The statute in this case referred to 'all expenses incurred', but it seems that this decision applies to 'expenses reasonably incurred'.

9 Public Health Act 1936 s 291(1). For the purpose of enforcing such a charge, the authority has all the same powers and remedies under the Law of Property Act 1925 as if the authority were a mortgagee by deed having

powers of sale and lease, of accepting surrenders of leases and of appointing a receiver: Public Health Act 1936 s 291(4). As to powers of sale, appointment of a receiver etc see **MORTGAGE** vol 77 (2010) PARA 440 et seq. A sale should be of all interests subject to the charge: *Llantrisant and Llantwit Fardre RDC v Phillips and National Coal Board* (1955) 166 Estates Gazette 596, CA. These provisions do not affect the provisions of the Local Land Charges Act 1975 with respect to local land charges: Public Health Act 1936 s 329 (amended by virtue of the Interpretation Act 1978 s 17(2)). The charge must be registered as a land charge: see the Local Land Charges Act 1975 s 1(1)(a); and **LAND CHARGES** vol 26 (2004 Reissue) PARA 672.

10 As to interest see note 5.

11 If recovered from the occupier, such sums may be deducted by him from the rent of the premises: Public Health Act 1936 s 291(2). An occupier must not be required to pay at any one time any sum in excess of the amount which was due from him on account of rent at, or which has become due from him on account of rent since, the date on which he received a demand from the authority together with a notice requiring him not to pay rent to his landlord without deducting the sum so demanded: s 291(2) proviso.

12 Public Health Act 1936 s 291(2). An order under s 291(2) may be made at any time with respect to any unpaid balance of expenses and accrued interest, but the period for repayment must not extend beyond 30 years from the service of the first demand for the expenses: s 291(2).

13 Public Health Act 1936 s 294.

14 Public Health Act 1936 s 294.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(2) GENERAL PROVISIONS OF THE PUBLIC HEALTH ACT 1936/124. Obstruction of owner by occupier.

124. Obstruction of owner by occupier.

If it appears to a magistrates' court that the occupier of premises¹ prevents the owner² from executing any work which he is by or under the Public Health Act 1936³ required to execute, the court may, on a complaint made by the owner, order the occupier to permit the execution of the work⁴.

1 As to the meaning of 'premises' see PARA 1 note 34.

2 As to the meaning of 'owner' see PARA 116.

3 As to the application of the general provisions of the Public Health Act 1936 to certain other Acts see PARA 113.

4 Public Health Act 1936 s 289.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(2) GENERAL PROVISIONS OF THE PUBLIC HEALTH ACT 1936/125. Notices requiring the execution of works.

125. Notices requiring the execution of works.

Provision is made for appeals against, and the enforcement of, notices given under the Public Health Act 1936¹ requiring the execution of works, which are expressly declared to be notices in relation to which provisions of Part XII of the Public Health Act 1936² apply³. Any such notice must indicate the nature of the works to be executed, and state the time within which they are to be executed⁴.

1 As to the application of the general provisions of the Public Health Act 1936 to certain other Acts see PARA 113.

2 I.e. the Public Health Act 1936 Pt XII (ss 275-347).

3 See the Public Health Act 1936 s 290(1). These provisions apply also to a notice requiring adaptations in a dwelling in a smoke control area: see the Clean Air Act 1993 s 24; and PARA 222.

4 Public Health Act 1936 s 290(2).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(2) GENERAL PROVISIONS OF THE PUBLIC HEALTH ACT 1936/126. Appeal against notice requiring the execution of works.

126. Appeal against notice requiring the execution of works.

A person served with a notice requiring the execution of works¹ may appeal to a magistrates' court on any of the following grounds which are appropriate in the circumstances of the particular case²:

- 60 (1) that the notice or requirement is not justified by the terms of the provision under which it purports to have been given or made³;
- 61 (2) that there has been some informality, defect or error in, or in connection with, the notice⁴;
- 62 (3) that the authority has refused unreasonably to approve the execution of alternative works, or that the works required by the notice to be executed are otherwise unreasonable in character or extent, or are unnecessary⁵;
- 63 (4) that the time within which the works are to be executed is not reasonably sufficient for the purpose⁶;
- 64 (5) that the notice might lawfully have been served on the occupier of the premises⁷ in question instead of on the owner⁸, or on the owner instead of on the occupier, and that it would have been equitable for it to have been so served⁹;
- 65 (6) where the work is work for the common benefit of the premises in question and other premises, that some other person, being the owner or occupier of premises to be benefited, ought to contribute towards the expenses of executing any works required¹⁰.

On the hearing of the appeal the court may make such order as it thinks fit with respect to the person by whom any work is to be executed and the contribution to be made by any other person towards the cost of the work or as to the proportions in which any expenses which may become recoverable by the local authority¹¹ are to be borne by the appellant and such other person¹².

1 As to such notices see PARA 125.

2 Public Health Act 1936 s 290(3).

3 Public Health Act 1936 s 290(3)(a). In the case of an appeal under any of heads (1)-(4) in the text the appellant may serve a copy of the notice of appeal on any other person having an estate or interest in the premises in question: s 290(5).

4 Public Health Act 1936 s 290(3)(b). See also note 3. If and in so far as an appeal is based on this ground, the court must dismiss it if satisfied that the informality, defect or error was not a material one: s 290(4).

5 Public Health Act 1936 s 290(3)(c). See also note 3.

6 Public Health Act 1936 s 290(3)(d). See also note 3. In *Smith v King* (1970) 21 P & CR 560, DC, an appeal against an enforcement notice under town and country planning legislation, it was held that the reasonableness of the period allowed must be tested at the date of the service of the notice, regard being had to the background of the matter.

7 As to the meaning of 'premises' see PARA 1 note 34.

8 As to the meaning of 'owner' see PARA 116.

9 Public Health Act 1936 s 290(3)(e). Where the grounds upon which an appeal is brought include a ground specified under head (5) or head (6) in the text, the appellant must serve a copy of the notice of appeal on each other person referred to: s 290(5).

10 Public Health Act 1936 s 290(3)(f). See also note 9.

11 As to the meaning of 'local authority' see PARA 99.

12 Public Health Act 1936 s 290(5). In exercising its powers the court must have regard, as between an owner and an occupier, to the terms and conditions, whether contractual or statutory, of the tenancy and to the nature of the works required (s 290(5)(a)) and, in any case, to the degree of benefit to be derived by the different persons concerned (s 290(5)(b)).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(2) GENERAL PROVISIONS OF THE PUBLIC HEALTH ACT 1936/127. Penalty for and effect of failure to execute works.

127. Penalty for and effect of failure to execute works.

Subject to the right of appeal against a notice requiring the execution of works¹, if the person required by such a notice to execute works fails to do so within the time limited by the notice, he is liable to a penalty², and, after conviction, to a penalty³ for each day the default continues⁴.

In the event of such a failure the local authority⁵ may itself execute the works and recover from the person in default the expenses reasonably incurred by it in so doing⁶.

1 See PARAS 125-126.

2 The penalty is a fine not exceeding level 4 on the standard scale: Public Health Act 1936 s 290(6) (amended by virtue of the Criminal Justice Act 1982 s 46). As to the standard scale see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 142.

3 The penalty is a fine not exceeding £2 for each day: Public Health Act 1936 s 290(6) (amended by virtue of the Decimal Currency Act 1969 s 10(1)).

4 Public Health Act 1936 s 290(6) (as amended: see notes 2, 3). The magistrate may inquire into the validity of the notice, even though an appeal lies against it (*Fulham Vestry v Solomon* [1896] 1 QB 198, DC; distinguishing *St James and St John, Clerkenwell, Vestry v Feary* (1890) 24 QBD 703, DC), but he has no jurisdiction, where there has been a failure to comply with a notice, to reverse the authority's decision that works are necessary (*St John's, Hackney, Vestry v Hutton* [1897] 1 QB 210, DC). As to the prosecution of offences see PARA 128.

5 As to the meaning of 'local authority' see PARA 99.

6 See the Public Health Act 1936 s 290(6). In proceedings by the local authority against the person served with the notice for the recovery of any expenses which the authority is entitled to recover from him, it is not open to him to raise any question which he could have raised on appeal under s 290: s 290(7). As to the recovery of expenses by a local authority see PARAS 122-123. A claim of overcharging by the authority under s 290 can be brought in the county court under the County Courts Act 1984: *Agodzo v Bristol City Council* [1999] 1 WLR 1971, [1999] All ER (D) 556, CA.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(2) GENERAL PROVISIONS OF THE PUBLIC HEALTH ACT 1936/128. Prosecution of offences.

128. Prosecution of offences.

All offences under the Public Health Act 1936 may be prosecuted under the Magistrates' Courts Act 1980¹.

Where provision is made by or under the Public Health Act 1936 for the imposition of a daily penalty in respect of a continuing offence, the court by which a person is convicted of the original offence may fix a reasonable period from the date of conviction for compliance by the defendant with any directions given by the court and, where a court has fixed such a period, the daily penalty is not recoverable in respect of any day before the expiration of that period².

Proceedings in respect of an offence created by or under the Public Health Act 1936 must not be taken by any person other than a party aggrieved³, or by a council or other body whose function it is to enforce the provisions or byelaws in question, or by whom or by whose predecessors the byelaw in question was made, without the written consent⁴ of the Attorney General⁵. In certain circumstances a local authority⁶ may prosecute or defend or appear in legal proceedings and may institute civil proceedings in its own name⁷. It may also make representations in its own name in the interests of the inhabitants at certain public inquiries⁸.

1 Public Health Act 1936 s 296 (amended by virtue of the Interpretation Act 1978 s 17(2)(a)). The information must be laid within six months from the time when the offence was committed: Magistrates' Courts Act 1980 s 127(1). Documents may be served in accordance with the Public Health Act 1936 s 285: see PARA 120. As to the application of the general provisions of the Public Health Act 1936 to certain other Acts see PARA 113. A judge of any court or justice of the peace is not disqualified from acting in cases arising under the Public Health Act 1936 by reason only of his being, as one of several ratepayers or as one of any other class of persons, liable in common with the others to contribute to, or to be benefited by, any rate or fund out of which any expenses of a council are to be defrayed: s 304.

2 Public Health Act 1936 s 297. A continuing penalty may be imposed even where the information is for the original offence only: *James v Wyvill* (1884) 51 LT 237, DC.

3 As to the meaning of 'aggrieved' see PARA 130 note 2; and **ADMINISTRATIVE LAW** vol 1(1) (2001 Reissue) PARA 66.

4 A police constable may not prosecute without such consent: see *Dodd v Pearson* [1911] 2 KB 383, DC; and note 7.

5 Public Health Act 1936 s 298. See further **MAGISTRATES** vol 29(2) (Reissue) PARA 683. As to the Attorney General see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 536. As to proof of the consent of the Attorney General, which is a matter of procedure, as distinct from the merits of a case, see **CRIMINAL LAW, EVIDENCE AND PROCEDURE** vol 11(3) (2006 Reissue) PARA 1469. It appears that the consent need not be in writing and does not require great particularity: see *R v Cain*, *R v Schollick* [1976] QB 496, [1975] 2 All ER 900, CA.

6 As to the meaning of 'local authority' see PARA 99.

7 See the Local Government Act 1972 ss 222, 223; and **LOCAL GOVERNMENT** vol 69 (2009) PARA 573. A member or officer of a local authority may be authorised by that authority to prosecute or defend on its behalf: see **LOCAL GOVERNMENT** vol 69 (2009) PARA 573. A police officer is not an officer of a local authority and so cannot be thus authorised: *Kyle v Barbor* (1888) 58 LT 229, DC; *Oberst v Coombs* (1955) 53 LGR 316, DC. Authority must be given before the proceedings are instituted: *Bowyer, Philpott and Payne Ltd v Mather* [1919] 1 KB 419, DC. As to proof of resolutions, appointments of officers, and authority to act see **LOCAL GOVERNMENT** vol 69 (2009) PARAS 575, 625.

8 As to public inquiries see PARA 63.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(2) GENERAL PROVISIONS OF THE PUBLIC HEALTH ACT 1936/129. Appeals and applications to magistrates' courts.

129. Appeals and applications to magistrates' courts.

Where the Public Health Act 1936¹ provides for any matter to be determined by, or an application in respect of any matter to be made to, a magistrates' court, or for an appeal to a magistrates' court against a requirement, refusal or other decision of a council², the procedure is by way of complaint for an order, and the Magistrates' Courts Act 1980 applies to the proceedings³.

The time within which any such appeal may be brought is 21 days from the date of service of notice of the council's requirement, refusal or other decision upon the person desiring to appeal, and for this purpose the making of the complaint is deemed to be the bringing of the appeal⁴.

Where upon an appeal a court varies or reverses any decision of a council, it is the council's duty to give effect to the order of the court and, in particular, to grant or issue any necessary consent, certificate or other document, and to make any necessary entry in any register⁵.

¹ As to the application of the general provisions of the Public Health Act 1936 to certain other Acts see PARA 113.

² See PARA 99. See also PARA 1 note 14.

³ Public Health Act 1936 s 300(1); Interpretation Act 1978 s 17(2)(a). As to appeals to the Crown Court see PARA 130.

⁴ Public Health Act 1936 s 300(2). It appears that this limitation does not apply to an application or reference which is not an appeal: see *Nalder v Ilford Corpn* [1951] 1 KB 822, [1950] 2 All ER 903. In a case where an appeal lies, the document notifying to the person concerned the council's decision in the matter must state the right of appeal and the time within which it may be brought: Public Health Act 1936 s 300(3). An application for extension of time is not an appeal, therefore a notice need not state the right to make such application: *Nalder v Ilford Corpn*. If an appeal against a notice has been entered, the local authority has no power to withdraw the notice without the landowner's consent: *R v Cannock Justices, ex p Astbury* (1972) 70 LGR 609, 224 Estates Gazette 1037, DC.

⁵ Public Health Act 1936 s 302.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(2) GENERAL PROVISIONS OF THE PUBLIC HEALTH ACT 1936/130. Appeals to the Crown Court.

130. Appeals to the Crown Court.

Where a person¹ aggrieved² by any order, determination or other decision of a magistrates' court under the Public Health Act 1936³ is not authorised to appeal to the Crown Court by any other enactment, he may appeal to the Crown Court⁴, although this does not confer such a right of appeal if each of the parties concerned might under that Act have required that the dispute should be determined by arbitration instead of by a magistrates' court⁵.

1 A local authority is a person for this purpose: *R v Surrey Quarter Sessions, ex p Lilley* [1951] 2 KB 749, [1951] 2 All ER 659, DC; *R v Nottingham Quarter Sessions, ex p Harlow* [1952] 2 QB 601, [1952] 2 All ER 78, DC. As to the meaning of 'person' see PARA 120 note 3.

2 A person ordered to pay costs is a person aggrieved for the purpose of this provision (*R v Lancaster Quarter Sessions, ex p Huyton-with-Roby UDC* [1955] 1 QB 52, sub nom *R v Lancashire Quarter Sessions, ex p Huyton-with-Roby UDC* [1954] 3 All ER 225, DC), and so is a local authority upon which is imposed a legal burden which would have been discharged if the magistrates' decision had not been made (*R v Nottingham Quarter Sessions, ex p Harlow* [1952] 2 QB 601, [1952] 2 All ER 78, DC), but not a local authority upon which no such burden is placed and against which no costs are awarded (*Ealing Corp v Jones* [1959] 1 QB 384, [1959] 1 All ER 286, DC). A prosecutor may not appeal, as a person aggrieved, against an acquittal: *R v Middlesex Justices* (1881) 45 JP 420, DC; *R v London County Keepers of the Peace and Justices* (1890) 25 QBD 357, DC; *R v Wright, ex p Bradford Corp* (1907) 72 JP 23, DC. A person aggrieved must suffer some legal grievance: see *Robinson v Currey* (1881) 7 QBD 465 at 470-471, CA, per Bramwell LJ, and at 475 per Lush LJ. See also *Drapers' Co v Hadder* (1892) 57 JP 200, DC. A person cannot be aggrieved by an act which he has sanctioned: *Harrup v Bayley* (1856) 6 E & B 218. As to the interest which may make a party aggrieved see *Garrett v Middlesex Justices* (1884) 12 QBD 620, DC (mortgagee); *Ross v Taylerson* (1898) 62 JP 181, DC (association of traders). See further **ADMINISTRATIVE LAW** vol 1(1) (2001 Reissue) PARA 66.

3 As to the application of the general provisions of the Public Health Act 1936 to certain other Acts see PARA 113.

4 Public Health Act 1936 s 301 (amended by the Courts Act 1971 Sch 9 Pt I). As to the effect of the decision of a court on an appeal see PARA 129. As to appeals to the Crown Court generally see **COURTS** vol 10 (Reissue) PARAS 628, 629; **CRIMINAL LAW, EVIDENCE AND PROCEDURE** vol 11(4) (2006 Reissue) PARA 1980 et seq.

5 Public Health Act 1936 s 301 proviso. It should be noted that this applies only if each of the parties has a right to go to arbitration. As to appeals under the Public Health Acts Amendment Act 1907 to the Crown Court see s 7(1) (amended by the Courts Act 1971 Sch 9 Pt I; and SI 1971/1292). As to appeals to a Divisional Court by case stated see **MAGISTRATES** vol 29(2) (Reissue) PARA 885 et seq.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(3) GENERAL PROVISIONS OF THE CONTROL OF POLLUTION ACT 1974/131. In general.

(3) GENERAL PROVISIONS OF THE

131. In general.

Certain provisions of the Control of Pollution Act 1974 have been repealed¹, but provisions relating to noise control² and the general provisions of the Act remain in force³.

1 The repealed provisions of the Control of Pollution Act 1974 mainly related to waste. As to waste see PARA 620 et seq.

The Control of Pollution Act 1974 has effect in its application to the Isles of Scilly with such modifications as the Secretary of State may by order specify, and he may by order vary or revoke any order previously made in pursuance of this provision: s 107. At the date at which this volume states the law no such order had been made. As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59. The Control of Pollution Act 1974 (except for ss 101, 109) does not extend to Northern Ireland: s 109(3) (amended by the Clean Air Act 1993 Sch 6; and the Statute Law (Repeals) Act 2004).

2 See PARA 819 et seq.

3 See PARA 132 et seq.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(3) GENERAL PROVISIONS OF THE CONTROL OF POLLUTION ACT 1974/132. Entry and inspection.

132. Entry and inspection.

Any person authorised in writing in that behalf by a relevant authority¹ may at any reasonable time, after producing, if so required, evidence of his authority², enter³ upon any land⁴ or vessel⁵ for the purpose of: (1) performing any function conferred on the authority or that person by virtue of the Control of Pollution Act 1974⁷; or (2) determining whether, and if so in what manner, such a function ought to be performed⁸; or (3) determining whether any provision of that Act or of an instrument made by virtue of that Act is being complied with⁹. Any person so authorised may also at any reasonable time carry out such inspections, measurements and tests on the land or vessel or of any articles on it and take away such samples of the land or articles as he considers appropriate for such a purpose¹⁰.

If it is shown to the satisfaction of a justice of the peace on sworn information in writing: (a) that admission to any land or vessel which a person is so entitled to enter has been refused to that person or that refusal is apprehended or that the land or vessel is unoccupied or that the occupier is temporarily absent or that the case is one of emergency¹¹ or that an application for admission would defeat the object of the entry¹²; and (b) that there is reasonable ground for entry upon the land or vessel for the purpose for which entry is required¹³, then, subject to certain stipulations¹⁴, the justice may by warrant under his hand authorise that person to enter the land or vessel, if need be by force¹⁵.

A person who wilfully obstructs another person acting in the exercise of any powers conferred on the other person by virtue of these provisions¹⁶ is guilty of an offence and liable on summary conviction to a penalty¹⁷.

1 As to the meaning of 'relevant authority' see PARA 107 note 3. It is the duty of a relevant authority to make full compensation to any person who has sustained damage by reason of the exercise by a person authorised by it of any powers conferred on the authorised person by virtue of the Control of Pollution Act 1974 s 91 or s 92 (s 92(5)(a)), or the failure of a person so authorised to perform the duty imposed on him by s 92(4) (see note 3) (s 92(5)(b)), except where the damage is attributable to the default of the person who sustained it (s 92(5)). Any dispute as to a person's entitlement to such compensation or as to its amount is to be determined by arbitration: s 92(5).

2 Control of Pollution Act 1974 s 92(1).

3 A person so authorised may take with him onto the land or vessel in question such other persons and such equipment as may be necessary: Control of Pollution Act 1974 s 92(2). Admission to any land or vessel used for residential purposes and admission with heavy equipment to any other land or vessel may not, except in an emergency or where the land or vessel is unoccupied, be demanded as of right in pursuance of s 91(1) unless a notice of the intended entry has been served on the occupier not less than seven days before the demand: s 92(3). A person who, in the exercise of powers conferred on him by s 91 or s 92, enters upon any land or vessel which is unoccupied or from which the occupier is temporarily absent must leave it as effectually secured against trespassers as he found it: s 92(4). 'Notice' means notice in writing: s 105(1).

4 'Land' includes messuages, tenements and hereditaments, houses and buildings of any tenure: Interpretation Act 1978 Sch 1, Sch 2 para 5(b).

5 'Vessel' includes a hovercraft within the meaning of the Hovercraft Act 1968 (see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 381): Control of Pollution Act 1974 s 105(1).

6 Control of Pollution Act 1974 s 91(1).

7 Control of Pollution Act 1974 s 91(1)(a)(i).

8 Control of Pollution Act 1974 s 91(1)(a)(ii).

9 Control of Pollution Act 1974 s 91(1)(a)(iii).

10 Control of Pollution Act 1974 s 91(1)(b).

11 In the Control of Pollution Act 1974 ss 91, 92, any reference to an emergency is a reference to a case where a person requiring entry to any land or vessel has reasonable cause to believe that circumstances exist which are likely to endanger life or health and that immediate entry to the land or vessel is necessary to verify the existence of those circumstances or to ascertain their cause or to effect a remedy: s 92(7).

12 Control of Pollution Act 1974 s 91(2)(a).

13 Control of Pollution Act 1974 s 91(2)(b).

14 A justice of the peace may not issue a warrant in pursuance of these powers in respect of any land or vessel unless he is satisfied: (1) that admission to the land or vessel was sought after not less than seven days' notice of the intended entry had been served on the occupier (Control of Pollution Act 1974 s 91(3)(a)); or (2) that admission to the land or vessel was sought in an emergency and was refused by or on behalf of the occupier (s 91(3)(b)); or (3) that the land or vessel is unoccupied (s 91(3)(c)); or (4) that an application for admission to the land or vessel would defeat the object of the entry (s 91(3)(d)).

15 Control of Pollution Act 1974 s 91(2). Such a warrant continues in force until the purpose for which the entry is required has been satisfied: s 91(4).

16 In the Control of Pollution Act 1974 s 91 or s 92.

17 Control of Pollution Act 1974 s 92(6). The penalty is a fine not exceeding level 3 on the standard scale: s 92(6) (amended by virtue of the Criminal Justice Act 1982 ss 38, 46). As to the standard scale see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 142.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(3) GENERAL PROVISIONS OF THE CONTROL OF POLLUTION ACT 1974/133. Obtaining information.

133. Obtaining information.

A relevant authority¹ may serve on any person² a notice³ requiring him to furnish to the authority, within a period or at times specified in the notice and in a form so specified⁴, any information so specified which the authority reasonably considers that it needs for the purposes of any function⁵ conferred on it by the Control of Pollution Act 1974⁶. A person who fails without reasonable excuse to comply with the requirements of such a notice⁷ or who, in furnishing the information in compliance with it, makes a statement knowing it to be false or misleading in a material particular or recklessly makes such a statement which is false in a material particular⁸, is guilty of an offence⁹ and liable to a penalty¹⁰.

1 As to the meaning of 'relevant authority' see PARA 107 note 3.

2 As to the meaning of 'person' see PARA 120 note 3.

3 As to the meaning of 'notice' see PARA 132 note 3.

4 Provision may be made by regulations for determining the form in which the information is to be required: Control of Pollution Act 1974 s 93(2). At the date at which this volume states the law no such regulations had been made. 'Regulations' means regulations made by the Secretary of State: s 105(1). As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

5 'Functions' includes powers and duties: Control of Pollution Act 1974 s 98(1).

6 Control of Pollution Act 1974 s 93(1). Provision may be made by regulations for restricting the information which may be required in pursuance of s 93(1): s 93(2). At the date at which this volume states the law no such regulations had been made. As to service of documents on and by water undertakers and sewerage undertakers under the Control of Pollution Act 1974 see the Water Act 1989 s 187; applied by the Control of Pollution Act 1974 s 95 (substituted by the Water Act 1989 Sch 25 para 48). As to water undertakers see **WATER AND WATERWAYS** vol 100 (2009) PARA 134 et seq; and as to sewerage undertakers see PARA 999.

7 Control of Pollution Act 1974 s 93(3)(a) (s 93(3) substituted by the Environment Act 1995 Sch 19 para 1).

8 Control of Pollution Act 1974 s 93(3)(b) (as substituted: see note 7).

9 Control of Pollution Act 1974 s 93(3) (as substituted: see note 7).

10 The penalty on summary conviction is a fine not exceeding the statutory maximum and on conviction on indictment is a fine or imprisonment for a term not exceeding two years or both: Control of Pollution Act 1974 s 93(3A)(a), (b) (s 93(3A) added by the Environment Act 1995 Sch 19 para 1). As to the statutory maximum see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 140.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(3) GENERAL PROVISIONS OF THE CONTROL OF POLLUTION ACT 1974/134.

Unauthorised disclosure of trade secrets.

134. Unauthorised disclosure of trade secrets.

If a person¹ discloses information relating to any trade secret used in carrying on a particular undertaking and the information has been given to him or obtained by him by virtue of the Control of Pollution Act 1974, then, subject to certain exceptions², that person is guilty of an offence and liable to a penalty³.

1 As to the meaning of 'person' see PARA 120 note 3.

2 A person is not guilty of an offence by virtue of the disclosure of any information if: (1) the disclosure is made in the performance of his duty, or in pursuance of the power under the Control of Pollution Act 1974 s 79(1)(b) (repealed), or with the consent in writing of a person having a right to disclose the information (s 94(2) (a)); or (2) the information is of a kind prescribed for the purposes of this provision and, if regulations made for those purposes provide that information of that kind may only be disclosed in pursuance of the regulations to prescribed persons, the disclosure is to a prescribed person (s 94(2)(b)). 'Prescribed' means prescribed by regulations: s 105(1). At the date at which this volume states the law no such regulations had been made. As to the meaning of 'regulations' see PARA 133 note 4.

3 Control of Pollution Act 1974 s 94(1). The penalty on summary conviction is a fine not exceeding level 5 on the standard scale: s 94(1) (amended by virtue of the Criminal Justice Act 1982 ss 38, 46). As to the standard scale see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 142. 'Trade secret' is not defined in the Control of Pollution Act 1974. As to trade secrets generally see **CONFIDENCE AND DATA PROTECTION**. As to access to environmental information generally see PARA 55.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(3) GENERAL PROVISIONS OF THE CONTROL OF POLLUTION ACT 1974/135. Legal proceedings.

135. Legal proceedings.

When an offence under the Control of Pollution Act 1974 which has been committed by a body corporate¹ is proved to have been committed with the consent or connivance² of, or to be attributable to any neglect³ on the part of, any director, manager, secretary or other similar officer of the body corporate or any person who was purporting to act in any such capacity, he as well as the body corporate is guilty of that offence and is liable to be proceeded against and punished accordingly⁴. Where the commission by any person of an offence under the Control of Pollution Act 1974 is due to the act or default of some other person, that other person is guilty of the offence⁵.

Where an appeal lies under the Control of Pollution Act 1974 to a magistrates' court against a decision of a relevant authority⁶, it is the authority's duty to include in any document by which it notifies the decision to the person concerned a statement indicating that such an appeal lies⁷.

A judge of any court or a justice of the peace is not disqualified from acting in cases arising out of the Control of Pollution Act 1974 by reason of his being, as one of several ratepayers or as one of any other class of persons, liable in common with the others to contribute to or to be benefited by any rate or fund out of which any expenses of a relevant authority are to be defrayed⁸.

1 As to offences and procedure in relation to corporate bodies see eg **CRIMINAL LAW, EVIDENCE AND PROCEDURE** vol 11(1) (2006 Reissue) PARA 38; **MAGISTRATES** vol 29(2) (Reissue) PARA 666. See also the cases cited in note 3.

2 As to the mental element involved in criminal liability see **CRIMINAL LAW, EVIDENCE AND PROCEDURE** vol 11(1) (2006 Reissue) PARA 8 et seq. As to the relationship of permitting an act to be done to the test of doing so wilfully see also *Lomas v Peek* [1947] 2 All ER 574.

3 As to what constitutes negligence in relation to criminal proceedings see **CRIMINAL LAW, EVIDENCE AND PROCEDURE** vol 11(1) (2006 Reissue) PARA 14. As to the liabilities of directors etc see *Re City Equitable Fire Insurance Co Ltd* [1925] Ch 407, CA; *Tesco Supermarkets Ltd v Natrass* [1972] AC 153, [1971] 2 All ER 127, HL.

4 Control of Pollution Act 1974 s 87(1). As to the liability of corporations for criminal offences see **CRIMINAL LAW, EVIDENCE AND PROCEDURE** vol 11(1) (2006 Reissue) PARA 38. As to vicarious liability see **CRIMINAL LAW, EVIDENCE AND PROCEDURE** vol 11(1) (2006 Reissue) PARAS 60-61, 64; **TORT** vol 97 (2010) PARA 702 et seq. Where the affairs of a body corporate are managed by its members, these provisions apply in relation to the acts and defaults of a member in connection with his functions of management as if he were a director of the body corporate: s 87(1). As to the meaning of 'functions' see PARA 133 note 5.

5 Control of Pollution Act 1974 s 87(2). A person may be charged with and convicted of an offence by virtue of s 87(2) whether or not proceedings for the offence are taken against any other person: s 87(2).

6 As to the meaning of 'relevant authority' see PARA 107 note 3.

7 Control of Pollution Act 1974 s 87(4). The document must also specify the time within which the appeal must be brought: s 87(4). Where on an appeal the court varies or reverses the authority's decision, it is the duty of the authority to act in accordance with the court's decision: s 87(5).

8 Control of Pollution Act 1974 s 87(6).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(3) GENERAL PROVISIONS OF THE CONTROL OF POLLUTION ACT 1974/136.

Appeals to the Crown Court.

136. Appeals to the Crown Court.

An appeal against any decision of a magistrates' court in pursuance of the Control of Pollution Act 1974, other than a decision made in criminal proceedings¹, lies to the Crown Court² at the instance of any party to the proceedings in which the decision was given if such an appeal does not lie to the Crown Court by virtue of any other enactment³.

1 As to the distinction between criminal and civil proceedings see **CRIMINAL LAW, EVIDENCE AND PROCEDURE** vol 11(1) (2006 Reissue) PARA 2; **NUISANCE** vol 78 (2010) PARAS 173, 174.

2 As to the Crown Court see **COURTS** vol 10 (Reissue) PARA 621 et seq; **CRIMINAL LAW, EVIDENCE AND PROCEDURE** vol 11(3) (2006 Reissue) PARA 1052.

3 Control of Pollution Act 1974 s 85(1). Where a person appeals to the Crown Court against a decision of a magistrates' court dismissing an appeal against a notice served in pursuance of that Act which was suspended pending determination of the appeal, the notice must again be suspended pending the determination of the Crown Court appeal: s 85(3). As to appeals to magistrates' courts see PARA 129.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(4) GENERAL PROVISIONS OF THE PUBLIC HEALTH (CONTROL OF DISEASE) ACT 1984/137. Form of notices and other documents.

(4) GENERAL PROVISIONS OF THE

137. Form of notices and other documents.

All notices, orders and other documents authorised or required by or under the Public Health (Control of Disease) Act 1984¹ to be given, made or issued by a local authority², and all notices and applications authorised or required by or under that Act to be given or made to or to any officer³ of a local authority, must be in writing⁴.

The Secretary of State⁵ may by regulations⁶ made by statutory instrument prescribe the form of any notice, certificate or other document to be used for the purposes of the Public Health (Control of Disease) Act 1984, and, if forms are so prescribed, those forms or forms to the like effect may be used in all cases to which those forms are applicable⁷.

1 As to the Public Health (Control of Disease) Act 1984 see also PARAS 102 et seq, 138 et seq, 884 et seq.

2 As to the meaning of 'local authority' see PARA 99.

3 'Officer' includes servant: Public Health (Control of Disease) Act 1984 s 74. In relation to the Inner Temple and the Middle Temple, any reference in a provision of the Public Health (Control of Disease) Act 1984 Pt VI (ss 57-79) to an officer or authorised officer of a local authority is a reference to an officer authorised by the Sub-Treasurer or the Under Treasurer, as the case may be, to act for the purposes of that provision: Public Health (Control of Disease) Act 1984 s 75.

4 Public Health (Control of Disease) Act 1984 s 58(1). As from a day to be appointed, s 58 is to be read subject to any provision made in regulations under s 60A: see s 60A(5); and PARA 139.

5 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

6 As to regulations made under these provisions see the Public Health (Infectious Diseases) Regulations 1988, SI 1988/1546, reg 7, Sch 2; and PARA 893 et seq.

7 Public Health (Control of Disease) Act 1984 s 58(2).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(4) GENERAL PROVISIONS OF THE PUBLIC HEALTH (CONTROL OF DISEASE) ACT 1984/138. Authentication of documents.

138. Authentication of documents.

Any notice, order or other document which a local authority¹ is authorised or required by or under the Public Health (Control of Disease) Act 1984 to give, make or issue may be signed on behalf of the authority²: (1) by the proper officer³ of the authority as respects documents relating to matters within his province⁴; or (2) by any officer⁵ of the authority authorised by it in writing to sign documents of the particular kind or, as the case may be, the particular document⁶.

Any document purporting to bear the signature⁷ of an officer:

- 66 (a) expressed to hold an office by virtue of which he is empowered to sign such a document under these provisions⁸; or
- 67 (b) expressed to be duly authorised by the local authority to sign such a document or the particular document⁹,

is deemed, for the purposes of the Public Health (Control of Disease) Act 1984 and of any byelaws and orders made under it, until the contrary is proved, to have been duly given, made or issued by authority of the local authority¹⁰.

1 As to the meaning of 'local authority' see PARA 99.

2 Public Health (Control of Disease) Act 1984 s 59(1). As from a day to be appointed, in s 59(1) and s 59(2), the references to 'local authority' are changed to references to 'relevant health protection authority': s 59(1), (2) (prospectively amended by the Health and Social Care Act 2008 Sch 11 paras 1, 14(a)). At the date at which this volume states the law no such day had been appointed. See note 6.

3 As to the meaning of 'proper officer' see PARA 889 note 3.

4 Public Health (Control of Disease) Act 1984 s 59(1)(a). See note 6.

5 As to the meaning of 'officer' see PARA 137 note 3.

6 Public Health (Control of Disease) Act 1984 s 59(1)(b). As from a day to be appointed, s 59 is to be read subject to any provision made in regulations under s 60A: see s 60A(5); and PARA 139.

7 For these purposes, 'signature' includes a facsimile of a signature by whatever process reproduced: Public Health (Control of Disease) Act 1984 s 59(3).

8 Public Health (Control of Disease) Act 1984 s 59(2)(a).

9 Public Health (Control of Disease) Act 1984 s 59(2)(b). See note 2.

10 Public Health (Control of Disease) Act 1984 s 59(2). As from a day to be appointed, in s 59(2), the reference to 'byelaws' is changed to a reference to 'regulations': s 59(2) (prospectively amended by the Health and Social Care Act 2008 Sch 11 paras 1, 14(b)). At the date at which this volume states the law no such day had been appointed. See also note 2.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(4) GENERAL PROVISIONS OF THE PUBLIC HEALTH (CONTROL OF DISEASE) ACT 1984/139. Service of notice and other documents.

139. Service of notice and other documents.

Any notice, order or other document which is required or authorised by or under the Public Health (Control of Disease) Act 1984 to be given to or served on any person may, in any case for which no other provision is made by that Act, be given or served either¹:

- 68 (1) by delivering it to that person²; or
- 69 (2) in the case of a coroner or the proper officer³ of a local authority⁴, by leaving it or sending it in a prepaid letter addressed to him, at either his residence or his office, and, in the case of any other officer⁵ of a local authority, by leaving it, or sending it in a prepaid letter addressed to him, at his office⁶; or
- 70 (3) in the case of any other person, by leaving it, or sending it in a prepaid letter addressed to him, at his usual or last known residence⁷; or
- 71 (4) in the case of an incorporated company or body, by delivering it to its secretary or clerk at its registered or principal office, or by sending it in a prepaid letter addressed to him at that office⁸; or
- 72 (5) in the case of a document to be given to or served on a person as being the owner⁹ of any premises¹⁰ by virtue of the fact that he receives the rackrent¹¹ of the premises as agent for another, or would so receive it if the premises were let at a rackrent, by leaving it, or sending it in a prepaid letter addressed to him, at his place of business¹²; or
- 73 (6) in the case of a document to be given to or served on the owner or the occupier of any premises, if it is not practicable after reasonable inquiry to ascertain the name and address of the person to or on whom it ought to be given or served, or if the premises are unoccupied, by addressing it to the person concerned by the description of 'owner' or 'occupier' of the premises (naming them) to which it relates, and delivering it to some person on the premises, or, if there is no person on the premises to whom it can be delivered, by affixing it, or a copy of it, to some conspicuous part of the premises¹³.

As from a day to be appointed¹⁴, the appropriate Minister¹⁵ may by regulations make provision enabling notices, orders and other documents¹⁶ specified in the regulations to be given or served by an electronic communication¹⁷. Such provision must however secure that the notices, orders and other documents specified in the regulations may only be so given or served if (a) the person to whom they are to be given or on whom they are to be served has consented in writing to the receipt of notices, orders and other documents by an electronic communication; and (b) the communication is sent to the number or address specified by that person when giving consent¹⁸. The power to make such regulations¹⁹ is exercisable by statutory instrument²⁰.

1 Public Health (Control of Disease) Act 1984 s 60(1). As from a day to be appointed, the reference to no other provision being made by that Act is changed to a reference to no other provision being made by or under that Act: s 60(1) (prospectively amended by the Health and Social Care Act 2008 Sch 11 paras 1, 15). At the date at which this volume states the law no such day had been appointed. As from a day to be appointed, the Public Health (Control of Disease) Act 1984 s 60 is to be read subject to any provision made in regulations under s 60A: see s 60A(5); and note 15.

2 Public Health (Control of Disease) Act 1984 s 60(1)(a).

3 As to the meaning of 'proper officer' see PARA 889 note 3.

4 As to the meaning of 'local authority' see PARA 99.

5 As to the meaning of 'officer' see PARA 137 note 3.

6 Public Health (Control of Disease) Act 1984 s 60(1)(b).

7 Public Health (Control of Disease) Act 1984 s 60(1)(c).

8 Public Health (Control of Disease) Act 1984 s 60(1)(d).

9 As to the meaning of 'owner' see PARA 889 note 5.

10 As to the meaning of 'premises' see PARA 1 note 34.

11 As to the meaning of 'rackrent' see PARA 889 note 5.

12 Public Health (Control of Disease) Act 1984 s 60(1)(e).

13 Public Health (Control of Disease) Act 1984 s 60(1)(f).

14 The Public Health (Control of Disease) Act 1984 s 60A is to be brought fully into force by an order under the Health and Social Care Act 2008 s 170(3). At the date at which this volume states the law 21 July 2008 had been appointed but only for the purposes of conferring power to make subordinate legislation.

As to regulations made under the Public Health (Control of Disease) Act 1984 s 60A see the Health Protection (Notification) Regulations 2010, SI 2010/659.

15 For these purposes, 'appropriate Minister' means (1) the Secretary of State, in relation to England; (2) the Welsh Ministers, in relation to Wales: Public Health (Control of Disease) Act 1984 s 60A(6) (s 60A added by the Health and Social Care Act 2008 Sch 11 paras 1, 16) (not yet in force). See note 14. As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

The Public Health (Control of Disease) Act 1984 ss 58-60 (see the text and notes 1-13; and PARAS 137, 138) are to be read subject to any provision made in regulations under s 60A: s 60A(5) (as so added) (not yet in force).

16 For these purposes, 'notices, orders and other documents' means notices, orders and other documents authorised or required by or under the Public Health (Control of Disease) Act 1984 to be given or served: s 60A(6) (as added: see note 15) (not yet in force). See note 14.

17 Public Health (Control of Disease) Act 1984 s 60A(1) (as added: see note 15) (not yet in force). See note 14. For these purposes, 'electronic communication' has the same meaning as in the Electronic Communications Act 2000 (see **TELECOMMUNICATIONS AND BROADCASTING** vol 45(1) (2005 Reissue) PARA 616): Public Health (Control of Disease) Act 1984 s 60A(6) (as so added) (not yet in force).

18 Public Health (Control of Disease) Act 1984 s 60A(2) (as added: see note 15) (not yet in force). See note 14.

19 Ie under the Public Health (Control of Disease) Act 1984 s 60A.

20 Public Health (Control of Disease) Act 1984 s 60A(3) (as added: see note 15) (not yet in force). See note 14. An instrument containing any such regulations is subject to annulment (1) in the case of regulations made by the Secretary of State, in pursuance of a resolution of either House of Parliament; (2) in the case of regulations made by the Welsh Ministers, in pursuance of a resolution of the National Assembly for Wales: s 60A(4) (as so added) (not yet in force).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(4) GENERAL PROVISIONS OF THE PUBLIC HEALTH (CONTROL OF DISEASE) ACT 1984/140. Power to enter premises.

140. Power to enter premises.

Any authorised officer¹ of a local authority², on producing, if so required, some duly authenticated document showing his authority, has a right to enter any premises³ at all reasonable hours⁴:

- 74 (1) for the purpose of ascertaining whether there is, or has been, on or in connection with the premises, any contravention of a relevant provision of the Public Health (Control of Disease) Act 1984⁵, or of byelaws made under it, which it is the duty of the local authority to enforce⁶;
- 75 (2) for the purpose of ascertaining whether or not circumstances exist which would authorise or require the local authority to take any action, or execute any work, under such a provision or such byelaws⁷;
- 76 (3) for the purpose of taking any action, or executing any work, authorised or required by such a provision or such byelaws, or by any order made under such a provision, to be taken, or executed, by the local authority⁸; or
- 77 (4) generally, for the purpose of the performance by the local authority of its functions⁹ under such a provision or such byelaws¹⁰.

Admission to any premises, other than a factory¹¹ or workplace, may not be demanded as of right unless 24 hours' notice of the intended entry has been given to the occupier¹². If it is shown to the satisfaction of a justice of the peace on sworn information in writing: (a) that admission to any premises has been refused, or that refusal is apprehended, or that the premises are unoccupied or the occupier is temporarily absent, or that the case is one of urgency, or that an application for admission would defeat the object of the entry¹³; and (b) that there is reasonable ground for entry into the premises for any such purpose as is mentioned in heads (1) to (4) above¹⁴, the justice may by warrant under his hand authorise the local authority by any authorised officer to enter the premises, if need be by force¹⁵. Such a warrant may not be issued unless the justice is satisfied either that notice of the intention to apply for a warrant has been given to the occupier, or that the premises are unoccupied, or that the occupier is temporarily absent, or that the case is one of urgency, or that the giving of such notice would defeat the object of the entry¹⁶.

If any person who in compliance with these provisions or a warrant issued under them is admitted into a factory or workplace discloses to any person any information obtained by him in the factory or workplace with regard to any manufacturing process or trade secret, he is, unless the disclosure was made in the performance of his duty, liable on summary conviction to a penalty¹⁷.

1 As to the meaning of 'authorised officer' see PARA 137 note 3.

2 As to the meaning of 'local authority' see PARA 99.

3 As to the meaning of 'premises' see PARA 1 note 34.

4 Public Health (Control of Disease) Act 1984 s 61(1). An authorised officer entering any premises by virtue of s 61, or a warrant issued under it, may take with him such other persons as may be necessary, and on leaving any unoccupied premises which he has entered by virtue of such a warrant he must leave them as

effectively secured against trespassers as he found them: s 62(1). Nothing in s 61 or s 62 limits the provisions of Pt II (ss 10-45) (prospectively repealed) (see PARA 884 et seq) and Pt IV (ss 49-53) (see PARA 967 et seq) with respect to entry into or upon, and inspection of, common lodging-houses and canal boats: s 62(4). As to the meaning of 'common lodging house' see PARA 958. As to common lodging houses see PARA 958 et seq. As to canal boats see PARA 967 et seq.

As from a day to be appointed, in s 61(1) the reference to any 'authorised officer of a local authority' is replaced by a reference to any 'proper officer of a relevant health protection authority': s 61(1) (prospectively amended by the Health and Social Care Act 2008 Sch 11 paras 1, 17(1), (2)(a)). Also as from a day to be appointed a new provision is added in regard to the extent of the Public Health (Control of Disease) Act 1984 s 61(1) as follows: Section 61(1) does not authorise entry to any part of premises which is used as a private dwelling (but this does not affect the power of a justice of the peace under s 61(3) to issue a warrant authorising entry to a private dwelling or to any part of premises used as a private dwelling): s 61(2A) (prospectively added by the Health and Social Care Act 2008 Sch 11 paras 1, 17(1), (4)). Also as from a day to be appointed, in the Public Health (Control of Disease) Act 1984 s 62(1) the reference to 'an authorised officer' is replaced by a reference to 'a proper officer ('the officer')' and after the words 'such other person' there is added the words 'and such equipment and materials': s 62(1) (prospectively amended by the Health and Social Care Act 2008 Sch 11 paras 1, 18(1), (2)). Also as from a day to be appointed, a new provision is added to the Public Health (Control of Disease) Act 1984 s 62 as follows: The officer may for the purpose for which entry is authorised (1) search the premises; (2) carry out measurements and tests of the premises or of anything found on them; (3) take and retain samples of the premises or of anything found on them; (4) inspect and take copies or extracts of any documents or records found on the premises; (5) require information stored in an electronic form and accessible from the premises to be produced in a form in which it can be taken away and in which it is visible and legible or from which it can readily be produced in a visible and legible form; and (6) seize and detain or remove anything which the officer reasonably believes to be evidence of any contravention relevant to the purpose for which entry is authorised: s 62(1A) (prospectively added by the Health and Social Care Act 2008 Sch 11 paras 1, 18(1), (3)). Also as from a day to be appointed, the Public Health (Control of Disease) Act 1984 s 62(4) is replaced by a new provision as follows: Nothing in s 61 or s 62 limits the provisions of Pt IIA (ss 45A-45T) and Pt IV, and of regulations made under Pt IIA, with respect to entry into or upon, and inspection of, any premises: s 62(4) (prospectively substituted by the Health and Social Care Act 2008 Sch 11 paras 1, 18(1), (5)). At the date at which this volume states the law no such day had been appointed in regard to amendments to the Public Health (Control of Disease) Act 1984 but 21 July 2008 had been appointed in regard to the amendments to the Public Health (Control of Disease) Act 1984 s 62(1), (1A), (3), (4) but only for the purposes of conferring power to make subordinate legislation.

5 le a provision of the Public Health (Control of Disease) Act 1984 other than s 46 (see PARA 900; and **CREMATION AND BURIAL** vol 10 (Reissue) PARA 920): see s 74. As from a day to be appointed, this is changed to referring to a provision of the 1984 Act (including a provision in regulations made under that Act) other than s 46: see s 74 (prospectively amended by the Health and Social Care Act 2008 Sch 11 paras 1, 29(1), (5)). At the date at which this volume states the law 21 July 2008 had been appointed but only for the purposes of conferring power to make subordinate legislation.

6 Public Health (Control of Disease) Act 1984 s 61(1)(a). Also as from a day to be appointed, this provision is replaced by a new provision as follows: for the purposes of ascertaining whether there is, or has been, any contravention of a relevant provision of this Act, or of an order made by a justice of the peace under Pt IIA (ss 45A-45T), which it is the function of the relevant health protection authority to enforce: s 61(1)(a) (prospectively substituted by the Health and Social Care Act 2008 Sch 11 paras 1, 17(1), (2)(b)). At the date at which this volume states the law no such day had been appointed. See also note 4.

7 Public Health (Control of Disease) Act 1984 s 61(1)(b). As from a day to be appointed, in s 61(1)(b)-(d) the references to 'local authority' are replaced by references to 'relevant health protection authority' and the words 'or such byelaws' are replaced by the words 'or in relation to such an order': s 61(1)(b)-(d) (prospectively amended by the Health and Social Care Act 2008 Sch 11 paras 1, 17(1), (2)(c)). At the date at which this volume states the law no such days had been appointed. See note 4.

8 Public Health (Control of Disease) Act 1984 s 61(1)(c). See notes 4, 7.

9 'Functions' includes powers and duties: Public Health (Control of Disease) Act 1984 s 74.

10 Public Health (Control of Disease) Act 1984 s 61(1)(d). See notes 4, 7.

11 As to the meaning of 'factory' see PARA 897 note 9.

12 Public Health (Control of Disease) Act 1984 s 61(2). As from a day to be appointed, the words 'other than a factory or workplace' are removed: s 61(2) (prospectively amended by the Health and Social Care Act 2008 Sch 11 paras 1, 17(1), (3), Sch 15 Pt 3). At the date at which this volume states the law no such day had been appointed.

13 Public Health (Control of Disease) Act 1984 s 61(3)(a).

14 Public Health (Control of Disease) Act 1984 s 61(3)(b).

15 Public Health (Control of Disease) Act 1984 s 61(3). Every warrant issued under s 61 continues in force until the purpose for which the entry is necessary has been satisfied: s 62(2). As from a day to be appointed, in s 61(3) the reference to 'the local authority by any authorised officer' is replaced by a reference to 'the relevant health protection authority by any proper officer': s 61(3) (prospectively amended by the Health and Social Care Act 2008 Sch 11 paras 1, 17(1), (5)). At the date at which this volume states the law no such day had been appointed.

16 Public Health (Control of Disease) Act 1984 s 61(4).

17 Public Health (Control of Disease) Act 1984 s 62(3). The penalty is a fine not exceeding level 3 on the standard scale or imprisonment for a term not exceeding three months: see s 62(3). As to the standard scale see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 142. As from a day to be appointed, s 62(3) is amended so as to refer to a period of 51 weeks instead of a period of three months: see s 62(3) (prospectively amended by the Criminal Justice Act 2003 Sch 26 para 22(1), (4)). At the date at which this volume states the law no such day had been appointed. Also as from a day to be appointed, the Public Health (Control of Disease) Act 1984 s 62(3) is repealed by the Health and Social Care Act 2008 Sch 11 paras 1, 18(1), (4), Sch 15 Pt 3 as from a day appointed under s 170(3). At the date at which this volume states the law 21 July 2008 had been appointed but only for the purposes of conferring power to make subordinate legislation.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(4) GENERAL PROVISIONS OF THE PUBLIC HEALTH (CONTROL OF DISEASE) ACT 1984/141. Penalty for obstructing execution of the Public Health (Control of Disease) Act 1984.

141. Penalty for obstructing execution of the Public Health (Control of Disease) Act 1984.

Any person who wilfully obstructs any person acting in the execution of a relevant provision of the Public Health (Control of Disease) Act 1984¹, or of any byelaw, order or warrant made or issued under it, is liable on summary conviction to a penalty².

1 As to the meaning of 'relevant provision of the Public Health (Control of Disease) Act 1984' see PARA 140 note 5.

2 Public Health (Control of Disease) Act 1984 s 63. The penalty is a fine not exceeding level 1 on the standard scale: see s 63. As to the standard scale see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 142. As from a day to be appointed, this provision is replaced by a new provision entitled 'offence of wilful obstruction'. A person commits an offence if the person wilfully obstructs any person acting in the execution of a provision of Pt III (ss 46-48) (see PARA 900; and **CREMATION AND BURIAL** vol 10 (Reissue) PARA 920), Pt IV (ss 49-53) (see PARA 967 et seq) or Pt VI (ss 57-79), or of any regulations, order or warrant made or issued under such a provision: s 63(1) (s 63 prospectively substituted by the Health and Social Care Act 2008 Sch 11 paras 1, 19). A person guilty of an offence under the Public Health (Control of Disease) Act 1984 s 63(1) is liable on summary conviction (1) in the case of an offence of wilfully obstructing a person in the execution of a provision of Pt IV or of any regulations made under a provision of Pt IV, to a fine not exceeding level 1 on the standard scale; and (2) in any other case, to a fine not exceeding £20,000: s 63(2) (as so prospectively substituted). At the date at which this volume states the law no such day had been appointed.

Also as from a day or days to be appointed, two more provisions relating to offences by bodies corporate and offences by unincorporated associations are added to the Public Health (Control of Disease) Act 1984. If an offence created by or under the 1984 Act is committed by a body corporate and is proved (a) to have been committed with the consent or connivance of an officer; or (b) to be attributable to any neglect on the part of an officer, the officer (as well as the body corporate) is guilty of the offence and liable to be proceeded against and punished accordingly: s 63A(1) (ss 63A, 63B prospectively added by the Health and Social Care Act 2008 Sch 11, paras 1, 20). 'Officer', in relation to a body corporate, means a director, manager, secretary or other similar officer of the body, or a person purporting to act in any such capacity: Public Health (Control of Disease) Act 1984 s 63A(2) (as so prospectively added). If the affairs of a body corporate are managed by its members, s 63A(1) applies to the acts and defaults of a member in connection with the member's functions of management as if the member were a director of the body corporate: s 63A(3) (as so prospectively added). Proceedings for an offence alleged to have been committed by an unincorporated association are to be brought in the name of the association (and not in that of any of the members): s 63B(1) (as so prospectively added). Rules of court relating to the service of documents have effect as if the unincorporated association were a body corporate: s 63B(2) (as so prospectively added). In proceedings for an offence brought against an unincorporated association, the Magistrates' Courts Act 1980 Sch 3 (see **MAGISTRATES** vol 29(2) (Reissue) PARA 666) applies as it applies to a body corporate: Public Health (Control of Disease) Act 1984 s 63B(3) (as so prospectively added). A fine imposed on an unincorporated association on its conviction for an offence is to be paid out of the funds of the association: s 63B(4) (as so prospectively added). If an offence committed by an unincorporated association is proved (i) to have been committed with the consent or connivance of an officer of the association or a member of its governing body; or (ii) to be attributable to any neglect on the part of such an officer or member, the officer or member (as well as the association) is guilty of the offence and liable to be proceeded against and punished accordingly: s 63B(5) (as so prospectively added). In s 63B, 'offence' means an offence created by or under the Public Health (Control of Disease) Act 1984: s 63B(6) (as so prospectively added). At the date at which this volume states the law no such day or days had been appointed.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(4) GENERAL PROVISIONS OF THE PUBLIC HEALTH (CONTROL OF DISEASE) ACT 1984/142. Restriction on right to prosecute.

142. Restriction on right to prosecute.

Proceedings in respect of an offence created by or under the Public Health (Control of Disease) Act 1984 may not, without the written consent of the Attorney General¹, be taken by any person other than a party aggrieved², or a local authority³ or a body whose function⁴ it is to enforce the provision or byelaw in question, or by whom or by whose predecessors the byelaw was made⁵. However, a constable may take proceedings, without the consent of the Attorney General, in respect of an offence against a byelaw made (whether before or after the passing of the Public Health (Control of Disease) Act 1984) by a district council, Welsh county council, county borough council or London borough council, or a body that was the predecessor of such a council⁶.

1 As to the Attorney General see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 536.

2 As to the meaning of 'person aggrieved' see **ADMINISTRATIVE LAW** vol 1(1) (2001 Reissue) PARA 66.

3 As to the meaning of 'local authority' see PARA 99.

4 As to the meaning of 'function' see PARA 140 note 9.

5 Public Health (Control of Disease) Act 1984 s 64(1). This provision is expressed to be subject to s 64(2) (see the text and note 6): see s 64(1).

As from a day to be appointed, this provision is replaced. Proceedings in respect of an offence created by a provision of, or regulations under, the Public Health (Control of Disease) Act 1984 may not be taken by any person other than (1) a relevant health protection authority; (2) a body whose function it is to enforce the provision or regulation in question; or (3) a person who made (or whose predecessors made) the regulation in question: s 64(1) (prospectively substituted by the Health and Social Care Act 2008 Sch 11 paras 1, 21(1), (2)). At the date at which this volume states the law no such day had been appointed.

Also as from a day to be appointed a new provision is added after the Public Health (Control of Disease) Act 1984 s 64 entitled 'time limits for prosecutions'. Notwithstanding anything in the Magistrates' Courts Act 1980 s 127(1) (see **MAGISTRATES** vol 29(2) (Reissue) PARA 589), a magistrates' court may try an information (or written charge) relating to an offence created by or under the Public Health (Control of Disease) Act 1984 if the information is laid (or the charge is issued) (a) before the end of the period of three years beginning with the date of the commission of the offence; and (b) before the end of the period of six months beginning with the date on which evidence which the prosecutor thinks is sufficient to justify the proceedings comes to the prosecutor's knowledge: s 64A(1) (s 64A prospectively added by the Health and Social Care Act 2008 Sch 11 paras 1, 22). For the purposes of head (b) above (i) a certificate signed by or on behalf of the prosecutor and stating the date on which such evidence came to the prosecutor's knowledge is conclusive evidence of that fact; and (ii) a certificate stating that matter and purporting to be so signed is to be treated as so signed unless the contrary is proved: s 64A(2) (as so prospectively added). At the date at which this volume states the law no such day had been appointed.

6 Public Health (Control of Disease) Act 1984 s 64(2) (amended by the Local Government (Wales) Act 1994 Sch 9 para 13(4)). This provision is repealed by the Health and Social Care Act 2008 Sch 11 paras 1, 21(1), (3), Sch 15 Pt 3 as from a day to be appointed under s 170(3). At the date at which this volume states the law no such day had been appointed.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(4) GENERAL PROVISIONS OF THE PUBLIC HEALTH (CONTROL OF DISEASE) ACT 1984/143. Daily penalties for continuing offences.

143. Daily penalties for continuing offences.

Where by or under the Public Health (Control of Disease) Act 1984 provision is made for the imposition of a daily penalty in respect of a continuing offence, the court by which a person is convicted of the original offence may fix a reasonable period from the date of conviction for compliance by the defendant with any directions given by the court¹. Where the court has fixed such a period, the daily penalty is not recoverable in respect of any day before that period expires².

1 Public Health (Control of Disease) Act 1984 s 65.

2 Public Health (Control of Disease) Act 1984 s 65.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(4) GENERAL PROVISIONS OF THE PUBLIC HEALTH (CONTROL OF DISEASE) ACT 1984/144. Applications to and appeals from a magistrates' court.

144. Applications to and appeals from a magistrates' court.

Where the Public Health (Control of Disease) Act 1984 provides for any matter to be determined by, or for an application in respect of a matter to be made to, a magistrates' court, the procedure is by way of complaint for an order¹. Where a person aggrieved² by any order, determination or other decision of a magistrates' court under a relevant provision of the Public Health (Control of Disease) Act 1984³ is not by any other enactment authorised to appeal to the Crown Court, he may appeal to the Crown Court⁴.

1 Public Health (Control of Disease) Act 1984 s 67(1). As from a day to be appointed, after the reference to the 1984 Act there is added a reference to a provision contained in regulations made under the Act: s 67(1) (prospectively amended by the Health and Social Care Act 2008 Sch 11 paras 1, 23(1), (2)). At the date at which this volume states the law 21 July 2008 had been appointed but only for the purposes of conferring power to make subordinate legislation.

A judge of any court or a justice of the peace is not disqualified from acting in cases arising under the Public Health (Control of Disease) Act 1984 by reason only of his being, as one of several ratepayers, or as one of any other class of persons, liable in common with the others to contribute to, or be benefited by, any rate or fund out of which any expenses of a local authority are to be defrayed: s 68. As to the meaning of 'local authority' see PARA 99.

2 As to the meaning of 'person aggrieved' see **ADMINISTRATIVE LAW** vol 1(1) (2001 Reissue) PARA 66.

3 As to the meaning of 'relevant provision of the Public Health (Control of Disease) Act 1984' see PARA 140 note 5.

4 Public Health (Control of Disease) Act 1984 s 67(2). Section 67(2) does not confer a right of appeal from the decision of a magistrates' court in any case if each of the parties concerned might under the Public Health (Control of Disease) Act 1984 have required that the dispute ought to be determined by arbitration instead of by a magistrates' court: s 67(3). Section 67(3) is repealed by the Health and Social Care Act 2008 Sch 11 paras 1, 23(1), (3), Sch 15 Pt 3 as from a day to be appointed under s 170(3). At the date at which this volume states the law 21 July 2008 had been appointed but only for the purposes of conferring power to make subordinate legislation.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(5) GENERAL PROVISIONS OF THE ENVIRONMENTAL PROTECTION ACT 1990/145. Offences by bodies corporate.

(5) GENERAL PROVISIONS OF THE

145. Offences by bodies corporate.

Where an offence under any provision of the Environmental Protection Act 1990¹ committed by a body corporate is proved to have been committed with the consent or connivance of, or to have been attributable to any neglect on the part of, any director, manager, secretary or other similar officer of the body corporate or a person who was purporting to act in any such capacity, he as well as the body corporate is guilty of that offence and liable to be proceeded against and punished accordingly².

1 As to the application of the Environmental Protection Act 1990 to Northern Ireland see s 164(4). As from a day to be appointed, s 164(4) is amended by SI 2002/3153. At the date at which this volume states the law no such day had been appointed.

2 Environmental Protection Act 1990 s 157(1). Where the affairs of a body corporate are managed by its members, s 157(1) applies in relation to the acts or defaults of a member in connection with his functions of management as if he were a director of the body corporate: s 157(2). See *Woodhouse v Walsall Metropolitan Borough Council* [1994] 1 BCLC 435, [1994] Env LR 83, DC (the correct test in determining whether an individual was a 'manager' etc was whether that person was in a position to control and guide the company in terms of policy and strategy).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(5) GENERAL PROVISIONS OF THE ENVIRONMENTAL PROTECTION ACT 1990/146. Offences due to fault of others.

146. Offences due to fault of others.

Where the commission by any person of an offence¹ is due to the act or default of some other person, that other person may be charged with and convicted of the offence by virtue of this provision whether or not proceedings for the offence are taken against the first-mentioned person².

¹ See under the Environmental Protection Act 1990 Pt I (ss 1-28) (prospectively repealed), Pt II (ss 29-78), Pt IV (ss 86-99), Pt VI (ss 106-127), s 140 (see PARAS 789-790), s 141 (see PARA 716), or s 142 (see PARA 791). As to the prospective repeal of the Environmental Protection Act 1990 Pt I see PARA 159 note 2.

² Environmental Protection Act 1990 s 158.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(5) GENERAL PROVISIONS OF THE ENVIRONMENTAL PROTECTION ACT 1990/147. Service of notices and documents.

147. Service of notices and documents.

Any notice required or authorised by or under the Environmental Protection Act 1990 to be served on or given to an inspector may be served or given by delivering it to him or by leaving it at, or sending it by post to, his office¹. Any such notice required or authorised to be served on or given to a person other than an inspector may be served or given by delivering it to him, or by leaving it at his proper address², or by sending it by post to him at that address³. Any such notice may: (1) in the case of a body corporate, be served on or given to the secretary or clerk of that body⁴; (2) in the case of a partnership, be served on or given to a partner or a person having the control or management of the partnership business⁵.

The preceding provisions apply to the sending or giving of a document as they apply to the giving of a notice⁶.

1 Environmental Protection Act 1990 s 160(1). See *AMEC Building Ltd v London Borough of Camden* (1997) 55 Con LR 82, [1997] Env LR 330 (requirement not satisfied through service on the wrong person regardless of whether the correct person subsequently receives the notice).

2 For the purposes of the Environmental Protection Act 1990 s 160 and of the Interpretation Act 1978 s 7 (service of documents by post) (see **STATUTES** vol 44(1) (Reissue) PARA 1388) in its application to the Environmental Protection Act 1990 s 160, the proper address of any person on or to whom any such notice is to be served or given is his last known address, except that: (1) in the case of a body corporate or its secretary or clerk, it is the address of the registered or principal office of that body; (2) in the case of a partnership or person having the control or the management of the partnership business, it is the principal office of the partnership: s 160(4). For the purposes of s 160(4), the principal office of a company registered outside the United Kingdom or of a partnership carrying on business outside the United Kingdom is its principal office within the United Kingdom: s 160(4). As to the meaning of 'United Kingdom' see PARA 1 note 2. If the person to be served with or given any such notice has specified an address in the United Kingdom other than his proper address within the meaning of s 160(4) as the one at which he or someone on his behalf will accept notices of the same description as that notice, that address will also be treated for the purposes of s 160 and the Interpretation Act 1978 s 7 as his proper address: Environmental Protection Act 1990 s 160(5).

In the case of a local authority which is a body corporate, the persons who can be specified as the alternative addressee for any notice are not confined to the secretary or clerk of the local authority: *Hall v Kingston upon Hull City Council*, *Ireland v Birmingham City Council*, *Baker v Birmingham City Council* [1999] 2 All ER 609, DC. As to the meaning of 'local authority' see PARA 99. A limited company can have both a registered office and a principal office, and service can be effected at either address: *Hewlings v McLean Homes East Anglia Ltd* [2001] 2 All ER 281, DC.

3 Environmental Protection Act 1990 s 160(2).

4 Environmental Protection Act 1990 s 160(3)(a). See *Leeds v London Borough of Islington* (1998) 31 HLR 545, [1998] Env LR 655, DC.

5 Environmental Protection Act 1990 s 160(3)(b).

6 Environmental Protection Act 1990 s 160(6). See *Leeds v London Borough of Islington* (1998) 31 HLR 545, [1998] Env LR 655, DC.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(6) GENERAL PROVISIONS OF THE ENVIRONMENT ACT 1995/148. Powers of enforcing authorities and persons authorised by them.

(6) GENERAL PROVISIONS OF THE

148. Powers of enforcing authorities and persons authorised by them.

Under the Environment Act 1995¹, a person who appears suitable to an enforcing authority² may be authorised in writing by that authority to exercise, in accordance with the terms of the authorisation, any of the powers specified in heads (a) to (l) below for the purpose³: (1) of determining whether any provision of the pollution control enactments⁴ in the case of that authority is being, or has been, complied with⁵; (2) of exercising or performing one or more of the pollution control functions⁶ of that authority⁷; or (3) of determining whether and, if so, how such a function ought to be exercised or performed⁸.

A person who appears suitable to the Environment Agency may be authorised in writing by the Agency to exercise, in accordance with the terms of the authorisation, any of the powers specified in heads (a) to (l) below for the purpose of enabling the Agency to carry out any assessment or prepare any report which the Agency is required to carry out or prepare under its general functions with respect to pollution control⁹.

The powers which a person may be authorised to exercise under these provisions¹⁰ are:

- 78 (a) to enter at any reasonable time (or, in an emergency¹¹, at any time and, if need be, by force) any premises¹² which he has reason to believe it is necessary for him to enter¹³;
- 79 (b) on entering any premises by virtue of head (a) above, to take with him: (i) any other person duly authorised by the enforcing authority and, if the authorised person has reasonable cause to apprehend any serious obstruction in the execution of his duty, a constable; and (ii) any equipment or materials required for any purpose for which the power of entry is being exercised¹⁴;
- 80 (c) to make such examination and investigation as may in any circumstances be necessary¹⁵;
- 81 (d) as regards any premises which he has power to enter, to direct that those premises or any part of them, or anything in them, must be left undisturbed (whether generally or in particular respects) for so long as is reasonably necessary for the purpose of any examination or investigation under head (c) above¹⁶;
- 82 (e) to take such measurements and photographs and make such recordings as he considers necessary for the purpose of any examination or investigation under head (c) above¹⁷;
- 83 (f) to take samples, or cause samples to be taken, of any articles or substances found in or on any premises which he has power to enter, and of the air, water or land in, on, or in the vicinity of, the premises¹⁸;
- 84 (g) in the case of any article or substance found in or on any premises which he has power to enter, being an article or substance which appears to him to have caused or to be likely to cause pollution of the environment or harm to human health, to cause it to be dismantled or subjected to any process or test (but not so as to damage or destroy it, unless that is necessary)¹⁹;
- 85 (h) in the case of any such article or substance as is mentioned in head (g) above, to take possession of it and detain it for so long as is necessary for all or any of the following purposes: (i) to examine it, or cause it to be examined, and to do,

- or cause to be done, to it anything which he has power to do under head (g) above; (ii) to ensure that it is not tampered with before examination of it is completed; (iii) to ensure that it is available for use as evidence in any proceedings for an offence under the pollution control enactments in the case of the enforcing authority under whose authorisation he acts or in any other proceedings relating to a variation notice, enforcement notice or prohibition notice under those enactments²⁰;
- 86 (i) to require any person whom he has reasonable cause to believe to be able to give any information relevant to any examination or investigation under head (c) above to answer (in the absence of persons other than a person nominated by that person to be present and any persons whom the authorised person may allow to be present) such questions as the authorised person thinks fit to ask and to sign a declaration of the truth of his answers²¹;
- 87 (j) to require the production of, or where the information is recorded in computerised form, the furnishing of extracts from, any records: (i) which are required to be kept under the pollution control enactments for the enforcing authority under whose authorisation he acts; or (ii) which it is necessary for him to see for the purposes of an examination or investigation under head (c) above, and to inspect and take copies of, or of any entry in, the records²²;
- 88 (k) to require any person to afford him such facilities and assistance with respect to any matters or things within that person's control or in relation to which that person has responsibilities as are necessary to enable the authorised person to exercise any of the powers conferred on him by these provisions²³;
- 89 (l) any other power for a purpose falling within heads (1) to (3) above, or the purpose of enabling the Environment Agency to carry out an assessment²⁴, which is conferred by regulations made by the Secretary of State²⁵.

The powers which by virtue of these provisions²⁶ are conferred in relation to any premises for the purpose of enabling an enforcing authority to determine whether any provision of the pollution control enactments in the case of that authority is being, or has been, complied with include power, in order to obtain the information on which that determination may be made, to carry out experimental borings or other works on those premises and to install, keep or maintain monitoring and other apparatus there²⁷.

Nothing in these provisions²⁸ is to be taken to compel the production by any person of a document of which he would on grounds of legal professional privilege be entitled to withhold production on an order for disclosure in proceedings in the High Court²⁹.

1 As to the application of the Environment Act 1995 to the Isles of Scilly see s 117. As to the application of ss 108-110 to the Isles of Scilly see the Environmental Protection Act 1990 (Isles of Scilly) Order 2006, SI 2006/1381.

2 'Enforcing authority' means the Secretary of State, the Environment Agency, a waste collection authority or a local enforcing authority: Environment Act 1995 s 108(15) (definition amended by the Anti-social Behaviour Act 2003 s 55(6), (7)). 'Waste collection authority' is to be construed in accordance with the Environmental Protection Act 1990 s 30(3)(a), (b), (bb) (see PARA 620): Environment Act 1995 s 108(15) (definition added by the Anti-social Behaviour Act 2003 s 55(6), (9)). 'Local enforcing authority' means: (1) a local enforcing authority, within the meaning of the Environmental Protection Act 1990 Pt I (ss 1-28) (prospectively repealed) (see PARA 159 et seq); (2) a local authority, within the meaning of Pt IIA (ss 78A-78YC) (see PARA 761 et seq), in its capacity as an enforcing authority for the purposes of that Part; (3) a local authority for the purposes of Pt IV (ss 86-99) (see PARA 721 et seq) or regulations under that Part; (4) a local authority for the purposes of regulations under the Pollution Prevention and Control Act 1999 s 2 extending to England and Wales (see PARAS 186-188): Environment Act 1995 s 108(15) (definition amended by SI 2000/1973). As from a day to be appointed, the references in the Environment Act 1995 s 108(15) to the Environmental Protection Act 1990 Pt I (prospectively repealed) are repealed: see the Pollution Prevention and Control Act 1999 s 6(2), Sch 3. At the date at which this volume states the law no such day had been appointed. As to the prospective repeal of the Environmental Protection Act 1990 Pt I see PARA 159 note 2. As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers

see PARA 59. As to the Environment Agency see PARA 68 et seq. As to the meaning of 'local authority' see PARA 99.

3 Environment Act 1995 s 108(1). Certain functions under s 108 are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see **LOCAL GOVERNMENT** vol 69 (2009) PARA 733.

4 'Pollution control enactments', in relation to an enforcing authority, means the enactments and instruments relating to the pollution control functions (see note 6) of that authority: Environment Act 1995 s 108(15).

5 Environment Act 1995 s 108(1)(a).

6 'Pollution control functions', in relation to the Environment Agency, means the functions conferred or imposed on it by or under:

- 33 (1) the Alkali etc Works Regulation Act 1906 (repealed);
- 34 (2) the Health and Safety at Work etc Act 1974 Pt I (ss 1-54) (see **HEALTH AND SAFETY AT WORK**);
- 35 (3) the Control of Pollution Act 1974 Pt I (ss 11-30) (see PARA 620), Pt IA (ss 30Y, 30Z), Pt II (ss 30A-56) (Pts IA, II relate to Scotland);
- 36 (4) the Control of Pollution (Amendment) Act 1989;
- 37 (5) the Environmental Protection Act 1990 Pt I (prospectively repealed), Pt II (ss 29-78), Pt IIA (ss 78A-78YC) (see PARA 761 et seq);
- 38 (6) the Water Industry Act 1991 Pt IV Ch III (ss 118-141) (see PARA 1047 et seq);
- 39 (7) the Water Resources Act 1991 Pt III (ss 82-104), s 161, ss 161A-161D (see PARA 321 et seq);
- 40 (8) the Clean Air Act 1993 s 19 (see PARA 218);
- 41 (9) the Radioactive Substances Act 1993 (see **FUEL AND ENERGY** vol 19(3) (2007 Reissue) PARA 1450);
- 42 (10) regulations made by virtue of the European Communities Act 1972 s 2(2), to the extent that the regulations relate to pollution,

and includes the functions conferred or imposed on, or transferred to, it under the Pollution Prevention and Control Act 1999 s 2 (see PARAS 186-188): Environment Act 1995 s 108(15) (definition amended by SI 2000/1973).

'Pollution control functions', in relation to a local enforcing authority, means the functions conferred or imposed on, or transferred to, that authority:

- 43 (a) by or under the Environmental Protection Act 1990 Pt I (prospectively repealed) or Pt IIA (see PARAS 159 et seq, 761 et seq);
- 44 (b) by or under regulations made by virtue of Pt IV (ss 80-91) (see PARA 192 et seq); or
- 45 (c) by or under regulations made by virtue of the European Communities Act 1972 s 2(2), to the extent that the regulations relate to pollution,

and includes the functions conferred or imposed on, or transferred to, that authority under the Pollution Prevention and Control Act 1999 s 2 (see PARAS 186-188): Environment Act 1995 s 108(15) (definition amended by SI 2000/1973).

'Pollution control functions', in relation to the Secretary of State, means any functions which are conferred or imposed upon him by or under any enactment or instrument and which relate to the control of pollution: Environment Act 1995 s 108(15).

'Pollution control functions', in relation to a waste collection authority, means the functions conferred or imposed on it by or under the Environmental Protection Act 1990 Pt II: Environment Act 1995 s 108(15) (definition added by the Anti-social Behaviour Act 2003 s 55(6), (8); and amended by the Clean Neighbourhoods and Environment Act 2005 s 53).

As to modifications of the definitions of 'pollution control functions' in relation to the Environment Agency and in relation to a local enforcing authority for the purpose of the identification and remediation of radioactive

contaminated land see the Radioactive Contaminated Land (Modification of Enactments) (England) Regulations 2006, SI 2006/1379, reg 18. See further, as to the effect of the Environment Act 1995 s 108, the Bathing Water Regulations 2008, SI 2008/1097, reg 16(4) (in force from 24 March 2012).

7 Environment Act 1995 s 108(1)(b).

8 Environment Act 1995 s 108(1)(c). See generally the Environmental Permitting (England and Wales) Regulations 2007, SI 2007/3538; and PARA 662 et seq.

9 Environment Act 1995 s 108(2). The general functions with respect to pollution control referred to in the text are those under s 5(3) (see PARA 75): see s 108(2). Section 108(2) only applies where the minister who required the assessment to be carried out, or the report to be prepared, has, whether at the time of making the requirement or at any later time, notified the Agency that the assessment or report appears to him to relate to an incident or possible incident involving or having the potential to involve serious pollution of the environment, serious harm to human health, or danger to life or health: s 108(3).

10 le under the Environment Act 1995 s 108(1), (2): see the text and notes 1-9.

11 'Emergency' means a case in which it appears to the authorised person in question: (1) that there is an immediate risk of serious pollution of the environment or serious harm to human health; or (2) that circumstances exist which are likely to endanger life or health, and that immediate entry to any premises is necessary to verify the existence of that risk or those circumstances or to ascertain the cause of that risk or those circumstances or to effect a remedy: Environment Act 1995 s 108(15). 'Authorised person' means a person authorised under s 108(1) or s 108(2) (see the text and notes 1-9): s 108(15).

12 For these purposes, 'premises' includes any land, vehicle, vessel or mobile plant: Environment Act 1995 s 108(15). 'Mobile plant' means plant which is designed to move or to be moved, whether on roads or otherwise: s 108(15).

13 Environment Act 1995 s 108(4)(a). Except in an emergency, in any case where it is proposed to enter any premises used for residential purposes, or to take heavy equipment on to any premises which are to be entered, any entry by virtue of s 108 may only be effected: (1) after the expiration of at least seven days' notice of the proposed entry given to a person who appears to the authorised person in question to be in occupation of the premises in question; and (2) either with the consent of a person who is in occupation of those premises or under the authority of a warrant by virtue of Sch 18 (see PARA 149): s 108(6). Except in an emergency, where an authorised person proposes to enter any premises and entry has been refused and he apprehends on reasonable grounds that the use of force may be necessary to effect entry, or he apprehends on reasonable grounds that entry is likely to be refused and that the use of force may be necessary to effect entry, any entry onto those premises by virtue s 108 may only be effected under the authority of a warrant by virtue of Sch 18 (see PARA 149): s 108(7). In relation to any premises belonging to or used for the purposes of the United Kingdom Atomic Energy Authority, s 108(1)-(4) has effect subject to the Atomic Energy Authority Act 1954 s 6(3) (which restricts entry to such premises where they have been declared to be prohibited places for the purposes of the Official Secrets Act 1911): Environment Act 1995 s 108(8). As to the United Kingdom Atomic Energy Authority see **FUEL AND ENERGY** vol 19(3) (2007 Reissue) PARA 1363 et seq. As to further provisions in relation to powers of entry see PARA 149.

14 Environment Act 1995 s 108(4)(b).

15 Environment Act 1995 s 108(4)(c).

16 Environment Act 1995 s 108(4)(d).

17 Environment Act 1995 s 108(4)(e).

18 Environment Act 1995 s 108(4)(f). The Secretary of State may by regulations make provision as to the procedure to be followed in connection with the taking of, and the dealing with, samples under s 108(4)(f): s 108(9). Any power to make regulations under s 108 is exercisable by statutory instrument; and a statutory instrument containing any such regulations is subject to annulment pursuant to a resolution of either House of Parliament: s 108(16). At the date at which this volume states the law no regulations had been made under s 108(9).

19 Environment Act 1995 s 108(4)(g). Where an authorised person proposes to exercise the power conferred by s 108(4)(g) in the case of an article or substance found on any premises, he must, if so requested by a person who at the time is present on and has responsibilities in relation to those premises, cause anything which is to be done by virtue of that power to be done in the presence of that person: s 108(10). Before exercising the power conferred by s 108(4)(g) in the case of any article or substance, an authorised person must consult such persons having duties on the premises where the article or substance is to be dismantled or subjected to the process or test and such other persons as appear to him appropriate for the purpose of

ascertaining what dangers, if any, there may be in doing anything which he proposes to do or cause to be done under the power: s 108(11).

20 Environment Act 1995 s 108(4)(h).

21 Environment Act 1995 s 108(4)(j). No answer given by a person in pursuance of a requirement imposed under s 108(4)(j) is admissible in evidence in England and Wales against that person in any proceedings: s 108(12).

22 Environment Act 1995 s 108(4)(k).

23 Environment Act 1995 s 108(4)(l).

24 Ie the purposes mentioned in the Environment Act 1995 s 108(2): see the text and note 9.

25 Environment Act 1995 s 108(4)(m).

26 Ie under the Environment Act 1995 s 108(1), (4): see the text and notes 1-8, 10-25.

27 Environment Act 1995 s 108(5).

28 Ie the Environment Act 1995 s 108.

29 Environment Act 1995 s 108(13).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(6) GENERAL PROVISIONS OF THE ENVIRONMENT ACT 1995/149. Further powers in relation to powers of entry.

149. Further powers in relation to powers of entry.

If it is shown to the satisfaction of a justice of the peace on sworn information in writing that there are reasonable grounds for the exercise in relation to any premises¹ of a relevant power² and that one or more of certain conditions³ are fulfilled in relation to those premises, the justice may by warrant authorise an enforcing authority⁴ to designate a person who is to be authorised to exercise the power in relation to those premises⁵, in accordance with the warrant and, if need be, by force⁶. Every warrant under these provisions continues in force until the purposes for which the warrant was issued have been fulfilled⁷.

Information obtained in consequence of the exercise of a relevant power, with or without the consent of any person, is admissible in evidence against that or any other person⁸. Without prejudice to the generality of this provision, information obtained by means of monitoring or other apparatus installed on any premises in the exercise of a relevant power, with or without the consent of any person in occupation of the premises, is admissible in evidence in any proceedings against that or any other person⁹.

Where any person exercises a power to enter any premises for certain purposes¹⁰, it is the duty of the enforcing authority under whose authorisation he acts to make full compensation to any person who has sustained loss or damage by reason of the exercise by the designated person¹¹ of that power or the performance of, or failure of the designated person to perform, the duty imposed to secure premises¹². Compensation is not payable under this provision, however, in respect of any loss or damage if the loss or damage is attributable to the default of the person who sustained it or if it is loss or damage in respect of which compensation is payable by virtue of any other provision of the pollution control enactments¹³. Any dispute as to a person's entitlement to compensation under these provisions, or as to the amount of any such compensation, may be referred to the arbitration of a single arbitrator¹⁴.

A designated person is not liable in any civil or criminal proceedings for anything done in the purported exercise of any relevant power if the court is satisfied that the act was done in good faith and that there were reasonable grounds for doing it¹⁵.

1 As to the meaning of 'premises' see PARA 148 note 12; definition applied by virtue of the Environment Act 1995 Sch 18 para 1(2).

2 'Relevant power' means a power conferred by Environment Act 1995 s 108 (see PARA 148), including a power exercisable by virtue of a warrant under Sch 18: Sch 18 para 1(1).

3 The conditions are: (1) that the exercise of the power in relation to the premises has been refused; (2) that such a refusal is reasonably apprehended; (3) that the premises are unoccupied; (4) that the occupier is temporarily absent from the premises and the case is one of urgency; or (5) that an application for admission to the premises would defeat the object of the proposed entry: Environment Act 1995 Sch 18 para 2(2). In a case where s 108(6) (see PARA 148 note 13) applies, a justice of the peace may not issue a warrant under Sch 18 by virtue only of being satisfied that the exercise of a power in relation to any premises has been refused, or that a refusal is reasonably apprehended, unless he is also satisfied that the notice required by s 108(6) has been given and that the period of that notice has expired: Sch 18 para 2(3).

4 As to the meaning of 'enforcing authority' see PARA 148 note 2; definition applied by virtue of the Environment Act 1995 Sch 18 para 1(2).

5 A person designated as the person who may exercise a relevant power must produce evidence of his designation and other authority before he exercises the power: Environment Act 1995 Sch 18 para 3.

6 Environment Act 1995 Sch 18 para 2(1). A person who, in the exercise of a relevant power, enters on any premises which are unoccupied or whose occupier is temporarily absent must leave the premises as effectually secured against trespassers as he found them: Sch 18 para 5.

7 Environment Act 1995 Sch 18 para 2(4).

8 Environment Act 1995 Sch 18 para 4(1). This is expressed to be subject to s 108(12) (see PARA 148 note 21): see Sch 18 para 4(1).

9 Environment Act 1995 Sch 18 para 4(2).

10 He exercises a power under the Environment Act 1995 s 108(4)(a), s 108(4)(b) or s 108(5): see PARA 148.

11 'Designated person' means an authorised person within the meaning of the Environment Act 1995 s 108 (see PARA 148) and includes a person designated by virtue of Sch 18 para 2 (see the text and notes 1-7): Sch 18 para 1(1).

12 Environment Act 1995 Sch 18 para 6(1). The duty to secure premises is the duty under Sch 18 para 5 (see note 6): see Sch 18 para 6(1).

13 Environment Act 1995 Sch 18 para 6(2). As to the meaning of 'pollution control enactments' see PARA 148 note 4; definition applied by virtue of Sch 18 para 1(2).

14 Environment Act 1995 Sch 18 para 6(4).

15 Environment Act 1995 Sch 18 para 6(5).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(6) GENERAL PROVISIONS OF THE ENVIRONMENT ACT 1995/150. Power to deal with cause of imminent danger of serious pollution.

150. Power to deal with cause of imminent danger of serious pollution.

Where, in the case of any article or substance found by him on any premises which he has power to enter, an authorised person¹ has reasonable cause to believe that, in the circumstances in which he finds it, the article or substance is a cause of imminent danger of serious pollution of the environment or serious harm to human health, he may seize it and cause it to be rendered harmless (whether by destruction or otherwise)². As soon as may be after any article or substance has been seized and rendered harmless, the authorised person must prepare and sign a written report giving particulars of the circumstances in which the article or substance was seized and so dealt with by him³. He must also give a signed copy of the report to a responsible person at the premises where the article or substance was found by him⁴, and, unless that person is the owner of the article or substance, serve a signed copy of the report on the owner⁵.

1 'Authorised person' has the same meaning as in the Environment Act 1995 s 108 (see PARA 148 note 11): s 109(3). As to the application of these provisions to the Isles of Scilly see PARA 148 note 1.

2 Environment Act 1995 s 109(1). See also the Environmental Damage (Prevention and Remediation) Regulations 2009, SI 2009/153; and PARA 5.

3 Environment Act 1995 s 109(2).

4 Environment Act 1995 s 109(2)(a).

5 Environment Act 1995 s 109(2)(b). If, where s 109(2)(b) applies, the authorised person cannot after reasonable inquiry ascertain the name or address of the owner, the copy may be served on him by giving it to the person to whom a copy was given under s 109(2)(a) (see the text and note 4): see s 109(2)(b).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(6) GENERAL PROVISIONS OF THE ENVIRONMENT ACT 1995/151. Offences.

151. Offences.

It is an offence for a person intentionally to obstruct an authorised person¹ in the exercise or performance of his powers or duties². A person guilty of such an offence is liable: (1) in the case of an offence of obstructing an authorised person in the execution of his powers to deal with cause of imminent danger of serious pollution³, on summary conviction, to a fine⁴ and, on conviction on indictment, to a fine or to imprisonment, or to both⁵; and (2) in any other case, on summary conviction, to a fine⁶.

It is an offence for a person, without reasonable excuse: (a) to fail to comply with any requirement imposed by the provisions relating to the powers of enforcing authorities and the persons authorised by them⁷; (b) to fail or refuse to provide facilities or assistance or any information or to permit any inspection reasonably required by an authorised person in the execution of his powers or duties⁸; or (c) to prevent any other person from appearing before an authorised person, or answering any question to which an authorised person may require an answer⁹. A person guilty of such an offence is liable on summary conviction to a fine¹⁰.

It is also an offence for a person falsely to pretend to be an authorised person¹¹, and a person guilty of such an offence is liable on summary conviction to a fine¹².

1 'Authorised person' means a person authorised under the Environment Act 1995 s 108 (see PARA 148 note 11) and includes a person designated under Sch 18 para 2 (see PARA 149): s 110(6). As to the application of these provisions to the Isles of Scilly see PARA 148 note 1.

2 Environment Act 1995 s 110(1).

3 Environment Act 1995 s 110(4)(a). The power referred to in the text is a power under s 109 (see PARA 150): see s 110(4)(a).

4 Environment Act 1995 s 110(4)(a)(i). The fine must not exceed the statutory maximum: s 110(4)(a)(i). As to the statutory maximum see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 140.

5 Environment Act 1995 s 110(4)(a)(ii). The term of imprisonment must not exceed two years: s 110(4)(a)(ii).

6 Environment Act 1995 s 110(4)(b). The fine must not exceed level 5 on the standard scale: s 110(4)(b). As to the standard scale see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 142.

7 Environment Act 1995 s 110(2)(a). The provisions referred to in the text are those of s 108 (see PARA 148): see s 110(2)(a).

8 Environment Act 1995 s 110(2)(b). The powers and duties referred to in the text are those under or by virtue of s 108: see s 110(2)(b). 'Powers and duties' includes powers or duties exercisable by virtue of a warrant under Sch 18 (see PARA 149): s 110(2)(b).

9 Environment Act 1995 s 110(2)(c). The requirement to answer a question referred to in the text is a requirement pursuant to s 108(4) (see PARA 148): see s 110(2)(c).

10 Environment Act 1995 s 110(5). The fine must not exceed level 5 on the standard scale: see s 110(5).

11 Environment Act 1995 s 110(3).

12 Environment Act 1995 s 110(5). The fine must not exceed level 5 on the standard scale: see s 110(5).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(6) GENERAL PROVISIONS OF THE ENVIRONMENT ACT 1995/152. Evidence in connection with certain pollution offences.

152. Evidence in connection with certain pollution offences.

Information provided or obtained pursuant to or by virtue of a condition of a relevant licence¹ (including information so provided or obtained, or recorded, by means of any apparatus²) is admissible in evidence in any proceedings, whether against the person subject to the condition or any other person³. Where, by virtue of a condition of a relevant licence, an entry is required to be made in any record as to the observance of any condition of the relevant licence⁴, and the entry has not been made⁵, that fact is admissible in any proceedings as evidence that that condition has not been observed⁶.

1 'Relevant licence' means: (1) any environmental licence; (2) any consent under the Water Industry Act 1991 Pt IV Ch III (ss 118-141) (see PARA 1047 et seq) to make discharges of special category effluent (see PARA 1059 et seq); or (3) any agreement under s 129 (see PARA 1053) with respect to, or to any matter connected with, the reception or disposal of such effluent: Environment Act 1995 s 111(5). 'Condition of a relevant licence' includes any requirement to which a person is subject under, by virtue of or in consequence of a relevant licence: s 111(5). 'Environmental licence' has the same meaning as it has in Pt I (ss 1-56) as it applies in relation to the Environment Agency (see PARA 73 note 20): s 111(5). As to the Environment Agency see PARA 68 et seq.

2 'Apparatus' includes any meter or other device for measuring, assessing, determining, recording or enabling to be recorded, the volume, temperature, radioactivity, rate, nature, origin, composition or effect of any substance, flow, discharge, emission, deposit or abstraction: Environment Act 1995 s 111(5). For the purposes of s 111(2), apparatus is presumed in any proceedings to register or record accurately, unless the contrary is shown or the relevant licence otherwise provides: s 111(3).

3 Environment Act 1995 s 111(2).

4 Environment Act 1995 s 111(4)(a).

5 Environment Act 1995 s 111(4)(b).

6 Environment Act 1995 s 111(4).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(6) GENERAL PROVISIONS OF THE ENVIRONMENT ACT 1995/153. Disclosure of information.

153. Disclosure of information.

Notwithstanding any prohibition or restriction imposed by or under any enactment or rule of law, information of any description may be disclosed:

- 90 (1) by the Environment Agency¹ to, inter alia, a Minister of the Crown or a local enforcing authority²;
- 91 (2) by a Minister of the Crown to, inter alia, the Environment Agency, another Minister of the Crown or a local enforcing authority³; or
- 92 (3) by a local enforcing authority to, inter alia, a Minister of the Crown, the Environment Agency or another local enforcing authority⁴,

for the purpose of facilitating the carrying out by the Environment Agency of any of its functions, by any such minister of any of his environmental functions⁵ or by any local enforcing authority of any of its relevant functions⁶. Nothing in these provisions authorises the disclosure to a local enforcing authority by the Environment Agency or another local enforcing authority of information disclosure of which would, in the opinion of a Minister of the Crown, be contrary to the interests of national security or which was obtained under or by virtue of the Statistics of Trade Act 1947⁷ and which was disclosed to the Environment Agency or any of its officers by the Secretary of State⁸.

No information disclosed to any person under or by virtue of these provisions may be disclosed by that person to any other person otherwise than in accordance with these provisions, or any provision of any other enactment which authorises or requires the disclosure, if that information is information⁹: (a) which relates to a trade secret of any person or which otherwise is or might be commercially confidential in relation to any person¹⁰; or (b) the disclosure of which, otherwise than under or by virtue of these provisions, would in the opinion of a Minister of the Crown be contrary to the interests of national security¹¹. Any authorisation by or under these provisions of the disclosure of information by or to any person is to be taken to authorise the disclosure of that information by or, as the case may be, to any officer of his who is authorised by him to make the disclosure or, as the case may be, to receive the information¹².

1 As to the Environment Agency see PARA 68 et seq.

2 Environment Act 1995 s 113(1)(a). 'Local enforcing authority' means: (1) any local authority within the meaning of the Environmental Protection Act 1990 Pt IIA (ss 78A-78YC) (see PARA 99 note 1 head (13)), and the 'relevant functions' of such an authority are its functions under or by virtue of that Part (see PARA 761 et seq); (2) in relation to England and Wales, any local authority within the meaning of regulations under the Pollution Prevention and Control Act 1999 s 2 (see PARAS 186-188); (3) any local authority within the meaning of the Environment Act 1995 Pt IV (ss 80-91) (see PARA 99 note 1 head (16)), and the 'relevant functions' of such an authority are its functions under or by virtue of that Part (see PARA 192 et seq); or (4) in relation to England, any county council for an area for which there are district councils, and the 'relevant functions' of such a county council are its functions under or by virtue of Pt IV; or (5) in relation to England and Wales, any local enforcing authority within the meaning of the Environmental Protection Act 1990 s 1(7) (prospectively repealed) (see PARA 161), and the 'relevant functions' of such an authority are its functions under or by virtue of Pt I (ss 1-28): Environment Act 1995 s 113(5) (definition amended by the Pollution Prevention and Control Act 1999 Sch 2 paras 14, 18(1), (3); and SI 2000/1973). As from a day to be appointed, the provision in head (5) above is repealed by the Pollution Prevention and Control Act 1999 Sch 3. At the date at which this volume states the law no such day had been appointed. As to the prospective repeal of the Environmental Protection Act 1990 Pt I see PARA 159 note 2. As to the meaning of 'local authority' generally see PARA 99.

3 Environment Act 1995 s 113(1)(b).

4 Environment Act 1995 s 113(1)(c).

5 'Environmental functions', in relation to a Minister of the Crown, means any function of that minister, whether conferred or imposed under or by virtue of any enactment or otherwise, relating to the environment: Environment Act 1995 s 113(5). The 'environment' means all, or any, of the following media, namely, the air, water and land (and the medium of air includes the air within buildings and the air within other natural or man-made structures above or below ground): s 113(5) (definition substituted by the Pollution Prevention and Control Act 1999 Sch 2 paras 14, 18(1), (2)).

6 Environment Act 1995 s 113(1). No person is subject to any civil or criminal liability in consequence of any disclosure made by virtue of this provision: see s 113(1). As to access to environmental information generally see PARA 55.

7 See **TRADE AND INDUSTRY** vol 97 (2010) PARA 1009 et seq.

8 Environment Act 1995 s 113(2). As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

9 Environment Act 1995 s 113(3).

10 Environment Act 1995 s 113(3)(a). See also **CONFIDENCE AND DATA PROTECTION**.

11 Environment Act 1995 s 113(3)(b).

12 Environment Act 1995 s 113(4).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(6) GENERAL PROVISIONS OF THE ENVIRONMENT ACT 1995/154. Directions.

154. Directions.

Any power conferred by the Environment Act 1995 to give a direction includes power to vary or revoke the direction¹. Any direction given to the Environment Agency² under any provision of the Environment Act 1995 or any other enactment, or to any other body or person under any provision of that Act, being a direction to any extent so given for the purpose of implementing any obligations of the United Kingdom³ under the Community treaties, must not be varied or revoked unless, notwithstanding the variation or revocation, the obligations, as they have effect for the time being, continue to be implemented, whether by directions or any other instrument or by any enactment⁴. Any variation or revocation of such a direction must be published in such manner as the minister giving it considers appropriate for the purpose of bringing the matters to which it relates to the attention of persons likely to be affected by them⁵.

1 Environment Act 1995 s 122(2). Any direction given under the Environment Act 1995 must be in writing: s 122(1).

2 As to the Environment Agency see PARA 68 et seq.

3 Environment Act 1995 s 122(3). As to the meaning of 'United Kingdom' see PARA 1 note 2.

4 Environment Act 1995 s 122(4).

5 Environment Act 1995 s 122(5). Copies of the variation or revocation must be made available to the public; and notice of the variation or revocation, and of where a copy of the variation or revocation may be obtained, must be given, if the direction has effect in England and Wales, in the London Gazette: s 122(5).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(6) GENERAL PROVISIONS OF THE ENVIRONMENT ACT 1995/155. Service of documents and notices.

155. Service of documents and notices.

Any notice¹ required or authorised by or under the Environment Act 1995 to be served² on any person may be served by delivering it to him, or by leaving it at his proper address³, or by sending it by post to him at that address⁴. Any such notice may: (1) in the case of a body corporate, be served⁵ on the secretary or clerk of that body⁶; (2) in the case of a partnership, be served on a partner or a person having the control or management of the partnership business⁷.

Where under any provision of the Environment Act 1995 any notice is required to be served on a person who is, or appears to be, in occupation of any premises⁸ then if the name or address of such a person cannot after reasonable inquiry be ascertained, or if the premises appear to be or are unoccupied, that notice may be served either by leaving it in the hands of a person who is or appears to be resident or employed on the premises or by leaving it conspicuously affixed to some building or object on the premises⁹.

These provisions apply to the service of a document as they apply to the service of a notice¹⁰.

1 As to the meaning of 'notice' see PARA 98 note 4.

2 ie whether the expression 'serve' or the expression 'give' or 'send' or any other expression is used: see the Environment Act 1995 s 123(1).

3 For the purposes of the Environment Act 1995 s 123 and of the Interpretation Act 1978 s 7 (service of documents by post) (see **STATUTES** vol 44(1) (Reissue) PARA 1388) in its application to the Environment Act 1995 s 123, the proper address of any person on whom any such notice is to be served is his last known address, except that:

46 (1) in the case of a body corporate or its secretary or clerk, it is the address of the registered or principal office of that body;

47 (2) in the case of a partnership or person having the control or the management of the partnership business, it is the principal office of the partnership,

and for the purposes of this provision the principal office of a company registered outside the United Kingdom or of a partnership carrying on business outside the United Kingdom is its principal office within the United Kingdom: s 123(3). As to the meaning of 'United Kingdom' see PARA 1 note 2. If the person to be served with any such notice has specified an address in the United Kingdom other than his proper address within the meaning of s 123(3) as the one at which he or someone on his behalf will accept notices of the same description as that notice, that address will also be treated for the purposes of s 123 and the Interpretation Act 1978 s 7 as his proper address: Environment Act 1995 s 123(4).

4 Environment Act 1995 s 123(1). This provision is expressed to be without prejudice to Sch 7 para 17(2)(d): see s 123(1). Section 123 does not apply to any notice in relation to the service of which provision is made by rules of court: s 123(6).

5 'Serve' is to be construed in accordance with the Environment Act 1995 s 123(1) (see the text and notes 1-4): s 123(8).

6 Environment Act 1995 s 123(2)(a).

7 Environment Act 1995 s 123(2)(b).

8 For these purposes, 'premises' includes any land, vehicle, vessel or mobile plant: Environment Act 1995 s 123(8).

9 Environment Act 1995 s 123(5).

10 Environment Act 1995 s 123(7).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(7) GENERAL PROVISIONS OF THE CLEAN NEIGHBOURHOODS AND ENVIRONMENT ACT 2005/156. Use of fixed penalty receipts for higher tier authorities.

(7) GENERAL PROVISIONS OF THE

156. Use of fixed penalty receipts for higher tier authorities.

An authority other than a parish or community council¹ may use its fixed penalty receipts² only for the purposes of qualifying functions³ of the authority⁴. An authority must supply the appropriate person⁵ with such information relating to its fixed penalty receipts as the appropriate person may require⁶.

The appropriate person may by regulations⁷:

- 93 (1) make provision for what an authority is to do with its fixed penalty receipts:
 - (a) pending their being used for the purposes of qualifying functions of the authority; (b) if they are not so used before such time after their receipt as may be specified by the regulations⁸;
- 94 (2) make provision for accounting arrangements in respect of an authority's fixed penalty receipts⁹.

Before making such regulations, the appropriate person must consult the authorities to which the regulations are to apply and such other persons as the appropriate person thinks fit¹⁰.

1 See note 2. As to parish and community councils see **LOCAL GOVERNMENT** vol 69 (2009) PARAS 28 et seq, 41 et seq.

2 The amounts to which the Clean Neighbourhoods and Environment Act 2005 s 96 applies which are paid to an authority are called the authority's 'fixed penalty receipts': s 96(2). Section 96 applies in relation to: (1) amounts paid to an authority, other than a parish or community council, in pursuance of notices under the Environmental Protection Act 1990 s 88 (see PARA 722), s 94A (see PARA 726), Sch 3A para 7 (see PARA 728); (2) amounts paid to an authority, other than a parish or community council, in pursuance of notices under the Anti-social Behaviour Act 2003 s 43(1) (see PARA 735); (3) amounts paid to a primary authority, within the meaning of the Clean Neighbourhoods and Environment Act 2005 Pt 6 Ch 1 (ss 55-67) (see PARA 720), in pursuance of notices under s 59 (see PARA 723): s 96(1).

3 For these purposes, the 'qualifying functions' of an authority are: (1) its functions under the Environmental Protection Act 1990 Pt IV (ss 86-99) (see PARA 721 et seq); (2) its functions under the Anti-social Behaviour Act 2003 s 43 (see PARA 735); (3) its functions under the Clean Neighbourhoods and Environment Act 2005 Pt 6 Ch 1 (see PARA 720); and (4) such other of its functions as may be specified in regulations made by the appropriate person: s 96(4). For the purposes of ss 96, 97, 'appropriate person' means: (a) the Secretary of State, in relation to England; (b) the Welsh Ministers, in relation to Wales: s 98(1). As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

Regulations under s 96(4)(d) (see head (4) above) may (in particular) have the effect that an authority may use its fixed penalty receipts for the purposes of any of its functions: s 96(5). As to the regulations made see note 7.

4 Clean Neighbourhoods and Environment Act 2005 s 96(3). Certain functions under s 96 are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see **LOCAL GOVERNMENT** vol 69 (2009) PARA 733. Certain persons or indorsements are specified for the purposes of s 37, Schs 5, 6 (meaning of 'regulator' for the purposes of imposing civil sanctions): see **ADMINISTRATIVE LAW**.

5 As to the meaning of 'appropriate person' see note 3.

6 Clean Neighbourhoods and Environment Act 2005 s 96(6).

7 The powers to make regulations conferred by the Clean Neighbourhoods and Environment Act 2005 s 96 are, for the purposes of the Local Government Act 2003 s 100(1), to be regarded as included among the powers mentioned in s 100(2) (see **LOCAL GOVERNMENT** vol 69 (2009) PARA 789): Clean Neighbourhoods and Environment Act 2005 s 96(10). The powers to make regulations conferred by ss 96, 97 include: (1) power to make different provision for different purposes (including different provision for different authorities or different descriptions of authority); (2) power to make consequential, supplementary, incidental and transitional provision and savings: s 98(2). Such regulations must be made by statutory instrument: s 98(3). The Secretary of State may not make a statutory instrument containing such regulations unless a draft of the instrument has been laid before, and approved by a resolution of, each House of Parliament: s 98(4). In exercise of the powers in s 96(4)(d), (5) (see note 3) and s 98(2), the Environmental Offences (Use of Fixed Penalty Receipts) Regulations 2007, SI 2007/901, have been made. See also PARA 157 note 4.

8 Clean Neighbourhoods and Environment Act 2005 s 96(7)(a). The provision that may be made under s 97(7)(a)(ii) (see head (b) in the text) includes (in particular) provision for the payment of sums to a person (including the appropriate person) other than the authority: s 96(8). See note 7.

9 Clean Neighbourhoods and Environment Act 2005 s 96(7)(b). See note 7.

10 Clean Neighbourhoods and Environment Act 2005 s 96(9).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/3. GENERAL PROVISIONS/(7) GENERAL PROVISIONS OF THE CLEAN NEIGHBOURHOODS AND ENVIRONMENT ACT 2005/157. Use of fixed penalty receipts for lower tier authorities.

157. Use of fixed penalty receipts for lower tier authorities.

The appropriate person¹ must by regulations² make provision relating to:

- 95 (1) the use by a parish or community council³ of amounts received by it in pursuance of notices under specified provisions⁴;
- 96 (2) the use by a person or body designated⁵ as a secondary authority for the purposes of the Clean Neighbourhoods and Environment Act 2005⁶ of amounts received by that person or body in pursuance of the relevant notices⁷.

The regulations may in particular include provision requiring a parish or community council or a person or body referred to in head (2) above: (a) to use the amounts received as specified in heads (1) and (2) above only for the purpose of such of its functions as may be specified in the regulations⁸; (b) to pay sums in respect of those amounts to another person (including the appropriate person)⁹; (c) to supply information in relation to those amounts to the appropriate person¹⁰; (d) to adopt such accounting arrangements in respect of those amounts as may be specified in the regulations¹¹. The regulations may include provision framed by reference to performance categories conferred on a parish or community council by such person as may be specified in the regulations¹².

1 As to the meaning of 'appropriate person' see PARA 156 note 3.

2 As to the making of regulations for these purposes see PARA 156 note 7. As to the regulations made see note 4.

3 As to parish and community councils see **LOCAL GOVERNMENT** vol 69 (2009) PARAS 28 et seq, 41 et seq.

4 Clean Neighbourhoods and Environment Act 2005 s 97(1)(a). The specified provisions are the Environmental Protection Act 1990 s 88 (see PARA 722), the Anti-social Behaviour Act 2003 s 43(1) (see PARA 735) and the Clean Neighbourhoods and Environment Act 2005 s 59 (see PARA 720): see s 97(1)(a). Certain functions under s 97 are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see **LOCAL GOVERNMENT** vol 69 (2009) PARA 733. Certain persons or indorsements are specified for the purposes of s 37, Schs 5, 6 (meaning of 'regulator' for the purposes of imposing civil sanctions): see **ADMINISTRATIVE LAW**.

In exercise of the powers in the Clean Neighbourhoods and Environment Act 2005 s 97(1), (2)(a), (b), (c), (3), the Environmental Offences (Use of Fixed Penalty Receipts) Regulations 2007, SI 2007/901, have been made; and in exercise of the powers in the Clean Neighbourhoods and Environment Act 2005 s 97(1)(a), (2)(c) the Environmental Offences (Fixed Penalties) (Miscellaneous Provisions) (Wales) Regulations 2007, SI 2007/739, were made (but see now also the Environmental Offences (Fixed Penalties) (Miscellaneous Provisions) (Wales) Regulations 2008, SI 2008/663).

5 Ie designated under the Clean Neighbourhoods and Environment Act 2005 s 58(3): see PARA 720.

6 Ie the Clean Neighbourhoods and Environment Act 2005 Pt 6 Ch 1 (ss 55-67): see PARA 720.

7 Clean Neighbourhoods and Environment Act 2005 s 97(1)(b). The notices are those under s 59: see PARA 720. As to the regulations made under this provision see note 4.

8 Clean Neighbourhoods and Environment Act 2005 s 97(2)(a). As to the regulations made under this provision see note 4.

9 Clean Neighbourhoods and Environment Act 2005 s 97(2)(b). As to the regulations made under this provision see note 4.

10 Clean Neighbourhoods and Environment Act 2005 s 97(2)(c). As to the regulations made under this provision see note 4.

11 Clean Neighbourhoods and Environment Act 2005 s 97(2)(d). At the date at which this volume states the law, no regulations had been made under this provision.

12 Clean Neighbourhoods and Environment Act 2005 s 97(3). As to the regulations made under this provision see note 4.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/4. INTEGRATION OF POLLUTION CONTROL/(1) INTRODUCTION/158. European Union legislation.

4. INTEGRATION OF POLLUTION CONTROL

(1) INTRODUCTION

158. European Union legislation.

European Union legislation introduced the concept of integrated pollution prevention and control¹ which in England and Wales is implemented by the Pollution Prevention and Control Act 1999², ultimately replacing Part I of the Environmental Protection Act 1990³.

1 See PARA 6. This followed introduction of such control in the United Kingdom in 1990 and there were also similar initiatives in several other member states.

2 See PARAS 186-188.

3 I.e. the Environmental Protection Act 1990 Pt I (ss 1-28) (prospectively repealed): see PARA 159 et seq. As to the prospective repeal and replacement of Pt I see PARA 159 note 2.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/4. INTEGRATION OF POLLUTION CONTROL/(2) INTEGRATED POLLUTION CONTROL/(i) In general/159. Prescribed processes and prescribed substances.

(2) INTEGRATED POLLUTION CONTROL

(i) In general

159. Prescribed processes and prescribed substances.

The Secretary of State¹ may, by regulations, prescribe any description of process² as a process for the carrying on of which after a prescribed date an authorisation³ is required⁴. The regulations may frame the description of a process by reference to any characteristics of the process or the area or other circumstances in which the process is carried on or the description of person carrying it on⁵. The regulations may prescribe or provide for the determination under the regulations of different dates for different descriptions of persons; and may include such transitional provisions as the Secretary of State considers necessary or expedient as respects the making of applications for authorisations and suspending the application of the provision requiring authorisations⁶ until the determination of applications made within the period allowed by the regulations⁷. The regulations must, as respects each description of process, designate it as one for central control or one for local control⁸.

The Secretary of State may, by regulations, prescribe any description of substance⁹ as a substance the release of which into the environment¹⁰ is subject to control¹¹. Such regulations may:

- 97 (1) prescribe separately, for each environmental medium¹², the substances the release of which into that medium is to be subject to control¹³; and
- 98 (2) provide that a description of substance is only prescribed, for any environmental medium, so far as it is released into that medium in such amounts over such periods, in such concentrations or in such other circumstances as may be specified in the regulations¹⁴.

In relation to a substance of a description which is prescribed for releases into the air, the regulations may designate the substance as one for central control or one for local control¹⁵.

1 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

2 In the Environmental Protection Act 1990 Pt I (ss 1-28) (prospectively repealed), 'process' means any activities carried on in Great Britain, whether on premises or by means of mobile plant, which are capable of causing pollution of the environment; and 'prescribed process' means a process prescribed under s 2(1) (see the text and note 4): s 1(1), (5). See also *Dudley Metropolitan Borough Council v Henley Foundries Ltd* [1999] Env LR 895 (malfunctioning equipment fell within the definition of 'prescribed process'). For the purposes of the Environmental Protection Act 1990 s 1(5), 'activities' means industrial or commercial activities or activities of any other nature whatsoever (including, with or without other activities, the keeping of a substance): s 1(6). 'Great Britain' includes so much of the adjacent territorial sea as is, or is treated as, relevant territorial waters for the purposes of the Water Resources Act 1991 Pt III (ss 82-104) (see PARA 289 et seq): Environmental Protection Act 1990 s 1(6) (definition amended by the Water Consolidation (Consequential Provisions) Act 1991 Sch 1 para 56(1)). As to the meaning of 'Great Britain' generally see PARA 1 note 2. 'Mobile plant' means plant which is designed to move or to be moved whether on roads or otherwise: Environmental Protection Act 1990 s 1(6). As to the meaning of 'pollution of the environment' see PARA 160 note 16. As to the meaning of 'substance' see note 9.

The Environmental Protection Act 1990 Pt I is repealed, as from a day to be appointed, by the Pollution Prevention and Control Act 1999 Sch 3. The Pollution Prevention and Control Act 1999 (see PARA 186 et seq) introduces a new framework for regulations to implement EC Council Directive 96/61 (OJ L257, 10.10.96, p 26) concerning integrated pollution prevention and control (repealed and replaced by European Parliament and EC Council Directive 2008/1 (OJ L24, 29.1.2008, p 8) concerning integrated pollution prevention and control (Codified version)): see PARA 6. Until regulations are applied to a specific sector or industry, the provisions of the Environmental Protection Act 1990 Pt I (prospectively repealed) (and subordinate legislation made thereunder) continue to apply. As to the regulations that have been made in implementation of the new regime see PARA 186 note 2. See further PARA 160 et seq.

3 In the Environmental Protection Act 1990 Pt I (prospectively repealed), 'authorisation' means an authorisation for a process (whether on premises or by means of mobile plant) granted under s 6 (see PARA 162); and a reference to the conditions of an authorisation is a reference to the conditions subject to which at any time the authorisation has effect: s 1(9). As to conditions of authorisations see PARA 165.

4 Environmental Protection Act 1990 s 2(1). As to the requirement for authorisation see s 6 (prospectively repealed); and PARA 162. The Environmental Protection (Prescribed Processes and Substances) Regulations 1991, SI 1991/472 (amended by SI 1991/836; SI 1992/614; SI 1993/1749; SI 1993/2405; SI 1994/1271; SI 1994/1329; SI 1995/3247; SI 1996/2678; SI 1998/767; and SI 2000/1973) were made but they have been revoked and replaced by the Environmental Permitting (England and Wales) Regulations 2007, SI 2007/3538: see PARA 662 et seq.

5 Environmental Protection Act 1990 s 2(2). See also the regulations mentioned in note 4.

6 In suspending the application of the Environmental Protection Act 1990 s 6(1): see PARA 162.

7 Environmental Protection Act 1990 s 2(3). See also the regulations mentioned in note 4.

8 Environmental Protection Act 1990 s 2(4). See also the regulations mentioned in note 4.

9 In the Environmental Protection Act 1990 Pt I (prospectively repealed), 'substance' is to be treated as including electricity or heat: s 1(13). 'Prescribed substance' means any substance of a description prescribed in regulations under s 2(5) (see the text and note 11) or, in the case of a substance of a description prescribed only for releases in circumstances specified under head (2) in the text, means any substance of that description which is released in those circumstances: ss 1(13), 2(7).

10 In the Environmental Protection Act 1990 Pt I (prospectively repealed), the 'environment' consists of all, or any, of the following media, namely, the air, water and land; and the medium of air includes the air within buildings and the air within other natural or man-made structures above or below ground: s 1(2). A substance is 'released' into any environmental medium whenever it is released directly into that medium whether it is released into it within or outside Great Britain, and 'release' includes:

48 (1) in relation to air, any emission of the substance into the air;

49 (2) in relation to water, any entry (including any discharge) of the substance into water;

50 (3) in relation to land, any deposit, keeping or disposal of the substance in or on land,

and for this purpose 'water' and 'land' must be construed in accordance with s 1(11), (12) (s 1(11) as amended): s 1(10). For the purpose of determining into what medium a substance is released:

51 (a) any release into: (i) the sea or the surface of the seabed; (ii) any river, watercourse, lake, loch or pond (whether natural or artificial or above or below ground) or reservoir or the surface of the riverbed or of other land supporting such waters; or (iii) ground waters, is a release into water;

52 (b) any release into: (i) land covered by water falling outside head (a) above or the water covering such land; or (ii) the land beneath the surface of the seabed or of other land supporting waters falling within head (a)(ii) above, is a release into land; and

53 (c) any release into a sewer (within the meaning of the Water Industry Act 1991 (see PARA 998)) must be treated as a release into water,

but a sewer and its contents must be disregarded in determining whether there is pollution of the environment at any time: Environmental Protection Act 1990 s 1(11) (amended by the Water Consolidation (Consequential Provisions) Act 1991 Sch 1 para 56(1)). In the Environmental Protection Act 1990 s 1(11), 'ground waters' means any waters contained in underground strata, or in: (A) a well, borehole or similar work sunk into underground strata, including any adit or passage constructed in connection with the well, borehole or work for facilitating the collection of water in the well, borehole or work; or (B) any excavation into underground strata

where the level of water in the excavation depends wholly or mainly on water entering it from the strata: s 1(12).

11 Environmental Protection Act 1990 s 2(5). The control is under s 6 and s 7 (see PARAS 162, 165): see s 2(5).

12 As to the meaning of 'environmental medium' see note 10.

13 Environmental Protection Act 1990 s 2(6)(a).

14 Environmental Protection Act 1990 s 2(6)(b).

15 Environmental Protection Act 1990 s 2(6).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/4. INTEGRATION OF POLLUTION CONTROL/(2) INTEGRATED POLLUTION CONTROL/(i) In general/160. Emission limits and quality objectives.

160. Emission limits and quality objectives.

The Secretary of State¹ may make regulations² establishing standards, objectives or requirements in relation to particular prescribed processes³ or particular substances⁴. Regulations under this provision⁵ may:

- 99 (1) in relation to releases⁶ of any substance from prescribed processes into any environmental medium⁷, prescribe standard limits⁸ for:
 - 1
 - 1. (a) the concentration, the amount or the amount in any period of that substance which may be so released⁹; and
 - 2. (b) any other characteristic of that substance in any circumstances in which it may be so released¹⁰;
 - 2
 - 100 (2) prescribe standard requirements for the measurement or analysis of, or of releases of, substances for which limits have been set under head (1) above¹¹; and
 - 101 (3) in relation to any prescribed process, prescribe standards or requirements as to any aspect of the process¹².

Regulations may establish for any environmental medium (in all areas or in specified areas) quality objectives or quality standards in relation to any substances which may be released into that or any other medium from any process¹³.

The Secretary of State may make plans for:

- 102 (i) establishing limits for the total amount, or the total amount in any period, of any substance which may be released into the environment in, or in any area within, the United Kingdom¹⁴;
- 103 (ii) allocating quotas as respects the release of substances to persons carrying on processes in respect of which any such limit is established¹⁵;
- 104 (iii) establishing limits of the descriptions specified in head (1) above so as progressively to reduce pollution of the environment¹⁶;
- 105 (iv) the progressive improvement in the quality objectives and quality standards established by regulations¹⁷.

The Secretary of State may, from time to time, revise any plan so made¹⁸.

The United Kingdom Greenhouse Gas Emissions Trading Scheme has been made on behalf of the Secretary of State¹⁹; and regulations have been made in furtherance of the United Kingdom's European Union obligations²⁰.

1 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

2 Ie under the Environmental Protection Act 1990 s 3(2) or s 3(4) (see the text and notes 5-13). At the date at which this volume states the law no regulations had been made under these provisions. Regulations or plans under s 3 may be made for any purposes of Pt I (ss 1-28) (prospectively repealed) or for other purposes: s 3(6). See note 14.

As to the prospective repeal and replacement of Pt I see PARA 159 note 2.

3 As to the meanings of 'prescribed process' and 'process' see PARA 159.

4 Environmental Protection Act 1990 s 3(1). As to the meaning of 'substance' see PARA 159 note 9.

5 Regulations under the Environmental Protection Act 1990 s 3(2) may make different provision in relation to different cases, including different provision in relation to different processes, descriptions of person, localities or other circumstances: s 3(3). See also s 3(6); and note 2.

6 As to the meaning of 'release' see PARA 159 note 10.

7 As to the meanings of 'environment' and 'environmental medium' see PARA 159 note 10.

8 Environmental Protection Act 1990 s 3(2)(a).

9 Environmental Protection Act 1990 s 3(2)(a)(i).

10 Environmental Protection Act 1990 s 3(2)(a)(ii).

11 Environmental Protection Act 1990 s 3(2)(b).

12 Environmental Protection Act 1990 s 3(2)(c).

13 Environmental Protection Act 1990 s 3(4). See also s 3(6); and note 2.

14 Environmental Protection Act 1990 s 3(5)(a). As to the meaning of 'United Kingdom' see PARA 1 note 2.

Section 3(5)-(7) is repealed, in relation to Northern Ireland, by the Northern Ireland Act 1998 Sch 15 para 17 and as from a day to be appointed. At the date at which this volume states the law no such day had been appointed.

15 Environmental Protection Act 1990 s 3(5)(b). See note 14.

16 Environmental Protection Act 1990 s 3(5)(c). See note 14. In Pt I (prospectively repealed), 'pollution of the environment' means pollution of the environment due to the release (into any environmental medium) from any process of substances which are capable of causing harm to man or any other living organisms supported by the environment: s 1(1), (3). 'Harm' means harm to the health of living organisms or other interference with the ecological systems of which they form part and, in the case of man, includes offence caused to any of his senses or harm to his property; and 'harmless' has a corresponding meaning: s 1(1), (4).

17 Environmental Protection Act 1990 s 3(5)(d). This provision refers to regulations made under s 3(4): see the text and note 13. See note 14.

18 Environmental Protection Act 1990 s 3(5). The Secretary of State must give notice in the London, Edinburgh and Belfast Gazettes of the making and the revision of any plan under s 3(5) and must make the documents containing the plan, or the plan as so revised, available for inspection by members of the public at the places specified in the notice: s 3(7). See also s 3(6); and note 2. See note 14.

19 See the Waste and Emissions Trading Act 2003 s 39; and PARA 260.

20 See the Greenhouse Gas Emissions Trading Scheme Regulations 2005, SI 2005/925; and PARA 260.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/4. INTEGRATION OF POLLUTION CONTROL/(2) INTEGRATED POLLUTION CONTROL/(i) In general/161. Discharge and scope of functions.

161. Discharge and scope of functions.

The following provisions determine the authority by whom the functions conferred or imposed by Part I of the Environmental Protection Act 1990¹ otherwise than on the Secretary of State are exercisable and the purposes for which they are exercisable². Generally, the integrated pollution control regime is centrally controlled, but local authorities have responsibilities in relation to air pollution control³.

Those functions, in their application to prescribed processes⁴ designated for central control, are functions of the Environment Agency⁵, and are exercisable for the purpose of preventing or minimising pollution of the environment⁶ due to the release of substances⁷ into any environmental medium⁸.

Those functions, in their application to prescribed processes designated for local control, are functions of:

- 106 (1) in the case of a prescribed process carried on (or to be carried on) by means of a mobile plant⁹, where the person carrying on the process has his principal place of business in England and Wales, the local authority¹⁰ in whose area that place of business is¹¹;
- 107 (2) in any other cases, where the prescribed processes are (or are to be) carried on in England and Wales, the local authority in whose area they are (or are to be) carried on¹².

The functions applicable to such processes are exercisable for the purpose of preventing or minimising pollution of the environment due to the release of substances into the air (but not into any other environmental medium)¹³.

The Secretary of State may, as respects the functions under Part I of the Environmental Protection Act 1990 being exercised by a local authority specified in the direction, direct that those functions are to be exercised instead by the Environment Agency while the direction remains in force or during a period specified in the direction¹⁴. Such a transfer of functions does not make them exercisable by the Agency for the purpose of preventing or minimising pollution of the environment due to releases of substances into any other environmental medium than the air¹⁵. Such a direction may transfer those functions as exercisable in relation to all or any description of prescribed processes carried on by all or any description of persons (a 'general direction') or in relation to a prescribed process carried on by a specified person (a 'specific direction')¹⁶.

It is the duty of local authorities to follow such developments in technology and techniques for preventing or reducing pollution of the environment due to releases of substances from prescribed processes as concern releases into the air of substances from prescribed processes designated for local control¹⁷.

It is the duty of the Environment Agency and the local enforcing authorities to give effect to any directions given to them under any provision of Part I of the Environmental Protection Act 1990¹⁸.

1 le the Environmental Protection Act 1990 Pt I (ss 1-28) (prospectively repealed). As to the prospective repeal and replacement of Pt I see PARA 159 note 2.

2 Environmental Protection Act 1990 s 4(1). As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

3 As to air quality and air pollution see also PARA 190 et seq.

4 As to the meanings of 'prescribed process' and 'process' see PARA 159.

5 The Environmental Protection Act 1990 s 4, s 6 (see PARA 162) and s 27 (see PARA 185) refer to the 'appropriate agency'; for the purposes of Pt I (prospectively repealed), 'appropriate agency' means, in relation to England and Wales, the Environment Agency: s 1(1), (14) (added by the Environment Act 1995 Sch 22 para 45(4)). As to the Environment Agency see PARA 68 et seq.

6 As to the meaning of 'pollution of the environment' see PARA 160 note 16; and as to the meaning of 'environment' see PARA 159 note 10.

7 As to the meaning of 'release' see PARA 159 note 10; and as to the meaning of 'substance' see PARA 159 note 9.

8 Environmental Protection Act 1990 s 4(2) (amended by the Environment Act 1995 Sch 22 para 46(2)). As to the meaning of 'environmental medium' see PARA 159 note 10.

9 As to the meaning of 'mobile plant' see PARA 159 note 2.

10 As to the meaning of 'local authority' see PARA 99.

11 Environmental Protection Act 1990 s 4(3)(a) (s 4(3)(a), (b) substituted by the Environment Act 1995 Sch 22 para 46(3)).

12 Environmental Protection Act 1990 s 4(3)(b) (as substituted: see note 11).

13 Environmental Protection Act 1990 s 4(3). This is expressed to be subject to s 4(4): see the text and note 14. In England and Wales, a local authority, in exercising the functions conferred or imposed on it by virtue of s 4(3), must have regard to the strategy for the time being published pursuant to the Environment Act 1995 s 80 (see PARA 192): Environmental Protection Act 1990 s 4(4A) (added by the Environment Act 1995 Sch 22 para 46(5), (8)).

14 Environmental Protection Act 1990 s 4(4) (amended by the Environment Act 1995 Sch 22 para 46(4)). A direction under the Environmental Protection Act 1990 s 4(4) may include such saving and transitional provisions as the Secretary of State considers necessary or expedient: s 4(7).

The Secretary of State, on giving or withdrawing a direction under s 4(4), must:

54 (1) in the case of a general direction (see the text and note 16): (a) forthwith serve notice of it on the Environment Agency and on the local enforcing authorities affected by the direction; and (b) cause notice of it to be published as soon as practicable in the London Gazette and in at least one newspaper circulating in the area of each authority affected by the direction;

55 (2) in the case of a specific direction (see the text and note 16): (a) forthwith serve notice of it on the Environment Agency, the local enforcing authority and the person carrying on or appearing to the Secretary of State to be carrying on the process affected; and (b) cause notice of it to be published as soon as practicable in the London Gazette and in at least one newspaper circulating in the authority's area,

and any such notice must specify the date at which the direction is to take (or took) effect and (where appropriate) its duration: s 4(8) (amended by the Environment Act 1995 Sch 22 para 46(6)(a), (7), Sch 24). The 'enforcing authority', in relation to England and Wales, is the Environment Agency or the local authority by which, under the Environmental Protection Act 1990 s 4, the functions conferred or imposed by Pt I (prospectively repealed) otherwise than on the Secretary of State are for the time being exercisable in relation respectively to releases of substances into the environment or into the air; and 'local enforcing authority' means any such local authority: s 1(7) (definition amended by the Environment Act 1995 Sch 22 para 45(2)). The requirements of head (1)(b) above or, as the case may be, of head (2) above do not apply in any case where, in the opinion of the Secretary of State, the publication of notice in accordance with that provision would be contrary to the interests of national security: Environmental Protection Act 1990 s 4(8A) (added by the Environment Act 1995 Sch 22 para 46(8)).

- 15 Environmental Protection Act 1990 s 4(5) (amended by the Environment Act 1995 Sch 22 para 46(6)(a), (b)).
- 16 Environmental Protection Act 1990 s 4(6).
- 17 Environmental Protection Act 1990 s 4(9) (substituted by the Environment Act 1995 Sch 22 para 46(9)).
- 18 Environmental Protection Act 1990 s 4(10) (amended by the Environment Act 1995 Sch 22 para 46(10)).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/4. INTEGRATION OF POLLUTION CONTROL/(2) INTEGRATED POLLUTION CONTROL/(ii) Authorisations/162. General provisions relating to authorisations.

(ii) Authorisations

162. General provisions relating to authorisations.

No person may carry on a prescribed process¹ after the date prescribed or determined for that description of process by or under regulations² (but subject to any transitional provision made by the regulations) except under an authorisation granted by the enforcing authority³ and in accordance with the conditions to which it is subject⁴. An application for an authorisation must be made to the enforcing authority⁵ and must be accompanied:

- 108 (1) in a case where a charge prescribed by a charging scheme⁶ is required to be paid to the Environment Agency⁷ in respect of the application, by the charge so prescribed⁸; or
- 109 (2) in any other case, by the fee prescribed⁹.

Where an application is duly made to the enforcing authority, the authority must either grant the authorisation subject to conditions¹⁰ or refuse the application¹¹. An application may not be granted unless the enforcing authority considers that the applicant will be able to carry on the process so as to comply with the conditions which would be included in the authorisation¹². The Secretary of State¹³ may, if he thinks fit in relation to any application for an authorisation, give to the enforcing authority directions as to whether or not the authority should grant the authorisation¹⁴. The enforcing authority must, as respects each authorisation in respect of which it has functions under Part I of the Environmental Protection Act 1990, from time to time, but not less frequently than once in every period of four years, carry out a review of the conditions of the authorisation¹⁵.

1 As to the meanings of 'prescribed process' and 'process' see PARA 159.

2 I.e. regulations under the Environmental Protection Act 1990 s 2(1): see PARA 159.

3 As to the meaning of 'enforcing authority' see PARA 161 note 14.

4 Environmental Protection Act 1990 s 6(1). As to the meaning of 'authorisation' see PARA 159 note 3. As to conditions of authorisations see PARA 165. Contravention of this provision is an offence: see PARA 181.

As to the prospective repeal and replacement of Pt I (ss 1-28) see PARA 159 note 2.

5 Environmental Protection Act 1990 s 6(2). Applications must be made in accordance with Sch 1 Pt I (prospectively repealed): see PARAS 163-164.

As to the determination of applications made in the transitional period see *R (on the application of Furness) v Environment Agency* [2001] EWHC Admin 1058, [2002] Env LR 26, sub nom *Furness v Environment Agency* [2001] All ER (D) 242 (Dec) (application made whilst the Environmental Protection Act 1990 Pt I (prospectively repealed) was still in force was 'duly made' and therefore valid).

6 I.e. a charge prescribed by a scheme under the Environment Act 1995 s 41: see PARA 97.

7 As to the Environment Agency see PARA 68 et seq. See also PARA 161 note 5.

8 Environmental Protection Act 1990 s 6(2)(a) (substituted by the Environment Act 1995 Sch 22 para 48).

9 Environmental Protection Act 1990 s 6(2)(b) (amended by the Environment Act 1995 Sch 22 para 48). Fees are prescribed under the Environmental Protection Act 1990 s 8(2)(a) (see PARA 166): s 6(2).

10 The conditions required or authorised to be imposed by the Environmental Protection Act 1990 s 7: see PARA 165.

As to the nature of the substantive decision-making process see *Levy v Environment Agency* [2002] EWHC 1633 (Admin), [2003] Env LR 11 (any decision to grant or refuse an authorisation was essentially a technical decision which would be difficult to challenge by way of judicial review).

11 Environmental Protection Act 1990 s 6(3).

12 Environmental Protection Act 1990 s 6(4). As to the application of this provision see *R v Secretary of State for the Environment, ex p West Wiltshire District Council* [1997] JPL 210, [1996] Env LR 312 (correct test was whether an applicant was able to comply with conditions rather than whether it was merely possible to comply).

13 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

14 Environmental Protection Act 1990 s 6(5).

15 Environmental Protection Act 1990 s 6(6) (amended by SI 2000/1973). The Secretary of State may, by regulations, substitute for the period for the time being specified in the Environmental Protection Act 1990 s 6(6) such other period as he thinks fit: s 6(7). At the date at which this volume states the law no such regulations had been made.

However, a review of the conditions of an authorisation is not required under s 6(6) if: (1) the prescribed process covered by the authorisation is carried on in a new Part A installation or by means of a new Part A mobile plant; (2) the prescribed process covered by the authorisation is carried on in an existing Part A installation or by means of an existing Part A mobile plant and the review would be carried out within the period of two years ending at the beginning of the relevant period for that installation or mobile plant; or (3) the prescribed process covered by the authorisation is carried on in an existing Part B installation or by means of an existing Part B mobile plant and the review would be carried out within the period of two years ending on the relevant date for that installation or mobile plant: s 6(6A) (s 6(6A), (6B) added by SI 2000/1973). In the Environmental Protection Act 1990 s 6(6A), 'new Part A installation', 'existing Part A installation', 'new Part A mobile plant', 'existing Part A mobile plant', 'relevant period', 'existing Part B installation', 'existing Part B mobile plant' and 'relevant date' have the meanings given in the Pollution Prevention and Control (England and Wales) Regulations 2000, SI 2000/1973, regs 9, 10, Sch 3 (prescribed date and transitional arrangements) (now revoked by SI 2007/3538) (see PARA 186 note 2; and PARA 662 et seq): Environmental Protection Act 1990 s 6(6B) (as so added).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/4. INTEGRATION OF POLLUTION CONTROL/(2) INTEGRATED POLLUTION CONTROL/(ii) Authorisations/163. Applications for authorisations.

163. Applications for authorisations.

An application to the enforcing authority¹ for an authorisation² must contain such information, and be made in such manner, as may be prescribed in regulations made by the Secretary of State³. An application to the enforcing authority for an authorisation must also, unless regulations made by the Secretary of State exempt applications of that class, be advertised in such manner as may be prescribed in regulations so made⁴. The enforcing authority may, by notice in writing to the applicant, require him to furnish such further information specified in the notice, within the period so specified, as the authority may require for the purpose of determining the application⁵. If a person fails to furnish any information so required within the period specified, the enforcing authority may refuse to proceed with the application⁶.

1 As to the meaning of 'enforcing authority' see PARA 161 note 14.

2 As to the meaning of 'authorisation' see PARA 159 note 3.

3 Environmental Protection Act 1990 s 6(8), Sch 1 para 1(1). As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59. The Environmental Protection (Applications, Appeals and Registers) Regulations 1991, SI 1991/507, reg 2 (amended by SI 1996/667) was made but those regulations have been revoked and replaced by the Environmental Permitting (England and Wales) Regulations 2007, SI 2007/3538: see PARA 662 et seq. Regulations under these provisions may make different provision for different classes of applications: Environmental Protection Act 1990 Sch 1 para 1(5).

As to the prospective repeal and replacement of Pt I (ss 1-28) see PARA 159 note 2.

4 Environmental Protection Act 1990 Sch 1 para 1(2). The Environmental Protection (Applications, Appeals and Registers) Regulations 1991, SI 1991/507, regs 5-7 (amended by SI 1996/667; SI 1996/2678) were made under these provisions but they have been revoked and replaced by the Environmental Permitting (England and Wales) Regulations 2007, SI 2007/3538: see PARA 662 et seq.

5 Environmental Protection Act 1990 Sch 1 para 1(3).

6 Environmental Protection Act 1990 Sch 1 para 1(4).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/4. INTEGRATION OF POLLUTION CONTROL/(2) INTEGRATED POLLUTION CONTROL/(ii) Authorisations/164. Determination of applications.

164. Determination of applications.

The enforcing authority¹ must give notice of any application for an authorisation², enclosing a copy of the application, to the persons who are prescribed or directed to be consulted and must do so within the specified period for notification³. The Secretary of State may, by regulations, exempt any class of application from the requirements of this provision or exclude any class of information contained in applications for authorisations from those requirements, in all cases or as respects specified classes only of persons to be consulted⁴. Any representations made by the persons so consulted within the period allowed must be considered by the enforcing authority in determining the application⁵. Any representations made by any other persons within the period allowed must also be considered by the enforcing authority in determining the application⁶. The period allowed for making representations is:

- 110 (1) in the case of persons prescribed or directed to be consulted, the period of 28 days beginning with the date on which notice of the application was given⁷; and
- 111 (2) in the case of other persons, the period of 28 days beginning with the date on which the making of the application was advertised⁸.

The Secretary of State may give directions to the enforcing authority requiring that any particular application or any class of applications for an authorisation must be transmitted to him for determination pending a further direction⁹. The enforcing authority must inform the applicant of the fact that his application is being transmitted to the Secretary of State¹⁰. Where an application for an authorisation is so referred to him the Secretary of State may:

- 112 (a) cause a local inquiry to be held in relation to the application¹¹; or
- 113 (b) afford the applicant and the authority concerned an opportunity of appearing before and being heard by a person appointed by the Secretary of State¹².

The Secretary of State must exercise one of the powers under this provision in any case where, in the manner prescribed by regulations made by him, a request is made to be heard with respect to the application by the applicant or the enforcing authority concerned¹³. The Secretary of State must, on determining any application transferred to him, give to the enforcing authority such a direction as he thinks fit as to whether it is to grant the application and, if so, as to the conditions that are to be attached to the authorisation¹⁴.

The Secretary of State may give the enforcing authority a direction with respect to any particular application or any class of applications for an authorisation requiring the authority not to determine or not to proceed with the application or applications of that class until the expiry of any such period as may be specified in the direction, or until directed by the Secretary of State that they may do so, as the case may be¹⁵.

The enforcing authority must determine an application for an authorisation within the period of four months beginning with the day on which it received the application or within such longer period as may be agreed with the applicant¹⁶. If the enforcing authority fails to determine an application for an authorisation within the period allowed by or under this provision the application must, if the applicant notifies the authority in writing that he treats the failure as such, be deemed to have been refused at the end of that period¹⁷.

1 As to the meaning of 'enforcing authority' see PARA 161 note 14.

2 As to the meaning of 'authorisation' see PARA 159 note 3.

3 Environmental Protection Act 1990 s 6(8), Sch 1 para 2(1). This is expressed to be subject to Sch 1 para 2(2) (see the text and note 4). For these purposes: (1) persons are prescribed to be consulted on any description of application for an authorisation if they are persons specified for the purposes of applications of that description in regulations made by the Secretary of State; (2) persons are directed to be consulted on any particular application if the Secretary of State specifies them in a direction given to the enforcing authority; and (3) the 'specified period for notification' is the period specified in the regulations or in the direction: Sch 1 para 2(4). As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59. The Environmental Protection (Applications, Appeals and Registers) Regulations 1991, SI 1991/507, regs 4, 6, 6A, 7 (reg 4 amended by the Countryside and Rights of Way Act 2000 s 73(2); SI 1996/667; SI 1996/2678; SI 2000/656; and the Environmental Protection (Applications, Appeals and Registers) Regulations 1991, SI 1991/507, reg 6A added by SI 1996/2678) were made but the regulations have been revoked and replaced by the Environmental Permitting (England and Wales) Regulations 2007, SI 2007/3538: see PARA 662 et seq.

As to the prospective repeal and replacement of the Environmental Protection Act 1990 Pt I (ss 1-28) see PARA 159 note 2.

4 Environmental Protection Act 1990 Sch 1 para 2(2).

5 Environmental Protection Act 1990 Sch 1 para 2(3).

6 Environmental Protection Act 1990 Sch 1 para 2(5).

7 Environmental Protection Act 1990 Sch 1 para 2(6)(a).

8 Environmental Protection Act 1990 Sch 1 para 2(6)(b). As to the requirement for advertisement see PARA 163. The Secretary of State may by order substitute for the period for the time being specified in head (1) or head (2) in the text, such other period as he considers appropriate: Sch 1 para 2(7). At the date at which this volume states the law no such order had been made.

9 Environmental Protection Act 1990 Sch 1 para 3(1). As to further directions see Sch 1 para 3(5); and the text and note 14.

10 Environmental Protection Act 1990 Sch 1 para 3(2).

11 Environmental Protection Act 1990 Sch 1 para 3(3)(a).

12 Environmental Protection Act 1990 Sch 1 para 3(3)(b).

13 Environmental Protection Act 1990 Sch 1 para 3(3) (amended by the Environment Act 1995 Sch 22 para 93(2)). The Environmental Protection (Applications, Appeals and Registers) Regulations 1991, SI 1991/507, reg 8 was made but the regulations have been revoked and replaced by the Environmental Permitting (England and Wales) Regulations 2007, SI 2007/3538: see PARA 662 et seq. The provisions of the Local Government Act 1972 s 250(2)-(5), without prejudice to the generality of s 250(1), apply to inquiries in pursuance of the Environmental Protection Act 1990 Sch 1 para 3(3) as they apply to inquiries in pursuance of the Local Government Act 1972 s 250 and as if the reference to a local authority in s 250(4) included a reference to the enforcing authority: Environmental Protection Act 1990 Sch 1 para 3(4). See further **LOCAL GOVERNMENT** vol 69 (2009) PARA 105.

14 Environmental Protection Act 1990 Sch 1 para 3(5). As to conditions of authorisations see PARA 165.

15 Environmental Protection Act 1990 Sch 1 para 4.

16 Environmental Protection Act 1990 Sch 1 para 5(1). This is expressed to apply except in a case where an application has been referred to the Secretary of State under Sch 1 para 3, and subject to Sch 1 para 5(3). The Secretary of State may by order substitute for the period for the time being specified in Sch 1 para 5(1) such other period as he considers appropriate, and different periods may be substituted for different classes of application: Sch 1 para 5(3). As to the order that has been made see the Environmental Protection (Authorisation of Processes) (Determination Periods) Order 1991, SI 1991/513 (amended by SI 1994/2847).

17 Environmental Protection Act 1990 Sch 1 para 5(2).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/4. INTEGRATION OF POLLUTION CONTROL/(2) INTEGRATED POLLUTION CONTROL/(ii) Authorisations/165. Conditions of authorisations.

165. Conditions of authorisations.

There is implied in every authorisation¹ a general condition² that, in carrying on the process to which the authorisation applies, the person carrying it on must use the best available techniques not entailing excessive cost³:

- 114 (1) for preventing the release⁴ of substances⁵ prescribed for any environmental medium⁶ into that medium or, where that is not practicable by such means, for reducing the release of such substances to a minimum and for rendering harmless⁷ any such substances which are so released⁸; and
- 115 (2) for rendering harmless any other substances which might cause harm if released into any environmental medium⁹.

There must be included in an authorisation:

- 116 (a) subject to head (b) below, such specific conditions as the enforcing authority¹⁰ considers appropriate, when taken with the general condition, for achieving the objectives specified in heads (i) to (iv) below¹¹;
- 117 (b) such conditions as are specified in directions given by the Secretary of State¹²; and
- 118 (c) such other conditions (if any) as appear to the enforcing authority to be appropriate¹³.

No conditions may, however, be imposed for the purpose only of securing the health of persons at work¹⁴.

The objectives referred to in head (a) above are:

- 119 (i) ensuring that, in carrying on a prescribed process¹⁵, the best available techniques not entailing excessive cost will be used¹⁶;
- 3
- 3. (A) for preventing the release of substances prescribed for any environmental medium into that medium or, where that is not practicable by such means, for reducing the release of such substances to a minimum and for rendering harmless any such substances which are so released¹⁷; and
- 4. (B) for rendering harmless any other substances which might cause harm if released into any environmental medium¹⁸;
- 4
- 120 (ii) compliance with any directions by the Secretary of State given for the implementation of any obligations of the United Kingdom under the Community treaties or international law relating to environmental protection¹⁹;
- 121 (iii) compliance with any limits or requirements and achievement of any quality standards or quality objectives prescribed by the Secretary of State under any of the relevant enactments²⁰;
- 122 (iv) compliance with any requirements applicable to the grant of authorisations specified by or under a plan made by the Secretary of State²¹.

Where the process is one designated for central control, and is likely to involve the release of substances into more than one environmental medium, the objectives referred to above²² must include the objective of ensuring that the best available techniques not entailing excessive cost will be used for minimising the pollution which may be caused to the environment taken as a whole by the releases, having regard to the best practicable environmental option available as respects the substances which may be released²³.

Except as respects the general condition, the Secretary of State may give directions to the enforcing authorities as to the conditions which are, or are not, to be included in all authorisations, in authorisations of any specified description, or in any particular authorisation²⁴.

An authorisation for carrying on a prescribed process may²⁵ include conditions:

- 123 (aa) imposing limits on the amount or composition of any substance produced by or utilised in the process in any period²⁶; and
- 124 (bb) requiring advance notification of any proposed change in the manner of carrying on the process²⁷.

No condition may at any time be attached to an authorisation so as to regulate the final disposal by deposit in or on land of controlled waste²⁸, nor may any condition apply to such a disposal²⁹. Where any of the activities comprising a prescribed process are regulated both by an authorisation granted by the enforcing authority under Part I of the Environmental Protection Act 1990 and by a registration or authorisation under the Radioactive Substances Act 1993³⁰, then, if different obligations are imposed as respects the same matter by a condition attached to the authorisation under the former enactment and a condition attached to the registration or authorisation under the latter, the condition imposed by the authorisation under the former enactment must be treated as not binding the person carrying on the process³¹.

Provision is made in connection with offences relating to documents and records required to be kept under these provisions³².

1 As to the meaning of 'authorisation' see PARA 159 note 3.

2 The obligation implied by virtue of this condition does not apply in relation to any aspect of the process in question which is regulated by a specific condition imposed under the Environmental Protection Act 1990 s 7(1) (see the text and notes 10-14): s 7(6).

As to the prospective repeal and replacement of Pt I (ss 1-28) see PARA 159 note 2.

3 Environmental Protection Act 1990 s 7(4). This is expressed to be subject to s 7(5), (6) (see notes 2, 8). References to the best available techniques not entailing excessive cost, in relation to a process, include (in addition to references to any technical means and technology) references to the number, qualifications, training and supervision of persons employed in the process and the design, construction, lay-out and maintenance of the buildings in which it is carried on: s 7(10).

As to application of best available techniques not entailing excessive cost ('BATNEEC') see *R (on the application of Thornby Farms Ltd) v Daventry District Council*, *R (on the application of Murray) v Derbyshire County Council* [2002] EWCA Civ 31, [2003] QB 503, [2002] 3 WLR 875 (emission levels set out in guidance notes were not necessarily intended to coincide with best available techniques; an investigation of what were BATNEEC did not necessarily involve worldwide inquiries as to available equipment and techniques since regard also had to be had to the resources available; a regulator had discretion as to how BATNEEC were to be achieved when determining application); *Levy v Environment Agency* [2002] EWHC 1633 (Admin), [2003] Env LR 11 (Environment Agency had to carry out a balancing exercise in determining appropriate conditions in the light of the statutory objectives found in the Environmental Protection Act 1990 s 7(4)); *R v Environment Agency and Redland Aggregates, ex p Gibson*, *R v Environment Agency and Redland Aggregates, ex p Leam*, *R v Leicestershire County Council, ex p Sellers and Petty* EA [1999] Env LR 73 (selecting appropriate conditions to meet BATNEEC did not require consideration of all process options).

4 As to the meaning of 'release' see PARA 159 note 10.

5 As to the meaning of 'substance' see PARA 159 note 9.

6 As to the meanings of 'environment' and 'environmental medium' see PARA 159 note 10.

7 As to the meanings of 'harm' and 'harmless' see PARA 160 note 16.

8 Environmental Protection Act 1990 s 7(4)(a). In the application of s 7(1)-(4) to authorisations granted by a local enforcing authority, references to the release of substances into any environmental medium are to be read as references to the release of substances into the air: s 7(5). As to the meaning of 'local enforcing authority' see PARA 161 note 14.

9 Environmental Protection Act 1990 s 7(4)(b).

10 As to the meaning of 'enforcing authority' see PARA 161 note 14.

11 Environmental Protection Act 1990 s 7(1)(a). A guidance note issued by the Secretary of State advising enforcing authorities to impose a condition preventing offensive odour escaping the process boundary is compatible with the 'best available techniques not entailing excessive cost' objective: see *R (on the application of United Kingdom Renderers Association) v Secretary of State for the Environment, Transport and the Regions* [2002] EWCA Civ 749, [2002] All ER (D) 362 (May).

12 Environmental Protection Act 1990 s 7(1)(b). As to the power of the Secretary of State to give such directions see s 7(3); and the text and note 24. As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59. See *R (on the application of United Kingdom Renderers Association) v Secretary of State for the Environment, Transport and the Regions* [2002] EWCA Civ 749, [2002] All ER (D) 362 (May); and note 11.

13 Environmental Protection Act 1990 s 7(1)(c). Where a condition (in a landfill permit) referred to levels of pollution 'as perceived by an authorised officer', the court was not required to convict on being satisfied that an authorised officer honestly perceived the relevant facts; the court had to form its own view on the evidence presented to it and determine whether the condition has been breached: *Environment Agency v Biffa Waste Services Ltd* [2006] EWHC 3495 (Admin), [2006] All ER (D) 155 (Dec), (2006) Times, 20 December.

14 Environmental Protection Act 1990 s 7(1). This provision refers to the health of persons at work within the meaning of the Health and Safety at Work etc Act 1974 Pt I (ss 1-54): see **HEALTH AND SAFETY AT WORK** vol 52 (2009) PARA 420 et seq.

15 As to the meanings of 'prescribed process' and 'process' see PARA 159.

16 Environmental Protection Act 1990 s 7(2)(a).

17 Environmental Protection Act 1990 s 7(2)(a)(i). See *R (on the application of Thornby Farms Ltd) v Daventry District Council*, *R (on the application of Murray) v Derbyshire County Council* [2002] EWCA Civ 31, [2003] QB 503, [2002] 3 WLR 875; *R (on the application of United Kingdom Renderers Association) v Secretary of State for the Environment, Transport and the Regions* [2002] EWCA Civ 749, [2002] All ER (D) 362 (May); and notes 3, 11.

18 Environmental Protection Act 1990 s 7(2)(a)(ii).

19 Environmental Protection Act 1990 s 7(2)(b). As to the meaning of 'United Kingdom' see PARA 1 note 2.

20 Environmental Protection Act 1990 s 7(2)(c). For these purposes, the 'relevant enactments' are any enactments or instruments contained in or made for the time being under: (1) the Clean Air Act 1968 s 2 (repealed); (2) the European Communities Act 1972 s 2; (3) the Health and Safety at Work etc Act 1974 Pt I (see **HEALTH AND SAFETY AT WORK** vol 52 (2009) PARA 420 et seq); (4) the Control of Pollution Act 1974 Pt II (repealed), Pt III (ss 57-74) or Pt IV (repealed); (5) the Water Resources Act 1991 (see **WATER AND WATERWAYS**); (6) the Environmental Protection Act 1990 s 3 (prospectively repealed) (see PARA 160); and (7) the Environment Act 1995 s 87 (see PARA 200); Environmental Protection Act 1990 s 7(12) (amended by the Water Consolidation (Consequential Provisions) Act 1991 Sch 1 para 56(2); and the Environment Act 1995 Sch 22 para 49(2)).

21 Environmental Protection Act 1990 s 7(2)(d). As to such requirements see s 3(5); and PARA 160. It is the duty of enforcing authorities to have regard to any guidance issued to them by the Secretary of State for the purposes of the application of s 7(2) and s 7(7) (see the text and note 23) as to the techniques and environmental options that are appropriate for any description of prescribed process: s 7(11).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/4. INTEGRATION OF POLLUTION CONTROL/(2) INTEGRATED POLLUTION CONTROL/(ii) Authorisations/166. Fees and charges for authorisations.

166. Fees and charges for authorisations.

There must be charged by and paid to the local enforcing authority¹ such fees and charges as may be prescribed from time to time by a scheme (whether by being specified in or made calculable under the scheme)². The Secretary of State³ may, with the approval of the Treasury⁴, make, and from time to time revise, a scheme⁵ prescribing:

- 125 (1) fees payable in respect of applications for authorisations⁶;
- 126 (2) fees payable by persons holding authorisations in respect of, or of applications for, the variation of authorisations⁷; and
- 127 (3) charges payable by such persons in respect of the subsistence of their authorisations⁸.

A scheme may in particular:

- 128 (a) make different provision for different cases, including different provision in relation to different persons, circumstances or localities⁹;
- 129 (b) allow for reduced fees or charges to be payable in respect of authorisations for a number of prescribed processes¹⁰ carried on by the same person¹¹;
- 130 (c) provide for the times at which and the manner in which the payments required by the scheme are to be made¹²; and
- 131 (d) make such incidental, supplementary and transitional provision as appears to the Secretary of State to be appropriate¹³.

In framing a scheme, the Secretary of State must, so far as practicable, secure that the fees and charges payable under the scheme are sufficient, taking one financial year with another, to cover the relevant expenditure attributable to authorisations¹⁴. If it appears to the local enforcing authority that the holder of an authorisation has failed to pay a charge due in consideration of the subsistence of the authorisation, it may, by notice in writing served on the holder, revoke the authorisation¹⁵.

1 As to the meaning of 'local enforcing authority' see PARA 161 note 14.

2 Environmental Protection Act 1990 s 8(1) (amended by the Environment Act 1995 Sch 22 para 50(2)).

As to the prospective repeal and replacement of the Environmental Protection Act 1990 Pt I (ss 1-28) see PARA 159 note 2.

3 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

4 As to the Treasury see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 512 et seq.

5 Environmental Protection Act 1990 s 8(2). On making or revising such a scheme, the Secretary of State must lay a copy of the scheme or of the alterations made in it or, if he considers it more appropriate, the scheme as revised, before each House of Parliament: s 8(3).

6 Environmental Protection Act 1990 s 8(2)(a). As to the meaning of 'authorisation' see PARA 159 note 3.

- 7 Environmental Protection Act 1990 s 8(2)(b). As to the variation of authorisations and conditions see PARA 168 et seq.
- 8 Environmental Protection Act 1990 s 8(2)(c).
- 9 Environmental Protection Act 1990 s 8(5)(a).
- 10 As to the meanings of 'prescribed process' and 'process' see PARA 159.
- 11 Environmental Protection Act 1990 s 8(5)(b).
- 12 Environmental Protection Act 1990 s 8(5)(c).
- 13 Environmental Protection Act 1990 s 8(5)(d).
- 14 Environmental Protection Act 1990 s 8(6). The 'relevant expenditure attributable to authorisations' is the expenditure incurred by the local enforcing authorities in exercising their functions under Pt I (prospectively repealed) in relation to authorisations, together with the expenditure incurred by the Environment Agency in exercising, in relation to authorisations granted by local enforcing authorities or the prescribed processes to which such authorisations relate, such of its functions as are specified in the scheme: s 8(7) (amended by the Environment Act 1995 Sch 22 para 50(4); and the Prevention and Control of Pollution Act 1999 Sch 2). As to the Environment Agency see PARA 68 et seq.
- 15 Environmental Protection Act 1990 s 8(8) (amended by the Environment Act 1995 Sch 22 para 50(5)).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/4. INTEGRATION OF POLLUTION CONTROL/(2) INTEGRATED POLLUTION CONTROL/(ii) Authorisations/167. Transfer of authorisations.

167. Transfer of authorisations.

An authorisation¹ for the carrying on of any prescribed process² may be transferred by the holder to a person who proposes to carry on the process in the holder's place³. Where an authorisation is transferred, the person to whom it is transferred must notify the enforcing authority⁴ in writing of that fact not later than the end of the period of 21 days beginning with the date of the transfer⁵. An authorisation which is transferred has effect on and after the date of the transfer as if it had been granted to that person⁶, subject to the same conditions as were attached to it immediately before that date⁷.

1 As to the meaning of 'authorisation' see PARA 159 note 3.

2 As to the meanings of 'prescribed process' and 'process' see PARA 159.

3 Environmental Protection Act 1990 s 9(1). As to the prospective repeal and replacement of Pt I (ss 1-28) see PARA 159 note 2.

4 As to the meaning of 'enforcing authority' see PARA 161 note 14.

5 Environmental Protection Act 1990 s 9(2). Contravention of this provision is an offence: see PARA 181.

6 Ie granted under the Environmental Protection Act 1990 s 6: see PARA 162.

7 Environmental Protection Act 1990 s 9(3). As to conditions of authorisations see PARA 165.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/4. INTEGRATION OF POLLUTION CONTROL/(2) INTEGRATED POLLUTION CONTROL/(ii) Authorisations/168. Variation of authorisations by enforcing authority.

168. Variation of authorisations by enforcing authority.

The enforcing authority¹ may at any time, subject to certain requirements², vary³ an authorisation, and must do so if it appears to the authority at that time that the relevant statutory provision⁴ requires conditions to be included which are different from the subsisting conditions⁵. Where the enforcing authority has decided so to vary an authorisation, the authority must notify the holder of the authorisation and serve a variation notice on him⁶. An enforcing authority which has served a variation notice may vary that notice by serving on the holder of the authorisation in question a further notice⁷:

- 132 (1) specifying the variations which the enforcing authority has decided to make to the variation notice⁸; and
- 133 (2) specifying the date or dates on which the variations specified in the variation notice, as varied by the further notice, are to take effect⁹.

A variation notice must also:

- 134 (a) require the holder of the authorisation, within such period as may be specified in the notice, to notify the authority what action (if any) he proposes to take to ensure that the process¹⁰ is carried on in accordance with the authorisation as varied by the notice¹¹; and
- 135 (b) require the holder to pay, within such period as may be specified in the notice:

5

- 5. (i) in a case where the enforcing authority is the Environment Agency, the charge (if any) prescribed¹² for the purpose by a charging scheme¹³; or
- 6. (ii) in any other case, the fee (if any) prescribed by a scheme¹⁴.

6

Where in the opinion of the enforcing authority any action to be taken by the holder of an authorisation in consequence of a variation notice will involve a substantial change¹⁵ in the manner in which the process is being carried on, the enforcing authority must notify the holder of its opinion¹⁶.

The Secretary of State may, if he thinks fit in relation to authorisations of any description or particular authorisations, direct the enforcing authorities¹⁷:

- 136 (A) to exercise their powers under these provisions, or to do so in such circumstances as may be specified in the directions, in such manner as may be so specified¹⁸; or
- 137 (B) not to exercise those powers, or not to do so in such circumstances or such manner as may be so specified¹⁹.

1 As to the meaning of 'enforcing authority' see PARA 161 note 14.

2 le the requirements of the Environmental Protection Act 1990 s 7 (see PARA 165) and, in cases to which they apply, the requirements of Sch 1 Pt II (see PARAS 170-172). As to the prospective repeal and replacement of Pt I (ss 1-28) see PARA 159 note 2.

See *R v Environment Agency and Redland Aggregates, ex p Gibson, R v Environment Agency and Redland Aggregates, ex p Leam, R v Leicestershire County Council, ex p Sellers and Petty EA* [1999] Env LR 73 (power to vary an authorisation involved the same consideration of BATNEEC as in full applications) (see PARA 165).

3 In the Environmental Protection Act 1990 s 10 and s 11 (see PARA 169), 'vary' means: (1) in relation to the subsisting conditions or other provisions of an authorisation, adding to them or varying or rescinding any of them; and (2) in relation to a variation notice, adding to, or varying or rescinding the notice or any of its contents; and 'variation' must be construed accordingly: s 10(8) (amended by the Environment Act 1995 Sch 22 para 51(5)). As to the meaning of 'authorisation' see PARA 159 note 3. As to conditions of authorisations see PARA 165. In the Environmental Protection Act 1990 Pt I (prospectively repealed), a 'variation notice' is a notice served by the enforcing authority on the holder of an authorisation: (a) specifying variations of the authorisation which the enforcing authority has decided to make; and (b) specifying the date or dates on which the variations are to take effect; and, unless the notice is withdrawn or is varied under s 10(3A) (see the text and notes 7-9), the variations specified in a variation notice take effect on the date or dates so specified: s 10(3) (amended by the Environment Act 1995 Sch 22 para 51(2)).

4 le the Environmental Protection Act 1990 s 7: see PARA 165.

5 Environmental Protection Act 1990 s 10(1).

6 Environmental Protection Act 1990 s 10(2).

7 Environmental Protection Act 1990 s 10(3A) (added by the Environment Act 1995 Sch 22 para 51(3)). Any reference in the Environmental Protection Act 1990 Pt I (prospectively repealed) to a variation notice, or to a variation notice served under s 10(2), includes a reference to such a notice as varied by a further notice: s 10(3A) (as so added).

8 Environmental Protection Act 1990 s 10(3A)(a) (as added: see note 7).

9 Environmental Protection Act 1990 s 10(3A)(b) (as added: see note 7).

10 As to the meanings of 'prescribed process' and 'process' see PARA 159.

11 Environmental Protection Act 1990 s 10(4)(a).

12 In the Environmental Protection Act 1990 s 10 and s 11 (see PARA 169), 'prescribed' means prescribed in regulations made by the Secretary of State: s 10(8). See the Environmental Permitting (England and Wales) Regulations 2007, SI 2007/3538; and PARAS 163, 662 et seq. As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

13 le under the Environment Act 1995 s 41 (see PARA 97): Environmental Protection Act 1990 s 10(4)(b)(i) (s 10(4)(b) substituted by the Environment Act 1995 Sch 22 para 51(4)).

14 le under the Environmental Protection Act 1990 s 8 (see PARA 166): s 10(4)(b)(ii) (as substituted: see note 13).

15 In the Environmental Protection Act 1990 s 10 and s 11 (see PARA 169), a 'substantial change', in relation to a prescribed process being carried on under an authorisation, means a substantial change in the substances released from the process or in the amount or any other characteristic of any substance so released; and the Secretary of State may give directions to the enforcing authorities as to what does or does not constitute a substantial change in relation to processes generally, any description of process or any particular process: s 10(7). As to the meaning of 'released' see PARA 159 note 10; and as to the meaning of 'substance' see PARA 159 note 9.

16 Environmental Protection Act 1990 s 10(5).

17 Environmental Protection Act 1990 s 10(6).

18 Environmental Protection Act 1990 s 10(6)(a).

19 Environmental Protection Act 1990 s 10(6)(b). The Secretary of State has a corresponding power of direction in respect of the powers of the enforcing authorities to vary authorisations under s 11 (see PARA 169): see s 10(6).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/4. INTEGRATION OF POLLUTION CONTROL/(2) INTEGRATED POLLUTION CONTROL/(ii) Authorisations/169. Effect of changes to prescribed processes on authorisation.

169. Effect of changes to prescribed processes on authorisation.

A person carrying on a prescribed process¹ under an authorisation² who wishes to make a relevant change³ in the process may at any time:

- 138 (1) notify the enforcing authority⁴ in the prescribed⁵ form of that fact⁶; and
- 139 (2) request the enforcing authority to make a determination, in relation to the proposed change, of the matters mentioned in heads (a) to (d) below⁷.

A person making a request under head (2) above must furnish the enforcing authority with such information as may be prescribed or as the authority may by notice require⁸. On receiving such a request the enforcing authority must determine:

- 140 (a) whether the proposed change would involve a breach of any condition⁹ of the authorisation¹⁰;
- 141 (b) if it would not involve such a breach, whether the authority would be likely to vary¹¹ the conditions of the authorisation as a result of the change¹²;
- 142 (c) if it would involve such a breach, whether the authority would consider varying the conditions of the authorisation so that the change may be made¹³; and
- 143 (d) whether the change would involve a substantial change¹⁴ in the manner in which the process is being carried on¹⁵,

and the enforcing authority must notify the holder of the authorisation of its determination of those matters¹⁶.

Where the enforcing authority has determined that the proposed change would not involve a substantial change, but has also determined under head (b) or head (c) above that the change would lead to or require the variation of the conditions of the authorisation¹⁷, then:

- 144 (i) the enforcing authority must (either on notifying its determination under that provision or on a subsequent occasion) notify the holder of the authorisation of the variations which the authority is likely to consider making¹⁸; and
- 145 (ii) the holder may apply in the prescribed form to the enforcing authority for the variation of the conditions of the authorisation so that he may make the proposed change¹⁹.

Where the enforcing authority has determined that a proposed change would involve a substantial change that would lead to or require the variation of the conditions of the authorisation, then the authority must (either on notifying its determination or on a subsequent occasion) notify the holder of the authorisation of the variations which the authority is likely to consider making, and the holder of the authorisation must, if he wishes to proceed with the change, apply in the prescribed form to the enforcing authority for the variation of the conditions of the authorisation²⁰.

The holder of an authorisation may at any time (unless he is carrying on a prescribed process under the authorisation and wishes to make a relevant change in the process) apply to the

enforcing authority in the prescribed form for the variation of the conditions of the authorisation²¹. A person carrying on a process under an authorisation who wishes to make a relevant change in the process may, where it appears to him that the change will require the variation of the conditions of the authorisation, apply to the enforcing authority in the prescribed form for the variation of the conditions of the authorisation specified in the application²². A person who makes an application for the variation of the conditions of an authorisation must furnish the authority with such information as may be prescribed or as the authority may by notice require²³.

On an application for variation of the conditions of an authorisation under any of these provisions:

- 146 (A) the enforcing authority may, having fulfilled certain requirements²⁴ where necessary, as it thinks fit either refuse the application or²⁵ vary the conditions or, in the case of certain applications²⁶ treat the application as a request for a determination²⁷; and
- 147 (B) if the enforcing authority decides to vary the conditions, it must serve a variation notice on the holder of the authorisation²⁸.

Any application to the enforcing authority must be accompanied:

- 148 (aa) in a case where the enforcing authority is the Environment Agency²⁹, by the charge (if any) prescribed for the purpose by a charging scheme³⁰; or
- 149 (bb) in any other case, by the fee (if any) prescribed by a scheme³¹.

These provisions apply to any provision other than a condition which is contained in an authorisation as they apply to a condition with the modification that any reference to the breach of a condition must be read as a reference to acting outside the scope of the authorisation³².

1 As to the meanings of 'prescribed process' and 'process' see PARA 159.

2 As to the meaning of 'authorisation' see PARA 159 note 3.

3 For the purposes of the Environmental Protection Act 1990 s 11, a relevant change in a prescribed process is a change in the manner of carrying on the process which is capable of altering the substances released from the process or of affecting the amount or any other characteristic of any substance so released: s 11(11). As to the meaning of 'substance' see PARA 159 note 9; and as to the meaning of 'released' see PARA 159 note 10.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/4. INTEGRATION OF POLLUTION CONTROL/(2) INTEGRATED POLLUTION CONTROL/(ii) Authorisations/170. Supplementary provisions relating to variations of authorisations.

170. Supplementary provisions relating to variations of authorisations.

Where an enforcing authority¹ has decided to vary² an authorisation³ and is of the opinion that any action to be taken by the holder of the authorisation in consequence of the variation⁴ will involve a substantial change⁵ in the manner in which the process⁶ is being carried on⁷, the enforcing authority must give notice of the action to be taken by the holder of the authorisation to the persons who are prescribed or directed to be consulted and must do so within the specified period for notification; and the holder must advertise the action in the manner prescribed in regulations made by the Secretary of State⁸. The Secretary of State may, by regulations, exempt any class of variation from all or any of the requirements of these provisions or exclude any class of information relating to action to be taken by holders of authorisations from all or any of those requirements, in all cases or as respects specified classes only of persons to be consulted⁹. Any representations made by the persons so consulted within the period allowed must be considered by the enforcing authority in taking its decision¹⁰. Any representations made by any other persons within the period allowed must also be considered by the enforcing authority in taking its decision¹¹. The period allowed for making representations is: (1) in the case of persons prescribed or directed to be consulted, the period of 28 days beginning with the date on which notice was given; and (2) in the case of other persons, the period of 28 days beginning with the date of the advertisement¹².

1 As to the meaning of 'enforcing authority' see PARA 161 note 14.

2 As to the meaning of 'vary' see PARA 168 note 3.

3 As to the meaning of 'authorisation' see PARA 159 note 3. As to variation of authorisations see PARA 168.

4 As to the meaning of 'variation' see PARA 168 note 3.

5 As to the meaning of 'substantial change' see PARA 168 note 15.

6 As to the meanings of 'prescribed process' and 'process' see PARA 159.

7 Environmental Protection Act 1990 s 6(8), Sch 1 para 6(1) (amended by the Environment Act 1995 Sch 22 para 93(3)). The requirements of the Environmental Protection Act 1990 Sch 1 para 6 do not, however, apply in relation to any variations of an authorisation which an enforcing authority has decided to make in consequence of representations made in accordance with Sch 1 para 6 and which are specified by way of variation of a variation notice by a further notice under s 10(3A) (see PARA 168); Sch 1 para 6(1A) (added by the Environment Act 1995 Sch 22 para 93(4)). As to the meaning of 'variation notice' see PARA 168 note 3.

As to the prospective repeal and replacement of the Environmental Protection Act 1990 Pt I (ss 1-28) see PARA 159 note 2.

8 Environmental Protection Act 1990 Sch 1 para 6(2). This is expressed to be subject to Sch 1 para 6(3) (see the text and note 9). For these purposes: (1) persons are prescribed to be consulted on any description of variation if they are persons specified for the purposes of variations of that description in regulations made by the Secretary of State; and (2) persons are directed to be consulted on any particular variation if the Secretary of State specifies them in a direction given to the enforcing authority; and the 'specified period for notification' is the period specified in the regulations or in the direction: Sch 1 para 6(5). The Environmental Protection (Applications, Appeals and Registers) Regulations 1991, SI 1991/507, regs 4-7 (amended by the Countryside and Rights of Way Act 2000 s 73(2); SI 1996/667; SI 1996/2678; SI 2000/656) were made but these regulations have been revoked and replaced by the Environmental Permitting (England and Wales) Regulations 2007, SI 2007/3538: see PARA 662 et seq. As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

- 9 Environmental Protection Act 1990 Sch 1 para 6(3). See also the regulations cited in note 8.
- 10 Environmental Protection Act 1990 Sch 1 para 6(4).
- 11 Environmental Protection Act 1990 Sch 1 para 6(6).
- 12 Environmental Protection Act 1990 Sch 1 para 6(7). The Secretary of State may by order substitute for the period for the time being specified in head (1) or head (2) in the text such other period as he considers appropriate: Sch 1 para 6(8). At the date at which this volume states the law no such order had been made.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/4. INTEGRATION OF POLLUTION CONTROL/(2) INTEGRATED POLLUTION CONTROL/(ii) Authorisations/171. Applications for variation.

171. Applications for variation.

Where an application is made to an enforcing authority¹ for the variation² of an authorisation³, the enforcing authority must give notice of any such application, enclosing a copy of the application, to the persons who are prescribed or directed to be consulted, and must do so within the specified period for notification; and the holder of the authorisation must advertise the application in the manner prescribed in regulations made by the Secretary of State⁴. The Secretary of State may, by regulations, exempt any class of application from all or any of the requirements of these provisions or exclude any class of information furnished with applications for variations of authorisations from all or any of those requirements, in all cases or as respects specified classes only of persons to be consulted⁵. Any representations made by the persons so consulted within the period allowed must be considered by the enforcing authority in determining the application⁶. Any representation made by any other persons within the period allowed must also be considered by the enforcing authority in determining the application⁷. The period allowed for making representations is: (1) in the case of persons prescribed or directed to be consulted, the period of 28 days beginning with the date on which notice of the application was given; and (2) in the case of other persons, the period of 28 days beginning with the date on which the making of the application was advertised⁸.

1 As to the meaning of 'enforcing authority' see PARA 161 note 14.

2 As to the meaning of 'variation' see PARA 168 note 3.

3 I.e. an application under the Environmental Protection Act 1990 s 11(4) (see PARA 169): s 6(8), Sch 1 para 7(1). As to the meaning of 'authorisation' see PARA 159 note 3.

As to the prospective repeal and replacement of Pt I (ss 1-28) see PARA 159 note 2.

4 Environmental Protection Act 1990 Sch 1 para 7(2). This provision is expressed to be subject to Sch 1 para 7(3) (see the text and note 5). For these purposes: (1) persons are prescribed to be consulted on any description of application for a variation if they are persons specified for the purposes of applications of that description in regulations made by the Secretary of State; (2) persons are directed to be consulted on any particular application if the Secretary of State specifies them in a direction given to the enforcing authority; and (3) the 'specified period for notification' is the period specified in the regulations or in the direction: Sch 1 para 7(5). The Environmental Protection (Applications, Appeals and Registers) Regulations 1991, SI 1991/507, regs 4-7 (amended by the Countryside and Rights of Way Act 2000 s 73(2); SI 1996/667; SI 1996/2678; SI 2000/656) were made but these regulations have been revoked and replaced by the Environmental Permitting (England and Wales) Regulations 2007, SI 2007/3538: see PARA 662 et seq. As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

5 Environmental Protection Act 1990 Sch 1 para 7(3). See also the regulations cited in note 4.

6 Environmental Protection Act 1990 Sch 1 para 7(4).

7 Environmental Protection Act 1990 Sch 1 para 7(6).

8 Environmental Protection Act 1990 Sch 1 para 7(7). The Secretary of State may by order substitute for the period for the time being specified in head (1) or head (2) in the text such other period as he considers appropriate: Sch 1 para 7(8). At the date at which this volume states the law no such order had been made.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/4. INTEGRATION OF POLLUTION CONTROL/(2) INTEGRATED POLLUTION CONTROL/(ii) Authorisations/172. Call in of applications for variation.

172. Call in of applications for variation.

The Secretary of State¹ may give directions to the enforcing authority² requiring that any particular application or any class of applications for the variation³ of an authorisation⁴ must be transmitted to him for determination pending a further direction⁵. The enforcing authority must inform the applicant of the fact that his application is being transmitted to the Secretary of State⁶. Where an application for variation is so referred to him the Secretary of State may:

- 150 (1) cause a local inquiry to be held in relation to the application⁷; or
- 151 (2) afford the applicant and the authority concerned an opportunity of appearing before and being heard by a person appointed by the Secretary of State⁸,

and the Secretary of State must exercise one of the powers under this provision in any case where, in the manner prescribed by regulations made by the Secretary of State, a request is made to be heard with respect to the application by the applicant or the enforcing authority concerned⁹. The Secretary of State must, on determining any application transferred to him, give to the enforcing authority such a direction as he thinks fit as to whether it is to grant the application and, if so, as to the conditions that are to be attached to the authorisation by means of the variation notice¹⁰.

The Secretary of State may give the enforcing authority a direction with respect to any particular application or any class of applications for the variation of an authorisation requiring the authority not to determine or not to proceed with the application or applications of that class until the expiry of any such period as may be specified in the direction, or until directed by the Secretary of State that it may do so, as the case may be¹¹.

Except in a case where an application for the variation of an authorisation has been referred to the Secretary of State¹², the enforcing authority must determine an application for the variation of an authorisation within the period of four months beginning with the day on which it received the application or within such longer period as may be agreed with the applicant¹³. If the enforcing authority fails to determine an application for the variation of an authorisation within the period allowed, the application must, if the applicant notifies the authority in writing that he treats the failure as such, be deemed to have been refused at the end of that period¹⁴.

1 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

2 As to the meaning of 'enforcing authority' see PARA 161 note 14.

3 As to the meaning of 'variation' see PARA 168 note 3.

4 As to the meaning of 'authorisation' see PARA 159 note 3.

5 Environmental Protection Act 1990 s 6(8), Sch 1 para 8(1) (Sch 1 paras 8-10 added by the Environment Act 1995 Sch 22 para 93(5)). As to transmission of applications to the Secretary of State see the Environmental Protection Act 1990 Sch 1 para 8(5); and the text and note 10.

As to the prospective repeal and replacement of Pt I (ss 1-28) see PARA 159 note 2.

6 Environmental Protection Act 1990 Sch 1 para 8(2) (as added: see note 5).

7 Environmental Protection Act 1990 Sch 1 para 8(3)(a) (as added: see note 5). Without prejudice to the generality of the Local Government Act 1972 s 250(1) (see **LOCAL GOVERNMENT** vol 69 (2009) PARA 105), the provisions of s 250(2)-(5) apply to local inquiries or other hearings in pursuance of the Environmental Protection Act 1990 Sch 1 para 8(3) as they apply to inquiries in pursuance of the Local Government Act 1972 s 250 and as if the reference to a local authority in s 250(4) included a reference to the enforcing authority: Environmental Protection Act 1990 Sch 1 para 8(4) (as so added).

8 Environmental Protection Act 1990 Sch 1 para 8(3)(b) (as added: see note 5).

9 Environmental Protection Act 1990 Sch 1 para 8(3) (as added: see note 5). At the date at which this volume states the law no regulations had been made for these purposes.

10 Environmental Protection Act 1990 Sch 1 para 8(5) (as added: see note 5). As to the meaning of 'variation notice' see PARA 168 note 3.

11 Environmental Protection Act 1990 Sch 1 para 9 (as added: see note 5).

12 le under the Environmental Protection Act 1990 Sch 1 para 8 (see the text and notes 1-10); and subject to Sch 1 para 10(3) (see note 13).

13 Environmental Protection Act 1990 Sch 1 para 10(1) (as added: see note 5). The Secretary of State may by order substitute for the period for the time being specified in Sch 1 para 10(1) such other period as he considers appropriate; and different periods may be substituted for different classes of application: Sch 1 para 10(3) (as so added). At the date at which this volume states the law no such order had been made.

14 Environmental Protection Act 1990 Sch 1 para 10(2) (as added: see note 5).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/4. INTEGRATION OF POLLUTION CONTROL/(2) INTEGRATED POLLUTION CONTROL/(ii) Authorisations/173. Revocation of authorisation.

173. Revocation of authorisation.

The enforcing authority¹ may at any time revoke an authorisation² by notice in writing to the person holding the authorisation³. Without prejudice to the generality of this provision, the enforcing authority may revoke an authorisation where it has reason to believe that a prescribed process⁴ for which the authorisation is in force has not been carried on or not for a period of 12 months⁵. Such a revocation has effect from the date specified in the notice; and the period between the date on which the notice is served and the date so specified must not be less than 28 days⁶. The enforcing authority may, before the date on which the revocation of an authorisation takes effect, withdraw the notice or vary the date specified in it⁷. The Secretary of State⁸ may, if he thinks fit in relation to an authorisation, give to the enforcing authority directions as to whether the authority should revoke the authorisation under these provisions⁹.

1 As to the meaning of 'enforcing authority' see PARA 161 note 14.

2 As to the meaning of 'authorisation' see PARA 159 note 3.

3 Environmental Protection Act 1990 s 12(1).

As to the prospective repeal and replacement of Pt I (ss 1-28) see PARA 159 note 2.

As to an application for judicial review of the issue of a notice of revocation under s 12 on the grounds that the decision to issue was irrational and oppressive see *R v Environment Agency, ex p Petrus Oils Ltd* [1999] JPL 839, [1999] Env LR 732 (unsuccessful application).

4 As to the meanings of 'prescribed process' and 'process' see PARA 159.

7 Environmental Protection Act 1990 s 12(4).

8 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

9 Environmental Protection Act 1990 s 12(5).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/4. INTEGRATION OF POLLUTION CONTROL/(2) INTEGRATED POLLUTION CONTROL/(iii) Enforcement/174. Enforcement notices.

(iii) Enforcement

174. Enforcement notices.

If the enforcing authority¹ is of the opinion that the person carrying on a prescribed process² under an authorisation³ is contravening any condition⁴ of the authorisation, or is likely to contravene any such condition, the authority may serve on him a notice (an 'enforcement notice')⁵. An enforcement notice must:

- 152 (1) state that the authority is of the said opinion⁶;
- 153 (2) specify the matters constituting the contravention or the matters making it likely that the contravention will arise, as the case may be⁷;
- 154 (3) specify the steps that must be taken to remedy the contravention or to remedy the matters making it likely that the contravention will arise, as the case may be⁸; and
- 155 (4) specify the period within which those steps must be taken⁹.

The Secretary of State¹⁰ may, if he thinks fit in relation to the carrying on by any person of a prescribed process, give to the enforcing authority directions as to whether the authority should exercise its powers under these provisions and as to the steps which are to be required to be taken¹¹. The enforcing authority may, as respects any enforcement notice it has issued to any person, by notice in writing served on that person, withdraw the notice¹².

Failure to comply with, or contravention of, any requirement of an enforcement notice is an offence¹³.

1 As to the meaning of 'enforcing authority' see PARA 161 note 14.

2 As to the meanings of 'prescribed process' and 'process' see PARA 159.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/4. INTEGRATION OF POLLUTION CONTROL/(2) INTEGRATED POLLUTION CONTROL/(iii) Enforcement/175. Prohibition notices.

175. Prohibition notices.

If the enforcing authority¹ is of the opinion, as respects the carrying on of a prescribed process² under an authorisation³, that the continuing to carry it on, or the continuing to carry it on in a particular manner, involves an imminent risk of serious pollution of the environment⁴, the authority must serve a notice (a 'prohibition notice') on the person carrying on the process⁵. A prohibition notice may be served whether or not the manner of carrying on the process in question contravenes a condition⁶ of the authorisation and may relate to any aspects of the process, whether regulated by the conditions of the authorisation or not⁷. A prohibition notice must:

- 156 (1) state the authority's opinion⁸;
- 157 (2) specify the risk involved in the process⁹;
- 158 (3) specify the steps that must be taken to remove it and the period within which they must be taken¹⁰; and
- 159 (4) direct that, until the notice is withdrawn, the authorisation (wholly or to the extent specified in the notice) is to cease to have effect to authorise the carrying on of the process¹¹.

Where the direction applies to part only of the process, it may impose conditions to be observed in carrying on the part which is authorised to be carried on¹². The Secretary of State¹³ may, if he thinks fit in relation to the carrying on by any person of a prescribed process, give to the enforcing authority¹⁴ directions as to:

- 160 (a) whether the authority should perform its duties under these provisions¹⁵; and
- 161 (b) the matters to be specified in any prohibition notice which the authority is directed to issue¹⁶.

The enforcing authority must, as respects any prohibition notice it has issued to any person, by notice in writing served on that person, withdraw the notice when it is satisfied that the steps required by the notice have been taken¹⁷.

Failure to comply with, or contravention of, any requirement of a prohibition notice is an offence¹⁸.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/4. INTEGRATION OF POLLUTION CONTROL/(2) INTEGRATED POLLUTION CONTROL/(iv) Appeals/176. Appeals as respects authorisations and against variation, enforcement and prohibition notices.

(iv) Appeals

176. Appeals as respects authorisations and against variation, enforcement and prohibition notices.

The following persons, namely:

- 162 (1) a person who has been refused the grant of an authorisation¹;
- 163 (2) a person who is aggrieved by the conditions attached², to his authorisation³;
- 164 (3) a person who has been refused a variation of an authorisation⁴; and
- 165 (4) a person whose authorisation has been revoked⁵,

may appeal against the decision of the enforcing authority⁶ to the Secretary of State⁷ (except where the decision implements a direction given by him)⁸.

A person on whom a variation notice⁹, an enforcement notice¹⁰ or a prohibition notice¹¹ is served may appeal against the notice to the Secretary of State (except where the notice implements a direction given by him)¹².

An appeal under these provisions must, if and to the extent required by regulations¹³, be advertised in such manner as may be prescribed by such regulations¹⁴. Before determining an appeal, the Secretary of State may, if he thinks fit:

- 166 (a) cause the appeal to take or continue in the form of a hearing (which may, if the person hearing the appeal so decides, be held, or held to any extent, in private)¹⁵; or
- 167 (b) cause a local inquiry to be held¹⁶.

The Secretary of State must act as mentioned in head (a) or head (b) above if a request is made by either party to the appeal to be heard with respect to the appeal¹⁷. On determining an appeal against a decision of an enforcing authority, the Secretary of State:

- 168 (i) may affirm the decision¹⁸;
- 169 (ii) where the decision was a refusal to grant an authorisation or a variation of an authorisation, may direct the enforcing authority to grant the authorisation or to vary the authorisation, as the case may be¹⁹;
- 170 (iii) where the decision was as to the conditions attached to an authorisation, may quash all or any of the conditions of the authorisation²⁰;
- 171 (iv) where the decision was to revoke an authorisation, may quash the decision²¹,

and where he exercises any of the powers in head (ii), (iii) or (iv) above, he may give directions as to the conditions to be attached to the authorisation²².

¹ Environmental Protection Act 1990 s 15(1)(a). As to authorisations generally see s 6; and PARA 162. As to the meaning of 'authorisation' see PARA 159 note 3.

2 As to conditions of authorisations see PARA 165. The reference in the text is a reference to conditions attached under any provision of the Environmental Protection Act 1990 Pt I (ss 1-28) (prospectively repealed). As to the prospective repeal and replacement of Pt I see PARA 159 note 2.

As to the imposition of conditions on appeal which would mean that the operator could not continue operating see *Smith Bros (Hyde) Ltd v Secretary of State for the Environment* (21 June 1996, unreported), CA.

3 Environmental Protection Act 1990 s 15(1)(b).

4 Environmental Protection Act 1990 s 15(1)(c). As to application for a variation see s 11; and PARA 169.

5 Environmental Protection Act 1990 s 15(1)(d). As to revocation of an authorisation see s 12; and PARA 173. Where an appeal is brought against the revocation of an authorisation, the revocation does not take effect pending the final determination or withdrawal of the appeal: s 15(8).

6 As to the meaning of 'enforcing authority' see PARA 161 note 14.

7 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

8 Environmental Protection Act 1990 s 15(1). The provisions of s 15 are subject to the Environment Act 1995 s 114 (see PARA 65): Environmental Protection Act 1990 s 15(3) (substituted by the Environment Act 1995 Sch 22 para 54(3)).

9 As to the meaning of 'variation notice' see PARA 168 note 3.

10 As to the meaning of 'enforcement notice' see PARA 174.

11 As to the meaning of 'prohibition notice' see PARA 175.

12 Environmental Protection Act 1990 s 15(2) (amended by the Environment Act 1995 Sch 22 para 54(2)). On the determination of an appeal under the Environmental Protection Act 1990 s 15(2), the Secretary of State may either quash or affirm the notice and, if he affirms it, may do so either in its original form or with such modifications as he may in the circumstances think fit: s 15(7). Where an appeal is brought under s 15(2) against a notice, the bringing of the appeal will not have the effect of suspending the operation of the notice: s 15(9).

13 Provision may be made by the Secretary of State by regulations with respect to appeals under the above provisions and in particular:

56 (1) as to the period within which and the manner in which appeals are to be brought; and

57 (2) as to the manner in which appeals are to be considered,

and any such regulations may make different provision for different cases or different circumstances: Environmental Protection Act 1990 s 15(10) (amended by the Environment Act 1995 Sch 22 para 54(5)). The Environmental Protection (Applications, Appeals and Registers) Regulations 1991, SI 1991/507, regs 9-14 (amended by SI 1996/667) were made but the regulations have been revoked and replaced by the Environmental Permitting (England and Wales) Regulations 2007, SI 2007/3538: see PARA 662 et seq.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/4. INTEGRATION OF POLLUTION CONTROL/(2) INTEGRATED POLLUTION CONTROL/(iv) Appeals/177. Obtaining information from persons and authorities.

177. Obtaining information from persons and authorities.

For the purposes of the discharge of his functions under Part I of the Environmental Protection Act 1990¹, the Secretary of State² may, by notice in writing served on an enforcing authority³, require the authority to furnish such information about the discharge of its functions as an enforcing authority under that Part as he may require⁴. For the purposes of the discharge of their respective functions, the following authorities, that is to say: (1) the Secretary of State; (2) a local enforcing authority⁵; and (3) the Environment Agency⁶, may, by notice in writing served on any person, require that person to furnish to the authority such information which the authority reasonably considers that it needs as is specified in the notice, in such form and within such period following service of the notice, or at such time, as is so specified⁷.

1 The Environmental Protection Act 1990 Pt I (ss 1-28) (prospectively repealed). For these purposes, the discharge by the Secretary of State of an obligation of the United Kingdom under the Community treaties or any international agreement relating to environmental protection is treated as a function of his under Pt I: s 19(3). As to the meaning of 'United Kingdom' see PARA 1 note 2.

As to the prospective repeal and replacement of Pt I see PARA 159 note 2.

2 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

3 As to the meaning of 'enforcing authority' see PARA 161 note 14.

4 Environmental Protection Act 1990 s 19(1).

5 As to the meaning of 'local enforcing authority' see PARA 161 note 14.

6 As to the Environment Agency see PARA 68 et seq.

7 Environmental Protection Act 1990 s 19(2) (amended by the Environment Act 1995 Sch 22 para 56). Failure without reasonable excuse to comply with any requirement imposed by such a notice is an offence: see PARA 181.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/4. INTEGRATION OF POLLUTION CONTROL/(2) INTEGRATED POLLUTION CONTROL/(v) Information/178. Public registers of information.

(v) Information

178. Public registers of information.

It is the duty of each enforcing authority¹, as respects prescribed processes² for which it is the enforcing authority, to maintain, in accordance with regulations made by the Secretary of State³, a register containing prescribed particulars⁴ of or relating to:

- 172 (1) applications for authorisations made to that authority⁵;
- 173 (2) the authorisations which have been granted by that authority or in respect of which the authority has statutory functions⁶;
- 174 (3) variation notices, enforcement notices and prohibition notices issued by that authority⁷;
- 175 (4) revocations of authorisations effected by that authority⁸;
- 176 (5) appeals⁹;
- 177 (6) convictions for such offences as may be prescribed¹⁰;
- 178 (7) information obtained or furnished in pursuance of the conditions of authorisations or under any of the applicable statutory provisions¹¹;
- 179 (8) directions given to the authority under any such provision by the Secretary of State¹²; and
- 180 (9) such other matters relating to the carrying on of prescribed processes or any pollution of the environment caused thereby as may be prescribed¹³.

However, that duty is subject to certain provisions by which matters may or must be excluded from the register¹⁴.

The register maintained by a local enforcing authority¹⁵ in England and Wales must also contain prescribed particulars of such information contained in any register maintained by the Environment Agency¹⁶ as relates to the carrying on in the area of the authority of prescribed processes in relation to which the Agency has relevant statutory functions; and the Agency must furnish each authority with the particulars which are necessary to enable it to discharge its duty under this provision¹⁷.

The Secretary of State may give to enforcing authorities directions requiring the removal from any register of theirs of any specified information not prescribed for inclusion as described above, or which ought to have been excluded from the register¹⁸.

It is the duty of each enforcing authority: (a) to secure that the registers maintained by it are available, at all reasonable times, for inspection by the public free of charge; and (b) to afford to members of the public facilities for obtaining copies of entries, on payment of reasonable charges¹⁹.

Registers may be kept in any form²⁰.

1 As to the meaning of 'enforcing authority' see PARA 161 note 14.

2 As to the meanings of 'prescribed process' and 'process' see PARA 159.

3 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

4 Environmental Protection Act 1990 s 20(1). In s 20, 'prescribed' means prescribed in regulations under that provision: s 20(10). The Environmental Protection (Applications, Appeals and Registers) Regulations 1991, SI 1991/507, regs 15-17 (amended by SI 1996/667; SI 1996/979) were made but the regulations have been revoked and replaced by the Environmental Permitting (England and Wales) Regulations 2007, SI 2007/3538: see PARA 662 et seq.

As to the prospective repeal and replacement of the Environmental Protection Act 1990 Pt I (ss 1-28) see PARA 159 note 2.

5 Environmental Protection Act 1990 s 20(1)(a). As to the meaning of 'authorisation' see PARA 159 note 3. As to access to environmental information generally see PARA 55.

6 Environmental Protection Act 1990 s 20(1)(b). The reference to statutory functions is a reference to functions under Pt I (prospectively repealed).

7 Environmental Protection Act 1990 s 20(1)(c). As to the meaning of 'variation notice' see PARA 168 note 3. As to the meaning of 'enforcement notice' see PARA 174. As to the meaning of 'prohibition notice' see PARA 175.

8 Environmental Protection Act 1990 s 20(1)(d). As to revocations see PARA 173.

9 Environmental Protection Act 1990 s 20(1)(e). As to appeals see s 15; and PARA 176.

10 Environmental Protection Act 1990 s 20(1)(f). See s 23(1); and PARA 181.

11 Environmental Protection Act 1990 s 20(1)(g). The reference to relevant statutory provisions is a reference to Pt I (prospectively repealed).

12 Environmental Protection Act 1990 s 20(1)(h).

13 Environmental Protection Act 1990 s 20(1)(i). As to the meaning of 'pollution of the environment' see PARA 160 note 16. As to the meaning of 'environment' see PARA 159 note 10.

14 Environmental Protection Act 1990 s 20(1). This provision is expressed to be subject to ss 21, 22: see PARAS 179-180. Where information of any description is excluded from any register for reason of commercial confidentiality (ie by virtue of s 22: see PARA 180), a statement must be entered in the register indicating the existence of information of that description: s 20(5).

15 As to the meaning of 'local enforcing authority' see PARA 161 note 14.

16 As to the Environment Agency see PARA 68 et seq.

17 Environmental Protection Act 1990 s 20(2) (amended by the Environment Act 1995 Sch 22 PARA 57(2)). This does not apply to port health authorities, but each local enforcing authority in England and Wales whose area adjoins that of a port health authority must include corresponding information in the register maintained by it; and the Environment Agency must furnish each such local enforcing authority with the particulars which are necessary to enable it to discharge that duty: Environmental Protection Act 1990 s 20(4) (amended by the Environment Act 1995 Sch 22 PARA 57(4)). As to port health authorities see PARA 102.

18 Environmental Protection Act 1990 s 20(6).

19 Environmental Protection Act 1990 s 20(7)(a), (b). For these purposes, places may be prescribed by the Secretary of State at which any such registers or facilities are to be available or afforded to the public: see s 20(7) (amended by the Environment Act 1995 Sch 22 para 57(5)).

20 Environmental Protection Act 1990 s 20(8).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/4. INTEGRATION OF POLLUTION CONTROL/(2) INTEGRATED POLLUTION CONTROL/(v) Information/179. Exclusion from registers of information affecting national security.

179. Exclusion from registers of information affecting national security.

No information will be included in a register¹ if and so long as, in the opinion of the Secretary of State², the inclusion in the register of that information, or information of that description, would be contrary to the interests of national security³. The Secretary of State may, for the purpose of securing the exclusion from registers of information affecting national security, give to enforcing authorities⁴ directions:

- 181 (1) specifying information, or descriptions of information, to be excluded from their registers⁵; or
- 182 (2) specifying descriptions of information to be referred to the Secretary of State for his determination⁶,

and no information referred to the Secretary of State in pursuance of head (2) above may be included in any such register until the Secretary of State determines that it should be so included⁷. The enforcing authority must notify the Secretary of State of any information it excludes from the register in pursuance of such directions⁸.

A person may, as respects any information which appears to him to be information which may affect national security, give a notice to the Secretary of State specifying the information and indicating its apparent nature⁹; and, if he does so:

- 183 (a) he must notify the enforcing authority that he has done so¹⁰; and
- 184 (b) no information so notified to the Secretary of State may be included in any such register until the Secretary of State has determined that it should be so included¹¹.

1 Ie a register maintained under the Environmental Protection Act 1990 s 20: see PARA 178. As to the prospective repeal and replacement of Pt I (ss 1-28) see PARA 159 note 2.

2 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

3 Environmental Protection Act 1990 s 21(1).

4 As to the meaning of 'enforcing authority' see PARA 161 note 14.

5 Environmental Protection Act 1990 s 21(2)(a).

6 Environmental Protection Act 1990 s 21(2)(b).

7 Environmental Protection Act 1990 s 21(2).

8 Environmental Protection Act 1990 s 21(3).

9 Environmental Protection Act 1990 s 21(4).

10 Environmental Protection Act 1990 s 21(4)(a).

11 Environmental Protection Act 1990 s 21(4)(b).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/4. INTEGRATION OF POLLUTION CONTROL/(2) INTEGRATED POLLUTION CONTROL/(v) Information/180. Exclusion from registers of certain confidential information.

180. Exclusion from registers of certain confidential information.

No information relating to the affairs of any individual or business may be included in a register¹ without the consent of that individual or the person for the time being carrying on that business², if and so long as the information is, in relation to him, commercially confidential³ and is not required to be included in the register in pursuance of directions⁴.

Where information is furnished to an enforcing authority for the purpose of:

- 185 (1) an application for an authorisation⁵ or for the variation of an authorisation;
- 186 (2) complying with any condition⁶ of an authorisation; or
- 187 (3) complying with a notice requiring the furnishing of information⁷,

then, if the person furnishing it applies to the authority to have the information excluded from the register on the ground that it is commercially confidential (as regards himself or another person), the authority must determine whether the information is or is not commercially confidential⁸. Where it appears to an enforcing authority that any information⁹ which has been obtained by the authority¹⁰ might be commercially confidential, the authority must:

- 188 (a) give to the person to whom or whose business it relates notice that that information is required to be included in the register unless excluded under these provisions¹¹; and
 - 189 (b) give him a reasonable opportunity:
7
 - 7. (i) of objecting to the inclusion of the information on the ground that it is commercially confidential¹²; and
 - 8. (ii) of making representations to the authority for the purpose of justifying any such objection¹³,
- 8

and, if any representations are made, the enforcing authority must, having taken the representations into account, determine whether the information is or is not commercially confidential¹⁴. Where an authority determines that information is not commercially confidential¹⁵:

- 190 (A) the information must not be entered in the register until the end of the period of 21 days beginning with the date on which the determination is notified to the person concerned¹⁶;
- 191 (B) that person may appeal to the Secretary of State against the decision¹⁷.

Where such an appeal is brought in respect of any information, the information may not be entered in the register until the end of the period of seven days following the day on which the appeal is finally determined or withdrawn¹⁸.

The Secretary of State may give directions to the enforcing authorities as to specified information, or descriptions of information, which the public interest requires to be included in registers notwithstanding that the information may be commercially confidential¹⁹.

Information excluded from a register will be treated as ceasing to be commercially confidential for the purposes of these provisions at the expiry of the period of four years beginning with the date of the determination by virtue of which it was excluded; but the person who furnished it may apply to the authority for the information to remain excluded from the register on the ground that it is still commercially confidential and the authority must determine whether or not that is the case²⁰.

1 Ie a register maintained under the Environmental Protection Act 1990 s 20: see PARA 178. As to the prospective repeal and replacement of Pt I (ss 1-28) see PARA 159 note 2.

2 Environmental Protection Act 1990 s 22(1).

3 Environmental Protection Act 1990 s 22(1)(a). Information is, for the purposes of any determination under s 22, commercially confidential, in relation to any individual or person, if its being contained in the register would prejudice to an unreasonable degree the commercial interests of that individual or person: s 22(11). However, information is not commercially confidential for these purposes unless it is determined under s 22 to be so by the enforcing authority or, on appeal, by the Secretary of State: s 22(1). As to confidential information generally see **CONFIDENCE AND DATA PROTECTION**. As to the meaning of 'enforcing authority' see PARA 161 note 14. As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

4 Environmental Protection Act 1990 s 22(1)(b). As to the register of directions see s 22(7); and the text and note 19.

5 As to the meaning of 'authorisation' see PARA 159 note 3.

6 As to conditions of authorisations see PARA 165.

7 Ie a notice under the Environmental Protection Act 1990 s 19(2): see PARA 177.

8 Environmental Protection Act 1990 s 22(2). Such a determination must be made within the period of 14 days beginning with the date of the application; and if the enforcing authority fails to make a determination within that period it will be treated as having determined that the information is commercially confidential: s 22(3). The Secretary of State may by order substitute for the period for the time being specified in s 22(3) such other period as he considers appropriate: s 22(10). At the date at which this volume states the law no such order had been made.

9 Ie other than information furnished in circumstances within the Environmental Protection Act 1990 s 22(2): see the text and note 8.

10 Ie under or by virtue of any provision of the Environmental Protection Act 1990 Pt I (prospectively repealed).

11 Environmental Protection Act 1990 s 22(4)(a).

12 Environmental Protection Act 1990 s 22(4)(b)(i).

13 Environmental Protection Act 1990 s 22(4)(b)(ii).

14 Environmental Protection Act 1990 s 22(4).

15 Ie under the Environmental Protection Act 1990 s 22(2) or (4): see the text and notes 8-14.

16 Environmental Protection Act 1990 s 22(5)(a) (amended by the Environment Act 1995 Sch 22 para 58(2)).

17 Environmental Protection Act 1990 s 22(5)(b).

18 Environmental Protection Act 1990 s 22(5) (amended by the Environment Act 1995 Sch 22 para 58(2)). The provisions of the Environmental Protection Act 1990 s 15(5), (10) (see PARA 176) apply in relation to an appeal under s 22(5) as in relation to an appeal under s 15; but s 15(5) has effect so that the hearing must be

held in private, and s 22(5) is subject to the Environment Act 1995 s 114 (see PARA 65): Environmental Protection Act 1990 s 22(6) (substituted by the Environment Act 1995 Sch 22 para 58(3)).

19 Environmental Protection Act 1990 s 22(7).

20 Environmental Protection Act 1990 s 22(8). Section 22(5) and s 22(6) (see the text and note 18) apply in relation to a determination under s 22(8) as in relation to a determination under s 22(2) or (4) (see the text and notes 8-14); s 22(9).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/4. INTEGRATION OF POLLUTION CONTROL/(2) INTEGRATED POLLUTION CONTROL/(vi) Offences and Remedying the Harm/181. Offences.

(vi) Offences and Remedying the Harm

181. Offences.

It is an offence for a person:

- 192 (1) to carry on a prescribed process without due authorisation¹;
- 193 (2) to fail to give the notice required by provisions relating to the transfer of authorisations²;
- 194 (3) to fail to comply with or to contravene any requirement or prohibition imposed by an enforcement notice or a prohibition notice³;
- 195 (4) to fail, without reasonable excuse, to comply with any requirement imposed by a notice requiring the furnishing of information⁴;
- 196 (5) to make a statement which he knows to be false or misleading in a material particular, or recklessly to make a statement which is false or misleading in a material particular, where the statement is made: (a) in purported compliance with a requirement to furnish any information imposed by or under any provision of Part I of the Environmental Protection Act 1990⁵; or (b) for the purpose of obtaining the grant of an authorisation to himself or any other person or the variation of an authorisation⁶;
- 197 (6) intentionally to make a false entry in any record required to be kept in relation to conditions for authorisation⁷;
- 198 (7) with intent to deceive, to forge or use a document issued or authorised to be issued in relation to conditions for authorisation⁸ or required for any purpose in that regard, or to make or have in his possession a document so closely resembling any such document as to be likely to deceive⁹;
- 199 (8) to fail to comply with an order made by a court for the cause of an offence to be remedied¹⁰.

A person guilty of an offence under these provisions is liable to a penalty¹¹.

1 Environmental Protection Act 1990 s 23(1)(a). This refers to a contravention of s 6(1) (see PARA 162): see s 23(1)(a). As to the meaning of 'authorisation' see PARA 159 note 3. As to the meanings of 'prescribed process' and 'process' see PARA 159. See also *Dudley Metropolitan Borough Council v Henley Foundries Ltd* [1999] Env LR 895 (interpretation of authorisation condition by reference to dictionary definition and no defence of emergency).

As to the prospective repeal and replacement of the Environmental Protection Act 1990 Pt I (ss 1-28) see PARA 159 note 2.

4 As to the meaning of 'prohibition notice' see PARA 175.

5 Environmental Protection Act 1990 s 24. See *Tameside Metropolitan Borough Council v Smith Bros (Hyde) Ltd* [1996] Env LR D4.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/4. INTEGRATION OF POLLUTION CONTROL/(2) INTEGRATED POLLUTION CONTROL/(vi) Offences and Remedying the Harm/183. Onus of proof as regards techniques and evidence.

183. Onus of proof as regards techniques and evidence.

In any proceedings for an offence¹ consisting in a failure to comply with the general condition implied in every authorisation², it is for the accused to prove that there was no better available technique not entailing excessive cost³ than was in fact used to satisfy the condition⁴.

Where an entry is required to be made in any record⁵ as to the observance of any condition of an authorisation, and the entry has not been made, that fact is admissible as evidence that that condition has not been observed⁶.

1 Ie an offence under the Environmental Protection Act 1990 s 23(1)(a): see PARA 181. As to the prospective repeal and replacement of Pt I (ss 1-28) see PARA 159 note 2.

2 As to the general condition see the Environmental Protection Act 1990 s 7(4); and PARA 165. As to the meaning of 'authorisation' see PARA 159 note 3.

3 As to the meaning of 'best available techniques not entailing excessive cost' see PARA 165 note 3.

4 Environmental Protection Act 1990 s 25(1).

5 Ie under the Environmental Protection Act 1990 s 7: see PARA 165.

6 Environmental Protection Act 1990 s 25(2). This does not have effect in relation to any entry required to be made in any record by virtue of a condition of a relevant licence, within the meaning of the Environment Act 1995 s 111 (see PARA 152): Environmental Protection Act 1990 s 25(3) (added by the Environment Act 1995 s 111(6)).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/4. INTEGRATION OF POLLUTION CONTROL/(2) INTEGRATED POLLUTION CONTROL/(vi) Offences and Remedying the Harm/184. Power of court to order cause of offence to be remedied.

184. Power of court to order cause of offence to be remedied.

Where a person is convicted of an offence consisting in carrying on a prescribed process without authorisation¹ or failure to comply with the requirements of an enforcement notice or prohibition notice² in respect of any matters which appear to the court to be matters which it is in his power to remedy, the court may, in addition to or instead of imposing any punishment, order him, within such time as may be fixed by the order, to take such steps as may be specified in the order for remedying those matters³.

Failure to comply with such an order is itself an offence⁴.

Where a person is so ordered to remedy any matters, he is not liable for an offence in respect of those matters in so far as they continue during the time fixed by the order or any further time allowed⁵.

1 Is an offence under the Environmental Protection Act 1990 s 23(1)(a); see PARA 181. As to the meanings of 'prescribed process' and 'process' see PARA 159.

As to the prospective repeal and replacement of Pt I (ss 1-28) see PARA 159 note 2.

2 Is an offence under the Environmental Protection Act 1990 s 23(1)(c) (see PARA 181). As to the meaning of 'enforcement notice' see PARA 174; and as to the meaning of 'prohibition notice' see PARA 175.

3 Environmental Protection Act 1990 s 26(1). The time fixed by an order under s 26(1) may be extended or further extended by order of the court on an application made before the end of the time as originally fixed or as extended under this provision, as the case may be: s 26(2).

4 See PARA 181.

5 Environmental Protection Act 1990 s 26(3).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/4. INTEGRATION OF POLLUTION CONTROL/(2) INTEGRATED POLLUTION CONTROL/(vi) Offences and Remedying the Harm/185. Power of Environment Agency to remedy harm.

185. Power of Environment Agency to remedy harm.

Where the commission of an offence consisting in carrying on a prescribed process without authorisation¹, or failure to comply with the requirements of an enforcement notice or prohibition notice², causes any harm³ which it is possible to remedy, the Environment Agency⁴ may⁵: (1) arrange for any reasonable steps to be taken towards remedying the harm⁶; and (2) recover the cost of taking those steps from any person convicted of that offence⁷.

The Environment Agency may not exercise its powers under these provisions except with the approval in writing of the Secretary of State⁸ and, where any of the steps are to be taken on or will affect land in the occupation of any person other than the person on whose land the prescribed process is being carried on, with the permission of that person⁹.

1 Is an offence under the Environmental Protection Act 1990 s 23(1)(a): see PARA 181. As to the meanings of 'prescribed process' and 'process' see PARA 159.

As to the prospective repeal and replacement of Pt I (ss 1-28) see PARA 159 note 2.

2 Is an offence under the Environmental Protection Act 1990 s 23(1)(c): see PARA 181. As to the meaning of 'enforcement notice' see PARA 174; and as to the meaning of 'prohibition notice' see PARA 175.

3 As to the meaning of 'harm' see PARA 160 note 16.

4 As to the Environment Agency see PARA 68 et seq. See also PARA 161 note 5.

5 Environmental Protection Act 1990 s 27(1) (amended by the Environment Act 1995 Sch 22 para 60). This is subject to the Environmental Protection Act 1990 s 27(2): see the text and note 9.

6 Environmental Protection Act 1990 s 27(1)(a). See the Environmental Damage (Prevention and Remediation) Regulations 2009, SI 2009/153; and PARA 5.

7 Environmental Protection Act 1990 s 27(1)(b).

8 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

9 Environmental Protection Act 1990 s 27(2) (amended by the Environment Act 1995 Sch 22 para 60).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/4. INTEGRATION OF POLLUTION CONTROL/(3) INTEGRATED POLLUTION PREVENTION AND CONTROL/186. Regulation of polluting activities.

(3) INTEGRATED POLLUTION PREVENTION AND CONTROL

186. Regulation of polluting activities.

The Pollution Prevention and Control Act 1999 provides that the Secretary of State¹ may by regulations² make provision for specified purposes³ with the general purposes of:

- 200 (1) implementing European Union legislation⁴ concerning integrated pollution prevention and control⁵;
- 201 (2) regulating, otherwise than in pursuance of that legislation, activities⁶ which are capable of causing any environmental pollution⁷; and
- 202 (3) otherwise preventing or controlling emissions capable of causing any such pollution⁸.

Before making any such regulations, the Secretary of State must consult⁹: (a) the Environment Agency¹⁰; (b) such bodies or persons appearing to him to be representative of the interests of local government, industry, agriculture and small businesses respectively as he may consider appropriate; and (c) such other bodies or persons as he may consider appropriate¹¹.

1 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59. As to the application of the Pollution Prevention and Control Act 1999 to Wales and Scotland see s 5.

2 Such regulations may contain such consequential, incidental, supplementary, transitional or saving provisions (including provisions amending, repealing or revoking enactments) as the Secretary of State considers appropriate, and make different provision for different cases, including different provision in relation to different persons, circumstances, areas or localities: Pollution Prevention and Control Act 1999 s 2(3). The power to make regulations under s 2 must be exercised by statutory instrument: s 2(6). A statutory instrument containing such regulations, if made without a draft having been laid before, and approved by a resolution of, each House of Parliament, is subject to annulment in pursuance of a resolution of either House: s 2(7). However, certain regulations may not be made unless a draft of the statutory instrument containing the regulations has been laid before, and approved by a resolution of, each House of Parliament: s 2(8). Those regulations are: (1) the first regulations to be made under s 2; (2) regulations which create an offence or increase a penalty for an existing offence; and (3) regulations which repeal or amend a provision of an Act: s 2(9).

At the date at which this volume states the law, the following regulations have been made under s 2: the Pollution Prevention and Control (England and Wales) Regulations 2000, SI 2000/1973 (revoked) (see now the Environmental Permitting (England and Wales) Regulations 2007, SI 2007/3538; and PARA 662 et seq); the Offshore Combustion Installations (Prevention and Control of Pollution) Regulations 2001, SI 2001/1091 (amended by SI 2003/3311; SI 2005/2055; and SI 2007/938); the Offshore Chemicals Regulations 2002, SI 2002/1355 (amended by SI 2005/2055); the Landfill (England and Wales) Regulations 2002, SI 2002/1559 (revoked) (see now the Environmental Permitting (England and Wales) Regulations 2007, SI 2007/3538; and PARA 662 et seq); the Large Combustion Plants (England and Wales) Regulations 2002, SI 2002/2688 (revoked) (see now the Environmental Permitting (England and Wales) Regulations 2007, SI 2007/3538; and PARA 662 et seq); the Waste Incineration (England and Wales) Regulations 2002, SI 2002/2980 (revoked) (see now the Environmental Permitting (England and Wales) Regulations 2007, SI 2007/3538; and PARA 662 et seq); the Solvent Emissions (England and Wales) Regulations 2004, SI 2004/107 (revoked) (see now the Environmental Permitting (England and Wales) Regulations 2007, SI 2007/3538; and PARA 662 et seq); the Pollution Prevention and Control (Unauthorised Part B Processes) (England and Wales) Regulations 2004, SI 2004/434 (revoked) (see now the Environmental Permitting (England and Wales) Regulations 2007, SI 2007/3538; and PARA 662 et seq); the Greenhouse Gas Emissions Trading Scheme Regulations 2005, SI 2005/925 (see PARA 260); the Offshore Petroleum Activities (Oil Pollution Prevention and Control) Regulations 2005, SI 2005/2055 (see **FUEL AND ENERGY** vol 19(3) (2007 Reissue) PARA 1695 et seq); the Large Combustion Plants (National Emission Reduction

Plan) Regulations 2007, SI 2007/2325 (amended by SI 2007/3476; and SI 2007/3538) (see also PARA 11); the Aviation Greenhouse Gas Emissions Trading Scheme Regulations 2009, SI 2009/2301 (see **FUEL AND ENERGY**); the Groundwater (England and Wales) Regulations 2009, SI 2009/2902 (see PARA 335); and the Greenhouse Gas Emissions Data and National Implementation Measures Regulations 2009, SI 2009/3130. As to the consideration of certain issues under the Pollution Prevention and Control (England and Wales) Regulations 2000, SI 2000/1973 (now revoked) see *United Utilities Water plc v Environment Agency for England and Wales* [2006] EWCA Civ 633, [2006] Env LR 42, [2006] All ER (D) 292 (May) (affd [2007] UKHL 41, [2008] 1 All ER 741, [2007] 1 WLR 2707); *Kent v First Secretary of State* [2004] EWHC 2953 (Admin), (2004) Times, 12 November, [2004] All ER (D) 52 (Dec). See also *R (on the application of Edwards) v Environment Agency* [2005] EWHC 657 (Admin), [2006] Env LR 3, [2005] All ER (D) 230 (Apr) (affd [2006] EWCA Civ 877, [2007] Env LR 9, [2006] All ER (D) 309 (Jun)); *R (on the application of Rockware Glass Ltd) v Chester City Council* [2006] EWCA Civ 992, [2006] All ER (D) 151 (Jun).

3 Pollution Prevention and Control Act 1999 s 2(1), (2). The specified purposes are any of the purposes listed in Sch 1 Pt I: see PARA 187 heads (1)-(21). There are provisions supplementary to Sch 1 Pt I: see Sch 1 Pt II; PARA 187 notes 9, 11, 23; and PARA 187 text and notes 28-31.

The regime of integrated pollution prevention and control ('IPPC') is being introduced, industry by industry (represented by the various regulations listed in note 2). The intention was that this regime would thus gradually replace the provisions of the Environmental Protection Act 1990 Pt I (ss 1-28) (prospectively repealed) (see PARA 159 et seq). As to the prospective repeal and replacement of Pt I see PARA 159 note 2.

Where an activity is subject to regulations under the Pollution Prevention and Control Act 1999 s 2, then the Clean Air Act 1993 Pt I (ss 1-3), Pt II (ss 4-16) and Pt III (ss 18-29) do not apply as from the determination date for the activity in question: see s 41A(1); and PARA 191 note 1.

4 I.e. EC Council Directive 96/61 (OJ L257, 10.10.96, p 26) concerning integrated pollution prevention and control (now repealed and replaced by European Parliament and EC Council Directive 2008/1 (OJ L24, 29.1.2008, p 8) concerning integrated pollution prevention and control (Codified version)): see PARAS 6, 158.

5 Pollution Prevention and Control Act 1999 s 1(1)(a).

6 'Activities' means activities of any nature, whether industrial or commercial or other activities, or whether carried on on particular premises or otherwise, and includes (with or without other activities) the depositing, keeping or disposal of any substance: Pollution Prevention and Control Act 1999 s 1(2).

As to what constitute landfill activities for the purposes of the Landfill (England and Wales) Regulations 2002, SI 2002/1559 (now revoked) (see note 2) see *Blackland Park Exploration Ltd v Environment Agency* [2003] EWCA Civ 1795, [2004] Env LR 33, (2003) Times, 2 January. See also *R (on the application of Anti-Waste Ltd) v Environment Agency* [2007] EWCA Civ 1377, [2008] 1 WLR 923, [2008] Env LR 18.

7 Pollution Prevention and Control Act 1999 s 1(1)(b). 'Environmental pollution' means pollution of the air, water or land which may give rise to any harm; and for this purpose 'pollution' includes pollution caused by noise, heat or vibrations or any other kind of release of energy, and 'air' includes air within buildings and air within other natural or man-made structures above or below ground: s 1(2). 'Harm' means: (1) harm to the health of human beings or other living organisms; (2) harm to the quality of the environment, including (a): harm to the quality of the environment taken as a whole; (b) harm to the quality of the air, water or land; and (c) other impairment of, or interference with, the ecological systems of which any living organisms form part; (3) offence to the senses of human beings; (4) damage to property; or (5) impairment of, or interference with, amenities or other legitimate uses of the environment: s 1(3). Expressions used in s 1(3) have the same meaning as in EC Council Directive 96/61 (OJ L257, 10.10.96, p 26) (now repealed and replaced by European Parliament and EC Council Directive 2008/1 (OJ L24, 29.1.2008, p 8)) (see note 4; and PARA 6): Pollution Prevention and Control Act 1999 s 1(3).

8 Pollution Prevention and Control Act 1999 s 1(1)(c).

9 Consultation undertaken before the passing of the Pollution Prevention and Control Act 1999 is sufficient: s 2(5). The Pollution Prevention and Control Act 1999 was passed on 27 July 1999.

10 As to the Environment Agency see PARA 68 et seq.

11 Pollution Prevention and Control Act 1999 s 2(4).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/4. INTEGRATION OF POLLUTION CONTROL/(3) INTEGRATED POLLUTION PREVENTION AND CONTROL/187. Regulations for integrated pollution prevention and control.

187. Regulations for integrated pollution prevention and control.

The particular purposes for which regulations for integrated pollution prevention and control¹ may be made are²:

- 203 (1) (a) establishing standards, objectives or requirements in relation to emissions; (b) authorising the making of plans for the setting of overall limits, the allocation of quotas, or the progressive improvement of standards or objectives, relating to such emissions; and (c) authorising the making of schemes for the trading or other transfer of quotas so allocated³;
- 204 (2) (a) determining the authorities (whether public or local or the Secretary of State) by whom functions conferred by the regulations in relation to permits under the regulations, or otherwise for or in connection with the prevention or control of environmental pollution, are to be exercisable ('regulators'); and (b) specifying any purposes for which any such functions are to be exercisable by regulators⁴;
- 205 (3) enabling the Secretary of State to give directions which regulators are to comply with, or guidance which regulators are to have regard to, in exercising functions under the regulations, including: (a) directions providing for any functions exercisable by one regulator to be instead exercisable by another; (b) directions given for the purposes of the implementation of any obligations of the United Kingdom⁵ under the European Union treaties or under any international agreement to which the United Kingdom is a party; (c) directions relating to the exercise of any function in a particular case or class of case⁶;
- 206 (4) prohibiting persons from operating any installation or plant of any specified description, or otherwise carrying on any activities of any specified description, except: (a) under a permit in force under the regulations; and (b) in accordance with any conditions to which the permit is subject⁷;
- 207 (5) specifying restrictions or other requirements in connection with the grant of permits (including provisions for restricting the grant of permits to those who are fit and proper persons within the meaning of the regulations), and otherwise regulating the procedure to be followed in connection with the grant of permits⁸;
- 208 (6) (a) prescribing the contents of permits; (b) authorising permits to be granted subject to conditions imposed by regulators; and (c) securing that permits have effect subject to conditions specified in the regulations or subject to rules of general application specified in or made under the regulations⁹;
- 209 (7) (a) requiring permits or the conditions to which permits are subject to be reviewed by regulators (whether periodically or in any specified circumstances); (b) authorising or requiring the variation of permits or such conditions by regulators (whether on applications made by holders of permits or otherwise); and (c) regulating the making of changes in the operation of the installations or plant to which permits relate, or in the case of permits for the carrying on of activities otherwise than in the course of operating any installation or plant, in the carrying on of the activities¹⁰;
- 210 (8) (a) regulating the transfer or surrender of permits; (b) authorising the revocation of permits by regulators; and (c) authorising the imposition by regulators of requirements with respect to the taking of preventive or remedial

- action (by holders of permits or other persons) in connection with the surrender or revocation of permits¹¹;
- 211 (9) authorising the Secretary of State to make schemes for the charging by regulators of fees or other charges in respect of, or in respect of an application for: (a) the grant of a permit; (b) the variation of a permit or the conditions to which it is subject; or (c) the transfer or surrender of a permit, or in respect of the subsistence of a permit¹²;
- 212 (10) authorising the Secretary of State to make schemes for the charging by regulators of charges, as respects greenhouse gas emissions permits¹³ in relation to offshore installations¹⁴;
- 213 (11) authorising, or authorising a Minister of the Crown to make schemes for, the charging by Ministers of the Crown or public or local authorities of fees or other charges in respect of: (a) the testing or analysis of substances; (b) the validating of, or of the results of, any testing or analysis of substances; or (c) assessing how the environment might be affected by the release into it of any substances, in cases where the testing, analysis, validating or assessing is in any way in anticipation of, or otherwise in connection with, the making of applications for the grant of permits or is carried out in pursuance of conditions to which any permit is subject¹⁵;
- 214 (12) enabling persons of any specified description (whether or not they are holders of permits) to be required: (a) to compile information on emissions within the meaning of the regulations, on energy consumption and the efficiency with which energy is used, and on waste within the meaning of the regulations and on the destinations of such waste; and (b) to provide such information in such manner as is specified in the regulations¹⁶;
- 215 (13) securing: (a) that publicity is given to specified matters; (b) that regulators maintain registers of specified matters (but excepting information which under the regulations is, or is determined to be, commercially confidential and subject to any other exceptions specified in the regulations) which are open to public inspection; and (c) that copies of entries in such registers, or of specified documents, may be obtained by members of the public¹⁷;
- 216 (14) requiring or authorising regulators to carry out consultation in connection with the exercise of any of their functions, and providing for them to take into account representations made to them on consultation¹⁸;
- 217 (15) (a) conferring on regulators functions with respect to the monitoring and inspection of the carrying on of activities to which permits relate, including power to take samples or to make copies of information, and power to arrange for preventive or remedial action to be taken at the expense of holders of permits; and (b) authorising regulators to appoint suitable persons to exercise any such functions and conferring powers¹⁹ on persons so appointed²⁰;
- 218 (16) (a) authorising regulators to serve on holders of permits notices requiring them to take remedial action in respect of contraventions, actual or potential, of conditions to which their permits are subject, notices requiring them to provide such financial security as the regulators serving the notices consider appropriate pending the taking of remedial action in respect of any such contraventions, and notices requiring them to take steps to remove imminent risks of serious environmental pollution (whether or not arising from any such contraventions); and (b) providing for the enforcement of such notices by proceedings in the High Court²¹;
- 219 (17) authorising regulators to suspend the operation of permits so far as having effect to authorise the carrying on of activities to which they relate²²;
- 220 (18) creating offences and dealing with matters relating to such offences, including the provision of defences and evidentiary matters²³;
- 221 (19) enabling, where a person has been convicted of an offence under the regulations, a court dealing with that person for the offence to order the taking of

- remedial action (in addition to or instead of imposing any punishment), or enabling a regulator to arrange for such action to be taken at that person's expense²⁴;
- 222 (20) conferring rights of appeal in respect of decisions made, notices served or other things done (or omitted to be done) under the regulations, and making provision for (or for the determination of) matters relating to the making, considering and determination of such appeals (including provision for or in connection with the holding of inquiries or hearings)²⁵;
- 223 (21) making provision which, subject to any modifications that the Secretary of State considers appropriate, corresponds or is similar to provisions made by or under, or capable of being made under, specified statutory provisions²⁶, and making provision about the application of the regulations to the Crown²⁷.

The regulations may provide for specified provisions of the regulations to have effect in relation only to such environmental pollution as is specified²⁸. The regulations may authorise the inclusion in a trading scheme²⁹ of provision for penalties in respect of contraventions of provisions of the scheme, and provision for the amount of any penalty under the scheme to be such as may be set out in, or calculated in accordance with the scheme or the regulations (including regulations made after the scheme)³⁰. The regulations may also make provision for certain matters³¹ to be determined under the regulations by regulators³².

1 The regulations under the Pollution Prevention and Control Act 1999 s 2(1): see PARA 186 note 2.

2 Pollution Prevention and Control Act 1999 s 2(1), Sch 1 Pt I paras 1-20. For supplementary provisions see Sch 1 Pt II (paras 21-26).

3 Pollution Prevention and Control Act 1999 Sch 1 para 1.

4 Pollution Prevention and Control Act 1999 Sch 1 para 2.

5 As to the meaning of 'United Kingdom' see PARA 1 note 2.

6 Pollution Prevention and Control Act 1999 Sch 1 para 3.

7 Pollution Prevention and Control Act 1999 Sch 1 para 4.

8 Pollution Prevention and Control Act 1999 Sch 1 para 5.

9 Pollution Prevention and Control Act 1999 Sch 1 para 6. In connection with the determination of such conditions as are mentioned in head (6)(c) in the text, the regulations may in particular provide for such conditions to be determined in the light of any specified general principles and any directions or guidance given under the regulations, and for such guidance to include guidance sanctioning reliance by a regulator on any arrangements referred to in the guidance to operate to secure a particular result as an alternative to imposing a condition: Sch 1 para 23.

10 Pollution Prevention and Control Act 1999 Sch 1 para 7.

11 Pollution Prevention and Control Act 1999 Sch 1 para 8.

12 Pollution Prevention and Control Act 1999 Sch 1 para 9. The regulations may require any such scheme (ie as mentioned in Sch 1 paras 9, 9A, 10: see heads (10) and (11) in the text) to be so framed that the fees and charges payable under the scheme are sufficient, taking one year with another, to cover such expenditure (whether or not incurred by the regulator or other person to whom they are so payable) as is specified, and may authorise any such scheme to make different provision for different cases (and specify particular kinds of such cases): Sch 1 para 24 (amended by SI 2005/925).

13 In the Pollution Prevention and Control Act 1999 Sch 1 para 9A, 'greenhouse gas emissions permit' and 'offshore installation' have the same meanings as in the Greenhouse Gas Emissions Trading Scheme Regulations 2005, SI 2005/925 (see PARAS 160, 260): Pollution Prevention and Control Act 1999 Sch 1 para 9A(3) (Sch 1 para 9A added by SI 2005/925).

14 Pollution Prevention and Control Act 1999 Sch 1 para 9A(1) (as added: see note 13). The schemes are those that may be prescribed under the Environment Act 1995 s 41 (read with s 41A) (see PARA 97): see the Pollution Prevention and Control Act 1999 Sch 1 para 9A(1) (as so added). See also notes 12, 13.

15 Pollution Prevention and Control Act 1999 Sch 1 para 10. See also note 12.

16 Pollution Prevention and Control Act 1999 Sch 1 para 11.

17 Pollution Prevention and Control Act 1999 Sch 1 para 12.

18 Pollution Prevention and Control Act 1999 Sch 1 para 13.

19 ie such as those specified in the Environment Act 1995 s 108(4): see PARA 148.

20 Pollution Prevention and Control Act 1999 Sch 1 para 14.

21 Pollution Prevention and Control Act 1999 Sch 1 para 15.

22 Pollution Prevention and Control Act 1999 Sch 1 para 16.

23 Pollution Prevention and Control Act 1999 Sch 1 para 17. The regulations may provide for any such offence to be triable only summarily, or either summarily or on indictment: Sch 1 para 25(1). They may provide for such an offence to be punishable: (1) on summary conviction by imprisonment for a term not exceeding a specified period (which may not exceed 12 months), or a fine not exceeding a specified amount (which may not exceed £50,000), or both; or (2) on conviction on indictment by imprisonment for a term not exceeding a specified period (which may not exceed five years), or a fine, or both: Sch 1 para 25(2) (amended by the Clean Neighbourhoods and Environment Act 2005 s 105(1)). The amendment to head (1) above (previously it was 'six months') does not have effect in relation to regulations under the Pollution Prevention and Control Act 1999 s 2 (see PARA 186) so far as relating to offences committed before the commencement of the Criminal Justice Act 2003 s 154(1) (see **MAGISTRATES**): Clean Neighbourhoods and Environment Act 2005 s 105(2) (amended by the Climate Change Act 2008 s 88(1)).

24 Pollution Prevention and Control Act 1999 Sch 1 para 18.

25 Pollution Prevention and Control Act 1999 Sch 1 para 19.

26 The specified statutory provisions are: (1) any provision made by or under the Environmental Protection Act 1990 Pt I (ss 1-28) (prospectively repealed) or Pt II (ss 29-78), or made by any of s 157, s 158, or s 160 (see PARAS 145-147); (2) the European Communities Act 1972 s 2(2) in connection with the relevant Directives: Pollution Prevention and Control Act 1999 Sch 1 para 20(1). As to the prospective repeal and replacement of the Environmental Protection Act 1990 Pt I see PARA 159 note 2.

The 'relevant Directives' are: (a) EC Council Directive 96/61 (OJ L257, 10.10.96, p 26) concerning integrated pollution prevention and control (now repealed and replaced by European Parliament and EC Council Directive 2008/1 (OJ L24, 29.1.2008, p 8)) (see note 4; and PARA 6); (b) EEC Council Directive 75/442 (OJ L194, 25.7.75, p 39) on waste (see PARA 33); and (c) any other EC Council Directive designated by the Secretary of State for this purpose by order made by statutory instrument: Pollution Prevention and Control Act 1999 Sch 1 para 20(2).

EC Council Directive 80/68 (OJ L20, 26.01.80, p 43) on the protection of groundwater against pollution caused by certain dangerous substances (see PARA 28), EEC Council Directive 87/217 (OJ L85, 28.3.87, p 40) on the prevention and reduction of environmental pollution by asbestos (see PARAS 11, 25, 47), EEC Council Directive 92/112 (OJ L409, 31.12.92, p 11) on procedures for harmonising the programmes for the reduction and eventual elimination of pollution caused by waste from the titanium dioxide industry (see PARA 38), European Parliament and EC Council Directive 94/63 (OJ L365, 31.12.94, p 24) on the control of volatile organic compound emissions resulting from the storage of petrol and its distribution from terminals to service stations (see PARA 48), Euratom Council Directive 96/29 (OJ L159, 29.6.96, p 1) laying down the revised basic safety standards for the health protection of the general public and workers against the dangers of ionising radiation (see PARA 50), EC Council Directive 99/13 (OJ L85, 29.3.99, p 1) on the limitation of emissions of volatile organic compounds due to the use of organic solvents in certain activities and installations (see PARA 12), EC Council Directive 99/31 (OJ L182, 16.7.99, p 1) on the landfill of waste (see PARA 43), European Parliament and EC Council Directive 2000/53 (OJ L 269, 21.10.2000, p 34) on end-of-life vehicles (see PARAS 33, 39), European Parliament and EC Council Directive 2000/60 (OJ L327, 22.12.2000, p 1) establishing a framework for Community action in the field of water policy (see PARAS 23, 24, 54), European Parliament and EC Council Directive 2000/76 (OJ L332, 28.12.2000, p 91) on the incineration of waste (see PARAS 11, 25, 41, 42), European Parliament and EC Council Directive 2001/80 (OJ L309, 27.11.2001, p 1) on the limitation of emissions of certain pollutants into the air from large combustion plants (see PARAS 11, 13, 18), European Parliament and EC Council Directive 2001/81 (OJ L309, 27.11.2001, p 22) on national emission ceilings for certain atmospheric pollutants (see PARA 11), European Parliament and EC Council Directive 2002/96 (OJ L37, 13.2.2003, p 24) on waste electrical and electronic equipment (see PARA 33), Euratom Council Directive 2003/122 (OJ L346, 31.12.2003, p 57) on the control of high-activity sealed

radioactive sources and orphan sources (see PARA 50), European Parliament and EC Council Directive 2006/12 (OJ L114, 27.4.2006, p 9) on waste (see PARA 33), European Parliament and EC Council Directive 2006/21 (OJ L102 11.4.2006 p 15) on the management of waste from extractive industries and amending Directive 2004/35 (see PARA 45), European Parliament and EC Council Directive 2006/66 (OJ L266 26.9.2006 p 1) on batteries and accumulators and waste batteries and accumulators and repealing Directive 91/157 (see PARA 37), European Parliament and EC Council Directive 2006/118 (OJ L372 27.12.2006 p 19) on the protection of groundwater against pollution and deterioration (see PARA 28), European Parliament and EC Council Directive 2008/1 (OJ L24, 29.1.2008, p 8) concerning integrated pollution prevention and control (see PARAS 6, 11) and European Parliament and EC Council Directive 2008/98 (OJ L312, 22.11.2008, p 3) on waste and repealing certain Directives (see PARAS 33, 34) are designated for the purposes of head (c) above by the Pollution Prevention and Control (Designation of Directives) (England and Wales) Order 2010, SI 2010/75 (which consolidates and revokes the following earlier orders: the Pollution Prevention and Control (Designation of Directives) (England and Wales) Order 2007, SI 2007/2247, the Pollution Prevention and Control (Designation of Directives) (England and Wales) Order 2008, SI 2008/2549, and the Pollution Prevention and Control (Designation of Directives) (England and Wales) Order 2009, SI 2009/1517). See also the Large Combustion Plants (National Emission Reduction Plan) Regulations 2007, SI 2007/2325; and PARA 186 note 2.

27 Pollution Prevention and Control Act 1999 Sch 1 para 20.

28 Pollution Prevention and Control Act 1999 Sch 1 para 21.

29 'Trading scheme' means a scheme of the kind mentioned in head (i)(c) in the text: Pollution Prevention and Control Act 1999 Sch 1 para 21A(2) (Sch 1 para 21A added by the Waste and Emissions Trading Act 2003 s 38).

30 Pollution Prevention and Control Act 1999 Sch 1 para 21A(1) (as added: see note 29).

31 Ie anything which, by virtue of Pollution Prevention and Control Act 1999 Sch 1 paras 5-8 (see heads (5)-(8) in the text) could be provided for by the regulations.

32 Pollution Prevention and Control Act 1999 Sch 1 para 22.

UPDATE

187 Regulations for integrated pollution prevention and control

NOTE 26--SI 2007/2247, SI 2008/2549, SI 2009/1517 replaced: Pollution Prevention and Control (Designation of Directives) (England and Wales) Order 2010, SI 2010/75.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/4. INTEGRATION OF POLLUTION CONTROL/(3) INTEGRATED POLLUTION PREVENTION AND CONTROL/188. Prevention etc of pollution after accidents involving offshore installations.

188. Prevention etc of pollution after accidents involving offshore installations.

The Secretary of State¹ may, in relation to offshore installations², by regulations³ make provision which, subject to any modifications that he considers appropriate, corresponds or is similar to any provision made by, or capable of being made under, merchant shipping legislation⁴ made in relation to ships for the prevention and reduction of pollution, and the risk of pollution, by oil or other substances following an accident⁵.

Before making any such regulations under these provisions, the Secretary of State must consult: (1) the Environment Agency⁶; (2) such bodies or persons appearing to him to be representative of the interests of owners or operators of offshore installations as he may consider appropriate; and (3) such other bodies or persons as he may consider appropriate⁷.

1 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59. As to the application of the Pollution Prevention and Control Act 1999 to Wales and Scotland see s 5.

2 'Offshore installation' means any structure or other thing (but not a ship) in or under United Kingdom territorial waters, or any waters mentioned in the Pollution Prevention and Control Act 1999 s 7(9)(b) or (c) (ie the sea in any designated area within the meaning of the Continental Shelf Act 1964 (see **INTERNATIONAL RELATIONS LAW** vol 61 (2010) PARA 172), and the sea in any area specified under the Petroleum Act 1998 s 10(8) (see **FUEL AND ENERGY** vol 19(3) (2007 Reissue) PARA 1678): Pollution Prevention and Control Act 1999 s 7(9)(b), (c)), which is used for the purposes of, or in connection with, the exploration, development or production of petroleum: s 3(2). 'Petroleum' has the meaning given by the Petroleum Act 1998 s 1 (see **FUEL AND ENERGY** vol 19(3) (2007 Reissue) PARA 1626); and 'ship' has the same meaning as in the Merchant Shipping Act 1995 (see s 313(1); and **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 229): Pollution Prevention and Control Act 1999 s 3(2).

3 Such regulations may contain such consequential, incidental, supplementary, transitional or saving provisions as the Secretary of State considers appropriate, and may make different provision for different cases, including different provision in relation to different persons, circumstances, areas or localities: Pollution Prevention and Control Act 1999 s 3(3). The power to make such regulations must be exercised by statutory instrument: s 3(5). No such regulations may be made (whether alone or with other regulations) unless a draft of the statutory instrument containing the regulations has been laid before, and approved by a resolution of, each House of Parliament: s 3(6). In exercise of the power under s 3 the Secretary of State has made the Offshore Installations (Emergency Pollution Control) Regulations 2002, SI 2002/1861: see also PARA 617.

4 The Pollution Prevention and Control Act 1999 refers to the Merchant Shipping Act 1995 ss 137-140, but these provisions have been repealed: see now s 108A, Sch 3A; and **SHIPPING AND MARITIME LAW** vol 94 (2008) PARA 686 et seq. As to shipping and pollution see PARA 347 et seq.

5 Pollution Prevention and Control Act 1999 s 3(1).

6 As to the Environment Agency see PARA 68 et seq.

7 Pollution Prevention and Control Act 1999 s 3(4).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(1) IN GENERAL/189. Introduction.

5. AIR QUALITY AND AIR POLLUTION

(1) IN GENERAL

189. Introduction.

The common law has a fairly limited role in regard to air quality and air pollution¹, except in the common law action in nuisance².

However there is a considerable amount of legislation in the area, some of the domestic legislation with a European Union origin³. Traditional air quality concerns, considered below⁴, are mostly grounded in public health and are to be contrasted with more recent concerns about air contamination by greenhouse gases giving rise to global climate change which for the most part is covered elsewhere⁵.

1 Perhaps unlike in the area of water pollution: see PARA 270 et seq. As to the limited role of the common law in regard to contaminated land see PARA 760.

2 This is beyond the scope of this title. However see eg *Wandsworth London Borough Council v Railtrack plc* [2001] EWCA Civ 1236, [2002] QB 756, [2001] Env LR 441; and **NUISANCE** vol 78 (2010) PARAS 118, 155. See generally **NUISANCE**; **TORT** vol 97 (2010) PARA 401.

3 As to European Union legislation see PARA 190.

4 See PARA 191 et seq. As to the impact of air pollution see also integration of pollution control; and PARA 158 et seq.

5 Generally see **FUEL AND ENERGY**. However for briefer, general consideration of legislation such as the Climate Change and Sustainable Energy Act 2006 and the Climate Change Act 2008 and an overview of this less traditional area of law affecting air pollution see PARA 259 et seq.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(2) LEGISLATION/190. European Union legislation.

(2) LEGISLATION

190. European Union legislation.

There is European Union legislation relating to ambient air quality¹, and setting limit values for concentrations of certain pollutants². Provision is made for monitoring the ozone³, for controlling emissions from various specific sources⁴, and for regulating the composition and content of certain fuels⁵. Reference should also be made to the regime relating to integrated pollution prevention and control⁶.

1 See PARA 9. As to air quality generally in England and Wales see PARA 192 et seq. As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

2 See PARA 10 et seq. See note 1.

3 See PARA 10. As to implementation in England see the Air Quality Standards Regulations 2007, SI 2007/64. As to implementation in Wales see the Air Quality Standards (Wales) Regulations 2007, SI 2007/717. See also the Environmental Protection (Controls on Ozone-Depleting Substances) Regulations 2002, SI 2002/528 (amended by SI 2008/91); and the Ozone-Depleting Substances (Qualifications) Regulations 2009, SI 2009/216.

4 See PARA 10 et seq. As to implementation in England and Wales see eg the Motor Vehicles (Type Approval) Regulations 1980, SI 1980/1182 (amended by SI 2009/2084); the Road Vehicles (Construction and Use) Regulations 1986, SI 1986/1078; and the Carriage of Dangerous Goods and Use of Transportable Pressure Equipment Regulations 2007, SI 2007/1573; and see the Environmental Permitting (England and Wales) Regulations 2007, SI 2007/3538; and PARA 662 et seq. See further PARA 159; and **CARRIAGE AND CARRIERS; EXPLOSIVES; FUEL AND ENERGY; HEALTH AND SAFETY AT WORK; ROAD TRAFFIC; WATER AND WATERWAYS.**

5 See PARAS 48-49. As to implementation in England and Wales see eg the Motor Fuel (Composition and Content) Regulations 1999, SI 1999/3107; and the Sulphur Content of Liquid Fuels (England and Wales) Regulations 2007, SI 2007/79. See further PARA 236; and **FUEL AND ENERGY.**

6 See PARA 159 et seq.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(2) LEGISLATION/191. Domestic legislation.

191. Domestic legislation.

The Clean Air Acts 1956 and 1968 have been consolidated by the Clean Air Act 1993¹. This Act contains provisions regulating the emission of dark smoke from chimneys² and from industrial or trade premises other than from chimneys³, for grit, dust and fume control⁴, for establishing smoke control areas⁵ and for the administration and enforcement of powers as to clean air⁶. Part IV of the Environment Act 1995⁷ introduced a national air quality strategy, and required the Secretary of State to prepare and publish a statement containing policies with respect to the assessment or management of the quality of air⁸. Atmospheric emissions from certain industrial installations fall within the integrated pollution prevention and control regime⁹. More recently the Health Act 2006¹⁰ made provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free¹¹.

1 The Clean Air Act 1993 came into force at the end of the period of three months beginning with the day on which it was passed: see s 68(1), (2) (s 68(2) repealed). The day it was passed was 27 May 1993 and accordingly the Act came into force on 27 August 1993. It applies to England and Wales, and s 30, s 32 (and s 67(3), Sch 6 so far as they relate to the repeal of the Control of Pollution Act 1974 ss 75, 77) extend to Northern Ireland but otherwise the Act does not extend to Northern Ireland: Clean Air Act 1993 s 68(3). Part IV (ss 30-33) and Pt V (ss 34-40), and Pt VII (ss 47-68) so far as relating to those Parts, have effect in their application to the Isles of Scilly with such modifications as the Secretary of State may by order specify: s 65. As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

As to transitional provisions see the Clean Air Act 1993 s 67(2), Sch 5.

Part I (ss 1-3), Pt II (ss 4-16) and Pt III (ss 18-29) do not apply to any process which is a prescribed process as from the date which is the determination date for that process: s 41(1). As from a day to be appointed, s 41 is repealed by the Pollution Prevention and Control Act 1999 s 6(2), Sch 3. At the date at which this volume states the law no such day had been appointed. The 'determination date' for a prescribed process is: (1) in the case of a process for which an authorisation is granted, the date on which the enforcing authority grants it, whether in pursuance of the application or, on an appeal, of a direction to grant it; and (2) in the case of a process for which an authorisation is refused, the date of the refusal or, on an appeal, of the affirmation of the refusal: Clean Air Act 1993 s 41(2). For these purposes, 'authorisation', 'enforcing authority' and 'prescribed process' have the meanings given in the Environmental Protection Act 1990 s 1 (prospectively repealed) (see PARA 159) and the reference to an appeal is a reference to an appeal under s 15 (see PARA 176): Clean Air Act 1993 s 41(3). As to the prospective repeal of the Environmental Protection Act 1990 Pt I (ss 1-28) see PARA 159 note 2. As to the replacement regime of integrated pollution prevention and control see PARA 186 et seq.

The Clean Air Act 1993 Pts I-III do not apply to any smoke, grit or dust from any railway locomotive engines (see s 43(5); and PARA 216), or from any vessel (see ss 44(6), 46(4); and PARAS 210, 216), or from the combustion of refuse deposited from any mine or quarry to which s 42 applies (see s 42(4); and PARA 238).

Where an activity is subject to regulations under the Pollution Prevention and Control Act 1999 s 2 (regulation of polluting activities) (see PARAS 186-187), the Clean Air Act 1993 Pts I-III do not apply as from the determination date for the activity in question: s 41A(1) (s 41A added by SI 2000/1973). 'Activity' includes (a) a waste operation within the meaning of the Environmental Permitting (England and Wales) Regulations 2007, SI 2007/3538 (see PARA 663 note 1); and (b) a mining waste operation within the meaning of those Regulations (see PARA 663 note 1): Clean Air Act 1993 s 41A(4) (added by SI 2007/3538; and amended by SI 2009/1799). The 'determination date' for an activity is: (i) in the case of an activity for which a permit is granted, the date on which it is granted, whether in pursuance of the application, or on an appeal, of a direction to grant it; (ii) in the case of an activity for which a permit is refused, the date of refusal or, on appeal, of the affirmation of the refusal; (iii) in the case of an activity that is an exempt waste operation, the date of the entry on the register maintained under the Environmental Permitting (England and Wales) Regulations 2007, SI 2007/3538, Sch 2 para 4 (see PARA 663 note 1) of an establishment or undertaking in relation to that operation: Clean Air Act 1993 s 41A(2) (as so added; and amended by SI 2007/3538). For these purposes, 'permit' means a permit under regulations under the Pollution Prevention and Control Act 1999 s 2 (see PARAS 186-187) and the reference to an appeal is a reference to an appeal under those regulations; and 'exempt waste operation' has the meaning

given in the Environmental Permitting (England and Wales) Regulations 2007, SI 2007/3538 (see PARA 663 note 1): Clean Air Act 1993 s 41A(3) (as so added; and amended by SI 2007/3538).

2 Ie the Clean Air Act 1993 ss 1, 3: see PARA 214.

3 Ie the Clean Air Act 1993 s 2: see PARA 215.

4 Ie the Clean Air Act 1993 ss 4-16: see PARA 226 et seq.

5 Ie the Clean Air Act 1993 ss 18-29: see PARA 217 et seq.

6 As to control of certain forms of pollution see the Clean Air Act 1993 ss 30-33; and PARAS 236-237. As to information about air pollution see ss 34-40; and PARA 239 et seq. As to special cases see ss 41-46; and PARAS 210-211, 216, 238. As to the power to apply certain provisions to fumes and gases see s 47; and PARA 232. As to the power to give effect to international agreements see s 48; and PARA 207. As to administration and enforcement see ss 49-61; and PARAS 99, 208 et seq. As to the application of certain provisions of the Public Health Act 1936 to the Clean Air Act 1993 see s 62 (amended by the Statute Law (Repeals) Act 1993). As to regulations and orders see the Clean Air Act 1993 s 63; and PARA 207.

7 Ie the Environment Act 1995 Pt IV (ss 80-91): see PARA 192 et seq. Before this legislation, the approach up to the mid 1990s was described as 'the fortuitous sum of a large number of unrelated regulatory decisions and individual choices': Department of Environment Consultation Paper, *Improving Air Quality*, 1994.

8 See PARA 192.

9 See PARA 158 et seq. See also note 1. As to other relevant legislation, eg the Climate Change Act 2008, see PARA 259 et seq; and **FUEL AND ENERGY**.

10 Ie the Health Act 2006 Pt 1 Ch 1 (ss 1-12).

11 See PARA 250 et seq.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(3) NATIONAL AIR QUALITY STRATEGY/192. National air quality strategy.

(3) NATIONAL AIR QUALITY STRATEGY

192. National air quality strategy.

The Secretary of State¹ is required to prepare and publish a statement (the 'strategy') containing policies with respect to the assessment or management of the quality of air². The strategy may also contain policies for implementing obligations of the United Kingdom³ under the Community treaties, or international agreements to which the United Kingdom is for the time being a party, so far as relating to the quality of air⁴. The strategy must consist of or include a statement which relates to the whole of Great Britain or two or more statements which between them relate to every part of Great Britain⁵. Without prejudice to the generality of what may be included in the strategy, the strategy must include statements with respect to: (1) standards relating to the quality of air⁶; (2) objectives for the restriction of the levels at which particular substances are present in the air⁷; and (3) measures which are to be taken by local authorities⁸ and other persons for the purpose of achieving those objectives⁹.

The Secretary of State must keep under review his policies with respect to the quality of air and may from time to time modify the strategy¹⁰. In preparing the strategy or any modification¹¹ of it, the Secretary of State must consult: (a) the Environment Agency¹²; (b) such bodies or persons appearing to him to be representative of the interests of local government as he may consider appropriate¹³; (c) such bodies or persons appearing to him to be representative of the interests of industry as he may consider appropriate¹⁴; and (d) such other bodies or persons as he may consider appropriate¹⁵. Before publishing the strategy or any modification of it, the Secretary of State must publish a draft of the proposed strategy or modification, together with notice of a date before which, and an address at which, representations may be made to him concerning the draft so published; and he must take into account any such representations which are duly made and not withdrawn¹⁶.

In discharging its pollution control functions¹⁷, the Environment Agency must have regard to the strategy¹⁸.

1 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

2 Environment Act 1995 s 80(1). Part IV (ss 80-91), with the exception of s 80, does not apply in relation to the Isles of Scilly, although an order may be made providing for the application of any provisions of Pt IV to those Isles: see s 89. At the date at which this volume states the law no such order had been made.

As to *The Air Quality Strategy for England, Scotland and Northern Ireland* (2007 Cm 7169) see the Department for Environment and Rural Affairs website which was, at the date at which this volume states the law, www.defra.gov.uk. As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

3 As to the meaning of 'United Kingdom' see PARA 1 note 2.

4 Environment Act 1995 s 80(2).

5 Environment Act 1995 s 80(3). As to the meaning of 'Great Britain' see PARA 1 note 2.

6 Environment Act 1995 s 80(5)(a).

7 Environment Act 1995 s 80(5)(b).

- 8 As to the meaning of 'local authority' see PARA 99.
- 9 Environment Act 1995 s 80(5)(c).
- 10 Environment Act 1995 s 80(4).
- 11 As to the meaning of 'modification' see PARA 71 note 11.
- 12 Environment Act 1995 s 80(6)(a). The Environment Act 1995 refers to the appropriate new Agency; 'the appropriate new Agency' or 'new Agency' means, in relation to England and Wales, the Environment Agency: ss 94(1), 124(1). As to the Environment Agency see PARA 68 et seq.
- 13 Environment Act 1995 s 80(6)(b).
- 14 Environment Act 1995 s 80(6)(c).
- 15 Environment Act 1995 s 80(6)(d).
- 16 Environment Act 1995 s 80(7).
- 17 For these purposes, 'pollution control functions' in relation to the Environment Agency means the functions conferred on it by or under the enactments specified in the Environment Act 1995 s 5(5) (see PARA 75): s 81(2). 'Functions' includes powers and duties: s 124(1).
- 18 Environment Act 1995 s 81(1). See note 12.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(3) NATIONAL AIR QUALITY STRATEGY/193. London air quality strategy.

193. London air quality strategy.

Under Part IX of the Greater London Authority Act 1999¹, the Mayor of London² is required to prepare and publish a London air quality strategy³. The Secretary of State⁴ may give directions to the Mayor about the strategy where it might be detrimental to any area outside Greater London, or if such a direction is necessary for the implementation of a national air quality strategy⁵. Local authorities⁶ must have regard to the London air quality strategy in exercising their functions⁷, and the Mayor may give directions to such authorities in certain circumstances⁸.

1 See the Greater London Authority Act 1999 Pt IX (ss 351-374). As to the operations of these provisions see *R (on the application of Westminster City Council) v Mayor of London*, *R (on the application of Preece) v Mayor of London* [2002] EWHC 2440 (Admin), [2003] LGR 611, [2002] All ER (D) 494 (Jul).

As to Greater London Authority environment reports see the relevant website which was, at the date at which this volume states the law, www.london.gov.uk. As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

2 As to the Mayor of London see PARA 100; and **LONDON GOVERNMENT** vol 29(2) (Reissue) PARA 44 et seq.

3 See the Greater London Authority Act 1999 s 362; and **LONDON GOVERNMENT** vol 29(2) (Reissue) PARA 185.

4 As to the Secretary of State see PARA 58.

5 See the Greater London Authority Act 1999 s 363. As to the national air quality strategy see PARA 192.

6 As to the meaning of 'local authority' see PARA 99; definition applied by the Greater London Authority Act 1999 s 366.

7 See the Greater London Authority Act 1999 s 364; and **LONDON GOVERNMENT** vol 29(2) (Reissue) PARA 185.

8 See the Greater London Authority Act 1999 s 365; and **LONDON GOVERNMENT** vol 29(2) (Reissue) PARA 185.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(3) NATIONAL AIR QUALITY STRATEGY/194. Local authority reviews of air quality.

194. Local authority reviews of air quality.

Every local authority¹ must from time to time cause a review to be conducted of the quality for the time being, and the likely future quality within the relevant period², of air within the authority's area³. Where a local authority causes such a review to be conducted, it must also cause an assessment to be made of whether air quality standards and objectives⁴ are being achieved, or are likely to be achieved within the relevant period, within the authority's area⁵. If, on such an assessment, it appears that any air quality standards or objectives are not being achieved, or are not likely within the relevant period to be achieved, within the local authority's area, the local authority must identify any parts of its area in which it appears that those standards or objectives are not likely to be achieved within the relevant period⁶.

1 As to the meaning of 'local authority' see PARA 99.

2 'Relevant period', in the case of any provision of the Environment Act 1995 Pt IV (ss 80-91), means such period as may be prescribed for the purposes of that provision: s 91(1). The relevant period for these purposes is, in relation to an air quality objective, the period beginning with the date on which the Air Quality (England) Regulations 2000, SI 2000/928, came into force (ie 6 April 2000) and ending on a specified date: reg 3(2). As to the specified date see reg 3, Schedule (amended by SI 2002/3043). See, in relation to Wales, the Air Quality (Wales) Regulations 2000, SI 2000/1940 (amended by SI 2002/3182). See also the Air Quality Standards (Wales) Regulations 2007, SI 2007/717.

3 Environment Act 1995 s 82(1). As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

4 'Air quality standards' means standards prescribed by virtue of the Environment Act 1995 s 87(2)(a) (see PARA 200): s 91(1). 'Air quality objectives' means objectives prescribed by virtue of s 87(2)(b) (see PARA 200): s 91(1). As to the objectives prescribed see the Air Quality (England) Regulations 2000, SI 2000/928, reg 4, Schedule (amended by SI 2002/3043). See, in relation to Wales, the Air Quality (Wales) Regulations 2000, SI 2000/1940 (amended by SI 2002/3182). See also the Air Quality Standards (Wales) Regulations 2007, SI 2007/717.

5 Environment Act 1995 s 82(2).

6 Environment Act 1995 s 82(3). Any reference in Part IV to it appearing that any air quality standards or objectives are not likely within the relevant period to be achieved includes a reference to it appearing that those standards or objectives are likely within that period not to be achieved: s 91(2).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(3) NATIONAL AIR QUALITY STRATEGY/195. Designation of air quality management areas.

195. Designation of air quality management areas.

Where, as a result of an air quality review¹, it appears that any air quality standards or objectives² are not being achieved, or are not likely within the relevant period³ to be achieved⁴, within the area of a local authority⁵, the local authority may by order designate as an air quality management area (a 'designated area'⁶) any part of its area in which it appears that those standards or objectives are not being achieved, or are not likely to be achieved within the relevant period⁷. Such an order may, as a result of a subsequent air quality review: (1) be varied by a subsequent order; or (2) be revoked by such an order, if it appears on that subsequent air quality review that the air quality standards and objectives are being achieved, and are likely throughout the relevant period to be achieved, within the designated area⁸.

1 'Air quality review' means a review under the Environment Act 1995 s 82 (see PARA 194) or s 85 (see PARA 197): s 91(1).

2 As to the meanings of 'air quality objectives' and 'air quality standards' see PARA 194 note 4.

3 As to the meaning of 'relevant period' see PARA 194 note 2.

4 As to references to air quality standards or objectives not being likely within the relevant period to be achieved see PARA 194 note 6.

5 As to the meaning of 'local authority' see PARA 99.

6 Environment Act 1995 ss 83(1), 91(1).

7 Environment Act 1995 s 83(1). As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

8 Environment Act 1995 s 83(2).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(3) NATIONAL AIR QUALITY STRATEGY/196. Duties of local authorities in relation to designated areas.

196. Duties of local authorities in relation to designated areas.

Where an order designating an air quality management area¹ comes into operation, the local authority² which made the order must, for the purpose of supplementing such information as it has in relation to the designated area in question, cause an assessment to be made³ of: (1) the quality for the time being, and the likely future quality within the relevant period, of air within the designated area to which the order relates⁴; and (2) the respects (if any) in which it appears that air quality standards or objectives⁵ are not being achieved, or are not likely within the relevant period⁶ to be achieved, within that designated area⁷.

A local authority which is so required to cause an assessment to be made is also under a duty: (a) to prepare, before the expiration of the period of 12 months beginning with the coming into operation of the order designating an air quality management area⁸, a report of the results of that assessment⁹; and (b) to prepare a written plan (an 'action plan'¹⁰) for the exercise by the authority, in pursuit of the achievement of air quality standards and objectives in the designated area, of any powers exercisable by the authority¹¹. An action plan must include a statement of the time or times by or within which the local authority in question proposes to implement each of the proposed measures comprised in the plan¹². A local authority may from time to time revise an action plan¹³.

Where the local authority preparing an action plan or a revision of an action plan is the council of a district in England which is comprised in an area for which there is a county council, and the county council disagrees with the authority about the contents of the proposed action plan or revision of the action plan¹⁴:

- 224 (i) either of them may refer the matter to the Secretary of State¹⁵;
- 225 (ii) on any such reference the Secretary of State may confirm the authority's proposed action plan or revision of the action plan, with or without modifications¹⁶ (whether or not proposed by the county council), or reject it and, if he rejects it, he may also exercise certain powers¹⁷; and
- 226 (iii) the authority may not finally determine the content of the action plan, or the revision of the action plan, except in accordance with his decision on the reference or in pursuance of direction¹⁸.

1 le an order under the Environment Act 1995 s 83: see PARA 195.

2 As to the meaning of 'local authority' see PARA 99.

3 Environment Act 1995 s 84(1). As to the meaning of 'designated area' see PARA 195.

As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

4 Environment Act 1995 s 84(1)(a).

5 As to the meanings of 'air quality objectives' and 'air quality standards' see PARA 194 note 4.

6 As to the meaning of 'relevant period' see PARA 194 note 2.

7 Environment Act 1995 s 84(1)(b). As to references to air quality standards or objectives not being likely within the relevant period to be achieved see PARA 194 note 6.

8 le an order under the Environment Act 1995 s 83: see PARA 195.

9 Environment Act 1995 s 84(2)(a).

10 Environment Act 1995 ss 84(2)(b), 91(1).

Section s 84(2)(b) is disapplied in relation to local authorities which have been classified as excellent or 4 star authorities pursuant to an order made under the Local Government Act 2003 s 99(4) (see **LOCAL GOVERNMENT** vol 69 (2009) PARA 789): Local Authorities' Plans and Strategies (Disapplication) (England) Order 2005, SI 2005/157, art 8(1) (amended by SI 2009/714). See further the Local Authorities' Plans and Strategies (Disapplication) (England) Order 2005, SI 2005/157, art 8(2)-(6) (amended by SI 2009/714).

11 Environment Act 1995 s 84(2)(b). The plan must be prepared in accordance with ss 85-91 (see PARA 197 et seq): see s 84(2)(b).

16 As to the meaning of 'modifications' see PARA 71 note 11.

17 Environment Act 1995 s 84(5)(b). The powers referred to in the text are the powers of the Secretary of State under s 85: see PARA 197.

18 Environment Act 1995 s 84(5)(c). The directions referred to in the text are the directions under s 85: see PARA 197.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(3) NATIONAL AIR QUALITY STRATEGY/197. Reserve powers.

197. Reserve powers.

The appropriate authority¹ may conduct or make, or cause to be conducted or made²:

- 227 (1) a review of the quality for the time being, and the likely future quality within the relevant period³, of air within the area of any local authority⁴;
- 228 (2) an assessment of whether air quality standards and objectives⁵ are being achieved, or are likely to be achieved within the relevant period, within the area of a local authority⁶;
- 229 (3) an identification of any parts of the area of a local authority in which it appears that those standards or objectives are not likely to be achieved within the relevant period⁷; or
- 230 (4) an assessment of the respects (if any) in which it appears that air quality standards or objectives are not being achieved, or are not likely within the relevant period to be achieved, within the area of a local authority or within a designated area⁸.

If it appears to the appropriate authority:

- 231 (a) that air quality standards or objectives are not being achieved, or are not likely within the relevant period to be achieved, within the area of a local authority⁹;
- 232 (b) that a local authority has failed to discharge any duty imposed on it under the provisions relating to air quality¹⁰;
- 233 (c) that the actions, or proposed actions, of a local authority in purported compliance with the provisions relating to air quality¹¹ are inappropriate in all the circumstances of the case¹²; or
- 234 (d) that developments in science or technology, or material changes in circumstances, have rendered inappropriate the actions or proposed actions of a local authority in pursuance of the provisions relating to air quality¹³,

the appropriate authority may give directions to the local authority requiring it to take such steps as may be specified in the directions¹⁴. Without prejudice to the generality of this provision, such directions may, in particular, require a local authority¹⁵:

- 235 (i) to cause an air quality review to be conducted¹⁶ in accordance with the directions¹⁷;
- 236 (ii) to cause an air quality review¹⁸ to be conducted afresh, whether in whole or in part, or to be so conducted with such differences as may be specified or described in the directions¹⁹;
- 237 (iii) to make an order designating as an air quality management area²⁰ an area specified in, or determined in accordance with, the directions²¹;
- 238 (iv) to revoke, or modify in accordance with the directions, any order designating an area as an air quality management area²²;
- 239 (v) to prepare in accordance with the directions an action plan for a designated area²³;
- 240 (vi) to modify, in accordance with the directions, any action plan prepared by the authority²⁴; or

241 (vii) to implement, in accordance with the directions, any measures in an action plan²⁵.

The Secretary of State also has power to give directions to local authorities, other than local authorities in Greater London, requiring them to take such steps specified in the directions as he considers appropriate for the implementation of any obligations of the United Kingdom²⁶ under the Community treaties, or any international agreement to which the United Kingdom is for the time being a party, so far as relating to the quality of air²⁷.

It is the duty of a local authority to comply with any direction given to it under the provisions relating to air quality²⁸.

1 'Appropriate authority' means, in relation to local authorities in England and Wales other than local authorities in Greater London, the Secretary of State and, in relation to local authorities in Greater London, the Mayor of London: Environment Act 1995 s 85(1) (amended by the Greater London Authority Act 1999 s 367). As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59. As to the Mayor of London see PARA 100; and **LONDON GOVERNMENT** vol 29(2) (Reissue) PARA 44 et seq. As to the meaning of 'local authority' see PARA 99. As to the application of the Environment Act 1995 as far as it relates to excellent or 4 star authorities see the Local Authorities' Plans and Strategies (Disapplication) (England) Order 2005, SI 2005/157, art 8 (amended by SI 2009/714).

2 Environment Act 1995 s 85(2). In exercising any function under s 85(2), (3) or (4) or under s 85(5A) (see note 27), the Mayor of London must have regard to any guidance issued by the Secretary of State to local authorities under s 88(1) (see PARA 201): s 85(4B) (added by the Greater London Authority Act 1999 s 367; and amended by SI 2001/3719).

As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

3 As to the meaning of 'relevant period' see PARA 194 note 2.

4 Environment Act 1995 s 85(2)(a). As to the meaning of 'air quality review' see PARA 195 note 1.

5 As to the meanings of 'air quality objectives' and 'air quality standards' see PARA 194 note 4.

6 Environment Act 1995 s 85(2)(b).

7 Environment Act 1995 s 85(2)(c). As to references to air quality standards or objectives not being likely within the relevant period to be achieved see PARA 194 note 6.

- 26 As to the meaning of 'United Kingdom' see PARA 1 note 2.
- 27 Environment Act 1995 s 85(5) (amended by the Greater London Authority Act 1999 s 367). The Mayor of London also has the same power to give directions to local authorities in Greater London as the Secretary of State has under the Environment Act 1995 s 85(5) in relation to other local authorities: s 85(5A) (added by SI 2001/3719). See note 2.
- 28 Environment Act 1995 s 85(7). The provisions relating to air quality are the provisions of Pt IV: see s 85(7).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(3) NATIONAL AIR QUALITY STRATEGY/198. Functions of county councils for areas for which there are district councils.

198. Functions of county councils for areas for which there are district councils.

The county council may make recommendations to a district council with respect to the carrying out of: (1) any particular air quality review¹; (2) any particular assessment of air quality or whether air quality standards or objectives are being achieved²; or (3) the preparation of any particular action plan or revision of an action plan³, and the district council must take into account any such recommendations⁴.

Where a district council is preparing an action plan, the county council must, within the relevant period⁵, submit to the district council proposals for the exercise (so far as relating to the designated area⁶) by the county council, in pursuit of the achievement of air quality standards and objectives, of any powers exercisable by the county council⁷. Where the county council submits such proposals to a district council, it must also submit a statement of the time or times by or within which it proposes to implement each of the proposals⁸. An action plan must include a statement of any such proposals submitted⁹ and any time or times set out in the statement submitted¹⁰.

If it appears to the Secretary of State¹¹:

- 242 (a) that air quality standards or objectives are not being achieved, or are not likely within the relevant period to be achieved, within the area of a district council¹²;
- 243 (b) that the county council has failed to discharge any duty imposed on it in relation to air quality¹³;
- 244 (c) that the actions, or proposed actions, of the county council in purported compliance with the provisions relating to air quality¹⁴ are inappropriate in all the circumstances of the case¹⁵; or
- 245 (d) that developments in science or technology, or material changes in circumstances, have rendered inappropriate the actions or proposed actions of the county council in pursuance of the provisions relating to air quality¹⁶,

the Secretary of State may give directions to the county council requiring it to take such steps as may be specified in the directions¹⁷.

The Secretary of State also has power to give directions to county councils for areas for which there are district councils requiring them to take such steps specified in the directions as he considers appropriate for the implementation of any obligations of the United Kingdom¹⁸ under the Community treaties, or any international agreement to which the United Kingdom is for the time being a party, so far as relating to the quality of air¹⁹.

It is the duty of a county council for an area for which there are district councils to comply with any direction given to it²⁰.

1 Environment Act 1995 s 86(2)(a). As to the meaning of 'air quality review' see PARA 195 note 1.

As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

2 Environment Act 1995 s 86(2)(b). The assessments referred to in the text are assessments under s 82 (see PARA 194) or s 84 (see PARA 196): see s 86(2)(b). As to the meanings of 'air quality objectives' and 'air quality standards' see PARA 194 note 4.

3 Environment Act 1995 s 86(2)(c). As to the meaning of 'action plan' see PARA 196.

4 Environment Act 1995 s 86(2). Section 86 applies in any case where a district in England for which there is a district council is comprised in an area for which there is a county council, and for these purposes: (1) any reference to the county council is a reference to the council of that area; and (2) any reference to a district council is a reference to the council of a district comprised in that area: s 86(1).

5 'Relevant period', in the case of any provision of the Environment Act 1995 Pt IV (ss 80-91), means such period as may be prescribed for the purposes of that provision: s 91(1). The relevant period for these purposes means, in relation to the preparation of an action plan, the period of nine months beginning with the date on which the district council preparing the action plan first consults the relevant county council in relation to the plan pursuant to s 90, Sch 11 para 1(2)(e) (see PARA 202): Air Quality (England) Regulations 2000, SI 2000/928, reg 3(1). See, in relation to Wales, the Air Quality (Wales) Regulations 2000, SI 2000/1940, reg 3.

6 As to the meaning of 'designated area' see PARA 195.

7 Environment Act 1995 s 86(3).

8 Environment Act 1995 s 86(4).

9 Ie under the Environment Act 1995 s 86(3): see the text and note 7.

10 Environment Act 1995 s 86(5). The reference in the text is a reference to the times set out in the statement submitted under s 86(4) (see the text and note 8): see s 86(5).

11 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

12 Environment Act 1995 s 86(6)(a). As to references to air quality standards or objectives not being likely within the relevant period to be achieved see PARA 194 note 6.

13 Environment Act 1995 s 86(6)(b). The duties referred to in the text are the duties imposed under Pt IV.

14 Ie the Environment Act 1995 Pt IV.

15 Environment Act 1995 s 86(6)(c).

16 Environment Act 1995 s 86(6)(d). The provisions relating to air quality are the provisions of Pt IV.

17 Environment Act 1995 s 86(6). Without prejudice to the generality of s 86(6), such directions may, in particular, require the county council: (1) to submit, in accordance with the directions, proposals pursuant to s 86(3) (see the text and note 7) or a statement pursuant to s 86(4) (see the text and note 8); (2) to modify, in accordance with the directions, any proposals or statement submitted by the county council pursuant to s 86(3) or s 86(4); (3) to submit any proposals or statement so modified to the district council in question pursuant to s 86(3) or s 86(4); or (4) to implement, in accordance with the directions, any measures included in an action plan: s 86(7).

Any direction given under s 86 must be published in such manner as the Secretary of State considers appropriate for the purpose of bringing the matters to which it relates to the attention of persons likely to be affected by them, and copies of the direction must be made available to the public; and notice of the giving of the direction, and of where a copy of the direction may be obtained, must be given in the London Gazette: s 86(9).

18 As to the meaning of 'United Kingdom' see PARA 1 note 2.

19 Environment Act 1995 s 86(8). As to directions see note 17.

20 Environment Act 1995 s 86(10). The directions referred to in the text are directions under Pt IV: see s 86(10).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(3) NATIONAL AIR QUALITY STRATEGY/199. Functions exercisable by Mayor of London.

199. Functions exercisable by Mayor of London.

Where a local authority¹ in Greater London is preparing an action plan², the Mayor of London³ must, within the relevant period⁴, submit to the authority proposals for the exercise (so far as relating to the designated area⁵) by the Mayor, in pursuit of the achievement of air quality standards and objectives⁶, of any powers exercisable by the Mayor⁷. Where the Mayor submits such proposals to a local authority, he must also submit a statement of the time or times by or within which he proposes to implement each of the proposals⁸. An action plan must include a statement of any such proposals submitted⁹ and any time or times set out in the statement submitted¹⁰.

1 As to the meaning of 'local authority' see PARA 99.

2 As to the meaning of 'action plan' see PARA 196.

3 As to the Mayor of London see PARA 100; and **LONDON GOVERNMENT** vol 29(2) (Reissue) PARA 44 et seq.

4 As to the meaning of 'relevant period' see PARA 194 note 2.

5 As to the meaning of 'designated area' see PARA 195.

6 As to the meanings of 'air quality objectives' and 'air quality standards' see PARA 194 note 4.

7 Environment Act 1995 s 86A(1) (s 86A added by the Greater London Authority Act 1999 s 368). As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

8 Environment Act 1995 s 86A(2) (as added: see note 7).

9 I.e. proposals submitted under the Environment Act 1995 s 86A(1): see the text and notes 1-7.

10 Environment Act 1995 s 86A(3) (as added: see note 7). The reference in the text is a reference to times set out in a statement submitted under s 86A(2): see the text and note 8.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(3) NATIONAL AIR QUALITY STRATEGY/200. Regulations for the purposes of the provisions relating to air quality.

200. Regulations for the purposes of the provisions relating to air quality.

Regulations¹ may make provision: (1) for, or in connection with, implementing the air quality strategy²; (2) for, or in connection with, implementing obligations of the United Kingdom³ under the Community treaties, or international agreements to which the United Kingdom is for the time being a party, so far as relating to the quality of air⁴; or (3) otherwise with respect to the assessment or management of the quality of air⁵. Such regulations may⁶ make provision:

- 246 (a) prescribing standards relating to the quality of air⁷;
- 247 (b) prescribing objectives for the restriction of the levels at which particular substances are present in the air⁸;
- 248 (c) conferring powers or imposing duties on local authorities⁹;
- 249 (d) for or in connection with authorising local authorities (whether by agreements or otherwise) to exercise any functions¹⁰ of a Minister of the Crown on his behalf, directing that functions of a Minister of the Crown are exercisable concurrently with local authorities, or transferring functions of a Minister of the Crown to local authorities¹¹;
- 250 (e) prohibiting or restricting, or for or in connection with prohibiting or restricting the carrying on of prescribed activities, or the access of prescribed vehicles or mobile equipment to prescribed areas, whether generally or in prescribed circumstances¹²;
- 251 (f) for or in connection with the designation of air quality management areas by orders made by local authorities in such cases or circumstances not falling within the provision relating to the designation of air quality management areas¹³ as may be prescribed¹⁴;
- 252 (g) for the application, with or without modifications¹⁵, of any provisions relating to air quality¹⁶ in relation to areas designated by virtue of head (f) above or in relation to orders made by virtue of it¹⁷;
- 253 (h) with respect to air quality reviews¹⁸, assessments under the provisions relating to air quality¹⁹, orders designating air quality management areas²⁰, or action plans²¹;
- 254 (i) prescribing measures which are to be adopted by local authorities (whether in action plans or otherwise) or other persons in pursuance of the achievement of air quality standards or objectives²²;
- 255 (j) for or in connection with the communication to the public of information relating to quality for the time being, or likely future quality, of the air²³;
- 256 (k) for or in connection with the obtaining by local authorities from any person of information which is reasonably necessary for the discharge of functions conferred or imposed on them under or by virtue of the provisions relating to air quality²⁴;
- 257 (l) for or in connection with the recovery by a local authority from prescribed persons in prescribed circumstances, and in such manner as may be prescribed, of costs incurred by the authority in discharging functions conferred or imposed on the authority under or by virtue of the provisions relating to air quality²⁵;
- 258 (m) for a person who contravenes, or fails to comply with, any prescribed provision of the regulations to be guilty of an offence and liable on summary conviction to a penalty²⁶;

- 259 (n) for or in connection with arrangements under which a person may discharge any liability to conviction for a prescribed offence by payment of a penalty of a prescribed amount²⁷;
- 260 (o) for or in connection with appeals against determinations or decisions made, notices given or served, or other things done under or by virtue of the regulations²⁸.

In determining: (i) any appeal against, or reference or review of, a decision of a local authority under or by virtue of regulations under the provisions relating to air quality²⁹; or (ii) any application transmitted from a local authority under or by virtue of any such regulations³⁰, the body or person making the determination is bound by any direction given by a Minister of the Crown to the local authority to the same extent as the local authority³¹.

The provisions of any regulations³² may include: (A) provision for anything that may be prescribed by the regulations to be determined under the regulations and for anything falling to be so determined to be determined by such persons, in accordance with such procedure and by reference to such matters, and to the opinion of such persons, as may be prescribed³³; (B) different provision for different cases, including different provision in relation to different persons, circumstances, areas or localities³⁴; and (c) such supplemental, consequential, incidental or transitional provision (including provision amending any enactment or any instrument made under any enactment) as the Secretary of State considers appropriate³⁵. Nothing in regulations under the provisions relating to air quality³⁶ authorises any person other than a constable in uniform to stop a vehicle on any road³⁷.

Before making any regulations under the provisions relating to air quality³⁸, the Secretary of State must consult the Environment Agency, such bodies or persons appearing to him to be representative of the interests of local government as he may consider appropriate, such bodies or persons appearing to him to be representative of the interests of industry as he may consider appropriate, and such other bodies or persons as he may consider appropriate³⁹.

1 'Regulations' means regulations made by the Secretary of State: Environment Act 1995 s 91(1). As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59. As to the regulations that have been made see the Air Quality (England) Regulations 2000, SI 2000/928 (amended by SI 2002/3043); and the Air Quality (Wales) Regulations 2000, SI 2000/1940 (amended by SI 2002/3182). See also the Road Traffic (Vehicle Emissions) (Fixed Penalty) (England) Regulations 2002, SI 2002/1808; and the Road Traffic (Vehicle Emissions) (Fixed Penalty) (Wales) Regulations 2003, SI 2003/300. As to the procedure applicable to proceedings for the recovery of certain increased fixed penalties under the Road Traffic (Vehicle Emissions) (Fixed Penalty) (England) Regulations 2002, SI 2002/1808, see CPR Pt 75 (added by SI 2002/2058; and amended by SI 2005/3515; and SI 2008/3327); and *Practice Direction--Traffic Enforcement* PD 75.

Any power conferred by the Environment Act 1995 Pt IV (ss 80-91) to make regulations is exercisable by statutory instrument, and no statutory instrument containing regulations under Pt IV may be made unless a draft of the instrument has been laid before, and approved by a resolution of, each House of Parliament: s 87(8). If, apart from s 87(9), the draft of an instrument containing regulations under Pt IV would be treated for the purposes of the Standing Orders of either House of Parliament as a hybrid instrument, it may proceed in that House as if it were not such an instrument: s 87(9).

2 Environment Act 1995 s 87(1)(a). As to the strategy see PARA 192.

As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

3 As to the meaning of 'United Kingdom' see PARA 1 note 2.

4 Environment Act 1995 s 87(1)(b).

5 Environment Act 1995 s 87(1)(c).

6 Ie without prejudice to the generality of the Environment Act 1995 s 87(1): see the text and notes 1-5.

7 Environment Act 1995 s 87(2)(a).

8 Environment Act 1995 s 87(2)(b). As to the objectives prescribed see the Air Quality (England) Regulations 2000, SI 2000/928, reg 4, Schedule (amended by SI 2002/3043).

9 Environment Act 1995 s 87(2)(c). As to the meaning of 'local authority' see PARA 99.

10 As to the meaning of 'functions' see PARA 192 note 17.

11 Environment Act 1995 s 87(2)(d).

12 Environment Act 1995 s 87(2)(e). 'Prescribed' means prescribed, or of a description prescribed, by or under regulations: s 91(1).

13 Ie the Environment Act 1995 s 83: see PARA 195.

14 Environment Act 1995 s 87(2)(f).

15 As to the meaning of 'modifications' see PARA 71 note 11.

16 Ie the Environment Act 1995 Pt IV.

17 Environment Act 1995 s 87(2)(g).

18 As to the meaning of 'air quality review' see PARA 195 note 1.

19 Ie the Environment Act 1995 Pt IV.

20 See PARA 195.

21 Environment Act 1995 s 87(2)(h). As to the meaning of 'action plan' see PARA 196. Without prejudice to the generality of s 87(2)(h), the provision that may be made by virtue of it includes provision for or in connection with any of the following:

58 (1) the scope or form of a review or assessment (s 87(3)(a));

59 (2) the scope, content or form of an action plan (s 87(3)(b));

60 (3) the time at which, period within which, or manner in which a review or assessment is to be carried out or an action plan is to be prepared (s 87(3)(c));

61 (4) the methods to be employed in carrying out reviews or assessments or in monitoring the effectiveness of action plans (s 87(3)(d));

62 (5) the factors to be taken into account in preparing action plans (s 87(3)(e));

63 (6) the actions which must be taken by local authorities or other persons in consequence of reviews, assessments or action plans (s 87(3)(f));

64 (7) requirements for consultation (s 87(3)(g));

65 (8) the treatment of representations or objections duly made (s 87(3)(h));

66 (9) the publication of, or the making available to the public of, or of copies of, the results, or reports of the results, of reviews or assessments or orders or action plans (s 87(3)(j));

67 (10) requirements for: (a) copies of any such reports, orders or action plans; or (b) prescribed information, in such form as may be prescribed, relating to reviews or assessments to be sent to the Secretary of State or to the Environment Agency (see PARA 192 note 12) (s 87(3)(k)).

22 Environment Act 1995 s 87(2)(j). As to the meanings of 'air quality standards' and 'air quality objectives' see PARA 194 note 4.

23 Environment Act 1995 s 87(2)(k).

24 Environment Act 1995 s 87(2)(l). The provisions relating to air quality referred to in the text are the provisions of Pt IV: see s 87(2)(l).

36 Ie the Environment Act 1995 Pt IV.

37 Environment Act 1995 s 87(6).

38 Ie the Environment Act 1995 Pt IV. See PARA 192 note 12.

39 Environment Act 1995 s 87(7).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(3) NATIONAL AIR QUALITY STRATEGY/201. Guidance for the purposes of the provisions relating to air quality.

201. Guidance for the purposes of the provisions relating to air quality.

The Secretary of State¹ may issue guidance to local authorities² with respect to, or in connection with, the exercise of any of the powers conferred, or the discharge of any of the duties imposed, on those authorities by or under the provisions relating to air quality³. A local authority, in carrying out any of its functions⁴ under or by virtue of such provisions, must have regard to any guidance so issued by the Secretary of State⁵. This provision applies in relation to county councils for areas for which there are district councils as it applies in relation to local authorities⁶.

1 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

2 As to the meaning of 'local authority' see PARA 99.

3 Environment Act 1995 s 88(1). The provisions relating to air quality referred to in the text are the provisions of Pt IV (ss 80-91): see s 88(1).

As to the Secretary of State's guidance on air quality see the Department for Environment, Food and Rural Affairs website which was, at the date at which this volume states the law, www.defra.gov.uk. As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

4 As to the meaning of 'functions' see PARA 192 note 17.

5 Environment Act 1995 s 88(2).

6 Environment Act 1995 s 88(3).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(3) NATIONAL AIR QUALITY STRATEGY/202. Consultation requirements.

202. Consultation requirements.

A local authority¹ in carrying out its functions² in relation to any air quality review³, any assessment of air quality or whether air quality standards or objectives are being achieved⁴, or the preparation of an action plan⁵ or any revision of an action plan, must consult certain persons⁶. Those persons are:

- 261 (1) the Secretary of State⁷;
- 262 (2) the Environment Agency⁸;
- 263 (3) the highway authority for any highway in the area to which the review or, as the case may be, the action plan or revision relates⁹;
- 264 (4) every local authority whose area is contiguous to the authority's area¹⁰;
- 265 (5) any county council in England whose area consists of or includes the whole or any part of the authority's area¹¹;
- 266 (6) any national park authority¹² for a national park whose area consists of or includes the whole or any part of the authority's area¹³;
- 267 (7) such public authorities exercising functions in, or in the vicinity of, the authority's area as the local authority may consider appropriate¹⁴;
- 268 (8) such bodies appearing to the local authority to be representative of persons with business interests in the area to which the review or action plan in question relates as the authority may consider appropriate¹⁵;
- 269 (9) such other bodies or persons as the local authority considers appropriate¹⁶.

Certain local authorities¹⁷ must also consult the Mayor of London¹⁸.

1 As to the meaning of 'local authority' see PARA 99.

2 As to the meaning of 'functions' see PARA 192 note 17.

3 As to the meaning of 'air quality review' see PARA 195 note 1.

4 The assessments under the Environment Act 1995 s 82 (see PARA 194) or s 84 (see PARA 196): see s 90, Sch 11 para 1(1). As to the meanings of 'air quality objectives' and 'air quality standards' see PARA 194 note 4.

5 As to the meaning of 'action plan' see PARA 196.

6 Environment Act 1995 Sch 11 para 1(1). As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

7 Environment Act 1995 Sch 11 para 1(2)(a). As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

8 Environment Act 1995 Sch 11 para 1(2)(b). See PARA 192 note 12.

9 Environment Act 1995 Sch 11 para 1(2)(c). As to highway authorities see **HIGHWAYS, STREETS AND BRIDGES** vol 21 (2004 Reissue) PARA 49 et seq.

10 Environment Act 1995 Sch 11 para 1(2)(d).

11 Environment Act 1995 Sch 11 para 1(2)(e).

12 For these purposes, 'national park authority' means a national park authority established under the Environment Act 1995 s 63 (see **OPEN SPACES AND COUNTRYSIDE** vol 78 (2010) PARA 526 et seq) which has become the local planning authority for the national park in question: Sch 11 para 3 (amended by s 120, Sch 24).

13 Environment Act 1995 Sch 11 para 1(2)(f).

14 Environment Act 1995 Sch 11 para 1(2)(g).

15 Environment Act 1995 Sch 11 para 1(2)(h).

16 Environment Act 1995 Sch 11 para 1(2)(j).

17 The local authorities specified are: (1) any local authority in Greater London; (2) any local authority whose area is contiguous to the area of Greater London: Environment Act 1995 Sch 11 para 1(2A) (added by the Greater London Authority Act 1999 s 369).

18 Environment Act 1995 Sch 11 para 1(2B) (added by the Greater London Authority Act 1999 s 369). As to the Mayor of London see PARA 100; and **LONDON GOVERNMENT** vol 29(2) (Reissue) PARA 44 et seq.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(3) NATIONAL AIR QUALITY STRATEGY/203. Exchange of information with county councils in England.

203. Exchange of information with county councils in England.

It is the duty of the county council to provide a district council with all such information as is reasonably requested by the district council for purposes connected with the carrying out of its functions¹ under or by virtue of the provisions relating to air quality².

It is the duty of a district council to provide the county council with all such information as is reasonably requested by the county council for purposes connected with the carrying out of any of its functions relating to the assessment or management of the quality of air³.

Information so provided to a district council or county council⁴ must be provided in such form and in such manner and at such times as the district council or, as the case may be, the county council may reasonably require⁵. A council which provides such information⁶ is entitled to recover the reasonable cost of doing so from the council which requested the information⁷. The information which a council may be required to provide under these provisions⁸ includes information which, although it is not in the possession of the council or would not otherwise come into the possession of the council, is information which it is reasonable to require the council to obtain⁹.

1 As to the meaning of 'functions' see PARA 192 note 17.

2 Environment Act 1995 s 90, Sch 11 para 2(2). The provisions relating to air quality referred to in the text are the provisions of Pt IV (ss 80-91): see Sch 11 para 2(2). Schedule 11 para 2 applies in any case where a district in England for which there is a district council is comprised in an area for which there is a county council; and, for these purposes, any reference to the county council is a reference to the council of that area and any reference to a district council is a reference to the council of a district comprised in that area: Sch 11 para 2(1).

As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

3 Environment Act 1995 Sch 11 para 2(3).

4 Ie under the Environment Act 1995 Sch 11 para 2(2), (3): see the text and notes 2-3.

5 Environment Act 1995 Sch 11 para 2(4).

6 Ie under the Environment Act 1995 Sch 11 para 2(2), (3): see the text and notes 2-3.

7 Environment Act 1995 Sch 11 para 2(5).

8 Ie under the Environment Act 1995 Sch 11 para 2.

9 Environment Act 1995 Sch 11 para 2(6).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(3) NATIONAL AIR QUALITY STRATEGY/204. Joint exercise of local authority functions.

204. Joint exercise of local authority functions.

The appropriate authority¹ may give directions to any two or more local authorities² requiring them to exercise the power to discharge functions jointly³ in relation to air quality functions⁴ in accordance with the directions⁵. The appropriate authority may give directions to a local authority requiring it: (1) not to exercise those powers⁶; or (2) not to exercise those powers in a manner specified in the directions⁷, in relation to air quality functions⁸. Where two or more local authorities have exercised those powers in relation to air quality functions, the appropriate authority may give them directions requiring them to revoke, or modify in accordance with the directions, the arrangements which they have made⁹.

1 For these purposes, 'appropriate authority' means in relation to England and Wales, the Secretary of State: Environment Act 1995 s 90, Sch 11 para 3(4)(a). As to the Secretary of State see PARA 58. As to the transfer of certain functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

2 As to the meaning of 'local authority' see PARA 99.

3 I.e. the exercise of the power conferred by the Local Government Act 1972 s 101(5) (see **LOCAL GOVERNMENT** vol 69 (2009) PARA 380): see the Environment Act 1995 Sch 11 para 3(1)(a).

4 I.e. functions under or by virtue of the Environment Act 1995 Pt IV (ss 80-91). As to the meaning of 'functions' see PARA 192 note 17.

5 Environment Act 1995 Sch 11 para 3(1). As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

6 Environment Act 1995 Sch 11 para 3(2)(a).

7 Environment Act 1995 Sch 11 para 3(2)(b).

8 Environment Act 1995 Sch 11 para 3(2).

9 Environment Act 1995 Sch 11 para 3(3).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(3) NATIONAL AIR QUALITY STRATEGY/205. Public access to information about air quality.

205. Public access to information about air quality.

It is the duty of every local authority¹: (1) to secure that there is available at all reasonable times for inspection by the public free of charge a copy of each of certain documents²; and (2) to afford to members of the public facilities for obtaining copies of those documents on payment of a reasonable charge³.

The documents mentioned in head (1) above are:

- 270 (a) a report of the results of any air quality review⁴ which the authority has caused to be conducted⁵;
- 271 (b) a report of the results of any assessment which the authority has caused to be made assessing air quality or whether air quality standards or objectives are being achieved⁶;
- 272 (c) any order made by the authority designating an air quality management area⁷;
- 273 (d) any action plan⁸ prepared by the authority⁹;
- 274 (e) any proposals or statements submitted to the authority¹⁰;
- 275 (f) any directions given to the authority under the provisions relating to air quality¹¹;
- 276 (g) in certain cases¹², any directions given to the county council under the provisions relating to air quality¹³.

1 As to the meaning of 'local authority' see PARA 99.

2 Environment Act 1995 s 90, Sch 11 para 4(1)(a). As to the documents mentioned see heads (a)-(g) in the text.

3 Environment Act 1995 Sch 11 para 4(1)(b). As to environmental information generally see PARA 55. As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

4 As to the meaning of 'air quality review' see PARA 195 note 1.

5 Environment Act 1995 Sch 11 para 4(2)(a).

6 Environment Act 1995 Sch 11 para 4(2)(b). The assessments referred to in the text are assessments under s 82 (see PARA 194) or s 84 (see PARA 196): see Sch 11 para 4(2)(b). As to the meanings of 'air quality objectives' and 'air quality standards' see PARA 194 note 4.

7 Environment Act 1995 Sch 11 para 4(2)(c). The order referred to in the text is an order under s 83 (see PARA 195): see Sch 11 para 4(2)(c).

8 As to the meaning of 'action plan' see PARA 196.

9 Environment Act 1995 Sch 11 para 4(2)(d).

10 Environment Act 1995 Sch 11 para 4(2)(e). The proposals or statements mentioned in the text are those submitted pursuant to s 86(3) or s 86(4) (see PARA 198): see Sch 11 para 4(2)(e).

11 Environment Act 1995 Sch 11 para 4(2)(f). The provisions relating to air quality referred to in the text are the provisions of Pt IV (ss 80-91): see Sch 11 para 4(2)(f).

12 le where the Environment Act 1995 s 86 applies: see PARA 198 note 4.

13 Environment Act 1995 Sch 11 para 4(2)(g). The provisions relating to air quality referred to in the text are the provisions of Pt IV: see Sch 11 para 4(2)(g).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(3) NATIONAL AIR QUALITY STRATEGY/206. Fixed penalty offences.

206. Fixed penalty offences.

Regulations¹ may, in particular, make provision²:

- 277 (1) for the qualifications, appointment or authorisation of persons who are to issue fixed penalty notices³;
- 278 (2) for the offences in connection with which, the cases or circumstances in which, the time or period at or within which, or the manner in which fixed penalty notices may be issued⁴;
- 279 (3) prohibiting the institution, before the expiration of the period for paying⁵ the fixed penalty⁶, of proceedings against a person for an offence in connection with which a fixed penalty notice has been issued⁷;
- 280 (4) prohibiting the conviction of a person for an offence in connection with which a fixed penalty notice has been issued if the fixed penalty is paid before the expiration of the period for paying it⁸;
- 281 (5) entitling, in prescribed cases, a person to whom a fixed penalty notice is issued to give, within a prescribed period, notice requesting a hearing in respect of the offence to which the fixed penalty notice relates⁹;
- 282 (6) for the amount of the fixed penalty to be increased by a prescribed amount in any case where the person liable to pay the fixed penalty fails to pay it before the expiration of the period for paying it, without having given notice requesting a hearing in respect of the offence to which the fixed penalty notice relates¹⁰;
- 283 (7) for or in connection with the recovery of an unpaid fixed penalty as a fine or as a civil debt or as if it were a sum payable under a county court order¹¹;
- 284 (8) for or in connection with execution or other enforcement in respect of an unpaid fixed penalty by prescribed persons¹²;
- 285 (9) for a fixed penalty notice, and any prescribed proceedings or other prescribed steps taken by reference to the notice, to be rendered void in prescribed cases where a person makes a prescribed statutory declaration, and for the consequences of any notice, proceedings or other steps being so rendered void (including extension of any time limit for instituting criminal proceedings)¹³;
- 286 (10) for or in connection with the extension, in prescribed cases or circumstances, by a prescribed person of the period for paying a fixed penalty¹⁴;
- 287 (11) for or in connection with the withdrawal, in prescribed circumstances, of a fixed penalty notice, including¹⁵: (a) repayment of any amount paid by way of fixed penalty in pursuance of a fixed penalty notice which is withdrawn¹⁶; and (b) prohibition of the institution or continuation of proceedings for the offence in connection with which the withdrawn notice was issued¹⁷;
- 288 (12) for or in connection with the disposition of sums received by way of fixed penalty¹⁸;
- 289 (13) for a certificate purporting to be signed by or on behalf of a prescribed person and stating either: (a) that payment of a fixed penalty was, or (as the case may be) was not, received on or before a date specified in the certificate¹⁹; or (b) that an envelope containing an amount sent by post in payment of a fixed penalty was marked as posted on a date specified in the certificate²⁰, to be received as evidence of the matters so stated and to be treated, without further proof, as being so signed unless the contrary is shown²¹;

- 290 (14) requiring a fixed penalty notice to give such reasonable particulars of the circumstances alleged to constitute the fixed penalty offence to which the notice relates as are necessary for giving reasonable information of the offence and to state²²: (a) the monetary amount of the fixed penalty which may be paid²³; (b) the person to whom, and the address at which, the fixed penalty may be paid and any correspondence relating to the fixed penalty notice may be sent²⁴; (c) the method or methods by which payment of the fixed penalty may be made²⁵; (d) the period for paying the fixed penalty²⁶; (e) the consequences of the fixed penalty not being paid before the expiration of that period²⁷;
- 291 (15) similar to any provision made by the provision relating to statements by constables in fixed penalty cases²⁸;
- 292 (16) for presuming, in any proceedings, that any document of a prescribed description purporting to have been signed by a person to whom a fixed penalty notice has been issued has been signed by that person²⁹;
- 293 (17) requiring or authorising a fixed penalty notice to contain prescribed information relating to, or for the purpose of facilitating, the administration of the fixed penalty system³⁰;
- 294 (18) with respect to the giving of fixed penalty notices, including, in particular, provision with respect to the methods by which, the officers, servants or agents by, to or on whom, and the places at which, fixed penalty notices may be given by, or served on behalf of, a prescribed person³¹;
- 295 (19) prescribing the method or methods by which fixed penalties may be paid³²;
- 296 (20) for or with respect to the issue of prescribed documents to persons to whom fixed penalty notices are or have been given³³;
- 297 (21) for a fixed penalty notice to be treated for prescribed purposes as if it were an information or summons or any other document of a prescribed description³⁴.

The provision that may be made by regulations prescribing fixed penalty offences includes provision for an offence to be a fixed penalty offence only if it is committed in such circumstances or manner as may be prescribed or except if it is committed in such circumstances or manner as may be prescribed³⁵.

Regulations may provide for any offence which is a fixed penalty offence to cease to be such an offence³⁶. An offence which, in consequence of regulations so made³⁷, has ceased to be a fixed penalty offence is eligible to be prescribed as such an offence again³⁸.

Regulations may also make provision for such exceptions, limitations and conditions as the Secretary of State³⁹ considers necessary or expedient⁴⁰.

1 For these purposes, 'regulations' means regulations under or by virtue of the Environment Act 1995 s 87(2) (o) (see PARA 200); s 90, Sch 11 para 5(6). As to the regulations that have been made see the Road Traffic (Vehicle Emissions) (Fixed Penalty) (England) Regulations 2002, SI 2002/1808; and the Road Traffic (Vehicle Emissions) (Fixed Penalty) (Wales) Regulations 2003, SI 2003/300. As to the procedure applicable to proceedings for the recovery of certain increased fixed penalties under the Road Traffic (Vehicle Emissions) (Fixed Penalty) (England) Regulations 2002, SI 2002/1808, see CPR Pt 75 (added by SI 2002/2058; and amended by SI 2005/3515; and SI 2008/3327); and *Practice Direction--Traffic Enforcement* PD 75.

2 Environment Act 1995 Sch 11 para 5(1). This provision is expressed to be without prejudice to the generality of s 87(2)(o) (see PARA 200): see Sch 11 para 5(1).

Certain person or indorsements are specified for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 37, Schs 5, 6 (meaning of 'regulator' for the purposes of imposing civil sanctions): see **ADMINISTRATIVE LAW**. Reference should also be made to relevant websites which were, at the date at which this volume states the law, www.bis.gov.uk; and www.defra.gov.uk.

As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

3 Environment Act 1995 Sch 11 para 5(1)(a). For these purposes, 'fixed penalty notice' means a notice offering a person an opportunity to discharge any liability to conviction for a fixed penalty offence by payment of a penalty of a prescribed amount: Sch 11 para 5(6). For these purposes, 'fixed penalty offence' means, subject to Sch 11 para 5(2) (see PARA 203), any offence (whether under or by virtue of Pt IV (ss 80-91) or any other enactment) which is for the time being prescribed as a fixed penalty offence: Sch 11 para 5(6). 'Prescribed' means prescribed, or of a description prescribed, by or under regulations: s 91(1). See note 1.

4 Environment Act 1995 Sch 11 para 5(1)(b).

5 For these purposes, 'period for paying', in relation to any fixed penalty, means such period as may be prescribed for the purpose: Environment Act 1995 Sch 11 para 5(6).

6 For these purposes, 'fixed penalty' means a penalty of such amount as may be prescribed (whether by being specified in, or made calculable under, regulations): Environment Act 1995 Sch 11 para 5(6).

7 Environment Act 1995 Sch 11 para 5(1)(c).

8 Environment Act 1995 Sch 11 para 5(1)(d).

9 Environment Act 1995 Sch 11 para 5(1)(e).

10 Environment Act 1995 Sch 11 para 5(1)(f).

11 Environment Act 1995 Sch 11 para 5(1)(g).

12 Environment Act 1995 Sch 11 para 5(1)(h).

13 Environment Act 1995 Sch 11 para 5(1)(j).

14 Environment Act 1995 Sch 11 para 5(1)(k).

15 Environment Act 1995 Sch 11 para 5(1)(l).

16 Environment Act 1995 Sch 11 para 5(1)(l)(i).

17 Environment Act 1995 Sch 11 para 5(1)(l)(ii).

18 Environment Act 1995 Sch 11 para 5(1)(m).

38 Environment Act 1995 Sch 11 para 5(4).

39 As to the Secretary of State see [PARA 58](#). As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see [PARA 59](#).

40 Environment Act 1995 Sch 11 para 5(5).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(i) Powers, Duties, etc/207. Power to make regulations and orders.

(4) CLEAN AIR

(i) Powers, Duties, etc

207. Power to make regulations and orders.

Any power of the Secretary of State¹ under the Clean Air Act 1993 to make orders or regulations²: (1) includes power to make different provision in the order or regulations for different circumstances³; (2) includes power to make such incidental, supplemental and transitional provision as he considers appropriate⁴; and (3) with certain exceptions⁵, is exercisable by statutory instrument⁶.

The Secretary of State may by regulations⁷ provide that certain provisions⁸ have effect with such modifications as are prescribed in the regulations with a view to enabling the government of the United Kingdom⁹ to give effect to any provision made by or under any international agreement to which the government is for the time being a party¹⁰.

1 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

2 Clean Air Act 1993 s 63(1). As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

3 Clean Air Act 1993 s 63(1)(a).

4 Clean Air Act 1993 s 63(1)(b).

5 Ie except in the case of the powers conferred by the Clean Air Act 1993 s 19(4) (see PARA 218), s 60 (see PARA 209) and Sch 3 para 3 (repealed): s 63(1)(c).

6 Clean Air Act 1993 s 63(1)(c). Any statutory instrument containing regulations made under the Clean Air Act 1993, except an instrument containing regulations a draft of which is required by s 6(3) (see PARA 228), s 10(5) (see PARA 230) or s 47(2) (see PARA 232) to be approved by a resolution of each House of Parliament, is subject to annulment in pursuance of a resolution of either House of Parliament: s 63(2). Any statutory instrument containing an order under s 21 or s 22 is also subject to annulment in pursuance of a resolution of either House of Parliament: s 63(3).

7 At the date at which this volume states the law no such regulations had been made.

8 Ie the Clean Air Act 1993 Pt IV (ss 30-33), Pt V (ss 34-40), and so much of Pt VII (ss 47-68) (apart from s 48) as relates to those Parts: see s 48.

9 As to the meaning of 'United Kingdom' see PARA 1 note 2.

10 Clean Air Act 1993 s 48.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(i) Powers, Duties, etc/208. Power to hold inquiries.

208. Power to hold inquiries.

The Secretary of State¹ may cause an inquiry to be held in any case in which he considers it appropriate for an inquiry to be held either in connection with a provision of the Clean Air Act 1993 or with a view to preventing or dealing with air pollution at any place².

1 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

2 Clean Air Act 1993 s 59(1) (amended by the Environment Act 1995 Sch 22 para 197). Without prejudice to the generality of the Local Government Act 1972 s 250(1) (see **LOCAL GOVERNMENT** vol 69 (2009) PARA 105), the provisions of s 250(2)-(5) apply to inquiries in England and Wales in pursuance of the Clean Air Act 1993 s 59(1) as they apply to inquiries in pursuance of the Local Government Act 1972 s 250: Clean Air Act 1993 s 59(2). As to the power to hold inquiries in relation to any matter concerning public health see PARA 63.

As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(i) Powers, Duties, etc/209. Power to enforce duties of defaulting authorities.

209. Power to enforce duties of defaulting authorities.

If the Secretary of State¹ is satisfied that any local authority² (the 'defaulting authority') has failed to perform any of its functions³ which it ought to have performed, he may make an order declaring the authority to be in default, and directing it to perform such of its functions as may be specified in the order; and he may specify the manner in which and the times within which those functions are to be performed by the authority⁴. If the defaulting authority fails to comply with any direction contained in such an order, the Secretary of State may, instead of enforcing the order by mandatory order, make an order transferring to himself such of the functions of the authority as he thinks fit⁵. Where any functions of the defaulting authority are transferred⁶, the amount of any expenses which the Secretary of State certifies were incurred by him in performing those functions must on demand be paid to him by the defaulting authority⁷.

An order transferring any functions of the authority⁸ may provide for the transfer to the Secretary of State of such of the property, rights, liabilities and obligations of the authority as he considers appropriate⁹.

An order made under these provisions may be varied or revoked by a subsequent order so made¹⁰.

1 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

2 As to the meaning of 'local authority' see PARA 99.

3 For these purposes, 'functions', in relation to an authority, means functions conferred on the authority by virtue of the Clean Air Act 1993: s 60(8).

4 Clean Air Act 1993 s 60(1). Section 60 does not apply to a failure by a local authority: (1) to discharge its functions under s 18 (see PARA 217); (2) to submit proposals to the Secretary of State in pursuance of a direction under s 19(1) (see PARA 218); or (3) to perform a duty imposed on it by or by virtue of s 19(4) or s 19(6) (see PARA 218): s 60(7). The order of the Secretary of State need not be made by statutory instrument: see s 63(1) (c); and PARA 207. As to the enforcement of duties under certain other enactments see PARA 64.

As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

5 Clean Air Act 1993 s 60(2). As to mandatory orders (formerly known as orders of mandamus) see **ADMINISTRATIVE LAW** vol 1(1) (2001 Reissue) PARA 133 et seq.

6 Ie in pursuance of the Clean Air Act 1993 s 60(2): see the text and note 5.

7 Clean Air Act 1993 s 60(3). Where any expenses are in pursuance of s 60(3) required to be paid by the authority in respect of any functions so transferred: (1) the expenses must be defrayed by the authority in the like manner, and must be debited to the like account, as if the functions had not been transferred and the expenses had been incurred by the authority in performing them; and (2) the authority has the like powers for the purpose of raising any money required for the purpose of head (1) above as the authority would have had for the purpose of raising money required for defraying expenses incurred for the purposes of the functions in question: s 60(4).

8 Ie in pursuance of the Clean Air Act 1993 s 60(2): see the text and note 5.

9 Clean Air Act 1993 s 60(5). As to the powers of the Secretary of State on the revocation of an order see note 10.

10 Clean Air Act 1993 s 60(6). Where such an order is revoked the Secretary of State may, by the revoking order or a subsequent order, make such provision as he considers appropriate with respect to any property, rights, liabilities and obligations held by him for the purposes of the transferred functions: s 60(5).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(i) Powers, Duties, etc/210. Emissions from Crown premises.

210. Emissions from Crown premises.

It is part of the functions of a local authority¹, in cases where it seems to it proper to do so, to report to the responsible minister² any cases of³: (1) emissions of dark smoke⁴ or of grit or dust from any premises⁵ which are under the control of any government department and are occupied for the public service of the Crown⁶ or for any of the purposes of any government department⁷, or from any premises occupied for the service of a visiting force⁸; or (2) emissions of smoke, whether dark smoke or not, from any such premises which are within a smoke control area⁹; or (3) emissions of smoke, whether dark smoke or not, from any such premises which appear to the authority to constitute a nuisance to the inhabitants of the neighbourhood¹⁰; or (4) emissions of dark smoke from any vessel¹¹ of Her Majesty's navy, or any government ship¹² in the service of the Secretary of State¹³ while employed for the purposes of Her Majesty's navy¹⁴, which appear to the authority to constitute a nuisance to the inhabitants of the neighbourhood¹⁵. On receiving any such report the responsible minister must inquire into the circumstances and, if his inquiry reveals that there is cause for complaint, he must employ all practicable means¹⁶ for preventing or minimising the emission of the smoke, grit or dust or for abating the nuisance and preventing a recurrence of it, as the case may be¹⁷.

1 As to the meaning of 'local authority' see PARA 99.

2 In the case of the Duchy of Cornwall, references to the responsible minister must be read as references to such person as the Duke of Cornwall or the possessor for the time being of the Duchy of Cornwall appoints: see the Clean Air Act 1993 s 46(2).

3 Clean Air Act 1993 s 46(1). This provision also applies to premises occupied for the purposes of the Duchy of Lancaster or the Duchy of Cornwall as it applies to premises occupied for the public service of the Crown which are under the control of a government department: see s 46(2).

The fact that there subsists in any premises an interest belonging to Her Majesty in right of the Crown or of the Duchy of Lancaster, or to the Duchy of Cornwall, or belonging to a government department or held in trust for Her Majesty for the purposes of a government department, does not affect the application of the Clean Air Act 1993 to those premises so long as that interest is not the interest of the occupier of the premises; and the Clean Air Act 1993 has effect accordingly in relation to the premises and that and all other interests in the premises: s 46(3). See also *Nottingham Area No 1 Hospital Management Committee v Owen* [1958] 1 QB 50, [1957] 3 All ER 358, DC.

As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

4 As to the meaning of 'dark smoke' see PARA 214 note 1. 'Smoke' includes soot, ash, grit and gritty particles emitted in smoke: Clean Air Act 1993 s 64(1).

5 'Premises' includes land: Clean Air Act 1993 s 64(1). See *Sheffield City Council v ADH Demolition Ltd* (1983) 82 LGR 177, [1984] JPL 658 (demolition site was considered to be 'premises').

6 A hospital which is occupied by a health authority carrying out duties imposed on the Secretary of State by the National Health Service Act 1977 (see also now the National Health Service Act 2006) (see **HEALTH SERVICES**) is occupied for the public service of the Crown: see *Nottingham Area No 1 Hospital Management Committee v Owen* [1958] 1 QB 50, [1957] 3 All ER 358, DC.

7 Clean Air Act 1993 s 46(1)(a).

8 See the Clean Air Act 1993 s 46(5). For these purposes, 'visiting force' means any such body, contingent or detachment of the forces of any country as is a visiting force for the purposes of any of the provisions of the

Visiting Forces Act 1952 (see **ARMED FORCES** vol 2(2) (Reissue) PARA 140): Clean Air Act 1993 s 46(6). The Clean Air Act 1993, except Pt IV (ss 30-33) and Pt V (ss 34-40), has effect in relation to premises occupied for the service of a visiting force as if the premises were occupied for the public service of the Crown and were under the control of the government department by arrangement with whom the premises are occupied: s 46(5).

9 Clean Air Act 1993 s 46(1)(b). As to smoke control areas see PARA 217 et seq.

10 Clean Air Act 1993 s 46(1)(c).

11 'Vessel' has the same meaning as 'ship' in the Merchant Shipping Act 1995 (see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 229): Clean Air Act 1993 s 64(1) (definition amended by the Merchant Shipping Act 1995 Sch 13 para 94).

12 For these purposes, 'government ship' has the same meaning as in the Merchant Shipping Act 1995 (see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 20): Clean Air Act 1993 s 46(6) (amended by the Merchant Shipping Act 1995 Sch 13 para 94).

13 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

14 The Clean Air Act 1993 s 44 (see PARA 216), with the omission of the reference in s 44(2) to the owner, applies to vessels owned by the Crown, except that it does not apply to vessels of Her Majesty's navy or to government ships in the service of the Secretary of State while employed for the purposes of Her Majesty's navy: s 46(4).

15 Clean Air Act 1993 s 46(1)(d).

16 'Practicable' means reasonably practicable having regard, among other things, to local conditions and circumstances, to the financial implications and to the current state of technical knowledge; and 'practicable means' includes the provision and maintenance of plant and its proper use: Clean Air Act 1993 s 64(1). Cf *Cooper v Woolley* (1867) LR 2 Exch 88, where it was held that 'as far as possible' meant as far as possible consistently with carrying on the relevant trade.

17 Clean Air Act 1993 s 46(1). See also note 3.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(i) Powers, Duties, etc/211. Exemption for research.

211. Exemption for research.

If a local authority¹ is satisfied, on the application of any person interested, that it is expedient to do so for the purposes of enabling investigations or research relevant to the problems of the pollution of the air to be carried out without rendering the applicant liable to proceedings under or by virtue of specified provisions², it may by notice in writing given to the applicant, wholly or to a limited extent, exempt certain chimneys³, furnaces, boilers, industrial plant⁴ or premises⁵ or the acquisition or sale of fuel from the operation of those provisions⁶, in each case subject to such conditions, if any, and for such period as may be specified in the notice⁷. Any person who has applied to the local authority for such exemption may, if he is dissatisfied with the decision of the authority on the application, appeal to the Secretary of State⁸. The Secretary of State may, if he thinks fit, by notice in writing given to the applicant and the local authority, give any exemption which the authority might have given or vary the terms of any exemption which it has given⁹.

1 As to the meaning of 'local authority' see PARA 99.

2 I.e. any of the provisions of the Environmental Protection Act 1990 or the Clean Air Act 1993 mentioned in s 45(1)(a)-(e): see note 6.

3 'Chimney' includes structures and openings of any kind from or through which smoke, grit, dust or fumes may be emitted, and, in particular, includes flues; and references to a chimney of a building include references to a chimney which serves the whole or a part of a building but is structurally separate from the building: Clean Air Act 1993 s 64(1). 'Fumes' means any airborne solid matter smaller than dust: s 64(1). As to the meaning of 'smoke' see PARA 210 note 4. The funnel of a steam tug is a chimney: *Tough v Hopkins* [1904] 1 KB 804, DC.

4 'Industrial plant' includes any still, melting pot or other plant used for any industrial or trade purposes, and also any incinerator used for or in connection with any such purposes: Clean Air Act 1993 s 64(1).

5 As to the meaning of 'premises' see PARA 210 note 5.

6 See the Clean Air Act 1993 s 45(1), which permits the exemption of:

68 (1) any chimney from the operation of s 1 (see PARA 214), s 5 (see PARA 227), s 20 (see PARA 217), s 43 (see PARA 216) and the Environmental Protection Act 1990 Pt III (ss 79-84) (see **NUISANCE** vol 78 (2010) PARA 155 et seq) (Clean Air Act 1993 s 45(1)(a));

69 (2) any furnace, boiler or industrial plant from the operation of s 4(2) (see PARA 226) (s 45(1)(b));

70 (3) any premises from the operation of s 2 (see PARA 215) (s 45(1)(c));

71 (4) any furnace from the operation of s 6 or s 8 (see PARA 228) and s 10 (see PARA 230) (s 45(1)(d)); and

72 (5) the acquisition or sale of any fuel specified in the notice from the operation of s 23 (see PARA 221) (s 45(1)(e)).

7 Clean Air Act 1993 s 45(1). As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

8 Clean Air Act 1993 s 45(2). As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

9 Clean Air Act 1993 s 45(2).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(i) Powers, Duties, etc/212. Disclosure of information.

212. Disclosure of information.

If any person discloses any information relating to any trade secret used in carrying on any particular undertaking which has been given to him or obtained by him by virtue of the Clean Air Act 1993, he is guilty of an offence and liable on summary conviction to a penalty¹. However, a person is not guilty of such an offence by reason of the disclosure of any information if the disclosure is made²: (1) in the performance of his duty³; (2) in pursuance of the provision relating to arranging for the publication of information on the problem of air pollution⁴; or (3) with the consent of a person having a right to disclose the information⁵.

1 Clean Air Act 1993 s 49(1). The penalty is a fine not exceeding level 5 on the standard scale: s 49(1). As to the standard scale see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 142.

At to environmental information generally see PARA 55. As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

2 Clean Air Act 1993 s 49(2).

3 Clean Air Act 1993 s 49(2)(a).

4 Clean Air Act 1993 s 49(2)(b). The provision referred to in the text is s 34(1)(b) (see PARA 239): see s 49(2)(b).

5 Clean Air Act 1993 s 49(2)(c).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(i) Powers, Duties, etc/213. County court powers to authorise works and order payments.

213. County court powers to authorise works and order payments.

If works are reasonably necessary in or in connection with a building in order to enable the building to be used for some purpose¹ without contravention of certain provisions of the Clean Air Act 1993², the occupier of the building³:

- 298 (1) may, if by reason of a restriction affecting his interest in the building he is unable to carry out the works without the consent of the owner⁴ of the building or some other person interested in the building and is unable to obtain that consent, apply to the county court for an order to enable the works to be carried out by him⁵; and
- 299 (2) may, if he considers that the whole or any proportion of the cost of carrying out the works ought to be borne by the owner of the building or some other person interested in the building, apply to the county court for an order directing the owner or other person to indemnify him, either wholly or in part, in respect of that cost⁶.

In either case, the court may make such order as may appear to the court to be just⁷.

1 In considering whether any, and if so what works are reasonably necessary in order to enable a building to be used for a purpose without contravention of any of the provisions of this Act, regard is to be had to any difficulty there may be in obtaining, or in obtaining otherwise than at a high price, any fuels which would have to be used but for the execution of the works: Clean Air Act 1993 s 64(5).

2 Ie without contravention of any of the provisions of the Clean Air Act 1993 apart from Pt IV (ss 30-33) and Pt V (ss 34-40).

3 Clean Air Act 1993 s 54(1). Any reference in the Clean Air Act 1993 to the occupier of a building is to be read, in relation to any building different parts of which are occupied by different persons, as a reference to the occupier or other person in control of the part of the building in which the relevant fireplace is situated: s 64(2). 'Fireplace' includes any furnace, grate or stove, whether open or closed: s 64(1).

As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

4 'Owner' in relation to premises means the person for the time being receiving the rackrent of the premises, whether on his own account or as agent or trustee for another person, or who would so receive the rackrent if the premises were let at a rackrent: Clean Air Act 1993 s 64(1). See *Camden London Borough Council v Gunby* [1999] 4 All ER 602, [2000] Env LR D10 (managing agent was 'owner' for purposes of the Clean Air Act 1993 s 64(1) and other legislation).

5 Clean Air Act 1993 s 54(1)(a).

6 Clean Air Act 1993 s 54(1)(b).

7 Clean Air Act 1993 s 54(1).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(ii) Dark Smoke/214. Emissions of dark smoke from chimneys.

(ii) Dark Smoke

214. Emissions of dark smoke from chimneys.

Dark smoke¹ must not be emitted from a chimney² of any building³ and if on any day⁴ dark smoke is so emitted, the occupier of the building⁵ is guilty of an offence⁶. In addition, dark smoke must not be emitted from a chimney (not being a chimney of a building) which serves the furnace of any fixed boiler or industrial plant⁷ and if on any day dark smoke is so emitted, the person having possession of the boiler or plant is guilty of an offence⁸. These provisions do not apply to emissions of smoke from any chimney, in such classes of case and subject to such limitations as may be prescribed in regulations⁹ made by the Secretary of State¹⁰, lasting for not longer than such periods as may be so prescribed¹¹.

In any proceedings for an offence under these provisions¹², it is a defence to prove:

- 300 (1) that the alleged emission was solely due to the lighting up of a furnace which was cold and that all practicable¹³ steps had been taken to prevent or minimise the emission of dark smoke¹⁴;
- 301 (2) that the alleged emission was solely due to some failure of a furnace, or of apparatus used in connection with a furnace, and that the failure could not reasonably have been foreseen or, if foreseen, could not reasonably have been provided against and that the alleged emission could not reasonably have been prevented by action taken after the failure occurred¹⁵; or
- 302 (3) that the alleged emission was solely due to the use of unsuitable fuel and that suitable fuel was unobtainable and the least unsuitable fuel which was available was used and all practicable steps had been taken to prevent or minimise the emission of dark smoke as the result of the use of that fuel¹⁶.

It is also a defence to prove that the alleged emission was due to the combination of two or more of the causes specified in heads (1) to (3) above and that the other conditions specified in those heads are satisfied in relation to those causes respectively¹⁷.

A person guilty of an offence under these provisions¹⁸ is liable on summary conviction to a penalty¹⁹.

1 'Dark smoke' means smoke which, if compared in the appropriate manner with a chart of the type known on 5 July 1956 (ie the date of the passing of the Clean Air Act 1956) as the Ringelmann Chart, would appear to be as dark as or darker than shade 2 on the chart: Clean Air Act 1993 ss 3(1), 64(1). In proceedings for an offence under s 1 or s 2 (see PARA 215) the court may be satisfied that smoke is or is not dark smoke as defined in s 3(1) notwithstanding that there has been no actual comparison of the smoke with a chart of the type mentioned: s 3(2) (amended by the Environment Act 1995 Sch 24). Without prejudice to the generality of the Clean Air Act 1993 s 3(1), (2), if the Secretary of State by regulations prescribes any method of ascertaining whether smoke is dark smoke as defined in s 3(1), proof in any such proceedings as are mentioned in s 3(2) that that method was properly applied, and that the smoke was thereby ascertained to be or not to be dark smoke as so defined, is to be accepted as sufficient: s 3(3). At the date at which this volume states the law no such regulations had been made. As to the meaning of 'smoke' see PARA 210 note 4. As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

2 As to the meaning of 'chimney' see PARA 211 note 3. As to 'emitted' see *O'Fee v Copeland Borough Council* (1995) 160 JP 20, 94 LGR 115; and PARA 214.

3 'Building' must be part of a recognised structure but could include a greenhouse: see *Clifford v Holt* [1899] 1 Ch 698.

4 'Day' means a period of 24 hours beginning at midnight: Clean Air Act 1993 s 64(1).

5 As to references to the occupier of a building see PARA 213 note 3.

6 Clean Air Act 1993 s 1(1). Section 1 has effect subject to the duty to notify offences to the occupier or other person liable (see s 51; and PARA 249): s 1(6). As to the duty to notify occupiers of offences under s 1 see PARA 249. As to the application of s 1 to railway locomotive engines and vessels see PARA 216.

As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

7 'Fixed boiler or industrial plant' means any boiler or industrial plant which is attached to a building or is for the time being fixed to or installed on any land: Clean Air Act 1993 s 64(1). As to the meaning of 'industrial plant' see PARA 211 note 4.

8 Clean Air Act 1993 s 1(2).

9 At the date at which this volume states the law no regulations had been made under the Clean Air Act 1993 s 1(3) but, by virtue of the Interpretation Act 1978 s 17(2)(b), the Dark Smoke (Permitted Periods) Regulations 1958, SI 1958/498, and the Dark Smoke (Permitted Periods) (Vessels) Regulations 1958, SI 1958/878, have effect as if so made. As to the power to make regulations see PARA 207.

10 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

11 Clean Air Act 1993 s 1(3).

12 Ie under the Clean Air Act 1993 s 1(1), (2): see the text and notes 1-7.

13 As to the meaning of 'practicable' see PARA 210 note 16.

14 Clean Air Act 1993 s 1(4)(a).

15 Clean Air Act 1993 s 1(4)(b).

16 Clean Air Act 1993 s 1(4)(c).

17 Clean Air Act 1993 s 1(4).

18 Ie under the Clean Air Act 1993 s 1(1), (2): see the text and notes 1-7.

19 See the Clean Air Act 1993 s 1(5). A person guilty of an offence under s 1 is liable, in the case of a contravention of s 1(1) as respects a chimney of a private dwelling, to a fine not exceeding level 3 on the standard scale and, in any other case, to a fine not exceeding level 5 on the standard scale: s 1(5). As to the standard scale see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 142.

In the Clean Air Act 1993, except so far as the context otherwise requires, 'private dwelling' means any building or part of a building used or intended to be used as such; and a building or part of a building is not to be taken for the purposes of the Clean Air Act 1993 to be used or intended to be used otherwise than as a private dwelling by reason that a person who resides or is to reside in it is or is to be required or permitted to reside in it in consequence of his employment or of holding an office: s 64(4).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(ii) Dark Smoke/215. Dark smoke from industrial or trade premises.

215. Dark smoke from industrial or trade premises.

Dark smoke¹ must not be emitted² from any industrial or trade premises³ and if on any day⁴ dark smoke is so emitted, the occupier of the premises and any person who causes or permits the emission is guilty of an offence⁵. This provision does not apply to: (1) the emission of dark smoke from certain chimneys⁶; or (2) to the emission of dark smoke caused by the burning of any matter prescribed in regulations⁷ made by the Secretary of State⁸, subject to compliance with such conditions (if any) as may be so prescribed⁹.

In proceedings for an offence under these provisions, there is to be taken to have been an emission of dark smoke from industrial or trade premises in any case where material is burned on those premises and the circumstances are such that the burning would be likely to give rise to the emission of dark smoke, unless the occupier or any person who caused or permitted the burning shows that no dark smoke was emitted¹⁰.

In proceedings for an offence under these provisions, it is a defence to prove that the alleged emission was inadvertent and that all practicable¹¹ steps had been taken to prevent or minimise the emission of dark smoke¹².

A person guilty of an offence under these provisions is liable on summary conviction to a penalty¹³.

1 As to the meaning of 'dark smoke' see PARA 214 note 1. As to the meaning of 'smoke' see PARA 210 note 4.

2 This includes a movement above the surface of the ground within the boundaries of the land occupied: *O'Fee v Copeland Borough Council* (1995) 160 JP 20, 94 LGR 115.

3 For these purposes, 'industrial or trade premises' means premises used for any industrial or trade purposes; or premises not so used on which matter is burnt in connection with any industrial or trade process: Clean Air Act 1993 s 2(6). As to the meaning of 'premises' see PARA 210 note 5; and *Sheffield City Council v ADH Demolition Ltd* (1983) 82 LGR 177, [1984] JPL 658.

4 As to the meaning of 'day' see PARA 214 note 4.

5 Clean Air Act 1993 s 2(1). Section 2 has effect subject to the duty to notify offences to the occupier or other person liable (see s 51; and PARA 249): s 2(7). As to the duty to notify occupiers of offences under s 2 see PARA 249.

As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

6 I.e chimneys to which the Clean Air Act 1993 s 1 (see PARA 214) applies. As to the meaning of 'chimney' see PARA 211 note 3.

7 As to regulations made under the Clean Air Act 1993 s 2(2) see the Waste Management (Miscellaneous Provisions) (England and Wales) Regulations 2007, SI 2007/1156 (amended by SI 2007/3538) (and see below) and, by virtue of the Interpretation Act 1978 s 17(2)(b), the Clean Air (Emission of Dark Smoke) (Exemption) Regulations 1969, SI 1969/1263 (amended by SI 2005/1082; and SI 2007/1156) have effect as if so made. As to the power to make regulations see PARA 207.

8 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

9 Clean Air Act 1993 s 2(2).

- 10 Clean Air Act 1993 s 2(3).
- 11 As to the meaning of 'practicable' see PARA 210 note 16.
- 12 Clean Air Act 1993 s 2(4).
- 13 Clean Air Act 1993 s 2(5). The penalty is a fine not exceeding £20,000: s 2(5) (amended by the Environment Act 1995 Sch 22 para 195).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(ii) Dark Smoke/216. Smoke from vessels and railway engines.

216. Smoke from vessels and railway engines.

The prohibition on the emission of dark smoke¹ applies with modifications² in relation to vessels³ in certain waters⁴ and to railway locomotive engines⁵ as it applies in relation to buildings⁶, but otherwise the Clean Air Act 1993 Parts I to III⁷ do not apply to smoke, grit or dust from any vessel or railway locomotive engine⁸.

1 le the Clean Air Act 1993 s 1: see PARA 214. As to the meaning of 'dark smoke' see PARA 214 note 1. As to the meaning of 'smoke' see PARA 210 note 4.

2 Thus in the application of the Clean Air Act 1993 s 1 to a vessel: (1) for the reference in s 1(1) to the occupier of the building there is substituted a reference to the owner of, and to the master or other officer or person in charge of, the vessel; (2) references to a furnace are to be read as including references to an engine of the vessel; and (3) the penalty under s 1(5) is omitted: see s 44(2)(a)-(c). A person guilty of an offence under s 1 in relation to a vessel is liable on summary conviction to a fine not exceeding level 5 on the standard scale: s 44(2). As to the standard scale see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 142. In the case of railway locomotive engines, for the reference in s 1(1) to the occupier of the building there is substituted a reference to the owner of the engine: s 43(2). As to the occupier of a building see PARA 213 note 3. As to the meaning of 'owner' see PARA 213 note 4. As to certain Crown vessels see PARA 210 note 14.

3 As to the meaning of 'vessel' see PARA 210 note 11.

4 The waters to which the Clean Air Act 1993 s 44 applies are: (1) all waters not navigable by sea-going ships; and (2) all waters navigable by sea-going ships which are within the seaward limits of the territorial waters of the United Kingdom and are contained within any port, harbour, river, estuary, haven, dock, canal or other place so long as a person or body of persons is empowered by or under any Act to make charges in respect of vessels entering it or using facilities in it: s 44(4). 'Charges' means any charges with the exception of light dues, local light dues and any other charges payable in respect of lighthouses, buoys or beacons and of charges in respect of pilotage: s 44(5). As to the meaning of 'United Kingdom' see PARA 1 note 2. As to territorial waters see **WATER AND WATERWAYS** vol 100 (2009) PARA 31. For these purposes, a vessel in any waters to which s 44 applies which are not within the district of any local authority is deemed to be within the district of the local authority whose district includes that point on land which is nearest to the spot where the vessel is: s 44(3). As to the meaning of 'local authority' see PARA 99.

5 The owner of a railway locomotive engine must use any practicable means there may be for minimising the emission of smoke from the chimney on the engine, and if he fails to do so he is, if smoke is emitted from that chimney, guilty of an offence and liable on summary conviction to a fine not exceeding level 5 on the standard scale, or to cumulative penalties on continuance in accordance with the Clean Air Act 1993 s 50 (see PARA 246): s 43(3), (4). As to the meaning of 'practicable means' see PARA 210 note 16. As to the meaning of 'chimney' see PARA 211 note 3.

6 Clean Air Act 1993 ss 43(1), 44(1). As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

7 le the Clean Air Act 1993 Pt I (ss 1-3), Pt II (ss 4-16) and Pt III (ss 18-29).

8 Clean Air Act 1993 ss 43(5), 44(6).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(iii) Smoke Control Areas/217. Smoke control orders.

(iii) Smoke Control Areas

217. Smoke control orders.

A local authority¹ may by order declare the whole or any part of its district to be a smoke control area, and any order so made is referred to as a smoke control order². A smoke control order: (1) may make different provision for different parts of the smoke control area³; (2) may limit the operation of the statutory provisions relating to the prohibition of emissions of smoke⁴ to specified classes of building⁵; and (3) may exempt specified buildings or classes of buildings, or specified fireplaces⁶ or classes of fireplace, in the area from the operation of such provisions upon such conditions as may be specified in the order⁷. The order may be revoked or varied by a subsequent order⁸.

If on any day⁹ smoke¹⁰ is emitted from a chimney¹¹ of a building within a smoke control area, the occupier of the building¹² is guilty of an offence¹³. If on any day smoke is emitted from a chimney (not being the chimney of a building) which serves the furnace of any fixed boiler or industrial plant within a smoke control area, the person having possession of the boiler or plant is guilty of an offence¹⁴.

Any person guilty of an offence under these provisions¹⁵ is liable on summary conviction to a penalty¹⁶. In proceedings for offences under these provisions it is a defence to prove that the alleged emission was not caused by the use of any fuel other than an authorised fuel¹⁷.

1 As to the meaning of 'local authority' see PARA 99. Without prejudice to the Clean Air Act 1993 s 61(1) (see PARA 101 note 9), any two or more local authorities may combine for the purpose of declaring an area to be a smoke control area and in that event: (1) the smoke control area may be the whole of the districts of those authorities or any part of those districts; (2) the references in s 18 (see the text and notes 2-8), Sch 1 (see PARA 219) and Sch 2 para 1 (see PARA 223) to the local authority are to be read as references to the local authorities acting jointly; (3) the reference in Sch 1 para 1 (see PARA 219) to a place in the district of the local authority is to be construed as a reference to a place in each of the districts of the local authorities: s 61(3). Except as provided in s 61(3), references in the Clean Air Act 1993 to the local authority are, in relation to a building or dwelling, or in relation to a boiler or industrial plant, in the smoke control area, to be read as references to that one of the local authorities within whose district the building, dwelling, boiler or plant is situated: s 61(3). As to the meaning of 'industrial plant' see PARA 211 note 4.

2 Clean Air Act 1993 s 18(1). 'Smoke control order' means an order made by the local authority under s 18: s 29. See further PARA 219. As to the power of the Secretary of State to require the making of such an order see PARA 219. As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

3 Clean Air Act 1993 s 18(2)(a).

4 Ie the provisions of the Clean Air Act 1993 s 20.

5 Clean Air Act 1993 s 18(2)(b).

6 As to the meaning of 'fireplace' see PARA 213 note 3.

7 Clean Air Act 1993 s 18(2)(c). The reference in the text and specified buildings or classes of building includes a reference to any specified, or to any specified classes of, fixed boiler or industrial plant: s 18(2). As to the meaning of 'fixed boiler or industrial plant' see PARA 214 note 7.

8 Clean Air Act 1993 s 18(3).

9 As to the meaning of 'day' see PARA 214 note 4.

10 As to the meaning of 'smoke' see PARA 210 note 4.

11 As to the meaning of 'chimney' see PARA 211 note 3.

12 As to the occupier of a building see PARA 213 note 3.

13 Clean Air Act 1993 s 20(1). The provisions of s 20(1), (2) have effect: (1) subject to any exemptions for the time being in force under s 18 (see the text and notes 1-8), s 21 or s 22 (see PARA 220); (2) subject to the duty to notify offences to the occupier or other person liable (see s 51; and PARA 249): s 20(3). As to the duty to notify occupiers of offences under s 20 see PARA 249. As to Crown premises and visiting forces see PARA 210. As to classes of fireplace exempted from s 20 see the Smoke Control Areas (Exempted Fireplaces) (England) (No 3) Order 2009, SI 2009/2302; and the Smoke Control Areas (Exempted Fireplaces) (Wales) Order 2009, SI 2009/3224.

14 Clean Air Act 1993 s 20(2). See also note 13.

15 Ie under the Clean Air Act 1993 s 20(1), (2): see the text and notes 9-14.

16 Clean Air Act 1993 s 20(5). The penalty is a fine not exceeding level 3 on the standard scale: s 20(5). As to the standard scale see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 142.

17 Clean Air Act 1993 s 20(4). 'Authorised fuel' means a fuel declared by regulations of the Secretary of State to be an authorised fuel for the purposes of Pt III (ss 18-29): ss 20(6), 29. As to regulations under s 20(6) see the Smoke Control Areas (Authorised Fuels) (England) Regulations 2008, SI 2008/514 (amended by SI 2008/2342; SI 2009/2191; and SI 2010/576); and the Smoke Control Areas (Authorised Fuels) (Wales) Regulations 2008, SI 2008/3100 (amended by SI 2009/3225). As to regulations generally see PARA 207.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(iii) Smoke Control Areas/218. Direction to make smoke control order.

218. Direction to make smoke control order.

If, after consultation with a local authority¹ the Secretary of State² is satisfied: (1) that it is expedient to abate the pollution of the air by smoke³ in the district or part of the district of the authority⁴; and (2) that it has not exercised or has not sufficiently exercised its power to declare smoke control areas⁵ to abate the pollution⁶, he may direct the authority to prepare and submit to him for his approval, within such period (not being less than six months from the direction) as may be specified in the direction, proposals for making and bringing into operation one or more smoke control orders within such period or periods as the authority thinks fit⁷. The Secretary of State may reject such proposals, or approve them in whole or in part, with or without modification⁸. Where a local authority to whom a direction⁹ has been given fails to submit such proposals to the Secretary of State within the period specified in the direction, or submits proposals which are rejected in whole or in part, he may make an order declaring it to be in default and directing it for the purposes of removing the default to exercise its powers to declare a smoke control area¹⁰ in such manner and within such period as may be specified in the order¹¹. While proposals submitted by a local authority and approved by the Secretary of State under these provisions¹² are in force, it is the duty of the local authority to make such order or orders¹³ as are necessary to carry out the proposals¹⁴.

1 As to the meaning of 'local authority' see PARAS 99, 217 note 1.

2 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

3 As to the meaning of 'smoke' see PARA 210 note 4.

4 Clean Air Act 1993 s 19(1)(a). As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

5 I.e. its powers under the Clean Air Act 1993 s 18: see PARA 217.

6 Clean Air Act 1993 s 19(1)(b).

7 Clean Air Act 1993 s 19(1). Any such proposals submitted by the local authority in pursuance of a direction under s 19(1) may be varied by further proposals submitted by the authority within the period for making of the original proposals or such longer period as the Secretary of State may allow: s 19(2).

8 Clean Air Act 1993 s 19(3).

9 I.e. a direction under the Clean Air Act 1993 s 19(1): see the text and notes 1-7.

10 I.e. a power under the Clean Air Act 1993 s 18: see PARA 217.

11 Clean Air Act 1993 s 19(4). An order under s 19(4) may be varied or revoked by a subsequent order so made: s 19(5). There is no requirement for an order made by the Secretary of State to be made by statutory instrument: see s 63(1)(c); and PARA 207. The default provisions of s 60 (see PARA 209), do not apply to a failure by the local authority under s 19(1): s 60(7).

12 I.e. under the Clean Air Act 1993 s 19.

13 I.e. under the Clean Air Act 1993 s 18: see PARA 217.

14 Clean Air Act 1993 s 19(6).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(iii) Smoke Control Areas/219. Making and date of operation of smoke control orders.

219. Making and date of operation of smoke control orders.

Before making a smoke control order¹, a local authority² must publish in the London Gazette and once at least in each of two successive weeks in some newspaper circulating in the area to which the order will relate a notice³: (1) stating that it proposes to make the order, and its general effect⁴; (2) specifying a place in the district of the local authority where a copy of the order and of any map or plan referred to in it may be inspected by any person free of charge at all reasonable times during a period of not less than six weeks from the last publication of the notice⁵; and (3) stating that within that period any person who will be affected by the order may by notice in writing to the authority object to the making of the order⁶. Besides publishing such a notice the local authority must also post, and keep posted throughout the period mentioned in head (2) above, copies of the notice in such number of conspicuous places within the area to which the order relates as appears to it necessary for the purpose of bringing the proposal to make the order to the notice of persons who will be affected⁷. If an objection is duly made to the authority within that period, and is not withdrawn, the authority must not make the order without first considering the objection⁸.

A smoke control order comes into operation on such date not less than six months after it is made as may be specified in it⁹; and an order varying a previous order so as to exempt specified buildings or classes of building or specified fireplaces¹⁰ or classes of fireplace from the operation of the statutory provisions prohibiting smoke emissions in a smoke control area¹¹ may come into operation on, or at any time after, the date on which it is made¹².

1 As to the meaning of 'smoke control order' see PARA 217 note 2.

2 As to the meaning of 'local authority' see PARAS 99, 217 note 1.

3 Clean Air Act 1993 s 18(4), Sch 1 para 1. As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

4 Clean Air Act 1993 Sch 1 para 1(a).

5 Clean Air Act 1993 Sch 1 para 1(b).

6 Clean Air Act 1993 Sch 1 para 1(c).

7 Clean Air Act 1993 Sch 1 para 2.

8 Clean Air Act 1993 Sch 1 para 3.

9 Clean Air Act 1993 Sch 1 para 4. If, before the date on which the order is to come into operation, the local authority passes a resolution postponing its coming into operation, and publishes a notice stating the effect of the resolution in the London Gazette and once at least in each of two successive weeks in some newspaper circulating in the area to which the order will relate, the order must (unless its coming into operation is again postponed under Sch 1 para 6) come into operation on the date specified in the resolution: Sch 1 para 6.

10 As to the meaning of 'fireplace' see PARA 213 note 3.

11 Ie the provisions of the Clean Air Act 1993 s 20: see PARA 217. As to exemptions see further PARA 220.

12 Clean Air Act 1993 Sch 1 para 5.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(iii) Smoke Control Areas/220. Exemption of fireplaces from, and suspension or relaxation of, smoke control.

220. Exemption of fireplaces from, and suspension or relaxation of, smoke control.

The Secretary of State¹ may by order² exempt any class of fireplace³, upon such conditions as may be specified in the order, from the statutory provisions prohibiting smoke emissions in smoke control areas⁴ if he is satisfied that such fireplaces can be used for burning fuel other than authorised fuels⁵ without producing any smoke⁶ or a substantial quantity of smoke⁷.

The Secretary of State may, if it appears to him to be necessary or expedient so to do, by order suspend or relax the operation of those provisions⁸ in relation to the whole or any part of a smoke control area⁹, although before making such an order he must consult with the local authority unless he is satisfied that, on account of urgency, such consultation is impracticable¹⁰. As soon as practicable¹¹ after the making of such an order the local authority¹² must take such steps as appear to it suitable for bringing its effect to the notice of persons affected¹³.

1 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

2 The following orders have been made under the Clean Air Act 1993 s 21: the Smoke Control Areas (Exempted Fireplaces) Order 1993, SI 1993/2277; the Smoke Control Areas (Exempted Fireplaces) Order 1996, SI 1996/1108 (amended by SI 1999/1515); the Smoke Control Areas (Exempted Fireplaces) Order 1997, SI 1997/3009; the Smoke Control Areas (Exempted Fireplaces) Order 1999, SI 1999/1515; the Smoke Control Areas (Exempted Fireplaces) (England) Order 2001, SI 2001/422; the Smoke Control Areas (Exempted Fireplaces) (Wales) Order 2001, SI 2001/1231; the Smoke Control Areas (Exempted Fireplaces) (Wales) Order 2003/2727; the Smoke Control Areas (Exempted Fireplaces) (England) Order 2003, SI 2003/2328; the Smoke Control Areas (Exempted Fireplaces) (Wales) Order 2005, SI 2005/426; the Smoke Control Areas (Exempted Fireplaces) (England) Order 2006, SI 2006/1152; the Smoke Control Areas (Exempted Fireplaces) (England) (No 3) Order 2009, SI 2009/2302; the Smoke Control Areas (Exempted Fireplaces) (Wales) Order 2009, SI 2009/3224; and the Smoke Control Areas (Exempted Fireplaces) (England) Order 2010, SI 2010/577. In addition, by virtue of the Interpretation Act 1978 s 17(2)(b), the following orders have effect as if made under the Clean Air Act 1993 s 21: the Smoke Control Areas (Exempted Fireplaces) Order 1970, SI 1970/615 (amended by SI 1974/855); the Smoke Control Areas (Exempted Fireplaces) (No 2) Order 1970, SI 1970/1667 (amended by SI 1974/762); the Smoke Control Areas (Exempted Fireplaces) Order 1971, SI 1971/1265 (amended by SI 1974/762); the Smoke Control Areas (Exempted Fireplaces) Order 1972, SI 1972/438 (amended by SI 1974/762); the Smoke Control Areas (Exempted Fireplaces) (No 2) Order 1972, SI 1972/955 (amended by SI 1974/762); the Smoke Control Areas (Exempted Fireplaces) Order 1973, SI 1973/2166 (amended by SI 1974/762); the Smoke Control Areas (Exempted Fireplaces) (No 2) Order 1975, SI 1975/1001; the Smoke Control Areas (Exempted Fireplaces) (No 3) Order 1975, SI 1975/1111; the Smoke Control Areas (Exempted Fireplaces) Order 1978, SI 1978/1609; the Smoke Control Areas (Exempted Fireplaces) Order 1982, SI 1982/1615; the Smoke Control Areas (Exempted Fireplaces) Order 1983, SI 1983/277; the Smoke Control Areas (Exempted Fireplaces) (No 2) Order 1983, SI 1983/426; the Smoke Control Areas (Exempted Fireplaces) (No 3) Order 1983, SI 1983/1018 (amended by SI 1997/3009); the Smoke Control Areas (Exempted Fireplaces) Order 1984, SI 1984/1649 (amended by SI 1985/864; SI 1997/3009); the Smoke Control Areas (Exempted Fireplaces) Order 1986, SI 1986/638; the Smoke Control Areas (Exempted Fireplaces) Order 1988, SI 1988/2282; the Smoke Control Areas (Exempted Fireplaces) Order 1989, SI 1989/1769; the Smoke Control Areas (Exempted Fireplaces) Order 1990, SI 1990/345; the Smoke Control Areas (Exempted Fireplaces) (No 2) Order 1990, SI 1990/2457; the Smoke Control Areas (Exempted Fireplaces) Order 1991, SI 1991/2892 (amended by SI 1996/1108); and the Smoke Control Areas (Exempted Fireplaces) Order 1992, SI 1992/2811. As to the power to make orders see PARA 219.

3 As to the meaning of 'fireplace' see PARA 213 note 3.

4 Ie the Clean Air Act 1993 s 20: see PARA 217.

5 As to the meaning of 'authorised fuel' see PARA 217 note 17.

- 6 As to the meaning of 'smoke' see PARA 210 note 4.
- 7 Clean Air Act 1993 s 21. As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.
- 8 Ie the Clean Air Act 1993 s 20: see PARA 217.
- 9 Clean Air Act 1993 s 22(1).
- 10 Clean Air Act 1993 s 22(2).
- 11 As to the meaning of 'practicable' see PARA 210 note 16.
- 12 As to the meaning of 'local authority' see PARAS 99, 217 note 1.
- 13 Clean Air Act 1993 s 22(3).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(iii) Smoke Control Areas/221. Acquisition and sale of unauthorised fuel in smoke control areas.

221. Acquisition and sale of unauthorised fuel in smoke control areas.

Any person who:

- 303 (1) acquires any solid fuel¹ for use in a building in a smoke control area² otherwise than in a building or fireplace³ exempted from the operation of the provisions prohibiting smoke emissions in smoke control areas⁴;
- 304 (2) acquires any solid fuel for use in any fixed boiler or industrial plant⁵ in a smoke control area, not being a boiler or plant so exempted⁶; or
- 305 (3) sells by retail any solid fuel for delivery by him or on his behalf to a building in a smoke control area or premises⁷ in such an area in which there is any fixed boiler or industrial plant⁸,

is guilty of an offence and liable on summary conviction to a penalty⁹.

In proceedings for an offence under these provisions consisting of the sale of fuel for delivery to a building or premises, it is a defence for the person accused to prove that he believed and had reasonable grounds for believing¹⁰: (a) that the building was exempted from the provisions prohibiting emission of smoke in smoke control areas¹¹ or, in a case where the operation of those provisions is limited to specified classes of building, was not of a specified class¹²; or (b) that the fuel was acquired for use in a fireplace, boiler or plant so exempted or, in a case where the operation of those provisions is limited to specified classes of boilers or plant, in a boiler or plant not of a specified class¹³.

1 For these purposes, 'solid fuel' means any solid fuel other than an authorised fuel: Clean Air Act 1993 s 23(2). As to the meaning of 'authorised fuel' see PARA 217 note 17.

2 As to smoke control areas see PARA 217.

3 As to the meaning of 'fireplace' see PARA 213 note 3.

4 Clean Air Act 1993 s 23(1)(a). The provisions referred to in the text are those of s 20 (see PARA 217): see s 23(1)(a).

As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

5 As to the meaning of 'fixed boiler or industrial plant' see PARA 214 note 7.

6 Clean Air Act 1993 s 23(1)(b).

7 As to the meaning of 'premises' see PARA 210 note 5.

8 Clean Air Act 1993 s 23(1)(c).

9 Clean Air Act 1993 s 23(1). The penalty is a fine not exceeding level 3 on the standard scale: s 23(1). As to the standard scale see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 142.

Section 23(1), in its application to a smoke control area in which the operation of s 20 (see PARA 217) is limited by a smoke control order to specified classes of buildings, boilers or plant, has effect as if references to a building, boiler or plant were references to a building, boiler or plant of a class specified in the order: s 23(3).

The power of the Secretary of State under s 22 (see PARA 220) to suspend or relax the operation of s 20 (see PARA 217) in relation to the whole or any part of a smoke control area includes power to suspend or relax the operation of s 23(1) in relation to the whole or any part of such an area: s 23(4). As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

- 10 Clean Air Act 1993 s 23(5).
- 11 Is exempted by the Clean Air Act 1993 s 20: see PARA 217.
- 12 Clean Air Act 1993 s 23(5)(a).
- 13 Clean Air Act 1993 s 23(5)(b).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(iii) Smoke Control Areas/222. Notices requiring adaptations.

222. Notices requiring adaptations.

A local authority¹ may, by notice in writing served on the occupier or owner² of a private dwelling³ which is, or when a smoke control order⁴ comes into operation will be, within a smoke control area require the carrying out of adaptations in or in connection with the dwelling to avoid contraventions of the provisions⁵ prohibiting smoke emissions in smoke control areas⁶.

The adaptations⁷ which may be required are the execution of any of the following works: (1) adapting or converting any fireplace⁸; (2) replacing any fireplace by another fireplace or by some other means of heating⁹ or cooking¹⁰; (3) altering any chimney¹¹ which serves any fireplace¹²; (4) providing gas ignition, electric ignition or any other special means of ignition¹³; or (5) carrying out any operation incidental to any of the operations mentioned in heads (1) to (4) above¹⁴. The works must be reasonably necessary in order to make what is in all the circumstances suitable provision for heating and cooking without contravention of the provisions prohibiting emission of smoke in smoke control areas¹⁵. In considering whether any and, if so, what works are reasonably necessary in order to make suitable provision for heating and cooking in the case of a dwelling, regard must be had to any difficulty there may be in obtaining, or in obtaining otherwise than at a high price, any fuels which would have to be used but for the execution of the works¹⁶.

1 As to the meaning of 'local authority' see PARAS 99, 217 note 1.

2 As to the meaning of 'owner' see PARA 213 note 4.

3 As to the meaning of 'private dwelling' see PARA 214 note 19.

4 As to the meaning of 'smoke control order' see PARA 217 note 2.

5 ie the provisions of the Clean Air Act 1993 s 20: see PARA 217.

6 Clean Air Act 1993 s 24(1). The provisions of the Public Health Act 1936 Pt XII (ss 275-347) (see PARA 114 et seq) with respect to appeals against, and enforcement of, notices requiring the execution of works apply in relation to any notice under the Clean Air Act 1993 s 24(1): s 24(2). Any reference in those provisions to the expenses reasonably incurred in executing the works are, in relation to a notice under s 24(1), to be read as a reference to three-tenths of those expenses or such smaller fraction of those expenses as the local authority may in any particular case determine: s 24(3). The local authority has a power of entry in relation to such work: see s 56(1), (2); and PARA 244.

As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

7 References in the Clean Air Act 1993 Pt III (ss 18-29) to adaptations in or in connection with a dwelling to avoid contraventions of s 20 (see PARA 217) are to be read as references to the execution of any of the works (whether in or outside the dwelling) in heads (1)-(5) in the text: s 27(1). References in s 27 to a dwelling include references to any premises or part of any premises to which s 26 (see PARA 225) applies: s 27(4). As to the meaning of 'premises' see PARA 210 note 5.

8 Clean Air Act 1993 s 27(1)(a). As to the meaning of 'fireplace' see PARA 213 note 3.

9 'Heating' in relation to a dwelling includes the heating of water: Clean Air Act 1993 s 29.

10 Clean Air Act 1993 s 27(1)(b).

11 As to the meaning of 'chimney' see PARA 211 note 3.

12 Clean Air Act 1993 s 27(1)(c).

13 Clean Air Act 1993 s 27(1)(d). For these purposes, the provision of any igniting apparatus or appliance (whether fixed or not) operating by means of gas, electricity or other special means must be treated as the execution of works: s 27(2).

14 Clean Air Act 1993 s 27(1)(e).

15 Clean Air Act 1993 s 27(1). The provisions referred to in the text are those of s 20 (see PARA 217): see s 27(1).

16 Clean Air Act 1993 s 64(5).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(iii) Smoke Control Areas/223. Grants for adaptations in private dwellings.

223. Grants for adaptations in private dwellings.

If, after the making of a smoke control order¹ by a local authority², the owner³ or occupier⁴ of, or any person interested in, an old private dwelling⁵ which is or will be within a smoke control area as a result of the order incurs relevant expenditure⁶, and if the adaptations in question⁷ are carried out to the satisfaction of the local authority, the local authority must repay to him seven-tenths of the relevant expenditure and may, if it thinks fit, also repay to him the whole or any part of the remainder of that expenditure⁸.

1 As to the meaning of 'smoke control order' see PARA 217 note 2.

2 As to the meaning of 'local authority' see PARA 99, 217 note 1.

3 As to the meaning of 'owner' see PARA 213 note 4.

4 As to the occupier of a building see PARA 213 note 3.

5 For these purposes, 'old private dwelling' means any private dwelling other than one which either: (1) was erected after 15 August 1964 (which was the date immediately preceding the time when the enactment replaced by the Clean Air Act 1993 s 25(2) came into force); or (2) was produced by the conversion, after that date, of other premises, with or without the addition of premises erected after that date; and for the purposes of s 25(2) a dwelling or premises is not to be treated as erected or converted after that date unless the erection or conversion was begun after it: ss 25(2), 29.

6 Clean Air Act 1993 s 25(1), Sch 2 para 1(1). These provisions have effect subject to Sch 2 para 4 (see PARA 224): Sch 2 para 1(6). For these purposes, 'relevant expenditure' is expenditure on adaptations in or in connection with an old private dwelling to avoid contraventions of s 20 (see PARA 217) which: (1) is incurred before the coming into operation of the order and with the approval of the local authority given for these purposes; or (2) is reasonably incurred in carrying out adaptations required by a notice given under s 24(1) (see PARA 222): Sch 2 para 1(2). The approval of a local authority to the incurring of expenditure may be given, if the authority thinks fit in the circumstances of any particular case, after the expenditure has been incurred: Sch 2 para 1(5).

References in Pt III (ss 18-29) to expenses incurred in the execution of works include references to the cost of any fixed cooking or heating appliance installed by means of the execution of the works, notwithstanding that the appliance can be readily removed from the dwelling without injury to itself or the fabric of the dwelling: s 28(1). References in s 28 to a dwelling include references to any premises or part of any premises to which s 26 (see PARA 225) applies: s 28(3). As to the meaning of 'premises' see PARA 210 note 5. For the purposes of Pt III, a person who enters into a conditional sale agreement for the sale to him of a cooking or heating appliance is to be treated as having incurred on the date of the agreement expenditure of an amount equal to the price which would have been payable for the appliance if he had purchased it for cash on that date: s 28(2). 'Conditional sale agreement' means an agreement for the sale of goods under which: (a) the purchase price or part of it is payable by instalments; and (b) the property in the goods is to remain in the seller (notwithstanding that the buyer is to be in possession of the goods) until such conditions as to the payment of instalments or otherwise as may be specified in the agreement are fulfilled: s 29.

As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

7 Ie the adaptations under the Clean Air Act 1993 s 27(1): see PARA 222. Except for the purposes of s 24 (see PARA 222), works which make such suitable provision as is mentioned in s 27(1) (see PARA 222) must not be treated as not being adaptations to avoid contraventions of s 20 (see PARA 217) by reason that they go beyond what is reasonably necessary for that purpose; but any expenditure incurred in executing them in excess of the expenditure which would have been reasonably incurred in doing what was reasonably necessary must be left out of account: s 27(3).

8 Clean Air Act 1993 Sch 2 para 1(3). Where relevant expenditure is incurred by the occupier of a private dwelling who is not an owner of the dwelling and the adaptations in question consist of or include the provision of any cooking or heating appliance which can be readily removed from the dwelling without injury to itself or the fabric of the dwelling, the following provisions have effect as respects so much of the expenditure as represents the cost of the appliance, that is to say: (1) not more than seven-twentieths of that part of that expenditure may be repaid until two years from the coming into operation of the order; and (2) any further repayment of that part of that expenditure may be made only if the appliance has not by then been removed from the dwelling and, if made, is to be made to the person who is the occupier of the dwelling at the end of the two years: Sch 2 para 1(4). As to the meaning of 'heating' see PARA 222 note 9. Expenditure incurred on heating appliances which are unsuitable as tending to impose undue strain on the available fuel resources may be excluded: Sch 2 paras 2, 3.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(iii) Smoke Control Areas/224. Exchequer contributions towards adaptation expenses.

224. Exchequer contributions towards adaptation expenses.

The Secretary of State¹ may, out of money provided by Parliament², make a contribution towards the following expenses of a local authority³ (if approved by him), namely: (1) any expenses of the local authority in making grants for adaptations⁴; (2) any expenses incurred by it in making, in or in connection with old private dwellings⁵ owned by it or under its control, adaptations⁶ to avoid contraventions of the provisions prohibiting emission of smoke in smoke control areas⁷; and (3) any expenses incurred by it in carrying out adaptations required by notices⁸ in or in connection with old private dwellings⁹. A contribution under these provisions in respect of any expenses must be a single payment equal: (a) in the case of expenses mentioned in head (1) above, to four-sevenths of the amount of the expenses; (b) in the case of expenses mentioned in head (2) above, to two-fifths of those expenses; and (c) in the case of expenses mentioned in head (3) above, to four-sevenths of the amount arrived at by deducting the recoverable amount¹⁰ from the amount of those expenses¹¹.

1 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

2 This provision does not apply in so far as such a sum is payable by the National Assembly for Wales: see note 1.

3 As to the meaning of 'local authority' see PARAS 99, 217 note 1.

4 Clean Air Act 1993 s 25(1), Sch 2 para 4(1)(a). The grants referred to in the text are payments made under s 25(1), Sch 2 para 1 (see PARA 223): see Sch 2 para 4(1)(a).

As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

5 As to the meaning of 'old private dwelling' see PARA 223 note 5. As to the meaning of 'private dwelling' see PARA 214 note 19.

6 As to adaptations see PARA 222.

7 Clean Air Act 1993 Sch 2 para 4(1)(b). The provisions referred to in the text are those of s 20 (see PARA 217): see Sch 2 para 4(1)(b).

8 I.e notices served under the Clean Air Act 1993 s 24: see PARA 222.

9 Clean Air Act 1993 Sch 2 para 4(1)(c).

10 For these purposes, 'recoverable amount' means, in relation to any expenses, the fraction of those expenses (whether three-tenths or some smaller fraction determined by the local authority, in the case of those expenses, under the Clean Air Act 1993 s 24(2) or (3) (see PARA 222)) which the local authority has power to recover from the occupier or owner by virtue of s 24(2) or (3): Sch 2 para 4(3).

11 Clean Air Act 1993 Sch 2 para 4(2).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(iii) Smoke Control Areas/225. Grants for adaptations in religious and charitable premises.

225. Grants for adaptations in religious and charitable premises.

If, after the making of a smoke control order¹, the owner² or occupier of certain premises³ which will be within a smoke control area as the result of the order incurs expenditure on adaptations⁴ in or in connection with the premises or part to avoid contravention of the provisions prohibiting emission of smoke in a smoke control area⁵, the local authority⁶ may, if it thinks fit, repay to him the whole or any part of that expenditure⁷.

This provision applies to any premises⁸ or part of any premises which are: (1) a place of public religious worship being, in the case of a place in England or Wales, a place which belongs to the Church of England or the Church in Wales⁹, or which is certified as required by law¹⁰ as a place of religious worship¹¹; or (2) a church hall, chapel hall or similar premises used in connection with any such place of public religious worship, and so used for the purposes of the organisation responsible for the conduct of public religious worship in that place¹²; or (3) premises or a part of any premises occupied for the purposes of an organisation (whether corporate or unincorporated) which is not established or conducted for profit¹³ and whose main objects¹⁴ are charitable¹⁵ or are otherwise concerned with the advancement¹⁶ of religion, education or social welfare¹⁷.

1 As to the meaning of 'smoke control order' see PARA 217 note 2.

2 As to the meaning of 'owner' see PARA 213 note 4.

3 I.e. any premises or part of any premises to which the Clean Air Act 1993 s 26 applies: see the text and notes 8-17.

4 As to adaptations see PARA 222.

5 I.e. the Clean Air Act 1993 s 20: see PARA 217.

6 As to the meaning of 'local authority' see PARAS 99, 217 note 1.

7 Clean Air Act 1993 s 26(1). As to references to expenses incurred in the execution of works see PARA 223 note 8.

As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

8 As to the meaning of 'premises' see PARA 210 note 5.

9 I.e. within the meaning of the Welsh Church Act 1914: see **ECCLESIASTICAL LAW**.

10 See **ECCLESIASTICAL LAW**. Certification, although a necessary pre-condition under the Clean Air Act 1993 s 26(2)(a) in the case of non-Anglican buildings, is not conclusive as to whether a place is one of public religious worship: cf *Rogers v Lewisham Borough Council* [1951] 2 KB 768, [1951] 2 All ER 718, CA.

11 Clean Air Act 1993 s 26(2)(a).

12 Clean Air Act 1993 s 26(2)(b).

13 The mere fact that profits are made, if they are purely incidental to the purposes of the organisation, does not deprive it of the benefit of this provision: *National Deposit Friendly Society Trustees v Skegness UDC* [1959] AC 293, [1958] 2 All ER 601, HL; *Guinness Trust (London Fund) Founded 1890 Registered 1902 v West Ham Corp* [1959] 1 All ER 482, [1959] 1 WLR 233, CA.

14 All the main objects must be as defined; if an organisation has a written constitution that alone should normally be referred to for ascertaining the objects, although the organisation's activities are relevant in cases of ambiguity; quare whether the activities are relevant in order to determine which of the objects are main objects: see *Chartered Insurance Institute v London Corpn* [1957] 2 All ER 638, [1957] 1 WLR 867, DC; *Berry v St Marylebone Corpn* [1958] Ch 406, [1957] 3 All ER 677, CA; *Working Men's Club and Institute Union Ltd v Swansea Corpn* [1959] 3 All ER 769, [1959] 1 WLR 1197, CA; *Victory (Ex-Services) Association Ltd v Paddington Borough Council* [1960] 1 All ER 498, [1960] 1 WLR 106, DC; and see **RATING AND COUNCIL TAX** vol 39(1B) (Reissue) PARA 80.

15 As to what are charitable objects see **CHARITIES** vol 8 (2010) PARA 2.

16 'Advancement' seems to mean promotion or spreading (see *United Grand Lodge of Ancient Free and Accepted Masons of England v Holborn Borough Council* [1957] 3 All ER 281, [1957] 1 WLR 1080, DC (religion), but the existence of a holiday camp may be advancement of social welfare (*Skegness UDC v Derbyshire Miners' Welfare Committee* [1959] AC 807, [1959] 2 All ER 258, HL).

17 Clean Air Act 1993 s 26(2)(c). The objects envisaged by 'the advancement of religion, education and social welfare' are such as are the concern of charitable organisations but which may fall short of charitable purposes in the strict legal sense; and an organisation which provides benefits only to its members is not 'concerned with the advancement of social welfare': see *National Deposit Friendly Society Trustees v Skegness UDC* [1959] AC 293, [1958] 2 All ER 601, HL. Altruism or benevolence in the donors of funds to the organisation is not an essential element of 'social welfare' (*Skegness UDC v Derbyshire Miners' Welfare Committee* [1959] AC 807, [1959] 2 All ER 258, HL; *Waterson v Hendon Borough Council* [1959] 2 All ER 760, [1959] 1 WLR 985), and public benefit is not the test (*General Nursing Council for England and Wales v St Marylebone Borough Council* [1959] AC 540, [1959] 1 All ER 325, HL).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(iv) Furnaces and Chimneys/226. Smoke from furnaces.

(iv) Furnaces and Chimneys

226. Smoke from furnaces.

No furnace may be installed in a building or in any fixed boiler or industrial plant¹ unless notice of the proposal to install it has been given to the local authority² and unless the furnace is so far as practicable³ capable of being operated continuously without emitting smoke⁴ when burning fuel of a type for which the furnace was designed⁵.

Any person who installs a furnace in contravention of these provisions⁶ or on whose instructions a furnace is so installed is guilty of an offence and liable on summary conviction to a penalty⁷.

These provisions⁸ apply in relation to the attachment to a building of a boiler or industrial plant which already contains a furnace or in relation to the fixing to or installation on any land of any such boiler or plant as they apply in relation to the installation of a furnace in any fixed boiler or industrial plant⁹.

1 As to the meaning of 'fixed boiler or industrial plant' see PARA 214 note 7.

2 Clean Air Act 1993 s 4(1). As to the meaning of 'local authority' see PARA 99. Section 4 does not apply to the installation of domestic furnaces: s 4(5). 'Domestic furnace' means any furnace which is designed solely or mainly for domestic purposes, and used for heating a boiler with a maximum heating capacity of less than 16.12 kilowatts: s 64(1).

As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

3 As to the meaning of 'practicable' see PARA 210 note 16.

4 As to the meaning of 'smoke' see PARA 210 note 4.

5 Clean Air Act 1993 s 4(2). A furnace, boiler or industrial plant may be exempted from the operation of s 4(2) for research and investigation purposes: see PARA 211. Any furnace installed in accordance with plans and specifications submitted to, and approved for the purposes of s 4 by, the local authority is to be treated as complying with the provisions of s 4(2): s 4(3).

6 Ie the Clean Air Act 1993 s 4(1), (2): see the text and notes 1-5.

7 Clean Air Act 1993 s 4(4). In the case of a contravention of s 4(1) (see the text and notes 1-2), the penalty is a fine not exceeding level 3 on the standard scale; and in the case of a contravention of s 4(2) (see the text and notes 3-5), the penalty is a fine not exceeding level 5 on that scale: s 4(4). As to the standard scale see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 142.

8 Ie the Clean Air Act 1993 s 4.

9 Clean Air Act 1993 s 4(6).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(iv) Furnaces and Chimneys/227. Limits of emission of grit and dust from furnaces.

227. Limits of emission of grit and dust from furnaces.

The Secretary of State¹ may by regulations² prescribe limits on the rates of emission³ of grit and dust from the chimneys⁴ of furnaces⁵. If on any day⁶ grit or dust is emitted from a chimney serving a furnace at a rate exceeding the relevant limit so prescribed⁷, the occupier⁸ of the building in which the furnace is situated is guilty of an offence⁹ and liable on summary conviction to a penalty¹⁰. In proceedings for such an offence, it is a defence to prove that the best practicable means had been used for minimising the alleged emission¹¹.

1 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

2 At the date at which this volume states the law no regulations had been made under the Clean Air Act 1993 s 5 but, by virtue of the Interpretation Act 1978 s 17(2)(b), the Clean Air (Emission of Grit and Dust from Furnaces) Regulations 1971, SI 1971/162, have effect as if so made. As to the power to make regulations see PARA 207.

3 Any reference to the rate of emission of any substance or any reference which is to be understood as such a reference is, in relation to any regulations or conditions, to be construed as a reference to the quantities of that substance which may be emitted during a period specified in the regulations or conditions: Clean Air Act 1993 s 64(3).

4 As to the meaning of 'chimney' see PARA 211 note 3.

5 Clean Air Act 1993 s 5(2). Section 5 applies to any furnace other than a domestic furnace: s 5(1). As to the meaning of 'domestic furnace' see PARA 226 note 2. Any furnaces which are in the occupation of the same person and served by a single chimney are to be taken to be one furnace: s 64(6). As to furnaces see further PARA 233. If, in the case of a building containing a furnace which is served by a chimney to which there is no limit applicable under s 5(2), the occupier fails to use any practicable means there may be for minimising the emission of grit or dust from the chimney, he is guilty of an offence and liable on summary conviction to a fine not exceeding level 5 on the standard scale: s 5(5), (6). As to the meaning of 'practicable means' see PARA 210 note 16. As to the standard scale see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 142.

As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

6 As to the meaning of 'day' see PARA 214 note 4.

7 It is prescribed under the Clean Air Act 1993 s 5(2): see the text and notes 1-5.

8 As to references to the occupier of a building see PARAS 213 note 3, 233.

9 Clean Air Act 1993 s 5(3).

10 Clean Air Act 1993 s 5(6). The penalty is a fine not exceeding level 5 on the standard scale: s 5(6).

11 Clean Air Act 1993 s 5(4).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(iv) Furnaces and Chimneys/228. Furnaces to be fitted with grit and dust arrestment plant.

228. Furnaces to be fitted with grit and dust arrestment plant.

A furnace other than a domestic furnace¹ may not be used in a building for certain purposes² unless the furnace is provided with plant for arresting grit and dust which has been approved by the local authority³, or which has been installed in accordance with plans and specifications submitted to and approved by the authority, and that plant is properly maintained and used⁴. If on any day⁵ a furnace is used in contravention of these provisions, the occupier⁶ of the building is guilty of an offence and liable on summary conviction to a penalty⁷.

A domestic furnace may not be used in a building for certain purposes⁸ unless the furnace is provided with plant for arresting grit and dust which has been approved by the local authority or which has been installed in accordance with plans and specifications submitted to and approved by the authority, and that plant is properly maintained and used⁹. If a furnace is used in a building in contravention of these provisions¹⁰, the occupier of the building is guilty of an offence and liable on summary conviction to a penalty¹¹.

Where a local authority determines an application for approval under these provisions¹², it must give the applicant a written notification of its decision and, in the case of a decision not to grant approval, must state its reasons for not doing so¹³. Any person who has made such an application to a local authority or is interested in a building with respect to which such an application has been made may, if he is dissatisfied with the decisions of the authority on the application, appeal within 28 days after he is notified of the decision to the Secretary of State, who may give any approval which the authority might have given¹⁴.

1 As to the meaning of 'domestic furnace' see PARA 226 note 2. As to furnaces see further PARA 233. Any furnaces which are in the occupation of the same person and served by a single chimney are to be taken to be one furnace: Clean Air Act 1993 s 64(6).

2 le: (1) to burn pulverised fuel (Clean Air Act 1993 s 6(1)(a)); or (2) to burn, at a rate of 45.4 kilograms or more an hour, any other solid matter (s 6(1)(b)); or (3) to burn, at a rate equivalent to 366.4 kilowatts or more, any liquid or gaseous matter (s 6(1)(c)). The Secretary of State may by regulations substitute for any rate mentioned in s 6(1)(b) or s 6(1)(c) such other rate as he thinks fit, but: (a) no regulations may be made so as to reduce any rate unless a draft of the regulations has been laid before and approved by each House of Parliament (s 6(3)); and (b) regulations under s 6(3) reducing any rate will not apply to a furnace which has been installed, the installation of which has been begun, or an agreement for the purchase or installation of which has been entered into, before the date on which the regulations come into force (s 6(4)). At the date at which this volume states the law no such regulations had been made. References in s 6(4) to the installation and to the purchase of a furnace are, in relation to a furnace which is already contained in any fixed boiler or industrial plant, to be read as references to attaching the boiler or plant to the building or fixing it to or installing it on any land and to purchasing it respectively: s 13(3). As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59. As to the meaning of 'fixed boiler or industrial plant' see PARA 214 note 7.

3 As to the meaning of 'local authority' see PARA 99.

4 Clean Air Act 1993 s 6(1). Section 6(1) has effect subject to any exemptions prescribed or granted under s 7 (see PARA 229): s 6(2).

As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

5 As to the meaning of 'day' see PARA 214 note 4.

6 As to references to the occupier of a building see PARAS 213 note 3, 233.

7 Clean Air Act 1993 s 6(5). The penalty is a fine not exceeding level 5 on the standard scale: s 6(5). As to the standard scale see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 142.

8 Ie: (1) to burn pulverised fuel (Clean Air Act 1993 s 8(1)(a)); or (b) to burn, at a rate of 1.02 tonnes an hour or more, solid fuel in any other form or solid waste (s 8(1)(b)).

9 Clean Air Act 1993 s 8(1).

10 Ie the Clean Air Act 1993 s 8.

11 Clean Air Act 1993 s 8(2). The penalty is a fine not exceeding level 5 on the standard scale: s 8(2).

12 Ie under the Clean Air Act 1993 s 6 (see the text and notes 1-7) or s 8 (see the text and notes 9-11).

13 Clean Air Act 1993 s 9(1).

14 Clean Air Act 1993 s 9(2). An approval given by the Secretary of State under s 9 has the like effect as an approval of the local authority: s 9(3).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(iv) Furnaces and Chimneys/229. Exemptions from grit and dust arrestment requirements.

229. Exemptions from grit and dust arrestment requirements.

The Secretary of State¹ may by regulations² provide that furnaces³ of any class prescribed in the regulations are, while used for a purpose so prescribed, exempted from the grit and dust arrestment requirements⁴.

If, on the application of the occupier⁵ of a building, a local authority⁶ is satisfied that the emission of grit and dust from any chimney⁷ serving a furnace in the building will not be prejudicial to health or a nuisance if the furnace is used for a particular purpose without compliance with the statutory provisions relating to arrestment plant⁸, it may exempt the furnace from the operation of those provisions while used for that purpose⁹.

If on any day¹⁰ a furnace which is exempt from the operation of those provisions is used for a purpose other than a prescribed purpose or, as the case may be, a purpose for which the furnace may be used¹¹, the occupier of the building is guilty of an offence and liable on summary conviction to a penalty¹².

1 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

2 At the date at which this volume states the law no such regulations had been made but, by virtue of the Interpretation Act 1978 s 17(2)(b), the Clean Air (Arrestment Plant) (Exemption) Regulations 1969, SI 1969/1262, have effect as if so made. As to the power to make regulations see PARA 207.

3 As to furnaces see further PARA 233. Any furnaces which are in the occupation of the same person and served by a single chimney are to be taken to be one furnace: Clean Air Act 1993 s 64(6).

4 Clean Air Act 1993 s 7(1). The requirements mentioned in the text are the requirements in s 6(1) (see PARA 228): see s 7(1).

As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

5 As to references to the occupier of a building occupied see PARAS 213 note 3, 233.

6 As to the meaning of 'local authority' see PARA 99.

7 As to the meaning of 'chimney' see PARA 211 note 3.

8 I.e. the Clean Air Act 1993 s 6(1): see PARA 228.

9 Clean Air Act 1993 s 7(2). If the local authority to which the application is duly made for an exemption under s 7(2) fails to determine the application and give a written notice of its decision to the applicant within eight weeks of receiving the application or such longer period as may be agreed in writing between the applicant and the authority, the furnace is treated as having been granted an exemption from the operation of s 6(1) (see PARA 228) while used for the purpose specified in the application: s 7(3). If the authority decides not to grant an exemption under s 7(2), it must give the applicant a written notification of its decision stating its reasons, and the applicant may within 28 days of receiving the notification appeal against the decision to the Secretary of State: s 7(4). On such an appeal under s 7 the Secretary of State may confirm the decision appealed against, or may grant the exemption applied for or vary the purpose for which the furnace to which the application relates may be used without compliance with s 6(1), and must give the appellant a written notification of his decision, stating his reasons: s 7(5).

10 As to the meaning of 'day' see PARA 214 note 4.

11 le by virtue of the Clean Air Act 1993 s 7(2), (3) or (5): see the text and note 7.

12 Clean Air Act 1993 s 7(6). The penalty is a fine not exceeding level 5 on the standard scale: s 7(6). As to the standard scale see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 142.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(iv) Furnaces and Chimneys/230. Measurement of grit and dust emissions.

230. Measurement of grit and dust emissions.

If a furnace¹ in a building is used for certain purposes² the local authority³ may, by notice in writing served on the occupier of the building, direct that⁴ the occupier of the building⁵ must comply with such requirements as may be prescribed⁶ as to: (1) making and recording measurements from time to time of the grit, dust and fumes⁸ emitted from the furnace⁹; (2) making adaptations for that purpose to the chimney¹⁰ serving the furnace¹¹; (3) providing and maintaining apparatus for making and recording the measurements¹²; and (4) informing the local authority of the results obtained from the measurements or otherwise making those results available to it¹³.

If the occupier of the building fails to comply with these requirements, he is guilty of an offence and liable to a penalty¹⁴.

The occupier of a building who by virtue of these requirements is under a duty to make and record measurements of grit, dust and fumes emitted from a furnace in the building must permit the local authority to be represented during the making and recording of those measurements¹⁵.

The occupier of any building in which certain furnaces¹⁶ are situated may, by notice in writing given to the local authority, request that authority to make and record measurements of the grit, dust and fumes emitted from the furnace¹⁷. While such a notice is in force: (a) the local authority may from time to time make and record measurements of the grit, dust and fumes emitted from the furnace¹⁸; and (b) the occupier is not under a duty to comply with any requirements of regulations¹⁹ in relation to the furnace, except those made in relation to making adaptations to the chimney serving the furnace²⁰. Any such notice given by the occupier of a building may be withdrawn by a subsequent notice in writing given to the local authority by him or any subsequent occupier of that building²¹.

1 As to furnaces see further PARA 233. Any furnaces which are in the occupation of the same person and served by a single chimney are to be taken to be one furnace: Clean Air Act 1993 s 64(6).

2 I.e: (1) to burn pulverised fuel (Clean Air Act 1993 s 10(1)(a)); (2) to burn, at a rate of 45.4 kilograms or more an hour, any other solid matter (s 10(1)(b)); or (3) to burn, at a rate equivalent to 366.4 kilowatts or more, any liquid or gaseous matter (s 10(1)(c)). The Secretary of State may by regulations substitute for any rate mentioned in s 10(1)(b) or s 10(1)(c) such other rate as he thinks fit; but regulations may not be made so as to reduce any rate unless a draft of the regulations has been laid before and approved by each House of Parliament: s 10(5). At the date at which this volume states the law no such regulations had been made. As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

3 As to the meaning of 'local authority' see PARA 99.

4 Clean Air Act 1993 s 10(1). Any direction given by a local authority under s 10(1) with respect to a furnace in a building may be revoked by the local authority by a subsequent notice in writing served on the occupier of the building, without prejudice, however, to its power to give another such direction: s 10(6). Furnaces may be exempted from these provisions for research purposes: see PARA 211.

5 As to references to the occupier of a building see PARAS 213 note 3, 233.

6 For these purposes, 'prescribed' means prescribed (whether generally or for any class of furnace) by regulations made by the Secretary of State: Clean Air Act 1993 s 10(2). At the date at which this volume states

the law no regulations had been made under s 10(2) but, by virtue of the Interpretation Act 1978 s 17(2)(b), the Clean Air (Measurement of Grit and Dust from Furnaces) Regulations 1971, SI 1971/161, have effect as if so made. As to the power to make regulations see PARA 207.

7 Clean Air Act 1993 s 10(2). As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

8 As to the meaning of 'fumes' see PARA 211 note 3.

9 Clean Air Act 1993 s 10(2)(a).

10 As to the meaning of 'chimney' see PARA 211 note 3.

11 Clean Air Act 1993 s 10(2)(b).

12 Clean Air Act 1993 s 10(2)(c).

13 Clean Air Act 1993 s 10(2)(d).

14 Clean Air Act 1993 s 10(3). A person guilty of such an offence is liable on summary conviction to a fine not exceeding level 5 on the standard scale or to cumulative penalties on continuance in accordance with s 50 (see PARA 246): see s 10(3). As to the standard scale see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 142.

15 Clean Air Act 1993 s 10(4).

16 The Clean Air Act 1993 s 11 applies to any furnace to which s 10(2) (see the text and notes 5-13) for the time being applies and which is used: (1) to burn, at a rate less than 1.02 tonnes an hour, solid matter other than pulverised fuel (s 11(1)(a)); or (2) to burn, at a rate of less than 8.21 megawatts, any liquid or gaseous matter (s 11(1)(b)). A direction under s 10(1) (see the text and notes 1-4) applying s 10(2) (see notes 5-13) to a furnace which is used as mentioned in s 11(1)(a) or s 11(1)(b) must contain a statement of the effect of s 11(1)-(3): s 11(4).

17 Clean Air Act 1993 s 11(2).

18 Clean Air Act 1993 s 11(3)(a).

19 Ie the regulations made under the Clean Air Act 1993 s 10(2): see note 6.

20 Clean Air Act 1993 s 11(3)(b). The regulations made in relation to making adaptations to the chimney serving the furnace are those made under s 10(2)(b) (see note 6): see s 11(3)(b).

21 Clean Air Act 1993 s 11(3).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(iv) Furnaces and Chimneys/231. Information about furnaces and fuel consumed.

231. Information about furnaces and fuel consumed.

For the purpose of enabling the local authority¹ properly to perform its functions², the local authority may, by notice in writing served on the occupier of any building³, require him to furnish to the authority, within 14 days or such longer time as may be limited by the notice, such information as to the furnaces⁴ in the building and the fuel or waste burned in those furnaces as the authority may reasonably require for that purpose⁵. Any person who, having been duly served with such a notice, fails to comply with the requirements of the notice within the time limited, or furnishes any information in reply to the notice which he knows to be false in a material particular, is guilty of an offence and liable on summary conviction to a penalty⁶.

1 As to the meaning of 'local authority' see PARA 99.

2 Ie under and in connection with the Clean Air Act 1993 ss 5-11: see PARAS 227-230.

3 As to references to the occupier of a building see PARAS 213 note 3, 233.

4 As to furnaces see further PARA 233. Any furnaces which are in the occupation of the same person and served by a single chimney are to be taken to be one furnace: Clean Air Act 1993 s 64(6).

5 Clean Air Act 1993 s 12(1). The information must be reasonably required to enable the authority properly to perform its functions under and in connection with ss 5-11 (see PARAS 227-230): s 12(1).

As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

6 Clean Air Act 1993 s 12(2). The penalty is a fine not exceeding level 5 on the standard scale: s 12(2). As to the standard scale see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 142.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(iv) Furnaces and Chimneys/232. Fumes and gases.

232. Fumes and gases.

The Secretary of State¹ may by regulations²: (1) apply all or any of the statutory provisions relating to the emission of grit and dust from furnaces³, the provision of arrestment plants for new non-domestic furnaces⁴, colliery spoilbanks⁵, railway engines⁶, vessels⁷ and Crown premises⁸ to fumes⁹ or prescribed gases¹⁰ or both as they apply to grit and dust¹¹; and (2) apply all or any of the statutory provisions requiring new furnaces to be smokeless¹² to fumes or prescribed gases as they apply to smoke¹³; and (3) apply all or any of the statutory provisions requiring local authorities to make and record measurements of grit, dust and fumes by the local authorities¹⁴ to prescribed gases as they apply to grit and dust¹⁵. The regulations may be subject, in each case, to such exceptions and modifications as the Secretary of State thinks expedient¹⁶.

1 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

2 No regulations may be made under the Clean Air Act 1993 s 47 unless a draft of the regulations has been laid before and approved by each House of Parliament: s 47(2). At the date at which this volume states the law no regulations had been made under s 47. As to the power to make regulations see PARA 207.

3 Ie the Clean Air Act 1993 s 5: see PARA 227.

4 Ie the Clean Air Act 1993 s 6 (see PARA 228) and the exemptions to s 6 under s 7 (see PARA 229).

5 Ie the Clean Air Act 1993 s 42(4): see PARA 238.

6 Ie the Clean Air Act 1993 s 43(5): see PARA 216.

7 Ie the Clean Air Act 1993 s 44(6): see PARA 216.

8 Ie the Clean Air Act 1993 s 46(1): see PARA 210.

9 As to the meaning of 'fumes' see PARA 211 note 3.

10 For these purposes, 'prescribed' means prescribed in regulations under the Clean Air Act 1993 s 47 (see note 2): s 47(4). 'Gas' includes vapour and moisture precipitated from vapour: s 47(4). In the application of any of the provisions of the Clean Air Act 1993 to prescribed gases by virtue of regulations made under s 47, any reference to the rate of emission of any substance must be construed as a reference to the percentage by volume or by mass of the gas which may be emitted during a period specified in the regulations: s 47(3).

11 Clean Air Act 1993 s 47(1)(a). As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

12 Ie the Clean Air Act 1993 s 4: see PARA 226.

13 Clean Air Act 1993 s 47(1)(b). As to the meaning of 'smoke' see PARA 210 note 4.

14 Ie under the Clean Air Act 1993 s 11: see PARA 230.

15 Clean Air Act 1993 s 47(1)(c).

16 Clean Air Act 1993 s 47(1).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(iv) Furnaces and Chimneys/233. Grit and dust from outdoor furnaces.

233. Grit and dust from outdoor furnaces.

The statutory provisions as to grit and dust from furnaces¹ apply with modifications² in relation to the furnace of any fixed boiler or industrial plant³ as they apply in relation to a furnace in a building⁴.

1 I.e. the Clean Air Act 1993 ss 5-12: see PARAS 227-231.

2 Thus references in the Clean Air Act 1993 ss 5-12 to the occupier of the building are, in relation to a furnace falling within s 13(1) (see the text and note 4), to be read as references to the person having possession of the boiler or plant: s 13(2).

3 As to the meaning of 'fixed boiler or industrial plant' see PARA 214 note 7.

4 Clean Air Act 1993 s 13(1). As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(iv) Furnaces and Chimneys/234. Height of chimneys.

234. Height of chimneys.

A local authority¹ must reject the plans for the erection or extension of certain buildings deposited with it in accordance with building regulations², unless it is satisfied that the height of the chimney as shown on the plans will be sufficient to prevent, so far as practicable³, the smoke, grit, dust or gases from becoming prejudicial to health or a nuisance having regard to⁴: (1) the purpose of the chimney⁵; (2) the position and descriptions of buildings near it⁶; (3) the levels of the neighbouring ground⁷; and (4) any other matters requiring consideration in the circumstances⁸. If a local authority rejects plans under these provisions, the notice given⁹ must specify that the plans have been so rejected and any person interested in the building may appeal to the Secretary of State¹⁰. On such an appeal, the Secretary of State may confirm or cancel the rejection and, where he cancels the rejection, may, if he thinks it necessary, direct that the time for rejecting the plans otherwise than under these provisions may be extended so as to run from the date on which his decision is notified to the local authority¹¹.

1 As to the meaning of 'local authority' see PARA 99.

2 The provisions of the Clean Air Act 1993 s 16 apply where plans for the erection or extension of a building outside Greater London or in an outer London borough, other than a building used or to be used wholly for one or more of the following purposes, that is to say: (1) as a residence or residences; (2) as a shop or shops; or (3) as an office or offices, are in accordance with building regulations deposited with the local authority and the plans show that it is proposed to construct a chimney, other than one serving a furnace, for carrying smoke, grit, dust or gases from the building: s 16(1). As to the meaning of 'chimney' see PARA 211 note 3. As to the meaning of 'smoke' see PARA 210 note 4. As to building regulations see **BUILDING**.

3 As to the meaning of 'practicable' see PARA 210 note 16.

4 Clean Air Act 1993 s 16(2). For the purposes of the operation of s 16, no account is to be taken of any radioactivity possessed by any substance or article or by any part of any premises: see the Radioactive Substances Act 1993 s 40, Sch 3 Pt I; and **FUEL AND ENERGY** vol 19(3) (2007 Reissue) PARA 1463.

As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

5 Clean Air Act 1993 s 16(2)(a).

6 Clean Air Act 1993 s 16(2)(b).

7 Clean Air Act 1993 s 16(2)(c).

8 Clean Air Act 1993 s 16(2)(d).

9 Ie under the Building Act 1984 s 16(6): see **BUILDING** vol 4(2) (2002 Reissue) PARA 329.

10 Clean Air Act 1993 s 16(3). As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

11 Clean Air Act 1993 s 16(4).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(iv) Furnaces and Chimneys/235. Height of furnace chimneys.

235. Height of furnace chimneys.

An occupier of a building¹ or a person having possession of a fixed boiler or industrial plant,² other than an exempted boiler or plant³, must not knowingly cause or permit a furnace⁴ to be used for certain purposes⁵ unless the height of the chimney⁶ serving the furnace has been approved⁷ and any conditions subject to which the approval was granted are complied with⁸. If on any day⁹ the occupier of a building or a person having possession of any boiler or plant contravenes these provisions he is guilty of an offence¹⁰ and liable on summary conviction to a penalty¹¹.

A local authority must not approve the height of a chimney unless it is satisfied that its height will be sufficient to prevent, so far as practicable¹², the smoke¹³, grit, dust, gases or fumes¹⁴ emitted from the chimney from becoming prejudicial to health or a nuisance having regard to¹⁵: (1) the purpose of the chimney¹⁶; (2) the position and descriptions of buildings near it¹⁷; (3) the levels of the neighbouring ground¹⁸; and (4) any other matters requiring consideration in the circumstances¹⁹. Approval may be granted without qualification or subject to conditions as to the rate or quality, or the rate and quality, of emissions from the chimney²⁰.

If the local authority to whom an application is duly made for approval fails to determine the application and to give a written notification of its decision within four weeks to the applicant or such longer period as may be agreed in writing between the applicant²¹ and the authority, the approval applied for is treated as having been granted without qualification²². If the local authority decides not to approve the height of a chimney, or to attach conditions to its approval, it must give the applicant a written notification of its decision which²³: (a) states its reasons for that decision²⁴; and (b) in the case of a decision not to approve the height of the chimney, specifies the lowest height (if any) which it is prepared to approve without qualification or the lowest height which it is prepared to approve if approval is granted subject to any specified conditions, or (if it thinks fit) both²⁵. The applicant may within 28 days of receiving such notification appeal against the local authority's decision to the Secretary of State²⁶. On an appeal, the Secretary of State may confirm the decision appealed against or he may approve the height of the chimney without qualification or subject to conditions as to the rate or quality, or the rate and quality, of emissions from the chimney or cancel any conditions imposed by the local authority or substitute for any conditions so imposed any other conditions which the authority had power to impose²⁷. The Secretary of State must give the appellant a written notification of his decision on such an appeal which: (i) states his reasons for the decision; and (ii) in the case of a decision not to approve the height of the chimney, specifies the lowest height (if any) which he is prepared to approve without qualification, or the lowest height which he is prepared to approve if approval is granted subject to any specified conditions, or (if he thinks fit) both²⁸.

1 As to the occupier of a building see PARA 213 note 3.

2 As to the meaning of 'fixed boiler or industrial plant' see PARA 214 note 7.

3 For these purposes, 'exempted boiler or plant' means a boiler or plant which is used or to be used wholly for any purpose prescribed in regulations made by the Secretary of State: Clean Air Act 1993 s 14(7). At the date at which this volume states the law no regulations had been made under s 14(7) but, by virtue of the Interpretation Act 1978 s 17(2)(b), the Clean Air (Height of Chimneys) (Exemption) Regulations 1969, SI 1969/411, have effect as if so made. As to the power to make regulations see PARA 207. As to the Secretary of

State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

4 Any furnaces which are in the occupation of the same person and served by a single chimney are to be taken to be one furnace: Clean Air Act 1993 s 64(6).

5 le: (1) to burn pulverised fuel; (2) to burn, at a rate of 45.4 kilograms or more an hour, any other solid matter; or (3) to burn, at a rate equivalent to 366.4 kilowatts or more, any liquid or gaseous matter: Clean Air Act 1993 s 14(2).

6 As to the meaning of 'chimney' see PARA 211 note 3.

7 The height of a chimney is approved for the purposes of the Clean Air Act 1993 s 14 if approval is granted by the local authority or the Secretary of State under s 15 (see the text and notes 12-28): s 14(7). As to the meaning of 'local authority' see PARA 99.

8 Clean Air Act 1993 s 14(2), (4). Section 14 applies to any furnace served by a chimney: s 14(1).

As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

9 As to the meaning of 'day' see PARA 214 note 4.

10 Clean Air Act 1993 s 14(3), (5). Section 14(5) makes reference to a contravention of s 14(3), but it is submitted that this should be read as a reference to s 14(4).

11 Clean Air Act 1993 s 14(6). The penalty is a fine not exceeding level 5 on the standard scale: s 14(6). As to the standard scale see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 142.

12 As to the meaning of 'practicable' see PARA 210 note 16.

13 As to the meaning of 'smoke' see PARA 210 note 4.

14 As to the meaning of 'fumes' see PARA 211 note 3.

15 Clean Air Act 1993 s 15(2). As to smoke as a statutory nuisance see **NUISANCE** vol 78 (2010) PARAS 115, 166.

16 Clean Air Act 1993 s 15(2)(a).

17 Clean Air Act 1993 s 15(2)(b).

18 Clean Air Act 1993 s 15(2)(c).

19 Clean Air Act 1993 s 15(2)(d).

20 Clean Air Act 1993 s 15(3). As to rates of emission see PARA 227 note 3.

21 References to 'the applicant' are, in a case where the original applicant notifies the local authority that his interest in the application has been transferred to another person, to be read as references to that other person: Clean Air Act 1993 s 15(9).

22 Clean Air Act 1993 s 15(4).

23 Clean Air Act 1993 s 15(5).

24 Clean Air Act 1993 s 15(5)(a).

25 Clean Air Act 1993 s 15(5)(b).

26 Clean Air Act 1993 s 15(6).

27 Clean Air Act 1993 s 15(7).

28 Clean Air Act 1993 s 15(8).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(v) Fuel, Cable Burning and Colliery Spoilbanks/236. Composition of fuel.

(v) Fuel, Cable Burning and Colliery Spoilbanks

236. Composition of fuel.

For the purpose of limiting or reducing air pollution, the Secretary of State¹ may by regulations² impose requirements as to the composition and contents of any fuel of a kind used in motor vehicles and, where such requirements are in force, prevent or restrict the production, treatment, distribution, import, sale or use of any fuel which in any respect fails to comply with the requirements and which is for use in the United Kingdom³. Such regulations: (1) in imposing requirements as to the composition and contents of any fuel, may apply standards, specifications, descriptions or tests laid down in documents not forming part of the regulations⁴; and (2) where fuel is subject to such requirements, may, in order that persons to whom the fuel is supplied are afforded information as to its composition or contents, impose requirements for securing that the information is displayed at such places and in such manner as may be prescribed by the regulations⁵. It is the duty of the Secretary of State, before he makes any such regulations, to consult such persons appearing to him to represent manufacturers and users of motor vehicles, such persons appearing to him to represent the producers and users of fuel for motor vehicles, and such persons appearing to him to be conversant with problems of air pollution, as he considers appropriate⁶.

For the purpose of limiting or reducing air pollution, the Secretary of State may by regulations⁷ impose limits on the sulphur content of oil fuel⁸ which is used in furnaces or engines⁹. Such regulations may: (a) prescribe the kinds of oil fuel, and the kinds of furnaces and engines, to which the regulations are to apply¹⁰; (b) apply standards, specifications, descriptions or tests laid down in documents not forming part of the regulations¹¹; and (c) make different provision for different areas¹². Before he makes any such regulations, it is the duty of the Secretary of State to consult such persons appearing to him to represent producers and users of oil fuel, such persons appearing to him to represent manufacturers and users of plant and equipment for which oil fuel is used, and such persons appearing to him to be conversant with problems of air pollution, as he considers appropriate¹³.

Regulations about content of motor fuel¹⁴ or about sulphur content of oil fuel for furnaces or engines¹⁵ may authorise the Secretary of State to confer exemptions from any provision of the regulations¹⁶. A person who contravenes or fails to comply with any provision of such regulations is guilty of an offence and liable to a penalty¹⁷. Such regulations may, subject to any provision to the contrary in the regulations, apply to fuel used for, and to persons in, the public service of the Crown as they apply to fuel used for other purposes and to other persons¹⁸.

1 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

2 For such regulations see the Motor Fuel (Composition and Content) Regulations 1999, SI 1999/3107 (amended by SI 2001/3896; SI 2003/3078; and SI 2007/1608); and see also PARA 190. As to the power to make regulations see PARA 207.

3 Clean Air Act 1993 s 30(1). In *Budden v BP Oil Ltd and Shell Oil Ltd* (1980) 124 Sol Jo 376, CA, it was held that an action could not be founded on negligence in respect of lead pollution caused by petrol which complied with the legislation.

As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

4 Clean Air Act 1993 s 30(3)(a).

5 Clean Air Act 1993 s 30(3)(b).

6 Clean Air Act 1993 s 30(2). It is the duty of every local weights and measures authority to enforce the provisions of regulations under s 30 within its area, and the Trade Descriptions Act 1968 s 26(2) (reports and inquiries) applies as respects those authorities' functions under the Clean Air Act 1993 s 30(4) as it applies to its functions under that Act: s 30(4) (amended by the Statute Law (Repeals) Act 1998). The Trade Descriptions Act 1968 s 27 (power to make test purchases), s 28 (power to enter premises and inspect and seize goods and documents), s 29 (obstruction of authorised officers) and s 30 (notice of test) apply in relation to the enforcement of regulations under the Clean Air Act 1993 s 30 as they apply to the enforcement of the Trade Descriptions Act 1968, and s 33 applies to the exercise of powers under s 28 as applied by the Clean Air Act 1993 s 30(5): s 30(5). See further **SALE OF GOODS AND SUPPLY OF SERVICES**. References to an offence under the Trade Descriptions Act 1968 in those provisions as applied by the Clean Air Act 1993 s 30(5) are to be construed as references to an offence under the Clean Air Act 1993 s 32 (see the text and notes 17-19) relating to regulations under s 30: s 30(5) (amended by the Statute Law (Repeals) Act 2004). As to weights and measures authorities see **WEIGHTS AND MEASURES** vol 50 (2005 Reissue) PARA 16 et seq.

7 At the date at which this volume states the law no such regulations had been made. See, however, the Sulphur Content of Liquid Fuels (England and Wales) Regulations 2007, SI 2007/79; and see also PARA 190. As to the power to make regulations see PARA 207.

8 For these purposes, 'oil fuel' means any liquid petroleum product produced in a refinery: Clean Air Act 1993 s 31(5).

9 Clean Air Act 1993 s 31(1).

10 Clean Air Act 1993 s 31(3)(a).

11 Clean Air Act 1993 s 31(3)(b).

12 Clean Air Act 1993 s 31(3)(c). This provision is expressed to be without prejudice to the generality of s 63(1)(a) (see PARA 207): see s 31(3)(c).

13 Clean Air Act 1993 s 31(2). It is the duty: (1) of every local authority to enforce the provisions of regulations under s 31 within its area, except in relation to a furnace which is: (a) part of a process subject to the Environmental Protection Act 1990 Pt I (ss 1-28) (prospectively repealed); or (b) part of an installation subject to regulation by the Environment Agency under regulations made under the Pollution Prevention and Control Act 1999 s 2 (see PARA 186 et seq); and (2) of the inspectors appointed under the Environmental Protection Act 1990 Pt I (prospectively repealed) to enforce those provisions in relation to furnaces within head (1)(a) above and of the Environment Agency to enforce those provisions in relation to furnaces within head (1)(b) above: Clean Air Act 1993 s 31(4) (amended by SI 2000/1973). As to the prospective repeal of the Environmental Protection Act 1990 Pt I see PARA 159 note 2. As to the meaning of 'local authority' see PARA 99. As to the Environment Agency see PARA 68 et seq.

14 Ie under the Clean Air Act 1993 s 30: see the text and notes 1-6.

15 Ie under the Clean Air Act 1993 s 31: see the text and notes 7-13.

16 Clean Air Act 1993 s 32(1).

17 Clean Air Act 1993 s 32(2). The penalty on conviction on indictment is a fine, and on summary conviction is a fine not exceeding the statutory maximum; but the regulations may in any case exclude liability to conviction on indictment or reduce the maximum fine on summary conviction: Clean Air Act 1993 s 32(2). As to the statutory maximum see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 140.

18 Clean Air Act 1993 s 32(3). A local authority is not entitled by virtue of s 32(3) to exercise, in relation to fuel used for, and persons in the public service of, the Crown, any power conferred on the authority by virtue of ss 56-58 (see PARAS 243-245): s 32(4).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(v) Fuel, Cable Burning and Colliery Spoilbanks/237. Cable burning.

237. Cable burning.

A person who burns insulation from a cable with a view to recovering metal from the cable is guilty of an offence unless the burning is part of a process subject to Part I of the Environmental Protection Act 1990¹ or an activity subject to regulations² under the Pollution Prevention and Control Act 1999³. A person guilty of such an offence is liable on summary conviction to a penalty⁴.

1 le the Environmental Protection Act 1990 Pt I (ss 1-28) (prospectively repealed). As to the prospective repeal of Pt I see PARA 159 note 2.

2 le regulations under the Pollution Prevention and Control Act 1999 s 2: see PARA 170 et seq.

3 Clean Air Act 1993 s 33(1) (amended by the Pollution Prevention and Control Act 1999 Sch 2 paras 9, 10). As from a day to be appointed, the reference in the Clean Air Act 1993 s 33(1) to the Environmental Protection Act 1990 Pt I is repealed by the Pollution Prevention and Control Act 1999 Sch 3. At the date at which this volume states the law no such day had been appointed.

As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

4 Clean Air Act 1993 s 33(2). The penalty is a fine not exceeding level 5 on the standard scale: s 33(2). As to the standard scale see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 142.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(v) Fuel, Cable Burning and Colliery Spoilbanks/238. Colliery spoilbanks.

238. Colliery spoilbanks.

The owner¹ of a mine² or quarry³ from which coal or shale has been, is being or is to be got must employ all practicable means⁴ for preventing combustion of refuse deposited from the mine or quarry, and for preventing or minimising the emission of smoke⁵ and fumes⁶ from such refuse⁷. If he fails to do so he is guilty of an offence⁸ and liable to a penalty⁹.

1 'Owner' has the same meaning as in the Mines and Quarries Act 1954 (see **MINES, MINERALS AND QUARRIES** vol 31 (2003 Reissue) PARA 512): Clean Air Act 1993 s 42(6).

2 'Mine' has the same meaning as in the Mines and Quarries Act 1954 (see **MINES, MINERALS AND QUARRIES** vol 31 (2003 Reissue) PARA 5): Clean Air Act 1993 s 42(6).

3 The Clean Air Act 1993 provides that 'quarry' has the same meaning as in the Mines and Quarries Act 1954; however, provisions relating to quarries are now mainly contained in the Quarries Regulations 1999, SI 1999/2024 (see **MINES, MINERALS AND QUARRIES**): see the Clean Air Act 1993 s 42(6). See **MINES, MINERALS AND QUARRIES** vol 31 (2003 Reissue) PARA 6.

4 As to the meaning of 'practicable means' see PARA 210 note 16.

5 As to the meaning of 'smoke' see PARA 210 note 4.

6 As to the meaning of 'fumes' see PARA 211 note 3.

7 Clean Air Act 1993 s 42(1), (2). Neither the provisions of the Environmental Protection Act 1990 Pt III (ss 79-84) nor any provision of the Clean Air Act 1993 Pt I (ss 1-3), Pt II (ss 4-17) or Pt III (ss 18-29) apply in relation to smoke, grit or dust from the combustion of refuse deposited from any mine or quarry to which the provisions of s 42 apply: s 42(4).

As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

8 Clean Air Act 1993 s 42(2).

9 Clean Air Act 1993 s 42(3). A person guilty of such an offence is liable on summary conviction to a fine not exceeding level 5 on the standard scale or to cumulative penalties on continuance in accordance with s 50 (see PARA 246): see s 42(3). As to the standard scale see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 142.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(vi) Obtaining Information about Air Pollution/239. Research, publicity and obtaining information.

(vi) Obtaining Information about Air Pollution

239. Research, publicity and obtaining information.

A local authority¹ may: (1) undertake, or contribute towards the cost of, investigation and research relevant to the problem of air pollution²; (2) arrange for the publication of information on that problem³; (3) arrange for the delivery of lectures and addresses, and the holding of discussions, on that problem⁴; (4) arrange for the display of pictures, cinematograph films or models, or the holding of exhibitions, relating to that problem⁵; (5) prepare or join in or contribute to the cost of the preparation of pictures, films, models or exhibitions to be so displayed or held⁶. In any civil or criminal proceedings⁷ brought against a local authority, or any member or officer of a local authority, on the grounds that any information has been published, it is a defence to show that it was published in compliance with these provisions⁸.

Local authorities may obtain information about the emission of pollutants and other substances into the air⁹:

- 306 (a) by issuing notices under the provisions relating to emissions from premises¹⁰;
- 307 (b) by measuring¹¹ and recording the emissions and for that purpose entering on any premises¹² whether by agreement or in exercise of the power conferred by the provisions relating to rights of entry and inspection¹³;
- 308 (c) by entering into arrangements with occupiers of premises under which they measure and record emissions on behalf of the local authority¹⁴.

So long as a local authority exercises any of its powers under these provisions¹⁵, it must from time to time consult certain persons about the way in which it exercises those powers¹⁶ and about the extent to which, and the manner in which, any information collected under those powers ought to be made available to the public¹⁷. The persons to be consulted are: (i) such persons carrying on any trade or business in the authority's area or such organisations appearing to the authority to be representative of those persons¹⁸; and (ii) such persons appearing to the authority to be conversant with problems of air pollution or to have an interest in local amenity¹⁹, as appear to the authority to be appropriate²⁰. The consultations may take place as the authority thinks necessary, but not less than twice in each financial year²¹.

1 As to the meaning of 'local authority' see PARA 99.

2 Clean Air Act 1993 s 34(1)(a). Certain functions under s 34 are 'relevant functions' for the purposes of the Regulatory Enforcement and Sanctions Act 2008 s 4, Sch 3: see **LOCAL GOVERNMENT** vol 69 (2009) PARA 733. As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

3 Clean Air Act 1993 s 34(1)(b). A local authority must ensure that material published is presented in such a way that no information relating to a trade secret is disclosed except with the consent in writing of a person authorised to disclose it: s 34(2). Breach of this duty is actionable: s 34(3).

4 Clean Air Act 1993 s 34(1)(c).

5 Clean Air Act 1993 s 34(1)(d).

6 Clean Air Act 1993 s 34(1)(e).

7 Ie whether or not arising under the Clean Air Act 1993.

8 Clean Air Act 1993 s 34(4). The reference in the text is a reference to compliance with s 34(1), (2): see s 34(4).

9 Clean Air Act 1993 s 35(1). References to the emission of substances into the atmosphere are to be construed as applying to substances in a gaseous or liquid or solid state or any combination of those states: s 40(a).

Nothing in s 35 authorises a local authority to investigate emissions from any process subject to the Environmental Protection Act 1990 Pt I (ss 1-28) (prospectively repealed) or activity subject to regulations under the Pollution Prevention and Control Act 1999 s 2 (see PARA 186 et seq) otherwise than by issuing notices under the Clean Air Act 1993 s 36 (see PARA 240) or by exercising the powers conferred on the authority by s 34(1)(a) without entering the premises concerned: s 35(3) (amended by the Pollution Prevention and Control Act 1999 Sch 2 paras 9, 11). As from a day to be appointed, the reference in the Clean Air Act 1993 s 35(3) to the Environmental Protection Act 1990 Pt I is repealed by the Pollution Prevention and Control Act 1999 Sch 3. At the date at which this volume states the law no such day had been appointed. As to the prospective repeal of the Environmental Protection Act 1990 Pt I see PARA 159 note 2.

10 Clean Air Act 1993 s 35(1)(a). The reference in the text is a reference to the provisions of s 36 (see PARA 240): see s 35(1)(a).

11 Any reference to measurement includes a reference to the taking of samples: Clean Air Act 1993 s 40(b).

12 References to premises in the Clean Air Act 1993 s 35(1)(b), (c) do not include private dwellings or caravans: s 35(1) proviso. As to the meaning of 'premises' see PARA 210 note 5. As to the meaning of 'private dwelling' see PARA 214 note 19. 'Caravan' means a caravan within the meaning of the Caravan Sites and Control of Development Act 1960 Pt I (ss 1-32), disregarding the amendment made by the Caravan Sites Act 1968 s 13(2), which usually and for the time being is situated on a caravan site within the meaning of that Act (see **TOWN AND COUNTRY PLANNING** vol 46(3) (Reissue) PARA 1031 et seq): Clean Air Act 1993 s 64(1).

13 Clean Air Act 1993 s 35(1)(b). The provisions referred to in the text are those of s 56 (see PARA 244): see s 35(1)(b). A local authority is not entitled to exercise the power of entry under s 35(1)(b) unless: (1) the authority has given to the occupier of the premises a notice in writing specifying the kind of emissions in question and the steps it proposes to take on the premises for the purpose of measuring and recording emissions of that kind and stating that it proposes to exercise that power for that purpose unless the occupier requests the authority to serve on him a notice under s 36 (see PARA 240) with respect to the emissions (s 35(2)(a)); and (2) a period of 21 days beginning with the day on which the notice was given has expired (s 35(2)(b)). Nor is the authority entitled to exercise that power if, during those 21 days, the occupier gives a notice to the authority requesting it to serve on him a notice under s 36 (see PARA 240): s 35(2).

14 Clean Air Act 1993 s 35(1)(c). See also note 12.

15 Ie under the Clean Air Act 1993 s 35(1): see notes 1-14.

16 Ie the powers under the Clean Air Act 1993 s 35(1) (see notes 1-14) and s 36 (see PARA 240).

17 Clean Air Act 1993 s 35(4).

18 Clean Air Act 1993 s 35(5)(a).

19 Clean Air Act 1993 s 35(5)(b).

20 Clean Air Act 1993 s 35(5).

21 Clean Air Act 1993 s 35(6).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(vi) Obtaining Information about Air Pollution/240. Notices requiring information about air pollution.

240. Notices requiring information about air pollution.

A local authority¹ may by notice in writing require the occupier of any premises² in its area to furnish, whether by periodical returns or by other means, such estimates or other information as may be specified or described in the notice concerning the emission of pollutants and other substances into the air³ from the premises⁴. The person on whom such a notice is served must comply with the notice within six weeks of the date of service, or within such longer period as the local authority may by notice allow⁵. Such a notice must not require returns at intervals of less than three months, and no one notice (whether or not requiring periodical returns) may call for information covering a period of more than 12 months⁶.

A person who: (1) fails without reasonable excuse to comply with the requirements of a notice served on him in pursuance of these provisions⁷; or (2) in furnishing any estimate or other information in compliance with such a notice, makes any statement which he knows to be false in a material particular or recklessly makes any statement which is false in a material particular⁸, is guilty of an offence and liable to a penalty⁹.

A person served with a notice requiring information about air pollution¹⁰, or any other person having an interest in the premises to which the notice relates, may appeal to the Secretary of State¹¹: (a) on the ground that the giving to the authority or the disclosure to the public of all or part of the information required by the notice would prejudice to an unreasonable degree some private interest by disclosing information about a trade secret or be contrary to the public interest¹²; or (b) on the ground that the information required by the notice is not immediately available and cannot readily be collected or obtained by the recipient of the notice without incurring undue expenditure for the purpose¹³. If the Secretary of State allows the appeal, he may direct the local authority to withdraw or modify the notice, or to take such steps as he may specify to ensure that prejudicial information is not disclosed to the public, and it is the duty of the authority to comply with the direction¹⁴.

The Secretary of State may make regulations¹⁵ as to such appeals¹⁶, including regulations about the time for bringing an appeal and the circumstances in which all or any part of the appellant's case is to be withheld from the respondent¹⁷. It is the duty of the Secretary of State, before he makes any such regulations, to consult such persons appearing to him to represent local authorities, such persons appearing to him to represent industrial interests, and such persons appearing to him to be conversant with problems of air pollution, as he considers appropriate¹⁸.

1 As to the meaning of 'local authority' see PARA 99.

2 The Clean Air Act 1993 s 36 does not apply to premises in so far as they consist of a private dwelling or a caravan: s 36(2). As to the meaning of 'premises' see PARA 210 note 5. As to the meaning of 'private dwelling' see PARA 214 note 19. As to the meaning of 'caravan' see PARA 239 note 12. Except so far as regulations made by the Secretary of State provide otherwise, s 36 applies to premises used for, and to persons in, the public service of the Crown as it applies to other premises and persons: s 36(6). A local authority is not entitled by virtue of s 36(6) to exercise, in relation to premises used for and persons in the public service of the Crown, any power conferred on the authority by virtue of ss 56-58 (see PARAS 243-245): s 36(7). At the date at which this volume states the law no regulations had been made under s 36(6) but, by virtue of the Interpretation Act 1978 s 17(2)(b), the Control of Atmospheric Pollution (Exempted Premises) Regulations 1977, SI 1977/18, have effect as if so made. As to the power to make regulations see PARA 207. As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

3 As to the emission of substances into the atmosphere see PARA 239 note 9.

4 Clean Air Act 1993 s 36(1). If the notice relates to a process subject to the Environmental Protection Act 1990 Pt I (ss 1-28) (prospectively repealed), the person on whom the notice is served is not obliged to supply any information which, as certified by an inspector appointed under that Part, is not of a kind which is being supplied to the inspector for the purposes of that Part: Clean Air Act 1993 s 36(3). As from a day to be appointed s 36(3) is repealed by the Pollution Prevention and Control Act 1999 Sch 3. At the date at which this volume states the law no such day had been appointed. As to the prospective repeal of the Environmental Protection Act 1990 Pt I see PARA 159 note 2. If the notice relates to an installation subject to regulation by the Environment Agency under regulations made under the Pollution Prevention and Control Act 1999 s 2 (see PARA 186 set seq), the person on whom the notice is served is not obliged to supply any information which, as certified by the Environment Agency, is not of a kind which is being supplied to the Environment Agency for the purposes of those regulations: Clean Air Act 1993 s 36(2A) (added by SI 2000/1973). As to the Environment Agency see PARA 68 et seq.

As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

5 Clean Air Act 1993 s 36(4).

6 Clean Air Act 1993 s 36(5).

7 Clean Air Act 1993 s 36(8)(a).

8 Clean Air Act 1993 s 36(8)(b).

9 Clean Air Act 1993 s 36(8). The penalty on summary conviction is a fine not exceeding level 5 on the standard scale: s 36(8). As to the standard scale see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 142. Where a person is convicted of an offence under s 36(8) in respect of any premises and information of any kind, nothing in s 35(2) (see PARA 239 note 13) prevents a local authority from exercising the power of entry there mentioned for the purpose of obtaining information of that kind in respect of the premises: s 36(9).

10 Ie a notice under the Clean Air Act 1993 s 36: see the text and notes 1-9.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(vi) Obtaining Information about Air Pollution/241. Regulations about local authority functions.

241. Regulations about local authority functions.

The Secretary of State¹ may by regulations² prescribe the manner in which, and the methods by which, local authorities are to perform their functions relating to the investigation and research into, and the obtaining of information about, air pollution³. It is the duty of the Secretary of State, before he makes such regulations, to consult such persons appearing to him to represent local authorities, such persons appearing to him to represent industrial interests, and such persons appearing to him to be conversant with problems of air pollution, as he considers appropriate⁴.

Such regulations may in particular:

- 309 (1) prescribe the kinds of emissions to which notices requiring information about air pollution⁵ may relate⁶;
- 310 (2) prescribe the kinds of information which may be required by those notices⁷;
- 311 (3) prescribe the manner in which any such notice is to be given, and the evidence which is to be sufficient evidence of its having been given, and of its contents and authenticity⁸;
- 312 (4) require each local authority to maintain in a prescribed form a register containing certain information⁹;
- 313 (5) specify the circumstances in which local authorities may enter into arrangements with owners¹⁰ or occupiers of premises¹¹ under which they will record and measure emissions on behalf of the local authorities¹²; and
- 314 (6) specify the kinds of apparatus which local authorities are to have power to provide and use for measuring and recording emissions, and for other purposes¹³.

1 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

2 At the date at which this volume states the law no regulations had been made under the Clean Air Act 1993 s 38 but, by virtue of the Interpretation Act 1978 s 17(2)(b), the Control of Pollution (Research and Publicity) Regulations 1977, SI 1977/19, have effect as if so made. As to the power to make regulations see PARA 207.

3 Clean Air Act 1993 s 38(1). The functions referred to in the text are the functions under ss 34(1)(a), (b), 35, 36 (see PARAS 239-240): see s 37(1).

As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

4 Clean Air Act 1993 s 38(2).

5 Ie a notice under the Clean Air Act 1993 s 36: see PARA 240.

6 Clean Air Act 1993 s 38(3)(a).

7 Clean Air Act 1993 s 38(3)(b). Regulations made by virtue of s 38(3)(b) may in particular require returns of the total volume of gases, whether pollutant or not, discharged from the premises in question over any period, the concentration of pollutant in the gases discharged, the total of the pollutant discharged over any period, the height or heights at which discharges take place, the hours during which discharges take place or the concentration of pollutants at ground level: s 38(4).

8 Clean Air Act 1993 s 38(3)(c).

9 Clean Air Act 1993 s 38(3)(d). The register must contain: (1) information obtained by the authority by virtue of s 35(1) (see PARA 239), other than information as to which a direction under s 37(2) (see PARA 240) provides that the information is not to be disclosed to the public; and (2) such information (if any) as the Secretary of State may determine, or as may be determined by or under regulations, with respect to any appeal under s 37 against a notice served by the authority which the Secretary of State did not dismiss: s 38(3)(d).

A register maintained by a local authority in pursuance of regulations made by virtue of s 38(3)(d) must be open to public inspection at the principal office of the authority free of charge at all reasonable hours, and the authority must afford members of the public reasonable facilities for obtaining from the authority, on payment of reasonable charges, copies of entries in the register: s 38(5).

10 As to the meaning of 'owner' see PARA 213 note 4.

11 As to the meaning of 'premises' see PARA 210 note 5.

12 Clean Air Act 1993 s 38(3)(e).

13 Clean Air Act 1993 s 38(3)(f).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(vi) Obtaining Information about Air Pollution/242. Provision by local authorities of information for the Secretary of State.

242. Provision by local authorities of information for the Secretary of State.

The Secretary of State¹ may, for the purpose of obtaining information about air pollution, direct a local authority² to make such arrangements as may be specified in the direction: (1) for the provision, installation, operation and maintenance by the local authority of apparatus for measuring and recording air pollution³; and (2) for transmitting the information so obtained to the Secretary of State⁴. Before giving such a direction the Secretary of State must consult the local authority⁵. Where apparatus is provided in pursuance of such a direction, the Secretary of State must defray the whole of the capital expenditure incurred by the local authority in providing and installing the apparatus⁶.

It is the duty of the local authority to comply with any direction so given⁷.

1 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

2 As to the meaning of 'local authority' see PARA 99.

3 Clean Air Act 1993 s 39(1)(a). As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

4 Clean Air Act 1993 s 39(1)(b).

5 Clean Air Act 1993 s 39(1).

6 Clean Air Act 1993 s 39(2).

7 Clean Air Act 1993 s 39(3).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(vi) Obtaining Information about Air Pollution/243. Power of local authorities to obtain information.

243. Power of local authorities to obtain information.

A local authority¹ may serve on any person a notice requiring him to furnish to the authority, within a period or at times specified in the notice and in a form so specified, any information so specified which the authority reasonably considers that it needs for the purposes of any function conferred on it².

The Secretary of State³ may by regulations⁴ provide for restricting the information which may be required in pursuance of these provisions⁵ and for determining the form in which the information is to be so required⁶.

Any person who:

315 (1) fails without reasonable excuse to comply with the requirements of a notice served on him⁷; or

316 (2) in furnishing any information in compliance with such a notice, makes any statement which he knows to be false in a material particular or recklessly makes any statement which is false in a material particular⁸,

is guilty of an offence and liable to a penalty⁹.

1 As to the meaning of 'local authority' see PARA 99.

2 Clean Air Act 1993 s 58(1). The reference in the text is a reference to functions conferred by Pt IV (ss 30-33) or Pt V (ss 34-40), or by Pt VII (ss 47-68) so far as relating to those Parts: see s 58(1).

As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

3 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

4 At the date at which this volume states the law no such regulations had been made.

5 In pursuance of the Clean Air Act 1993 s 58(1): see the text and notes 1-2.

6 Clean Air Act 1993 s 58(2).

7 Clean Air Act 1993 s 58(3)(a). The notice referred to in the text is a notice served under s 58(1) (see the text and notes 1-2): see s 58(3)(a).

8 Clean Air Act 1993 s 58(3)(b).

9 Clean Air Act 1993 s 58(3). The penalty on summary conviction is a fine not exceeding level 5 on the standard scale: s 58(3). As to the standard scale see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 142.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(vii) Enforcement and Penalties/244. Enforcement.

(vii) Enforcement and Penalties

244. Enforcement.

A local authority¹ has a duty to enforce certain provisions of the Clean Air Act 1993², but this provision is not to be taken to extend to the enforcement of any building regulations³.

Any person authorised⁴ in that behalf by a local authority may at any reasonable time⁵ enter upon any land or vessel⁶ for the purpose of⁷: (1) performing any function conferred on the authority or that person⁸; (2) determining whether, and if so in what manner, such a function ought to be performed⁹; or (3) determining whether any provision of the Act or of an instrument made under it is being complied with¹⁰. He may also at any reasonable time carry out such inspections, measurements and tests on the land or vessel or of any articles on it and take away such samples of the land or articles as he considers appropriate for such a purpose¹¹.

If it is shown to the satisfaction of a justice of the peace on sworn information in writing:

- 317 (a) that admission to any land or vessel which a person is entitled to enter¹² has been refused to that person or that refusal is apprehended or that the land or vessel is unoccupied or that the occupier is temporarily absent or that the case is one of emergency¹³ or that an application for admission would defeat the object of the entry¹⁴; and
- 318 (b) that there is reasonable ground for entry upon the land or vessel for the purpose for which entry is required¹⁵,

then, subject to certain exceptions¹⁶, the justice may by warrant under his hand authorise that person to enter the land or vessel, if need be by force¹⁷. Such a warrant continues in force until the purpose for which the entry is required has been satisfied¹⁸.

A person who, in the exercise of powers conferred on him¹⁹, enters upon any land or vessel which is unoccupied or of which the occupier is temporarily absent must leave the land or vessel as effectually secured against unauthorised entry as he found it²⁰.

It is the duty of a local authority to make full compensation to any person who has sustained damage by reason of: (i) the exercise by a person authorised by the authority of any of the powers conferred on the person so authorised²¹; or (ii) the failure of a person so authorised to perform the duty imposed on him²², except where the damage is attributable to the default of the person who sustained it²³. Any dispute as to a person's entitlement to compensation in pursuance of this provision or as to the amount of the compensation must be determined by arbitration²⁴.

1 As to the meaning of 'local authority' see PARA 99.

2 Ie (1) the provisions of the Clean Air Act 1993 Pt I (ss 1-3), Pt II (ss 4-16), Pt III (ss 18-29), s 33 (see PARA 237) and Pt VI (ss 41-46); and (2) the provisions of Pt VII (ss 47-68) so far as relating to those provisions: s 55(1).

3 Clean Air Act 1993 s 55(1). As to building regulations see **BUILDING**. A local authority may institute proceedings for an offence under s 1 or s 2 in the case of any smoke which affects any part of its district notwithstanding, in the case of an offence under s 1, that the smoke is emitted from a chimney outside its

district and, in the case of an offence under s 2, that the smoke is emitted from premises outside its district: s 55(2). As to the meaning of 'dark smoke' see PARA 214 note 1. As to the meaning of 'smoke' see PARA 210 note 4. As to the meaning of 'chimney' see PARA 211 note 3. As to the meaning of 'premises' see PARA 210 note 5.

As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

4 A person authorised to enter upon any land or vessel in pursuance of the Clean Air Act 1993 s 56 (see the text and notes 5-18) must, if so required, produce evidence of his authority before he enters upon the land or vessel: s 57(1). He may take with him on to the land or vessel in question such other persons and such equipment as may be necessary: s 57(2).

5 Clean Air Act 1993 s 56(1). Section 56(1) does not, except in relation to work under s 24(1) (see PARA 222), apply in relation to a private dwelling: s 56(2). As to the meaning of 'private dwelling' see PARA 214 note 19.

Admission to any land or vessel used for residential purposes and admission with heavy equipment to any other land or vessel must not, except in an emergency (see note 13) or in a case where the land or vessel is unoccupied, be demanded as of right in pursuance of s 56(1) unless notice of the intended entry has been served on the occupier not less than seven days before the demand: s 57(3).

6 As to the meaning of 'vessel' see PARA 210 note 11.

7 Clean Air Act 1993 s 56(1)(a).

8 Clean Air Act 1993 s 56(1)(a)(i).

9 Clean Air Act 1993 s 56(1)(a)(ii).

10 Clean Air Act 1993 s 56(1)(a)(iii).

11 Clean Air Act 1993 s 56(1)(b). The purpose referred to in the text is the purpose in s 56(1)(a) (see the text and notes 7-10): see s 56(1)(b).

12 Ie in pursuance of the Clean Air Act 1993 s 56(1): see the text and notes 5-11.

13 In the Clean Air Act 1993 ss 56, 57, any reference to an emergency is a reference to a case where a person requiring entry to any land or vessel has reasonable cause to believe that circumstances exist which are likely to endanger life or health and that immediate entry to the land or vessel is necessary to verify the existence of those circumstances or to ascertain their cause or to effect a remedy: s 57(7).

14 Clean Air Act 1993 s 56(3)(a).

15 Clean Air Act 1993 s 56(3)(b).

16 Ie subject to the Clean Air Act 1993 s 56(4). A justice of the peace must not issue a warrant in pursuance of s 56(3) in respect of any land or vessel unless he is satisfied: (1) that admission to the land or vessel in pursuance of s 56(1) was sought after not less than seven days' notice of the intended entry had been served on the occupier; or (2) that admission to the land or vessel in pursuance of s 56(1) was sought in an emergency and was refused by or on behalf of the occupier; or (3) that the land or vessel is unoccupied; or (4) that an application for admission to the land or vessel would defeat the object of the entry: s 56(4).

17 Clean Air Act 1993 s 56(3).

18 Clean Air Act 1993 s 56(5).

19 Ie by virtue of the Clean Air Act 1993 s 56 or s 57.

20 Clean Air Act 1993 s 57(4).

21 Clean Air Act 1993 s 57(5)(a). The reference in the text to authorisation is a reference to authorisation by virtue of s 56 or s 57: see s 57(5)(a).

22 Clean Air Act 1993 s 57(5)(b). The duty referred to in the text is a duty imposed by s 57(4) (see the text and note 20): see s 57(5)(b).

23 Clean Air Act 1993 s 57(5).

24 Clean Air Act 1993 s 57(5). As to arbitration see the Arbitration Act 1996; and **ARBITRATION** vol 2 (2008) PARA 1201 et seq.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(vii) Enforcement and Penalties/245. Penalty for obstruction.

245. Penalty for obstruction.

Any person who wilfully obstructs another person acting in the exercise of any powers of entry and inspection conferred on the other person under the Clean Air Act 1993¹ is guilty of an offence and liable to a penalty².

¹ Ie by virtue of the Clean Air Act 1993 s 56 or s 57: see PARA 244.

² Clean Air Act 1993 s 57(6). The penalty on summary conviction is a fine not exceeding level 3 on the standard scale: s 57(6). As to the standard scale see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 142.

As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(vii) Enforcement and Penalties/246. Cumulative penalties on continuance of certain offences.

246. Cumulative penalties on continuance of certain offences.

Where (1) a person is convicted of an offence which is subject to cumulative penalties on continuance¹; and (2) it is shown to the satisfaction of the court that the offence was substantially a repetition or continuation of an earlier offence by him after he had been convicted of the earlier offence², a specified penalty³ applies instead of the penalty otherwise specified for the offence⁴. Where an offence is subject to such cumulative penalties the court by which a person is convicted of the original offence may fix a reasonable period from the date of conviction for compliance by the defendant with any directions given by the court⁵. Where a court has fixed such a period, a daily penalty⁶ is not recoverable in respect of any day before the end of that period⁷.

1 Clean Air Act 1993 s 50(1)(a). As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

2 Clean Air Act 1993 s 50(1)(b).

3 The person convicted is liable on summary conviction to a fine not exceeding level 5 on the standard scale, or £50 for every day on which the earlier offence has been so repeated or continued by him within the three months next following his conviction of that offence, whichever is the greater: Clean Air Act 1993 s 50(2). As to the standard scale see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 142. As to the meaning of 'day' see PARA 214 note 4.

4 Clean Air Act 1993 s 50(1).

5 Clean Air Act 1993 s 50(3)(a).

6 Ie the daily penalty referred to in the Clean Air Act 1993 s 50(2): see note 3.

7 Clean Air Act 1993 s 50(3)(b).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(vii) Enforcement and Penalties/247. Offences committed by bodies corporate.

247. Offences committed by bodies corporate.

Where an offence under the Clean Air Act 1993 which has been committed by a body corporate is proved to have been committed with the consent or connivance of, or to be attributable to any neglect on the part of, any director, manager, secretary or other similar officer of the body corporate or any person who was purporting to act in any such capacity, he as well as the body corporate is guilty of that offence and liable to be proceeded against and punished accordingly¹. Where the affairs of a body corporate are managed by its members this provision applies in relation to the acts and defaults of a member in connection with his functions of management as if he were a director of the body corporate².

1 Clean Air Act 1993 s 52(1). As to corporate liability generally see **COMPANIES** vol 14 (2009) PARA 311 et seq; **CRIMINAL LAW, EVIDENCE AND PROCEDURE** vol 11(1) (2006 Reissue) PARA 38.

As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

2 Clean Air Act 1993 s 52(2).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(vii) Enforcement and Penalties/248. Offence due to act or default of another.

248. Offence due to act or default of another.

Where the commission by any person of an offence under the Clean Air Act 1993 is due to the act or default of some other person, that other person is guilty of the offence¹. A person may be charged with and convicted of an offence by virtue of these provisions whether or not proceedings for the offence are taken against any other person².

1 Clean Air Act 1993 s 53(1). As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

2 Clean Air Act 1993 s 53(2).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(4) CLEAN AIR/(vii) Enforcement and Penalties/249. Duty to notify occupier of offence.

249. Duty to notify occupier of offence.

If, in the opinion of an authorised officer¹ of a local authority, an offence of emitting smoke² is being or has been committed, he must, unless he has reason to believe that notice of it has already been given by or on behalf of the local authority, as soon as may be notify the appropriate person³; and, if his notification is not in writing, he must before the end of the four days⁴ next following the day on which he became aware of the offence confirm the notification in writing⁵.

1 'Authorised officer' means any officer of a local authority authorised by it in writing, either generally or specially, to act in matters of any specified kind or in any specified matter: Clean Air Act 1993 s 64(1). As to the meaning of 'local authority' see PARA 99.

2 Ie an offence under the Clean Air Act 1993 s 1 (see PARA 214), s 2 (see PARA 215), or s 20 (see PARA 217).

3 For these purposes, the appropriate person to notify is the occupier of the premises, the person having possession of the boiler or plant, the owner of the railway locomotive engine, or the owner or master or other officer or person in charge of the vessel concerned, as the case may be: Clean Air Act 1993 s 51(2). As to the meaning of 'premises' see PARA 210 note 5. As to the meaning of 'owner' see PARA 213 note 4. As to the meaning of 'vessel' see PARA 210 note 11.

As to the Health Act 2006 Pt 1 Ch 1 (ss 1-12), which makes provision for enclosed and substantially enclosed public places and shared workplaces to be smoke-free, see PARA 250 et seq.

4 As to the meaning of 'day' see PARA 214 note 4.

5 Clean Air Act 1993 s 51(1) (amended by the Environment Act 1995 Sch 24). In any proceedings for an offence under the Clean Air Act 1993 s 1 (see PARA 214), s 2 (see PARA 215) or s 20 (see PARA 217), it is a defence to prove that the provisions of s 51(1) have not been complied with in the case of the offence; and if no such notification as is required by s 51(1) has been given before the end of the four days next following the day of the offence, then s 51(1) is taken not to have been complied with unless the contrary is proved: s 51(3).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(5) SMOKE-FREE PREMISES, PLACES AND VEHICLES/250. Introduction.

(5) SMOKE-FREE PREMISES, PLACES AND VEHICLES

250. Introduction.

Chapter 1 of Part 1 of the Health Act 2006¹ makes provision for the prohibition of smoking² in certain premises³, places and vehicles⁴ which are smoke-free by virtue of that chapter⁵.

Chapter 1 of Part 1 of the Health Act 2006 (1) has effect in relation to the territorial sea adjacent to England as it has effect in relation to England; and (2) has effect in relation to the territorial sea adjacent to Wales as it has effect in relation to Wales⁶.

1 In the Health Act 2006 ss 1-12.

2 In the Health Act 2006 Pt 1 Ch 1 (1) 'smoking' refers to smoking tobacco or anything which contains tobacco, or smoking any other substance; and (2) smoking includes being in possession of lit tobacco or of anything lit which contains tobacco, or being in possession of any other lit substance in a form in which it could be smoked: s 1(2). In Pt 1 Ch 1, 'smoke' and other related expressions are to be read in accordance with s 1(2): s 1(3).

3 In the Health Act 2006 Pt 1 Ch 1 'premises' includes a tent, and (if not a ship within the meaning of the Merchant Shipping Act 1995) (see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 229) a moveable structure and an offshore installation (as defined in the Offshore Installations and Pipeline Works (Management and Administration) Regulations 1995, SI 1995/738, reg 3) (see **FUEL AND ENERGY** vol 19(3) (2007 Reissue) PARA 1684): Health Act 2006 s 12(1). The appropriate national authority may by order provide for the definition of 'premises' in s 12(1) to be read as if a reference to another enactment were substituted for the reference to the Offshore Installations and Pipeline Works (Management and Administration) Regulations 1995, SI 1995/738, reg 3: Health Act 2006 Act s 12(2). In the Health Act 2006 'appropriate national authority' means (1) in relation to England, the Secretary of State (see PARA 58); and (2) in relation to Wales, the Welsh Ministers (see PARA 59): s 82(1).

4 In the Health Act 2006 Pt 1 Ch 1 (ss 1-12), 'vehicle' means every type of vehicle, including train, vessel, aircraft and hovercraft: ss 5(5), 12(1).

5 Health Act 2006 s 1(1). As to smoke-free premises see PARA 251.

6 Health Act 2006 s 12(3). See further s 12(4) (amended by SI 2007/1388).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(5) SMOKE-FREE PREMISES, PLACES AND VEHICLES/251. Smoke-free premises.

251. Smoke-free premises.

Premises¹ are smoke-free² if they are open to the public³. However unless the premises also fall within the provision below⁴, they are smoke-free only when open to the public⁵. Premises are smoke-free if they are used as a place of work⁶ (1) by more than one person (even if the persons who work there do so at different times, or only intermittently); or (2) where members of the public might attend for the purpose of seeking or receiving goods or services from the person or persons working there (even if members of the public are not always present)⁷. They are smoke-free all the time⁸. If only part of the premises is open to the public or (as the case may be) used as a place of work⁹, the premises are smoke-free only to that extent¹⁰. In any case, premises are smoke-free only in those areas which are enclosed or substantially enclosed¹¹.

Provision is made¹² for some premises, or areas of premises, not to be smoke-free despite the above provisions¹³.

The appropriate national authority may make regulations providing for specified descriptions of premises, or specified areas within specified descriptions of premises, not to be smoke-free¹⁴. Descriptions of premises which may be specified¹⁵ include, in particular, any premises where a person has his home, or is living whether permanently or temporarily (including hotels, care homes, and prisons and other places where a person may be detained)¹⁶. The power to make regulations¹⁷ is not exercisable so as to specify any description of (a) premises in respect of which a premises licence under the Licensing Act 2003 authorising the sale by retail of alcohol for consumption on the premises has effect; (b) premises in respect of which a club premises certificate¹⁸ has effect¹⁹. For the purpose of making provision for those participating as performers in a performance²⁰, or in a performance of a specified description, not to be prevented from smoking if the artistic integrity of the performance makes it appropriate for them to smoke (i) the above power²¹ also includes power to provide for specified descriptions of premises or specified areas within such premises not to be smoke-free in relation only to such performers; and (ii) the above provision²² does not prevent the exercise of that power as so extended²³. The regulations may provide, in relation to any description of premises or areas of premises specified in the regulations, that the premises or areas are not smoke-free (A) in specified circumstances; (B) if specified conditions are satisfied; or (C) at specified times, or any combination of those²⁴. The conditions may include conditions requiring the designation in accordance with the regulations, by the person in charge of the premises, of any rooms in which smoking is to be permitted²⁵.

1 As to the meaning of 'premises' see PARA 250 note 3.

2 As to the meaning of 'smoke' see PARA 250 note 2.

3 Health Act 2006 s 2(1). Premises are 'open to the public' if the public or a section of the public has access to them, whether by invitation or not, and whether on payment or not: s 2(7).

4 Ie within the Health Act 2006 s 2(2).

5 Health Act 2006 s 2(1).

6 'Work', in the Health Act 2006 s 2(2), includes voluntary work: s 2(8).

7 Health Act 2006 s 2(2).

8 Health Act 2006 s 2(2).

9 Ie mentioned in the Health Act 2006 s 2(2).

10 Health Act 2006 s 2(3).

11 Health Act 2006 s 2(4). The appropriate national authority may specify in regulations what 'enclosed' and 'substantially enclosed' mean: s 2(5). See the Smoke-free (Premises and Enforcement) Regulations 2006, SI 2006/3368; and the Smoke-free Premises etc (Wales) Regulations 2007, SI 2007/787. As to the meaning of 'appropriate national authority' see PARA 250 note 3. 'Specified', in relation to regulations, means specified in the regulations: Health Act 2006 s 12(1). As to regulations under the Health Act 2006 generally see s 79.

12 Ie by the Health Act 2006 s 3: see the text and notes 13-25.

13 Ie despite the Health Act 2006 s 2: s 2(6).

14 Health Act 2006 s 3(1). This applies despite s 2: s 3(1). See the Smoke-free (Exemptions and Vehicles) Regulations 2007, SI 2007/765; and the Smoke-free Premises etc (Wales) Regulations 2007, SI 2007/787.

15 Ie under the Health Act 2006 s 3(1).

16 Health Act 2006 s 3(2). See *R (on the application of N) v Secretary of State for Health; R (on the application of E) v Nottinghamshire Healthcare NHS Trust (Equality and Human Rights Commission intervening)* [2009] EWCA Civ 795, [2009] All ER (D) 264 (Jul) (temporal limit on exemption for mental health units did not constitute interference with patients' private life or discrimination).

17 Ie under the Health Act 2006 s 3(1).

18 Ie within the meaning of the Licensing Act 2003 s 60: see **LICENSING AND GAMBLING** vol 67 (2008) PARA 85.

19 Health Act 2006 s 3(3). Section 3(3) does not prevent the exercise of that power so as to specify any area, within a specified description of premises mentioned in s 3(3), where a person has his home, or is living whether permanently or temporarily: s 3(4).

20 For the purposes of the Health Act 2006 s 3(5), the references to a performance (1) include, for example, the performance of a play, or a performance given in connection with the making of a film or television programme; and (2) if the regulations so provide, include a rehearsal: s 3(8).

21 Ie the power in the Health Act 2006 s 3(1).

22 Ie the Health Act 2006 s 3(3).

23 Health Act 2006 s 3(5).

24 Health Act 2006 s 3(6).

25 Health Act 2006 s 3(7).

UPDATE

251 Smoke-free premises

NOTE 16--*R (on the application of N); R (on the application of E)*, cited, reported at [2010] PTSR 674.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(5) SMOKE-FREE PREMISES, PLACES AND VEHICLES/252. Additional smoke-free places.

252. Additional smoke-free places.

The appropriate national authority¹ may make regulations designating as smoke-free² any place or description of place that is not smoke-free³. The place, or places falling within the description, need not be enclosed or substantially enclosed⁴. The appropriate national authority may designate a place or description of place under these provisions only if in the authority's opinion there is a significant risk that, without a designation, persons present there would be exposed to significant quantities of smoke⁵. The regulations may provide for such places, or places falling within the description, to be smoke-free only (1) in specified⁶ circumstances; (2) at specified times; (3) if specified conditions are satisfied; (4) in specified areas, or any combination of those⁷.

1 As to the meaning of 'appropriate national authority' see PARA 250 note 3.

2 As to the meaning of 'smoke' see PARA 250 note 2.

3 Health Act 2006 s 4(1). The reference is to such a place that is not smoke-free under s 2 (see PARA 251). As to regulations under the Health Act 2006 generally see s 79. At the date at which this volume states the law no such regulations had been made.

4 Health Act 2006 s 4(2).

5 Health Act 2006 s 4(3).

6 As to the meaning of 'specified' see PARA 251 note 11.

7 Health Act 2006 s 4(4).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(5) SMOKE-FREE PREMISES, PLACES AND VEHICLES/253. Vehicles.

253. Vehicles.

The appropriate national authority¹ may make regulations providing for vehicles² to be smoke-free³. The regulations may in particular make provision (1) for the descriptions of vehicle which are to be smoke-free; (2) for the circumstances in which they are to be smoke-free; (3) for them to be smoke-free only in specified⁴ areas, or except in specified areas; (4) for exemptions⁵. The power to make regulations is not exercisable in relation to (a) any ship or hovercraft in relation to which regulations could be made⁶; or (b) persons on any such ship or hovercraft⁷.

1 As to the meaning of 'appropriate national authority' see PARA 250 note 3.

2 As to the meaning of 'vehicle' see PARA 250 note 4.

3 Health Act 2006 s 5(1). As to the meaning of 'smoke' see PARA 250 note 2. See the Smoke-free (Exemptions and Vehicles) Regulations 2007, SI 2007/765; and the Smoke-free Premises etc (Wales) Regulations 2007, SI 2007/787. As to regulations under the 2006 Act generally see s 79.

4 As to the meaning of 'specified' see PARA 251 note 11.

5 Health Act 2006 s 5(2). See the Smoke-free Premises etc (Wales) Regulations 2007, SI 2007/787; and note 3.

6 Ie under the Merchant Shipping Act 1995 s 85 (safety and health on ships) (see **SHIPPING AND MARITIME LAW** vol 94 (2008) PARA 591 et seq), including s 85 as applied by any Order in Council under the Hovercraft Act 1968 s 1(1)(h).

7 Health Act 2006 s 5(3).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(5) SMOKE-FREE PREMISES, PLACES AND VEHICLES/254. No-smoking signs.

254. No-smoking signs.

It is the duty of any person who occupies or is concerned in the management of smoke-free premises¹ to make sure that no-smoking signs complying with the requirements of these provisions² are displayed in those premises in accordance with the requirements of these provisions³. Regulations made by the appropriate national authority⁴ may provide for a duty corresponding to that mentioned above⁵ in relation to (1) places which are smoke-free⁶; (2) vehicles⁷ which are smoke-free⁸. The duty is to be imposed on persons, or on persons of a description, specified⁹ in the regulations¹⁰. The signs must be displayed in accordance with any requirements contained in regulations made by the appropriate national authority¹¹. The signs must conform to any requirements specified in regulations made by the appropriate national authority (for example, requirements as to content, size, design, colour, or wording)¹². A person who fails to comply with the duty mentioned above¹³, or any corresponding duty in regulations¹⁴, commits an offence¹⁵.

1 As to the meanings of 'smoke' and 'premises' see PARA 250 notes 2, 3. As to smoke-free premises see PARA 251. The references in the Health Act 2006 s 6, however expressed, to premises, places or vehicles which are smoke-free, are to those premises, places or vehicles so far as they are smoke-free under or by virtue of Pt 1 Ch 1 (ss 1-12) (and references to smoke-free premises include premises which by virtue of regulations under s 3(5) (see PARA 251) are smoke-free except in relation to performers): s 6(9).

14 Ie under the Health Act 2006 s 6(2).

15 Health Act 2006 s 6(5). It is a defence for a person charged with an offence under s 6(5) to show (1) that he did not know, and could not reasonably have been expected to know, that the premises were smoke-free (or, as the case may be, that the place or vehicle was smoke-free); or (2) that he did not know, and could not reasonably have been expected to know, that no-smoking signs complying with the requirements of s 6 were not being displayed in accordance with the requirements of s 6; or (3) that on other grounds it was reasonable

for him not to comply with the duty: s 6(6). If a person charged with an offence under s 6(5) relies on a defence in s 6(6), and evidence is adduced which is sufficient to raise an issue with respect to that defence, the court must assume that the defence is satisfied unless the prosecution proves beyond reasonable doubt that it is not: s 6(7). A person guilty of an offence under s 6(5) is liable on summary conviction to a fine not exceeding level 3 on the standard scale: s 6(8); Smoke-free (Penalties and Discounted Amounts) Regulations 2007, SI 2007/764, reg 2(1). As to the standard scale see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 142.

As to offences committed by bodies corporate, partnerships and other unincorporated associations, see the Health Act 2006 ss 76, 77.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(5) SMOKE-FREE PREMISES, PLACES AND VEHICLES/255. Offences.

255. Offences.

A person who smokes in a smoke-free place¹ commits an offence². A person guilty of an offence under these provisions is liable on summary conviction to a fine³.

It is the duty of any person who controls or is concerned in the management of smoke-free⁴ premises to cause a person smoking⁵ there to stop smoking⁶. Regulations made by the appropriate national authority⁷ may provide for a duty corresponding to that mentioned above⁸ in relation to (1) places which are smoke-free⁹; (2) vehicles which are smoke-free¹⁰. The duty is to be imposed on persons, or on persons of a description, specified¹¹ in the regulations¹². A person who fails to comply with the above duty¹³, or any corresponding duty in regulations¹⁴, commits an offence¹⁵. A person guilty of an offence under these provisions is liable on summary conviction to a fine¹⁶.

1 In the Health Act 2006 s 7, a 'smoke-free place' means any of the following (1) premises, so far as they are smoke-free under or by virtue of s 2 (see PARA 251) and s 3 (see PARA 251) (including premises which by virtue of regulations under s 3(5) are smoke-free except in relation to performers); (2) a place, so far as it is smoke-free by virtue of s 4 (see PARA 252); (3) a vehicle, so far as it is smoke-free by virtue of s 5 (see PARA 253): s 7(1). As to the meaning of 'premises' see PARA 250 note 3; and as to the meaning of 'vehicle' see PARA 250 note 4. A person who smokes in premises which are not smoke-free in relation to performers by virtue of regulations under s 3(5) does not commit an offence if he is such a performer: s 7(3).

2 Health Act 2006 s 7(2). It is a defence for a person charged with an offence under s 7(2) to show that he did not know, and could not reasonably have been expected to know, that it was a smoke-free place: s 7(4). If a person charged with an offence under s 7 relies on a defence in s 7(4), and evidence is adduced which is sufficient to raise an issue with respect to that defence, the court must assume that the defence is satisfied unless the prosecution proves beyond reasonable doubt that it is not: s 7(5).

3 Health Act 2006 s 7(6); Smoke-free (Penalties and Discounted Amounts) Regulations 2007, SI 2007/764, reg 2(2). The fine is a fine not exceeding level 1 on the standard scale. As to the standard scale see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 142. As to regulations under the Health Act 2006 generally see s 79.

As to offences committed by bodies corporate, partnerships and other unincorporated associations, see ss 76, 77.

4 As to the meaning of 'smoke' see PARA 250 note 2. As to smoke-free premises see PARA 251.

5 As to the meaning of 'smoking' see PARA 250 note 2.

6 Health Act 2006 s 8(1). The reference in s 8(1) to a person smoking does not include a performer in relation to whom the premises are not smoke-free by virtue of regulations under s 3(5) (see PARA 251): s 8(2). The references in s 8, however expressed, to premises, places or vehicles which are smoke-free, are to those premises, places or vehicles so far as they are smoke-free under or by virtue of Pt 1 Ch 1 (ss 1-12) (and references to smoke-free premises include premises which by virtue of regulations under s 3(5) are smoke-free except in relation to performers): s 8(8).

7 As to the meaning of 'appropriate national authority' see PARA 250 note 3.

8 Ie in the Health Act 2006 s 8(1).

9 Ie by virtue of the Health Act 2006 s 4: see PARA 252.

10 Health Act 2006 s 8(3). The reference is to vehicles which are smoke-free by virtue of s 5 (see PARA 253). See the Smoke-free (Vehicle Operators and Penalty Notices) Regulations 2007, SI 2007/760; and the Smoke-free Premises etc (Wales) Regulations 2007, SI 2007/787. As to regulations under the Health Act 2006 generally see s 79.

11 As to the meaning of 'specified' see PARA 251 note 11.

12 Health Act 2006 s 8(3). See note 10.

13 Ie the duty in the Health Act 2006 s 8(1).

14 Ie under the Health Act 2006 s 8(3).

15 Health Act 2006 s 8(4). It is a defence for a person charged with an offence under s 8(4) to show (1) that he took reasonable steps to cause the person in question to stop smoking; or (2) that he did not know, and could not reasonably have been expected to know, that the person in question was smoking; or (3) that on other grounds it was reasonable for him not to comply with the duty: s 8(5). If a person charged with an offence under s 8 relies on a defence in s 8(5), and evidence is adduced which is sufficient to raise an issue with respect to that defence, the court must assume that the defence is satisfied unless the prosecution proves beyond reasonable doubt that it is not: s 8(6). See *R (on the application of Howitt) v Preston Magistrates' Court* [2009] EWHC 1284 (Admin), [2009] LLR 538.

16 Health Act 2006 s 8(7); Smoke-free (Penalties and Discounted Amounts) Regulations 2007, SI 2007/764, reg 2(3). The fine is a fine not exceeding level 4 on the standard scale.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(5) SMOKE-FREE PREMISES, PLACES AND VEHICLES/256. Fixed penalties.

256. Fixed penalties.

An authorised officer¹ of an enforcement authority² who has reason to believe that a person has committed an offence³ on premises⁴, or in a place or vehicle⁵, in relation to which the authorised officer has functions may give him a penalty notice in respect of the offence⁶. A penalty notice is a notice offering a person the opportunity to discharge any liability to conviction for the offence to which the notice relates by paying a penalty in accordance with Chapter 1 of Part 1 of the Health Act 2006⁷.

Further provision about fixed penalties is made⁸.

1 In the Health Act 2006 Pt 1 Ch 1 (ss 1-12), 'authorised officer', in relation to an enforcement authority, means any person (whether or not an officer of the authority) who is authorised by it in writing, either generally or specially, to act in matters arising under Pt 1 Ch 1: ss 10(5), 12(1).

2 See the Health Act 2006 s 10; and PARA 257.

3 In the Health Act 2006 s 6(5) (see PARA 254) or 7(2) (see PARA 255).

4 As to the meaning of 'premises' see PARA 250 note 3.

5 As to the meaning of 'vehicle' see PARA 250 note 4.

6 Health Act 2006 s 9(1).

7 Health Act 2006 s 9(2).

8 See the Health Act 2006 s 9(3), Sch 1. As to regulations made under Sch 1 see the Smoke-free (Vehicle Operators and Penalty Notices) Regulations 2007, SI 2007/760; the Smoke-free Premises etc (Wales) Regulations 2007, SI 2007/787; and the Smoke-free (Penalties and Discounted Amounts) Regulations 2007, SI 2007/764.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(5) SMOKE-FREE PREMISES, PLACES AND VEHICLES/257. Enforcement.

257. Enforcement.

The appropriate national authority¹ may make regulations designating the bodies or descriptions of body which are to be enforcement authorities for the purposes of Chapter 1 of Part 1 of the Health Act 2006². The regulations (1) must specify³ the descriptions of premises⁴, place or vehicle⁵ in relation to which an enforcement authority has enforcement functions; (2) may provide for a case being dealt with by one enforcement authority to be transferred (or further transferred, or transferred back) to, and taken over by, another enforcement authority⁶. It is the duty of an enforcement authority to enforce, as respects the premises, places and vehicles in relation to which it has enforcement functions, the provisions of Chapter 1 of Part 1 of the Health Act 2006 and regulations made under it⁷. If regulations under these provisions so provide, no person is to be so authorised unless he has such qualifications as are prescribed by the regulations⁸.

Provision is made about powers of entry, etc⁹.

1 As to the meaning of 'appropriate national authority' see PARA 250 note 3.

2 Health Act 2006 s 10(1). The reference is to Pt 1 (ss 1-12). See the Smoke-free (Premises and Enforcement) Regulations 2006, SI 2006/3368; and the Smoke-free Premises etc (Wales) Regulations 2007, SI 2007/787. As to regulations under the Health Act 2006 generally see s 79.

3 As to the meaning of 'specified' see PARA 251 note 11.

4 As to the meaning of 'premises' see PARA 250 note 3.

5 As to the meaning of 'vehicle' see PARA 250 note 4.

6 Health Act 2006 s 10(2). See note 2.

7 Health Act 2006 s 10(3). The appropriate national authority may direct, in relation to cases of a particular description or a particular case, that any duty imposed on an enforcement authority by s 10(3) is to be discharged instead by the appropriate national authority: s 10(4).

8 Health Act 2006 s 10(6).

9 See the Health Act 2006 s 10(7), Sch 2.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/5. AIR QUALITY AND AIR POLLUTION/(5) SMOKE-FREE PREMISES, PLACES AND VEHICLES/258. Obstruction etc of officers.

258. Obstruction etc of officers.

Any person who intentionally obstructs an authorised officer¹ of an enforcement authority, acting in the exercise of his functions under or by virtue of Chapter 1 of Part 1 of the Health Act 2006², commits an offence³. Any person who without reasonable cause fails to give to an authorised officer of an enforcement authority, acting in the exercise of his functions under or by virtue of Chapter 1 of Part 1 of the Health Act 2006, any facilities, assistance or information which the authorised officer reasonably requires of him for the performance of those functions commits an offence⁴. A person commits an offence if, in purported compliance with any requirement of an authorised officer⁵ (1) he makes a statement which is false or misleading⁶; and (2) he either knows that it is false or misleading or is reckless as to whether it is false or misleading⁷. A person guilty of an offence under the above provisions is liable on summary conviction to a fine⁸.

If a direction of the appropriate national authority⁹ has effect¹⁰ the above provisions have effect, in relation to any case or case of a description specified¹¹ in the direction, as if references to an authorised officer of an enforcement authority were to a person acting on behalf of the appropriate national authority¹².

1 As to the meaning of 'authorised officer' see PARA 256 note 1.

2 Ie the Health Act 2006 ss 1-12.

3 Health Act 2006 s 11(1).

4 Health Act 2006 s 11(2).

5 Ie mentioned in the Health Act 2006 s 11(2).

6 'False or misleading' means false or misleading in a material particular: Health Act 2006 s 11(3).

7 Health Act 2006 s 11(3).

8 Health Act 2006 s 11(4). The fine is a fine not exceeding level 3 on the standard scale. As to the standard scale see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 142.

As to offences committed by bodies corporate, partnerships and other unincorporated associations see ss 76, 77.

9 As to the meaning of 'appropriate national authority' see PARA 250 note 3.

10 Ie under the Health Act 2006 s 10(4): see PARA 257.

11 As to the meaning of 'specified' see PARA 251 note 11.

12 Health Act 2006 s 11(5).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/6. CLIMATE CHANGE/(1) IN GENERAL/259. Introduction.

6. CLIMATE CHANGE

(1) IN GENERAL

259. Introduction.

In recent years, the problem of climate change has become a major issue for environmental law and policy in the United Kingdom¹. Although the impact of air pollution remains subject to legal controls under pollution control and clean air legislation both at European Union and local level², an increasing overriding environmental challenge is that of reducing emissions of carbon dioxide and other 'greenhouse gases' to stabilise or reduce climate change. Although this development and the resulting legislative controls are considered elsewhere in this work³, it is thought appropriate in this title at least to make reference to this new emerging area of environmental law, alongside the more traditional areas.

Amongst measures originally in the United Kingdom's first Climate Change Programme are the use of two economic instruments, namely the climate change levy established by the Finance Act 2000⁴, and the greenhouse gas emissions trading scheme established under the Greenhouse Gas Emissions Trading Scheme Regulations 2005⁵. More recently the Finance Acts 2007 and 2008 have empowered the Treasury⁶ to impose charges by providing for, respectively, Community tradeable emissions allowances and carbon reduction trading scheme allowances to be allocated in return for payment⁷.

The Climate Change and Sustainable Energy Act 2006 and the Climate Change Act 2008 are both illustrative of the ongoing 'reorientation' of environmental law, although they must be seen in the context of relevant global and EU obligations on climate change⁸. The Climate Change and Sustainable Energy Act 2006, introduced as a private member's bill and the provisions of which are discussed elsewhere⁹, had as its principal purpose the enhancement of the United Kingdom's contribution to combating climate change. It also aims at alleviating fuel poverty and securing diverse and long-term energy supplies for the United Kingdom and focuses on boosting microgeneration and energy efficiency. The government is required to report to Parliament annually on greenhouse gas emissions and explain what is being done to curb them¹⁰ and is required to set targets for the number of microgeneration systems installed throughout England, Wales and Scotland¹¹. This main purpose does not have a substantive effect in its own right, but rather requires the provisions of the Act to be read in light of it. There are provisions for energy companies to pay a fair price for electricity from microgeneration¹². A 'carbon emissions reduction obligation' allows energy suppliers to use emissions reductions from microgeneration and other 'low emission sources or technologies' to meet their targets¹³. The Act also strengthens enforcement procedures for building regulations¹⁴, requires local authorities to take more action to improve energy efficiency¹⁵ and has measures intended to encourage community energy and renewable heating¹⁶.

The Climate Change Act 2008 is for the most part covered elsewhere¹⁷. It was passed following a public consultation exercise and sets up a framework for the United Kingdom to achieve its long-term goals of reducing greenhouse gas emissions and to ensure steps are taken towards adapting to the impact of climate change. Its main elements are: (1) setting emissions reduction targets in statute and carbon budgeting¹⁸; (2) the creation of an independent advisory body¹⁹; (3) trading scheme powers²⁰; (4) impact and adaptation to climate change²¹; and (5) various measures which reduce emissions²².

1 As to the meaning of 'United Kingdom' see PARA 1 note 2. As to United Kingdom national policy statements on climate change see the Department of Energy and Climate Change website which was, at the date at which this volume states the law, www.decc.gov.uk.

As to the international context of climate change and agreements and conventions led by the Climate Change Convention (ie United Nations Framework Convention on Climate Change (UNFCCC) (Rio de Janeiro, 5 June 1992; Misc 5 (1993); Cm 2137)) and the Kyoto Protocol (ie Kyoto Protocol to the UNFCCC (Kyoto, 11 December 1997; TS 006 (2005) Cm 6485)) see generally PARA 4; and also **FUEL AND ENERGY** vol 19(1) (2007 Reissue) PARA 654. As to European Union climate change legislation generally see the EUR-Lex website which was, at the date at which this volume states the law, www.eur-lex.europa.eu.

2 As to integration of pollution control see PARA 158 et seq; and as to air quality and air pollution see PARA 190 et seq.

19 See PARA 263.

20 See PARA 264 et seq.

21 See PARA 268.

22 See PARA 269.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/6. CLIMATE CHANGE/(1) IN GENERAL/260. Greenhouse gas emissions.

260. Greenhouse gas emissions.

Provisions relating to climate change generally and greenhouse gas emissions are mainly dealt with elsewhere in this work¹. In addition to any United Kingdom² greenhouse gas emissions trading schemes³, provision is made for giving effect in the United Kingdom to European Union legislation establishing a scheme for greenhouse gas emission allowance trading within the European Union⁴.

No person may carry out a specified activity⁵ resulting in specified emissions⁶ except under and to the extent authorised by a greenhouse gas emissions permit⁷. Provision is made in relation to:

- 319 (1) applications for greenhouse gas emissions permits, including the required information relating to the applicant, the installation in respect of which the permit is sought, the activity intended to be carried out at that installation, the specified emissions, and the planned arrangements for monitoring and reporting⁸;
- 320 (2) the determination of applications and grant of permits by the regulator (the Environment Agency)⁹, including the grounds for refusing an application, the information to be included in a permit, the grant of a permit in respect of more than one installation on the same site, and the consolidation of permits in respect of installations operated by the same operator on a single site¹⁰;
- 321 (3) the inclusion of conditions in a permit, including conditions relating to monitoring and reporting, annual reportable emissions and the surrender of allowances, and the review of conditions¹¹;
- 322 (4) excluded installations, including the making of an application for a certificate that an installation is an excluded installation, conditions attached to exclusions, revocation of certificates, and the effect of partial transfer of a permit in relation to an excluded installation¹²;
- 323 (5) proposed change in operation¹³;
- 324 (6) commencement of relevant activities¹⁴;
- 325 (7) variation of the provisions of a permit¹⁵;
- 326 (8) transfer of permits (including partial transfer)¹⁶;
- 327 (9) surrender of permits¹⁷; and
- 328 (10) revocation of permits¹⁸.

A fee is payable in respect of an application for a permit, for the variation of conditions, for the transfer of a permit, or for the surrender of a permit¹⁹.

The Secretary of State must develop a national allocation plan, in respect of the second and subsequent phases for the allocation of allowances of greenhouse gas emissions²⁰. For each phase the Secretary of State must decide on the allocation and issue of allowances²¹. A registry of allowances must be established and maintained²². In certain circumstances one or more operators may make a joint application to form a pool for the first or second phase²³.

While a greenhouse gas emissions permit is in force it is the duty of the regulator to take such action as may be necessary for the purpose of ensuring that the monitoring and reporting conditions are complied with²⁴. In that regard the regulator may issue (and withdraw) enforcement notices²⁵, may determine the reportable emissions of an installation²⁶, and has powers of entry in relation to offshore installations²⁷.

Specific provision is made regarding the provision and publication of information to and by the specified public authorities²⁸, non-disclosure of information in the interests of national security²⁹, offences³⁰ and civil penalties³¹, and guidance and directions issued by the Secretary of State to the regulator and registry administrators³².

1 See eg the Climate Change and Sustainable Energy Act 2006; the Climate Change Act 2008; and **FUEL AND ENERGY**. See also PARA 259.

2 As to the meaning of 'United Kingdom' see PARA 1 note 2.

3 See eg the UK Greenhouse Gas Emissions Trading Scheme 2002 (voluntary in nature and of limited duration, expiring in 2007) made on behalf of the Secretary of State; and the Waste and Emissions Trading Act 2003 s 39(3). If incorporated in a participation agreement, the penalty provisions of the scheme (as amended from time to time) have statutory effect between the parties to the agreement: s 39(1). Section 39(1) applies in relation to agreements entered into before, as well as in relation to agreements entered into after, the commencement of s 39: s 39(2). A 'participation agreement' is an agreement that has the effect that a person is a participant in the UK Greenhouse Gas Emissions Trading Scheme 2002; and 'penalty provisions' means provisions for penalties for non-compliance with the scheme: s 39(3). As to the general provisions on emission limits and quality objectives see the Environmental Protection Act 1990 s 3 (prospectively repealed); and PARA 160. As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59. See also PARA 261.

4 See European Parliament and EC Council Directive 2003/87 (OJ L275, 25.10.2003, p 32) establishing a scheme for greenhouse gas emission allowance trading within the European Community (amended by European Parliament and EC Council Directive 2004/101 (OJ L338, 13.11.2004, p 18); European Parliament and EC Council Directive 2008/101 (OJ L8, 13.1.2009, p 3); and European Parliament and EC Council Directive 2009/29 (OJ L140, 5.6.2009, p 63)); EC Commission Regulation 2216/2004 (OJ L386, 29.12.2004, p 1) for a standardised and secured system of registries pursuant to Directive 2003/87 and Decision 280/2004 (amended by EC Commission Regulation 916/2007 (OJ L200, 1.8.2007, p 5); and EC Commission Regulation 994/2008 (OJ L271, 11.10.2008, p 3)); EC Commission Decision 2007/589 (OJ L229, 31.8.2007, p 1) establishing guidelines for the monitoring and reporting of greenhouse gas emissions pursuant to Directive 2003/87; and PARA 15. As to Directive 2003/87 see Case T-183/07: *Republic of Poland v European Commission (Republic of Hungary intervening)* [2009] All ER (D) 53 (Nov), CFI. As to provisions about charges that may be imposed for carbon emissions by the allocation of Community tradeable emissions allowances and carbon reduction trading scheme allowances in return for payment: see the Finance Act 2007 s 17; the Finance Act 2008 s 21; and PARA 261. As to provisions made by the Climate Change Act 2008 with regard to trading schemes see PARA 264 et seq. Note that Regulation 2216/2004 (see above) is replaced as from 1 January 2012 by EC Commission Regulation 994/2008 (OJ L271, 11.10. 2008, p 3) for a standardised system of registries pursuant to Directive 2003/87 and Decision 280/2004.

For the purposes of implementation in the United Kingdom of Directive 2003/87 (see above) the Greenhouse Gas Emissions Trading Scheme Regulations 2005, SI 2005/925, were made. As to the application of the Greenhouse Gas Emissions Trading Scheme Regulations 2005, SI 2005/925, to the Crown see reg 3. As to the service of notices and other documents required to be served or given under the regulations see reg 4. As to the form of applications see reg 5.

See also the Fluorinated Greenhouse Gases Regulations 2009, SI 2009/261, which were made for the purposes of implementing European Parliament and EC Council Regulation 842/2006 ((OJ L161, 14.6.2006, p 1) on certain fluorinated greenhouse gases.

5 The activities are specified in the Greenhouse Gas Emissions Trading Scheme Regulations 2005, SI 2005/925, Sch 1 (amended by SI 2007/1096), under the following categories: energy activities; production and processing of ferrous metals; mineral industries; and other activities. See also PARA 616.

6 The emissions are specified in relation to the activities (see note 5): see the Greenhouse Gas Emissions Trading Scheme Regulations 2005, SI 2005/925, Sch 1 (as amended: see note 5). At the date at which this volume states the law, carbon dioxide is the specified emission in each case.

7 Greenhouse Gas Emissions Trading Scheme Regulations 2005, SI 2005/925, reg 7.

8 See the Greenhouse Gas Emissions Trading Scheme Regulations 2005, SI 2005/925, reg 8 (amended by SI 2007/3538).

9 As to the Environment Agency see PARA 68 et seq.

10 See the Greenhouse Gas Emissions Trading Scheme Regulations 2005, SI 2005/925, reg 9. As to appeals against refusal of a permit see regs 32, 34, Schs 2-4 (reg 32, Sch 2 amended by SI 2006/737; and SI 2007/3433).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/6. CLIMATE CHANGE/(1) IN GENERAL/261. Charges for allocations of allowances.

261. Charges for allocations of allowances.

The Treasury¹ has power to impose charges by providing for certain allowances to be allocated in return for payment².

Under the Finance Act 2007³ the Treasury may impose, by regulations made by statutory instrument⁴, charges by providing for Community tradeable emissions allowances⁵ to be allocated in return for payment⁶. Such regulations must make provision for and in connection with allocations of allowances in return for payment and for allocations to be overseen by an independent person appointed by the Treasury⁷. The regulations may make any other provision about allocations which the Treasury considers appropriate, including (in particular) provision:

- 329 (1) as to the imposition of fees, and as to the making and forfeiting of deposits, in connection with participation in allocations⁸;
- 330 (2) as to the persons by whom allocations are to be conducted⁹;
- 331 (3) for creation of criminal offences, or for the imposition and recovery of civil penalties for failure to comply with the terms of a scheme¹⁰;
- 332 (4) for and in connection with the recovery of payments due in respect of allowances allocated (including provision as to the imposition and recovery of interest and penalties)¹¹; and
- 333 (5) conferring rights of appeal against decisions made in allocations, the forfeiting of deposits and the imposition of penalties (including provision specifying the person, court or tribunal to hear and determine appeals)¹².

The Treasury may make schemes about the conduct and terms of allocations (to have effect subsequent to any such regulations¹³); and schemes may in particular include provision about who may participate in the allocation, the allowances to be allocated, and where and when allocations are to take place¹⁴.

Under the Finance Act 2008¹⁵ charges may (and may only) be imposed by regulations¹⁶ made by the Treasury by providing for carbon reduction trading scheme allowances¹⁷ to be allocated in return for payment¹⁸.

The regulations may make any other provision about allocations of allowances which the Treasury considers appropriate, including (in particular) provision:

- 334 (a) as to the imposition of fees and as to the making and forfeiting of deposits, in connection with participation in the allocations¹⁹;
- 335 (b) as to the persons by whom allocations are to be conducted²⁰;
- 336 (c) for allocations to be overseen by an independent person appointed by the Treasury²¹;
- 337 (d) for the imposition and recovery of penalties for failure to comply with the terms of a scheme²²;
- 338 (e) for and in connection with the recovery of payments due in respect of allowances allocated (including provision as to the imposition and recovery of interest and penalties)²³; and
- 339 (f) provision conferring rights of appeal against decisions made in allocations, the forfeiting of deposits and the imposition of penalties (including provision specifying the person, court or tribunal to hear and determine appeals)²⁴.

The Treasury may make schemes about the conduct and terms of allocations (to have effect subsequent to any regulations made under these provisions); and schemes may in particular include provision about who may participate in allocations, the allowances to be allocated, and where and when allocations are to take place²⁵.

- 1 As to the Treasury see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 512 et seq.
- 2 See the Finance Act 2007 s 16; the Finance Act 2008 s 21; and the text and notes 3-25.
- 3 Ie the Finance Act 2007 s 16.
- 4 A statutory instrument containing any such regulations is subject to annulment in pursuance of a resolution of the House of Commons unless a draft thereof has been laid before, and approved by a resolution of, that House: Finance Act 2007 s 16(8). See note 7.
- 5 'Community tradeable emissions allowances' are transferable allowances which (1) relate to the making of emissions of greenhouse gases; and (2) are allocated as part of a system made for the purpose of implementing any Community obligation of the United Kingdom relating to such emissions: Finance Act 2007 s 16(6). 'Greenhouse gases' means carbon dioxide, methane, nitrous oxide, hydrofluorocarbons, perfluorocarbons and sulphur hexafluoride: s 16(6).
- 6 Finance Act 2007 s 16(1), (7).
- 7 Finance Act 2007 s 16(2), (3). For regulations made under the Finance Act 2007 s 16(2)-(4) see the Community Emissions Trading Scheme (Allocation of Allowances for Payment) Regulations 2008, SI 2008/1825 (amended by SI 2008/1939).
- 8 Finance Act 2007 s 16(4)(a). See note 7.
- 9 Finance Act 2007 s 16(4)(b). See note 7.

- 15 Ie the Finance Act 2008 s 21.
- 16 Regulations under the Finance Act 2008 s 21 are to be made by statutory instrument: s 21(6). A statutory instrument containing the first regulations under s 21 may not be made unless a draft of the regulations has been laid before, and approved by a resolution of, the House of Commons: s 21(7). Any other statutory instrument containing regulations under s 21 is subject to annulment in pursuance of a resolution of the House of Commons unless a draft of the regulations has been laid before, and approved by a resolution of, that House: s 21(8).
- 17 'Carbon reduction trading scheme allowances' are tradable allowances that are provided for in a relevant trading scheme, and represent the right to carry on a specified (ie in the relevant trading scheme) amount of activities that consist of the emission of greenhouse gas or that cause or contribute, directly or indirectly, to such emissions: Finance Act 2008 s 21(5). A 'relevant trading scheme' means a trading scheme that (1) is made under the Climate Change Act 2008 Pt 3 (ss 44-55) (see PARA 264 et seq); (2) applies to persons by reference to their consumption of electricity (whether or not by reference to other matters as well); and (3) applies only to persons who consume electricity (a) for business or charitable purposes, or (b) for the performance of functions of a public nature (whether or not they also consume electricity for other purposes): Finance Act 2008 s 21(5).
- 18 Finance Act 2008 s 21(1), (2).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/6. CLIMATE CHANGE/(2) CARBON TARGET AND BUDGETING/262. Carbon target and budgeting.

(2) CARBON TARGET AND BUDGETING

262. Carbon target and budgeting.

Under Part 1 of the Climate Change Act 2008¹ the Secretary of State² has a duty to reduce the net UK carbon account³ for the year 2050 to at least 80 per cent below the level of net UK emissions⁴ of targeted greenhouse gases⁵ in 1990⁶.

The Secretary of State is required to set 'carbon budgets' representing UK emissions for five year periods beginning with the period 2008-2012, taking account of any 'carbon units' which are credited or debited to the net UK carbon account under a system of 'carbon accounting'⁷.

There are also provisions on the limit on the use of carbon units⁸; indicative annual ranges⁹; proposals and policies for meeting carbon budgets¹⁰; annual statements of UK emissions and determination whether objectives have been met¹¹; alteration of budgets or budgetary periods¹²; targeted greenhouse gases¹³; carbon units and accounting etc¹⁴; and miscellaneous matters¹⁵.

1 le the Climate Change Act 2008 Pt 1 (ss 1-31): see **FUEL AND ENERGY**.

2 As to the Secretary of State see PARA 58.

3 As to the meaning of 'net UK carbon account' see the Climate Change Act 2008 s 27; and **FUEL AND ENERGY**.

4 As to the meaning of 'net UK emissions' see the Climate Change Act 2008 s 29; and **FUEL AND ENERGY**.

5 As to the meaning of 'targeted greenhouse gases' see the Climate Change Act 2008 s 24; and **FUEL AND ENERGY**.

6 See the Climate Change Act 2008 ss 1-3; and **FUEL AND ENERGY**.

7 See generally the Climate Change Act 2008 ss 4-10 (s 5 amended by SI 2009/1258); the Climate Change Act (2020 Target, Credit and Definitions) Order 2009, SI 2009/1258; the Carbon Budgets Order 2009, SI 2009/1259; and **FUEL AND ENERGY**.

8 See the Climate Change Act 2008 s 11; the Climate Change Act (2020 Target, Credit and Definitions) Order 2009, SI 2009/1258; and **FUEL AND ENERGY**.

10 See the Climate Change Act 2008 ss 13-15; and **FUEL AND ENERGY**.

11 See the Climate Change Act 2008 ss 16-20; and **FUEL AND ENERGY**.

12 See the Climate Change Act 2008 ss 21-23; and **FUEL AND ENERGY**.

13 See the Climate Change Act 2008 ss 24-25; and **FUEL AND ENERGY**.

14 See the Climate Change Act 2008 ss 26-28; the Carbon Accounting Regulations 2009, SI 2009/1257 (amended by SI 2009/3146); and **FUEL AND ENERGY**.

15 See the Climate Change Act 2008 ss 29-31; and **FUEL AND ENERGY**.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/6. CLIMATE CHANGE/(3) COMMITTEE ON CLIMATE CHANGE/263. Committee on Climate Change.

(3) COMMITTEE ON CLIMATE CHANGE

263. Committee on Climate Change.

Part 2 of the Climate Change Act 2008¹ establishes a new independent non-departmental public body, the Committee on Climate Change². The Committee has duties to advise the Secretary of State³ on a review of the 2050 target, on the levels of carbon budgets and on the apportionment of effort between reductions in domestic emissions levels and the use of carbon units⁴. The Committee must also advise on emissions from international aviation and international shipping and on the amount of effort to be made by sectors of the economy in trading schemes, and other sectors of the economy⁵.

The Committee is given the function of making an annual report to Parliament and the devolved legislatures on the progress that is being made towards meeting the objectives in Part 1 of the Climate Change Act 2008⁶, and after the end of each budget period the Committee must include in its annual report its views on the way in which the budget for the period was or was not met and action taken during the period to reduce net UK emissions of targeted greenhouse gases⁷. There are also provisions on the Committee's powers, the powers of the Secretary of State and the devolved administrations to make grants to the Committee and to issue guidance and directions to the Committee⁸, and the Committee's constitution is set out⁹.

1 le the Climate Change Act 2008 Pt 2 (ss 32-43): see **FUEL AND ENERGY**.

2 See the Climate Change Act 2008 s 32; and **FUEL AND ENERGY**. Reference should be made to the Committee's website and relevant reports. At the date at which this volume states the law, the website is www.theccc.org.uk.

3 As to the Secretary of State see PARA 58.

4 See the Climate Change Act 2008 ss 33, 34; and **FUEL AND ENERGY**.

5 See the Climate Change Act 2008 s 35; and **FUEL AND ENERGY**.

6 le the Climate Change Act 2008 Pt 1 (ss 1-31): see PARA 262.

7 See the Climate Change Act 2008 ss 32-38; and **FUEL AND ENERGY**.

8 See the Climate Change Act 2008 ss 39-42; and **FUEL AND ENERGY**.

9 See the Climate Change Act 2008 Sch 1; and **FUEL AND ENERGY**.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/6. CLIMATE CHANGE/(4) TRADING SCHEMES/264. Authorities and regulations.

(4) TRADING SCHEMES

264. Authorities and regulations.

The relevant national authority¹ may make provisions by regulations² for trading schemes relating to greenhouse gas³ emissions⁴. A trading scheme is a scheme that operates by limiting or encouraging the limitation of activities that consist of the emission of greenhouse gas or that cause or contribute, directly or indirectly, to such emissions, or encouraging activities that consist of, or that cause or contribute, directly or indirectly, to reductions in greenhouse gas emissions or the removal of greenhouse gas from the atmosphere⁵. For the purposes of Pt 3 of the Climate Change Act 2008⁶ activities are regarded as indirectly causing or contributing to greenhouse gas emissions if they involve, in particular the consumption of energy, the use of materials in whose production energy was consumed, the disposal otherwise than for recycling of materials in whose production energy was consumed, or the production or supply of anything whose subsequent use directly causes or contributes to greenhouse gas emissions⁷.

The relevant national authority may give guidance to the administrator⁸ of a trading scheme⁹. Such a national authority may give directions to the administrator¹⁰. Such a national authority may also make, or arrange for the making of, grants to the administrator of a trading scheme, or the participants¹¹ in a trading scheme¹².

1 The 'relevant national authority' for the purposes of the Climate Change Act 2008 Pt 3 (ss 44-55) is either the Welsh Ministers (see PARA 59 note 1) or the Secretary of State (see PARA 58): see s 47. As to a national authority's power to make consequential provision see s 54.

2 The Climate Change Act 2008 Sch 2 specifies matters that may or must be provided for in regulations under s 44 (see PARA 265): see s 46. Before making regulations under Pt 3, a national authority must obtain, and take into account, the advice of the Committee on Climate Change (see PARA 263): see s 48(1).

3 As to the meanings of 'greenhouse gas' and 'emissions' see **FUEL AND ENERGY**.

4 Climate Change Act 2008 s 44(1).

5 Climate Change Act 2008 s 44(2).

6 Ie the Climate Change Act 2008 Pt 3 (ss 44-55).

7 See the Climate Change Act 2008 s 45.

8 'Administrator', in relation to a trading scheme, means a person appointed as the administrator of the scheme by regulations under the Climate Change Act 2008 Sch 2 para 21 (see PARA 265): see s 55.

9 See the Climate Change Act 2008 s 51.

10 See the Climate Change Act 2008 s 52.

11 'Participant', in relation to a trading scheme, means a person to whom the scheme applies by virtue of regulations under the Climate Change Act 2008 Sch 2 para 4 or 15 (see PARA 265): see s 55.

12 See the Climate Change Act s 53.

UPDATE

264 Authorities and regulations

NOTE 4--In exercise of the power so conferred, Her Majesty has made the CRC Energy Efficiency Scheme Order 2010, SI 2010/768.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/6. CLIMATE CHANGE/(4) TRADING SCHEMES/265. Schemes limiting activities.

265. Schemes limiting activities.

The Climate Change Act 2008¹ specifies matters that may or must be provided for in regulations². The Act³ deals with trading schemes⁴ that operate by limiting or encouraging the limitation of activities that consist of the emission of greenhouse gas⁵ or that cause or contribute, directly or indirectly, to such emissions⁶. The regulations must specify the period or periods by reference to which the scheme is to operate (a 'trading period')⁷. The regulations must identify the activities to which the trading scheme applies and may do so by reference to any, or any combination of, criteria and in particular may identify the activities by reference to the locations or locations at which they are carried on, or may be expressed to apply to all activities of a particular kind carried on in the United Kingdom⁸ or a part of the United Kingdom⁹. The regulations must identify the persons to whom the trading scheme applies (the 'participants')¹⁰. The regulations may provide for the allocation among the participants of allowances representing the right to carry on a specified amount of the activities in a trading period¹¹. The regulations may require each participant to have or acquire enough allowances to match the participant's activities in a trading period, subject to any offsetting¹². The regulations may enable participants to offset the carrying on of the activities in a trading period by acquiring credits representing a reduction in an amount of greenhouse gas emissions, or the removal of an amount of greenhouse gas from the atmosphere¹³. The regulations may provide that a participant who does not have or acquire enough allowances or credits to match or offset the participant's activities in a trading period must pay an amount specified in or determined in accordance with the regulations within the period so specified¹⁴. The regulations must provide for the participants in a trading scheme to trade in any allowances or credits under the scheme¹⁵. Finally the regulations may provide that participants may only carry on activities to which the trading scheme applies, or specified activities to which the scheme applies, if they hold a permit¹⁶.

1 Ie the Climate Change Act 2008 Sch 2.

2 See the Climate Change Act 2008 s 46. The regulations referred to are those under s 44: see PARA 264.

3 Ie the Climate Change Act 2008 Sch 2 Pt 1.

4 As to trading schemes generally see PARA 264.

5 As to the meanings of 'greenhouse gas' and 'emissions' see **FUEL AND ENERGY**.

6 Climate Change Act 2008 Sch 2 para 1.

7 Climate Change Act 2008 Sch 2 para 2. 'Trading period', in relation to a trading scheme, means a period by reference to which the scheme is to operate by virtue of regulations under Sch 2 para 2 or 13: see s 55.

8 As to the meaning of 'United Kingdom' see PARA 1 note 2.

9 See the Climate Change Act 2008 Sch 2 para 3.

10 See the Climate Change Act 2008 Sch 2 para 4. As to the meaning of 'participant' see PARA 264 note 11.

11 See the Climate Change Act 2008 Sch 2 para 5.

12 See the Climate Change Act 2008 Sch 2 para 6. The offsetting is in accordance with provision made under Sch 2 para 7.

- 13 See the Climate Change Act 2008 Sch 2 para 7.
- 14 See the Climate Change Act 2008 Sch 2 para 8.
- 15 See the Climate Change Act 2008 Sch 2 para 9.
- 16 See the Climate Change Act 2008 Sch 2 para 10. As to the recognition of units under other schemes see Sch 2 para 11.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/6. CLIMATE CHANGE/(4) TRADING SCHEMES/266. Schemes encouraging activities.

266. Schemes encouraging activities.

The Climate Change Act 2008¹ deals with trading schemes² that operate by encouraging activities that consist of, or that cause or contribute, directly or indirectly to reductions in greenhouse gas emissions³, or the removal of greenhouse gas from the atmosphere⁴. The regulations⁵ must specify the period or periods by reference to which the scheme is to operate (a 'trading period')⁶. The regulations must identify the activities to which the trading scheme applies⁷. The regulations must identify the persons to whom the trading scheme applies (the 'participants')⁸. The regulations must for each trading period set a target for the total amount of the activities, and impose, or provide for the imposition of, an obligation on each participant in relation to the carrying on of a specified amount of the activities in the period⁹. The regulations must provide for the issue of certificates evidencing the carrying on of the activities in a trading period¹⁰. The regulations may provide that a participant who does not have enough certificates at the end of a trading period to comply with the participant's obligations under the trading scheme must pay an amount specified in or determined in accordance with the regulations within the period so specified¹¹. Finally the regulations must provide for the participants in a trading scheme to trade in certificates¹².

12 See the Climate Change Act 2008 Sch 2 para 19. As to the recognition of units under other schemes see Sch 2 para 20.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/6. CLIMATE CHANGE/(4) TRADING SCHEMES/267. Administration and enforcement.

267. Administration and enforcement.

The Climate Change Act 2008 includes provisions¹ dealing with administration and enforcement in relation to trading schemes² including provision regarding the administrator³ of a trading scheme⁴; information to be provided⁵; the creation and maintenance of a register of information relating to a trading scheme⁶; the publication of information⁷; the acquisition of units by the administrator⁸; the imposition of charges⁹; monitoring compliance with the requirements of a trading scheme¹⁰; conferring powers to require the production of documents, question officers of a company, enter premises or seize documents¹¹; penalties¹²; offences¹³; and appeals¹⁴.

In relation to trading schemes, there are provisions relating to regulations made by a single national authority¹⁵; regulations made by two or more national authorities¹⁶; and provisions conferring power to make provision by Order in Council¹⁷.

Further provisions¹⁸ confer powers to require information for the purposes of enabling a trading scheme to be established. In particular, provision is made regarding which authorities may exercise those powers¹⁹; information from electricity suppliers and distributors²⁰; information from potential participants in a trading scheme²¹; requirements for a valid notice requiring information²²; failure to comply with a notice²³; and the disclosure of information obtained from an electricity supplier or electricity distributor or a potential participant²⁴.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/6. CLIMATE CHANGE/(5) IMPACT AND ADAPTATION TO CLIMATE CHANGE/268. Impact and adaptation to climate change.

(5) IMPACT AND ADAPTATION TO CLIMATE CHANGE

268. Impact and adaptation to climate change.

Part 4 of the Climate Change Act 2008¹ places a duty on the Secretary of State² to carry out an assessment of the risks to the United Kingdom³ from the impact of climate change; the first report must be made within three years, with subsequent reports at least every five years⁴. Each risk assessment must be followed by the publication of a government programme of adaptation measures⁵.

The Committee on Climate Change⁶ is given two functions under Part 4: (1) it must advise the Secretary of State on his report on the risks to the United Kingdom from the impact of climate change⁷; (2) it must report to Parliament on the progress being made in implementing the programme of adaptation measures⁸.

There are also provisions giving the Secretary of State and the Welsh Ministers⁹ the power to issue guidance and directions to persons or bodies with functions of a public nature and statutory undertakers¹⁰ on assessing the risks of climate change¹¹, and on the preparation of reports setting out policies and proposals for addressing those risks and assessing the progress made towards implementing those proposals and policies¹².

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/6. CLIMATE CHANGE/(6) WASTE REDUCTION SCHEMES AND RELATED MATTERS/269. Miscellaneous provisions of the Climate Change Act 2008.

(6) WASTE REDUCTION SCHEMES AND RELATED MATTERS

269. Miscellaneous provisions of the Climate Change Act 2008.

Part 5 of the Climate Change Act 2008¹ contains a number of measures intended to reduce emissions. In regard to waste reduction schemes the relevant provisions² prospectively amend the Environmental Protection Act 1990³, allowing waste collection authorities designated by the Secretary of State⁴ to introduce pilot waste reduction schemes⁵. Following the operation of such pilot schemes, the Secretary of State must carry out a review and report to Parliament⁶; and after the review of and report on the pilot schemes, the provisions allow the Secretary of State to extend provisions for use by other waste collection authorities (with any necessary amendments) or to repeal the provisions⁷. Provision is also made about receptacles for the collection of household waste⁸.

Further provisions introduce enabling powers to make regulations about charging by sellers of goods for the supply of single use carrier bags; and such regulations may also require records relating to the charges to be kept and made publicly available and also included are powers to create civil sanctions in the form of fixed monetary penalties and discretionary requirements for breaches of the regulations⁹.

Part 5 of the Climate Change Act 2008 also has provisions¹⁰ amending Chapter 5 of Part 2 of the Energy Act 2004¹¹ which provides for the Secretary of State by order to set up a renewable transport fuel obligations scheme. The amendments introduce a new power to replace the administrator with a new administrator, who may be the Secretary of State, and to transfer functions accordingly; amend the provisions which determine how sums received by the administrator are to be dealt with; give the Secretary of State a power to issue written directions to the administrator; impose a duty on the administrator to promote the supply of sustainable fuel which has a beneficial environmental effect; and set up an information gateway to allow disclosure of information by Her Majesty's Revenue and Customs to the administrator: these provisions are covered elsewhere¹².

In regard to carbon emissions reduction targets Part 5 of the Climate Change Act 2008¹³ amends the Gas Act 1986, the Electricity Act 1989 and the Utilities Act 2000 to allow for the introduction of a community energy saving programme; and this is covered elsewhere in this work¹⁴. Also covered elsewhere¹⁵ are changes from other provisions of Part 5 of the Climate Change Act 2008 relating to reporting requirements in Wales¹⁶; guidance on reporting of emissions¹⁷; requirements for the Secretary of State to conduct a review of the contribution that reporting can make to achieving the government's objectives in relation to climate change¹⁸; and for him to introduce mandatory reporting of emissions by companies by 6 December 2012 or to lay a report before Parliament explaining why he has chosen not to do so¹⁹; reports on the civil estate²⁰; the power of ministers and departments to offset greenhouse gas emissions²¹; and fines for offences relating to pollution²².

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(1) POLLUTION AT COMMON LAW/(i) Actionable Pollution/270. Meaning of 'pollution' in statute and at common law.

7. POLLUTION OF WATER

(1) POLLUTION AT COMMON LAW

(i) Actionable Pollution

270. Meaning of 'pollution' in statute and at common law.

For the purposes of the Pollution Prevention and Control Act 1999, which enables regulations to be made for the purposes of integrated pollution prevention and control, 'environmental pollution' means pollution of the air, water or land which may give rise to any harm¹; and for the purposes of this definition, but without prejudice to its generality, 'pollution' includes pollution caused by noise, heat or vibrations or any other kind of release of energy, and 'air' includes air within buildings and air within other natural or man-made structures above or below ground².

The 1999 Act prospectively repeals Part I of the Environmental Protection Act 1990, which contains a statutory system of integrated pollution control³. For the purposes of that statutory system, 'pollution of the environment' means pollution of the environment due to the release, into any environmental medium, from any process⁴ of substances which are capable of causing harm⁵ to man or any other living organisms supported by the environment⁶. The 'environment' consists of all, or any, of the following media, namely, the air⁷, water and land⁸; and a substance⁹ is released into any environmental medium whether it is released into it within or outside Great Britain¹⁰. In relation to water, 'release' includes any entry, including any discharge, of the substance into water¹¹. Any release into:

- 340 (1) the sea or the surface of the sea bed;
- 341 (2) any river, watercourse, lake, loch or pond (whether natural or artificial or above or below ground) or reservoir or the surface of the riverbed or of other land supporting such waters; or
- 342 (3) ground waters¹²,

is a release into water, as is any release into a sewer¹³, while any release into land covered by water falling outside heads (1) to (3) above or the water covering such land, or into the land beneath the surface of the sea bed or of other land supporting waters falling within head (2) above is a release into land¹⁴. A sewer and its contents are, however, to be disregarded for the statutory purposes in determining whether there is pollution of the environment at any time¹⁵.

On the other hand, the common law meaning of 'pollution' is the doing of something which changes the natural qualities or properties of water¹⁶, whether chemically or in its temperature¹⁷ or otherwise. Any interference with the natural quantity or quality of the water may be actionable at common law as an infringement of proprietary rights, such as riparian rights¹⁸, or a right to take underground water¹⁹, or an easement to a flow of water²⁰, or a profit à prendre²¹, or a right of fishery²², or may be actionable under the common law relating to nuisance²³ or under the rule in *Rylands v Fletcher*²⁴. Other common law claims may also be available; for example, if the pollution takes the form of discharge of matter which is carried by the water to another person's land and results in deposits of solid wastes, a claim may possibly lie in

trespass²⁵. Liability may also arise in negligence²⁶. In general it is no defence to show that the pollution of a stream, due to the effluents separately discharged from different sources, is caused in a small degree only by the defendant. All that needs to be shown is that the polluter is materially contributing to the pollution²⁷.

Thus there is in general no right to pollute a natural watercourse, although a right to pollute water may be acquired by statute, express grant, implication of law or prescription²⁸. A right to discharge water does not include a right to discharge polluted water²⁹. There is no right at common law to discharge sewage into the sea in such a way as to cause an injury to another person, as by doing damage to an oyster bed³⁰. Pollution is also the subject of many statutory prohibitions and penalties³¹.

1 See the Pollution Prevention and Control Act 1999 s 1(3); and PARAS 160 note 16, 186 note 7. See further PARA 184 et seq. For a useful quasi-statutory definition see the Convention for the Protection of the Marine Environment of the North-east Atlantic (the 'Ospar Convention' opened for signature at the Ministerial Meeting of the Oslo and Paris Commissions, Paris, 21-22 September 1992) art 1(d) ('pollution' means the introduction by man, directly or indirectly, of substances or energy into the maritime area which results, or is likely to result, in hazards to human health, harm to living resources and marine ecosystems, damage to amenities or interference with other legitimate uses of the sea).

2 See the Pollution Prevention and Control Act 1999 s 1(2); and PARAS 160 note 16, 186 note 7.

3 See the Environmental Protection Act 1990 Pt I (ss 1-28) (prospectively repealed); PARA 334; and see PARA 159 et seq. As to the prospective repeal of Pt I see PARA 159 note 2.

4 As to the meaning of 'process' see the Environmental Protection Act 1990 s 1(5), (6); and PARA 159 note 2.

5 As to the meaning of 'harm' see the Environmental Protection Act 1990 s 1(4); and PARAS 160 note 16, 186 note 7.

6 See the Environmental Protection Act 1990 s 1(3); and PARA 160 note 16. See also 'pollute' in the context of the Water Resources Act 1991 s 85: see PARA 219.

7 The medium of air includes the air within buildings and the air within other natural or man-made structures above or below ground: Environmental Protection Act 1990 s 1(2).

8 See the Environmental Protection Act 1990 s 1(2); and see notes 3, 7.

9 'Substance' is treated as including electricity or heat: see the Environmental Protection Act 1990 s 1(13); and 159 note 9.

10 See the Environmental Protection Act 1990 s 1(10); and PARA 159 note 10.

11 See the Environmental Protection Act 1990 s 1(10)(b); and see note 10.

12 As to the meaning of 'ground waters' see the Environmental Protection Act 1990 s 1(12); and PARA 159 note 10.

13 Is a sewer within the meaning of the Water Industry Act 1991: see PARA 998.

14 See the Environmental Protection Act 1990 s 1(11)(a)-(c); and PARA 159 note 10. In relation to land, 'release' includes any deposit, keeping or disposal of the substance in or on land: Environmental Protection Act 1990 s 1(10)(c).

15 See the Environmental Protection Act 1990 s 1(11); and PARA 159 note 10.

16 Every riparian proprietor is entitled to the water of his stream in its natural flow, without sensible alteration of its character or quality: *John Young & Co v Bankier Distillery Co* [1893] AC 691 at 698, HL, per Lord Macnaghten.

27 As to material contribution see PARA 281 the text and note 1.

28 See **EASEMENTS AND PROFITS A PRENDRE** vol 16(2) (Reissue) PARA 215; see also PARA 278. A right to create a public nuisance or to interfere with a public right cannot be acquired by prescription: see PARA 275; and **EASEMENTS AND PROFITS A PRENDRE** vol 16(2) (Reissue) PARA 216.

29 See **EASEMENTS AND PROFITS A PRENDRE** vol 16(2) (Reissue) PARA 219.

30 *Foster v Warblington UDC* [1906] 1 KB 648, CA. See also PARA 274.

31 As to the various statutory controls on pollution of water see PARA 288 et seq.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(1) POLLUTION AT COMMON LAW/(i) Actionable Pollution/271. Pollution infringing riparian rights or easements.

271. Pollution infringing riparian rights or easements.

The fouling of water in a natural stream flowing past the land of a riparian owner¹ is an infringement of a right of property of that owner, whether he is or is not owner of any part of the river bed, who is entitled to the flow of the water past his land in its natural state² of purity³; in such a case the riparian owner may maintain a claim without proof of damage⁴.

So, too, if a dominant owner has acquired an easement for the flow of water to his land in a pure state, the fouling of the water before it reaches his land constitutes an actionable interference with his right⁵. This, however, is a matter distinct from riparian rights, for riparian rights are derived from being a riparian owner and, as against other such owners, the riparian owner cannot, by purporting to grant them, transfer such rights wholly or in part to an owner of non-riparian land⁶.

1 As to riparian rights see **WATER AND WATERWAYS** vol 100 (2009) PARA 81 et seq.

2 This includes temperature: *Tipping v Eckersley* (1855) 2 K & J 264. Cf *Pride of Derby and Derbyshire Angling Association Ltd v British Celanese Ltd* [1953] Ch 149 at 182, 184, [1953] 1 All ER 179 at 198, 200, CA.

3 *Scott-Whitehead v National Coal Board* (1985) 53 P & CR 263 (discharge of water with high chloride content into river, ruining crops); and see *Wood v Waud* (1849) 3 Exch 748; *John Young & Co v Bankier Distillery Co* [1893] AC 691, HL; *Jones v Llanrwst UDC* [1911] 1 Ch 393 at 402; *Stollmeyer v Trinidad Lake Petroleum Co Ltd* [1918] AC 485 at 491-492, PC; *Pride of Derby and Derbyshire Angling Association Ltd v British Celanese Ltd* [1953] Ch 149 at 185, [1953] 1 All ER 179 at 200, CA. See also *Brodrick v Gale & Ainslie Ltd* (29 March 1993, unreported), Swindon County Court (escape from fish farm of rainbow trout into brown trout river causing harmful effects).

4 *Crossley & Sons Ltd v Lightowler* (1866) LR 3 Eq 279 at 296-298 (affd (1867) 2 Ch App 478); *Jones v Llanrwst UDC* [1911] 1 Ch 393 at 402. See also *R v Dovermoss Ltd* (1995) 159 JP 448, [1995] 11 LS Gaz R 37, CA ('polluting' requires simply that a likelihood or capability of causing harm to animals, plants or those who use the water could be demonstrated. Actual harm is not necessary).

5 See PARA 273 the text and note 4; and **EASEMENTS AND PROFITS A PRENDRE** vol 16(2) (Reissue) PARA 214.

6 *Stockport Waterworks Co v Potter* (1864) 3 H & C 300; *Ormerod v Todmorden Joint Stock Mill Co Ltd* (1883) 11 QBD 155, CA. However, the grant may confer rights as against the grantor; moreover, the position may be different if the stream is diverted so that other land becomes riparian: see *Nuttall v Bracewell* (1866) LR 2 Exch 1 at 13-14; *Ormerod v Todmorden Joint Stock Mill Co Ltd* above at 168-170.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(1) POLLUTION AT COMMON LAW/(i) Actionable Pollution/272. Percolating water.

272. Percolating water.

Since a landowner has a right to take all that he can of underground water that is in no defined channel¹ beneath his land, he has a right of action against any other landowner who pollutes that underground water taken by that owner². Forseeability of harm of the relevant type by the defendants is, however, a prerequisite of the recovery of damages both in nuisance and under the rule in *Rylands v Fletcher*³.

1 See **WATER AND WATERWAYS** vol 100 (2009) PARA 105. Even if underground water is flowing in a defined channel, the right to a flow will not arise if the course and existence of the channel are unknown and cannot be ascertained without excavation: *Bradford Corp'n v Ferrand* [1902] 2 Ch 655, DC. As to the right to abstract percolating water not invalidating the grant of an easement of water, by an artificial watercourse, from a spring supplied by percolating water, cf *Schwann v Cotton* [1916] 2 Ch 120 at 139; affd [1916] 2 Ch 459 at 474, CA; applied in *Rance v Elvin* (1985) 50 P & CR 9, CA.

2 *Hodgkinson v Ennor* (1863) 4 B & S 229; *Womersley v Church* (1867) 17 LT 190 (although sewage matter had percolated rather than flowed through an underground channel, an injunction was nevertheless obtained to prevent the defendant from using a cesspool in such a manner as to pollute a well belonging to the plaintiff). As to injunctions to restrain pollution see PARAS 285-286.

3 *Cambridge Water Co v Eastern Counties Leather plc, Cambridge Water Co v Hutchings and Harding* [1994] 2 AC 264, [1994] 1 All ER 53, HL, where the House of Lords declined to impose liability for what it considered to be 'historic pollution'; that is a matter for Parliament; cf *Ballard v Tomlinson* (1885) 29 ChD 115. As to the rule in *Rylands v Fletcher* (1868) LR 3 HL 330 see PARA 275.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(1) POLLUTION AT COMMON LAW/(i) Actionable Pollution/273. Artificial watercourses.

273. Artificial watercourses.

Where an artificial channel was made in such circumstances as to give the owners on its banks riparian rights¹, they have the same remedies to prevent pollution as have the owners on the banks of a natural stream², but it is doubtful whether the owner of land abutting on an artificial channel of a temporary nature can object to pollution³. Where the enjoyment of water flowing in an artificial channel over the premises of a person from abandoned mines had continued for more than 20 years, working of the mines in such a manner as to foul the water could not be resumed without infringing a right of the recipient owner to the flow of pure water⁴.

1 See *Rameshur Pershad Narain Singh v Koonj Behari Pattuk* (1878) 4 App Cas 121, PC (the assimilation of the legal status of an artificial watercourse to that of a natural watercourse must rest on some grant or arrangement, either proved or presumed, from or with the owners of the lands from which the water is artificially brought, or on some other legal origin); and **WATER AND WATERWAYS** vol 100 (2009) PARA 87. See also *Wood v Saunders* (1875) 10 Ch App 583n (express grant); *Gaved v Martyn* (1865) 13 LT 74 (prescriptive right).

2 *Sutcliffe v Booth* (1863) 32 LQB 136; *Blackburne v Somers* (1879) 5 LR 1r 1. Cf the cases cited in note 4.

3 *Arkwright v Gell* (1839) 5 M & W 203; *Greatrex v Hayward* (1853) 8 Exch 291; *Bartlett v Tottenham* [1932] 1 Ch 114; *Wood v Sutcliffe* (1851) 2 Sim NS 163; *Laing v Whaley* (1858) 3 H & N 675, Ex Ch.

4 *Magor v Chadwick* (1840) 11 Ad & El 571. Where there is an easement to discharge water it does not justify the discharge of foul drainage: see *Cawkwell v Russell* (1856) 26 LJ Ex 34. As to easements in relation to artificial watercourses see **EASEMENTS AND PROFITS A PRENDRE** vol 16(2) (Reissue) PARA 208 et seq.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(1) POLLUTION AT COMMON LAW/(i) Actionable Pollution/274. Private nuisance.

274. Private nuisance.

A person with riparian rights will be able to bring a claim in private nuisance if he can show that there has been an interference with the flow or an alteration to the character or quality of waters in his stream. An invasion of the natural right to water is treated as equivalent to damage to land¹, thereby circumventing the locality doctrine². Interference with a right to fish is also actionable as a private nuisance³. Liability for the nuisance rests with the person who caused it or who has adopted an existing nuisance known to him, and allowed it to continue⁴. The claimant must show that the defendant was responsible for some act or omission which was foreseeably liable to result in the relevant alteration⁵ and that damages are not too remote⁶.

1 *John Young & Co v Bankier Distillery Co* [1893] AC 691, HL. As to the cause of action see generally **NUISANCE**.

2 *St Helen's Smelting Co v Tipping* (1865) 11 HL Cas 642 (a distinction was drawn between nuisances which cause 'material injury to property' and those which merely occasion 'personal discomfort').

3 *Nicholls v Ely Beet Sugar Factory* [1936] Ch 343, CA. See also *Cook v South West Water plc* [1992] Water Law 103.

4 *Sedleigh-Denfield v O'Callaghan* [1940] AC 880, [1940] 3 All ER 349, HL. See also *Leakey v National Trust for Places of Historic Interest or Natural Beauty* [1980] QB 485, [1980] 1 All ER 17, CA.

5 Actual harm need not be shown, merely a 'sensible alteration': see *Nicholls v Ely Beet Sugar Factory Ltd* [1936] Ch 343.

6 *Swan Fisheries Ltd v Holberton* (December 1987, unreported), QBD.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(1) POLLUTION AT COMMON LAW/(i) Actionable Pollution/275. Liability under the rule in *Rylands v Fletcher*.

275. Liability under the rule in *Rylands v Fletcher*.

If matter that is likely to do mischief is brought by a person onto his land and escapes from it to another's land and does foreseeable damage¹ by pollution there, that person is under an absolute liability for the damage naturally consequent on the escape². Under this rule the liability for pollution that may arise is an absolute or strict liability³. Liability may, however, be excluded by statute⁴, and it is perhaps uncertain how far the rule applies to a statutory water undertaker which constructs sewers under statutory authority⁵.

1 *Cambridge Water Co v Eastern Counties Leather plc, Cambridge Water Co v Hutchings and Harding* [1994] 2 AC 264, [1994] 1 All ER 53, HL (liability under this doctrine depends on the harm being reasonably foreseeable at the time when the escape causing the pollution occurred or was continuing to occur).

2 *Rylands v Fletcher* (1868) LR 3 HL 330. As to this rule generally see **WATER AND WATERWAYS** vol 101 (2009) PARA 667; and **NUISANCE** vol 78 (2010) PARA 148 et seq. Such escape will include the pollution of water by the escape of matter: see eg *Pride of Derby and Derbyshire Angling Association Ltd v British Celanese Ltd* [1953] Ch 149, [1953] 1 All ER 179, CA. See also generally *Transco plc v Stockport Metropolitan Borough Council* [2003] UKHL 61, [2004] 2 AC 1, [2004] 1 All ER 589.

3 *Smeaton v Ilford Corp* [1954] Ch 450 at 465-466, [1954] 1 All ER 923 at 929 (citing *Fletcher v Rylands* (1866) LR 1 Exch 265 at 279 per Blackburn J; *Humphries v Cousins* (1877) 2 CPD 239, DC; *Foster v Warblington UDC* [1906] 1 KB 648, CA; *Jones v Llanrwst UDC* [1911] 1 Ch 393 at 405; *Haigh v Deudraeth RDC* [1945] 2 All ER 661). The polluter may also be absolutely liable under the Environmental Protection Act 1990 s 73(6) if he has deposited poisonous, noxious or polluting matter on land or in a self-contained lake or pond so as to commit an offence under s 33(1) or s 63(2): see PARA 660.

4 *Smeaton v Ilford Corp* [1954] Ch 450 at 477-478, [1954] 1 All ER 923 at 936-937, where it was held that the Public Health Act 1936 s 31 (repealed: see now the Water Industry Act 1991 s 117(6); and PARA 1004 et seq), which required a water authority so to discharge its sewerage functions under that Act as not to create a nuisance, absolved an authority from liability under *Rylands v Fletcher* (1868) LR 3 HL 330 provided the authority did not create a nuisance.

5 See *Pride of Derby and Derbyshire Angling Association Ltd v British Celanese Ltd* [1953] Ch 149 at 176, 189, [1953] 1 All ER 179 at 195, 203, CA; and PARA 279.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(1) POLLUTION AT COMMON LAW/(i) Actionable Pollution/276. Public nuisance.

276. Public nuisance.

The pollution of water to the danger of the health or lives of the public is actionable for the protection of the public. Proceedings may be brought by a local authority in its own name¹ or in the name of the Attorney General². If a private individual or a corporate body has suffered damage over and above that sustained by members of the public as such, that individual or body may also commence proceedings³. Public nuisance is also a common law offence⁴. Cases of public nuisance by, for example, the discharge of sewage may involve also the infringement of statutory terms and conditions for the exercise of sanitary powers by water or sewerage undertakers⁵, and in such cases proceedings lie at the instance of the Attorney General, without proof of damage, for the infringement⁶. A right to commit a public nuisance by pollution cannot be acquired by prescription⁷.

1 See the Local Government Act 1972 s 222; and **LOCAL GOVERNMENT** vol 69 (2009) PARA 573. See also *Solihull Metropolitan Borough Council v Maxfern Ltd* [1977] 2 All ER 177, [1977] 1 WLR 127; and *Kent County Council v Batchelor* [1978] 3 All ER 980, [1979] 1 WLR 213.

2 See *A-G v Grand Junction Canal Co* (1909) 73 JP 421; *A-G v Logan* (1891) 55 JP 615. As to relator actions see **CIVIL PROCEDURE** vol 11 (2009) PARAS 236-237.

3 As to such claims generally see **NUISANCE**; and see eg *Hart v Anglian Water Services Ltd* [2003] EWCA Crim 2243, [2004] 1 Cr App Rep (S) 374, [2003] All ER (D) 551 (Jul) (claim for breach of statutory duty, where the court commented unfavourably on the Environment Agency's failure to take proceedings against the polluter). See also *Benjamin v Storr* (1874) 30 LT 362; *Hickey v Electric Reduction Co of Canada* (1970) 21 DLR (3d) 368 (professional fishermen will have no right of action for any loss of income due to pollution causing fish mortality as their right to fish is the same as that of the general public). However, if there is a private right in the polluted waters, the holder will be able to recover his losses: *Foster v Warblington UDC* [1906] 1 KB 648. See also *AB v South West Water Services Ltd* [1993] QB 507, [1993] 1 All ER 609, CA.

4 *R v Medley* (1834) 6 C & P 292 (the chairman, deputy chairman and other directors of a gas company were convicted of fouling, by their officers and managers, the waters of the Thames); *R v Bradford Navigation Co* (1865) 6 B & S 631 (in purported exercise of statutory powers, the company continued to supply its canal from a polluted stream). The offence is triable either summarily or on indictment: see the Magistrates' Courts Act 1980 s 17(1), Sch 1 para 1; and **NUISANCE** vol 78 (2010) PARA 174. For examples of criminal liability for public nuisance see **NUISANCE** vol 78 (2010) PARA 106.

5 As to the meanings of 'water undertaker' and 'sewerage undertaker' see **WATER AND WATERWAYS** vol 100 (2009) PARA 137 note 4.

6 See PARA 279 the text and note 8.

7 *A-G v Barnsley Corp* [1874] WN 37. See further **NUISANCE** vol 78 (2010) PARA 108.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(1) POLLUTION AT COMMON LAW/(i) Actionable Pollution/277. Other common law claims.

277. Other common law claims.

If the pollution takes the form of discharge of matter which is carried by the water and deposited on another person's land, a claim may lie in trespass¹. Trespass is actionable without the need for proof of damage²; however, the actionable behaviour must arise through a negligent³ or intentional act of the defendant⁴. If the pollution was caused accidentally but the accident resulted from the defendant's indifference to the risk he may be considered 'negligent' for these purposes⁵.

Liability in negligence may also arise where the courts consider it reasonable to impose a duty of care⁶ on a person causing pollution of water to a claimant who might reasonably be expected to be affected by it⁷.

1 See PARA 270; and *Jones v Llanrwst District Council* [1911] 1 Ch 393 at 402-403 (the owner of a river bed claimed successfully in trespass for deposits of solid wastes); but cf *Esso Petroleum Co Ltd v Southport Corp* [1956] AC 218 at 242, [1955] 3 All ER 864 at 872, HL (where emphasis was placed on the requirement of direct injury for an action in trespass to be maintained). For an example of a claim in trespass see *Pride of Derby and Derbyshire Angling Association Ltd v British Celanese Ltd* [1952] 1 All ER 1326 (affd [1953] Ch 149, [1953] 1 All ER 179, CA); and cf *Dell v Chesham UDC* [1921] 3 KB 427 at 432.

2 *Entick v Carrington* (1765) 2 Wils 275 at 291.

3 Negligence on the part of the defendant may suffice: see *Fowler v Lanning* [1959] 1 QB 426, [1959] 1 All ER 290; see also *Esso Petroleum Co Ltd v Southport Corp* [1956] AC 218 at 242, [1955] 3 All ER 864 at 872, HL, per Lord Radcliffe, and at 244 and 873 per Lord Tucker.

4 See Howarth and McGillivray *Water Pollution and Water Quality Law* (2001) p 141.

5 *League against Cruel Sports Ltd v Scott* [1986] QB 240, [1985] 2 All ER 489. As to foreseeability of harm see eg *Savage v Fairclough* [1999] All ER (D) 942, CA.

6 See *Caparo Industries plc v Dickman* [1990] 2 AC 605, [1990] 1 All ER 568, HL; and **NEGLIGENCE** vol 78 (2010) PARA 4.

7 *Scott-Whitehead v National Coal Board* (1985) 53 P & CR 263 (water authority was under a duty of care to warn riparian occupiers of adverse effects that might arise from the operation of a discharge consent). The exact reasoning behind this decision must now be re-assessed in the light of (1) the restriction on the liability of public authorities for negligence in the exercise of their duties (see *Murphy v Brentwood District Council* [1991] 1 AC 398, [1990] 2 All ER 908, HL, per Lord Bridge); and (2) the replacement of water authorities which were public bodies with water undertakers and sewerage undertakers which are private companies (see **WATER AND WATERWAYS** vol 100 (2009) PARA 108 et seq).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(1) POLLUTION AT COMMON LAW/(i) Actionable Pollution/278. Defences.

278. Defences.

It will be a defence to show that the defendant has gained an easement amounting to a legal right to pollute water by prescription¹, although such a right will now be difficult to establish². A public nuisance can never be legalised by prescription³. Other defences to an actionable nuisance are that it resulted from an 'act of God'⁴ or was an inevitable accident, or was committed by the act of a third party such as a trespasser⁵ or that the discharge was made under statutory authority or that the claimant encouraged the creation of the nuisance⁶. It may also be possible to show that the claimant contributed to the damage he suffered by his own negligence⁷. A defence of necessity will be available to a claim in trespass provided there was no negligence on the part of the defendant in creating or contributing to the necessity⁸.

1 See PARA 270. See also **EASEMENTS AND PROFITS A PRENDRE** vol 16(2) (Reissue) PARA 215.

2 *Scott-Whitehead v National Coal Board* (1985) 53 P & CR 263. It is not possible to acquire a prescriptive right where the act relied upon to gain the right is illegal. In most water pollution cases the polluting activity will be illegal.

3 *R v Cross* (1812) 3 Camp 224; *A-G v Barnsley Corpn* [1874] WN 37; *Hulley v Silversprings Bleaching Co* (1922) 86 JP 30.

4 *Nichols v Marsland* (1876) 2 Ex D 1, 46 LJQB 174, CA; cf *Lord Chesham v Chesham UDC* (1935) 79 Sol Jo 453; *Cambridge Water Co v Eastern Counties Leather plc*, *Cambridge Water Co v Hutchings and Harding* [1994] 2 AC 264, [1994] 1 All ER 53, HL.

5 Liability in such cases will depend upon proof that the defendant has 'continued' or 'adopted' the nuisance: *Sedleigh-Denfield v O'Callaghan* [1940] AC 880, [1940] 3 All ER 349, HL; but cf *Regal v African Superslate (Pty) Ltd* 1961 (4) SA 727 (no liability if practical method of abating the nuisance exists).

6 *Williams v Jersey* (1841) Cr & Ph 91, 10 LJ Ch 149.

7 *Volenti non fit injuria* and contributory negligence will rarely afford defences in private nuisance although a claimant will of course be under the normal duty to mitigate his loss.

8 *Rigby v Chief Constable of Northamptonshire* [1985] 2 All ER 985, [1985] 1 WLR 1242 (police firing CS gas canister into building to flush out armed intruder, causing a fire in the building).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(1) POLLUTION AT COMMON LAW/(i) Actionable Pollution/279. Persons entitled to sue.

279. Persons entitled to sue.

An owner in fee simple¹ or a lessee² whose riparian rights are infringed or a reversioner if his reversion will be injured³ (but not, it seems, a mere licensee⁴) may bring a claim in private nuisance or trespass⁵ for an injunction and damages; and so may a person entitled to a profit à prendre⁶ or easement whose rights are prejudiced by pollution. A person who has no rights in the affected waters but is injured as a result of the pollution may be able to succeed in public nuisance⁷, under the rule in *Rylands v Fletcher* or under statute⁸ if any of these causes are applicable to the circumstances of the case⁹. Otherwise, he will have to prove that the defendant was negligent¹⁰. Where there has been an infringement of statutory provisions or a public nuisance the proper person to sue for the protection of the public is either the local authority or the Attorney-General¹¹.

1 *Wood v Waud* (1849) 3 Exch 748.

2 *Wood v High and Low Harrogate Improvement Comrs* (1874) 22 WR 763; *Stockport Waterworks Co v Potter* (1864) 3 H & C 300.

4 *Hunter v Canary Wharf Ltd*, *Hunter v London Docklands Development Corp* [1997] AC 655, [1997] 2 All ER 426, HL; and see *East Lothian Angling Association v Haddington Town Council* 1980 SLT 213.

5 See PARAS 274, 277; and **NUISANCE**.

6 *Fitzgerald v Firbank* [1897] 2 Ch 96, CA. An association of persons individually interested, as riparian owners or holders of fishing rights, in the protection of waters from pollution may support claims brought by individual members to restrain the pollution of waters to which interests of members relate: see *Martell v Consett Iron Co Ltd* [1955] Ch 363 at 416-417, [1955] 1 All ER 481 at 499, CA (such a claim did not constitute the former crime or former tort of maintenance).

7 See PARA 276 the text and note 2.

8 ie under the Environmental Protection Act 1990 s 73(6): see PARA 660.

9 See PARA 275 the text and note 4.

10 See PARA 277.

11 See PARA 276; and **NUISANCE** vol 78 (2010) PARA 189.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(1) POLLUTION AT COMMON LAW/(i) Actionable Pollution/280. Conduct of claimant.

280. Conduct of claimant.

It is no defence to a claim for pollution infringing riparian rights that the claimant is not using the water as riparian owner, or that he had acquired the riparian land knowing that the water was polluted¹.

¹ *Crossley & Sons Ltd v Lightowler* (1867) 2 Ch App 478, where the water being used by the claimants did not come from the riparian land, but an injunction was granted. It was held that it was immaterial that a consequence of the injunction might be to purify the water at a lower point on another person's land from which the claimants had a piped water supply by agreement.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(1) POLLUTION AT COMMON LAW/(i) Actionable Pollution/281. Degree of contribution to pollution.

281. Degree of contribution to pollution.

If water is polluted from several separately owned sources, it is no defence that the pollution caused by the defendant is only a small part of the whole¹. The defendant will be liable even if his discharge is innocuous in itself but becomes a pollutant when combined with other effluents in the water².

1 See PARA 270. There must be a 'material' contribution but cf *Blair and Sumner v Deakin* (1887) 57 LT 522 (an 'infinitesimal' and 'inappreciable' contribution to the total pollution will not afford him a defence). Even though the causes of action against the individual contributors to the nuisance are distinct, it should usually prove possible for them to be joined as parties to one claim on the ground that the complaints against the various defendants raise a common question of law or fact. See also *Wood v Waud* (1849) 3 Exch 748; *A-G v Birmingham Borough Council* (1858) 4 K & J 528 at 541.

2 *Pride of Derby and Derbyshire Angling Association Ltd v British Celanese Ltd* [1952] 1 All ER 1326 at 1333; affd without discussion of this point [1953] Ch 149, [1953] 1 All ER 179, CA.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(1) POLLUTION AT COMMON LAW/(i) Actionable Pollution/282. Public authorities and other persons acting under statutory powers.

282. Public authorities and other persons acting under statutory powers.

A public authority is not as such immune from liability for private nuisance or infringement of riparian rights¹ or under the rule in *Rylands v Fletcher*² or for public nuisance³, unless statute absolves the authority from the liability⁴ or unless the wrong is the inevitable result of the exercise in good faith of statutory powers⁵, as statutory powers must, prima facie and subject to their terms, be exercised so as not to interfere with the rights of individuals⁶.

If the act that gives rise to pollution is an infringement of statutory provisions, as where the terms and conditions for discharging sewage under statutory authority⁷ are not observed, the infringement may be the subject of proceedings by the Attorney General, and in such proceedings it is unnecessary for him to prove damage⁸. If liability in tort for pollution has been the subject of proceedings against a public authority and judgment has established it, a successor of the authority does not inherit the liability that was the subject of the proceedings, in the absence of statutory provision to that effect; a separate claim must be brought against the successor to establish the like liability on the part of the successor⁹. Any such liability of a former water authority was, however, transferred to its successor company holding a statutory appointment¹⁰ as a water or sewerage undertaker¹¹ on privatisation¹²; and any such liability of a water undertaker or sewerage undertaker will be transferred to any company holding a replacement appointment¹³.

1 *A-G v Hackney Local Board* (1875) LR 20 Eq 626, where neither nuisance nor the infringement of riparian rights was authorised; *Metropolitan Asylum District Managers v Hill* (1881) 6 App Cas 193, HL; *A-G v Lewes Corpn* [1911] 2 Ch 495, where the existence of a statutory power in the central authority to act on an individual's complaint of default by a local authority did not preclude a claim for damages and an injunction by the individual; *Pride of Derby and Derbyshire Angling Association Ltd v British Celanese Ltd* [1953] Ch 149 at 163, 191, [1953] 1 All ER 179 at 186, 204, CA. Apart from statute, contract or prescription, a public authority has no more right than has an individual to throw a burden on its neighbour, eg by the discharge of sewage: *A-G v Acton Local Board* (1882) 22 ChD 221 at 231, citing *Metropolitan Board of Works v London and North Western Rly Co* (1881) 17 ChD 246 at 249, CA.

2 *Jones v Llanrwst UDC* [1911] 1 Ch 393 at 405; *Haigh v Deudraeth RDC* [1945] 2 All ER 661; *Smeaton v Ilford Corpn* [1954] Ch 450 at 478, [1954] 1 All ER 923 at 927. Cf dicta in *Pride of Derby and Derbyshire Angling Association Ltd v British Celanese Ltd* [1953] Ch 149 at 176, [1953] 1 All ER 179 at 195, CA, per Sir Raymond Evershed MR, with dicta at 189 and at 202-203 per Denning LJ. As to the rule in *Rylands v Fletcher* (1868) LR 3 HL 330 see PARA 276.

3 See the cases cited in PARA 275 note 2.

4 Ie either expressly or by clear implication: *Smeaton v Ilford Corpn* [1954] Ch 450 at 478, [1954] 1 All ER 923 at 936-937; *Allen v Gulf Oil Refining Ltd* [1981] AC 1001, [1981] 1 All ER 353, HL. As to the defence provided by the Planning Act 2008 s 158 (nuisance: statutory authority) see **TOWN AND COUNTRY PLANNING**.

5 See *Dell v Chesham UDC* [1921] 3 KB 427 at 434; *Provender Millers (Winchester) Ltd v Southampton County Council* [1940] Ch 131, [1939] 4 All ER 157, CA; *Pride of Derby and Derbyshire Angling Association Ltd v British Celanese Ltd* [1953] Ch 149 at 176, 191, 193, [1953] 1 All ER 179 at 195, 204-205, CA; and **ADMINISTRATIVE LAW** vol 1(1) (2001 Reissue) PARA 191. The burden of proving that the right of action has been negated by statute rests on the defendant: *Clowes v Staffordshire Potteries Waterworks Co* (1872) 8 Ch App 125 at 139; *Provender Millers (Winchester) Ltd v Southampton County Council* above.

6 See eg *A-G v Birmingham Borough Council* (1858) 4 K & J 528; and **ADMINISTRATIVE LAW** vol 1(1) (2001 Reissue) PARA 193.

8 *A-G v Cockermouth Local Board* (1874) LR 18 Eq 172; *A-G v Dorchester Corp*n (1905) 69 JP 363 at 368. However, the Attorney General is not entitled as of right to an injunction in such a case: see *A-G v Birmingham, Tame and Rea District Drainage Board* [1908] 2 Ch 551 at 562 (varied on another point [1912] AC 788, HL); *A-G v Harris* [1961] 1 QB 74, [1960] 3 All ER 207, CA.

9 *A-G v Birmingham, Tame and Rea District Drainage Board* (1881) 17 ChD 685, CA. As to the succession of local authorities to the pollution liabilities of their predecessors see eg *Jones v Llanrwst UDC* [1911] 1 Ch 393 at 408-409.

10 Ie under what is now the Water Industry Act 1991: see **WATER AND WATERWAYS** vol 100 (2009) PARA 137 et seq.

11 As to the meanings of 'water undertaker' and 'sewerage undertaker' see **WATER AND WATERWAYS** vol 100 (2009) PARA 137 note 4.

12 See **WATER AND WATERWAYS** vol 100 (2009) PARA 108.

13 See **WATER AND WATERWAYS** vol 100 (2009) PARA 141.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(1) POLLUTION AT COMMON LAW/(i) Actionable Pollution/283. Nonfeasance by public authority.

283. Nonfeasance by public authority.

The question whether what is complained of is nonfeasance or misfeasance has now, it seems, no significance where the cause of action for pollution is nuisance, but it has not yet been decided that nonfeasance¹ is of no significance where the cause of action is negligence². If a water or sewerage undertaker's³ drains or sewers constitute a nuisance by reason only that they have ceased to deal adequately with the sewage of the undertaker's district, the undertaker is not liable by reason only of having failed to use statutory powers vested in it for enlarging the sewerage system, since such a claim would in effect be a claim to compel the undertaker to exercise statutory powers⁴. Such immunity from liability is, however, limited to situations where the defendants merely 'inherited' the drainage system, and does not apply to cases where they built the system, which has turned out to be inadequate, themselves⁵. Subject to the terms of the statute⁶ and apart from such other remedy as it may provide, the remedy to compel the exercise of statutory powers which are not discretionary is a mandatory order granted by way of judicial review⁷.

1 As to the lack of significance of nonfeasance as a defence generally see *Pride of Derby and Derbyshire Angling Association Ltd v British Celanese Ltd* [1953] Ch 149 at 188-189, [1953] 1 All ER 179 at 202, CA, per Denning LJ. However, the sense in which nonfeasance may be relevant to pollution is that of failing to perform some positive statutory duty. As to the nonfeasance/misfeasance distinction see also *Hanifa Dobson v Thames Utilities Ltd* [2007] EWHC 2021 (TCC), [2008] 2 All ER 362.

2 See *Pride of Derby and Derbyshire Angling Association Ltd v British Celanese Ltd* [1953] Ch 149 at 176, 188, [1953] 1 All ER 179 at 194-195, 202, CA.

3 As to the meanings of 'water undertaker' and 'sewerage undertaker' see **WATER AND WATERWAYS** vol 100 (2009) PARA 137 note 4.

4 *Dear v Thames Water* (1992) 33 Con LR 43 (Peter Bowsher J, QC, Official Referee); *Smeaton v Ilford Corp'n* [1954] Ch 450, [1954] 1 All ER 923; but cf *Pride of Derby and Derbyshire Angling Association Ltd v British Celanese Ltd* [1953] Ch 149 at 176, [1953] 1 All ER 179 at 194, CA, per Sir Raymond Evershed MR (explaining *Glossop v Heston and Isleworth Local Board* (1879) 12 ChD 102, CA, and *A-G v Dorking Union Guardians* (1882) 20 ChD 595, CA).

5 See PARA 1069.

6 See eg the Water Industry Act 1991 s 18; *Marcic v Thames Water Utilities Ltd* [2003] UKHL 66, [2004] 2 AC 42, [2004] 1 All ER 135; and **WATER AND WATERWAYS** vol 100 (2009) PARA 163. See also *Brown v Dunstable Corp'n* [1899] 2 Ch 378 at 390, where the application should have been for an order under an enactment. Such an order might ultimately have been enforceable by a mandatory order.

7 As to mandatory orders generally as a remedy for the enforcement of a statutory duty see **ADMINISTRATIVE LAW** vol 1(1) (2001 Reissue) PARA 133 et seq.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(1) POLLUTION AT COMMON LAW/(i) Actionable Pollution/284. Pollution which is not actionable.

284. Pollution which is not actionable.

Unless the water forms part of a stream, a person may pollute water on his own land if the water is freed from pollution before it leaves his land¹. Moreover, since pollution is actionable only where there is an infringement of a proprietary right or a cause of action in tort exists², a claimant cannot maintain a claim for such an alleged infringement unless he can establish his right³.

A legal right to pollute water may be acquired by grant, prescription or statute⁴, but such a prescriptive right may be lost by abandonment⁵, and cannot be acquired where the right claimed would be in contravention of statute⁶, prejudicial to public health⁷ or a right to commit a public nuisance⁸.

UPDATE

284 Pollution which is not actionable

NOTE 4--*Barratt Homes*, cited, reported at [2010] PTSR 651.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(1) POLLUTION AT COMMON LAW/ (ii) Remedies/285. Injunction to restrain pollution generally.

(ii) Remedies

285. Injunction to restrain pollution generally.

A perpetual injunction¹ is the proper remedy for infringement of a proprietary right to a flow of pure water², and may, it seems, be granted even though no actual damage is established³. Although the court will not necessarily interfere by injunction in every case of nuisance⁴, it will grant an injunction to restrain a serious nuisance, but not a trifling and temporary one⁵. An injunction is an appropriate remedy where there is irreparable⁶ or substantial damage or where there is insistence on continuing the pollution⁷. In deciding whether to grant an immediate injunction to restrain pollution the court has regard to the balance of convenience, and may suspend the operation of the injunction⁸, particularly where the defendant is a public authority and the consequence of the injunction might be to put upon the authority a burden of doing something impossible or which could not be enforced⁹. It is, however, no answer to a claim for an injunction that a greater nuisance may be caused elsewhere by granting it¹⁰, or that many members of the public may be inconvenienced by granting it¹¹.

Injunctions may be granted quia timet¹², but prospective injury does not give rise to a right to the grant of an injunction to restrain pollution¹³ unless imminent danger is established¹⁴.

Delay, or more cogently acquiescence, may be a ground for resisting the grant of an injunction¹⁵, but reliance on the assurance of a public authority that pollution is to be remedied by further works will justify delay in taking action¹⁶, as also may reliance merely on a statutory duty being so fulfilled as not to cause a nuisance¹⁷.

An injunction restraining pollution may be discharged if no damage is being done¹⁸ or if the pollution has been remedied by further works¹⁹. The remedy for breach of an injunction is to bring contempt proceedings²⁰.

1 As to interim injunctions see **CIVIL PROCEDURE** vol 11 (2009) PARAS 316, 383 et seq.

2 *A-G v Birmingham Borough Council* (1858) 4 K & J 528 at 543 (riparian rights and nuisance); *Clowes v Staffordshire Potteries Waterworks Co* (1872) 8 Ch App 125 at 143 (avoidance of a series of accidents); *Pennington v Brinsop Hall Coal Co* (1877) 5 ChD 769 at 773-774 (damages for pollution are compensation only for past injury; an injunction avoids successive subsequent actions); *Jones v Llanrwst UDC* [1911] 1 Ch 393 at 411; *Stollmeyer v Trinidad Lake Petroleum Co Ltd* [1918] AC 485, PC; *Stollmeyer v Petroleum Development Co Ltd* [1918] AC 498n, PC; *Pride of Derby and Derbyshire Angling Association Ltd v British Celanese Ltd* [1953] Ch 149 at 181, [1953] 1 All ER 179 at 197, CA, per Sir Raymond Evershed MR (prima facie right to an injunction). As to the grant of an injunction where the violation of a common law right is established see generally **CIVIL PROCEDURE** vol 11 (2009) PARA 357.

3 *Clowes v Staffordshire Potteries Waterworks Co* (1872) 8 Ch App 125 at 142; *Jones v Llanrwst UDC* [1911] 1 Ch 393 at 402-404, where this seems to follow from the statements that damage need not be established and that if the defendant had been a private individual there would not have been any defence to the action. In *Crossley & Sons Ltd v Lightowler* (1867) 2 Ch App 478 at 485-487 no damage appears to have been caused by the infringement of riparian rights as the water used was drawn lower down under an agreement, and was non-riparian water. An injunction to restrain continuous infringement of a statutory provision may be granted without proof of damage (*A-G v Cockermouth Local Board* (1874) LR 18 Eq 172) or where a statutory body acts in excess of its powers (*Oldaker v Hunt* (1855) 6 De GM & G 376).

4 The granting of an injunction is a discretionary remedy and thus, where there are special circumstances, a claimant may be left to his remedy in damages: *Pride of Derby and Derbyshire Angling Association Ltd v British Celanese Ltd* [1953] Ch 149 at 194, [1953] 1 All ER 179 at 205, CA, per Romer LJ.

5 *Taylor v Bennett* (1836) 7 C & P 329 (temporary nuisance); *Goldsmid v Tunbridge Wells Improvement Comrs* (1866) 1 Ch App 349 at 354-355; *A-G v Gee* (1870) LR 10 Eq 131 at 137. See generally **NUISANCE**. As to the phrasing of the injunction see *Lingwood v Stowmarket Co* (1865) LR 1 Eq 77.

6 See **CIVIL PROCEDURE**. 'Irreparable injury' is injury which, if not prevented by injunction, cannot afterwards be compensated for: *A-G v Hallett* (1847) 16 M & W 569.

7 *Goldsmid v Tunbridge Wells Improvement Comrs* (1866) 1 Ch App 349 (injury likely to increase so as to become serious and permanent); *A-G v Acton Local Board* (1882) 22 ChD 221 at 231 (no substantial damage, but the board insisted on continuing and increasing the pollution). See further **CIVIL PROCEDURE**. An injunction has been dissolved where no damage was shown: *Elmhirst v Spencer* (1849) 2 Mac & G 45.

8 *A-G v Colney Hatch Lunatic Asylum* (1868) 4 Ch App 146 (where the court granted an injunction but suspended it for three months to give the defendants time to abate the pollution); *A-G v Finchley Local Board* (1887) 3 TLR 356; *Stollmeyer v Petroleum Development Co Ltd* [1918] AC 498n, PC (a similar case, where the injunction was suspended for two years); *Stollmeyer v Trinidad Lake Petroleum Co Ltd* [1918] AC 485, PC (where the grant of the injunction was refused until the defendants had time to execute works to avoid the pollution). See also **CIVIL PROCEDURE**.

9 *Lillywhite v Trimmer* (1867) 36 LJ Ch 525; *A-G v Colney Hatch Lunatic Asylum* (1868) 4 Ch App 146; *A-G v Clerkenwell Vestry* [1891] 3 Ch 527 at 535; *Pride of Derby and Derbyshire Angling Association Ltd v British Celanese Ltd* [1953] Ch 149 at 181-182, 192, 194, [1953] 1 All ER 179 at 198, 204-206, CA. As to injunctions concerning sewage disposal see PARA 286.

10 *A-G v Bradford Canal Proprietors* (1866) LR 2 Eq 71.

11 *A-G v Birmingham Borough Council* (1858) 4 K & J 528; *A-G v Colney Hatch Lunatic Asylum* (1868) 4 Ch App 146 at 155.

14 *Fletcher v Bealey* (1885) 28 ChD 688; but cf *Hooper v Rogers* [1975] Ch 43, [1974] 3 All ER 417, CA.

15 See **CIVIL PROCEDURE**.

16 *A-G v Luton Local Board of Health* (1856) 27 LTOS 212; *A-G v Birmingham Borough Council* (1858) 4 K & J 528.

17 *A-G v Leeds Corpn* (1870) 5 Ch App 583.

18 See *Elmhirst v Spencer* (1849) 2 Mac & G 45. As to the dissolution of injunctions generally see **CIVIL PROCEDURE**.

19 See *A-G v Birmingham, Tame and Rea District Drainage Board* [1912] AC 788, HL, where the injunction was dissolved on appeal.

20 It is not necessary to show that the breach complained of has caused demonstrable harm: see *Whitham v Warnsford Trout Farm Ltd* [1991] Water Law 143.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(1) POLLUTION AT COMMON LAW/ (ii) Remedies/286. Injunction to restrain pollution from sewers or sewage works.

286. Injunction to restrain pollution from sewers or sewage works.

Under the Water Resources Act 1991, sewerage undertakers¹ have consents set for their own discharges into controlled waters² and may be prosecuted if they breach them³. They are responsible for all discharges from their sewers or works, subject only to two defences: (1) that the discharge was not in contravention of consent; and (2) that the breach was caused by an illegal discharge to the sewer that they could not reasonably have been expected to prevent⁴. Where the cause of pollution is a discharge from the sewers or sewage works, the operation of an injunction granted to a claimant whose right is infringed may be suspended to permit remedial works to be made⁵. However the fact that by statute⁶ connections with the sewers may be made by householders, which the sewerage undertaker is unable to prevent, does not afford a ground for refusing an injunction against pollution by ultimate discharge from a sewer further on⁷. Where the claim is in nuisance and the wrong is caused by overloading of the sewer, attributable to connections that a sewerage undertaker cannot prevent, the nuisance is not caused by the sewerage undertaker and it is therefore not liable in nuisance⁸. If certain householders have prescriptive rights of drainage and of pollution, an injunction will not be granted to restrain their exercise of those rights⁹, which may therefore prevent an injunction being granted that would involve the closing of a sewer¹⁰. Similarly, an injunction to restrain the making of further connections to a sewer will not be granted where a sewerage undertaker is bound by statute to permit connections to be made¹¹, although an injunction may still be granted to restrain the sewerage undertaker from directing or authorising sewage to flow into the sewer¹².

1 As to the meaning of 'sewerage undertaker' see **WATER AND WATERWAYS** vol 100 (2009) PARA 137 note 4.

2 As to the meaning of 'controlled waters' see PARA 289.

3 See the Water Resources Act 1991 s 85; and PARA 300. However, the grant of a consent to discharge sewage effluent is not a defence in civil proceedings: see s 100; and PARA 290.

4 See the Water Resources Act 1991 s 87; and PARA 296. See also *National Rivers Authority v Yorkshire Water Services Ltd* [1995] 1 AC 444, [1995] 1 All ER 225, HL.

5 See PARA 282 the text and notes 8-9. As to the form of such an injunction see eg *Brocket v Luton Corpn* [1948] WN 352.

6 See the Water Industry Act 1991 s 106; and PARAS 1041-1042.

7 *Jones v Llanrwst UDC* [1911] 1 Ch 393 at 409-410. As to sewage disposal generally see PARA 1069. It is thought that in such a case liability would arise under the rule in *Rylands v Fletcher* (1868) LR 3 HL 330 (see PARA 275), subject to any statutory exemption: cf *Smeaton v Ilford Corpn* [1954] Ch 450 at 478, [1954] 1 All ER 923 at 937.

8 *Smeaton v Ilford Corpn* [1954] Ch 450 at 464-465, [1954] 1 All ER 923 at 928-929. See also the Water Industry Act 1991 s 98 (powers to requisition new sewers for domestic purposes); and PARA 1018. The local planning authority may refuse planning permission on the ground that the local sewage works are overburdened since that is a material consideration.

9 *Earl of Harrington v Derby Corpn* [1905] 1 Ch 205 at 220. However, an injunction may be granted where it will not interfere with such prescriptive rights: *Hobart v Southend-on-Sea Corpn* (1906) 75 LJB 305. Where there has been excessive pollution beyond that to which the prescriptive rights extend, an injunction may be

granted notwithstanding that it will deprive the wrongdoers of their prescriptive rights: *Blackburne v Somers* (1879) 5 LR Ir 1 at 18.

10 *Brown v Dunstable Corpn* [1899] 2 Ch 378 at 388.

11 *A-G v Acton Local Board* (1882) 22 ChD 221; *Ainley v Kirkheaton Local Board* (1891) 60 LJ Ch 734. Both these cases were applied in *Brown v Dunstable Corpn* [1899] 2 Ch 378 at 389, not following *Charles v Finchley Local Board* (1883) 23 ChD 767.

12 *A-G v Acton Local Board* (1882) 22 ChD 221; *Brown v Dunstable Corpn* [1899] 2 Ch 378 at 389, 391.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(1) POLLUTION AT COMMON LAW/ (ii) Remedies/287. Damages.

287. Damages.

Damages are recoverable for any physical harm caused by pollution infringing riparian or prescriptive rights. The court either assesses the amount of the damages at the hearing, and gives judgment for them, or gives judgment for damages to be assessed¹. If a right has been so infringed but there has not been substantive damage, nominal damages may be awarded².

Damages may be awarded under statutory power³ in lieu of an injunction⁴, and may be awarded in addition to an injunction⁵. The cost of reinstating the land to its original state will be allowed unless this would be inappropriate in which case the award will reflect the diminution in the value of the property which resulted from the pollution⁶. Consequential losses⁷ that are not too remote will also be recoverable, and where pollution has continued for some time, it may be possible to recover a sum reflecting the use that the defendant has made of the claimant's waters for the disposal of his effluent on the 'way-leave principle'⁸.

The measure of damages for nuisance is discussed elsewhere in this work⁹. The measure of the damages to which an owner of fishing rights is entitled for pollution injurious to fish is the damage that is the natural and probable consequence of the wrongful acts causing the pollution¹⁰. He may also be able to obtain damages for any annoyance, inconvenience or discomfort caused by the defendant's wrong¹¹.

1 As to the assessment of damages see **CIVIL PROCEDURE; DAMAGES**. For an example see *Pride of Derby and Derbyshire Angling Association Ltd v British Celanese Ltd* [1952] 1 All ER 1326 at 1341; affd [1953] Ch 149, [1953] 1 All ER 179, CA.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(i) Introduction/288. Legislation to prevent pollution.

(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION

(i) Introduction

288. Legislation to prevent pollution.

The principal Act concerned with the control of pollution of the water environment is the Water Resources Act 1991, with subsequent amendments¹. Other legislation contains numerous enactments prohibiting or controlling pollution:

- 343 (1) caused by particular things or materials or derived from particular sources, such as the unauthorised or harmful deposit of waste², agricultural chemicals³, animal carcases⁴, anti-fouling paints⁵, cemeteries⁶, deposits at sea⁷, the manufacture of gas⁸, radioactive waste⁹, discharges of oil from land¹⁰, escapes from pipelines¹¹, and major industrial discharges that involve discharges to other environmental media apart from water¹²; or
- 344 (2) affecting particular places, such as the countryside¹³, fisheries¹⁴ and harbours¹⁵, or affecting the public water supply¹⁶.

The legislation directed to the abatement of public nuisances, including those which arise from pollution of water, is discussed elsewhere in this work¹⁷. Further matters concerning water quality are contained in European Union legislation¹⁸.

1 The Water Resources Act 1991 Pt III (ss 82-104) consolidated and updated legislation previously contained in the Water Act 1989, the Control of Pollution Act 1974, and, in turn, the Rivers (Prevention of Pollution) Acts 1951 to 1961, and has been amended by the Environment Act 1995, the Pollution Prevention and Control Act 1999 and the Water Act 2003. As to the relevant provisions of the 1991 Act see PARA 289 et seq. See also for the Water Supply (Water Fittings) Regulations 1999, SI 1999/1148 (made under the Water Industry Act 1991); and **WATER AND WATERWAYS** vol 100 (2009) PARA 367.

2 See the Environmental Protection Act 1990 s 33; and PARA 655.

3 See the Food and Environment Protection Act 1985 Pt III (ss 16-19); and **AGRICULTURAL PRODUCTION AND MARKETING** vol 1 (2008) PARAS 1036-1037, 1054-1057.

4 See the Animal Health Act 1981 s 35(3), (4)(a); and **ANIMALS** vol 2 (2008) PARA 1094.

5 See the Control on Dangerous Substances and Preparations Regulations 2006, SI 2006/3311; and PARA 338.

6 See the Cemeteries Clauses Act 1847 ss 20-22; and PARA 341.

7 See the Food and Environment Protection Act 1985 s 5(a); and PARA 525.

8 See the Public Health Act 1875 s 68; and PARA 340.

9 See the Radioactive Substances Act 1993; and **FUEL AND ENERGY** vol 19(2) (2007 Reissue) PARA 1238 et seq.

10 See the Merchant Shipping Act 1995 s 131; and PARA 425.

11 See the Pipe-lines Act 1962 s 37; and **RAILWAYS, INLAND WATERWAYS AND CROSS-COUNTRY PIPELINES** vol 39(1A) (Reissue) PARA 617.

- 14 See the Salmon and Freshwater Fisheries Act 1975 s 4; and **AGRICULTURE AND FISHERIES** vol 1(2) (2007 Reissue) PARA 917.
- 15 See the Merchant Shipping Act 1995 ss 135-136A; and PARAS 429, 430.
- 16 See the Water Industry Act 1991 s 72; and **WATER AND WATERWAYS** vol 100 (2009) PARA 369.
- 17 As to statutory nuisances see the Environmental Protection Act 1990 ss 79-84; and **NUISANCE** vol 78 (2010) PARAS 115, 155 et seq.
- 18 See PARA 23 et seq.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(i) Introduction/289. Controlled waters.

289. Controlled waters.

The phrase 'controlled waters' is a generic phrase used to cover four specific categories of water which have a statutory definition. The generic phrase or one of the specific categories is used in the Water Resources Act 1991 as appropriate to the context. The principal pollution offence relates to discharges into controlled waters¹. There are four classes of controlled waters for the purposes of pollution control²:

- 345 (1) relevant territorial waters, which are the waters which extend seaward for three miles³ from the baselines⁴ from which the breadth of the territorial sea adjacent to England and Wales is measured⁵;
- 346 (2) coastal waters, namely any waters which are within the area which extends landwards from those baselines as far as the limit of the highest tide or, in the case of the waters⁶ of any relevant river or watercourse⁷, the freshwater limit⁸ of the river or watercourse, together with the waters of any enclosed dock which adjoins waters within that area⁹;
- 347 (3) inland freshwaters, that is to say, the waters of any relevant lake or pond¹⁰ or of so much of any relevant river or watercourse as is above the freshwater limit¹¹;
- 348 (4) ground waters, that is to say, any waters contained in underground strata¹².

Controlled waters include the bed of the river¹³. Both dry watercourses and waters that have overflowed from a stream are still controlled waters¹⁴.

1 See the Water Resources Act 1991 s 85; and PARA 291.

2 See the Water Resources Act 1991 s 104(1).

3 This limit adopts the limit applicable under the Control of Pollution Act 1974 (see s 30A which applies to Scotland only), as opposed to the 12-mile limit under the Territorial Sea Act 1987. However, the Secretary of State or, in so far as this function is exercisable in relation to Wales, the Welsh Ministers may by order provide that any area of the territorial sea adjacent to England and Wales is to be treated as if it were any area of relevant territorial waters for these purposes, and for the purposes of any other enactment in which any expression is defined by reference to the meanings given by the Water Resources Act 1991 s 104: s 104(4)(a); and see the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, art 2, Sch 1. An order under the Water Resources Act 1991 s 104 may contain such supplemental, consequential and transitional provision as the Secretary of State or the Welsh Ministers consider appropriate and may make different provision for different cases, including different provision in relation to different persons, circumstances or localities: s 104(5). The power to make such an order is exercisable by statutory instrument subject to annulment in pursuance of a resolution of either House of Parliament: s 104(6). At the date at which this title states the law, no order had been made under s 104(4)(a) and none had effect as if so made. 'Miles' means international nautical miles of 1,852 metres: s 104(3). As to the meaning of 'enactment' see **WATER AND WATERWAYS** vol 100 (2009) PARA 14 note 31. As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

4 The baselines from which the breadth of that territorial sea is to be measured are those established by Her Majesty by Order in Council: Territorial Sea Act 1987 s 1(1)(b). See the Territorial Waters Order in Council 1964 (25 September 1964) (amended by SI 1998/2564); and the Territorial Waters (Amendment) Order in Council 1979 (23 May 1979), neither of which was issued in the statutory instruments series, and both of which have effect for all purposes as if they were orders made by virtue of the Territorial Sea Act 1987 s 1(1)(b): s 1(4). See also the Territorial Sea (Limits) Order 1989, SI 1989/482, which establishes the seaward limit of the territorial sea adjacent to the United Kingdom in the Straits of Dover and in the vicinity of the Isle of Man.

5 Water Resources Act 1991 s 104(1)(a).

6 For these purposes, any reference to the waters of any lake or pond or of any river or watercourse includes a reference to the bottom, channel or bed of any lake, pond, river or, as the case may be, watercourse which is for the time being dry: Water Resources Act 1991 s 104(2). As to the meaning of 'watercourse' see **WATER AND WATERWAYS** vol 100 (2009) PARA 187 note 2.

7 For these purposes, 'relevant river or watercourse' means any river or watercourse, including an underground river or watercourse and an artificial river or watercourse, which is neither a public sewer nor a sewer or drain which drains into a public sewer: Water Resources Act 1991 s 104(3). The fact that a man-made ditch is virtually dry is irrelevant to its definition as a 'watercourse' for these purposes: see *Environment Agency v Brock plc* [1998] Env LR 607, DC. The Secretary of State or the Welsh Ministers may by order provide that a watercourse of a description specified in the order is to be treated for these purposes, and for the purposes of any other enactment in which any expression is defined by reference to the meanings given by the Water Resources Act 1991 s 104, as if it were not a relevant river or watercourse: s 104(4)(d). As to the exercise of this power see further note 3. At the date at which this title states the law, no order had been made under s 104(4)(d) and none had effect as if so made. As to the meanings of 'public sewer', 'sewer' and 'drain' see PARAS 998, 1000.

8 For these purposes, 'freshwater limit', in relation to any river or watercourse, means the place for the time being shown as the freshwater limit of that river or watercourse in the latest map deposited for that river or watercourse under the Water Resources Act 1991 s 192: s 104(3). The Secretary of State or, in relation to Wales, the Welsh Ministers must deposit maps with the Environment Agency showing what appear to him or to them to be the freshwater limits of every relevant river or watercourse (within the meaning of s 104) and may from time to time, if he or the Ministers consider it appropriate to do so by reason of what appears to him or to them to be the freshwater limit of any river or watercourse, deposit a map showing a revised limit for that river or watercourse: s 192(1), (3) (amended by the Environment Act 1995 Sch 22 para 128). It is the Agency's duty to keep any maps so deposited with it available, at all reasonable times, for inspection by the public free of charge: Water Resources Act 1991 s 192(2) (as so amended). As to the Environment Agency see PARA 68 et seq; and as to its pollution control functions generally see PARA 75.

9 Water Resources Act 1991 s 104(1)(b). Section 104(1) has effect for the purpose of giving effect to European Parliament and EC Council Directive 2006/113 (OJ L376, 27.12.2006, p 14) (see PARA 27) as if 'controlled waters' included all waters which are coastal or brackish waters for the purposes of that Directive: Surface Waters (Shellfish) (Classification) Regulations 1997, SI 1997/1332, reg 6(2) (amended by SI 2009/1266).

10 For these purposes, 'relevant lake or pond' means any lake or pond which, whether it is natural or artificial or above or below ground, discharges into a relevant river or watercourse or into another lake or pond which is itself a relevant lake or pond; and 'lake or pond' includes a reservoir of any description: Water Resources Act 1991 104(3). The Secretary of State or, in relation to Wales, the Welsh Ministers for Wales may by order provide that any lake or pond which does not discharge into a relevant river or watercourse or into a relevant lake or pond is to be treated for these purposes, and for the purposes of any other enactment in which any expression is defined by reference to the meanings given by s 104, as a relevant lake or pond, and that a lake or pond which does so discharge and is of a description specified in the order is to be treated for those purposes as if it were not a relevant lake or pond: s 104(4)(b), (c). As to the exercise of this power see further note 3. At the date at which this title states the law, no such order had been made, but, by virtue of the Water Consolidation (Consequential Provisions) Act 1991 Sch 2 para 1(1), (2), the Controlled Waters (Lakes and Ponds) Order 1989, SI 1989/1149, has effect as if so made. A reservoir which does not discharge into a relevant river or watercourse, or into a relevant lake or pond, and which does not contain water treated with a view to complying with the Water Supply (Water Quality) Regulations 1989, SI 1989/1147, reg 23 (revoked and replaced: see now the Water Supply (Water Quality) Regulations 2000, SI 2000/3184, reg 26; the Water Supply (Water Quality) Regulations 2001, SI 2001/3911, reg 26; and **WATER AND WATERWAYS** vol 100 (2009) PARA 382), is treated for these purposes as a relevant lake or pond: Controlled Waters (Lakes and Ponds) Order 1989, SI 1989/1149, art 2.

11 Water Resources Act 1991 s 104(1)(c). Section 104(1)(c) is modified as follows: (1) it has effect as if 'inland freshwaters' included all waters which need to be classified under the Surface Waters (Abstraction for Drinking Water) (Classification) Regulations 1996, SI 1996/3001 (see PARA 330) to give effect to EC Council Directive 75/440 (OJ L194, 25.07.1975, p 26) (repealed by European Parliament and EC Council Directive 2000/60 (OJ L327, 22.12.2000, p 1)) (see PARA 23) in England and Wales (see the Surface Waters (Abstraction for Drinking Water) (Classification) Regulations 1996, SI 1996/3001, reg 7(2)); (2) it has effect for the purpose of giving effect to European Parliament and EC Council Directive 2006/44 (OJ L264, 25.9.2006, p 20) (see PARA 26) as if 'inland freshwaters' included all waters which are fresh waters for the purposes of that Directive (Surface Waters (Fishlife) (Classification) Regulations 1997, SI 1997/1331, reg 6(2) (amended by SI 2009/1264)); (3) it has effect in relation to England (a) for the purposes of the Water Resources Act 1991 Pt III Ch I (ss 82-84) (classification of quality of waters) (see PARA 330 et seq) as if 'inland freshwaters' included any lake or pond (other than a relevant lake or pond) which needs to be classified in order to give effect to EC Council Directive 76/160 (OJ L31, 05.02.76, p 01) (repealed and replaced from 31 December 2014 by European Parliament and

EC Council Directive 2006/7 (OJ L64, 4.3.2006, p 37)) (see PARA 29); (b) for all other purposes, as if 'inland freshwaters' included any such lake or pond which has been so classified under the Water Resources Act 1991 Pt III Ch I (Bathing Waters (Classification) (England) Regulations 2003, SI 2003/1238, reg 2(1) (revoked by SI 2008/1097 as from 24 March 2015)).

12 Water Resources Act 1991 s 104(1)(d). As to the meaning of 'underground strata' see **WATER AND WATERWAYS** vol 100 (2009) PARA 187 note 5.

13 See the Water Resources Act 1991 s 104(2); and note 6. See also *R v Dovermoss Ltd* (1995) 159 JP 448, [1995] 11 LS Gaz R 37, CA, where the defendant was found not guilty of an offence under the Water Resources Act 1991 s 85 by causing silt to be released when undertaking work to the river bed as the silt was part of the controlled waters and not matter which the defendant had caused to enter controlled waters.

14 See *R v Dovermoss Ltd* (1995) 159 JP 448, [1995] 11 LS Gaz R 37, CA.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(i) Introduction/290. Civil liability.

290. Civil liability.

Nothing in Part III of the Water Resources Act 1991¹ confers a right of action in any civil proceedings, other than proceedings for the recovery of a fine, in respect of any contravention² thereof or of any subordinate legislation, consent or other instrument made, given or issued thereunder³. Nor does anything in that Part derogate from any right of action or other remedy, whether civil or criminal, in proceedings issued otherwise than thereunder, or affect any restriction imposed by or under any other enactment⁴, whether public, local or private⁵.

1 le the Water Resources Act 1991 Pt III (ss 82-104): see PARAS 289, 291 et seq.

2 As to the meaning of 'contravention' see **WATER AND WATERWAYS** vol 100 (2009) PARA 20 note 5.

3 Water Resources Act 1991 s 100(a). Section 100 is subject to the provisions of the Interpretation Act 1978 s 18, which relates to offences under two or more laws (see **STATUTES** vol 44(1) (Reissue) PARAS 1363, 1445): Water Resources Act 1991 s 100. This has the effect that a consent of any nature given under Pt III and compliance with it cannot operate per se as a defence to a civil claim, and compliance with a consent does not of itself give rise to a basis for a defence of statutory authority. See also PARA 286.

4 As to the meaning of 'enactment' see **WATER AND WATERWAYS** vol 100 (2009) PARA 14 note 31.

5 Water Resources Act 1991 s 100(b), (c). See also note 3.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(ii) Pollution Offences under the Water Resources Act 1991/291. Offences of polluting controlled waters.

(ii) Pollution Offences under the Water Resources Act 1991

291. Offences of polluting controlled waters.

A person contravenes the statutory provisions relating to pollution of controlled waters¹ if he causes² or knowingly permits³:

- 349 (1) any poisonous, noxious or polluting matter⁴ or any waste matter⁵ to enter any controlled waters⁶;
- 350 (2) any matter other than trade effluent⁷ or sewage effluent⁸ to enter controlled waters by being discharged from a drain or sewer⁹ in contravention¹⁰ of a statutory prohibition¹¹;
- 351 (3) any trade effluent or sewage effluent to be discharged into any controlled waters, or from land in England and Wales, through a pipe, into the sea outside the seaward limits of controlled waters¹²;
- 352 (4) any trade or sewage effluent to be discharged, in contravention of any statutory prohibition¹³, from a building or any fixed plant on to or into any land, or into any waters¹⁴ of a lake or pond which are not inland freshwaters¹⁵;
- 353 (5) any matter whatever to enter any inland freshwaters so as to tend, either directly or in combination with other matter which he or another person causes or permits to enter those waters, to impede the proper flow of the waters in a manner leading, or likely to lead, to a substantial aggravation of pollution due to other causes or of the consequences of such pollution¹⁶.

A person who contravenes these provisions, or the conditions of any consent given¹⁷ for these purposes, is guilty of an offence and liable to imprisonment, a fine or both¹⁸.

1 The Water Resources Act 1991 s 85, which sets out the five principal offences of polluting controlled waters. As to the meaning of 'controlled waters' see PARA 289. See also the Salmon and Freshwater Fisheries Act 1975 s 4 for the similar offence of causing or knowingly permitting the release of liquid or solid matter that causes the water to become poisonous or injurious to fish; and **AGRICULTURE AND FISHERIES** vol 1(2) (2007 Reissue) PARA 917.

On waste emissions being prosecuted as water pollution offences see *R (on the application of Thames Water Utilities Ltd) v Bromley Magistrates' Court* [2008] EWHC 1763 (Admin), [2009] 1 All ER 744, [2009] 1 WLR 1247 (escapes of waste water from a public sewerage system onto an area of land were 'controlled waste' within the meaning of the Environmental Protection Act 1990); and see PARA 623.

2 A person 'causes' a pollutant to enter controlled waters if he actively does something, with or without the occurrence of other factors, which produces a situation in which the polluting matter can escape, even though what he does is not the immediate cause of the pollution. Where a necessary condition of the actual escape which happens is also the act of a third party or a natural event, the justices or the court should consider whether that act or event is to be regarded as a normal fact of life or something extraordinary. If it is an ordinary occurrence, it will not negative the causal effect of the defendant's acts, even if it was not foreseeable that it would happen to that particular defendant, or take that particular form; however, if it can be regarded as something extraordinary, it is open to the justices or to the court to hold that the defendant has not caused the pollution: see *Environment Agency (formerly National Rivers Authority) v Empress Car Co (Abertillery) Ltd* [1999] 2 AC 22, sub nom *Empress Car Co (Abertillery) Ltd v National Rivers Authority* [1998] 1 All ER 481, HL. For earlier authorities see eg *Alphacell Ltd v Woodward* [1972] AC 824, [1972] 2 All ER 475, HL (a pollution occurred when pumps in a settling tank became blocked causing the tank to overflow into a stream. Lord Salmon took a robust common sense view of the meaning the word 'causing' which looks at the activities of the

defendant in broad terms, rather than looking more narrowly at the immediate circumstances leading to the pollution. The defendant could be said to cause the pollution if it would not have occurred but for the range of operations or activities (here the running of a factory necessitating the use of settling ponds) carried on by the defendants). See also *Southern Water Authority v Pegrum* [1989] Crim LR 442; *FJH Wrothwell Ltd v Yorkshire Water Authority* [1984] Crim LR 43 (appellant had poured a chemical down the drain, unaware that it passed straight into controlled waters; held that the appellant had caused the pollution despite the lack of knowledge); cf *Impress (Worcester) Ltd v Rees* [1971] 2 All ER 357, DC (where the court had accepted that where an authorised person deliberately opened a valve on a fuel tank it broke the chain of causation and exonerated the defendant); cf also *Wycharon District Council v National Rivers Authority* [1993] 2 All ER 440, [1993] 1 WLR 125, DC (where the court found the defendant had not caused a pollution where sewage escaped due to a blockage in the sewer; failure to deal with the escape expeditiously might amount to 'knowingly permitting' but the defendant had not been charged with that offence); *National Rivers Authority v Wright Engineering Co Ltd* [1994] 4 All ER 281. However the act of a third party will not always break the chain of causation, eg if a pollution occurs when an independent contractor delivers chemicals to a site which are accidentally spilled or effluent is discharged to a water company's sewage treatment works which then discharges that effluent into controlled waters causing a pollution, this does not necessarily enable the defendant to deny 'causing': see *CPC (UK) Ltd v National Rivers Authority* [1995] Env LR 131, CA where it was held that there did not have to be single cause of a pollution incident. The fact that another party might also be said to have caused the incident does not exonerate the defendant. See also *National Rivers Authority v Yorkshire Water Services Ltd* [1995] 1 AC 444, [1995] 1 All ER 225, HL (defendant received, involuntarily, into its sewage treatment works, a large quantity of iso-octonal from an unknown source which it was unable to treat and which was, in consequence, discharged into controlled waters; held that the defendant had caused the pollution but had a defence under what is now the Water Resources Act s 87(2) (see PARAS 294, 296)). Had the person responsible for introducing the iso-octonal into the sewers been discovered, he would also have been liable for causing the pollution). The question of foreseeability or negligence is not relevant: see *Welsh Water v Williams Motors (Cymdu) Ltd* (1988) Times, 5 December, per Lloyd J ('... the question is not what was foreseeable by the respondents or anyone else: the question is whether any act on the part of the defendant caused the pollution'). It is also possible for some natural event or act of God to break the chain of causation. It is possible for more than one person to be guilty of 'causing'; and it is a question of fact in each case whether a defendant has 'caused' polluting matter to enter controlled waters: *A-G's Reference (No 1 of 1994)* [1995] 2 All ER 1007, [1995] 1 WLR 599, CA. A company will be vicariously liable for the acts of its employees where those acts cause polluting matter to enter controlled waters: *National Rivers Authority v Alfred McAlpine Homes East Ltd* [1994] 4 All ER 286.

3 'Knowingly permitting' involves a failure to prevent a pollution, although there must be knowledge of the situation; see *Price v Cromack* [1975] 2 All ER 113, [1975] 1 WLR 988, DC; *Lockhart v National Coal Board* 1981 SLT 161. See also *Yorkshire West Riding Council v Holmfirth Urban Sanitary Authority* [1894] 2 QB 842, CA; *Rochford RDC v Port of London Authority* [1914] 2 KB 916, DC. A landowner who permits an operation on his land which gives rise to a risk of pollution contrary to the Water Resources Act 1991 s 85 must carry out a risk assessment and respond to what that assessment reveals: see *Express Ltd (t/a Express Dairies Distribution) v Environment Agency* [2004] EWHC 1710 (Admin), [2005] 1 WLR 223, [2004] All ER (D) 249 (Jul). See also *Environment Agency v Biffa Waste Services Ltd* [2006] EWHC 3495 (Admin), [2006] All ER (D) 155 (Dec), (2006) Times, 20 December.

4 See *R v Dovermoss Ltd* (1995) 159 JP 448, [1995] 11 LS Gaz R 37, CA, where it was stated that the word 'pollute' and its derivatives should be given their ordinary meaning as in the Oxford English Dictionary definition 'to make physically impure, foul or filthy: to dirty, stain, taint or befoul'. Poisonous matter can also be defined in the sense of being injurious to health or life, whether human, fish or other life forms: cf the Salmon and Freshwater Fisheries Act 1975 s 4; and **AGRICULTURE AND FISHERIES** vol 1(2) (2007 Reissue) PARA 917. See also *National Rivers Authority v Egger (UK) Ltd* [1992] Water Law 169, where it was held that the prosecutor does not need to show that the polluting matter caused actual harm to the receiving waters; *Express Ltd (t/a Express Dairies Distribution) v Environment Agency* [2004] EWHC 1710 (Admin), [2005] 1 WLR 223, [2004] All ER (D) 249 (Jul) (polluting matter does not need to be either poisonous or noxious; it is sufficient if it, eg stains or taints the water; in that case, the justices were entitled to reach the conclusion that cream released from a lorry into controlled waters had a potential for harm).

5 For these purposes, 'waste' in the term 'waste matter' includes (1) anything that is waste for the purposes of European Parliament and EC Council Directive 2006/12 (OJ L114, 27.4.2006, p 9) on waste (see PARA 33), and that is not excluded from the scope of that Directive by art 2(1); (2) anything that is waste for the purposes of European Parliament and EC Council Directive 2006/21 (OJ L102 11.4.2006 p 15) on the management of waste from extractive industries and amending Directive 2004/35 (see PARA 45), and that is not excluded from the scope of Directive 2006/21 by art 2(2): Water Resources Act 1991 s 85(7) (added by SI 2007/3538; and substituted by SI 2009/1799).

6 Water Resources Act 1991 s 85(1) (amended by SI 2007/3538). A judge had correctly acquitted contractors of causing or knowingly permitting polluting matter to enter controlled waters contrary to the Water Resources Act 1991 s 85(1) where it had not been established that the contractors had responsibility for the pollution beyond a responsibility to carry out specific measures that they had been instructed to carry out: *Environment Agency v Biffa Waste Services Ltd* [2006] EWHC 1102 (Admin), [2006] All ER (D) 355 (Mar). Where heating oil

had escaped from an installation at a golf club, a prosecution for the strict liability offence of causing polluting water to enter controlled waters under the Water Resources Act 1991 s 85 could have been brought against the club, which was an unincorporated association or against individual members: *R v L* [2008] EWCA Crim 1970, [2009] 1 All ER 786, [2009] 1 Cr App Rep 230. For extensive consideration of important issues as to the sentencing of major water companies for criminal breaches of environmental protection, the relevant legislation here being the Water Resources Act 1991 s 85(1), see *R v Thames Water Utilities Ltd* [2010] EWCA Crim 202, [2010] All ER (D) 222 (Feb) (the defendant which ran sewage treatment works accepted responsibility for the pollution, cooperated in the relevant investigation, pleaded guilty and pledged funds to restore the river affected but later successfully appealed maintaining that the fine was manifestly excessive submitting that insufficient account had been taken of the amount pledged in reparation, there was too high a starting point and too much weight had been given to previous convictions).

7 As to the meaning of 'trade effluent' see **WATER AND WATERWAYS** vol 100 (2009) PARA 304 note 5.

8 As to the meaning of 'sewage effluent' see **WATER AND WATERWAYS** vol 100 (2009) PARA 304 note 5.

9 As to the meanings of 'drain' and 'sewer' see PARA 998.

10 As to the meaning of 'contravention' see **WATER AND WATERWAYS** vol 100 (2009) PARA 20 note 5.

11 Water Resources Act 1991 s 85(2). The prohibition referred to is a prohibition imposed under s 86 (see PARA 292): s 85(2).

12 Water Resources Act 1991 s 85(3). This provision permits a prosecution to be brought even though the pipe discharges into the sea at a point beyond the boundary of controlled waters as defined by s 104.

13 It is imposed under the Water Resources Act 1991 s 86: see PARA 292.

14 As to the meaning of 'waters' for these purposes see PARA 289 note 6.

15 Water Resources Act 1991 s 85(4). As to the meaning of 'inland freshwaters' see PARA 289 at head (3) in the text.

16 Water Resources Act 1991 s 85(5).

17 It is under the Water Resources Act 1991 Pt III Ch II (ss 85-91): see PARA 292 et seq.

18 Water Resources Act 1991 s 85(6). Such a person is liable on summary conviction to imprisonment for a term not exceeding three months or a fine not exceeding £20,000, or to both, and on conviction on indictment to a term of imprisonment not exceeding two years or a fine, or to both: see s 85(6). Notwithstanding the Magistrates' Courts Act 1980 s 127 (time limit for summary proceedings), a magistrates' court may try any summary offence under the Water Resources Act 1991 Pt III (ss 82-104) (see PARAS 289-290, 292 et seq), or under any subordinate legislation made thereunder, if the information is laid not more than 12 months after the commission of the offence: s 101.

As to the factors to be taken into account when determining the appropriate level of fine see *R v Milford Haven Port Authority* [2000] 2 Cr App Rep (S) 423, [2000] All ER (D) 352, CA.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(ii) Pollution Offences under the Water Resources Act 1991/292. Prohibition of certain discharges by notice or regulations.

292. Prohibition of certain discharges by notice or regulations.

A discharge of any effluent¹ or other matter is in contravention² of a prohibition imposed on any person³:

- 354 (1) if the Environment Agency⁴ has given him a notice⁵ prohibiting him from making the discharge or from continuing it, or, where it has given such a notice prohibiting the discharge unless specific conditions are met, if those conditions are not observed⁶;
- 355 (2) if the effluent or matter discharged contains a prescribed substance⁷ or a prescribed concentration of such a substance, or if it derives from a prescribed process⁸ or from a process involving the use of prescribed substances or the use of such substances in quantities which exceed the prescribed amounts⁹.

A notice given for the purposes of head (1) above does not expire until the time specified in it¹⁰, which must not be before the end of the period of three months beginning with the day on which it is given, except in a case where the Agency is satisfied that there is an emergency which requires the prohibition in question to come into force at such time before the end of that period as may be specified in the notice¹¹. Where, in the case of such a notice as would otherwise expire at a time at or after the end of that period of three months, an application is made before that time for a consent¹² in respect of the discharge to which the notice relates, that notice is deemed not to expire until the result of the application becomes final:

- 356 (a) on the grant or withdrawal of the application¹³;
- 357 (b) on the expiration, without the bringing of an appeal¹⁴ with respect to the decision on the application, of any period prescribed as the period within which any such appeal must be brought; or
- 358 (c) on the withdrawal or determination of any such appeal¹⁵.

1 As to the meaning of 'effluent' see **WATER AND WATERWAYS** vol 100 (2009) PARA 262 note 31.

2 Ie for the purposes of the Water Resources Act 1991 s 85: see PARA 291. As to the meaning of 'contravention' see **WATER AND WATERWAYS** vol 100 (2009) PARA 20 note 5.

3 Ie imposed under the Water Resources Act 1991 s 86: see the text and notes 4-15.

4 As to the Environment Agency see PARA 68 et seq; and as to its pollution control functions generally see PARA 75.

5 As to the service of notices see **WATER AND WATERWAYS** vol 100 (2009) PARA 22. Nothing in this provision authorises the giving of a notice for these purposes in respect of discharges from a vessel: Water Resources Act 1991 s 86(3). As to the meaning of 'vessel' see **WATER AND WATERWAYS** vol 100 (2009) PARA 224 note 2.

6 Water Resources Act 1991 s 86(1) (s 86 amended by the Environment Act 1995 Sch 22 para 128). In determining when and how the Agency should exercise this power, it must take into account whether there has been or is likely to be any contravention of a code of good agricultural practice: see the Water Resources Act 1991 s 97(2); and PARA 320.

7 'Substance' includes micro-organisms and any natural or artificial substance or other matter, whether it is in solid or liquid form or in the form of a gas or vapour; and 'micro-organism' includes any microscopic biological entity which is capable of replication: Water Resources Act 1991 s 221(1). The Water Industry Act 1991 contains identical definitions of these terms: see s 219(1). 'Prescribed' means prescribed by regulations made by the Secretary of State: see s 221(1). As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59. At the date at which this title states the law, no substances had been prescribed for these purposes; but see note 9.

8 At the date at which this title states the law, no processes had been prescribed for these purposes.

9 Water Resources Act 1991 s 86(2). This provision is intended to tie in with the prescribing of certain discharges as specified by regulations made pursuant to the integrated pollution control system under the Environmental Protection Act 1990 and the Pollution Prevention and Control Act 1999: see PARA 334. Nothing in any regulations made by virtue of the Water Resources Act 1991 s 86(2) may require any discharge from a vessel to be treated as a discharge in contravention of a prohibition imposed under s 86: s 86(3).

10 Water Resources Act 1991 s 86(4).

11 Water Resources Act 1991 s 86(5) (as amended: see note 6).

12 Ie under the Water Resources Act 1991 Pt III Ch II (ss 85-104): see PARA 300 et seq.

13 As to such applications see PARA 300 et seq.

14 As to such appeals see PARAS 311-312.

15 Water Resources Act 1991 s 86(6).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(ii) Pollution Offences under the Water Resources Act 1991/293. Offences in connection with deposits and vegetation in inland freshwaters.

293. Offences in connection with deposits and vegetation in inland freshwaters.

A person is guilty of an offence if, without the consent of the Environment Agency¹:

- 359 (1) he removes from any part of the bottom, channel or bed of any inland freshwaters² a deposit accumulated by reason of any dam, weir or sluice holding back the waters, and does so by causing the deposit to be carried away in suspension in the waters³;
- 360 (2) he causes or permits⁴ a substantial amount of vegetation to be cut or uprooted in any inland freshwaters, or to be cut or uprooted so near to any such waters that it falls into them and he fails to take all reasonable steps to remove the vegetation from those waters⁵.

A person guilty of any such offence is liable on summary conviction to a fine⁶.

¹ In giving a consent for these purposes, the Environment Agency may make the consent subject to such conditions as it considers appropriate: Water Resources Act 1991 s 90(5) (s 90 amended by the Environment Act 1995 Sch 22 para 128). As to applications for consent see PARA 300; and as to appeals in respect of such consents see PARAS 311-312. As to the Environment Agency see PARA 68 et seq; as to its pollution control functions generally see PARA 75; and as to its power to make charging schemes in respect of such consents see **WATER AND WATERWAYS** vol 100 (2009) PARA 273.

² As to the meaning of 'inland freshwaters' see PARA 289 at head (3) in the text. The Secretary of State or, so far as this function is exercisable in relation to Wales, the Welsh Ministers, may by regulations provide that any reference to inland freshwaters for these purposes is to be construed as including a reference to such coastal waters as may be prescribed: Water Resources Act 1991 s 90(6); and see the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, art 2, Sch 1. As to the meaning of 'coastal waters' see PARA 289 at head (2) in the text. At the date at which this title states the law, no such regulations had been made. As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59. As to the power to make regulations generally see **WATER AND WATERWAYS** vol 100 (2009) PARA 21.

³ Water Resources Act 1991 s 90(1) (as amended: see note 1). Nothing in head (1) in the text applies to anything done in the exercise of any power conferred by or under any enactment relating to land drainage, flood prevention or navigation: s 90(4). As to land drainage and flood prevention see **WATER AND WATERWAYS** vol 101 (2009) PARA 556 et seq; and as to navigation see **WATER AND WATERWAYS** vol 101 (2009) PARA 688 et seq.

⁴ As to the meaning of 'cause or permit' see PARA 291; but note that there is no qualification for these purposes that the permitting must be 'knowingly'.

⁵ Water Resources Act 1991 s 90(2) (as amended: see note 1).

⁶ Water Resources Act 1991 s 90(3). The fine is a fine not exceeding level 4 on the standard scale. As to the standard scale see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 142; and as to the time limit for summary proceedings see PARA 291 note 18.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(ii) Pollution Offences under the Water Resources Act 1991/294. Defence to principal offences in respect of authorised discharges.

294. Defence to principal offences in respect of authorised discharges.

A person is not guilty of any of the principal offences relating to water pollution¹ in respect of the entry of any matter into any waters² or any discharge if the entry occurs or the discharge is made under and in accordance with³, or as a result of any act or omission under and in accordance with:

- 361 (1) a consent given under the relevant statutory provisions⁴;
- 362 (2) an authorisation for a prescribed⁵ process designated for central control⁶;
- 363 (3) a relevant permit⁷;
- 364 (4) a licence granted under the provisions relating to dumping at sea⁸;
- 365 (5) the provisions relating to discharges for works purposes⁹;
- 366 (6) any local statutory provision¹⁰ or statutory order¹¹ which expressly confers power to discharge effluent¹² into the water¹³; or
- 367 (7) any prescribed enactment¹⁴.

1 Ie an offence under the Water Resources Act 1991 s 85: see PARA 291.

2 As to the meaning of 'waters' see PARA 289 note 6.

3 The significance of the phrase 'under and in accordance with' was relevant to the case of *National Rivers Authority v Yorkshire Water Services Ltd* [1995] 1 AC 444, [1995] 1 All ER 225, HL, which concerned a discharge of a chemical, iso-octanol, by the defendant from its sewage treatment works into controlled waters. The chemical had been unlawfully put into a trade sewer and reached the works by gravity. The defendant had been unable to treat the chemical; held that the defendants had caused the polluting matter to enter controlled waters and that the discharge was 'under' a consent. However, a sewerage undertaker has a statutory defence to an offence of causing polluting matter to enter controlled waters where that discharge contravenes the conditions of a consent, but has resulted from the unauthorised discharge into the works by a third party which the consent holder could not prevent. The House of Lords was satisfied that the conditions of the statutory defence had been met and that the defendant had an absolute defence. This still leaves open the question of what would be the position if, in similar circumstances, a discharger could not establish the statutory defence. Where a consent, by conditions, permits chemicals A, B and C to be present, but not chemical D, does this render the discharger liable to prosecution because the effluent contains D, or does the fact that the Agency did not impose a condition as to the extent of chemical D that may be present allow the chemical to be present in the effluent so that the discharge is then 'in accordance with' the consent? This potential difficulty is often resolved in practice by the inclusion of a catch all condition in discharge consents prohibiting the discharge of matter other than that specifically consented to which will be harmful to the receiving water environment.

4 Ie a consent given under the Water Resources Act 1991 Pt II Ch III (ss 85-91): see PARA 299 et seq. As to applications for such consents see PARA 300 et seq; and as to charging schemes in respect of such consents see **WATER AND WATERWAYS** vol 100 (2009) PARA 273.

5 'Prescribed' means prescribed by regulations made by the Secretary of State: see the Water Resources Act 1991 s 221(1). As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

6 Ie an authorisation under the integrated pollution control provision of the Environmental Protection Act 1991 Pt I (ss 1-28) (prospectively repealed): see PARAS 334, 159 et seq.

7 Ie a permit granted under the Environmental Permitting (England and Wales) Regulations 2007, SI 2007/3538 (see PARA 662 et seq), except in so far as it authorises a Part B activity within the meaning of the 2007 Regulations (see PARA 663 note 1).

8 le a licence under the Food and Environment Protection Act 1985 Pt II (ss 5-15): see **PARA 525 et seq.**

9 le the Water Resources Act 1991 s 163 or the Water Industry Act 1991 s 165: see **WATER AND WATERWAYS** vol 101 (2009) **PARA 466.**

10 As to the meaning of 'local statutory provision' see **WATER AND WATERWAYS** vol 100 (2009) **PARA 14** note 24.

11 For these purposes, 'statutory order' means (1) any order under the Water Resources Act 1991 s 168 or under the Water Industry Act 1991 s 167 (compulsory works orders) (see **WATER AND WATERWAYS** vol 101 (2009) **PARA 455 et seq**); or (2) any order, byelaw, scheme or award made under any other enactment, including an order or scheme confirmed by parliament or brought into operation in accordance with special parliamentary procedure: Water Resources Act 1991 s 88(4). As to the meaning of 'enactment' see **WATER AND WATERWAYS** vol 100 (2009) **PARA 14** note 31.

12 As to the meaning of 'effluent' see **WATER AND WATERWAYS** vol 100 (2009) **PARA 262** note 31.

13 See eg the Channel Tunnel Rail Link Act 1996 s 2, Sch 2 para 9. However, this authorisation does not permit anything prohibited by the Water Resources Act 1991 s 85(1)-(3) (offences of polluting controlled waters) (see **PARA 291**): Channel Tunnel Rail Link Act 1996 Sch 2 para 9(6).

14 Water Resources Act 1991 s 88(1) (amended by SI 2000/1973; and SI 2007/3538). As from a day to be appointed head (2) in the text is removed: Water Resources Act 1991 s 88(1) (prospectively amended by the Pollution Prevention and Control Act 1999 Sch 3). At the date at which this title states the law, no such day had been appointed; furthermore, no regulations had been made for these purposes, and none had effect as if so made. As to the making of regulations generally see **WATER AND WATERWAYS** vol 100 (2009) **PARA 21.**

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(ii) Pollution Offences under the Water Resources Act 1991/295. Other statutory defences to principal offences.

295. Other statutory defences to principal offences.

A person is not guilty of any of the principal offences relating to water pollution¹ in respect of the entry of any matter into any waters² or any discharge if:

- 368 (1) the entry is caused or permitted³, or the discharge is made, in an emergency in order to avoid danger to life or health;
- 369 (2) that person takes all such steps as are reasonably practicable in the circumstances for minimising the extent of the entry or discharge and of its polluting effects; and
- 370 (3) particulars of the entry or discharge are furnished to the Environment Agency⁴ as soon as reasonably practicable after it occurs⁵.

Nor is a person guilty of such an offence:

- 371 (a) by reason of his causing or permitting any discharge of trade or sewage effluent⁶ from a vessel⁷; or
- 372 (b) by reason only of his permitting⁸ water from an abandoned mine⁹ or an abandoned part of a mine¹⁰ to enter controlled waters¹¹.

A person is not guilty of such an offence, otherwise than in respect of the entry of any poisonous, noxious or polluting matter into any controlled waters¹², by reason of his depositing the solid refuse of a mine or quarry¹³ on any land so that it falls or is carried into inland freshwaters¹⁴ if he deposits the refuse on the land with the consent of the Agency, no other site for the deposit is reasonably practicable and he takes all reasonably practicable steps to prevent the refuse from entering those inland freshwaters¹⁵.

A highway authority¹⁶ or other person entitled to keep open a drain¹⁷ is not guilty of any of the principal offences relating to water pollution by reason of its or his causing or permitting any discharge to be made from a drain kept open by virtue of that entitlement, unless the discharge is made in contravention¹⁸ of a statutory prohibition¹⁹.

1 le an offence under the Water Resources Act 1991 s 85: see PARA 291.

2 As to the meaning of 'waters' see PARA 289 note 6.

3 As to the meaning of 'causing' or 'permitting' see PARA 291.

4 As to the Environment Agency see PARA 68 et seq; as to its pollution control functions generally see PARA 75; and as to its power to make charging schemes in relation to consents under the Water Resources Act 1991 s 89(4)(a) see **WATER AND WATERWAYS** vol 100 (2009) PARA 273.

5 Water Resources Act 1991 s 89(1) (s 89 amended by the Environment Act 1995 Sch 22 para 128). Quaere whether the defence would be available if the person causing or permitting the entry or discharge was responsible for the circumstances that created the emergency in the first place, and where the emergency discharge was a foreseeable consequence of those circumstances, by analogy with *Perka v R* (1984) 13 DLR (4th) 1; see eg *Waste Incineration Services Ltd and Jacob v Dudley Metropolitan Borough Council* [1992] Env LR 29 ('emergency' in a similar context should be given its normal meaning of 'a state of things unexpectedly arising and urgently demanding attention'); and cf *Express Ltd (t/a Express Dairies Distribution) v Environment*

Agency [2003] EWHC 448 (Admin), [2003] 2 All ER 778, [2004] 1 WLR 579 (the court is entitled to focus upon the chain of causation, and ask whether the act which actually caused the entry was done in an emergency in order to save life).

6 As to the meaning of 'effluent' see **WATER AND WATERWAYS** vol 100 (2009) PARA 262 note 31. As to the meanings of 'trade effluent' and 'sewage effluent' see **WATER AND WATERWAYS** vol 100 (2009) PARA 262 note 31.

7 Water Resources Act 1991 s 89(2). As to the meaning of 'vessel' see **WATER AND WATERWAYS** vol 100 (2009) PARA 224 note 2.

8 It is submitted that the defence will not be available where it was 'caused'. See also *Lockhart v National Coal Board* 1981 SLT 161.

9 For these purposes, 'mine' means an excavation or system of excavations, including all such excavations to which a common system of ventilation is provided, made for the purpose of, or in connection with, the getting, wholly or substantially by means involving the employment of persons below ground, of minerals, whether in their natural state or in solution or suspension, or products of minerals: Mines and Quarries Act 1954 s 180(1) (substituted by SI 1993/1897; applied by the Water Resources Act 1991 s 89(6)).

10 As to what constitutes part of a mine see, by virtue of the Water Resources Act 1991 s 89(6), the Mines and Quarries Act 1954 s 180(3)-(6); and **MINES, MINERALS AND QUARRIES** vol 31 (2003 Reissue) PARA 5 note 14.

11 Water Resources Act 1991 s 89(3) (amended by the Environment Act 1995 s 60(1)). As to the meaning of 'controlled waters' see PARA 289. This defence does not, however, apply to the owner or former operator of any mine or part of a mine if the mine or part in question became abandoned after 31 December 1999: Water Resources Act 1991 s 89(3A) (s 89(3A)-(3C) added by the Environment Act 1995 s 60(2)). In determining for these purposes whether a mine or part of a mine became abandoned before, on or after that date in a case where the mine or part has become abandoned on two or more occasions, of which at least one falls on or before that date, and at least one falls after that date, the mine or part is to be regarded as becoming abandoned after that date, but without prejudice to the operation of the defence in relation to that mine or part at, or in relation to, any time before the first of those occasions which falls after that date: Water Resources Act 1991 s 89(3B) (as so added). Where, immediately, before a part of a mine becomes abandoned, that part is the only part of the mine not falling to be regarded as abandoned for the time being, the abandonment of that part is not to be regarded for the purposes of s 89(3A), (3B) as constituting the abandonment of the mine, but only of that part of it: s 89(3C) (as so added).

12 It is an offence under the Water Resources Act 1991 s 85(1): see PARA 291 at head (1) in the text.

13 As to the meaning of 'quarry' see **MINES, MINERALS AND QUARRIES** vol 31 (2003 Reissue) PARA 6 (the Water Resources Act 1991 s 89(6) applies the definition in the Mines and Quarries Act 1954 s 180(2) but that definition is now repealed).

14 As to the meaning of 'inland freshwaters' see PARA 289 at head (3) in the text.

15 Water Resources Act s 89(4) (as amended: see note 5). As to charges for consents see note 4.

16 As to highway authorities see **HIGHWAYS, STREETS AND BRIDGES** vol 21 (2004 Reissue) PARA 48 et seq.

17 It is by virtue of the Highways Act 1980 s 100: see **HIGHWAYS, STREETS AND BRIDGES** vol 21 (2004 Reissue) PARA 285. As to the meaning of 'drain' see PARA 998.

18 As to the meaning of 'contravention' see **WATER AND WATERWAYS** vol 100 (2009) PARA 20 note 5.

19 Water Resources Act 1991 s 89(5). The prohibition referred to is a prohibition imposed under s 86 (see PARA 292): s 89(5).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(ii) Pollution Offences under the Water Resources Act 1991/296. Discharges into and from public sewers.

296. Discharges into and from public sewers.

The following provisions apply for the purpose of determining liability where sewage effluent¹ is discharged:

- 373 (1) into any controlled waters, or from land in England and Wales, through a pipe, into the sea outside the seaward limits of controlled waters; or
- 374 (2) in contravention of any statutory prohibition, from a building or any fixed plant on to or into any land, or into any waters of a lake or pond which are not inland freshwaters²,

from any sewer³ or works (the 'discharging sewer') vested in a sewerage undertaker⁴ (the 'discharging undertaker')⁵. If the discharging undertaker did not cause, or knowingly permit⁶, the discharge it is nevertheless deemed to have caused it if matter included in the discharge was received by that undertaker into the discharging sewer or any other sewer or works vested in the undertaker and it was bound, either unconditionally or subject to conditions which were observed, to receive that matter into the sewer or works, unless the sewage effluent was, before being discharged from the discharging sewer, discharged through a main connection⁷ into that sewer or into any other sewer or works vested in the discharging undertaker by another sewerage undertaker (the 'sending undertaker') under an agreement having effect⁸ between the discharging undertaker and the sending undertaker⁹. Where the sewage effluent was discharged through such a main connection, the sending undertaker is deemed to have caused the discharge if, although it did not cause or knowingly permit the sewage effluent to be discharged into the discharging sewer, or into any other sewer or works of the discharging undertaker, matter included in the discharge was received by it into a sewer or works vested in it, and it was bound, either unconditionally or subject to conditions which were observed, to receive that matter into that sewer or works¹⁰.

A person is not guilty of any of the principal offences relating to water pollution¹¹ in respect of a discharge which he caused or permitted to be made into a sewer or works vested in a sewerage undertaker if the undertaker was bound to receive the discharge there either unconditionally or subject to conditions which were observed¹². Nor is a sewerage undertaker guilty of such an offence by reason only of the fact that a discharge from a sewer or works vested in the undertaker contravenes conditions of a consent relating to the discharge¹³ if:

- 375 (a) the contravention¹⁴ is attributable to a discharge which another person caused or permitted to be made into the sewer or works;
- 376 (b) the undertaker either was not bound to receive the discharge into the sewer or works or was bound to receive it there subject to conditions which were not observed; and
- 377 (c) the undertaker could not reasonably have been expected to prevent the discharge into the sewer or works¹⁵.

1 As to the meaning of 'sewage effluent' see **WATER AND WATERWAYS** vol 100 (2009) PARA 262 note 31.

2 le discharged as mentioned in the Water Resources Act 1991 s 85(3) or (4): see PARA 291 at heads (3)-(4) in the text.

- 3 As to the meaning of 'sewer' see PARA 998.
- 4 As to the meaning of 'sewerage undertaker' see **WATER AND WATERWAYS** vol 100 (2009) PARA 137 note 4.
- 5 Water Resources Act 1991 s 87(1) (substituted by the Competition and Service (Utilities) Act 1992 s 46(1)).
- 6 See PARA 291.
- 7 For these purposes, a 'main connection' means a connection between a sewer or disposal main and a sewer or disposal main, or a connection which allows a sewer or disposal main to discharge directly into a sewage disposal works: Water Industry Act 1991 s 110A(3) (added by the Competition and Service (Utilities) Act 1992 s 45; applied by the Water Resources Act 1991 s 87(4), itself added by the Competition and Service (Utilities) Act 1992 s 46(2)). As to the meaning of 'disposal main' see **WATER AND WATERWAYS** vol 101 (2009) PARA 462 note 5.
- 8 Ie under the Water Industry Act 1991 s 110A: see PARA 1023.
- 9 Water Resources Act 1991 s 87(1A), (1B) (s 87(1A)-(1C) added by the Competition and Service (Utilities) Act 1992 s 46(1)).
- 10 Water Resources Act 1991 s 87(1C) (as added: see note 9).
- 11 Ie an offence under the Water Resources Act 1991 s 85: see PARA 291.
- 12 Water Resources Act 1991 s 87(3).
- 13 As to discharge consents see PARA 299 et seq.
- 14 As to the meaning of 'contravention' see **WATER AND WATERWAYS** vol 100 (2009) PARA 20 note 5.
- 15 Water Resources Act 1991 s 87(2); and see *National Rivers Authority v Yorkshire Water Services Ltd* [1995] 1 AC 444, [1995] 2 All ER 225, HL.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(ii) Pollution Offences under the Water Resources Act 1991/297. Restrictions on prosecution.

297. Restrictions on prosecution.

There are no restrictions as to who can initiate a prosecution for water pollution offences¹, and thus any individual can initiate prosecutions as well as the Environment Agency².

1 See the Water Resources Act 1991 s 216, which only restricts the ability to institute proceedings in relation to offences under Pt II Ch II (ss 24-72) (water resources) (see **WATER AND WATERWAYS** vol 100 (2009) PARA 214 et seq) and related provisions; and **WATER AND WATERWAYS** vol 100 (2009) PARA 188. Cf the offence under the Salmon and Freshwater Fisheries Act 1975 s 4, which requires a person instituting proceedings to obtain a certificate from the Secretary of State or, in relation to Wales, from the Welsh Ministers before commencing proceedings: see **AGRICULTURE AND FISHERIES** vol 1(2) (2007 Reissue) PARA 917.

2 As to the Environment Agency see PARA 68 et seq; as to its pollution control functions generally see PARA 75; and as to its power to authorise persons to prosecute on its behalf see the Environment Act 1995 s 54; and PARA 73.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(ii) Pollution Offences under the Water Resources Act 1991/298. Evidence.

298. Evidence.

The former statutory requirement as to the manner in which samples were to be obtained as evidence of an offence under the Water Resources Act 1991 has been repealed¹. The admissibility of evidence in connection with pollution offences under that Act is now governed by the relevant provisions of the Environment Act 1995, which are discussed elsewhere in this title².

¹ See the Environment Act 1995 ss 111(1)(c), (d), 120(4), Sch 24, repealing the Water Industry Act 1991 s 171(4), (5) and the Water Resources Act 1991 s 209(1), (2), (4), which previously restricted the admissibility in evidence of information obtained from samples. There was previously a requirement that any sample brought in evidence had to have been taken as a tripartite sample, with one part of the sample being given to the suspected polluter, one analysed and one retained for future analysis: see s 209(1) (repealed). The system was cumbersome and made bringing prosecutions procedurally difficult and was made worse by the decision in *National Rivers Authority v Harcross Timber and Building Supplies Ltd* (1992) 156 JP 743, [1993] Crim LR 221, DC, which established that the previous regime applied to all samples (eg river samples) relied on and not just to effluent samples and that this applied in civil as well as criminal proceedings. Thus the Environment Act 1995 s 111(1) represents a major departure from previous practice. In particular it enables automatic monitoring devices to be used, and increases the opportunity to secure convictions by the Environment Agency. The prosecution must still adduce evidence that proves the relevant offence beyond reasonable doubt, but the abolition of the formal sampling procedure enables all samples to be admitted as evidence in civil proceedings, which was put in doubt by the decision in *National Rivers Authority v Harcross Timber and Building Supplies Ltd* above.

² See the Environment Act 1995 s 111; and PARA 152.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(iii) Authorisation of Discharges, Deposits and Other Activities/A. IN GENERAL/299. Introduction.

(iii) Authorisation of Discharges, Deposits and Other Activities

A. IN GENERAL

299. Introduction.

The Water Resources Act 1991 grants powers to the Environment Agency¹ to issue a range of consents² to those discharging into, or carrying out activities affecting, the water environment. Authorisations to discharge into the water environment are also permissible with consent from the relevant authority under other legislation or by virtue of a statutory order or an enactment³. The effect of the grant of consents is to give the holder of a consent immunity from prosecution for offences of water pollution, provided that he complies with the conditions of the consent⁴.

The Agency also has power under the Water Resources Act 1991, and a water undertaker⁵ has power under the Water Industry Act 1991, to make certain discharges of water for works purposes⁶.

¹ As to the Environment Agency see PARA 68 et seq; and as to its pollution control functions generally see PARA 75.

² See the Water Resources Act 1991 ss 88-90; and PARAS 293-295; s 88(2), Sch 10; and PARA 300 et seq. Section 88 has effect in relation to cases in which consents for the purposes of s 88(1)(a) (see PARA 294 at head (1) in the text) are required by the Agency as if for s 88(2) there were substituted 'The Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 14(2), Sch 2 applies with respect to the making of applications by the Agency for consents under the Water Resources Act 1991 Pt III Ch II (ss 85-91) for the purposes of s 88(1)(a) and with respect to the giving, revocation and modification of such consents': see the Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 14(1); and see further PARA 305.

³ See the Water Resources Act 1991 s 88(1)(b)-(d), (f)-(g); and PARA 294.

⁴ See the Water Resources Act 1991 ss 88(1), 89(4), 90; and PARAS 293-295. No remediation notice under the Environmental Protection Act 1990 Pt IIA (ss 78A-78YC) (contaminated land) (see PARAS 337, 761 et seq) may require a person to do anything the effect of which would be to impede or prevent the making of a discharge in pursuance of such a consent: see s 78YB(4) (added by the Environment Act 1995 Sch 22 para 57); and PARA 769.

⁵ As to the meaning of 'water undertaker' see **WATER AND WATERWAYS** vol 100 (2009) PARA 137 note 4.

⁶ See the Water Resources Act 1991 s 163; the Water Industry Act 1991 s 165; and **WATER AND WATERWAYS** vol 101 (2009) PARA 466.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(iii) Authorisation of Discharges, Deposits and Other Activities/B. AUTHORISATION OF DISCHARGES/300. Application for consent.

B. AUTHORISATION OF DISCHARGES

300. Application for consent.

An application for a consent for any discharges into controlled waters¹ must be made to the Environment Agency² on a form provided for the purpose by the Agency and must be advertised by or on behalf of the applicant in such a manner as may be required by regulations³ made by the Secretary of State or, in relation to Wales, by the Welsh Ministers⁴. The applicant must provide to the Agency, either on, or together with, the application form such information⁵ as the Agency may reasonably require and such information as may be prescribed⁶ for the purpose by the Secretary of State or the Welsh Ministers⁷, but a failure to provide information does not⁸ invalidate an application⁹.

The Agency may give the applicant notice¹⁰ requiring him to provide it with such further information of any description specified in the notice as it may require for the purpose of determining the application¹¹.

An application made in accordance with these provisions which relates to proposed discharges at two or more places may be treated by the Agency as separate applications for consents for discharges at each of those places¹².

1 le an application for the purposes of the Water Resources Act 1991 s 88(1)(a): see PARA 294. As to the meaning of 'controlled waters' see PARA 289.

2 As to the Environment Agency see PARA 68 et seq; and as to its pollution control functions generally see PARA 75.

3 Such regulations may make provision enabling the Agency to direct or determine that any such advertising of an application may be dispensed with in any case if it appears to be appropriate to the Agency in that case for that advertising to be dispensed with: Water Resources Act 1991 s 88(2), Sch 10 para 1(2) (Sch 10 substituted by the Environment Act 1995 Sch 22 para 183).

4 Water Resources Act 1991 Sch 10 1(1) (as substituted: see note 3). In exercise of the power so conferred, the Secretary of State has made the Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, which came into force on 31 December 1996: see reg 1(1). As to the prescribed manner of advertisement see PARA 301. As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

5 As to the meaning of 'information' see **WATER AND WATERWAYS** vol 100 (2009) PARA 117 note 13.

6 'Prescribed' means prescribed by regulations made by the Secretary of State: see s 221(1).

7 Water Resources Act 1991 Sch 10 para 1(3)(a), (b) (as substituted: see note 3).

8 le subject to the Water Resources Act 1991 Sch 10 para 3(3) (see PARA 302) and without prejudice to the effect, if any, of any other contravention of the requirements of Sch 10 in relation to an application under Sch 10 para 1: Sch 10 para 1(3) (as substituted: see note 3).

9 Water Resources Act 1991 Sch 10 para 1(3) (as substituted: see note 3).

10 As to the service of notices see **WATER AND WATERWAYS** vol 100 (2009) PARA 22.

- 11 Water Resources Act 1991 Sch 10 para 1(4) (as substituted: see note 3).
- 12 Water Resources Act 1991 Sch 10 para 1(5) (as substituted: see note 3).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(iii) Authorisation of Discharges, Deposits and Other Activities/B. AUTHORISATION OF DISCHARGES/301. Advertising and consultation in connection with discharge consent applications.

301. Advertising and consultation in connection with discharge consent applications.

An application for a discharge consent¹ or the variation of a discharge consent must be advertised in accordance with the following provisions, which also apply to applications for consents for the deposit of solid refuse from mines or quarries on land near inland freshwaters² or consents³ for the removal of deposits or for the cutting or uprooting of vegetation in or near inland freshwaters⁴. Notice of the application⁵ must be published, within the period of 28 days beginning 14 days after the relevant date⁶, in one or more newspapers circulating in the locality in which the activities which are the subject matter of the application are proposed to be carried on and in the locality in which the controlled waters⁷ which may be affected by the proposed activities are situated, and also in the London Gazette⁸. The Environment Agency may, however, determine that an application is not required to be advertised if it appears to the Agency that it is appropriate to dispense with advertising it because any of the prescribed conditions⁹ is satisfied¹⁰.

The Environment Agency must give notice¹¹ of any application for a consent for any discharges into controlled waters¹², together with a copy of the application, to any persons who are prescribed¹³ or directed¹⁴ to be consulted and must do so within the specified period for notification¹⁵. Any representations made by the persons so consulted, or by any other person, within the period allowed¹⁶ must be considered by the Agency in determining the application¹⁷. The Secretary of State or, in relation to Wales, the Welsh Ministers may, however, by regulations exempt any class of application from these requirements, or exclude any class of information¹⁸ contained in applications from those requirements, in all cases or as respects specified classes only of persons to be consulted¹⁹.

1 For these purposes, 'discharge consent' has the same meaning as in the Water Resources Act 1991 s 91(8) (see PARA 310): Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 1(2).

2 I.e consents for the purposes of the Water Resources Act 1991 s 89(4)(a): see PARA 295.

3 I.e consents for the purposes of the Water Resources Act 1991 s 90(1) or (2): see PARA 293.

4 Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 2(1).

5 The notice must (1) state the name of the applicant; (2) specify where the activities which are the subject matter of the application are proposed to be carried on; (3) describe briefly the nature of the proposed activities; (4) state where the register containing information about the application may be inspected, the times at which the register is open for inspection and that the register may be inspected free of charge; and (5) explain that any person may make representations in writing to the Environment Agency, specify when the period allowed for making representations ends and give the address of the Agency to which representations are to be sent: Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 2(3). Nothing in heads (1)-(5) above, however, requires the disclosure of any information which is not to be included in a register by virtue of the Water Resources Act 1991 s 191A or 191B (exclusion from registers of information affecting national security and of certain confidential information) (see **WATER AND WATERWAYS** vol 100 (2009) PARAS 269-270): Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 2(4). As to the Environment Agency see PARA 68 et seq; and as to its pollution control functions generally see PARA 75.

6 Subject to the following provisions, the relevant date in relation to an application is the date on which it is received by the Agency: Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 3(2). In a case, however, where the Agency has notified the applicant within 14 days of the receipt of the application that it refuses to proceed with the application until information required by the Water Resources Act 1991 s 90A(4) (see PARA 293) or s 88(2), Sch 10 para 1(3) or (4) (see PARA 300) is provided, the relevant date is the date on which the Agency is finally provided with the information required: Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 3(3). In a case where a matter falls to be determined under the Water Resources Act 1991 s 191A, the relevant date is the date on which the Secretary of State or, in relation to Wales, the Welsh Ministers notify the applicant of his or their determination; and in a case where a matter falls to be determined under s 191B, the relevant date is (1) if the Agency is treated by virtue of s 191B(3) as having determined that the information in question is commercially confidential, the date on which the period of 14 days mentioned in s 191B(3) expires; (2) if the Agency determines under s 191B(2) or (4) that the information in question is commercially confidential, the date on which the Agency notifies the applicant of its determination; (3) if the Agency determines under s 191B(2) or (4) that the information in question is not commercially confidential, the date (a) on which the period for appealing expires without an appeal having been made; or (b) on which the Secretary of State or the Welsh Ministers notify the applicant of his or their final determination of the appeal; or (c) on which the appeal is withdrawn: Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 3(4), (5). Where the relevant date for these purposes in relation to an application is later than the date on which the application is received, a period of four months beginning with the relevant date is to be substituted for the period of four months specified in the Water Resources Act 1991 Sch 10 para 3(2) (see PARA 302): Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 3(6). As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

7 As to the meaning of 'controlled waters' see PARA 289.

8 Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, regs 2(2), 3(1).

9 The prescribed conditions are that (1) the Water Resources Act 1991 s 191A applies; or (2) the Agency considers that the activities which are the subject matter of the application are unlikely to have an appreciable effect on controlled waters in the locality in which those activities are proposed to be carried on; or (3) the application was made before 1 April 1997 and it related to discharges of a kind which the applicant, or a predecessor of his, was authorised to make by virtue of a consent to which the Environment Act 1995 s 120(2), Sch 23 para 21 applied (transitional provisions) but notice in accordance with Sch 23 para 21(2)(b)(ii) was not given by him or his predecessor: see the Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 4(a)-(c).

10 Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 4. In any case where the Environment Agency so determines, the application is exempt from the requirements of the Water Resources Act 1991 s 90A(1)(b) or, as the case may be, of Sch 10 para 1(1)(b): Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 4.

11 As to the service of notices see **WATER AND WATERWAYS** vol 100 (2009) PARA 22.

12 In any application under the Water Resources Act 1991 Sch 10 para 1: see PARA 300.

13 Persons are prescribed to be consulted for these purposes on any description of application if they are persons specified for the purposes of applications of that description in regulations made by the Secretary of State or, in relation to Wales, by the Welsh Ministers: Water Resources Act 1991 Sch 10 para 2(4)(a) (Sch 10 substituted by the Environment Act 1995 Sch 22 para 183). The prescribed persons are (1) every local authority or water undertaker within whose area any of the proposed discharges are to be made; (2) the Secretary of State or the Welsh Ministers if any of the proposed discharges are to be made into coastal waters, relevant territorial waters or waters outside the seaward limits of relevant territorial waters; (3) the harbour authority within the meaning of the Harbours Act 1964 s 57(1) (ie any person in whom are vested statutory powers or duties of improving, maintaining or managing a harbour) if any of the proposed discharges are to be made into a harbour managed by the authority; and (4) the local fisheries committee, if any of the proposed discharges are to be made into relevant territorial waters or coastal waters within the sea fisheries district of that committee: Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 5(1). The statutory wording in head (2) above is 'each of the ministers'; but see the Ministry of Agriculture, Fisheries and Food (Dissolution) Order 2002, SI 2002/794. The statutory consultation requirements do not, however, apply in relation to any of the bodies mentioned in head (1) or heads (3)-(4) above in so far as they would require the disclosure of any information which is not to be included in a register by virtue of the Water Resources Act 1991 s 191A or 191B; or in relation to an application for, or for the variation of, a discharge consent which need not be advertised as a result of an exemption under the Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 4 (see the text and notes 9-10): reg 5(3). As to the meaning of 'local authority' see PARA 99; as to the meaning of 'water undertaker' see **WATER AND WATERWAYS** vol

100 (2009) PARA 137 note 4; as to the meaning of 'coastal waters' and 'relevant territorial waters' see PARA 289; and as to local fisheries committees see **AGRICULTURE AND FISHERIES** vol 1(2) (2007 Reissue) PARA 964 et seq.

14 Persons are directed to be consulted for these purposes on any particular application if the Secretary of State or the Welsh Ministers specify them in a direction given to the Agency: Water Resources Act 1991 Sch 10 para 2(4)(b) (as substituted: see note 13).

15 Water Resources Act 1991 Sch 10 para 2(1) (as substituted: see note 13). The 'specified period for notification' is the period specified in the regulations or in the direction: Sch 10 para 2(4) (as so substituted). The specified period for notification of the persons mentioned in note 13 heads (1)-(4) above is the period of 14 days beginning with the relevant date; and for these purposes 'relevant date' has the same meaning as in the Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 3 (see note 6): reg 5(2).

16 The period allowed for making representations is (1) in the case of persons prescribed or directed to be consulted, the period of six weeks beginning with the date on which notice of the application was given to them; and (2) in the case of other persons, the period of six weeks beginning with the last date on which the making of the application was advertised in pursuance of the Water Resources Act 1991 Sch 10 para 1(1)(b) (see PARA 300): Sch 10 para 2(6) (as substituted: see note 13; amended by virtue of Sch 10 para 2(7) (as so substituted) (Secretary of State's or Welsh Ministers' power by regulations to substitute for any period for the time being specified in head (1) or head (2) above such other period as he or they consider appropriate); and by the Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 5(4)).

17 Water Resources Act 1991 Sch 10 para 2(3), (5) (as substituted: see note 13).

18 As to the meaning of 'information' see **WATER AND WATERWAYS** vol 100 (2009) PARA 117 note 13.

19 Water Resources Act 1991 Sch 10 para 2(2) (as substituted: see note 13). See the Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 5(3); and note 13.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(iii) Authorisation of Discharges, Deposits and Other Activities/B. AUTHORISATION OF DISCHARGES/302. Consideration and determination of applications.

302. Consideration and determination of applications.

On an application for a consent for any discharges into controlled waters¹, the Environment Agency² is under a duty, if the statutory requirements³ are complied with, to consider whether to give the consent applied for, either unconditionally or subject to conditions⁴, or to refuse it⁵. Unless otherwise agreed in writing between the Agency and the applicant, the applicant may treat the consent applied for as having been refused if it is not given within the period of four months beginning with the day on which the application is received⁶. The Secretary of State or, in relation to Wales, the Welsh Ministers may give the Agency a direction with respect to any particular application, or any description of applications, for consent requiring the Agency not to determine or not to proceed with the application, or applications of that description, until the expiry of any such period as may be specified in the direction, or until directed by him that it may do so⁷.

The conditions subject to which a consent may be given are such as the Agency may think fit and, in particular, may include conditions:

- 378 (1) as to the places at which the discharges to which the consent relates may be made and as to the design and construction of any outlets for the discharges;
- 379 (2) as to the nature, origin, composition, temperature, volume and rate of the discharges and as to the periods during which the discharges may be made;
- 380 (3) as to the steps to be taken, in relation to the discharges or by way of subjecting any substance likely to affect the description of matter discharged to treatment or any other process, for minimising the polluting effects of the discharges on any controlled waters;
- 381 (4) as to the provision of facilities for taking samples of the matter discharged and, in particular, as to the provision, maintenance and use of manholes, inspection chambers, observation wells and boreholes in connection with the discharges;
- 382 (5) as to the provision, maintenance and testing of meters for measuring or recording the volume and rate of the discharges and apparatus for determining the nature, composition and temperature of the discharges;
- 383 (6) as to the keeping of records of the nature, origin, composition, temperature, volume and rate of the discharges and, in particular, of records⁸ of readings of meters and other recording apparatus provided in accordance with any other condition attached to the consent; and
- 384 (7) as to the making of returns and the giving of other information to the authority about the nature, origin, composition, temperature, volume and rate of the discharges⁹.

Where any person, having made an application to the Agency for a consent, has failed to comply with his obligation¹⁰ to provide information to the Agency, the Agency may refuse to proceed with the application, or refuse to proceed with it until the information is provided¹¹.

¹ ie an application under the Water Resources Act 1991 s 88(2), Sch 10 para 1: see PARA 300. As to the meaning of 'controlled waters' see PARA 289.

2 As to the Environment Agency see PARA 68 et seq; and as to its pollution control functions generally see PARA 75.

3 le the requirements of the Water Resources Act 1991 Sch 10 para 1 and of any regulations made thereunder and of any regulations made, or any directions given, under Sch 10 para 2 (see PARA 301): Sch 10 para 3(1)(a), (b) (Sch 10 substituted by the Environment Act 1995 Sch 22 para 183).

4 As to the conditions that may be imposed see heads (1)-(7) in the text. A consent may be given subject to different conditions in respect of different periods: Water Resources Act 1991 Sch 10 para 3(4) (as substituted: see note 3). It is submitted that this power to impose conditions is analogous to planning conditions and that the criteria for determining the validity of conditions set out in *Newbury District Council v Secretary of State for the Environment* [1981] AC 578, [1980] 1 All ER 731, HL will be applicable. See JH Bates *Water and Drainage Law* (1990) PARA 10.92. See also *Taylor Woodrow Property Management Ltd v National Rivers Authority* (1994) 158 JP 1101, [1995] Env LR 52 (conditions having character of positive obligations; liability for failure or omission to comply, even though no act of discharge was committed). See also PARA 294 note 3 as to the effectiveness of blanket conditions, and the status of matter discharged in effluent that is not subject to a specific condition.

5 Water Resources Act 1991 Sch 10 para 3(1) (as substituted: see note 3). As there is no right of appeal against the determination of a consent by third parties affected by the determination of the consent, judicial review will be the only method by which a determination may be challenged by such a party. The parties to the application, however, have a statutory right of appeal: see PARA 311.

6 Water Resources Act 1991 Sch 10 para 3(2) (as substituted: see note 3). The Secretary of State or, in relation to Wales, the Welsh Ministers may, by regulations, substitute for any period for the time being specified in Sch 10 para 3(2) such other period as he or they consider appropriate: Sch 10 para 3(5) (as so substituted). As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59. As to the making of regulations generally see **WATER AND WATERWAYS** vol 100 (2009) PARA 21. At the date at which this title states the law, no such regulations had been made.

7 Water Resources Act 1991 Sch 10 para 4 (as substituted: see note 3).

8 As to the meaning of 'records' see **WATER AND WATERWAYS** vol 100 (2009) PARA 117 note 13.

9 Water Resources Act 1991 Sch 10 para 3(4) (as substituted: see note 3).

10 le under the Water Resources Act 1991 Sch 10 para 1(3) or (4): see PARA 300.

11 Water Resources Act 1991 Sch 10 para 3(3) (as substituted: see note 3).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(iii) Authorisation of Discharges, Deposits and Other Activities/B. AUTHORISATION OF DISCHARGES/303. Reference of certain applications to the Secretary of State or the Welsh Ministers.

303. Reference of certain applications to the Secretary of State or the Welsh Ministers.

The Secretary of State or, in relation to Wales, the Welsh Ministers¹, may, either in consequence of representations or objections made to him or to them or otherwise, direct the Environment Agency² to transmit to him or to the Welsh Ministers for his or their determination such applications for consent to any discharges into controlled waters³ as are specified in the direction or are of a description specified in it⁴. Where any such direction is given, the Agency must comply with it and must inform every applicant to whose application the direction relates of the transmission of his application to the Secretary of State or the Welsh Ministers⁵.

Where an application is transmitted to him or to them under these provisions, the Secretary of State or the Welsh Ministers may at any time after the application is transmitted and before it is granted or refused cause a local inquiry⁶ to be held with respect to the application, or afford the applicant and the Agency an opportunity of appearing before, and being heard by, a person appointed by the Secretary of State or the Welsh Ministers for the purpose⁷. The Secretary of State or the Welsh Ministers must exercise this power in any case where a request to be heard with respect to the application is made to him or to them in the prescribed manner by the applicant or by the Agency⁸.

It is the Secretary of State's or the Welsh Ministers' duty, if these requirements and the requirements of any regulations made under these provisions⁹ are complied with, to determine an application for consent transmitted to him or to them by the Agency by directing the Agency to refuse its consent or to give its consent¹⁰ either unconditionally or subject to such conditions as are specified in the direction¹¹.

1 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59. There is a discretion vested in the Secretary of State as to whether to accede to a request for a transmission. The court will not interfere with this discretion unless the Secretary of State has failed to transmit when it was the only course that could have been taken: see *Rhys Williams v Secretary of State for Wales and the Welsh Water Authority and Taff Ely Borough Council* [1985] JPL 29, CA.

2 As to the Environment Agency see PARA 68 et seq; and as to its pollution control functions generally see PARA 75.

3 I.e. applications for consent under the Water Resources Act 1991 s 88(2), Sch 10 para 1: see PARA 300. As to the meaning of 'controlled waters' see PARA 289.

4 Water Resources Act 1991 Sch 10 para 5(1) (Sch 10 substituted by the Environment Act 1995 Sch 22 para 183).

5 Water Resources Act 1991 Sch 10 para 5(2) (as substituted: see note 4). Schedule 10 paras 1(1), 2 (see PARAS 300-301) have effect in relation to an application so transmitted to the Secretary of State or the Welsh Ministers with such modifications as may be prescribed: Sch 10 para 5(3) (as so substituted). As to the meaning of 'modifications' see **WATER AND WATERWAYS** vol 100 (2009) PARA 141 note 20. 'Prescribed' means prescribed by regulations made by the Secretary of State: see s 221(1). The prescribed modification is that representations made to the Environment Agency within the period allowed for making representations must, instead of being considered by the Agency, be sent by the Agency to the Secretary of State or the Welsh Ministers and be considered by him or by them along with any representations made by the Agency: Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 6(1), (2).

- 6 As to the procedure at such an inquiry see the Environment Act 1995 s 53(2); and PARA 89.
- 7 Water Resources Act 1991 Sch 10 para 5(4) (as substituted: see note 4).
- 8 Water Resources Act 1991 Sch 10 para 5(5) (as substituted: see note 4). A request to be heard by the applicant or the Agency with respect to the application must be made in writing to the Secretary of State or the Welsh Ministers within the period of 28 days beginning with the day on which the applicant is informed by the Agency of the transmission of his application to the Secretary of State or the Welsh Ministers: Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 6(3).
- 9 Without prejudice to any of the provisions of the Water Resources Act 1991 Sch 10 para 5(1)-(6), the Secretary of State or the Welsh Ministers may by regulations make provision for the purposes of, and in connection with, the consideration and disposal by him or by them of applications so transmitted to him or to them: Sch 10 para 5(7) (as substituted: see note 4).
- 10 Ie under the Water Resources Act 1991 Sch 10 para 3: see PARA 302.
- 11 Water Resources Act 1991 Sch 10 para 5(6) (as substituted: see note 4).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(iii) Authorisation of Discharges, Deposits and Other Activities/B. AUTHORISATION OF DISCHARGES/304. Consents without applications.

304. Consents without applications.

If it appears to the Environment Agency¹ that a person has caused or permitted² effluent³ or other matter to be discharged in contravention⁴ (1) of the obligation not to discharge trade or sewage effluent⁵ into any controlled waters⁶ or from land through a pipe⁷ into the sea outside their seaward limits⁸; or (2) of any statutory prohibition⁹, and that a similar contravention by that person is likely, the Agency may, if it thinks fit, serve on him¹⁰ an instrument in writing giving its consent, subject to any conditions¹¹ specified in the instrument, for discharges of a description so specified¹². A consent so given may not relate to any discharge which occurred before the instrument containing the consent was served on the recipient of the instrument¹³.

Where such a consent has been given, the Agency must publish notice of the consent in the manner prescribed¹⁴ by the Secretary of State or, in relation to Wales, by the Welsh Ministers, and send copies of the instrument containing it to the prescribed persons and bodies¹⁵. The Agency is entitled to recover the expenses of publication from the person on whom the instrument containing the consent was served¹⁶.

It is the Agency's duty to consider any representations or objections with respect to such a consent as are duly made¹⁷ to it and have not been withdrawn¹⁸.

1 As to the Environment Agency see PARA 68 et seq; and as to its pollution control functions generally see PARA 75.

2 See PARA 291.

3 As to the meaning of 'effluent' see **WATER AND WATERWAYS** vol 100 (2009) PARA 262 note 31.

4 As to the meaning of 'contravention' see **WATER AND WATERWAYS** vol 100 (2009) PARA 20 note 5.

5 As to the meanings of 'trade effluent' and 'sewage effluent' see **WATER AND WATERWAYS** vol 100 (2009) PARA 304 note 5.

6 As to the meaning of 'controlled waters' see PARA 289.

7 As to the meaning of 'pipe' see **WATER AND WATERWAYS** vol 100 (2009) PARA 187 note 2.

8 Ie the obligation imposed by virtue of the Water Resources Act 1991 s 85(3): see PARA 291 at head (3) in the text.

9 Ie any prohibition imposed under the Water Resources Act 1991 s 86: see PARA 292.

10 As to the service of notices and documents see **WATER AND WATERWAYS** vol 100 (2009) PARA 22.

11 The Water Resources Act 1991 s 88(2), Sch 10 para 3(4) (conditions that may be imposed: see PARA 302 at heads (1)-(7) in the text) has effect in relation to a consent so given as it has effect in relation to a consent given under Sch 10 para 3: Sch 10 para 6(3) (Sch 10 substituted by the Environment Act 1995 Sch 22 para 183).

12 Water Resources Act 1991 Sch 10 para 6(1) (as substituted: see note 11).

13 Water Resources Act 1991 Sch 10 para 6(2) (as substituted: see note 11).

14 'Prescribed' means prescribed by regulations made by the Secretary of State: see the Water Resources Act 1991 s 221(1). As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59. Notice of any such discharge consent must be published, within the period of 28 days beginning with the relevant date, in one or more newspapers circulating in the locality in which the discharges are made and in the locality in which the controlled waters which may be affected by the discharges are situated; and also in the London Gazette: Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 7, Sch 1 paras 1(1), 2(1). The notice must (1) state the name of the person to whom the discharge consent was given; (2) specify where the discharges are made; (3) describe briefly the nature of the discharges; (4) state where the register containing information about the discharges may be inspected, the times at which the register is open for inspection and that the register may be inspected free of charge; (5) explain that any person may make representations in writing to the Environment Agency, specify when the period allowed for making representations ends and give the address of the Agency to which representations are to be sent: Sch 1 para 1(2). Nothing in these provisions, however, requires the disclosure of any information which is not to be included in a register by virtue of the Water Resources Act 1991 s 191A or 191B (exclusion from registers of information affecting national security and of certain confidential information) (see **WATER AND WATERWAYS** vol 100 (2009) PARAS 269-270): Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, Sch 1 para 1(3).

For these purposes, the relevant date, in relation to any discharge consent, is the date on which it comes into force: Sch 1 para 2(2). In a case, however, where a matter falls to be determined under the Water Resources Act 1991 s 191A, the relevant date is the date on which the Secretary of State or, in relation to Wales, the Welsh Ministers notify the applicant of his determination; and in a case where a matter falls to be determined under s 191B, the relevant date is (1) if the Environment Agency determines under s 191B(4) that the information in question is commercially confidential, the date on which the Agency notifies the applicant of its decision; (2) if the Agency determines under s 191B(4) that the information in question is not commercially confidential, the date (a) on which the period for appealing expires without an appeal having been made; (b) on which the Secretary of State notifies the applicant of his final determination of the appeal; or (c) on which the appeal is withdrawn: Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, Sch 1 para 2(3), (4).

15 Water Resources Act 1991 Sch 10 para 6(4) (as substituted: see note 11). Copies of the discharge consent must be sent, within the period of 28 days beginning with the relevant date (within the meaning of the Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, Sch 1 para 2: see note 14), to (1) every local authority or water undertaker within whose area any of the discharges are made; (2) the Secretary of State or the Welsh Ministers, if any of the discharges are made into coastal waters, relevant territorial waters or waters outside the seaward limits of relevant territorial waters; (3) the harbour authority (within the meaning of the Harbours Act 1964 s 57(1) (see PARA 301 note 13) if any of the discharges are made into a harbour managed by the authority; and (4) the local fisheries committee, if any of the discharges are made into relevant territorial waters or coastal waters within the sea fisheries district of that committee: Control of Pollution (Applications, Appeals and Registers) Regulations 1996 Sch 1 para 3(1), (5). The statutory wording in head (2) above is 'each of the ministers'; but see the Ministry of Agriculture, Fisheries and Food (Dissolution) Order 2002, SI 2002/794. Nothing in this provision, however, requires the disclosure in relation to any of the bodies mentioned in heads (1), (3)-(4) above of any information which is not to be included in a register by virtue of the Water Resources Act 1991 s 191A or 191B: Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, Sch 1 para 3(4).

16 See the Water Resources Act 1991 Sch 10 para 6(6) (as substituted: see note 11).

17 It is made in such manner, and within such period, as may be prescribed by the Secretary of State or the Welsh Ministers: Water Resources Act 1991 Sch 10 para 6(5) (as substituted: see note 11). The period allowed for making representations or objections is (1) in the case of a person who is required to be consulted under the Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, Sch 1 para 3(1) (see note 15), the period of six weeks beginning with the date on which a copy of the discharge consent is sent to him; and (2) in the case of any other person, the period of six weeks beginning with the last date on which the making of the application was advertised under Sch 1 para 1(1) (see note 14): Sch 1 para 3(4).

18 Water Resources Act 1991 Sch 10 para 6(5) (as substituted: see note 11).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(iii) Authorisation of Discharges, Deposits and Other Activities/B. AUTHORISATION OF DISCHARGES/305. Consents required by the Environment Agency for its own discharges.

305. Consents required by the Environment Agency for its own discharges.

The Secretary of State or, in relation to Wales, the Welsh Ministers¹, may by regulations (1) make provision modifying the water pollution provisions² of the Water Resources Act 1991 in relation to cases in which consents³ are required by the Environment Agency⁴; and (2) make such other modifications⁵ of those provisions as may be prescribed⁶ for the purposes of the application of the relevant provisions in relation to discharges by the Agency⁷.

An application by the Agency for a consent⁸ for any discharges must be made to the Secretary of State or the Welsh Ministers in writing accompanied by such information as he or they may require⁹, and must be advertised by the Agency in the prescribed manner¹⁰. Within the period of 28 days beginning with the date on which any such application is made, the Agency must give notice of the application, together with a copy of it, to the prescribed persons and bodies¹¹. If all these requirements are complied with, the Secretary of State or the Welsh Ministers is under a duty, on such an application, to consider whether to give the consent applied for, either conditionally or subject to conditions¹², or to refuse it¹³. Any representations made by any persons within the period allowed¹⁴, and not withdrawn, must be considered by the Secretary of State or the Welsh Ministers in determining the application¹⁵. Before determining an application, the Secretary of State or the Welsh Ministers may, and must if the Agency requests him or them to do so, cause a local inquiry to be held with respect to the application, or afford the Agency an opportunity of appearing before, and being heard by, a person appointed by the Secretary of State or the Welsh Ministers for the purpose¹⁶.

The Agency also may make an application in writing to the Secretary of State or the Welsh Ministers for the variation of a consent so given¹⁷.

1 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

2 'Water pollution provisions' means: (1) the provisions of the Water Resources Act 1991 Pt III (ss 82-104) (see PARA 289 et seq); (2) ss 161-161D, s 190, s 202, and s 203 (see PARAS 321 et seq, 343, 345, 346); (3) s 210(1), Sch 25 para 4, and s 211 so far as relating to byelaws made under Sch 25 para 4 (see PARA 333); and (4) the Environment Act 1995 s 53(1), (2) (see PARA 89): Water Resources Act 1991 s 221(1) (definition amended by the Environment Act 1995 Sch 22 para 177(10)).

3 Ie consents under the Water Resources Act 1991 Pt III Ch II (ss 85-91): see PARA 291 et seq.

4 As to the Environment Agency see PARA 68 et seq; and as to its pollution control functions generally see PARA 75.

5 As to the meaning of 'modifications' see **WATER AND WATERWAYS** vol 100 (2009) PARA 141 note 20.

6 'Prescribed' means prescribed by regulations made by the Secretary of State: see the Water Resources Act 1991 s 221(1). See note 7.

7 Water Resources Act 1991 s 99(1) (s 99 amended by the Environment Act 1995 Sch 22 para 128). Without prejudice to the generality of this provision, regulations so made may provide for such consents as are mentioned in head (1) in the text to be required to be given by the Secretary of State or by the Welsh Ministers, instead of by the Environment Agency, and, in prescribed cases, to be deemed to have been so given: Water Resources Act 1991 s 99(2) (as so amended). In exercise of this power, the Secretary of State has made the

Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 14(2), Sch 2: see the text and notes 8-15.

8 le a consent for the purposes of the Water Resources Act 1991 s 88(1)(a): see PARA 294. An application made in accordance with these provisions which relates to proposed discharges at two or more places may be treated by the Secretary of State or the Welsh Ministers as separate applications for consents for discharges at each of those places: Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, Sch 2 para 1(5).

9 Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, Sch 2 para 1(1). The Secretary of State or the Welsh Ministers may give the Environment Agency notice requiring it to provide him or the Welsh Ministers with such further information of any description specified in the notice as he or they may require for the purpose of determining the application: Sch 2 para 1(4).

10 Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, Sch 2 para 1(1). Notice of the application must be published within the period of 28 days beginning with the date on which the application is received in one or more newspapers circulating in the locality in which the proposed discharges are to be made and in the locality in which the controlled waters likely to be affected by the proposed discharges are situated, and also in the London Gazette: Sch 2 para 1(2). The notice must (1) state that the application is made by the Environment Agency; (2) specify where the discharges are proposed to be made; (3) describe briefly the nature of the proposed discharges; (4) state where the register containing information about the application may be inspected, the times at which the register is open for inspection and that the register may be inspected free of charge; and (5) explain that any person may make representations in writing to the Secretary of State or the Welsh Ministers, specify when the period allowed for making representations ends and give the address to which representations are to be sent: Sch 2 para 1(3).

11 Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, Sch 2 para 2(1). The prescribed persons and bodies are (1) every local authority or water undertaker within whose area any of the proposed discharges are to be made; (2) the Secretary of State or the Welsh Ministers if any of the proposed discharges are to be made into coastal or relevant territorial waters, or waters outside the seaward limits of relevant territorial waters, which are in or adjacent to England; (3) the harbour authority (within the meaning of the Harbours Act 1964 s 57(1): see PARA 301 note 13) if any of the proposed discharges are to be made into a harbour managed by the authority; and (4) the local fisheries committee, if any of the proposed discharges are to be made into relevant territorial waters or coastal waters within the sea fisheries district of that committee: Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, Sch 2 para 2(1).

12 The conditions subject to which a consent may be so given are such as the Secretary of State or the Welsh Ministers may think fit and may, in particular, include conditions (1) as to the places at which the discharges to which the consent relates may be made and as to the design and construction of any outlets for the discharges; (2) as to the nature, origin, composition, temperature, volume and rate of the discharges and as to the periods during which the discharges may be made; (3) as to the steps to be taken, in relation to the discharges or by way of subjecting any substance likely to affect the description of matter discharged to treatment or any other process, for minimising the polluting effects of the discharges on any controlled waters; (4) as to the provision of facilities for taking samples of the matter discharged and, in particular, as to the provision, maintenance and use of manholes, inspection chambers, observation wells and boreholes in connection with the discharges; (5) as to the provision, maintenance and testing of meters for measuring or recording the volume and rate of the discharges and apparatus for determining the nature, composition and temperature of the discharges; (6) as to the keeping of records of the nature, origin, composition, temperature, volume and rate of the discharges and, in particular, of records of readings of meters and other recording apparatus provided in accordance with any other conditions attached to the consent; and (7) as to the making of returns and the giving of other information to the Secretary of State or the Welsh Ministers about the nature, origin, composition, temperature, volume and rate of the discharges; and a consent may be given subject to different conditions in respect of different periods: Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, Sch 2 para 3(2).

13 Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, Sch 2 para 3(1).

14 The period allowed for making representations is (1) in the case of persons given notice of the application under the Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, Sch 2 para 2(1) (see note 13), the period of six weeks beginning with the date on which the notice was given thereunder; and (2) in the case of other persons, the period of six weeks beginning with the last date on which the making of the application was advertised under Sch 2 para 1(2) (see note 10): Sch 2 para 2(3).

15 Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, Sch 2 para 2(2).

16 Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, Sch 2 para 3(3). As to local inquiries see **WATER AND WATERWAYS** vol 101 (2009) PARA 657.

17 See the Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, Sch 2 para 5(1). The application must be accompanied by such information as the Secretary of State may require: Sch 2 para 5(1). The provisions of Sch 2 paras 1-3 apply, with the necessary modifications, to applications under Sch 2 para 5(1), and to the variation of consents in pursuance of such applications, as they apply to applications for, and the grant of, consents: Sch 2 para 5(2).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(iii) Authorisation of Discharges, Deposits and Other Activities/B. AUTHORISATION OF DISCHARGES/306. Revocation of consents and alteration and imposition of conditions.

306. Revocation of consents and alteration and imposition of conditions.

The Environment Agency¹ may from time to time review any consent it has given for any discharges into controlled waters² and the conditions, if any, to which the consent is subject³. Where the Agency has reviewed a consent, it may⁴ by a notice served⁵ on the person making the discharge in pursuance of the consent, revoke it⁶, make modifications⁷ of its conditions⁸ or provide, if the consent is unconditional, that it is to be subject to such conditions as may be specified in the notice⁹. If on such a review it appears to the Agency that no discharge has been made in pursuance of the consent to which the review relates at any time during the preceding 12 months, it may revoke the consent by a notice served on its holder¹⁰.

If it appears to him or to the Welsh Ministers appropriate to do so:

- 385 (1) for the purpose of enabling her Majesty's government in the United Kingdom¹¹ to give effect to any Community obligation¹² or to any international agreement to which the United Kingdom is for the time being a party;
- 386 (2) for the protection of public health or of flora and fauna dependent on an aquatic environment; or
- 387 (3) in consequence of any representations or objections made to him or to it or otherwise,

the Secretary of State or, in relation to Wales, the Welsh Ministers¹³ may at any time¹⁴ direct the Agency to revoke or modify a consent or, if it is an unconditional consent, to provide that it is to be subject to conditions¹⁵. The Agency is liable to pay compensation to any person in respect of any loss or damage¹⁶ sustained by that person as a result of the Agency's compliance with a direction given in relation to any consent by virtue of head (2) above if (a) in complying with that direction, the Agency does anything which it would otherwise be precluded from doing by a restriction imposed¹⁷ on the variation and revocation of the consent; and (b) the direction is not shown to have been given in consequence of a change of circumstances which could not reasonably have been foreseen at the beginning of the period to which the restriction relates, or in consequence of consideration by the Secretary of State or the Welsh Ministers of material information¹⁸ which was not reasonably available to the Agency at the beginning of that period¹⁹.

In addition, the holder of a consent may apply to the Agency, on a form provided for that purpose by the Agency, for the variation of the consent²⁰.

Each instrument signifying the consent of the Agency must, however, specify a period during which:

- 388 (i) no notice revoking the consent may be served by the Agency after a review²¹;
- 389 (ii) no notice revoking or modifying a consent or attaching conditions to an unconditional consent may be served by the Agency by virtue of a direction given under head (3) above²²; and
- 390 (iii) no notice modifying a consent or attaching conditions to an unconditional consent may be served by the Agency after a review²³ without the agreement of the holder of the consent²⁴.

Each such notice as is mentioned in heads (i) to (iii) above, except a notice which only revokes a consent, must specify a period during which a subsequent such notice which alters the effect of the first-mentioned notice must not be served except, in the case of such a notice as is mentioned in head (iii) above, with the agreement of the holder of the consent²⁵. Unless the person who proposes to make or makes discharges in pursuance of the consent otherwise agrees, the specified period must not be less than four years²⁶.

These restrictions do not, however, prevent the service by the Agency of such a notice in respect of a consent given without an application for it having been made²⁷ if the notice is served not more than three months after the beginning of the prescribed period²⁸ for making representations and objections with respect to the consent and the Agency or, as the case may be, the Secretary of State or the Welsh Ministers consider, in consequence of any representations or objections received by it or him, or by the Welsh Ministers, within that period, that it is appropriate for the notice to be served²⁹. Nor do they prevent, in the case of such a consent, the service of such a notice as is mentioned in head (ii) or head (iii) above if the holder has applied³⁰ for a variation³¹.

The Secretary of State or the Welsh Ministers may from time to time review any consent given to the Agency³² and the conditions, if any, to which it is subject, and may by a notice served on the Agency revoke the consent, make modifications of its conditions or, in the case of an unconditional consent, provide that it is to be subject to such conditions as may be specified in the notice³³.

1 As to the Environment Agency see PARA 68 et seq; and as to its pollution control functions generally see PARA 75.

2 In any consent under the Water Resources Act 1991 s 88(2), Sch 10 para 3 or 6: see PARAS 302, 304. As to the meaning of 'controlled waters' see PARA 289.

3 Water Resources Act 1991 Sch 10 para 7(1) (Sch 10 substituted by the Environment Act 1995 Sch 22 para 183).

4 In subject to the restrictions on the exercise of this power imposed under the Water Resources Act 1991 Sch 10 para 8: see the text and notes 21-31.

5 As to the service of notices see **WATER AND WATERWAYS** vol 100 (2009) PARA 22.

6 Water Resources Act 1991 Sch 10 para 7(2)(a) (as substituted: see note 3).

7 As to the meaning of 'modifications' see **WATER AND WATERWAYS** vol 100 (2009) PARA 141 note 20.

8 Water Resources Act 1991 Sch 10 para 7(2)(b) (as substituted: see note 3). As to the conditions that may be attached to a consent see PARA 302 at heads (1)-(7) in the text.

9 Water Resources Act 1991 Sch 10 para 7(2)(c) (as substituted: see note 3).

10 Water Resources Act 1991 Sch 10 para 7(3) (as substituted: see note 3).

11 As to the meaning of 'United Kingdom' see PARA 1 note 2.

12 'Community obligation' means such an obligation within the meaning of the European Communities Act 1972: see the Interpretation Act 1978 s 5, Sch 1. As to such obligations see PARA 23 et seq; and **WATER AND WATERWAYS** vol 100 (2009) PARAS 7, 8.

13 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59. There is no restriction on who can make representations or objections under head (3) in the text; thus third parties potentially affected by the application may lodge objections.

14 See note 4.

- 15 Water Resources Act 1991 Sch 10 para 7(4) (as substituted: see note 3).
- 16 As to the meaning of 'damage', in relation to an individual, see **WATER AND WATERWAYS** vol 100 (2009) PARA 129 note 7.
- 17 Ie under the Water Resources Act 1991 Sch 10 para 8: see the text and notes 21-31.
- 18 For these purposes, information is material, in relation to a consent, if it relates to any discharge made or to be made by virtue of the consent, to the interaction of any such discharge with any other discharge or to the combined effect of the matter discharged and any other matter: Water Resources Act 1991 Sch 10 para 7(6) (as substituted: see note 3). As to the meaning of 'information' see **WATER AND WATERWAYS** vol 100 (2009) PARA 117 note 13.
- 19 Water Resources Act 1991 Sch 10 para 7(5) (as substituted: see note 3). The Environment Agency will only be liable to pay compensation if the variation occurs during the protected period: see the text and notes 25-26.
- 20 Water Resources Act 1991 Sch 10 para 10(1) (as substituted: see note 3). The provisions of Sch 10 paras 1-5 (see PARAS 300-303) apply with the necessary modifications to such applications, and to the variation of consents in pursuance of such applications, as they apply to applications for, and the grant of, consents: Sch 10 para 10(2) (as so substituted). See the Control of Pollution (Channel Tunnel Rail Link) Regulations 1998, SI 1998/1649, which were made under a number of provisions of the Water Resources Act 1991 including Sch 10 para 10(2).
- 21 Ie no notice by virtue of the Water Resources Act 1991 Sch 10 para 7(2)(a): see the text and note 6.
- 22 Ie no notice by virtue of the Water Resources Act 1991 Sch 10 para 7(4)(c): see head (3) in the text.
- 23 Ie no notice by virtue of the Water Resources Act 1991 Sch 10 para 7(2)(b) or (c): see the text and notes 7-9.
- 24 Water Resources Act 1991 Sch 10 para 8(1) (as substituted: see note 3).
- 25 Water Resources Act 1991 Sch 10 para 8(2) (as substituted: see note 3).
- 26 Water Resources Act 1991 Sch 10 para 8(3) (as substituted: see note 3). This replaces the previous protected period under Sch 10 (as originally enacted) of two years. The period begins (1) in the case of a period specified under Sch 10 para 8(1) (see the text and notes 21-24) with the day on which the consent takes effect; and (2) in the case of a period specified under Sch 10 para 8(2) (see the text and note 25) with the day on which the notice specifying that period is served: Sch 10 para 8(3) (as so substituted).
- 27 Ie a consent under the Water Resources Act 1991 Sch 10 para 6: see PARA 304.
- 28 Ie the period prescribed under the Water Resources Act 1991 Sch 10 para 6(5): see PARA 304.
- 29 Water Resources Act 1991 Sch 10 para 8(4) (as substituted: see note 3).
- 30 Ie under the Water Resources Act 1991 Sch 10 para 10: see the text and note 20.
- 31 Water Resources Act 1991 Sch 10 para 8(5) (as substituted: see note 3).
- 32 Ie any consent given under the Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 14(2), Sch 2 para 3: see PARA 305.
- 33 Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, Sch 2 para 4(1), (2).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(iii) Authorisation of Discharges, Deposits and Other Activities/B. AUTHORISATION OF DISCHARGES/307. General review of consents.

307. General review of consents.

If it appears appropriate to him or to them to do so, the Secretary of State or, in relation to Wales, the Welsh Ministers¹ may at any time direct the Environment Agency² to review the consents given for any discharges into controlled waters³ or any description of such consents and the conditions, if any, to which those consents are subject⁴. After carrying out a review pursuant to such a direction, the Agency must submit to the Secretary of State or the Welsh Ministers its proposals, if any, for the modification⁵ of the conditions of any consent so reviewed, or, in the case of any unconditional consent so reviewed, for subjecting it to conditions⁶.

Where the Secretary of State or the Welsh Ministers have received any proposals in relation to any consent from the Agency following the review, he or the Welsh Ministers may, if it appears to him or to them appropriate to do so, direct the Agency to modify the conditions of the consent⁷ or, in the case of an unconditional consent, to attach conditions⁸ to it⁹; but the direction may only direct the Agency to do any such thing in relation to any consent as it has proposed, or any such thing with such modifications as appear to the Secretary of State or the Welsh Ministers to be appropriate¹⁰.

1 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

2 As to the Environment Agency see PARA 68 et seq; and as to its pollution control functions generally see PARA 75.

3 I.e. consents given under the Water Resources Act 1991 s 88(2), Sch 10 para 3 or 6: see PARAS 302, 304. As to the meaning of 'controlled waters' see PARA 289.

4 Water Resources Act 1991 Sch 10 para 9(1) (Sch 10 substituted by the Environment Act 1995 Sch 22 para 183). Such a direction must specify the purpose for which, and may specify the manner in which, the review is to be conducted: Water Resources Act 1991 Sch 10 para 9(2) (as so substituted). The Environment Agency has, for example, been required to review discharge consents to ensure compliance with the Habitats Directive (EC Council Directive 92/43 (OJ L206, 22.07.92, p 07): see PARA 54) and the Conservation (Natural Habitats etc) Regulations 1994, SI 1994/2716. As to that Directive and the 1994 Regulations which implement it see **WATER AND WATERWAYS** vol 101 (2009) PARA 679. However see now also the Conservation of Habitats and Species Regulations 2010, SI 2010/490 (which replace and consolidate the 1994 Regulations); and **OPEN SPACES AND COUNTRYSIDE**.

5 As to the meaning of 'modifications' see **WATER AND WATERWAYS** vol 100 (2009) PARA 141 note 20.

6 Water Resources Act 1991 Sch 10 para 9(3) (as substituted: see note 4).

7 I.e. to do anything mentioned in the Water Resources Act 1991 Sch 10 para 7(2)(b): see PARA 306 the text and notes 7-8.

8 I.e. to do anything mentioned in the Water Resources Act 1991 Sch 10 para 7(2)(c): see PARA 306 the text and note 8. As to the conditions that may be attached see PARA 302 at heads (1)-(7) in the text.

9 Water Resources Act 1991 Sch 10 para 9(4) (as substituted: see note 4).

10 Water Resources Act 1991 Sch 10 para 9(5) (as substituted: see note 4).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(iii) Authorisation of Discharges, Deposits and Other Activities/B. AUTHORISATION OF DISCHARGES/308. Transfer of consents.

308. Transfer of consents.

A consent for any discharges into controlled waters¹ may be transferred by the holder to a person who proposes to carry on the discharges in his place². On the death of the holder of such a consent, that consent is regarded as property forming part of the deceased's personal estate³ and accordingly vests in his personal representatives⁴. If a bankruptcy order is made against the consent holder, then the consent is regarded⁵ as property forming part of the bankrupt's estate⁶ and accordingly vests as such in his trustee in bankruptcy⁷.

A consent which is so transferred to or vested in a person has effect on and after the date of the transfer or vesting as it if had been granted⁸ to that person subject to the same conditions as were attached to it immediately before that date⁹. Subject to transitional provisions¹⁰, where such a consent is to be so transferred:

391 (1) the person from whom and the person to whom the consent is to be transferred must give joint notice¹¹ to the Environment Agency¹² of the proposed transfer;

392 (2) the notice may specify the date on which it is proposed that the transfer should take effect;

393 (3) within 21 days beginning with the date of receipt of the notice duly given¹³, the Agency must:

9

9. (a) arrange to amend the consent by substituting the name of the transferee as holder of the consent; and

10. (b) serve notice on the transferor and the transferee that the amendment has been made¹⁴; and

10

394 (4) the transfer takes effect from the later of the date on which the Agency amends the consent and the date (if any) specified in the joint notice under head (1) above¹⁵.

In transitional cases where the provisions set out in heads (1) to (4) do not apply, where a consent is so transferred, the person from whom it is transferred must give notice of that fact to the Environment Agency not later than the end of the period of 21 days beginning with the date of the transfer¹⁶.

Where a consent so vests in any personal representative or trustee in bankruptcy, that person must give notice of that fact to the Agency not later than the end of the period of 15 months beginning with the date of the vesting¹⁷ and if he fails to do so the consent, to the extent that it permits the making of any discharges, ceases to have effect¹⁸.

A person who fails to give the required notice¹⁹ is guilty of an offence and liable on summary conviction to a fine not exceeding the statutory maximum, or on conviction on indictment to a fine, or to imprisonment for a term not exceeding two years, or to both²⁰.

A consent granted to the Agency²¹ may be transferred by the Agency to a person who proposes to carry on making the discharges in place of the Agency²². It has effect on and after the date of

the transfer as if it had been granted to that person²³, subject to such modifications as the Agency may specify in writing²⁴. Where such a consent is transferred, the Agency must give notice of that fact to the Secretary of State or, in relation to Wales, to the Welsh Ministers²⁵.

1 Ie a consent under the Water Resources Act 1991 s 88(2), Sch 10 para 3 or 6: see PARAS 302, 304. As to the meaning of 'controlled waters' see PARA 289.

2 Water Resources Act 1991 Sch 10 para 11(1) (Sch 10 substituted by the Environment Act 1995 Sch 22 para 183, which introduced the ability to transfer a consent for such discharges for the first time).

3 Ie whether or not it would otherwise be so regarded: Water Resources Act 1991 Sch 10 para 11(2) (as substituted: see note 2).

4 Water Resources Act 1991 Sch 10 para 11(2) (as substituted (see note 2); Sch 10 para 11(2), (3), (9) amended, and Sch 10 para 11(4) repealed, by the Water Act 2003 ss 87(1)-(4), (6), Sch 9 Pt 3, subject to transitional provisions (see note 10)). Where those transitional provisions apply, then (1) neither a consent nor any of the obligations arising out of, or incidental to, such a consent may be disclaimed (Water Resources Act 1991 Sch 10 para 11(4) (as so substituted and repealed) which is expressed to take effect notwithstanding anything in Sch 10 para 11(1)-(3) (as so substituted)); and (2) Sch 10 para 11(2), (3) is subject to Sch 10 para 11(4).

5 Ie for the purposes of the Insolvency Act 1986 Pts VIII-XI (ss 252-385): see **BANKRUPTCY AND INDIVIDUAL INSOLVENCY**.

6 Ie whether or not it would otherwise be so regarded: Water Resources Act 1991 Sch 10 para 11(3) (as substituted: see note 2).

7 Water Resources Act 1991 Sch 10 para 11(3) (as substituted and amended: see notes 2, 4).

8 Ie under the Water Resources Act 1991 Sch 10 para 3 or 6: see PARAS 302, 304.

9 Water Resources Act 1991 Sch 10 para 11(5) (as substituted: see note 2).

10 The amendments made by the Water Act 2003 s 87 do not apply in relation to any transfer of a consent under the Water Resources Act 1991 Sch 10 para 11(1) which takes effect before 1 October 2004: see the Water Act 2003 (Commencement No 2, Transitional Provisions and Savings) Order 2004, SI 2004/2528, art 4, Schedule para 6.

11 A joint notice under head (1) in the text will be required to include such information as may be prescribed: Water Resources Act 1991 Sch 10 para 11(6A) (Sch 10 para 11(6), (6A)-(6C) substituted by the Water Act 2003 s 87(1), (5)). If the person from whom the consent is to be transferred is a person in whom the consent has vested by virtue of the Water Resources Act 1991 Sch 10 para 11(2) or (3), a joint notice so given will be of no effect unless the notice required by Sch 10 para 11(7) has been given: Sch 10 para 11(6B) (as so substituted). 'Prescribed' means prescribed by regulations made by the Secretary of State: see s 221(1).

12 As to the Environment Agency see PARA 68 et seq; and as to its pollution control functions generally see PARA 75.

13 Ie under the Water Resources Act 1991 Sch 10 para 11(6A): see note 11.

14 A notice or other instrument given by or on behalf of the Environment Agency pursuant to the Water Resources Act 1991 Sch 10 para 11(6) does not constitute an instrument signifying the consent of the Agency for the purposes of Sch 10 para 8 (see PARA 306): Sch 10 para 11(6C) (as substituted: see note 11). As to the service of notices see **WATER AND WATERWAYS** vol 100 (2009) PARA 22.

15 Water Resources Act 1991 Sch 10 para 11(6) (as substituted: see note 11).

16 Water Resources Act 1991 Sch 10 para 11(6) (as substituted: see note 11).

17 Water Resources Act 1991 Sch 10 para 11(7) (as substituted: see note 2).

18 Water Resources Act 1991 Sch 10 para 11(8) (as substituted: see note 2).

19 Ie (1) where the transitional provisions set out in note 10 apply, the notice which he is required to give by the Water Resources Act 1991 Sch 10 para 11(6) or (7); (2) otherwise, the notice which he is required to give by

Sch 10 para 11(7): Sch 10 para 11(9) (as substituted (see note 2): see head (1) above; and as amended (see note 4): see head (2) above).

20 Water Resources Act 1991 Sch 10 para 11(9) (as substituted and amended: see notes 2, 4). As to the statutory maximum see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 140. As to offences by bodies corporate see **WATER AND WATERWAYS** vol 100 (2009) PARA 185. As to the time limit for summary proceedings see PARA 291 note 18.

25 Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, Sch 2 para 6(3). As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(iii) Authorisation of Discharges, Deposits and Other Activities/C. AUTHORISATION OF CERTAIN DEPOSITS AND OTHER ACTIVITIES/309. Applications for consent.

C. AUTHORISATION OF CERTAIN DEPOSITS AND OTHER ACTIVITIES

309. Applications for consent.

The following provisions apply¹ in relation to consents for:

- 395 (1) depositing solid refuse from a mine or quarry on land where there is a danger that it may fall or be carried into inland freshwaters²;
- 396 (2) removing certain deposits from any part of the bottom, channel or bed of any inland freshwaters³; or
- 397 (3) causing or permitting a substantial amount of vegetation to be cut or uprooted in or near any inland freshwaters⁴.

An application for any such consent must be made on a form provided for the purpose by the Environment Agency⁵ and must, unless exempt from this requirement⁶, be advertised in such manner as may be required by regulations made by the Secretary of State or, in relation to Wales, by the Welsh Ministers⁷. At the time when he makes his application, the applicant for such a consent must provide the Agency with all such information⁸ as it reasonably requires and with all such information as may be prescribed⁹ for the purpose by the Secretary of State or the Welsh Ministers¹⁰.

The Agency may give the applicant notice¹¹ requiring him to provide it with all such further information of any description specified in the notice as it may require for the purpose of determining the application¹² and if he fails to do so, it may refuse to proceed with the application, or refuse to proceed with it until the information is provided¹³.

1 See the Water Resources Act 1991 s 90A (added by the Environment Act 1995 Sch 22 para 142); and the text and notes 2-13.

2 I.e a consent for the purposes of the Water Resources Act 1991 s 89(4)(a): see PARA 295. As to the meaning of 'inland freshwaters' see PARA 289 at head (3) in the text.

3 I.e a consent for the purposes of the Water Resources Act 1991 s 90(1): see PARA 293.

4 I.e a consent for the purposes of the Water Resources Act 1991 s 90(2): see PARA 293.

5 As to the Environment Agency see PARA 68 et seq; and as to its pollution control functions generally see PARA 75.

6 Regulations may specify an application of any class or description as being exempt from this requirement: see the Water Resources Act 1991 s 90A(1) (as added: see note 1). As to such exemptions see the Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 4; and PARA 301.

7 Water Resources Act 1991 s 90A(1) (as added: see note 1). As to the prescribed manner of advertising such applications see the Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, regs 2, 3; and PARA 301. As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

8 As to the meaning of 'information' see **WATER AND WATERWAYS** vol 100 (2009) PARA 117 note 13.

9 'Prescribed' means prescribed by regulations made by the Secretary of State: see the Water Resources Act 1991 s 221(1). See note 6.

10 Water Resources Act 1991 s 90A(2) (as added: see note 1). The required information must be provided either on, or together with, the application form: see s 90A(3) (as so added).

11 As to the service of notices see **WATER AND WATERWAYS** vol 100 (2009) PARA 22.

12 Water Resources Act 1991 s 90A(4) (as added: see note 1).

13 Water Resources Act 1991 s 90A(5) (as added: see note 1).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(iii) Authorisation of Discharges, Deposits and Other Activities/D. ENFORCEMENT AND APPEALS/310. Enforcement notices.

D. ENFORCEMENT AND APPEALS

310. Enforcement notices.

If the Environment Agency¹ is of the opinion that the holder of a relevant consent² is contravening, or is likely to contravene, any condition of the consent, it may serve a notice³ on him (an 'enforcement notice')⁴, which must state that the Agency is of that opinion and specify:

- 398 (1) the matters constituting the contravention⁵ or making it likely that the contravention will arise;
- 399 (2) the steps that must be taken to remedy the contravention, or, as the case may be, to remedy the matters making it likely that the contravention will arise; and
- 400 (3) the period within which those steps must be taken⁶.

Any person who fails to comply with any requirement imposed by an enforcement notice is guilty of an offence and liable to imprisonment or a fine or both⁷. If, however, the Agency is of the opinion that proceedings for such an offence would afford an ineffectual remedy against a person who has failed to comply with the requirements of an enforcement notice, the Agency may take proceedings in the High Court for the purpose of securing compliance with the notice⁸.

The Secretary of State or, in relation to Wales, the Welsh Ministers⁹, may, if he or they think fit in relation to any person, give directions to the Agency as to whether it should exercise these powers and as to the steps which must be taken¹⁰.

¹ As to the Environment Agency see PARA 68 et seq; and as to its pollution control functions generally see PARA 75.

² For these purposes, 'relevant consent' means (1) a consent for the purposes of the Water Resources Act 1991 s 89(4)(a) (see PARA 1078) or s 90(1) or (2) (see PARA 1076); or (2) a discharge consent within the meaning of s 91; and the 'holder', in relation to a relevant consent, is the person who has the consent in question: s 90B(6) (s 90B added by the Environment Act 1995 Sch 22 para 142). For these purposes, 'discharge consent' means such a consent under the Water Resources Act 1991 Pt III Ch II (ss 85-91) for any discharges or descriptions of discharges as is given for the purposes of s 88(1)(a) (see PARA 294) either on an application for a consent or, by virtue of s 88(2), Sch 10 para 6 (see PARA 303) without such an application having been made: s 91(8) (amended by the Environment Act 1995 Sch 22 para 143(4)).

³ As to the service of notices see **WATER AND WATERWAYS** vol 100 (2009) PARA 22.

⁴ Water Resources Act 1991 s 90B(1) (as added: see note 2). The enforcement notice procedure was introduced by the Environment Act 1995 and enables the Environment Agency to regulate compliance with consents through methods other than criminal prosecution.

⁵ As to the meaning of 'contravention' see **WATER AND WATERWAYS** vol 100 (2009) PARA 20 note 5.

⁶ Water Resources Act 1991 s 90B(2) (as added: see note 2).

⁷ Water Resources Act 1991 s 90B(3) (as added: see note 2). Such a person is liable on summary conviction to imprisonment for a term not exceeding three months or a fine not exceeding £20,000, or to both, or on

conviction on indictment to imprisonment for a term not exceeding two years or a fine, or to both: see s 90B(3) (as so added). As to offences by bodies corporate see **WATER AND WATERWAYS** vol 100 (2009) PARA 185. As to the time limit for summary proceedings see PARA 291 note 18.

8 Water Resources Act 1991 s 90B(4) (as added: see note 2).

9 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

10 Water Resources Act 1991 s 90B(5) (as added: see note 2).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(iii) Authorisation of Discharges, Deposits and Other Activities/D. ENFORCEMENT AND APPEALS/311. Rights of appeal in respect of consents.

311. Rights of appeal in respect of consents.

The following provisions apply where the Environment Agency¹ has, otherwise than in pursuance of a direction of the Secretary of State or, in relation to Wales, of the Welsh Ministers²:

- 401 (1) refused a consent for any discharges into controlled waters³ on an application for such consent⁴;
- 402 (2) in giving a discharge consent⁵ made it subject to conditions⁶;
- 403 (3) revoked a discharge consent, modified the conditions of any such consent or provided that any such consent which was unconditional is to be subject to conditions⁷;
- 404 (4) specified a review period⁸ in relation to a discharge consent without the agreement of the person who proposes to make, or makes, discharges in pursuance of that consent⁹;
- 405 (5) refused a consent¹⁰ for any deposit of solid refuse from a mine or quarry on land where there is a danger that it may fall or be carried into inland freshwaters¹¹;
- 406 (6) refused a consent for removing certain deposits from any part of the bottom, channel or bed of any inland freshwaters or for causing or permitting a substantial amount of vegetation to be cut or uprooted in or near any inland freshwaters¹², or, in giving any such consent, made that consent subject to conditions¹³;
- 407 (7) refused a variation of any such consent as is mentioned above, or, in allowing any such variation, made the consent subject to conditions¹⁴; or
- 408 (8) served an enforcement notice¹⁵ on any person¹⁶.

The person, if any¹⁷, who applied for the consent or variation in question, or any person whose deposits, discharges or other conduct is or would be authorised by the consent, or the person on whom the enforcement notice was served, may appeal against the decision to the Secretary of State or the Welsh Ministers¹⁸. In general, where an appeal is brought by virtue of head (3) above against a decision to revoke or to modify the conditions of a discharge consent, or to provide that any such consent which was unconditional is to be subject to conditions, the revocation, modification or provision does not take effect pending the final determination or the withdrawal of the appeal¹⁹; but this is disapplied in certain cases²⁰. Where the decision under appeal falls under this exclusion and on the application of the holder or former holder of the consent, the Secretary of State or the Welsh Ministers, or other person determining the appeal, determines that the Agency acted unreasonably in applying the exclusion, then if the appeal is still pending at the end of the day on which that determination is made, the revocation, modification or provision made by the decision which is being appealed against does not take effect, as from the end of that day, until the final determination or withdrawal of the appeal²¹, and the holder or former holder of the consent is entitled to recover compensation from the Agency in respect of any loss suffered by him in consequence of the exclusion²².

¹ As to the Environment Agency see PARA 68 et seq; and as to its pollution control functions generally see PARA 75.

2 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

3 Ie a consent for the purposes of the Water Resources Act 1991 s 88(1)(a): see PARA 294. As to applications for such consents see PARA 300 et seq. As to the meaning of 'controlled waters' see PARA 289.

4 Water Resources Act 1991 s 91(1)(a).

5 As to the meaning of 'discharge consent' for these purposes see the Water Resources Act 1991 s 91(8); and PARA 310 note 2.

6 Water Resources Act 1991 s 91(1)(b). As to the conditions that may be imposed see PARA 302 at heads (1)-(7) in the text.

7 Water Resources Act 1991 s 91(1)(c).

8 Ie for the purposes of the Water Resources Act 1991 s 88(2), Sch 10 para 8(1) or (2): see PARA 306.

9 Water Resources Act 1991 s 91(1)(d) (amended by the Environment Act 1995 Sch 22 para 143(1)(a)).

10 Ie a consent for the purposes of the Water Resources Act 1991 s 89(4)(a): see PARA 295.

11 Water Resources Act 1991 s 91(1)(e). As to the meaning of 'inland freshwaters' see PARA 289 at head (3) in the text.

12 Ie a consent for the purposes of the Water Resources Act 1991 s 90: see PARA 293.

13 Water Resources Act 1991 s 91(1)(f).

14 Water Resources Act 1991 s 91(1)(g) (added by the Environment Act 1995 Sch 22 para 143(1)(b)).

15 As to the meaning of 'enforcement notice' see PARA 310.

16 Water Resources Act 1991 s 91(1)(h) (added by the Environment Act 1995 Sch 22 para 143(1)(b)). The bringing of the appeal does not have the effect of suspending the operation of the notice: Water Resources Act 1991 s 91(2)) (s 91(2F)-(2J) added by the Environment Act 1995 Sch 22 para 143(3)).

17 As to the granting of a consent without application being made for it see PARA 304.

18 Water Resources Act 1991 s 91(2) (amended by the Environment Act 1995 s 143(2)). As to the procedure on the appeal see PARA 312.

19 Water Resources Act 1991 s 91(2F) (as added: see note 16).

20 The Water Resources Act 1991 s 91(2F) does not apply to a decision in the case of which the notice effecting the revocation, modification or provision in question includes a statement that in the Environment Agency's opinion it is necessary that it should be disapplied for the purpose of preventing or, where that is not practicable, minimising, the entry into controlled waters of any poisonous, noxious or polluting matter or any waste matter, or of preventing or minimising harm to human health: see s 91(2G) (as added (see note 16); and amended by SI 2007/3538). As to the meaning of 'waste' see the Water Resources Act 1991 s 85(7); and PARA 291 note 5; definition applied by s 91(9) (added by SI 2007/3538).

21 Ie the Water Resources Act 1991 s 91(2F) applies to the decision: s 91(2H) (as added: see note 16).

22 See the Water Resources Act 1991 s 91(2H) (as added: see note 16). Any dispute as to a person's entitlement to such compensation or as to the amount of it is to be decided by arbitration: s 91(2H) (as so added).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(iii) Authorisation of Discharges, Deposits and Other Activities/D. ENFORCEMENT AND APPEALS/312. Procedure on appeals in respect of consents.

312. Procedure on appeals in respect of consents.

The Secretary of State or, in relation to Wales, the Welsh Ministers may delegate his or their powers of appeal¹ and the procedure set out below is subject to that power². The Secretary of State or the Welsh Ministers may also make regulations with respect to appeals relating to consents³. If, and to the extent, required by any such regulations, an appeal must be advertised in the prescribed manner⁴.

A person who wishes to appeal to the Secretary of State or to the Welsh Ministers⁵ must give notice of appeal within the prescribed period⁶ specifying the grounds of appeal and indicating whether the appellant wishes the appeal to be determined on the basis of a hearing or written representations⁷. The notice of appeal must be accompanied by copies of any application, consent, correspondence, decision, notice or other document relevant to the appeal⁸ and at the same time as the appellant gives notice of the appeal to the Secretary of State or to the Welsh Ministers, the appellant must send a copy of the notice of appeal to the Environment Agency⁹, together with a list of the documents so provided to the Secretary of State or the Welsh Ministers¹⁰.

If the appellant wishes at any time to withdraw his appeal he must do so by notice informing the Secretary of State or the Welsh Ministers and he must send a copy of the notice to the Agency¹¹.

Within 14 days of receipt of the copy of the notice of appeal, the Agency must give notice¹² of the appeal to the prescribed persons¹³ and must, within 14 days of sending such a notice, notify the Secretary of State or the Welsh Ministers of the name and address of every person who was sent such a notice in relation to the appeal and the date on which it was sent¹⁴. Where an appeal is withdrawn after such a notice has been sent, the Agency must inform every person who was sent such a notice in relation to the appeal¹⁵.

Where the appellant informs the Secretary of State or the Welsh Ministers that he wishes the appeal to be disposed of on the basis of written representations, the Agency must submit any written representations to the Secretary of State or the Welsh Ministers within the prescribed time¹⁶. Where either party to the appeal submits any representations to the Secretary of State or the Welsh Ministers, that party must at the same time send a copy to the other party¹⁷. The appellant must make any further representations by way of reply not later than 14 days after receiving the Agency's representations¹⁸. The Secretary of State or the Welsh Ministers must send to the appellant and the Agency copies of any representations made to him by persons who have received notice of the appeal¹⁹ and must allow them each a period of 14 days from the date of the receipt of those copies in which to make representations thereon²⁰.

If either party to the appeal so requests, or if the Secretary of State or the Welsh Ministers so decide, an appeal must be, or must continue, in the form of a hearing, which may, if the person hearing the appeal so decides, be held, or held to any extent, in private²¹. The Secretary of State or the Welsh Ministers must give the appellant and the Agency at least 28 days' notice²² of the date, time and place fixed for a hearing in relation to an appeal²³ and, in the case of a hearing which is to be held wholly or partly in public, must, at least 21 days before the date fixed for the hearing, publish a copy of the notice so given in a newspaper circulating in the locality which he or they consider may be affected by any matter which falls to be determined

in relation to the appeal and serve a copy of that notice on every person who has made representations or objections in writing to the Secretary of State or to the Welsh Ministers in relation to the appeal²⁴. The Secretary of State or the Welsh Ministers may vary the date fixed for the hearing²⁵ or the time or place for holding it²⁶.

The persons entitled to be heard at a hearing are the appellant, the Agency, and any person required²⁷ to be notified of the appeal²⁸, but nothing in this provision prevents the person appointed to conduct the hearing of the appeal from permitting any other person to be heard at the hearing and that permission must not be unreasonably withheld²⁹. After the conclusion of a hearing, the person appointed to conduct the hearing must, unless he was appointed under the Secretary of State's or the Welsh Ministers' powers of delegation³⁰, make a report in writing to the Secretary of State or the Welsh Ministers which must include his conclusions and his recommendations or his reasons for not making any recommendations³¹.

On determining an appeal against a decision of the Agency in respect of a consent³², other than an appeal against the service of an enforcement notice³³, the Secretary of State or the Welsh Ministers may:

- 409 (1) affirm the decision;
- 410 (2) where the decision was a refusal to grant a consent or a variation of consent, direct the Agency to grant or vary it, as the case may be;
- 411 (3) where the decision was as to the conditions of a consent, quash all or any of those conditions;
- 412 (4) where the decision was to revoke a consent, quash the decision;
- 413 (5) where the decision relates to a specified review period³⁴, modify any provisions specifying that period; and
- 414 (6) where he or they exercise any of the powers in heads (2) to (4) above, give directions as to the conditions to which the consent is to be subject³⁵.

On the determination of an appeal against the service of an enforcement notice, the Secretary of State or the Welsh Ministers may either quash or affirm the enforcement notice and, if he or they affirm it, may do so either in its original form or with such modifications as he or they may in the circumstances think fit³⁶.

The Secretary of State or the Welsh Ministers must notify the appellant in writing of his or their determination of the appeal and must provide him with a copy of any report by the person hearing the appeal³⁷. The Secretary of State or the Welsh Ministers must at the same time send a copy of those documents to the Agency and to any persons required to be notified of the appeal³⁸ and a copy of his or their determination of the appeal to any other person who made representations to him or to the Welsh Ministers and, if a hearing was held, to any other person who made representations in relation to the appeal at the hearing³⁹.

1 See the Environment Act 1995 s 114; and PARA 65. As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

2 Water Resources Act 1991 s 91(2A) (s 91(2A)-(2K) added by the Environment Act 1995 Sch 22 para 143(3)).

3 Water Resources Act 1991 s 91(2K) (as added: see note 2). In particular such regulations may make provision as to the period within which and the manner in which appeals are to be brought and as to the manner in which they are to be considered: s 91(2K)(a), (b) (as so added). In exercise of the power so conferred, the Secretary of State has made the Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, regs 8-13: see the text and notes 5-39.

4 Water Resources Act 1991 s 91(2B) (as added: see note 2).

5 le under the Water Resources Act 1991 s 91 (see PARA 311) or s 191B(5) (see **WATER AND WATERWAYS** vol 100 (2009) PARA 270): Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 8(1).

6 Notice of appeal must be given: (1) in the case of an appeal against the revocation of a consent, before the revocation takes effect; (2) in the case of an appeal against an enforcement notice, before the expiry of the period of 21 days beginning with the date on which the enforcement notice is received; (3) in the case of an appeal against a determination under the Water Resources Act 1991 s 191B(2) or (4) (exclusion from registers of certain confidential information) (see **WATER AND WATERWAYS** vol 100 (2009) PARA 270) that information is not commercially confidential, before the expiry of the period of 21 days beginning with the date on which the appellant is notified of the determination; and (4) in any other case, before the expiry of the period of three months beginning with the date on which the appellant is notified of the decision which is the subject matter of the appeal, or, if the Water Resources Act 1991 s 88(2), Sch 10 para 3(2) (failure to determine application within four months or longer period agreed with applicant) (see PARA 302) applies, the date on which the applicable period thereunder expires: Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 9(1). The Secretary of State or the Welsh Ministers may allow notice of appeal to be given after the expiry of the relevant period, but this does not apply in the case of an appeal against (a) a decision to revoke a discharge consent; (b) a decision to modify the conditions of any such consent; (c) a decision to provide that any such consent which was unconditional is to be subject to conditions; (d) a determination under the Water Resources Act 1991 s 191B(2) or (4) that information is not commercially confidential: Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 9(2), (3).

7 Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 8(1), (2).

8 Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 8(3).

9 As to the Environment Agency see PARA 68 et seq; and as to its general pollution control functions see PARA 75.

10 Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 8(4).

11 Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 8(5).

12 The notice must (1) inform the person on whom it is served that an appeal to the Secretary of State or the Welsh Ministers has been made; and (2) state (a) that any representations made to the Secretary of State or the Welsh Ministers in writing by the recipient of the notice will be considered by him or by them if they are made within the period of 21 days beginning with the date of receipt of the notice; (b) that copies of the representations will be sent to the appellant and the Environment Agency; (c) that copies of the representations will be placed on registers maintained under the Water Resources Act 1991 s 190 (pollution control registers) (see PARA 343); (d) that any person who makes any such representations will be informed about the hearing of the appeal if there is to be a hearing held wholly or partly in public; and must be accompanied by a notice of appeal: Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 10(2). Regulation 10 does not, however, apply in relation to an appeal under the Water Resources Act 1991 s 91(1)(h) (appeals against enforcement notices) or s 191B(5) (appeals against determinations that information is not commercially confidential): Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 10(5).

13 In the case of an appeal against a decision (1) to revoke a discharge consent; or (2) to modify the conditions of any such consent or to provide that any such consent which was unconditional is to be subject to conditions, unless in either case the decision was made in response to an application for a variation, the Environment Agency must give notice of the appeal to any person who appears to it likely to have a particular interest in its subject matter: Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 10(1)(a). In any other case the Agency must give notice of the appeal to any person who made representations or objections to the Agency with respect to the grant or variation of the consent, and to any person who was required to be consulted in relation to the grant or variation of the consent under the Water Resources Act 1991 Sch 10 para 2(1) or 6(4) pursuant to the Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 5(1) (see PARA 301) or Sch 1 para 3(1) (see PARA 304): reg 10(1)(b). This provision does not, however, apply to certain appeals: see note 12.

14 Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 10(3). This provision does not, however, apply to certain appeals: see note 12.

15 Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 10(4). This provision does not, however, apply to certain appeals: see note 12.

16 See the Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 11(1). The prescribed time is (1) in the case of an appeal against an enforcement notice, not later than 14 days;

and (2) in all other cases, not later than 28 days, after receiving a copy of the notice of appeal in accordance with reg 8(4): reg 11(1). The Secretary of State or the Welsh Ministers may in any particular case set shorter or longer time limits than those prescribed and allow the parties to make additional representations: see reg 11(4). Any representations made by a party must be date with the date on which they are submitted to the Secretary of State or the Welsh Ministers: reg 11(5).

17 Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 11(6).

18 Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 11(2). See also note 16.

19 *Ie* under the Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 10: see notes 12-13.

20 Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 11(3). See also note 16.

21 Water Resources Act 1991 s 91(2C) (as added: see note 2).

22 The appellant and the Environment Agency may agree to a shorter period of notice: see the Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 12(1).

23 *Ie* an appeal under the Water Resources Act 1991 s 91 (see PARA 311) or s 191B(5) (see **WATER AND WATERWAYS** vol 100 (2009) PARA 270).

24 Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 12(1), (2). These requirements to publish and serve notice do not, however, apply in the case of a hearing in relation to an appeal under the Water Resources Act 1991 s 191B(5): Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 12(5).

25 Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 12(3). Regulation 12(1), (2) applies, with necessary modifications, to the variation of the date: reg 12(3).

26 Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 12(4). The Secretary of State or the Welsh Ministers must give such notice of any such variation as appears to him or to them to be reasonable: reg 12(4).

27 *Ie* under the Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 10(1)(b)(ii): see note 12 head (2)(b).

28 Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 12(6).

29 Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 12(7).

30 *Ie* under the Environment Act 1995 s 114(1)(a): see PARA 65.

31 Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 12(8).

32 *Ie* an appeal brought by virtue of any of the Water Resources Act 1991 s 91(1)(a)-(g): see PARA 311 at heads (1)-(7) in the text.

33 *Ie* an appeal brought by virtue of the Water Resources Act 1991 s 91(1)(h): see PARA 311 at head (8) in the text. As to the meaning of 'enforcement notice' see PARA 310.

34 *Ie* a period specified for the purposes of the Water Resources Act 1991 Sch 10 para 8(1) or (2): see PARA 306.

35 Water Resources Act 1991 s 91(2D) (as added: see note 2).

36 Water Resources Act 1991 s 91(2E) (as added: see note 2).

37 Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 13(1).

38 See note 27.

39 Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 13(2).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(iv) Other Powers to Prevent and Control Pollution/A. PRECAUTIONS AGAINST POLLUTION/313. Requirements to take precautions against pollution.

(iv) Other Powers to Prevent and Control Pollution

A. PRECAUTIONS AGAINST POLLUTION

313. Requirements to take precautions against pollution.

The Secretary of State or, in certain cases, the Welsh Ministers¹, may by regulations make provision for:

- 415 (1) prohibiting a person from having custody or control of any poisonous, noxious or polluting matter unless prescribed² works and precautions and other steps have been taken for the purpose of preventing or controlling the entry of the matter into any controlled waters³;
- 416 (2) requiring a person who already has custody or control of, or makes use of, any such matter to carry out such works for that purpose and to take such precautions and other steps for that purpose as may be prescribed⁴.

Without prejudice to the generality of this power, such regulations may confer power on the Environment Agency⁵ to determine, for the purposes of the regulations, the circumstances in which a person is required to carry out works or take any precautions or other steps, and to impose the requirement and to specify or describe the work, precautions or other steps which that person is required to carry out or take by notice to him⁶. Subject to the Secretary of State's or the Welsh Ministers' power to delegate appeals⁷, the regulations may also provide for appeals to him or to them against notices served by the Agency in pursuance of provision so made⁸ and may provide that a contravention of the regulations is to be an offence⁹.

1 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

2 'Prescribed' means prescribed by regulations made by the Secretary of State: see the Water Resources Act 1991 s 221(1). See note 4.

3 As to the meaning of 'controlled waters' see PARA 289.

4 Water Resources Act 1991 s 92(1) (amended by the Environment Act 1995 Sch 22 para 128). In the exercise of the power so conferred, the Secretary of State has made the Control of Pollution (Oil Storage) (England) Regulations 2001, SI 2001/2954 (amended by SI 2007/3538). Additionally, by virtue of the Water Consolidation (Consequential Provisions) Act 1991 s 2(2), Sch 2 para 1(1), (2), the Control of Pollution (Sludge, Slurry and Agricultural Fuel Oil) Regulations 1991, SI 1991/324 (amended by SI 1997/547) have effect as if so made. See PARAS 314-315.

5 As to the Environment Agency see PARA 68 et seq; and as to its pollution control functions generally see PARA 75.

6 Water Resources Act 1991 s 92(2)(a) (s 92 amended by the Environment Act 1995 Sch 22 para 128). In determining when and how the Environment Agency should exercise this power, it must take into account whether there has been or is likely to be any contravention of a code of good agricultural practice: see the Water Resources Act 1991 s 97(2); and PARA 320. As to the meaning of 'contravention' see **WATER AND WATERWAYS** vol 100 (2009) PARA 20 note 5.

7 The Water Resources Act 1991 s 92 is subject to the Environment Act 1995 s 114 (delegation or reference of appeals etc) (see PARA 65): Water Resources Act 1991 s 92(3) (added by the Environment Act 1995 Sch 22 para 144).

8 Water Resources Act 1991 s 92(2)(b) (as amended: see note 6).

9 Water Resources Act 1991 s 92(2)(c). The maximum penalties for any such offence are not to exceed the penalties specified in s 85(6) (see PARA 291): s 92(2)(c).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(iv) Other Powers to Prevent and Control Pollution/A. PRECAUTIONS AGAINST POLLUTION/314. Control of pollution from oil storage.

314. Control of pollution from oil storage.

Subject to certain exceptions¹, the following provisions apply to the storage of oil² on any premises in England³. Oil must be stored in a container⁴ which is of sufficient strength and structural integrity to ensure that it is unlikely to burst or leak in its ordinary use⁵; and the container must be situated within a secondary containment system⁶ which satisfies the prescribed requirements⁷. Any fixed tank used for storing oil, and any mobile bowser used for storing oil, must satisfy the relevant requirements prescribed in that regard⁸.

The above provisions do not apply until 1 September 2005 to the storage of oil in any container if the container was used for that purpose on any premises before 1 September 2001⁹, except that if the container or, if there is more than one container within the secondary containment system, any of them is situated less than:

- 417 (1) 10 metres away from any inland freshwaters¹⁰ or coastal waters¹¹; or
- 418 (2) 50 metres away from a well or borehole,

they apply from 1 September 2003¹². In a transitional case¹³ where the Environment Agency¹⁴ considers that there is a significant risk of pollution of controlled waters¹⁵ from the entry of the oil in question into those waters if steps are not immediately taken to minimise that risk, the Agency may serve notice¹⁶ on the person having custody or control of that oil requiring him to carry out such works, take such precautions or take such other steps as, in the opinion of the Agency, are appropriate for minimising that risk having regard to the prescribed requirements¹⁷. The notice must:

- 419 (a) specify or describe the works, precautions or other steps which the person is required to carry out or take;
- 420 (b) state the period within which any such requirement is to be complied with¹⁸; and
- 421 (c) inform him of his rights¹⁹ of appeal²⁰.

The Agency may at any time:

- 422 (i) withdraw the notice;
- 423 (ii) extend the period for compliance with any requirement of the notice²¹;
- 424 (iii) with the consent of the person on whom it is served, modify the requirements of the notice,

and must do so if so directed²² by the Secretary of State²³.

A person served with such a notice may within the period of 28 days beginning with the day on which the notice is served, or within such longer period as the Secretary of State may allow, appeal to the Secretary of State against the notice²⁴. An appeal must be made by the appellant serving notice on the Secretary of State and the notice must contain or be accompanied by a statement of the appellant's reasons for appealing and the matters which he wishes the

Secretary of State to take into account in determining the appeal²⁵. Before determining an appeal the Secretary of State must take into account any written representations of the appellant or the Agency and, if requested to do so by the appellant or the Agency, afford them the opportunity of appearing before and being heard by a person appointed by the Secretary of State for the purpose²⁶. On determining an appeal the Secretary of State may direct the Agency to withdraw the notice, modify any of its requirements, extend the period for compliance²⁷ or dismiss the appeal²⁸.

A person who has custody or control of any oil in circumstances in which there is a contravention of any provision of the prescribed requirements²⁹ or the requirements of a notice to minimise the risk of pollution³⁰ is guilty of an offence and liable on summary conviction to a fine not exceeding the statutory maximum, or on conviction on indictment to a fine³¹.

At the date at which this title states the law, there appeared to be no equivalent provisions applying to the storage of oil on premises in Wales.

1 le subject to the Control of Pollution (Oil Storage) (England) Regulations 2001, SI 2001/2954, reg 2(2): see note 3.

2 For these purposes, 'oil' means any kind of oil and includes petrol: Control of Pollution (Oil Storage) (England) Regulations 2001, SI 2001/2954, reg 1(2).

3 Control of Pollution (Oil Storage) (England) Regulations 2001, SI 2001/2954, regs 1(1), 2(1). The 2001 Regulations do not apply to the storage of oil (1) if the oil is waste oil within the meaning of the Environmental Permitting (England and Wales) Regulations 2007, SI 2007/3538, reg 2(1) (see PARA 623); (2) in any container which is situated in a building or wholly underground; (3) in any container with a storage capacity of 200 litres or less; (4) on any premises used (a) wholly or mainly as a private dwelling if the storage capacity of the container in which it is stored is 3,500 litres or less; (b) for refining oil; or (c) for the onward distribution of oil to other places; or (5) on any farm if the oil is for use in connection with agriculture within the meaning of the Agriculture Act 1947: Control of Pollution (Oil Storage) (England) Regulations 2001, SI 2001/2954, reg 2(2) (amended by SI 2007/3538); and see note 4.

4 For these purposes, 'container' means a fixed tank, a drum or a mobile bowser or (even if not connected to fixed pipework) an intermediate bulk container; 'drum' means an oil drum or similar container used for storing oil; and 'fixed tank' includes an intermediate bulk container which is connected to fixed pipework: Control of Pollution (Oil Storage) (England) Regulations 2001, SI 2001/2954, reg 1(2).

5 Control of Pollution (Oil Storage) (England) Regulations 2001, SI 2001/2954, reg 3(1).

6 For these purposes, 'secondary containment system' means a drip tray, an area surrounded by a bund or any other system for preventing oil which is no longer in its container from escaping from the place where it is stored: Control of Pollution (Oil Storage) (England) Regulations 2001, SI 2001/2954, reg 1(2).

7 Control of Pollution (Oil Storage) (England) Regulations 2001, SI 2001/2954, reg 3(2). The prescribed requirements are that: (1) subject to reg 3(5), it must have a capacity of not less than 110% of the container's storage capacity or, if there is more than one container within the system, of not less than 110% of the largest container's storage capacity or 25% of their aggregate storage capacity, whichever is the greater; (2) it must be positioned, or other steps must be taken, so as to minimise any risk of damage by impact so far as is reasonably practicable; (3) its base and walls must be impermeable to water and oil; (4) its base and walls must not be penetrated by any valve, pipe or other opening which is used for draining the system; and (5) if any fill pipe, or draw off pipe, penetrates its base or any of its walls, the junction of the pipe with the base or walls must be adequately sealed to prevent oil escaping from the system: reg 3(2)(a)-(e). Any valve, filter, sight gauge, vent pipe or other equipment ancillary to the container (other than a fill pipe or draw off pipe or, if the oil has a flashpoint of less than 32 degrees C, a pump) must be situated within the secondary containment system: reg 3(3). Where a fill pipe is not within the secondary containment system, a drip tray must be used to catch any oil spilled when the container is being filled with oil: reg 3(4). Where any drum is used for the storage of oil in conjunction with a drip tray as the secondary containment system, it is sufficient if the tray has a capacity of not less than 25% of (a) the drum's storage capacity; or (b) if there is more than one drum used at the same time with the tray, the aggregate storage capacity of the drums: reg 3(5).

8 See the Control of Pollution (Oil Storage) (England) Regulations 2001, SI 2001/2954, regs 4, 5.

9 Control of Pollution (Oil Storage) (England) Regulations 2001, SI 2001/2954, reg 6(1).

10 As to the meaning of 'inland freshwaters' see PARA 289 at head (3) in the text.

- 11 As to the meaning of 'coastal waters' see PARA 289 at head (2) in the text.
- 12 Control of Pollution (Oil Storage) (England) Regulations 2001, SI 2001/2954, reg 6(2).
- 13 Ie a case where the Control of Pollution (Oil Storage) (England) Regulations 2001, SI 2001/2953, reg 6(1) or (2) applies.
- 14 As to the Environment Agency see PARA 68 et seq.
- 15 As to the meaning of 'controlled waters' see PARA 289.
- 16 As to the service of notices see **WATER AND WATERWAYS** vol 100 (2009) PARA 22.
- 17 See the Control of Pollution (Oil Storage) (England) Regulations 2001, SI 2001/2954, reg 7(1).
- 18 The period for compliance must be such period as is reasonable in the circumstances and must not in any case be less than 28 days: Control of Pollution (Oil Storage) (England) Regulations 2001, SI 2001/2954, reg 7(3). If a notice under reg 7 is not complied with in relation to any container by the date specified in the notice, regs 1-6(2) apply from whichever is the latest of the following: (1) the date specified in the notice; (2) if the period for compliance is extended under reg 7(4) (see head (ii) in the text), the expiry of the extension; (3) if there is an appeal against the notice, the date on which the appeal is determined or withdrawn: reg 6(3).

- 29 Ie a contravention of the Control of Pollution (Oil Storage) (England) Regulations 2001, SI 2001/2954, regs 3-5.
- 30 Ie a notice under the Control of Pollution (Oil Storage) (England) Regulations 2001, SI 2001/2954, reg 7.
- 31 Control of Pollution (Oil Storage) (England) Regulations 2001, SI 2001/2954, reg 9. As to the statutory maximum see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 140. As to offences by bodies corporate see **WATER AND WATERWAYS** vol 100 (2009) PARA 185.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(iv) Other Powers to Prevent and Control Pollution/A. PRECAUTIONS AGAINST POLLUTION/315. Control of pollution from silage, slurry and agricultural fuel oil.

315. Control of pollution from silage, slurry and agricultural fuel oil.

Subject to certain exceptions¹, no person may have custody or control of any crop which is being made into silage or any silage which is being stored unless:

- 425 (1) it is kept in a silo² in relation to which the prescribed requirements³ are satisfied or which is an exempt structure⁴; or
- 426 (2) it is compressed in the form of bales which are wrapped and sealed within impermeable membranes, or are enclosed in impermeable bags, and are stored at least 10 metres from any inland freshwaters⁵ or coastal waters⁶ which effluent⁷ escaping from the bales could enter; or
- 427 (3) it is a crop being made into field silage⁸ or silage which is being stored on open land and:
 - 11 11. (a) the Environment Agency⁹ is given notice¹⁰ of the place where the silage is to be made or stored at least 14 days before it is first used for that purpose; and
 - 12. (b) the place is at least 10 metres from any inland freshwaters or coastal waters, and at least the specified distance¹¹ from any protected water supply source¹², which silage effluent¹³ could enter if it escaped¹⁴.

No person having custody or control of any crop which is being, or has been, made into silage in the manner described in head (2) above may open or remove the wrapping of any bales unless he does so at a place at least 10 metres from any inland freshwaters or coastal waters which silage effluent could enter as a result¹⁵.

A person having custody or control of slurry¹⁶ must store it only in a slurry storage system¹⁷ in relation to which the prescribed requirements are satisfied¹⁸ or which is an exempt structure, unless it is being stored temporarily in a tanker with a capacity not exceeding 18,000 litres which is used for transporting slurry on roads or about a farm¹⁹.

No person may have custody or control of fuel oil²⁰ on a farm, if the total quantity stored exceeds 1,500 litres²¹, unless it is stored:

- 428 (i) in a fuel storage tank within a storage area in relation to which the prescribed requirements²² are satisfied;
- 429 (ii) in drums within such a storage area;
- 430 (iii) temporarily in a tanker used for transporting fuel oil on roads or about the farm;
- 431 (iv) in a fuel storage tank which is an exempt structure; or
- 432 (v) in an underground fuel storage tank²³.

A person who contravenes any of these provisions is guilty of an offence and liable to a fine²⁴.

The Agency may serve notice on any person, who has custody or control of any relevant substance²⁵ in circumstances in which the relevant regulations²⁶ apply, requiring him to carry

out such works, take such precautions or such other steps as are specified in the notice and which, in the opinion of the Agency, are appropriate, having regard to any requirements of those regulations in relation to that substance, for reducing to a minimum any significant risk of pollution of controlled waters²⁷ arising from the custody or control of that substance²⁸. The notice must specify or describe the works, precautions or other steps which the person is required to carry out or take, state the period for compliance, which must be such as is reasonable in the circumstances and in any case not less than 28 days²⁹, and inform him of the right of appeal³⁰ in relation to the notice³¹. The Agency may at any time withdraw the notice, or extend the period for compliance with any of its requirements or modify those requirements with the consent of the person on whom it was served³². On determining an appeal³³ the Secretary of State has or, in relation to Wales, the Welsh Ministers have power to direct the Agency to withdraw the notice, modify any of its requirements or extend the period for compliance³⁴ and the Agency must comply with the direction³⁵.

A person who proposes to have custody or control of any relevant substance which is to be kept or stored on a farm in a silo, slurry storage system or fuel storage area constructed, substantially enlarged or substantially reconstructed on or after 1 September 1991 must serve notice on the Agency specifying the type of structure to be used and its location at least 14 days before it is to be used for such keeping or storage³⁶. A person who contravenes this provision is guilty of an offence and liable to a fine³⁷.

1 le subject to the Control of Pollution (Silage, Slurry and Agricultural Fuel Oil) Regulations 1991, SI 1991/324, reg 3(1A): see note 14.

2 'Silo' means any structure used for making or storing silage: Control of Pollution (Silage, Slurry and Agricultural Fuel Oil) Regulations 1991, SI 1991/324, reg 2 (definition substituted by SI 1997/547).

3 le the requirements of the Control of Pollution (Silage, Slurry and Agricultural Fuel Oil) Regulations 1991, SI 1991/324, Sch 1: see Sch 1 paras 1-9 (amended by SI 1997/547) (requirements as to design and construction of silos). The Environment Agency may by notice relax the requirements of the Control of Pollution (Silage, Slurry and Agricultural Fuel Oil) Regulations 1991, SI 1991/324, reg 3(1)(a) (see head (1) in the text) subject to such conditions (if any) as are specified in the notice where a silo is used solely for the purpose of storing silage made elsewhere if it is satisfied that there is no significant risk of pollution of controlled waters from that use of the silo: reg 3(1B) (reg (1A)-(1D), (3) added by SI 1997/547).

4 A silo, slurry system or fuel storage tank is for the time being an exempt structure if (1) it was used before 1 March 1991 for the purpose of making silage, storing slurry or, as the case may be, storing fuel oil; (2) where it was not so used before that date, it was constructed before that date for that use; or (3) a contract for its construction was entered into before that date or its construction was commenced before that date, and in either case was completed before 1 September 1991, and in all cases provided it has not ceased to be an exempt structure by virtue of (a) any requirement of a works notice under the Control of Pollution (Silage, Slurry and Agricultural Fuel Oil) Regulations 1991, SI 1991/324, reg 9 (see the text and notes 17-29) not having been complied with; or (b) its having been substantially enlarged or substantially reconstructed at any time on or after 1 March 1991, unless a contract for the work was entered into or the work was commenced before that date, and in either case the work was completed before 1 September 1991: Control of Pollution (Silage, Slurry and Agricultural Fuel Oil) Regulations 1991, SI 1991/324, regs 6, 8(1). Any reference in reg 8(1) to the period stated in a notice is to that period as extended if it has been extended under reg 9(4) or by virtue of reg 10(5); and any reference in regs 9(4), 10(5) to a requirement of a notice is to that requirement as modified if it has been modified under reg 9(4): reg 8(3) (amended by SI 1997/547). 'Construct' includes install and cognate expressions are to be construed accordingly: Control of Pollution (Silage, Slurry and Agricultural Fuel Oil) Regulations 1991, SI 1991/324, reg 2. As to the meaning of 'slurry storage system' see note 17.

5 As to the meaning of 'inland freshwaters' see PARA 289 at head (3) in the text.

6 As to the meaning of 'coastal waters' see PARA 289 at head (2) in the text.

7 As to the meaning of 'effluent' see **WATER AND WATERWAYS** vol 100 (2009) PARA 262 note 31.

8 For these purposes, 'field silage' means silage made on open land by a method which is different from that described in the Control of Pollution (Silage, Slurry and Agricultural Fuel Oil) Regulations 1991, SI 1991/324, reg 3(1)(b) (see head (2) in the text): reg 3(3) (as added: see note 3).

9 As to the Environment Agency see PARA 68 et seq; and as to its pollution control functions generally see PARA 75.

10 As to the service of notices see **WATER AND WATERWAYS** vol 100 (2009) PARA 22.

11 The specified distance is 50 metres from the nearest relevant abstraction point; and 'relevant abstraction' means the abstraction of water from inland freshwaters or ground waters for use for (1) human consumption or other domestic purposes within the meaning of the Water Industry Act 1991 s 218 (see **WATER AND WATERWAYS** vol 100 (2009) PARA 334); or (2) manufacturing food or drink for human consumption: see the Control of Pollution (Silage, Slurry and Agricultural Fuel Oil) Regulations 1991, SI 1991/324, reg 3(1D), (3) (as added: see note 3).

12 A water supply source is a protected water supply source if (1) any relevant abstraction from the source is licensed under the Water Resources Act 1991 Pt II (ss 20-81) (see **WATER AND WATERWAYS** vol 100 (2009) PARA 227 et seq); or (2) any relevant abstraction from the source is not so licensed but the person making or storing the silage was aware of the source's location before the making of the silage began or, in the case of silage made elsewhere, before it was stored on the land in question; and 'water supply source' means inland freshwaters or ground waters from which any relevant abstraction is made or licensed to be made: Control of Pollution (Silage, Slurry and Agricultural Fuel Oil) Regulations 1991, SI 1991/324, reg 3(1C), (3) (as added: see note 3).

13 For these purposes, 'silage effluent' means effluent from silage or a crop being made into silage: Control of Pollution (Silage, Slurry and Agricultural Fuel Oil) Regulations 1991, SI 1991/324, reg 2 (definition substituted by SI 1997/547).

14 Control of Pollution (Silage, Slurry and Agricultural Fuel Oil) Regulations 1991, SI 1991/324, reg 3(1) (reg 3(1), (2) amended by SI 1997/547). The Control of Pollution (Silage, Slurry and Agricultural Fuel Oil) Regulations 1991, SI 1991/324, reg 3(1) does not apply to silage whilst it is stored temporarily in a container, trailer or vehicle in connection with its transport about the farm or elsewhere: reg 3(1A) (as added: see note 3).

15 Control of Pollution (Silage, Slurry and Agricultural Fuel Oil) Regulations 1991, SI 1991/324, reg 3(2) (as amended: see note 14).

16 'Slurry' means (1) excreta produced by livestock whilst in a yard or building; or (2) a mixture consisting wholly or mainly of such excreta, bedding, rainwater and washings from a building or yard used by livestock or any combination of these, of a consistency that allows it to be pumped or discharged by gravity at any stage in the handling process: Control of Pollution (Silage, Slurry and Agricultural Fuel Oil) Regulations 1991, SI 1991/324, reg 2. 'Livestock' means any animals kept for the production of food or wool or any birds kept for the production of food: reg 2.

17 'Slurry storage system' means (1) a slurry storage tank; (2) any reception pit and any effluent tank used in connection with the slurry storage tank; and (3) any channels and pipes used in connection with the slurry storage tank, any reception pit or any effluent tank: Control of Pollution (Silage, Slurry and Agricultural Fuel Oil) Regulations 1991, SI 1991/324, reg 2. 'Slurry storage tank' includes a lagoon, pit (other than a reception pit) or tower used for the storage of slurry; and 'reception pit' means a pit used for the collection of slurry before it is transferred into a slurry storage tank or for the collection of slurry discharged from such a tank: reg 2.

18 In the requirements of the Control of Pollution (Silage, Slurry and Agricultural Fuel Oil) Regulations 1991, SI 1991/324, reg 4(1), Sch 2: see Sch 2 paras 1-11 (amended by SI 1997/547).

19 Control of Pollution (Silage, Slurry and Agricultural Fuel Oil) Regulations 1991, SI 1991/324, reg 4(1), (2).

20 'Fuel oil' means oil intended for use as a fuel for the production of heat or power but does not include oil intended for use exclusively as a fuel for heating a farmhouse or other residential premises on a farm and stored separately from other oil: Control of Pollution (Silage, Slurry and Agricultural Fuel Oil) Regulations 1991, SI 1991/324, reg 2. As to the storage of oil in premises in England otherwise than on a farm see PARA 314.

21 See the Control of Pollution (Silage, Slurry and Agricultural Fuel Oil) Regulations 1991, SI 1991/324, reg 5(2).

22 In the requirements of the Control of Pollution (Silage, Slurry and Agricultural Fuel Oil) Regulations 1991, SI 1991/324, reg 5(1)(a), Sch 3: see Sch 3 paras 1-7 (amended by SI 1997/547).

23 Control of Pollution (Silage, Slurry and Agricultural Fuel Oil) Regulations 1991, SI 1991/324, reg 5(1).

24 Control of Pollution (Silage, Slurry and Agricultural Fuel Oil) Regulations 1991, SI 1991/324, reg 12(1). Such a person is liable on summary conviction to a fine not exceeding the statutory maximum, or on conviction on indictment to a fine: see reg 12(1). As to the statutory maximum see **SENTENCING AND DISPOSITION OF**

OFFENDERS vol 92 (2010) PARA 140. As to offences by bodies corporate see **WATER AND WATERWAYS** vol 100 (2009) PARA 185. As to the time limit for summary proceedings see PARA 291 note 18.

25 For these purposes, 'relevant substance' means slurry, fuel oil, a crop being made into silage or silage which is being stored: Control of Pollution (Silage, Slurry and Agricultural Fuel Oil) Regulations 1991, SI 1991/324, reg 2 (definition substituted by SI 1997/547).

26 Ie the Control of Pollution (Silage, Slurry and Agricultural Fuel Oil) Regulations 1991, SI 1991/324.

27 As to the meaning of 'controlled waters' see PARA 289.

28 Control of Pollution (Silage, Slurry and Agricultural Fuel Oil) Regulations 1991, SI 1991/324, reg 9(1) (substituted by SI 1997/547).

29 Control of Pollution (Silage, Slurry and Agricultural Fuel Oil) Regulations 1991, SI 1991/324, reg 9(3).

30 Ie under the Control of Pollution (Silage, Slurry and Agricultural Fuel Oil) Regulations 1991, SI 1991/324, reg 10. The appeal must be made within 28 days of service of the notice, by notice served on the Secretary of State or, in relation to Wales, on the Welsh Ministers together with the grounds of appeal: reg 10(1), (2). As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

31 Control of Pollution (Silage, Slurry and Agricultural Fuel Oil) Regulations 1991, SI 1991/324, reg 9(2).

32 Control of Pollution (Silage, Slurry and Agricultural Fuel Oil) Regulations 1991, SI 1991/324, reg 9(4)(a)-(c) (amended by virtue of the Environment Act 1995 Sch 22 para 233(1)).

33 As to the power to delegate appeals see the Environment Act 1995 s 114; and PARA 65.

34 Control of Pollution (Silage, Slurry and Agricultural Fuel Oil) Regulations 1991, SI 1991/324, reg 10(4), (5) (as amended: see note 32).

35 See the Control of Pollution (Silage, Slurry and Agricultural Fuel Oil) Regulations 1991, SI 1991/324, reg 9(4) (as amended: see note 32).

36 Control of Pollution (Silage, Slurry and Agricultural Fuel Oil) Regulations 1991, SI 1991/324, reg 11 (as amended: see note 32).

37 Control of Pollution (Silage, Slurry and Agricultural Fuel Oil) Regulations 1991, SI 1991/324, reg 12(2). Such a person is liable on summary conviction to a fine not exceeding level 2 on the standard scale: see reg 12(2). As to the standard scale see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 142.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(iv) Other Powers to Prevent and Control Pollution/B. WATER PROTECTION ZONES/316. Power to designate water protection zones.

B. WATER PROTECTION ZONES

316. Power to designate water protection zones.

Where the appropriate national authority¹ considers that either or both of the relevant requirements² is satisfied in relation to any area, it may by order³ make provision designating that area as a water protection zone and regulating the carrying on in that zone of such activities as may be specified or described in the order⁴.

Without prejudice to the generality of this power, such an order may:

- 433 (1) confer power on the Environment Agency to determine for the purposes of the order: (a) the circumstances in which the carrying on of any activities is prohibited or restricted; (b) the circumstances in which any requirement to take steps is imposed on persons who carry on activities; and (c) the activities to which any such prohibition or restriction or any requirement (as the case may be) applies⁵;
- 434 (2) apply a prohibition or restriction in respect of any activities to cases where the activities are carried on without the consent of the Agency or in contravention of any conditions subject to which any such consent is given⁶;
- 435 (3) provide that a contravention⁷ of a prohibition or restriction contained in the order or of a condition of a consent given for the purpose of any such prohibition or restriction or a failure to comply with a requirement to take steps contained in the order is to be an offence⁸;
- 436 (4) provide⁹ for anything falling to be determined under the order by the Agency to be determined in accordance with such procedure and by reference to such matters and to the opinion of such persons as may be specified in the order¹⁰;
- 437 (5) make different provision for different cases, including different provision in relation to different persons, circumstances or localities¹¹; and
- 438 (6) contain such supplemental, consequential and transitional provision as the appropriate national authority considers appropriate¹².

For the purposes of any such orders which require the Agency's consent to the carrying on of any activities, the Secretary of State or the Welsh Ministers may make provision by regulations with respect to:

- 439 (i) applications for any such consent;
- 440 (ii) the conditions of any such consent;
- 441 (iii) the revocation or variation of any such consent;
- 442 (iv) appeals¹³ against determinations on any such application;
- 443 (v) the exercise by the Secretary of State or the Welsh Ministers of any power conferred on the Agency by the orders;
- 444 (vi) the imposition of charges where such an application has been made, such a consent has been given or anything has been done in pursuance of any such consent¹⁴; and
- 445 (vii) the registration of any such consent¹⁵.

1 For these purposes, 'appropriate national authority' means (1) in relation to England, the Secretary of State (see PARA 58); (2) in relation to Wales, the Welsh Ministers (see PARA 59): Water Resources Act 1991 s 93(5) (substituted by SI 2009/3104). 'England' includes the territorial sea adjacent to England not forming any part of Wales and 'Wales' has the meaning given by the Government of Wales Act 2006 s 158(1) (see also PARA 1 note 2): Water Resources Act 1991 s 93(7) (added by SI 2009/3104).

2 Ie either or both of the Water Resources Act 1991 s 93(2) or s 93(2A): see below.

For these purposes (ie the purposes of s 93(1): see the text and notes 1-7) s 93(2) is satisfied in relation to any area if it is appropriate, with a view to preventing or controlling the entry of any poisonous, noxious or polluting matter into controlled waters, to prohibit or restrict the carrying on in that area of activities which the appropriate national authority considers are likely to result in the pollution of any such waters: s 93(2) (amended by SI 2009/3104). As to the meaning of 'poisonous, noxious, or polluting' see PARA 291 note 4. As to the meaning of 'controlled waters' see PARA 289.

For the same purposes (see above), the Water Resources Act 1991 s 93(2A) is satisfied in relation to any area if it is appropriate, with a view to preventing or limiting any harm that is being or is likely to be caused to controlled waters, to regulate the carrying on in that area of activities which the appropriate national authority considers are likely to result in such harm: s 93(2A) (s 93(2A)-(2C) added by SI 2009/3104). 'Harm' means any adverse impact on the condition of any hydromorphological quality element affecting the controlled waters that would be likely to prevent the achievement of any environmental objectives applicable to those waters (whether by itself or in combination with other factors), other than an adverse impact caused by the entry into controlled waters of any poisonous, noxious or polluting matter: Water Resources Act 1991 s 93(2B) (as so added). 'Environmental objectives' and 'hydromorphological quality element' have the same meanings as in the Water Framework Directive (ie European Parliament and EC Council Directive 2000/60 (OJ L327, 22.12.2000, p 1) establishing a framework for Community action in the field of water policy: see generally PARA 23): Water Resources Act 1991 s 93(2C) (as so added).

3 The power to make such an order is exercisable by statutory instrument subject (1) in the case of an order by the Secretary of State, to annulment in pursuance of a resolution of either House of Parliament; and (2) in the case of an order made by the Welsh Ministers, to annulment in pursuance of a resolution of the National Assembly for Wales, but neither the Secretary of State nor the Welsh Ministers are able to make such an order except on an application made by the Environment Agency in accordance with the Water Resources Act 1991 Sch 11 (see PARA 317) and otherwise in accordance with that Schedule: s 93(6) (added by SI 2009/3104). As to the Environment Agency see PARA 68 et seq; and as to its pollution control functions generally see PARA 75.

4 Water Resources Act 1991 s 93(1) (substituted by SI 2009/3104). At the date at which this title states the law, no such orders had been made.

An order under the Water Resources Act 1991 s 93 may regulate activities carried on in a water protection zone by (1) prohibiting or restricting the carrying on of those activities in the zone; or (2) imposing requirements on persons who carry on those activities in the zone to take such steps as may be specified or described in the order: s 93(1A) (s 93(1A), (1B) added by SI 2009/3104). The power under head (2) above is exercisable only for the purpose of enabling the United Kingdom to comply with its obligations under the Water Framework Directive (see note 2) in relation to any applicable environmental objectives: Water Resources Act 1991 s 93(1B) (as so added). As to the meaning of 'United Kingdom' see PARA 1 note 2.

5 Water Resources Act 1991 s 93(4)(a) (substituted by SI 2009/3104).

6 Water Resources Act 1991 s 93(4)(b) (s 93(4)(b), (d) amended by the Environment Act 1995 Sch 22 para 128).

7 As to the meaning of 'contravention' see **WATER AND WATERWAYS** vol 100 (2009) PARA 20 note 5.

8 Water Resources Act 1991 s 93(4)(c).(substituted by SI 2009/3104).

The maximum penalties for an offence created by the Water Resources Act 1991 s 93(4)(c) must not exceed: (1) on summary conviction, a term of imprisonment for a term not exceeding three months or a fine not exceeding the statutory maximum (or both); and (2) on conviction on indictment, imprisonment for a term not exceeding two years or a fine (or both): s 93(4A) (added by SI 2009/3104). As to the statutory maximum see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 140.

9 Ie subject to any regulations under the Water Resources Act 1991 s 96: see heads (i)-(vii) in the text.

10 Water Resources Act 1991 s 93(4)(d) (as amended: see note 6).

11 Water Resources Act 1991 s 93(4)(e).

12 Water Resources Act 1991 s 93(4)(f).

13 This provision is subject to the Environment Act 1995 s 114 (delegation of appeals etc) (see PARA 65): Water Resources Act 1991 s 96(4) (added by the Environment Act 1995 Sch 22 para 145).

14 This power now seems superfluous in view of the Environment Act 1995 s 43 (Environment Agency's incidental power to impose charges) (see PARA 82), but has not been repealed.

15 Water Resources Act 1991 s 96(1) (amended by the Environment Act 1995 Sch 22 para 128). Without prejudice to the generality of the powers so conferred, such regulations may apply, with or without modifications, any enactment having effect in relation to consents under Pt III Ch II (ss 85-91) (see PARA 291 et seq): s 96(3). At the date at which this title states the law, no such regulations had been made. As to the meaning of 'modifications' see **WATER AND WATERWAYS** vol 100 (2009) PARA 141 note 20. As to the meaning of 'enactment' see **WATER AND WATERWAYS** vol 100 (2009) PARA 14 note 31.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(iv) Other Powers to Prevent and Control Pollution/B. WATER PROTECTION ZONES/317. Procedure on making water protection zone order.

317. Procedure on making water protection zone order.

Where the Environment Agency¹ applies for a water protection zone order², it must submit to the Secretary of State or the Welsh Ministers³ a draft of the order applied for and publish a notice with respect to the application, stating the general effect of the order, at least once in each of two successive weeks in one or more newspapers circulating in the locality proposed to be designated as a water protection zone by the order⁴. The notice must also specify a place where a copy of the draft order and of any relevant map or plan may be inspected by any person free of charge, at all reasonable times, during the period of 28 days beginning with the date of the first publication of the notice, and state that any person may, within that period, by notice⁵ to the Secretary of State or to the Welsh Ministers object to the making of the order⁶.

Not later than the date on which the notice stating the general effect of the order is published, the Agency must serve a copy of it on every local authority⁷ and water undertaker⁸ whose area includes the whole or any part of that locality, and must publish a notice in the London Gazette which states that the draft order has been submitted to the Secretary of State or the Welsh Ministers⁹.

Where the Agency has applied for such an order it must, at the request of any person and on payment by that person of such charge, if any, as the Agency may reasonably require, furnish that person with a copy of the draft order submitted to the Secretary of State or the Welsh Ministers¹⁰.

On an application for such an order, the Secretary of State or the Welsh Ministers may make the order¹¹ either in the terms of the draft order submitted to him or to them, or in those terms as modified in such manner as the Secretary of State or the Welsh Ministers think fit, or may refuse to make an order¹². The Secretary of State or the Welsh Ministers may not, however, make such a modification¹³ of a draft order submitted to him or to them as he or the Welsh Ministers consider is likely adversely to affect any persons unless satisfied that the Agency has given and published such additional notices, in such manner, as he or the Welsh Ministers may have required¹⁴. The Secretary of State or the Welsh Ministers may, if he or they consider it appropriate to do so, hold a local inquiry¹⁵ before making any order on the application¹⁶.

1 As to the Environment Agency see PARA 68 et seq; and as to its pollution control functions generally see PARA 75.

2 I.e an order under the Water Resources Act 1991 s 93: see PARA 316.

3 I.e to the appropriate national authority: see PARA 316. As to the Secretary of State see PARA 58. As to the Welsh Ministers see PARA 59.

4 Water Resources Act 1991 s 93(5), Sch 11 para 1(1)(a), (b), (2)(a) (Sch 11 amended by the Environment Act 1995 Sch 22 para 128).

5 As to the service of notices see **WATER AND WATERWAYS** vol 100 (2009) PARA 22.

6 Water Resources Act 1991 Sch 11 para 1(2)(b), (c).

7 As to the meaning of 'local authority' see PARA 99.

- 8 As to the meaning of 'water undertaker' see **WATER AND WATERWAYS** vol 100 (2009) PARA 137 note 4.
- 9 Water Resources Act 1991 Sch 11 para 1(1)(c), (d)(i) (as amended: see note 4). The notice must also name every local authority on which a notice is required to be served, specify a place where a copy of the draft order and of any relevant map or plan may be inspected, and give the name of every newspaper in which the notice required by virtue of Sch 11 para 1(1)(b) was published and the date of an issue containing the notice: Sch 11 para 1(1)(ii)-(iv).
- 10 Water Resources Act 1991 Sch 11 para 2 (as amended: see note 4).
- 11 The order is made by statutory instrument: see PARA 316 note 4.
- 12 Water Resources Act 1991 Sch 11 para 3(1).
- 13 As to the meaning of 'modifications' see **WATER AND WATERWAYS** vol 100 (2009) PARA 141 note 20.
- 14 Water Resources Act 1991 Sch 11 para 3(2) (as amended: see note 4). Subject to this, and to the service of notices of the proposed modifications on such local authorities as appear to him or to them to be likely to be interested in it, the modifications that may be made by the Secretary of State or the Welsh Ministers of any draft order include any modification of the area designated by the draft order as a water protection zone: Sch 11 para 3(3).
- 15 Ie without prejudice to the Environment Act 1995 s 53 (inquiries and other hearings) (see PARA 89): Water Resources Act 1991 Sch 11 para 4 (amended by the Environment Act 1995 Sch 22 para 184).
- 16 Water Resources Act 1991 Sch 11 para 4 (as amended: see note 15).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(iv) Other Powers to Prevent and Control Pollution/C. NITRATE VULNERABLE ZONES/318. Nitrate vulnerable zones; in general.

C. NITRATE VULNERABLE ZONES

318. Nitrate vulnerable zones; in general.

For the purpose of the designation and revision of designations of nitrate vulnerable zones¹, the Secretary of State or the Welsh Ministers² must, before 1 January 2013 and at least every four years subsequently³, monitor the nitrate concentration in freshwaters over a period of one year:

- 446 (1) at sampling stations that are representative of surface water at least monthly and more frequently during flood periods; and
- 447 (2) at sampling stations that are representative of the groundwater, at regular intervals⁴.

The Secretary of State or the Welsh Ministers must also keep under review the eutrophic⁵ state of fresh surface waters, estuarial and coastal waters⁶. Such monitoring must be carried out using the relevant reference methods of measurement⁷.

1 For these purposes, 'nitrate vulnerable zone' means (1) the areas marked as nitrate vulnerable zones on the maps marked 'Nitrate Vulnerable Zones (England 2008)' and deposited at the offices of the Secretary of State for Environment, Food and Rural Affairs, Nobel House, 17 Smith Square, London SW1P 3JR, being areas of land that drain into polluted waters and that contribute to the pollution of those waters (see the Nitrate Pollution Prevention Regulations 2008, SI 2008/2349, reg 7); (2) the areas marked as nitrate vulnerable zones on the maps marked 'Nitrate Vulnerable Zones Index Map 2008' ('Parthau Perygl Nitradau Map Mynegai 2008') and deposited at the offices of the Welsh Assembly Government, Cathays Park, Cardiff, CF10 3NQ, being areas of land that drain into polluted waters and that contribute to the pollution of those waters (see the Nitrate Pollution Prevention (Wales) Regulations 2008, SI 2008/3143, reg 7).

2 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

3 Except for where the nitrate concentration in all previous samples taken for this purpose has been below 25 mg/l and no new factor likely to increase the nitrate content has appeared, in which case the monitoring programme need be repeated only every eight years: see the Nitrate Pollution Prevention Regulations 2008, SI 2008/2349, reg 11(2); and the Nitrate Pollution Prevention (Wales) Regulations 2008, SI 2008/3143, reg 11(2).

4 Nitrate Pollution Prevention Regulations 2008, SI 2008/2349, reg 11(2); Nitrate Pollution Prevention (Wales) Regulations 2008, SI 2008/3143, reg 11(2). The monitoring described in head (2) in the text must be done taking into account the provisions of EC Council Directive 98/83 (OJ L330, 05.12.98, p 32) on the water intended for human consumption: see the Nitrate Pollution Prevention Regulations 2008, SI 2008/2349, reg 11(2); and the Nitrate Pollution Prevention (Wales) Regulations 2008, SI 2008/3143, reg 11(2).

As to panel findings etc see the Nitrate Pollution Prevention Regulations 2008, SI 2008/2349, regs 8-10; and the Nitrate Pollution Prevention (Wales) Regulations 2008, SI 2008/3143, regs 8-10; as to limiting the application of organic manure see the Nitrate Pollution Prevention Regulations 2008, SI 2008/2349, regs 12, 13 (reg 12 amended by SI 2009/3160); and the Nitrate Pollution Prevention (Wales) Regulations 2008, SI 2008/3143, regs 12, 13 (reg 12 amended by SI 2010/489); as to derogation see the Nitrate Pollution Prevention Regulations 2008, SI 2008/2349, regs 13A-13F (added by SI 2009/3160) and the Nitrate Pollution Prevention (Wales) Regulations 2008, SI 2008/3143, regs 13A-13E (added by SI 2010/489); as to crop requirements see the Nitrate Pollution Prevention Regulations 2008, SI 2008/2349, regs 14-17 (regs 15, 16 amended by SI 2009/3160); and the Nitrate Pollution Prevention (Wales) Regulations 2008, SI 2008/3143, regs 14-17 (reg 15, 16 amended by SI 2010/489); as to the spreading of nitrogen fertiliser see the Nitrate Pollution Prevention Regulations 2008, SI

2008/2349, regs 18-30 (regs 20, 22 substituted and reg 27 amended by SI 2009/3160); and the Nitrate Pollution Prevention (Wales) Regulations 2008, SI 2008/3143, regs 18-30 (reg 20, 22 substituted and reg 27 amended by SI 2010/489); as to the storage or organic manure see the Nitrate Pollution Prevention Regulations 2008, SI 2008/2349, regs 31-34; and the Nitrate Pollution Prevention (Wales) Regulations 2008, SI 2008/3143, regs 31-34; as to calculations and records see the Nitrate Pollution Prevention Regulations 2008, SI 2008/2349, regs 35-45 (reg 42 amended by SI 2009/3160) and the Nitrate Pollution Prevention (Wales) Regulations 2008, SI 2008/3143, regs 35-45 (reg 42 amended by SI 2010/489); and as to offences and enforcement see the Nitrate Pollution Prevention Regulations 2008, SI 2008/2349, regs 48-50; and the Nitrate Pollution Prevention (Wales) Regulations 2008, SI 2008/3143, regs 48-50.

As to the application of the Conservation of Habitats and Species Regulations 2010, SI 2010/490, regs 61, 62 ('the assessment provisions') in relation to the granting of a derogation under the Nitrate Pollution Prevention Regulations 2008, SI 2008/2349, Pt 3A (regs 13A-13F) or the Nitrate Pollution Prevention (Wales) Regulations 2008, SI 2008/3143, Pt 3A (regs 13A-13E) (see above), see the Conservation of Habitats and Species Regulations 2010, SI 2010/490, reg 101; and **OPEN SPACES AND COUNTRYSIDE**.

5 'Eutrophic' means water that is enriched by nitrogen compounds, causing an accelerated growth of algae and higher forms of plant life that produces an undesirable disturbance to the balance of organisms present in the water and to the quality of the water concerned: Nitrate Pollution Prevention Regulations 2008, SI 2008/2349, reg 6 (substituted by SI 2009/3160); Nitrate Pollution Prevention (Wales) Regulations 2008, SI 2008/3143, reg 6 (substituted by SI 2010/489).

6 Nitrate Pollution Prevention Regulations 2008, SI 2008/2349, reg 11(1); Nitrate Pollution Prevention (Wales) Regulations 2008, SI 2008/3143, reg 11(1). As to the duties of the Secretary of State or the Welsh Ministers at the end of each four-year or eight-year period see the Nitrate Pollution Prevention Regulations 2008, SI 2008/2349, reg 11(4); and the Nitrate Pollution Prevention (Wales) Regulations 2008, SI 2008/3143, reg 11(4).

7 Nitrate Pollution Prevention Regulations 2008, SI 2008/2349, reg 11(3); Nitrate Pollution Prevention (Wales) Regulations 2008, SI 2008/3143, reg 11(3). The reference methods of measurement are those referred to in EEC Council Decision 77/795 (OJ L334, 24.12.1977, p 29) establishing a common procedure for the exchange of information on the quality of surface fresh water in the Community art 4(a)(3): see the Nitrate Pollution Prevention Regulations 2008, SI 2008/2349, reg 11(3); and the Nitrate Pollution Prevention (Wales) Regulations 2008, SI 2008/3143, reg 11(3).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(iv) Other Powers to Prevent and Control Pollution/C. NITRATE VULNERABLE ZONES/319. Monitoring and review of effectiveness of restrictions in nitrate vulnerable zones.

319. Monitoring and review of effectiveness of restrictions in nitrate vulnerable zones.

At least every four years the Secretary of State or the Welsh Ministers¹ must review the effectiveness of the restrictions in nitrate vulnerable zones imposed² as a means of reducing or preventing water pollution caused by nitrates from agricultural sources and if necessary revise them³.

In order to carry out the regular reviews of the effectiveness of the restrictions in nitrate vulnerable zones⁴ the Secretary of State or the Welsh Ministers must establish a monitoring programme to assess the effectiveness of the restrictions⁵; and when carrying out this review must take into account available scientific and technical data⁶ and regional environmental conditions⁷.

When carrying out the review the Secretary of State or the Welsh Ministers must ensure that the public is given early and effective opportunities to participate⁸. They must make adequate arrangements for public participation to enable the public to prepare and participate effectively⁹. They must also ensure that (1) the public is consulted about any proposals and that relevant information about such proposals is made available to the public, including information about the right to participate in decision-making and about the body to which comments or questions may be submitted; and (2) the public is entitled to express comments and opinions when all options are open before decisions on the plans and programmes are made¹⁰. They must identify the public entitled to be consulted, including non-governmental organisations promoting environmental protection¹¹; and reasonable time must be allowed for consultation¹².

Consultation must be taken into account in reaching a decision¹³. Following consultation the Secretary of State or the Welsh Ministers must inform the public about the decisions taken and the reasons and considerations upon which those decisions are based, including information about the public participation process¹⁴.

1 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

2 Ie by the Nitrate Pollution Prevention Regulations 2008, SI 2008/2349; and the Nitrate Pollution Prevention (Wales) Regulations 2008, SI 2008/3143: see PARA 318. As to the meaning of 'nitrate vulnerable zone' see PARA 318 note 1.

- 14 Nitrate Pollution Prevention Regulations 2008, SI 2008/2349, reg 47(7); Nitrate Pollution Prevention (Wales) Regulations 2008, SI 2008/3143, reg 47(7).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(iv) Other Powers to Prevent and Control Pollution/D. CODES OF PRACTICE/320. Codes of good agricultural practice.

D. CODES OF PRACTICE

320. Codes of good agricultural practice.

The Secretary of State or, in relation to Wales, the Welsh Ministers¹ may by order made by statutory instrument approve any code of practice issued, whether by either or both of them or by another person, for the purpose of:

- 448 (1) giving practical guidance to persons engaged in agriculture² with respect to activities that may affect controlled waters³; and
- 449 (2) promoting what appear to the Secretary of State or to the Welsh Ministers to be desirable practices by such persons for avoiding or minimising the pollution of any such waters⁴.

The Secretary of State or the Welsh Ministers may at any time by such an order approve a modification of such a code or withdraw approval of such a code or modification⁵, but may not make any order under these provisions without first consulting the Environment Agency⁶.

A contravention⁷ of a code of practice as for the time being approved under these provisions does not of itself give rise to any civil or criminal liability⁸, but in determining how and when to exercise certain statutory powers⁹, the Agency must take into account whether there has been, or is likely to be, any such contravention¹⁰.

¹ The statutory wording is 'the ministers': but see the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, art 2, Sch 1; the Ministry of Agriculture, Fisheries and Food (Dissolution) Order 2002, SI 2002/794. As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

² As to the meaning of 'agriculture' see **WATER AND WATERWAYS** vol 100 (2009) PARA 209 note 20.

³ As to the meaning of 'controlled waters' see PARA 289.

⁴ Water Resources Act 1991 s 97(1), (2). See the Water (Prevention of Pollution) (Code of Practice) Order 1998, SI 1998/3084, approving the Code of Good Agricultural Practice for the Protection of Water dated October 1998, also known as 'The Water Code Revised 1998' (including an erratum slip dated November 1998), which was issued by the then Minister of Agriculture, Fisheries and Food and the Secretary of State for Wales and a copy of which was deposited in each House of Parliament on 2 December 1998 to give practical guidance to persons engaged in agriculture with respect to activities that may affect controlled waters and to promote desirable practices by such persons for avoiding or minimising the pollution of any such waters. See now the Water (Prevention of Pollution) (Code of Good Agricultural Practice) Order 2009, SI 2009/46, approving the Code of Good Agricultural Practice to protect water, soil and air quality which was issued by the Secretary of State on 6 January 2009 so far as it was issued for the purpose of (1) giving practical guidance to persons engaged in agriculture with respect to activities that may affect controlled waters; and (2) promoting what appears to the Secretary of State to be desirable practices by such persons for avoiding or minimising the pollution of any such waters: see art 2. The Water (Prevention of Pollution) (Code of Practice) Order 1998, SI 1998/3084 (see above) is also revoked as from 6 February 2009 so far as it applies to England: see the Water (Prevention of Pollution) (Code of Good Agricultural Practice) Order 2009, SI 2009/46, art 3. As to the Code of Good Agricultural Practice see also the Department for Environment, Food and Rural Affairs website which was, at the date at which this volume states the law, www.defra.gov.uk.

⁵ Water Resources Act 1991 s 97(1).

6 Water Resources Act 1991 s 97(3) (s 97(2), (3) amended by the Environment Act 1995 Sch 22 para 128). As to the Environment Agency see PARA 68 et seq; and as to its pollution control functions generally see PARA 75.

7 As to the meaning of 'contravention' see **WATER AND WATERWAYS** vol 100 (2009) PARA 20 note 5.

8 Evidence of a contravention could, however, no doubt be used as evidence in support of an allegation of negligence in a civil claim.

9 le its power by giving a notice under the Water Resources Act 1991 s 86(1) to impose a prohibition under s 86 (see PARA 292) and any powers conferred on it by regulations under s 92 (see PARA 313): s 97(2)(a), (b) (as amended: see note 6).

10 Water Resources Act 1991 s 97(2) (as amended: see note 6).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(iv) Other Powers to Prevent and Control Pollution/E. RESTORATION AND IMPROVEMENT WORKS FOR CONTROLLED WATERS, ETC/321. Anti-pollution works and operations.

E. RESTORATION AND IMPROVEMENT WORKS FOR CONTROLLED WATERS, ETC

321. Anti-pollution works and operations.

Where it appears to the Environment Agency¹ that any poisonous, noxious or polluting matter or any waste matter² is or has been present in, or is likely to enter, any controlled waters³, the Agency is entitled to carry out the following works and operations⁴. In a case where the matter appears likely to enter any controlled waters, the Agency is entitled to carry out works and operations for the purpose of preventing it from doing so⁵. In a case where the matter appears to be or to have been present in any controlled waters, the Agency is entitled to carry out works and operations for the purpose of:

- 450 (1) removing or disposing of the matter;
- 451 (2) remedying or mitigating any pollution caused by its presence in the waters;
- or
- 452 (3) so far as it is reasonably practicable to do so, restoring waters, including the flora and fauna dependent on the aquatic environment of the waters, to their state immediately before the matter became present in the waters⁶.

In either case the Agency is entitled to carry out investigations for the purpose of establishing the nature of the matter, the source of the matter, the nature and effects of any pollution caused or likely to be caused by the presence of the matter and the identity of any responsible persons⁷. Without prejudice to the Agency's powers of investigation, the above powers⁸ are only exercisable where (a) the Agency considers it necessary to carry out forthwith any such works or operations; or (b) it appears to the Agency, after reasonable inquiry, that no person can be found on whom to serve a works notice⁹.

Nothing in the relevant provisions¹⁰:

- 453 (i) authorises the Agency to impede or prevent the making of any discharge in pursuance of a consent¹¹;
- 454 (ii) derogates from any right of action or other remedy, whether civil or criminal, in proceedings instituted otherwise than thereunder¹²; or
- 455 (iii) affects any restriction imposed by or under any other enactment¹³, whether public, local or private¹⁴.

Where the Agency carries out any works, operations or investigations under any of the powers conferred by the relevant provisions¹⁵ it must be entitled to recover the expenses¹⁶ reasonably incurred in doing so from any responsible person¹⁷.

¹ As to the Environment Agency see PARA 68 et seq; and as to its pollution control functions generally see PARA 75.

2 As to the meanings of 'poisonous, noxious or polluting' and 'waste matter' see PARA 291 notes 4-5; although note that that definition of 'waste' set out there was for the purposes of the Water Resources Act 1991 s 85(1).

3 As to the meaning of 'controlled waters' for the purposes of the Water Resources Act 1991 ss 161-161ZB (see also PARAS 322, 323) see PARA 289; definition applied by the Water Resources Act 1991 s 161ZC(8) (s 161ZC added by SI 2009/3104).

4 Water Resources Act 1991 s 161(1) (s 161 substituted by SI 2009/3104).

See generally also European Parliament and EC Council Directive 2004/35 (OJ L143, 30.4.2004, p 56) (the 'Environmental Liability Directive'); the Environmental Damage (Prevention and Remediation) Regulations 2009, SI 2009/153; and PARA 5.

5 Water Resources Act 1991 s 161(3) (as substituted: see note 4).

6 Water Resources Act 1991 s 161(2) (as substituted: see note 4). There is no statutory definition of 'aquatic environment', which presumably must be taken to include any flora or fauna damaged or destroyed within the controlled waters affected by the incident. As to powers of entry to carry out these works see PARA 148.

7 Water Resources Act 1991 s 161(4) (as substituted: see note 4). For these purposes, 'responsible person' means a person who has caused or knowingly permitted the matter (1) to be present in the controlled waters; or (2) to be at a place from which it was likely, in the opinion of the Agency, to enter the controlled waters: s 161(6) (as so substituted).

8 As to 'caused or knowingly permitted' see PARA 291 notes 2-3.

9 Water Resources Act 1991 s 161(5) (as substituted: see note 4). As to the procedure for works notices see s 161A; and PARA 324.

10 Ie in the Water Resources Act 1991 ss 161-161ZB (see also PARAS 322, 323).

11 Water Resources Act 1991 s 161ZC(1) (as added: see note 3). The consent referred to is a consent given under the Water Resources Act 1991 Pt III Ch II (ss 85-91): see PARA 299 et seq. A similar restriction is placed on the service of works notices: see PARA 324.

12 Water Resources Act 1991 s 161ZC(6)(a) (as added: see note 3).

13 As to the meaning of 'enactment' see **WATER AND WATERWAYS** vol 100 (2009) PARA 14 note 31.

14 Water Resources Act 1991 s 161ZC(6)(b) (as added: see note 3).

15 Ie the Water Resources Act 1991 ss 161, 161ZA (see also PARA 322).

16 For these purposes, 'expenses' includes costs: Water Resources Act 1991 s 161ZC(7) (as added: see note 3).

17 Water Resources Act 1991 s 161ZC(2) (as added: see note 3). As to the meaning of 'responsible person' see note 7, and PARA 322 note 5. Section 161ZC(3) is subject to s 161ZC(4). No expenses are recoverable from a person for any works, operations or investigations in respect of water from an abandoned mine or an abandoned part of a mine which that person permitted to enter any controlled waters or to reach a place from which it was likely, in the opinion of the Agency, to enter any controlled waters: s 161ZC(3) (as so added). Section 161ZC(3) does not apply to the owner or former operator of any mine or part of a mine if the mine or part in question became abandoned after 31 December 1999: s 161ZC(4) (as so added). For these purposes, 'mine' has the same meaning as in the Mines and Quarries Act 1954 (see **MINES, MINERALS AND QUARRIES** vol 31 (2003 Reissue) PARA 5): Water Resources Act 1991 s 161ZC(7) (as so added).

The provisions of s 89(3B), (3C) (see PARA 295) apply in relation to s 161ZC(3), (4) as they apply in relation to s 89(3), (4A): s 161ZC(5) (as so added).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(iv) Other Powers to Prevent and Control Pollution/E. RESTORATION AND IMPROVEMENT WORKS FOR CONTROLLED WATERS, ETC/322. Other works and operations in respect of harm to controlled waters.

322. Other works and operations in respect of harm to controlled waters.

Where it appears to the Environment Agency¹ that any controlled waters² are being or have been harmed³, or are likely to be harmed, by any event, process or other source of potential harm (and it is immaterial whether the source of potential harm has been identified)⁴, the Agency is entitled to carry out works and operations for any of the following purposes (so far as it is reasonably practicable to achieve them):

- 456 (1) removing the source of potential harm;
- 457 (2) preventing any harm or further harm being caused to the controlled waters;
- 458 (3) in a case where the controlled waters are being or have been harmed (a) remedying or mitigating the effects of the harm; (b) restoring the waters, including any flora and fauna dependent on the aquatic environment of the waters, to their state immediately before any harm was caused⁵.

The Agency is entitled to carry out investigations for the purpose of establishing any of the following:

- 459 (i) the source of any harm or potential harm to the controlled waters;
- 460 (ii) the nature and effects of any harm caused or likely to be caused to those waters; and
- 461 (iii) the identity of any responsible persons⁶.

¹ As to the Environment Agency see PARA 68 et seq; and as to its pollution control functions generally see PARA 75.

² As to the meaning of 'controlled waters' see PARA 321 note 3.

³ For these purposes, 'harm' means any adverse impact on the condition of any hydromorphological quality element affecting the controlled waters that would be likely to prevent the achievement of the environmental objectives applicable to the controlled waters (whether by itself or in combination with other factors), other than an adverse impact caused by the entry into or presence in those waters of any poisonous, noxious or polluting matter or waste matter: Water Resources Act 1991 s 161ZA(2) (s 161ZA added by SI 2009/3104). 'Environmental objectives' and 'hydromorphological quality element' have the same meaning as in the Water Framework Directive (ie European Parliament and EC Council Directive 2000/60 (OJ L327, 22.12.2000, p 1) establishing a framework for Community action in the field of water policy: see generally PARA 23): Water Resources Act 1991 s 161ZA(3) (as so added). As to the meanings of 'poisonous, noxious or polluting' and 'waste matter' see PARA 291 notes 4-5.

As to the scope of s 161ZA see PARA 321. As to the recovery of expenses see PARA 321.

⁵ Water Resources Act 1991 s 161ZA(4) (as added: see note 3). Without prejudice to the power of the Agency to carry out those investigations, the powers conferred by s 161ZA(4) are only exercisable in a case where (1) the Agency considers it necessary to carry out forthwith any works or operations falling within that provision; or (2) it appears to the Agency, after reasonable inquiry, that no responsible person can be found on whom to serve a works notice: s 161ZA(6) (as so added). As to serving a works notice see PARA 324. For these purposes, 'responsible person' means a person who has caused or knowingly permitted (a) any harm to be caused to the controlled waters; or (b) a source of potential harm to exist that is likely, in the opinion of the Agency, to cause harm to the controlled waters: s 161ZA(7) (as so added). As to improving controlled waters see PARA 323.

6 Water Resources Act 1991 s 161ZA(5) (as added: see note 3).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(iv) Other Powers to Prevent and Control Pollution/E. RESTORATION AND IMPROVEMENT WORKS FOR CONTROLLED WATERS, ETC/323. Works and operations for improving controlled waters.

323. Works and operations for improving controlled waters.

Where it appears to the Environment Agency¹ that (1) the condition of any hydromorphological quality element² affecting any controlled waters³ is unsatisfactory⁴; and (2) it is possible to improve the hydromorphological quality element by carrying out works or operations⁵, the Agency is entitled to carry out works and operations for the purpose of improving the condition of the hydromorphological quality element in question with a view to achieving (or contributing to the achievement of) the applicable environmental objectives⁶.

The Agency is also entitled to carry out investigations for the purpose of establishing why the condition of the hydromorphological quality element in question is unsatisfactory⁷.

1 As to the Environment Agency see PARA 68 et seq; and as to its pollution control functions generally see PARA 75.

2 For these purposes, 'environmental objectives' and 'hydromorphological quality element' have the same meanings as in the Water Framework Directive (ie European Parliament and EC Council Directive 2000/60 (OJ L327, 22.12.2000, p 1) establishing a framework for Community action in the field of water policy: see generally PARA 23): Water Resources Act 1991 s 161ZB(3) (s 161ZB added by SI 2009/3104).

3 As to the meaning of 'controlled waters' see PARA 321 note 3.

4 For these purposes, the condition of a hydromorphological quality element affecting the controlled waters is unsatisfactory if (whether by itself or in combination with other factors) it is likely to prevent the waters from achieving the applicable environmental objectives: Water Resources Act 1991 s 161ZB(2) (as added: see note 2). As to the meaning of 'environmental objectives' see note 2.

5 Water Resources Act 1991 s 161ZB(1) (as added: see note 2).

6 Water Resources Act 1991 s 161ZB(4) (as added: see note 2).

7 Water Resources Act 1991 s 161ZB(5) (as added: see note 2).

Without prejudice to the power of the Agency to carry out those investigations, the powers conferred by s 161ZB(4) are only exercisable if it appears to the Agency that it is unable to secure that the necessary works or operations are carried out by exercising its powers under s 161 (see PARA 321) or s 161ZA (see PARA 322) or by serving a works notice (see PARA 324) on any responsible person: s 161ZB(6) (as so added).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(iv) Other Powers to Prevent and Control Pollution/E. RESTORATION AND IMPROVEMENT WORKS FOR CONTROLLED WATERS, ETC/324. Notices requiring persons to carry out anti-pollution works or operations.

324. Notices requiring persons to carry out anti-pollution works or operations.

Where it appears to the Environment Agency¹ that (1) any poisonous, noxious or polluting matter or any waste matter² is or has been present in, or is likely to enter, any controlled waters³; or (2) any controlled waters are being or have been harmed, or are likely to be harmed, by any event, process or other source of potential harm⁴, the Agency is entitled to serve a works notice⁵ on any responsible person⁶.

For these purposes, a 'works notice' is a notice requiring the person on whom it is served to carry out such of the following works or operations as may be specified in the notice⁷. The works or operations that may be so specified are certain relevant works or operations which may be carried out⁸.

Where the Agency has carried out any relevant investigations⁹ and serves a works notice on a responsible person in connection with the matters to which the investigations relate it must (unless the notice is quashed or withdrawn) be entitled to recover from that person the costs or expenses reasonably incurred in carrying out those investigations¹⁰.

The appropriate national authority¹¹ may, if it thinks fit in relation to any person, give directions to the Agency as to whether or how it should exercise its powers under the provision on the form of work notices¹².

1 As to the Environment Agency see PARA 68 et seq; and as to its pollution control functions generally see PARA 75.

2 As to the meanings of 'poisonous, noxious or polluting' and 'waste matter' see PARA 291 notes 4-5.

3 Water Resources Act 1991 s 161A(1)(a) (s 161A substituted by SI 2009/3104). This is so that the Water Resources Act 1991 s 161 applies: see PARA 321. As to the meaning of 'controlled waters' for the purposes of the Water Resources Act 1991 ss 161A-161AB see PARA 289; definition applied by the Water Resources Act 1991 s 161A(7) (as so substituted).

Nothing in s 161A entitles the Agency to require the carrying out of any works or operations which would impede or prevent the making of any discharge in pursuance of a consent given under Pt III Ch 2 (see ss 85-89) (see PARA 291 et seq): s 161AB(1) (s 161AB added by SI 2009/3104).

No works notice may be served on any person requiring him to carry out any works or operations in respect of water from an abandoned mine or an abandoned part of a mine which that person permitted to enter any controlled waters or to reach a place from which it was likely, in the opinion of the Agency, to enter any controlled waters: Water Resources Act 1991 s 161AB(2) (as so added). Section 161AB(2) does not apply to the service of a notice on the owner or former operator of any mine or part of a mine if the mine or part in question became abandoned after 31 December 1999: s 161AB(3) (as so added). For these purposes, 'mine' has the same meaning as in the Mines and Quarries Act 1954 (see **MINES, MINERALS AND QUARRIES** vol 31 (2003 Reissue) PARA 5): Water Resources Act 1991 s 161AB(5) (as so added).

The provisions of s 89(3B), (3C) (see PARA 295) apply in relation to s 161AB(2), (3) as they apply in relation to s 89(3), (4A): s 161AB(4) (as so added).

4 Water Resources Act 1991 s 161A(1)(b) (as substituted: see note 3). This is so that the Water Resources Act 1991 s 161ZA applies: see PARA 322. See note 3.

5 As to the service of notices see **WATER AND WATERWAYS** vol 100 (2009) PARA 22.

6 Water Resources Act 1991 s 161A(1) (as substituted: see note 3). As to the meaning of 'responsible person' see PARA 321 note 7 (for s 161); and PARA 322 note 5 (for s 161ZA): see s 161A(2) (as so substituted). See note 3.

7 Water Resources Act 1991 s 161A(3) (as substituted: see note 3). See note 3.

8 Water Resources Act 1991 s 161A(4) (as substituted: see note 3). The reference is to works or operations which may be carried out under s 161(2) or (3) (see PARA 321) or s 161ZA(4) (see PARA 322), as the case may be. See note 3.

9 In such investigations as are mentioned in the Water Resources Act 1991 s 161(4) (see PARA 321) or s 161ZA(5) (see PARA 322).

10 Water Resources Act 1991 s 161A(5) (as substituted: see note 3). As to recovery of costs and expenses see PARA 321. See note 3.

11 For the purposes of the Water Resources Act 1991 ss 161A, 161AA, 'appropriate national authority' means (1) in relation to England, the Secretary of State (see PARA 58); (2) in relation to Wales, the Welsh Ministers (see PARA 59): Water Resources Act 1991 s 161AA(5) (s 161AA added by SI 2009/3104).

12 Water Resources Act 1991 s 161A(6) (as substituted: see note 3). See note 3. The reference is to s 161AA (see below).

A works notice (1) must specify the periods within which the person on whom it is served is required to do each of the things specified in the notice; and (2) is without prejudice to the powers of the Agency to carry out any works or operations under s 161(5)(a) (see PARA 321 head (b)) or s 161ZA(6)(a) (see PARA 322 note 5 head (2)): s 161AA(1) (as added: see note 11).

Before serving a works notice on any person, the Agency must reasonably endeavour to consult that person concerning the works or operations which are to be specified in the notice: s 161AA(2) (as so added).

The appropriate national authority may by regulations make provision for or in connection with (a) the form or content of works notices; (b) requirements for consultation, before the service of a works notice, with persons other than the person on whom that notice is to be served; (c) steps to be taken for the purposes of any consultation required under s 161AA(2) (see above) or regulations made by virtue of head (b) above; or (d) any other steps of a procedural nature which are to be taken in connection with or in consequence of the service of a works notice: s 161AA(3) (as so added). A works notice must: (i) in the case of (A) a potential pollution incident, describe the nature of the risk to controlled waters, identifying the controlled waters which may be affected and the place from which the matter in question is likely to enter those waters, and (B) harm which is likely to be caused to controlled waters, describe the nature of the risk to controlled waters which may be affected and the event, process or other source which is likely to cause that harm; (ii) in the case of (A) an actual pollution incident, describe the nature and extent of the pollution, identifying the controlled waters affected by it, and (B) actual harm which is caused to controlled waters, describe the nature and extent of the harm, in each case identifying the controlled waters which have been affected by the pollution incident or harm; (iii) specify the works or operations required to be carried out by the person on whom the notice is served, stating his name and address; (iv) give the Environment Agency's reasons for serving the notice on that person and for requiring those works or operations to be carried out; (v) inform the person on whom the notice is served of his right of appeal under the Water Resources Act 1991 s 161C (see PARA 327) (including the time for appealing) and of the prescribed requirements in relation to its exercise; (vi) state that the Agency is entitled (unless the notice is quashed or withdrawn) to recover from the person on whom the notice is served its costs or expenses reasonably incurred in carrying out such investigations as are mentioned in s 161(4) (see PARA 321) and s 161ZA(5) (see PARA 322); and (vii) set out the contents of s 161D(1)-(4) (consequences of not complying with a works notice) (see PARA 328): see the Anti-Pollution Works Regulations 1999, SI 1999/1006, reg 2 (amended by SI 2009/3104).

A works notice is not regarded as invalid or as invalidly served by reason only of a failure to comply with the requirements of the Water Resources Act 1991 s 161AA(2) or of regulations made by virtue of head (b) above: s 161AA(4) (as so added). The power to make regulations under s 161AA is exercisable by statutory instrument subject in the case of regulations made by the Secretary of State, to annulment in pursuance of a resolution of either House of Parliament; and in the case of regulations made by the Welsh Ministers, to annulment in pursuance of a resolution of the National Assembly for Wales: s 161AA(6) (as so added).

In s 161AA, s 219(1) (see **WATER AND WATERWAYS** vol 100 (2009) PARA 21) does not apply; and in s 219(2), references to 'the Ministers' or 'the Secretary of State' are taken to be references to the appropriate national authority: s 161AA(7) (as so added).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(iv) Other Powers to Prevent and Control Pollution/E. RESTORATION AND IMPROVEMENT WORKS FOR CONTROLLED WATERS, ETC/325. Recovery of expenses of anti-pollution works or operations.

325. Recovery of expenses of anti-pollution works or operations.

Where the Environment Agency¹ carries out anti-pollution works, operations or investigations², it is entitled to recover the expenses³ reasonably incurred⁴ in so doing from any person who:

- 462 (1) caused or knowingly permitted⁵ the matter in question to be present in any controlled waters⁶; or
- 463 (2) caused or knowingly permitted it to be present at the place from which it was likely, in the Agency's opinion, to enter any controlled waters⁷.

No such expenses are, however, recoverable from a person for any works, operations or investigation in respect of water from an abandoned mine⁸ or an abandoned part of a mine⁹ which that person permitted to reach such a place as is mentioned in head (2) above or to enter any controlled waters¹⁰. This exemption does not apply to the owner¹¹ or former operator of any mine or part of a mine if the mine or part in question became abandoned after 31 December 1999¹².

Nothing in these provisions derogates from any right of action or other remedy, whether civil or criminal, in proceedings instituted otherwise than thereunder, or affects any restriction imposed by or under any other enactment¹³, whether public, local or private¹⁴.

¹ As to the Environment Agency see PARA 68 et seq; and as to its pollution control functions generally see PARA 75.

² Ie such works, operations or investigations as are mentioned in the Water Resources Act 1991 s 161(1): see PARA 321.

³ For these purposes, 'expenses' includes costs: Water Resources Act 1991 s 161(6) (definition added by the Environment Act 1995 s 60(1), (7)). As to the recovery of expenses generally see **WATER AND WATERWAYS** vol 101 (2009) PARA 463 note 11; and as to the recovery of the costs or expenses of carrying out investigations as to the source etc of polluting matter see PARA 321.

⁴ There is no statutory guidance as to what will be considered reasonable for these purposes. There will presumably be an onus on the Agency to obtain competitive quotes when using outside contractors. It is likely that the Agency will be able to recover establishment expenses, provided these can be properly identified. Where expense is incurred in restoring flora and fauna, any element of betterment is likely to be disallowed: see *Bruton and National Rivers Authority v Clarke* [1994] Water Law 145.

⁵ As to the meaning of 'causing or knowingly permitting' see PARA 291 notes 2-3.

⁶ As to the meaning of 'controlled waters' see PARA 289; definition applied by the Water Resources Act 1991 s 161(6).

⁷ Water Resources Act 1991 s 161(3) (amended by the Environment Act 1995 s 60(1), (4), Sch 22 para 128). See *Bartoline Ld v Royal & Sun Alliance Insurance plc* [2007] 1 All ER (Comm) 1043, [2007] Lloyd's Rep IR 423.

⁸ As to the meaning of 'mine' see PARA 295 note 9; definition applied by the Water Resources Act 1991 s 161(6).

⁹ As to what constitutes part of a mine see, by virtue of the Water Resources Act 1991 s 161(6), the Mines and Quarries Act 1954 s 180(3)-(6); and **MINES, MINERALS AND QUARRIES** vol 31 (2003 Reissue) PARA 5 note 14.

10 Water Resources Act 1991 s 161(4) (amended by the Environment Act 1995 s 60(1), (5)). A similar exemption applies to the service of works notices: see the Water Resources Act 1991 s 161A(8); and PARA 324.

11 As to the meaning of 'owner' see **WATER AND WATERWAYS** vol 100 (2009) PARA 22 note 9.

12 Water Resources Act 1991 s 161(4A) (added by the Environment Act 1995 s 60(1), (6)). The provisions of the Water Resources Act 1991 s 89(3B), (3C) (provisions for determining when mine or part abandoned) (see PARA 295), apply in relation to s 161(4), (4A) as they apply in relation to s 89(3), (3A): s 161(4B) (as so added). Similar provision is made in respect of works notices: see PARA 324.

13 As to the meaning of 'enactment' see **WATER AND WATERWAYS** vol 100 (2009) PARA 14 note 31.

14 Water Resources Act 1991 s 161(5).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(iv) Other Powers to Prevent and Control Pollution/E. RESTORATION AND IMPROVEMENT WORKS FOR CONTROLLED WATERS, ETC/326. Rights of entry etc under works notices.

326. Rights of entry etc under works notices.

A works notice¹ may require a person to carry out works or operations in relation to any land or waters notwithstanding that he is not entitled to carry them out². Any person whose consent is required before any such works or operations are carried out must grant, or join in granting, such rights in relation to any land or waters as will enable the person on whom the works notice is served to comply with any requirements imposed by that notice³. Before serving a works notice, the Environment Agency⁴ must reasonably endeavour to consult every person who appears to it to be the owner⁵ or occupier of any relevant land⁶, and to be a person who might be required to grant, or join in granting, any such rights, concerning the rights which that person may be so required to grant⁷. A person who grants, or joins in granting, any such rights is entitled, on making an application within such period, in such manner, and to such person as may be prescribed⁸, to be paid by the person on whom the works notice is served compensation of such amount as may be determined in such manner as may be prescribed⁹.

An application for compensation must be made within the period beginning with the date of the grant of the rights in respect of which compensation is claimed and ending on whichever is the latest of the following dates:

- 464 (1) 12 months after the date of the grant of those rights;
- 465 (2) where there is an appeal against the works notice¹⁰ which imposed the requirements in relation to which those rights were granted, 12 months after the date on which the appeal is determined or withdrawn; or
- 466 (3) six months after the date on which the rights were first exercised¹¹.

An application for compensation must be made in writing and delivered at or sent by pre-paid post to the last known address for correspondence of the person to whom the right was granted¹². The application must contain:

- 467 (a) a copy of the grant of rights in respect of which the grantor¹³ is applying for compensation and of any plans attached to such grant;
- 468 (b) a description of the exact nature of any interest in land in respect of which compensation is applied for; and
- 469 (c) a statement of the amount of compensation applied for, distinguishing the amounts applied for under each of heads (i) to (v) below and showing how the amount applied for under each head has been calculated¹⁴.

Compensation is payable for loss and damage of the following descriptions:

- 470 (i) any depreciation in the value of any relevant interest¹⁵ to which the grantor is entitled which results from the grant of the right;
- 471 (ii) loss or damage, in relation to any relevant interest to which he is entitled, which is attributable to the grant of the right or the exercise of it, does not consist of depreciation in the value of that interest and is loss or damage for which he would have been entitled to compensation by way of compensation for disturbance,

- if that interest had been acquired compulsorily under the Acquisition of Land Act 1981, in pursuance of a notice to treat served on the date on which the grant of the right was made;
- 472 (iii) damage to, or injurious affection of, any interest in land to which the grantor is entitled which is not a relevant interest for the purposes of heads (i) and (ii) above and which results from the grant of the right or from the exercise of it;
- 473 (iv) any loss or damage sustained by the grantor, other than in relation to any interest in land to which he is entitled, which is attributable to the grant of the right or the exercise of it; and
- 474 (v) the amount of any valuation and legal expenses reasonably incurred by the grantor in granting the right and in the preparation of the application for and the negotiation of the amount of compensation¹⁶.

The rules for assessing compensation set out in the Land Compensation Act 1961¹⁷ have effect, so far as applicable and subject to any necessary modifications, for the purpose of assessing any such compensation as they have effect for the purpose of assessing compensation for the compulsory acquisition of an interest in land¹⁸. Where the relevant interest in respect of which any compensation is to be assessed is subject to a mortgage:

- 475 (A) the compensation must be assessed as if the interest were not subject to the mortgage;
- 476 (B) no compensation is payable in respect of the interest of the mortgagee (as distinct from the interest which is subject to the mortgage); and
- 477 (C) any compensation which is payable in respect of the interest which is subject to the mortgage must be paid to the mortgagee or, if there is more than one mortgagee, to the first mortgagee and must, in either case, be applied by him as if it were proceeds of sale¹⁹.

Any question of disputed compensation must be referred to and determined by the Upper Tribunal²⁰.

1 'Works notice' means a notice under the Water Resources Act 1991 s 161A (see PARA 324): s 161B(7) (s 161B added by the Environment Act 1995 Sch 22 para 162). As to the application of the Water Resources Act 1991 s 161B to works notices under the Water Act 2003 s 4 see **WATER AND WATERWAYS** vol 100 (2009) PARA 216.

2 Water Resources Act 1991 s 161B(1) (as added: see note 1).

3 Water Resources Act 1991 s 161B(2) (as added: see note 1).

4 As to the Environment Agency see PARA 68 et seq; and as to its pollution control functions generally see PARA 75.

5 As to the meaning of 'owner' see **WATER AND WATERWAYS** vol 100 (2009) PARA 22 note 9.

6 'Relevant land' means any land or waters in relation to which the works notice in question requires, or may require, works or operations to be carried out, or any land adjoining or adjacent to that land or those waters: Water Resources Act 1991 s 161B(7) (as added: see note 1).

7 Water Resources Act 1991 s 161B(3) (as added: see note 1). A works notice is not, however, regarded as invalid, or as invalidly served, by reason only of any failure to comply with these requirements: s 161B(4) (as so added).

8 'Prescribed' means prescribed by regulations made by the Secretary of State or, in relation to Wales, by the Welsh Ministers: Water Resources Act 1991 s 161B(7) (as added: see note 1). As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59. See also note 9.

9 Water Resources Act 1991 s 161B(5) (as added; see note 1). Without prejudice to the generality of the regulations that may be made by virtue of s 161B(5), regulations by virtue of that subsection may: (1) provide for the basis on which any amount to be paid by way of compensation under s 161B is to be assessed; (2) without prejudice to the generality of head (1) above, provide for compensation under this section to be payable in respect of (a) any effect of any rights being granted; or (b) any consequence of the exercise of any rights which have been granted; (3) provide for the times at which any entitlement to compensation under s 161B is to arise or at which any such compensation is to become payable; (4) provide for the persons or bodies by whom, and the manner in which, any dispute (a) as to whether any, and (if so) how much and when, compensation under this section is payable; or (b) as to the person to or by whom it shall be paid, is to be determined; (5) provide for when or how applications may be made for compensation under s 161B; (6) without prejudice to the generality of head (4) above, provide for when or how applications may be made for the determination of any such disputes as are mentioned in that head; (7) without prejudice to the generality of heads (5) and (6) above, prescribe the form in which any such applications as are mentioned in those heads are to be made; (8) make provision similar to any provision made by Sch 19 para 8 (see **WATER AND WATERWAYS** vol 101 (2009) PARA 469); (9) make different provision for different cases, including different provision in relation to different persons or circumstances; (10) include such incidental, supplemental, consequential or transitional provision as the Secretary of State considers appropriate: s 161B(6) (substituted by SI 2007/3538).

As to regulations under the Water Resources Act 1991 s 161B(5), (6) see the Anti-Pollution Works Regulations 1999, SI 1999/1006; and as to regulations under the Water Resources Act 1991 s 161B(5)-(7) see the Water Resources (Abstraction and Impounding) Regulations 2006, SI 2006/641.

10 As to such appeals see PARA 327.

11 Anti-Pollution Works Regulations 1999, SI 1999/1006, reg 7, Schedule para 2. As to appeals in regard to enforcement notices and works notices see also the Water Resources (Abstraction and Impounding) Regulations 2006, SI 2006/641, reg 28; and **WATER AND WATERWAYS** vol 100 (2009) PARA 216 et seq.

12 Anti-Pollution Works Regulations 1999, SI 1999/1006, Schedule para 3(1).

13 'Grantor' means the person who grants, or joins in granting, any right pursuant to the Water Resources Act 1991 s 161B(2): Anti-Pollution Works Regulations 1999, SI 1999/1006, Schedule para 1.

14 Anti-Pollution Works Regulations 1999, SI 1999/1006, Schedule para 3(2).

15 'Relevant interest' means an interest in land out of which a right has been granted or which is bound by a right granted: Anti-Pollution Works Regulations 1999, SI 1999/1006, Schedule para 1.

16 Anti-Pollution Works Regulations 1999, SI 1999/1006, Schedule para 4. As to compensation for injurious affection generally see **COMPULSORY ACQUISITION OF LAND**.

17 In the rules set out in the Land Compensation Act 1961 s 5: see **COMPULSORY ACQUISITION OF LAND** vol 18 (2009) PARA 754.

18 Anti-Pollution Works Regulations 1999, SI 1999/1006, Schedule para 5(1).

19 Anti-Pollution Works Regulations 1999, SI 1999/1006, Schedule para 5(2).

20 Anti-Pollution Works Regulations 1999, SI 1999/1006, Schedule para 6(1) (amended by SI 2009/1307). As to the Upper Tribunal see **ADMINISTRATIVE LAW**. In relation to the determination of any such question of compensation the provisions of the Land Compensation Act 1961 s 4 (costs) (see **COMPULSORY ACQUISITION OF LAND** vol 18 (2009) PARAS 716, 717) apply as if references in s 4 to the acquiring authority were references to the person to whom the rights were granted: Anti-Pollution Works Regulations 1999, SI 1999/1006, Schedule para 6(2) (amended by SI 2009/1307).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(iv) Other Powers to Prevent and Control Pollution/E. RESTORATION AND IMPROVEMENT WORKS FOR CONTROLLED WATERS, ETC/327. Appeals against works notices.

327. Appeals against works notices.

A person on whom a works notice is served¹ may appeal against the notice to the Secretary of State or, in relation to Wales, to the Welsh Ministers² within the period of 21 days beginning with the day on which the notice is served³. On any such appeal the Secretary of State or the Welsh Ministers must quash the notice, if satisfied that there is a material defect in it⁴, but may, subject to that, either confirm the notice with or without modification⁵ or quash it⁶.

The Secretary of State or the Welsh Ministers may make provision by regulations with respect to the grounds on which such appeals may be made and the procedure on any such appeal⁷. Among other things, such regulations may:

- 478 (1) include provisions comparable to those concerning appeals against notices requiring the execution of works under the Public Health Act 1936⁸;
- 479 (2) prescribe the cases in which a works notice is, or is not, to be suspended until the appeal is decided, or until some other stage in the proceedings;
- 480 (3) prescribe the cases in which the decision on an appeal may in some respects be less favourable to the appellant than the works notice against which he is appealing;
- 481 (4) prescribe the cases in which the appellant may claim that a works notice should have been served on some other person and prescribe the procedure to be followed in those cases;
- 482 (5) make provision as respects the particulars to be included in the notice of appeal, the persons on whom notice of appeal is to be served and the particulars, if any which are to accompany the notice, or the abandonment of an appeal⁹.

These provisions are subject to the Secretary of State's or the Welsh Ministers' power¹⁰ to delegate or refer appeals¹¹.

A person who wishes to appeal to the Secretary of State or the Welsh Ministers under the above provisions must give him or them notice of the appeal¹² accompanied by copies of any application, consent, correspondence, decision, notice or other document relevant to the appeal¹³. At the same time as the appellant gives such notice, he must send to (a) the Environment Agency¹⁴; and (b) where a ground of appeal is that the notice might lawfully have been served on some other person, that person, a copy of the notice of appeal, together with a list of the documents provided¹⁵ to the Secretary of State or the Welsh Ministers¹⁶. If the appellant wishes at any time to withdraw his appeal he must do so by notice informing the Secretary of State or the Welsh Ministers and must send a copy of the notice to the Agency and any other person on whom he is required to serve a copy of his notice of appeal¹⁷.

Where the appellant informs the Secretary of State or the Welsh Ministers that he wishes the appeal to be disposed of on the basis of written representations, the Agency, and any party to the appeal other than the appellant, must submit any written representations to the Secretary of State or the Welsh Ministers not later than 14 days after receiving a copy of the notice of appeal¹⁸. The appellant must submit any further representations by way of reply not later than 14 days after receiving whichever is the latest of the representations referred to above¹⁹. A

party to the appeal who submits any representations to the Secretary of State or the Welsh Ministers must at the same time send a copy to every other party²⁰.

If a party to the appeal so requests or the Secretary of State so decides or the Welsh Ministers so decide, the appeal must be or continue in the form of a hearing, which may, if the person hearing the appeal so decides, be held, or held to any extent, in private²¹. The Secretary of State or the Welsh Ministers must give the parties to the appeal at least 28 days' notice, unless they agree to a shorter period of notice, of the date, time and place fixed for the hearing²². In the case of a hearing which is to be held wholly or partly in public, the Secretary of State or the Welsh Ministers must, at least 21 days before the date fixed for the hearing, publish a copy of the notice so given in a newspaper circulating in each locality which he considers or they consider may be affected by any matter which falls to be determined in relation to the appeal²³. The Secretary of State or the Welsh Ministers may vary the date fixed for the hearing²⁴ and may also vary the time or place fixed for the hearing²⁵. Each party to the appeal is entitled to be heard at a hearing²⁶ but nothing in this provision prevents the person appointed to hear the appeal from permitting any other person to be heard at the hearing; and such permission must not be unreasonably withheld²⁷. After the conclusion of a hearing, the person appointed to hear the appeal must, unless he was appointed under the statutory power of delegation²⁸, make a report in writing to the Secretary of State or the Welsh Ministers which must include his conclusions and recommendations or reasons for not making any recommendations²⁹.

The Secretary of State or the Welsh Ministers must notify the appellant in writing of the determination of the appeal and must provide him with a copy of any such report as is mentioned above³⁰ and must at the same time send a copy of such documents to the Agency and to every other party to the appeal³¹.

1 For these purposes, 'works notice' means a works notice under the Water Resources Act 1991 s 161A (see PARA 324): s 161C(5) (s 161C added by the Environment Act 1995 Sch 22 para 162). As to the service of notices see **WATER AND WATERWAYS** vol 100 (2009) PARA 22.

2 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

3 Water Resources Act 1991 s 161C(1) (as added: see note 1). As to the application of s 161C to works notices under the Water Act 2003 s 4 see **WATER AND WATERWAYS** vol 100 (2009) PARA 216.

4 A notice is not invalid, or invalidly served, by reason only of failure to comply with certain procedural requirements: see the Water Resources Act 1991 s 161A(6); and PARA 324.

5 As to the meaning of 'modifications' see **WATER AND WATERWAYS** vol 100 (2009) PARA 141 note 20.

6 Water Resources Act 1991 s 161C(2) (as added: see note 1).

7 Water Resources Act 1991 s 161C(3) (as added: see note 1). As to regulations under the Water Resources Act 1991 s 161C(3), (4) see the Anti-Pollution Works Regulations 1999, SI 1999/1006; and the Water Resources (Abstraction and Impounding) Regulations 2006, SI 2006/641.

8 I.e. provisions comparable to those in the Public Health Act 1936 s 290: see PARAS 125-127.

9 Water Resources Act 1991 s 161C(4) (as added: see note 1). See note 7.

10 I.e. under the Environment Act 1995 s 114: see PARA 65.

11 Water Resources Act 1991 s 161(C)(6) (as added: see note 1).

12 Anti-Pollution Works Regulations 1999, SI 1999/1006, reg 3(1). The notice of appeal must state (1) the name and address of the appellant and of all persons to be served with a copy of the notice of appeal; (2) the grounds on which the appeal is made; and (3) whether the appellant wishes the appeal to be determined on the basis of written representations or a hearing: reg 3(2).

As to regs 3-6 see also the Water Resources (Abstraction and Impounding) Regulations 2006, SI 2006/641, regs 28, 30, 33(2); and **WATER AND WATERWAYS** vol 100 (2009) PARAS 193, 216.

- 13 Anti-Pollution Works Regulations 1999, SI 1999/1006, reg 3(3). See note 12.
- 14 As to the Environment Agency see PARA 68 et seq; and as to its pollution control functions generally see PARA 75.
- 15 le under the Anti-Pollution Works Regulations 1999, SI 1999/1006, reg 3(3): see the text and note 13.
- 16 Anti-Pollution Works Regulations 1999, SI 1999/1006, reg 3(4). See note 12.
- 17 Anti-Pollution Works Regulations 1999, SI 1999/1006, reg 3(5). See note 12.
- 18 Anti-Pollution Works Regulations 1999, SI 1999/1006, reg 4(1). The Secretary of State or the Welsh Ministers may in any particular case (1) set longer time limits than those mentioned reg 4; (2) allow the parties to make representations in addition to those mentioned in reg 4(1), (2): reg 4(3). Any representations made by a party to the appeal must be dated with the date on which they are submitted to the Secretary of State or the Welsh Ministers: reg 4(4). See note 12.
- 19 Anti-Pollution Works Regulations 1999, SI 1999/1006, reg 4(2); and see note 18.
- 20 Anti-Pollution Works Regulations 1999, SI 1999/1006, reg 4(5); and see note 18.
- 21 Anti-Pollution Works Regulations 1999, SI 1999/1006, reg 5(1). See note 12.
- 22 Anti-Pollution Works Regulations 1999, SI 1999/1006, reg 5(2). See note 12.
- 23 Anti-Pollution Works Regulations 1999, SI 1999/1006, reg 5(3). See note 12.
- 24 Anti-Pollution Works Regulations 1999, SI 1999/1006, reg 5(4). The provisions of reg 5(2), (3) apply to the new date as they apply to the original date: reg 5(4). See note 12.
- 25 Anti-Pollution Works Regulations 1999, SI 1999/1006, reg 5(5). The Secretary of State or the Welsh Ministers must give such notice of any such variation as appears to him or to them to be reasonable: reg 5(5). See note 12.
- 26 Anti-Pollution Works Regulations 1999, SI 1999/1006, reg 5(6). See note 12.
- 27 Anti-Pollution Works Regulations 1999, SI 1999/1006, reg 5(7). See note 12.
- 28 See note 10.
- 29 Anti-Pollution Works Regulations 1999, SI 1999/1006, reg 5(8). See note 12.
- 30 Anti-Pollution Works Regulations 1999, SI 1999/1006, reg 6(1). See note 12.
- 31 Anti-Pollution Works Regulations 1999, SI 1999/1006, reg 6(2). See note 12.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(iv) Other Powers to Prevent and Control Pollution/E. RESTORATION AND IMPROVEMENT WORKS FOR CONTROLLED WATERS, ETC/328. Consequences of not complying with a works notice.

328. Consequences of not complying with a works notice.

If a person on whom the Environment Agency¹ serves a works notice² fails to comply with any of the requirements of the notice, he is guilty of an offence³ and liable to imprisonment or a fine or both⁴. If, however, the Agency is of the opinion that criminal proceedings under these provisions would afford an ineffectual remedy against a person who has failed to comply with the requirements of a works notice, the Agency may take proceedings in the High Court for the purpose of securing compliance with the notice⁵.

If any person on whom a works notice has been served fails to comply with any of its requirements, the Agency may do what that person was required to do and may recover from him any costs or expenses reasonably incurred by the Agency in doing it⁶.

1 As to the Environment Agency see PARA 68 et seq; and as to its pollution control functions generally see PARA 75.

2 For these purposes, 'works notice' means a works notice under the Water Resources Act 1991 s 161A (see PARA 324): s 161D(5) (s 161D added by the Environment Act 1995 Sch 22 para 162).

3 Water Resources Act 1991 s 161D(1) (as added: see note 2).

4 Water Resources Act 1991 s 161D(2) (as added: see note 2). Such a person is liable on summary conviction to imprisonment for a term not exceeding three months or a fine not exceeding £20,000, or to both, or on conviction on indictment to imprisonment for a term not exceeding two years or a fine, or to both: see s 161D(2) (as so added). As to offences by bodies corporate see **WATER AND WATERWAYS** vol 100 (2009) PARA 185.

5 Water Resources Act 1991 s 161D(4) (as added: see note 2).

6 Water Resources Act 1991 s 161D(3) (as added: see note 2).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(iv) Other Powers to Prevent and Control Pollution/E. RESTORATION AND IMPROVEMENT WORKS FOR CONTROLLED WATERS, ETC/329. Other powers to deal with foul water and pollution.

329. Other powers to deal with foul water and pollution.

Every relevant undertaker¹, and the Environment Agency², has power³, for the purpose of carrying out its functions⁴:

- 483 (1) to carry out in a street⁵ all such works as are requisite for securing that the water in any relevant waterworks⁶ is not polluted or otherwise contaminated⁷; and
- 484 (2) to carry out any works requisite for, or incidental to, the purposes of any works falling within head (1) above, including for those purposes breaking up or opening a street, tunnelling or boring under a street, breaking up or opening a sewer, drain⁸ or tunnel and moving or removing earth and other materials⁹.

Every relevant undertaker and the Agency also has power¹⁰, for the purpose of carrying out its functions, to carry out on any land which is not in, under or over a street all such works as are requisite for securing that the water in any relevant waterworks is not polluted or otherwise contaminated, and to carry out any works requisite for, or incidental to, the purposes of any such works¹¹. Nothing in any of the above provisions, however, authorises any relevant undertaker or the Agency to carry out any works at any place below the place to which the tide flows at mean high water springs, except in accordance with such plans and sections, and subject to such restrictions, as may, before the works are commenced, have been approved by the Secretary of State or, in relation to Wales, by the Welsh Ministers¹².

Without prejudice to the powers so conferred, every water undertaker¹³ and the Agency has power¹⁴ to construct and maintain drains, sewers, watercourses¹⁵, catchpits and other works, on land which belongs to that undertaker or as, the case may be, to the Agency, or over which or in which it has acquired the necessary easements or rights, for the purpose of intercepting, treating or disposing of any foul water arising or flowing upon that land¹⁶ or of otherwise preventing the pollution:

- 485 (a) of any waters, whether on the surface or underground, which belong to the Agency or any water undertaker or from which the Agency or any water undertaker is authorised to take water¹⁷;
- 486 (b) without prejudice to head (a) above, of any reservoir which belongs to or is operated by the Agency or any water undertaker or which the Agency or any water undertaker is proposing to acquire or construct for the purpose of being so operated¹⁸; or
- 487 (c) of any underground strata¹⁹ from which the Agency or any water undertaker is for the time being authorised, in pursuance of a licence²⁰, to abstract water²¹.

Where any water undertaker is proposing to carry out such works and the proposed works will affect any watercourse, the undertaker must consult the Agency before carrying out the works²². Nothing in heads (a) to (c) above, however, authorises²³ any water undertaker or the Agency to intercept or take any water which a navigation authority²⁴ is authorised to take or use for the purposes of its undertaking, without the consent²⁵ of the navigation authority²⁶.

1 As to the meaning of 'relevant undertaker' see **WATER AND WATERWAYS** vol 100 (2009) PARA 137 note 8. In certain circumstances these powers may also be exercised by a local authority: see **WATER AND WATERWAYS** vol 100 (2009) PARA 404.

2 As to the Environment Agency see PARA 68 et seq; and as to its pollution control functions generally see PARA 75.

3 The subject, in the case of a relevant undertaker, to the provisions of the Water Industry Act 1991 Pt VI Ch III (ss 179-192), and, in the case of the Agency, to the provisions of the Water Resources Act 1991 ss 163-186: see **WATER AND WATERWAYS** vol 101 (2009) PARA 464 et seq.

4 As to the meaning of 'functions' in relation to an undertaker see **WATER AND WATERWAYS** vol 100 (2009) PARA 133 note 5; and as to the general functions of the Agency see PARA 72. As to the power of entry to carry out these works see **WATER AND WATERWAYS** vol 101 (2009) PARA 477.

5 As to the meaning of 'street' see **WATER AND WATERWAYS** vol 100 (2009) PARA 308 note 19.

6 For these purposes, 'relevant waterworks' means any waterworks which contain water which is or may be used by a water undertaker for providing a supply of water to any premises; and 'waterworks' includes any water main, resource main, service pipe or discharge pipe and any spring, well, adit, borehole, service reservoir or tank: Water Industry Act 1991 s 161(7); Water Resources Act 1991 s 162(6). As to the meaning of 'water main' see **WATER AND WATERWAYS** vol 100 (2009) PARA 138 note 11; as to the meanings of 'resource main' and 'service pipe' see **WATER AND WATERWAYS** vol 100 (2009) PARA 179 notes 4, 8; and as to the meaning of 'discharge pipe' see **WATER AND WATERWAYS** vol 101 (2009) PARA 466 note 6. As to the meaning of 'water undertaker' see **WATER AND WATERWAYS** vol 100 (2009) PARA 137 note 4.

7 Water Industry Act 1991 s 161(1)(a); Water Resources Act 1991 s 162(2)(a) (Water Resources Act 1991 s 162(1)-(4) amended by the Environment Act 1995 Sch 22 para 128).

8 As to the meanings of 'sewer' and 'drain' see PARA 998.

9 Water Industry Act 1991 s 161(1)(b); Water Resources Act 1991 s 162(2)(b). The provisions of the Water Industry Act 1991 s 158 or, as the case may be, the Water Resources Act 1991 s 159 (powers to lay pipes in streets) (see **WATER AND WATERWAYS** vol 101 (2009) PARA 462), have effect, so far as applicable, in relation to the powers so conferred as they have effect in relation to the powers conferred by the Water Industry Act 1991 s 161(1) or the Water Resources Act 1991 s 162(2): Water Industry Act 1991 s 161(1); Water Resources Act 1991 s 162(2).

10 See note 2.

11 Water Industry Act 1991 s 161(2); Water Resources Act 1991 s 162(3) (as amended: see note 7). The provisions of the Water Industry Act 1991 s 159 or, as the case may be, the Water Resources Act 1991 s 160 (powers to lay pipes in other land) (see **WATER AND WATERWAYS** vol 101 (2009) PARA 463) have effect, so far as applicable, in relation to these powers as they have effect in relation to the powers conferred by the Water Industry Act 1991 s 159(1) or the Water Resources Act 1991 s 160(1): Water Industry Act 1991 s 161(2); Water Resources Act 1991 s 162(3).

12 Water Industry Act 1991 s 187(1), (3); Water Resources Act 1991 s 181(1), (5) (as amended: see note 7). An approval for these purposes must be given to a relevant undertaker, or to the Agency, by the service on it of a notice containing the approval: Water Industry Act 1991 s 187(2); Water Resources Act 1991 s 181(2) (as amended: see note 7). As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

13 Note that this power applies to water undertakers only, and not to sewerage undertakers: cf the Water Industry Act 1991 s 161(1), (2); and the text and notes 1-10.

14 The without prejudice to the powers conferred (1) on a water undertaker by the Water Industry Act 1991 s 161(1), (2) but subject to the provisions of Pt VI Ch III (ss 179-192); or (2) on the Agency by the Water Resources Act 1991 ss 161-161D and s 162(2), (3): Water Industry Act 1991 s 161(3); Water Resources Act 1991 s 162(1) (as amended (see note 7); and further amended by the Environment Act 1995 Sch 22 para 163).

15 As to the meaning of 'watercourse' see **WATER AND WATERWAYS** vol 100 (2009) PARA 187 note 2.

16 Water Industry Act 1991 s 161(3)(a); Water Resources Act 1991 s 162(1) (as amended: see note 7). References in the Water Industry Act 1991 s 158 to the laying of a relevant pipe include references to the laying of any drain or sewer for any of the purposes mentioned in s 161(3)(a), (b) and to the construction of a watercourse for any of those purposes: s 161(7).

17 Water Industry Act 1991 s 161(3)(b)(i) (amended by the Environment Act 1995 Sch 22 para 117); Water Resources Act 1991 s 162(1) (as amended: see note 7), applying s 159(6)(b)(i).

18 Water Industry Act 1991 s 161(3)(b)(ii) (as amended: see note 17); Water Resources Act 1991 s 162(1) (as amended: see note 7), applying s 159(6)(b)(ii).

19 As to the meaning of 'underground strata' see **WATER AND WATERWAYS** vol 100 (2009) PARA 187 note 5.

20 Is a licence under the Water Resources Act 1991 Pt II Ch II (ss 24-72): see **WATER AND WATERWAYS** vol 100 (2009) PARA 227 et seq.

21 Water Industry Act 1991 s 161(3)(b)(iii) (as amended: see note 17); Water Resources Act 1991 s 162(1) (as amended: see note 7), applying s 159(6)(b)(iii). Note that the powers of entry for works purposes do not apply to entry for the purposes of a power conferred by the Water Industry Act 1991 s 161(3) or the Water Resources Act 1991 s 162(1): see the Water Industry Act 1991 s 168(5); the Water Resources Act 1991 s 170(4); and **WATER AND WATERWAYS** vol 101 (2009) PARA 477.

22 Water Industry Act 1991 s 161(4) (as amended: see note 17).

23 Is without prejudice, in the case of a water undertaker, to the protective provisions of the Water Industry Act 1991 Pt VI Ch III (ie ss 183-191) or, in the case of the Agency, to the Water Resources Act 1991 ss 178-184: Water Industry Act 1991 s 161(5), (8); Water Resources Act 1991 s 162(4) (as amended: see note 7). As to those protective provisions see **WATER AND WATERWAYS** vol 101 (2009) PARAS 490 et seq, 576 et seq.

24 As to the meaning of 'navigation authority' see **WATER AND WATERWAYS** vol 100 (2009) PARA 189 note 1.

25 Any dispute as to whether any consent for these purposes is being unreasonably withheld must be referred to the arbitration of a single arbitrator to be appointed by agreement between the parties to the dispute or, in default of agreement, by the President of the Institution of Civil Engineers: Water Industry Act 1991 s 161(6); Water Resources Act 1991 s 162(5).

26 Water Industry Act 1991 s 161(5); Water Resources Act 1991 s 162(4) (as amended: see note 7).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(v) Water Quality Objectives/330. Classification of water quality.

(v) Water Quality Objectives

330. Classification of water quality.

The Secretary of State or, in certain cases, the Welsh Ministers¹, may, in relation to any description of controlled waters², by regulations prescribe a system of classifying the quality of those waters according to criteria specified in the regulations³. The criteria so specified in relation to any classification must consist of one or more of the following:

- 488 (1) general requirements as to the purposes for which the waters to which the classification is to be applied are to be suitable;
- 489 (2) specific requirements as to the substances that are to be present in or absent from the water and as to the concentrations of substances which are, or are required to be, present in the water;
- 490 (3) specific requirements as to other characteristics of those waters,

and for the purposes of any such classification, regulations so made may provide that the question of whether prescribed requirements are satisfied may be determined by reference to such samples as may be prescribed⁴.

Water quality is classified as follows:

- 491 (a) inland waters⁵, including any lake or pond which is to be treated for the statutory purposes as a relevant lake or pond⁶, are classified by reference to their suitability for abstraction for supply, after undergoing purification treatment, as drinking water⁷, and are additionally classified according to the concentrations in them of certain prescribed substances⁸;
- 492 (b) coastal waters⁹ and relevant territorial waters¹⁰, including waters which are to be treated for the statutory purposes as relevant territorial waters¹¹, are classified according to the concentrations in them of certain prescribed substances¹²;
- 493 (c) relevant territorial waters, coastal waters and inland freshwaters¹³ are classified according to the concentrations in samples taken and tested in the prescribed manner¹⁴ of certain prescribed substances, which must not exceed the relevant concentration specified for these purposes¹⁵;
- 494 (d) inland freshwaters which are relevant rivers or watercourses¹⁶ are classified according to the extent to which the prescribed requirements¹⁷ are satisfied by a series of samples of water taken and analysed¹⁸ in accordance with the prescribed procedure¹⁹;
- 495 (e) relevant territorial waters, coastal waters and inland freshwaters which are bathing waters²⁰ are classified according to prescribed criteria²¹, sampling requirements²² and quality standards²³;
- 496 (f) inland freshwaters which need protection or improvement in order to support fish life²⁴ are classified according to whether the prescribed requirements²⁵ are met by samples taken in the prescribed manner²⁶; and
- 497 (g) controlled waters which are coastal or brackish waters²⁷ and which need protection or improvement in order to support shellfish (bivalve and gasteropod molluscs) life and growth and thus to contribute to the high quality of shellfish

products directly edible by man are also classified according to whether the prescribed requirements²⁸ are met by samples taken in the prescribed manner²⁹.

Although not repealed, in practice the provisions for water quality objectives including those discussed above³⁰ have been superseded by the River Basin Management Plans provided for under the Water Framework Directive³¹.

1 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

2 As to the meaning of 'controlled waters' see PARA 289. 'Description' allows for the classification of all waters, or of a particular class, or of two or more different classes: see the Water Resources Act 1991 s 82(1).

3 Water Resources Act 1991 s 82(1). See also European Parliament and EC Council Directive 2000/60 (OJ L327, 22.12.2000, p 1) establishing a framework for Community action in the field of water policy (see PARA 23; and **WATER AND WATERWAYS** vol 100 (2009) PARA 7) which will ultimately supersede the Water Quality Objectives.

4 Water Resources Act 1991 s 82(2). In exercise of the powers conferred by the Water Resources Act 1991, the following regulations have been made: (1) the Bathing Waters (Classification) (England) Regulations 2003, SI 2003/1238 (revoked and replaced as from 24 March 2015 by the Bathing Water Regulations 2008, SI 2008/1097: see note 20); (2) the Surface Waters (Dangerous Substances) (Classification) Regulations 1998, SI 1998/389; (3) the Surface Waters (Dangerous Substances) (Classification) Regulations 1997, SI 1997/2560; (4) the Surface Waters (Shellfish) (Classification) Regulations 1997, SI 1997/1332 (amended by SI 2009/1266); (5) the Surface Waters (Fishlife) (Classification) Regulations 1997, SI 1997/1331 (amended by SI 2003/1053; and SI 2009/1264); (6) the Surface Waters (Abstraction for Drinking Water) (Classification) Regulations 1996, SI 1996/3001; (7) the Surface Waters (River Ecosystem) (Classification) Regulations 1994, SI 1994/1057; and (8) the Surface Waters (Dangerous Substances) (Classification) Regulations 1992, SI 1992/337. In addition, by virtue of the Water Consolidation (Consequential Provisions) Act 1991 s 2(2), Sch 2 para 1(1), (2), the Surface Waters (Dangerous Substances) (Classification) Regulations 1989, SI 1989/2286; and the Bathing Waters (Classification) Regulations 1991, SI 1991/1597 (revoked and replaced as from 24 March 2015 by the Bathing Water Regulations 2008, SI 2008/1097: see note 20), have effect as if so made.

5 As to the meaning of 'inland waters' see **WATER AND WATERWAYS** vol 100 (2009) PARA 187 note 2.

6 le by virtue of an order made under the Water Resources Act 1991 s 104(4): see PARA 289. As to the meaning of 'relevant lake or pond' see PARA 289 note 10.

7 See the Surface Waters (Abstraction for Drinking Water) (Classification) Regulations 1996, SI 1996/3001, regs 1(3), 2. The classifications used are DW1, DW2 and DW3, which reflect the mandatory values assigned by EC Council Directive 75/440 (OJ L194, 25.07.75, p 26), Annex II (Directive 75/440 now repealed: see PARA 23) to the parameters listed in the Surface Waters (Abstraction for Drinking Water) (Classification) Regulations 1996, SI 1996/3001, reg 2, Sch 1. Waters classified under those regulations are treated in any year as complying with the limit specified in Sch 1 for the relevant class of waters in relation to a parameter if in that year (1) 95% of the samples taken in relation to those waters in accordance with reg 5 comply with the limit; (2) none of the samples exceeds the limit by more than 50%; (3) there is no associated danger to public health where any of the samples exceeds the limit; and (4) there have been no occasions on which consecutive samples so taken at statistically suitable intervals exceed the limit: reg 3(1). Non-compliant samples are to be ignored for these purposes if they are the result of a flood, natural disaster or abnormal weather conditions; and head (2) above does not apply in the case of the limits specified in Sch 1 in relation to temperature: reg 3(2), (3). The Environment Agency has power to waive any requirement to comply with the relevant limit value for any parameter in relation to waters so classified if it considers it appropriate to do so as a result of any flood or other natural disaster or in certain other circumstances (see reg 4(1), (3), (5)); but may not do so if that would result in a danger to public health (reg 4(2)). Where the Agency exercises this power, it must immediately notify the Secretary of State or the Welsh Ministers in writing giving details, stating its reasons and specifying the period of the waiver: reg 4(4). As to the Agency's duty to ensure that waters so classified are sampled, and the samples analysed, see reg 5, Sch 2. Where a survey by the Agency of any waters so classified shows that the values obtained for any parameter are considerably superior to the quality required by Sch 1, the Agency may reduce the frequency of sampling of the waters in relation to that parameter: reg 6(1). The Agency may also decide that regular sampling and analysis of any waters so classified is not needed in relation to any parameter if (a) the requirements of reg 6(1) are satisfied in relation to the waters; (b) there is no pollution of the waters; (c) there is no risk of the quality of the waters deteriorating; and (d) the quality of the waters is superior in relation to that parameter to the minimum required for waters classified as DW1: reg 6(2). As to the Environment Agency see PARA 68 et seq; and as to its pollution control functions generally see PARA 75.

8 As to such classification see the Surface Waters (Dangerous Substances) (Classification) Regulations 1989, SI 1989/2286, reg 2(1). A system employing the classification DS1 is prescribed for these purposes, and the criterion for that classification is that the annual mean concentrations of the substances listed in reg 3(1), Sch 1 col 1 do not exceed the concentrations specified in Sch 1 col 2: regs 2(1), 3(1). This classification reflects the quality objectives specified in EC Council Directive 82/176 (OJ L81, 27.03.82, p 29) Annex II (mercury and its compounds); EC Council Directive 83/513 (OJ L291, 24.10.83, p 01) Annex II (cadmium and its compounds); EC Council Directive 84/156 (OJ L74, 17.03.84, p 49) Annex II (mercury and its compounds); EC Council Directive 84/491 (OJ L274, 17.10.84, p 11) Annex II (hexachlorocyclohexane); EC Council Directive 86/280 (OJ L181, 04.07.86, p 16) Annex II (carbon tetrachloride, DDT and pentachlorophenol) and the amendments made thereto by EC Council Directive 88/347 (OJ L158, 25.06.88, p 35) in relation to aldrin, dieldrin, endrin and isodrin, hexachlorobenzene, hexachlorobutadiene and chloroform (see also PARA 24).

9 As to the meaning of 'coastal waters' see PARA 289 at head (2) in the text.

10 As to the meaning of 'relevant territorial waters' see PARA 289 at head (1) in the text.

11 Ie by virtue of an order under the Water Resources Act 1991 s 104(4): see PARA 289.

12 As to such classification see the Surface Waters (Dangerous Substances) (Classification) Regulations 1989, SI 1989/2286, reg 2(2). A system employing the classification DS2 is prescribed for these purposes, and the criterion for that classification is that the annual mean concentrations of the substances listed in reg 3(2), Sch 2 col 1 do not exceed the concentrations specified in Sch 2 col 2: regs 2(2), 3(2). This classification reflects the quality objectives mentioned in note 8, with the exception of a more stringent annual mean for cadmium and mercury.

13 As to the meaning of 'inland freshwaters' see PARA 289 at head (3) in the text.

14 As to such sampling see:

73 (1) the Surface Waters (Dangerous Substances) (Classification) Regulations 1992, SI 1992/337, reg 3(1), (2), which provides that samples must be taken in relation to such waters at a frequency sufficient to show any changes in the aquatic environment, having regard in particular to natural variations in hydrological conditions; where a discharge containing any substance listed in reg 2(2), Schedule col 1 is made to such waters, samples must be taken at a point sufficiently close to the discharge point to be representative of the quality of the aquatic environment in the area affected by the discharge (reg 3(3)); samples taken in relation to such waters must be analysed using the relevant reference methods of measurement specified in Schedule col 3 or other methods which have limits of detection, precision and accuracy at least as good (reg 3(4));

74 (2) the Surface Waters (Dangerous Substances) (Classification) Regulations 1997, SI 1997/2560, which provide that the Environment Agency must ensure that waters classified under those regulations are sampled at such sampling points and at such times, and samples are analysed in such manner, as the Agency considers necessary for (a) monitoring the effect on those waters of discharges containing the dangerous substances in question; and (b) determining the extent to which those waters are polluted by those substances and whether the requirements for the relevant classification are satisfied;

75 (3) the Surface Waters (Dangerous Substances) (Classification) Regulations 1998, SI 1998/389, reg 4, which makes similar provision in relation to those regulations as that set out in head (2) above.

15 As to such classification see:

76 (1) the Surface Waters (Dangerous Substances) (Classification) Regulations 1992, SI 1992/337, reg 2; a system employing the classification DS3 is prescribed for these purposes, and the relevant concentration is specified in Schedule col 2 (see reg 2(1), (2)); the classification DS3 reflects the quality objectives specified in EC Council Directive 90/415 (OJ L219, 14.8.90, p 49) amending EC Council Directive 86/280 (OJ L181, 04.07.86, p 16) Annex II on limit values and quality objectives for discharges of certain dangerous substances; that system is to be used for establishing water quality objectives under the Water Resources Act 1991 s 83 (see the Surface Waters (Dangerous Substances) (Classification) Regulations 1992, SI 1992/337, reg 4; and PARA 331);

77 (2) the Surface Waters (Dangerous Substances) (Classification) Regulations 1997, SI 1997/2560, reg 2 (inland freshwaters), reg 3 (coastal waters and relevant territorial waters); the classification DS4 and the criteria for that classification set out in Sch 1 apply for classifying inland freshwaters with a view to reducing the pollution of those waters by the dangerous

substances listed in Sch 1; and the classification DS5 and the criteria for that classification set out in Sch 2 apply for classifying coastal waters and relevant territorial waters with a view to reducing the pollution of those waters by the dangerous substances listed in Sch 2; those classifications are to be used for establishing water quality objectives under the Water Resources Act 1991 s 83 (see the Surface Waters (Dangerous Substances) (Classification) Regulations 1997, SI 1997/2560, reg 5; and PARA 331);

- 78 (3) the Surface Waters (Dangerous Substances) (Classification) Regulations 1998, SI 1998/389, reg 2 (inland freshwaters), reg 3 (coastal waters and relevant territorial waters); the classification DS6 and the criteria for that classification set out in Sch 1 apply for classifying inland freshwaters with a view to reducing the pollution of those waters by the dangerous substances listed in Sch 1; and the classification DS7 and the criteria for that classification set out in Sch 2 apply for classifying coastal waters and relevant territorial waters with a view to reducing the pollution of those waters by the dangerous substances listed in Sch 2; those classifications are to be used for establishing water quality objectives under the Water Resources Act 1991 s 83 (see the Surface Waters (Dangerous Substances) (Classification) Regulations 1998, SI 1998/389, reg 5; and PARA 331).

16 As to the meaning of 'relevant river or watercourse' see PARA 289 note 7.

17 The prescribed requirements are that (1) the 10 percentile of the saturation of dissolved oxygen must not be less than the value specified in respect of that classification in the Surface Waters (River Ecosystem) (Classification) Regulations 1994, SI 1994/1057, reg 1(2), Schedule col 2; (2) the 90 percentile of the biochemical oxygen demand must not exceed the value specified in respect of that classification in Schedule col 3; (3) the 90 percentile of the concentration of total ammonia must not exceed the value specified in respect of that classification in Schedule col 4; (4) the 95 percentile of the concentration of un-ionised ammonia must not exceed the value, if any, specified in respect of that classification in Schedule col 5; (5) the 5 percentile of the pH value must be less than the lower value, if any, specified in respect of that classification in Schedule col 6, and the 95 percentile of the pH value must not exceed the higher value, if any, so specified; (6) the 95 percentile of the concentration of dissolved copper must not exceed the value, if any, which is specified in respect of that classification in Schedule col 8 by reference to the hardness of the water as described in Schedule col 7; and (7) the 95 percentile of the concentration of total zinc must not exceed the value, if any, which is specified in respect of that classification in Schedule col 9 by reference to the hardness of the water as described in Schedule col 7: reg 2(2).

18 The Environment Agency must determine the following matters, ie (1) the frequency, location and methods of sampling; (2) the samples to be used, or to be disregarded, for the purpose of assessing whether any requirement specified in the Surface Waters (River Ecosystem) (Classification) Regulations 1994, SI 1994/1057, reg 2(2) (see note 17) is satisfied; (3) the requirements for analysis of samples; and (4) the methods of determining percentile values: see reg 3 (amended by virtue of the Environment Act 1995 Sch 22 para 233(1)).

19 See the Surface Waters (River Ecosystem) (Classification) Regulations 1994, SI 1994/1057, reg 2(1), (2). A system employing the classifications RE1, RE2, RE3, RE4 and RE5 is prescribed for these purposes and will be used for establishing quality objectives under the Water Resources Act 1991 s 83: see PARA 331.

20 For these purposes, 'bathing waters' means waters which are bathing water within the meaning of EC Council Directive 76/160 (OJ L31, 05.02.76, p 01) art 1(2) and other waters which are used for bathing: Bathing Waters (Classification) Regulations 1991, SI 1991/1597, reg 2(2). As from 24 March 2014 reg 2(2) is revoked by SI 2008/1097: from that date see the Bathing Water Regulations 2008, SI 2008/1097, regs 2(1), 3 (see below). Also note that EC Council Directive 76/160 is repealed (from 31 December 2014) and replaced (member state implementation measures to be in place by 24 March 2008) by European Parliament and EC Council Directive 2006/7 (OJ L64 4.3.2006 p 37) concerning the management of bathing water quality and repealing Directive 76/160: see PARA 29.

'Bathing water' means an area of surface water identified under the Bathing Water Regulations 2008, SI 2008/1097, reg 3: reg 2(1). For the purposes of the 2008 Regulations (1) the surface waters on the English list are identified as bathing waters in relation to England; and (2) the surface waters on the Welsh list are identified as bathing waters in relation to Wales: reg 3(1). The Secretary of State and the Environment Agency must publish the English list on their respective websites: reg 3(2). The Welsh Ministers and the Agency must publish the Welsh list on their respective websites: reg 3(3). For these purposes, (a) the 'English list' means the list entitled 'Bathing Waters (England) 2008', held at the principal office of the Department for Environment, Food and Rural Affairs (which is at Nobel House, 17 Smith Square, London SW1P 3JR); and (b) the 'Welsh list' means the list entitled 'Bathing Waters (Wales) 2008' deposited in the library of the Welsh Assembly Government at Cathays Park, Cardiff, CF10 3NQ: reg 3(4). As to the meaning of 'Welsh Ministers' see PARA 59 note 1.

The Bathing Water Regulations 2008, SI 2008/1097, cover the following matters: general provisions (see Pt 1 (regs 1-6, Sch 1, 2)); bathing water profiles (see Pt 2 (reg 7, Sch 2)); monitoring etc of bathing waters and public

information (see Pt 3 (regs 8, 9, Sch 3)); bathing water assessment and classification (see Pt 4 (regs 10, 11, Sch 4)); management of bathing waters (see Pt 5 (regs 12-15)); final provisions (see Pt 6 (regs 16-19)).

21 See the Bathing Waters (Classification) Regulations 1991, SI 1991/1597, reg 2(3), Sch 1. As from 24 March 2012 these provisions are replaced by new provisions: reg 2(3), (4) (prospectively substituted and added by SI 2008/1097). Also as from that date the Bathing Waters (Classification) Regulations 1991, SI 1991/1597, Sch 1 is revoked by SI 2008/1097. See note 21.

The criterion for a bathing water's achieving the classification BW1 is that at least 95% of samples of waters meet the parametric value of 2,000 per 100 millilitres for *Escherichia coli*: Bathing Waters (Classification) Regulations 1991, SI 1991/1597, reg 2(3) (as so prospectively substituted). For the purposes of reg 2(3), water samples are to be taken and tested in accordance with the sampling and testing procedures set out in the Bathing Water Regulations 2008, SI 2008/1097, Sch 3 Pt 1: Bathing Waters (Classification) Regulations 1991, SI 1991/1597, reg 2(4) (as so prospectively added).

22 See the Bathing Waters (Classification) Regulations 1991, SI 1991/1597, Sch 2. Samples must be taken in accordance with the requirements of Sch 3 in any year throughout the period beginning on 1 May and ending on 30 September, and additional samples must be taken during that period if there are grounds to suspect that the quality of the waters is deteriorating for any reason or is likely to deteriorate as a result of any discharge: Sch 2 paras 1, 2. All samples must be taken at the same point at the place in the particular waters where the daily average density of bathers is at its highest, and preferably 30 cm below the surface, except in the case of samples for testing for mineral oils, which must be taken at surface level: Sch 2 para 3. The methods of analysis and inspection specified in Sch 3, or methods which are at least as reliable, must be used for determining whether the parametric values there specified are met: Sch 2 para 4. As from 24 March 2012 Sch 2 and Sch 3 are revoked by SI 2008/1097. See also notes 20, 21.

23 See the Bathing Waters (Classification) Regulations 1991, SI 1991/1597, reg 2(1), (3) (amended in relation to England by SI 2003/1238 so as to refer to 'inland freshwaters', whereas in Wales the reference is to 'inland waters'). A system employing the classification BW1 is prescribed for these purposes, which reflects the mandatory standards concerning the quality of bathing water laid down in EC Council Directive 76/160 (OJ L31, 05.02.76, p 01) Annex. As from 24 March 2014 the Bathing Waters (Classification) Regulations 1991, SI 1991/1597, reg 2(1), (3) is revoked by SI 2008/1097. See also notes 20-22.

24 In the meaning of EC Council Directive 78/659 (OJ L222, 14.08.78, p 01) (see now European Parliament and EC Council Directive 2006/44 (OJ L264, 25.9.2006, p 20); and PARA 26).

25 See the Surface Waters (Fishlife) (Classification) Regulations 1997, SI 1997/1331, regs 2, 3. The classifications SW ('salmonid waters') and CW ('cyprinid waters'), and the criteria for those classifications, set out in reg 2, Schedule apply for classifying inland freshwaters which need protection or improvement in order to support fish life: reg 2. Those classifications are to be used for establishing water quality objectives under the Water Resources Act 1991 s 83: see the Surface Waters (Fishlife) (Classification) Regulations 1997, SI 1997/1331, reg 6(1); and PARA 331. Subject to reg 3(2), (3), any waters classified under those regulations are to be treated in relation to any period of 12 months as complying with the requirements specified in that Schedule for waters of the relevant class for any parameter if in that period in relation to those waters (1) in the case of the parameter for pH, non-ionised ammonia, total ammonium, total residual chlorine or total zinc, 95% of the samples taken for that parameter in accordance with reg 4 (see note 26) comply with the requirements; (2) in the case of the parameter for temperature or dissolved oxygen, the percentage specified in that Schedule of samples taken for that parameter in accordance with reg 4 below comply with the requirements: reg 3(1). When the frequency of sampling is lower than one sample per month for any parameter mentioned in head (1) above in relation to any waters classified under the 1997 Regulations, 100% of samples taken for that parameter in accordance with reg 4 in relation to those waters must comply with the requirements for that parameter specified in that Schedule for waters of the relevant class: reg 3(2). Non-compliant samples are, however, to be ignored for these purposes if they are the result of a flood or any other natural disaster: reg 3(3).

26 See the Surface Waters (Fishlife) (Classification) Regulations 1997, SI 1997/1331, reg 4. The Environment Agency must ensure that waters classified under the 1997 Regulations are sampled and samples are analysed in accordance with the following provisions: reg 4(1). Samples in relation to any waters classified under those regulations must always be taken at the same sampling point: reg 4(2). The Agency must fix the exact position of the sampling point, and the depth at which samples are to be taken, having regard in particular to (1) the distance of the sampling point to the nearest point where pollutants are discharged; and (2) local environmental conditions: reg 4(3). Subject to reg 4(5) and reg 4(6), sampling for any parameter must be carried out at least at the minimum frequency specified in reg 2, Schedule for that parameter for waters of the relevant class: reg 4(4). Where the Agency's records show that the quality of any waters classified under the 1997 Regulations is appreciably higher for any parameter than the minimum required by those regulations for waters of that class, (a) the Agency may decide that the frequency of sampling may be reduced for that parameter; and (b) if there is no pollution or risk of deterioration in the quality of those waters, the Agency may decide that no sampling for that parameter is necessary: reg 4(5) (substituted by SI 2003/1053). Where sampling shows that the requirements of the Surface Waters (Fishlife) (Classification) Regulations 1997, SI 1997/1331, reg 3 (see note 25) are not being complied with, the Agency must establish whether this is the result of chance, a natural

phenomenon or pollution and must adopt appropriate measures: reg 4(6). Samples for any parameter must be analysed using the reference methods of analysis specified in the Schedule to those regulations in relation to that parameter or methods which are at least as reliable as the reference methods: reg 4(7).

The Agency may derogate from the requirements of the 1997 Regulations: (i) in the case of requirements marked (0) in the Schedule thereto, because of exceptional weather or special geographical conditions; or (ii) where waters classified thereunder undergo natural enrichment in certain substances as a result of which they do not comply with the requirements specified in that Schedule for waters of the relevant class; and for these purposes 'natural enrichment' means a process whereby without human intervention a given body of water receives from the soil certain substances contained therein: reg 5(1), (2).

27 Ie for the purposes of European Parliament and EC Council Directive 2006/113 (OJ L376, 27.12.2006, p 14): see PARA 27.

28 See the Surface Waters (Shellfish) (Classification) Regulations 1997, SI 1997/1332, reg 2 (reg 2, Schedule amended by SI 2009/1266). The classification SFW and the criteria for that classification set out in reg 2, Schedule apply for classifying controlled waters which are such coastal or brackish waters and which need such protection or improvement as is mentioned in the text: reg 2. Subject to reg 3(2), (3), any waters classified under those regulations are to be treated in relation to any period of 12 months as complying with the requirements specified in the Schedule thereto for any parameter if in that period in relation to those waters (1) in the case of the parameter for organohalogenated substances or metals, 100% of the samples taken for that parameter in accordance with reg 4 (see note 29) comply with the requirements; (2) in the case of the parameter for salinity or dissolved oxygen, 95% of the samples taken for that parameter in accordance with reg 4 comply with the requirements; (3) in the case of any other parameter, 75% of the samples taken for that parameter in accordance with reg 4 comply with the requirements: reg 3(1). Where in accordance with reg 4(5) the frequency of sampling is reduced for any parameter in relation to any waters so classified, 100% of samples taken for that parameter in accordance with reg 4 in relation to those waters must comply with the requirements for that parameter specified in the Schedule: reg 3(2). Non-compliant samples must, however, be ignored for these purposes if they are the result of a disaster: reg 3(3).

29 See the Surface Waters (Shellfish) (Classification) Regulations 1997, SI 1997/1332, reg 4. The Environment Agency must ensure that waters classified under the 1997 Regulations are sampled and samples are analysed in accordance with the following provisions: reg 4(1). Samples in relation to any waters classified under those regulations must always be taken at the same sampling point: reg 4(2). The Environment Agency must fix the exact position of the sampling point, and the depth at which samples are to be taken, having regard in particular to (1) the distance of the sampling point to the nearest point where pollutants are discharged; and (2) local environmental conditions: reg 4(3). Subject to reg 4(5), (6), sampling for any parameter must be carried out at least at the minimum frequency specified in reg 2, Schedule in relation to that parameter: reg 4(4). Where the Agency's records show that the quality of any waters so classified is appreciably higher for any parameter than the minimum required by those regulations, the Agency may reduce the sampling frequency for that parameter or, if there is no pollution and no risk of deterioration of its quality, it may dispense with sampling for that parameter altogether: reg 4(5). Where sampling shows that the requirements of reg 3 are not being met, the Agency must establish whether this is the result of chance, a natural phenomenon or pollution and must adopt appropriate measures: reg 4(6). Samples for any parameter must be analysed using the reference methods of analysis specified in reg 2, Schedule in relation to that parameter or methods which are at least as reliable as the reference methods: reg 4(7). The Agency may derogate from the requirements of the 1997 Regulations in the event of exceptional weather or geographical conditions: reg 5.

31 Ie European Parliament and EC Council Directive 2000/60 (OJ L327, 22.12.2000, p 1) establishing a framework for Community action in the field of water policy: see further PARA 23; and **WATER AND WATERWAYS** vol 100 (2009) PARA 7. As to details of River Basin Management see **WATER AND WATERWAYS** vol 100 (2009) PARA 198 et seq.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(v) Water Quality Objectives/331. Water quality objectives.

331. Water quality objectives.

For the purpose of maintaining and improving the quality of controlled waters¹, the Secretary of State or, in relation to Wales, the Welsh Ministers², may establish the water quality objectives³ for any waters which are, or are included in, waters of a prescribed description⁴ by serving on the Environment Agency⁵ a notice specifying one or more of the classifications prescribed for the time being⁶ and a date in relation to each specified classification⁷. Where the Secretary of State has or the Welsh Ministers have established water quality objectives under these provisions for any waters, he or they may review the objectives for those waters if either five years or more have elapsed since the service of the last such notice⁸ to be served in respect of those waters or the Agency requests a review after consultation with such water undertakers⁹ and such other persons as it considers appropriate¹⁰. The Secretary of State or the Welsh Ministers may not exercise the power to establish objectives for any waters by varying the existing objectives for those waters except in consequence of such a review¹¹.

Where the Secretary of State proposes or the Welsh Ministers propose to exercise the power to establish or vary the objectives for any waters, he or they must give notice¹² setting out his or their proposal and specifying the period, not being less than three months from the date of publication of the notice, within which representations or objections with respect to the proposal may be made, and must consider any representations or objections which are duly made and are not withdrawn¹³. If the Secretary of State decides or the Welsh Ministers decide, after considering any such representations or objections, to exercise the power to establish or vary those objectives, he or they may do so either in accordance with the proposal contained in the notice or in accordance with that proposal as modified in such manner as the Secretary of State considers or the Welsh Ministers consider appropriate¹⁴. Alternatively, if on such a review or in consequence of any representations or objections made following such a review, he or they decide that the water quality objectives for any waters should remain unchanged, he or they must serve notice of that decision on the Agency¹⁵. These consultation requirements¹⁶ do not, however, apply to the initial establishment of water quality objectives so far as they involve the specification of classification DS1 to inland waters or the classification DS2 to coastal waters and relevant territorial waters¹⁷. Nor do they apply to the establishment of water quality objectives under the duty to apply certain other water quality classifications¹⁸.

Although not repealed, in practice the provisions for water quality objectives including those discussed above¹⁹ have been superseded by the River Basin Management Plans provided for under the Water Framework Directive²⁰.

1 As to the meaning of 'controlled waters' see PARA 289.

2 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

3 The water quality objectives for any waters to which a notice under these provisions relates are the satisfaction by those waters, on and at all times after each date specified in the notice, of the requirements which at the time of the notice were the requirements for the classification in relation to which that date is so specified: Water Resources Act 1991 s 83(2). See also PARA 330 note 3.

4 I.e. a description prescribed for the purposes of Water Resources Act 1991 s 82: see PARA 330.

5 As to the Environment Agency see PARA 68 et seq; and as to its pollution control functions generally see PARA 75. As to the service of notices see **WATER AND WATERWAYS** vol 100 (2009) PARA 22.

6 le under the Water Resources Act 1991 s 82: see PARA 330.

7 Water Resources Act 1991 s 83(1) (s 83(1), (3), (5), (6) amended by the Environment Act 1995 Sch 22 para 128). The Water Resources Act 1991 s 83 has effect as if it imposed a duty on the Secretary of State or the Welsh Ministers to exercise the powers conferred thereby:

- 79 (1) to apply the classification BW1 to relevant territorial waters, coastal waters and inland waters in Wales or inland freshwaters in England which are bathing water within the meaning of EC Council Directive 76/160 (OJ L31, 05.02.76, p 01) art 1(2); and as if, in relation to the establishment of water quality objectives in pursuance of that duty, the Water Resources Act 1991 s 83(4), (5) were omitted (Bathing Waters (Classification) Regulations 1991, SI 1991/1597, reg 3 (amended in relation to England by SI 2003/1238); Water Consolidation (Consequential Provisions) Act 1991 Sch 2 para 1(1)-(3));
- 80 (2) to apply the classification DS3 to all relevant territorial waters, coastal waters and inland freshwaters; and as if, in relation to the establishment of water quality objectives in pursuance of that duty, the Water Resources Act 1991 s 83(4), (5) were omitted (Surface Waters (Dangerous Substances) (Classification) Regulations 1992, SI 1992/337, reg 4);
- 81 (3) to classify appropriately under the Surface Waters (Abstraction for Drinking Water) (Classification) Regulations 1996, SI 1996/3001 (see PARA 330) such waters as are necessary to give effect to EC Council Directive 75/440 (OJ L194, 25.07.75, p 26) (repealed by European Parliament and EC Council Directive 2000/60 (OJ L327, 22.12.2000, p 1) (see PARA 23) in England and Wales; and as if, in relation to the performance of that duty, the Water Resources Act 1991 s 83(4), (5) (see the text and notes 12-14) were omitted (Surface Waters (Abstraction for Drinking Water) (Classification) Regulations 1996, SI 1996/3001, reg 7(1));
- 82 (4) to apply the classification DS4 to all inland freshwaters and the classification DS5 to all coastal waters and relevant territorial waters and to specify 1 April 1998 as the relevant date in each case; and as if, in relation to performance of that duty and the resulting water quality objectives, the Water Resources Act 1991 s 83(3)-(6) (reviews and consultation requirements) were omitted (Surface Waters (Dangerous Substances) (Classification) Regulations 1997, SI 1997/2560, reg 5);
- 83 (5) to classify appropriately under the Surface Waters (Fishlife) (Classification) Regulations 1997, SI 1997/1331, such waters as are appropriate for the purpose of giving effect to European Parliament and EC Council Directive 2006/44 (OJ L264, 25.9.2006, p 20) (see PARA 26) in England and Wales; and as if, in relation to the performance of that duty, the Water Resources Act 1991 s 83(4), (5) were omitted (Surface Waters (Fishlife) (Classification) Regulations 1997, SI 1997/1331, reg 6(1) (amended by SI 2009/1264));
- 84 (6) to classify under the Surface Waters (Shellfish) (Classification) Regulations 1997, SI 1997/1332, such waters as are appropriate for the purpose of giving effect to European Parliament and EC Council Directive 2006/113 (OJ L376, 27.12.2006, p 14) (see PARA 27) in relation to waters in or adjacent to England and Wales; and as if, in relation to the performance of that duty, the Water Resources Act 1991 s 83(4), (5) were omitted (Surface Waters (Shellfish) (Classification) Regulations 1997, SI 1997/1332, reg 6(1) (amended by SI 2009/1266));
- 85 (7) to apply the classification DS6 to all inland freshwaters and the classification DS7 to all coastal waters and relevant territorial waters and to specify 1 April 1998 as the relevant date in each case; and as if, in relation to performance of that duty and the resulting water quality objectives, the Water Resources Act 1991 s 83(3)-(6) (reviews and consultation requirements) were omitted (Surface Waters (Dangerous Substances) (Classification) Regulations 1998, SI 1998/389, reg 5).

In regard to head (1) above note that EC Council Directive 76/160 is repealed (from 31 December 2014) and replaced (member state implementation measures to be in place by 24 March 2008) by European Parliament and EC Council Directive 2006/7 (OJ L64 4.3.2006 p 37) concerning the management of bathing water quality and repealing Directive 76/160: see PARA 29. Also in regard to head (1) above as from 24 March 2015 the Bathing Waters (Classification) Regulations 1991, SI 1991/1597, reg 3 is revoked by SI 2008/1097. See also PARA 330 notes 20-23.

8 le under the Water Resources Act 1991 s 83(1) or (6): see the text and notes 5-7, 15.

9 As to the meaning of 'water undertaker' see **WATER AND WATERWAYS** vol 100 (2009) PARA 137 note 4.

10 Water Resources Act 1991 s 83(3)(a), (b) (as amended: see note 7). For the purposes of this review the Secretary of State or the Welsh Ministers may order an inquiry to be held pursuant to their powers under Environment Act 1995 s 53: see PARA 89.

11 Water Resources Act 1991 s 83(3) (as amended: see note 7).

12 The notice must be given by publishing it in such manner as the Secretary of State or the Welsh Ministers consider appropriate for bringing it to the attention of persons likely to be affected by it, and by serving a copy of the notice on the Environment Agency: Water Resources Act 1991 s 83(5) (as amended: see note 7). As to the service of notices see **WATER AND WATERWAYS** vol 100 (2009) PARA 22.

13 Water Resources Act 1991 s 83(4)(a), (b).

14 Water Resources Act 1991 s 83(4). Presumably any variation to the published proposals would have to be in response to representations and objections received to the notice.

15 Water Resources Act 1991 s 83(6) (as amended: see note 7).

16 Ie the Water Resources Act 1991 s 83(4), (5): see the text and notes 12-14.

17 See the Surface Waters (Dangerous Substances) (Classification) Regulations 1989, SI 1989/2286, reg 4; and the Water Consolidation (Consequential Provisions) Act 1991 s 2(2), Sch 2 para 1(1)-(3). As to the classifications DS1 and DS2 see PARA 321. As to the meaning of 'inland waters' see **WATER AND WATERWAYS** vol 100 (2009) PARA 187 note 2; and as to the meanings of 'coastal waters' and 'relevant territorial waters' see PARA 289.

18 See note 7.

As to details of River Basin Management see **WATER AND WATERWAYS** vol 100 (2009) PARA 198 et seq.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(v) Water Quality Objectives/332. General duties to achieve and maintain objectives.

332. General duties to achieve and maintain objectives.

It is the duty of the Secretary of State or, in relation to Wales, of the Welsh Ministers¹, and of the Environment Agency² to exercise the powers conferred on him, on them or on it under the water pollution provisions³ of the Water Resources Act in such manner as ensures, so far as it is practicable by the exercise of those powers to do so, that the water quality objectives specified for any waters in a notice served on the Agency under the relevant provisions⁴ are achieved at all times⁵. It is also the duty of the Agency, for the purposes of carrying out its functions under those water pollution provisions⁶, to monitor the extent of pollution in controlled waters⁷ and to consult, in such cases as it may consider appropriate, with the Scottish Environment Protection Agency⁸.

Although not repealed, in practice the provisions for water quality objectives including those discussed above⁹ have been superseded by the River Basin Management Plans provided for under the Water Framework Directive¹⁰.

1 As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

2 As to the Environment Agency see PARA 68 et seq; and as to its pollution control functions generally see PARA 75.

3 Ie excluding the Water Resources Act 1991 s 82, s 83 (see PARAS 330-331), s 104 (see PARA 289) and s 192 (see PARA 289 note 8): s 84(1). As to the meaning of 'water pollution provisions' see PARA 305 note 2.

4 Ie under the Water Resources Act 1991 s 83: see PARA 331.

5 Water Resources Act 1991 s 84(1) (s 84 amended by the Environment Act 1995 Sch 22 para 128). See also PARA 330 note 3.

6 The provisions mentioned in note 3 are not excluded from the definition of 'water pollution provisions' for these purposes: see the Water Resources Act 1991 s 84(2).

7 As to the meaning of 'controlled waters' see PARA 289.

8 Water Resources Act 1991 s 84(2) (as amended (see note 5); and amended by SI 1996/973). Generally Scottish matters are beyond the scope of this work.

9 Ie the Water Resources Act 1991 s 84. See also ss 82, 83; and PARAS 330, 331.

10 Ie European Parliament and EC Council Directive 2000/60 (OJ L327, 22.12.2000, p 1) establishing a framework for Community action in the field of water policy: see further PARA 23; and **WATER AND WATERWAYS** vol 100 (2009) PARA 7. As to details of River Basin Management see **WATER AND WATERWAYS** vol 100 (2009) PARA 198 et seq.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(vi) Byelaws/333. Power to make byelaws.

(vi) Byelaws

333. Power to make byelaws.

The Environment Agency¹ may by byelaws² make such provision as it considers appropriate for prohibiting or regulating:

- 498 (1) the washing or cleansing in any controlled waters³ of things of a description specified in the byelaws; and
- 499 (2) the keeping or use on any controlled waters of vessels⁴ of a description specified in the byelaws which are provided with water closets or other sanitary appliances⁵.

A person who contravenes any byelaws so made is guilty of an offence and liable to a fine⁶.

1 As to the Environment Agency see PARA 68 et seq.

2 As to the procedure for making byelaws generally see the Water Resources Act 1991 s 210(2), Sch 26; and **WATER AND WATERWAYS** vol 101 (2009) PARAS 606-607. A byelaw made for these purposes may be confirmed without a local inquiry only if (1) no written objection to its confirmation has been received by the Secretary of State or, in relation to Wales, by the Welsh Ministers (the 'relevant minister'); (2) every objection to its confirmation which has been so received has been withdrawn; or (3) in the opinion of the Secretary of State or the Welsh Ministers the person making the objection has no material interest in the controlled waters to which the byelaw relates; and in relation to any such byelaw Sch 26 para 2(1) (see **WATER AND WATERWAYS** vol 101 (2009) PARA 606) has effect with the substitution for the words 'if the Agency consents' of the words 'after consultation with the Agency': Sch 26 para 2(3) (Schs 25, 26 amended by the Environment Act 1995 Sch 22 para 128). As to the meaning of the 'relevant minister' see **WATER AND WATERWAYS** vol 101 (2009) PARA 606 note 4. As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

3 As to the meaning of 'controlled waters' see PARA 289 (definition applied by the Water Resources Act 1991 Sch 25 para 4(2)).

4 As to the meaning of 'vessel' see **WATER AND WATERWAYS** vol 100 (2009) PARA 224 note 2.

5 Water Resources Act 1991 Sch 25 para 4(1) (as amended: see note 2). For these purposes, 'sanitary appliance', in relation to a vessel, means any appliance which (1) not being a sink, bath or shower bath, is designed to permit polluting matter to pass into the water where the vessel is situated; and (2) is prescribed for these purposes: Sch 25 para 4(2). 'Prescribed' means prescribed by regulations made by the Secretary of State: see s 221(1). At the date at which this title states the law, no description of sanitary appliance had been prescribed for these purposes and no regulations had effect as if prescribing such a description.

6 Water Resources Act 1991 s 211(3). Such a person is liable on summary conviction to a fine not exceeding level 4 on the standard scale, or such smaller sum as may be specified in the byelaws: see s 211(3). As to the standard scale see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 142. Sections 100, 101 (see PARAS 290, 291 note 18) have effect in relation to contraventions of such byelaws as they have effect in relation to contraventions of provisions of Pt III (ss 82-101) (see PARA 289 et seq): s 211(7). As from a day to be appointed, the wording of s 211(3) is revised to make different provision about byelaws under Sch 25 para 6 (relating to fisheries and not relevant here) but with no change about byelaws under Sch 25 para 4: s 211(3) (prospectively amended by the Marine and Coastal Access Act 2009 s 226). At the date at which this volume states the law no such day had been appointed.

UPDATE

333 Power to make byelaws

NOTE 6--Appointed day is 12 January 2010: SI 2009/3345.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(vii) Other Statutory Controls/334. Integrated pollution control.

(vii) Other Statutory Controls

334. Integrated pollution control.

Part I of the Environmental Protection Act 1990 introduced a system of integrated pollution control¹, which is gradually being replaced by regulations made under the system of integrated pollution prevention and control under the Pollution Prevention and Control Act 1999². These provisions, and the regulations made under them³, are discussed elsewhere in this work⁴.

1 le the Environmental Protection Act 1990 Pt I (ss 1-28) (prospectively repealed). As to the prospective repeal and replacement of Pt I see PARA 159 note 2.

2 See in particular PARAS 186, 187. The Environmental Permitting (England and Wales) Regulations 2007, SI 2007/3538 (see PARAS 186 note 2; 662 et seq) are capable of regulating discharges into water.

3 See in particular the Environmental Permitting (England and Wales) Regulations 2007, SI 2007/3538; and note 2. The 2007 Regulations revoke and replace the Pollution Prevention and Control (England and Wales) Regulations 2000, SI 2000/1973.

4 See PARA 159 et seq.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(vii) Other Statutory Controls/335. Control of the discharge of certain substances into groundwater.

335. Control of the discharge of certain substances into groundwater.

The Groundwater (England and Wales) Regulations 2009¹ were made for the purposes of implementing in the United Kingdom² certain European Union legislation³. The Environment Agency, the Secretary of State⁴ and the Welsh Ministers⁵ must⁶ comply with the 2009 Regulations in exercising their functions in relation to permits⁷.

The Agency must, in granting a permit, take all necessary measures to prevent the input of any hazardous substance⁸ into groundwater⁹. The Agency must, in granting a permit, take all necessary measures to limit the input of non-hazardous pollutants¹⁰ into groundwater so as to ensure that such inputs do not cause pollution in groundwater¹¹. The Agency may also grant a permit for certain discharges¹².

When the Agency receives an application for a permit that might lead to the discharge of a pollutant, it must ensure that all necessary investigations have been carried out to ensure that it grants any permit in accordance with the relevant provisions¹³. If it grants a permit, it must include conditions requiring all necessary technical precautions to be observed to ensure that the objectives of those provisions are achieved¹⁴. A permit may not be granted without the relevant examination¹⁵ and without establishing whether the input of pollutants into groundwater is a satisfactory solution from the point of view of the environment¹⁶. A permit may only be granted if the Agency has checked that the groundwater (and, in particular, its quality) will undergo the requisite surveillance¹⁷.

A permit may be reviewed at any time¹⁸. The Agency must on review assess compliance with the conditions of the permit, and if the conditions are not complied with, the appropriate steps must be taken to ensure compliance including, if necessary, the revocation of the permit¹⁹.

It is an offence to cause or knowingly permit the discharge of any hazardous substance or non-hazardous pollutant in circumstances that might lead to an indirect input²⁰ of that hazardous substance or non-hazardous pollutant into groundwater unless it is carried on under and in accordance with a permit granted by the Agency²¹.

An application for a permit²² must be made to the Agency²³. If in any case the Agency considers that there are special reasons why the application should be advertised, it may require the applicant to advertise the application in a specified manner²⁴. A permit may be subject to conditions²⁵. If the Agency refuses an application for a permit it must give its reasons²⁶. The Agency may by notice in writing at any time vary or revoke the permit, but the notice must give the Agency's reasons²⁷. A revocation does not have effect until three months from the service of the notice²⁸. A person may within three months appeal against a refusal, variation or revocation of a permit to the Secretary of State or the Welsh Ministers as appropriate, but, unless the Secretary of State or the Welsh Ministers direct otherwise (1) a variation has effect pending the appeal; and (2) a revocation does not have effect pending the appeal²⁹.

For the purposes of discharging its functions under the 2009 Regulations, the Agency may, by notice served on any person, require that person to provide, in such form and within such period as is specified in the notice, the information specified in the notice³⁰. A notice may require a person to provide any information where that requirement is reasonable, including the provision of information (a) not in the person's possession; and (b) which would not usually come into the person's possession³¹. Failure to comply with a notice without reasonable excuse is an offence³².

Where (i) any person is carrying on, or proposing to carry on, any activity on or in the ground; and (ii) that activity might lead to the input into groundwater of any hazardous substance or non-hazardous pollutant, the Agency may serve notice in writing on that person prohibiting the carrying on of that activity³³. Failure to comply with a notice is an offence³⁴.

Any person who is aggrieved by a notice under the above provision³⁵ may within 21 days of service of the notice appeal to the Secretary of State or the Welsh Ministers as appropriate³⁶. The Secretary of State or the Welsh Ministers may cancel the notice or confirm it³⁷. The notice must be complied with pending appeal unless otherwise directed by the Secretary of State or the Welsh Ministers³⁸.

The Secretary of State or the Welsh Ministers may approve for the purposes of the 2009 Regulations codes of practice issued for the purpose of giving practical guidance to persons engaged in any activity that may result in discharging hazardous substances or non-hazardous pollutants on the steps they should take to prevent them from entering groundwater³⁹. The Agency must take into account whether or not such a code of practice is being or is likely to be complied with before taking any enforcement action under the 2009 Regulations⁴⁰. A code of practice must be publicised as the Secretary of State or the Welsh Ministers see fit⁴¹.

The Agency must, as soon as reasonably practicable, enter on registers maintained by it⁴² full particulars of relevant permits, notices and other information⁴³.

A person guilty of an offence relating to discharge of a hazardous substance or non-hazardous pollutant⁴⁴ or a prohibition notice⁴⁵ is liable to a fine or imprisonment or both⁴⁶. A person guilty of an offence relating to the provision of information⁴⁷ is liable to a fine or imprisonment or both⁴⁸.

Where a body corporate is guilty of an offence under the 2009 Regulations, and that offence is proved to have been committed with the consent or connivance of, or to have been attributable to any neglect on the part of (A) any director, manager, secretary or other similar person of the body corporate; or (B) any person who was purporting to act in any such capacity, that person is guilty of the offence as well as the body corporate⁴⁹.

Proceedings for an offence under the 2009 Regulations alleged to have been committed by a partnership or an unincorporated association may be brought in the name of the partnership or association⁵⁰. A fine imposed on a partnership or association on its conviction of an offence under the 2009 Regulations is to be paid out of the funds of the partnership or association⁵¹. Where an offence under the 2009 Regulations committed by a partnership is proved to have been committed with the consent or connivance of, or to be attributable to any neglect on the part of, a partner, that partner (as well as the partnership) is guilty of the offence and is liable to be proceeded against and punished accordingly⁵². Where an offence under the 2009 Regulations committed by an unincorporated association is proved to have been committed with the consent or connivance of, or to be attributable to any neglect on the part of, an officer of the association, that officer (as well as the association) is guilty of the offence and is liable to be proceeded against and punished accordingly⁵³.

1 le the Groundwater (England and Wales) Regulations 2009, SI 2009/2902, which are made under the Pollution Prevention and Control Act 1999 s 2, Sch 1: see PARAS 186 note 2, 187. The 2009 Regulations came into force on 30 October 2009 and revoke and replace the Groundwater Regulations 1998, SI 1998/2746: see the Groundwater (England and Wales) Regulations 2009, SI 2009/2902, regs 1, 25.

The 2009 Regulations do not apply in relation to the consequences of accidents or exceptional circumstances of natural cause that could not reasonably have been foreseen, avoided or mitigated: Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 5.

The Environment Agency may exempt from the requirement for a permit, in any specific case or class of case, a discharge or activity that would result in (1) an input of a pollutant into groundwater of a quantity and concentration so small as to obviate any present or future danger of deterioration in the quality of the receiving groundwater; (2) an input of a pollutant into groundwater that, for technical reasons, is incapable of being prevented or limited without using (a) measures that would increase risks to human health or to the quality of the environment as a whole; or (b) disproportionately costly measures to remove quantities of pollutants from,

or otherwise control their percolation in, contaminated ground or subsoil: reg 6(1). The Agency must keep a record of all exemptions granted under reg 6: reg 6(2). As to the Environment Agency see PARA 68 et seq; and as to its pollution control functions generally see PARA 75.

'Permit' means any of the following in so far as they relate to groundwater (i) a permit under reg 13 (see the text and notes 20, 21); (ii) a discharge consent within the meaning of the Water Resources Act 1991 s 91(8) (see PARA 312); (iii) an environmental permit under the Environmental Permitting (England and Wales) Regulations 2007, SI 2007/3538 (see PARA 662 et seq), except to the extent that it relates to a Part B activity within the meaning of those Regulations (see PARA 663 note 1); (iv) the registration of mobile radioactive apparatus under the Radioactive Substances Act 1993 s 10 (see **FUEL AND ENERGY** vol 19(3) (2007 Reissue) PARAS 1447-1448); or (v) an authorisation for disposal in accordance with the Radioactive Substances Act 1993 s 13 (see **FUEL AND ENERGY** vol 19(3) (2007 Reissue) PARA 1450): Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 2. 'Pollutant' means any substance liable to cause pollution; and 'pollution' means the direct or indirect introduction, as a result of human activity, of substances or heat into the air, water or land which may be harmful to human health or the quality of aquatic ecosystems or terrestrial ecosystems directly depending on aquatic ecosystems, which result in damage to material property, or which impair or interfere with amenities and other legitimate uses of the environment: reg 2. 'Groundwater' means all water which is below the surface of the ground in the saturation zone and in direct contact with the ground or subsoil: reg 2.

2 As to the meaning of 'United Kingdom' see PARA 1 note 2.

3 The European Parliament and EC Council Directive 2006/118 (OJ L372 27.12.2006 p 19) on the protection of groundwater against pollution and deterioration (see PARA 28); and the Groundwater (England and Wales) Regulations 2009, SI 2009/2902, are said to continue to implement European Parliament and EC Council Directive 2000/60 (OJ L327, 22.12.2000, p 1) establishing a framework for Community action in the field of water policy (see PARA 23).

4 As to the Secretary of State see PARA 58.

5 As to the Welsh Ministers see PARA 59.

6 The for the purposes of implementing European Parliament and EC Council Directive 2000/60 (OJ L327, 22.12.2000, p 1) or European Parliament and EC Council Directive 2006/118 (OJ L372 27.12.2006 p 19): see note 3.

7 Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 7.

8 A hazardous substance is any substance or group of substances that are toxic, persistent and liable to bio-accumulate: Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 3(1). This includes in particular the following when they are toxic, persistent and liable to bio-accumulate: (1) organohalogen compounds and substances which may form such compounds in the aquatic environment; (2) organophosphorous compounds; (3) organotin compounds; (4) substances and preparations, or the breakdown products of such, which have been proved to possess carcinogenic or mutagenic properties or properties which may affect steroidogenic, thyroid, reproduction or other endocrine-related functions in or via the aquatic environment; (5) persistent hydrocarbons and persistent and bioaccumulable organic toxic substances; (6) cyanides; (7) metals (in particular cadmium and mercury) and their compounds; (8) arsenic and its compounds; (9) biocides and plant protection products: reg 3(2). The Agency must publish a list of substances that it considers to be hazardous substances: reg 3(3).

9 Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 8.

10 A non-hazardous pollutant is any pollutant other than a hazardous substance: Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 4.

11 Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 9.

12 Notwithstanding the Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 8, 9 (see the text and notes 8-11), provided it does not compromise the achievement of any of the environmental objectives relating to groundwater in European Parliament and EC Council Directive 2000/60 (OJ L327, 22.12.2000, p 1) art 4, the Agency may grant a permit for: (1) the injection of water containing substances resulting from the operations for exploration and extraction of hydrocarbons or mining activities, and injection of water for technical reasons, into geological formations from which hydrocarbons or other substances have been extracted or into geological formations which for natural reasons are permanently unsuitable for other purposes, provided that the injection does not contain substances other than those resulting from the above operations; (2) the reinjection of pumped groundwater from mines and quarries or associated with the construction or maintenance of civil engineering works; (3) the injection of natural gas or liquefied petroleum gas for storage purposes into geological formations which for natural reasons are permanently unsuitable for other purposes; (4) the injection of natural gas or liquefied petroleum gas for storage purposes into other geological formations where there is an overriding need for security of gas supply, and where the injection is such as to prevent any present or

future danger of deterioration in the quality of any receiving groundwater; (5) construction, civil engineering and building works and similar activities on, or in the ground which come into contact with groundwater; (6) discharges of small quantities of substances for scientific purposes for characterisation, protection or remediation of water bodies limited to the amount strictly necessary for the purposes concerned; (7) reinjection into the same aquifer of water used for geothermal purposes; (8) inputs of pollutants that are the result of (a) interventions in surface waters for the purposes, amongst others, of mitigating the effects of floods and droughts, and for the management of waters and waterways; (b) artificial recharge or augmentation of groundwater bodies for the purposes of groundwater management: Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 10.

13 Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 11(1). The reference is to reg 8 or 9: see the text and notes 8-11.

14 Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 11(2). See note 13.

15 The examination of (1) the hydrogeological conditions of the area concerned; (2) the possible purifying powers of the soil and subsoil; and (3) the risk of pollution and alteration of the quality of the groundwater from the discharge: see the Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 11(3).

16 Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 11(3).

17 Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 11(4).

18 Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 12(1). All permits granted before the coming into force of the 2009 Regulations must be reviewed before 22 December 2012: reg 12(2).

19 Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 12(3).

20 'Indirect input' in relation to groundwater means the introduction of a pollutant into groundwater after percolation through soil or subsoil: Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 2. 'Direct input' in relation to groundwater means the introduction of a pollutant into groundwater without percolation through soil or subsoil: reg 2.

21 Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 13(1). The reference is to a permit granted by the Agency under reg 13.

However reg 13(1) does not apply in relation to: (1) a discharge that requires a discharge consent within the meaning of the Water Resources Act 1991 s 91(8) (see PARA 312); (2) the operation of a regulated facility under the Environmental Permitting (England and Wales) Regulations 2007, SI 2007/3538 (see PARA 662 et seq); (3) a disposal that requires an authorisation under the Radioactive Substances Act 1993 s 13 (see **FUEL AND ENERGY** vol 19(3) (2007 Reissue) PARA 1450); or (4) the keeping or use of mobile radioactive apparatus that requires a registration under s 10 (see **FUEL AND ENERGY** vol 19(3) (2007 Reissue) PARAS 1447-1448): Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 13(1)(a)-(d).

An operator of a highway drain (or, until 1 January 2012, a person using a domestic septic tank or sewage treatment plant with a daily discharge of less than 2m³) does not commit an offence under reg 13 unless the Agency has served a notice on that person under reg 18 (see the text and notes 32, 33) in relation to that discharge, and the operator has failed to comply with that notice: reg 13(2). For these purposes, 'highway drain' means a drain which a highway authority or other person is entitled to keep open by virtue of the Highways Act 1980 s 100 (see **HIGHWAYS, STREETS AND BRIDGES** vol 21 (2004 Reissue) PARA 285): Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 13(3).

The Water Resources Act 1991 s 88(1) (defences in relation to authorised discharges) (see PARA 294) applies in relation to a permit under the Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 13 as if the reference to the Environmental Permitting (England and Wales) Regulations 2007, SI 2007/3538, included a reference to the Groundwater (England and Wales) Regulations 2009, SI 2009/2902: reg 14.

The Water Resources Act 1991 Sch 10 para 11 (transfer of discharge consents) (see PARA 317) applies in relation to a permit granted under the Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 13 as if (a) any reference to a consent included a reference to such a permit; (b) references to the Water Resources Act 1991 Sch 10 paras 3, 6 were references to the Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 13; and (c) references to carrying on or making discharges were references to carrying on the activities regulated by the permit: reg 15.

22 The Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 13.

23 Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 16(1).

24 Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 16(2).

- 25 Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 16(3).
- 26 Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 16(4).
- 27 Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 16(5).
- 28 Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 16(6).
- 29 Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 16(7).
- 30 Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 17(1).
- 31 Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 17(2).
- 32 Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 17(3).
- 33 Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 18(1).
- 34 Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 18(2).
- 35 Ie under the Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 18.
- 36 Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 19(1).
- 37 Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 19(2).
- 38 Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 19(3).
- 39 Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 20(1).
- 40 Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 20(2).
- 41 Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 20(3).
- 42 Ie under the Water Resources Act 1991 s 190: see PARA 343.
- 43 Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 21(1). The reference is to full particulars of (1) any permit under reg 13; (2) any application for such a permit; (3) any variation or revocation of such a permit; (4) any notice under reg 18; (5) any variation or revocation of any such notice; (6) any information furnished to the Agency for the purposes of reg 13 or reg 17; (7) any monitoring information provided in connection with any permit under reg 13; (8) any conviction for an offence under the 2009 Regulations; (9) any code of practice approved under the 2009 Regulations: see reg 21(1)(a)-(i).
Regulation 21(1) is subject to the Water Resources Act 1991 s 191A (exclusion from registers of information affecting national security) (see **WATER AND WATERWAYS** vol 100 (2009) PARA 269) and s 191B (exclusion from registers of certain confidential information) (see **WATER AND WATERWAYS** vol 100 (2009) PARA 270) but as if s 191B(2) referred to an application for a permit under the Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 13: reg 21(2).
- 44 Ie under the Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 13.
- 45 Ie under the Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 18.
- 46 Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 22(1). Such a person is liable (1) on summary conviction, to a fine not exceeding £50,000 or imprisonment for a term not exceeding 12 months, or to both; or (2) on conviction on indictment, to a fine or imprisonment not exceeding five years, or to both: see reg 22(1).
- 47 Ie under the Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 17.
- 48 Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 22(2). Such a person is liable (1) on summary conviction, to a fine not exceeding the statutory maximum or to imprisonment for a term not exceeding three months or both; or (2) on conviction on indictment, to a fine or to imprisonment for a term not exceeding two years or both: see reg 22(2). As to the statutory maximum see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 140.
- 49 Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 23(1). For these purposes, 'director', in relation to a body corporate whose affairs are managed by its members, means a member of the body corporate: reg 23(2).

50 Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 24(1). For the purposes of such proceedings (1) rules of court relating to the service of documents are to have effect as if the partnership or association were a body corporate; (2) the Criminal Justice Act 1925 s 33 and the Magistrates' Courts Act 1980 Sch 3 (see **MAGISTRATES** vol 29(2) (Reissue) PARA 666) apply in relation to the partnership or association as they apply in relation to a body corporate: Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 24(2).

51 Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 24(3).

52 Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 24(4). For these purposes, 'partner' includes a person purporting to act as a partner: reg 24(4).

53 Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 24(5). For these purposes, 'officer' means an officer of the association or a member of its governing body, or a person purporting to act in such capacity: reg 24(5).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(vii) Other Statutory Controls/336. Urban waste water treatment.

336. Urban waste water treatment.

It is the duty of the Environment Agency¹, in exercising its statutory functions relating to pollution offences², to secure:

- 500 (1) that the prescribed requirements of the Urban Waste Water Treatment (England and Wales) Regulations 1994³ are satisfied with respect to discharges from urban waste water treatment plants⁴;
- 501 (2) the limitation of pollution of receiving waters due to storm water overflows, with respect to any discharge from a collecting system⁵ or an urban waste water treatment plant⁶.

With respect to the discharge of sludge, such discharge to surface waters was to be phased out by 31 December 1998 and the total amount of toxic, persistent or bioaccumulable materials in the sludge which may be discharged to surface waters pursuant to consents granted under the Water Resources Act 1991⁷ was to be controlled by those consents and progressively reduced during the period ending on that date⁸.

At regular intervals, the Agency must review and, if necessary for the purpose of complying with these provisions, modify or revoke consents so granted⁹. All lakes and ponds are treated as controlled waters¹⁰ for the purposes of the provisions relating to offences of polluting controlled waters, in so far as those provisions relate to the discharge of waste water from urban waste treatment plants¹¹.

In every such consent granted on or after 31 December 2000 with respect to certain discharges of biodegradable industrial waste water¹² which does not enter urban waste water treatment plants before discharge to receiving waters, the Agency must impose conditions which are appropriate to the nature of the industry concerned for the discharge of such waste water¹³. It is also the Agency's duty, in exercising its functions to authorise discharges under Part I of the Environmental Protection Act 1990¹⁴ with respect to any process giving rise to such a discharge, to secure that any authorisation granted in respect of that process includes conditions in respect of the discharge of such waste water on or after 31 December 2000 which are appropriate to the nature of the industry concerned¹⁵. All lakes and ponds are treated as controlled waters for these purposes with respect to such discharges¹⁶.

¹ As to the Environment Agency see PARA 68 et seq; and as to its pollution control functions generally see PARA 75.

² ie under the Water Resources Act 1991 Pt III Ch II (ss 85-91): see PARA 291 et seq.

³ The prescribed requirements are set out in the Urban Waste Water Treatment (England and Wales) Regulations 1994, SI 1994/2841, regs 5, 6(1). The 1994 regulations were made under the European Communities Act 1972 s 2(2) and implement the Urban Waste Water Treatment Directive (ie EC Council Directive 91/271 (OJ L135, 30.05.91, p 40) concerning urban waste-water treatment): see PARA 30.

Treatment plants which provide secondary treatment or an equivalent treatment were to be provided by 31 December 2000 or, in an exceptional case, such later date (not being later than 31 December 2005) as the European Commission may agree, in respect of all discharges from agglomerations with a population equivalent of more than 15,000: Urban Waste Water Treatment (England and Wales) Regulations 1994, SI 1994/2841, reg 5(1)(a). They must be provided (1) by 31 December 2005 in respect of all discharges from agglomerations with

a population equivalent of between 10,000 and 15,000; and (2) by 31 December 2005 in respect of all discharges to freshwaters and estuaries from agglomerations with a population equivalent of between 2,000 and 10,000: reg 5(1)(b), (c). Treatment plants which provide more stringent treatment than that described in reg 5(1) were, however, to be provided by 31 December 1998 in respect of all discharges from agglomerations with a population equivalent of more than 10,000 into sensitive areas, or into the relevant catchment areas of sensitive areas where the discharges contribute to the pollution of these areas; but this does not apply in relation to a sensitive area where the Environment Agency has certified that it is satisfied, as a result of monitoring, that the minimum percentage of reduction of the overall load entering all urban waste water treatment plants in that area, and all urban waste water treatment plants in the catchment area of that area the discharges from which contribute to the pollution of that area, is at least 75% for total phosphorus and at least 75% for total nitrogen: reg 5(2), (3) (Urban Waste Water Treatment (England and Wales) Regulations 1994, SI 1994/2841, amended by the Environment Act 1995 Sch 22 para 233(1)). Where, following a review of the identification of waters as sensitive areas or high natural dispersion areas under the Urban Waste Water Treatment (England and Wales) Regulations 1994, SI 1994/2841, reg 3, an area ceases to be identified as a high natural dispersion area or becomes identified as a sensitive area, then, as respects that area, reg 5(1) or, as the case may be, reg 5(2) has effect as if the relevant date specified therein were the seventh anniversary of the change of identification or, if later, the date so specified: reg 5(4). Discharges of urban waste water from agglomerations with a population equivalent of between 10,000 and 150,000 (or, in an exceptional case and with the agreement of the European Commission, of more than 150,000) to coastal waters which are in high natural dispersion areas, and discharges from agglomerations with a population equivalent of between 2,000 and 10,000 into estuaries which are in high natural dispersion areas, may be subjected to less stringent treatment than that described in reg 5(1) so long as (a) the discharges receive at least primary treatment in conformity with the control procedures set out in Sch 3 Pt II; and (b) the Agency has certified that it is satisfied that comprehensive studies have indicated that such discharges will not adversely affect the environment: reg 5(5) (as so amended). The Agency must provide the Secretary of State or, in relation to Wales, the Welsh Ministers with information concerning the studies mentioned in head (b) above: see reg 5(6) (as so amended).

Appropriate treatment of urban waste water entering collecting systems must be provided by 31 December 2005 in respect of (i) discharges to freshwaters and estuaries from agglomerations with a population equivalent of less than 2,000; and (ii) discharges to coastal waters from agglomerations with a population equivalent of less than 10,000: reg 5(7). For these purposes, 'appropriate treatment' means treatment of urban waste water by any process and/or disposal system which after discharge allows the receiving waters to meet the relevant quality objectives and the relevant provisions of the Urban Waste Water Treatment Directive and other Community Directives; and 'primary treatment' means treatment of urban waste water by a physical and/or chemical process involving settlement of suspended solids, or other processes in which the five-day biochemical oxygen demand ('BOD5') of the incoming waste water is reduced by at least 20% before discharge and the total suspended solids of the incoming waste water are reduced by at least 50%: reg 5(8). 'Agglomeration' means an area where the population and/or economic activities are sufficiently concentrated for urban waste water to be collected and conducted to an urban waste water treatment plant or to a final discharge point; and 'coastal waters' means the waters outside the low-water line or the outer limit of an estuary: reg 2(1). As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

Discharges from urban waste water treatment plants described in the Urban Waste Water Treatment (England and Wales) Regulations 1994, SI 1994/2841, reg 5(1) or (2), or from any such plant which provides treatment in accordance with reg 5(5), including any such plants which are provided other than by sewerage undertakers, must satisfy the relevant requirements of Sch 3 Pt I: reg 6(1).

Subject to the following provisions, 'sensitive area' means an area of water which the Secretary of State or the Welsh Ministers have identified in accordance with the criteria set out in Sch 1, and which is shown as such on maps deposited with the Agency for these purposes; and 'high natural dispersion area' means an area of water which the Secretary of State or the Welsh Ministers have identified in accordance with the criteria set out in Sch 1 Pt II, and which is shown as such on maps deposited with the Agency for these purposes; the Secretary of State was to review the identification of sensitive areas and high natural dispersion areas, in accordance with the relevant criteria in Sch 1, no later than 31 December 1997 and he and the Welsh Ministers are to do so thereafter at intervals of no more than four years: see reg 3(1), (2) (as so amended; further amended by SI 2003/1788). Where the appropriate authority (ie the Secretary of State or the Welsh Ministers) decides on such a review that any area of water identified as a sensitive area or as a high natural dispersion area should no longer be identified as such, or that any area of water not previously identified as a sensitive area or as a high natural dispersion area should be identified as such, the authority must give notice in writing to the Agency informing the Agency of its decision and the date on which it takes effect: Urban Waste Water Treatment (England and Wales) (Amendment) Regulations 2003, SI 2003/1788, regs 1(2), 2(1). Before its decision takes effect, the appropriate authority must publish the notice through its website and also, if the notice relates to England, in the London Gazette and, if the notice relates to Wales, in at least one daily newspaper circulating throughout that part of Wales to which the notice relates: reg 2(2)(a). It must ensure that revised maps are deposited with the Agency reflecting the authority's decision and indicating the date on which the decision takes effect; and must take such other steps as it considers appropriate to publicise its decision: reg 2(2)(b), (c). A decision on such a review takes effect on the date stated in the appropriate authority's notice and continues in force until a subsequent decision changing it following such a review takes effect: reg 2(3).

The appropriate authority and the Agency must each ensure that its website makes available to the public (A) maps of all areas of water currently identified as a sensitive area or as a high natural dispersion area; and (B) the dates on which any area of water was identified as a sensitive area or high natural dispersion area, or ceased to be so identified: reg 3(1). The Agency must keep available at its principal office and at each of its principal regional offices for inspection by the public at all reasonable times free of charge the maps showing sensitive areas and high natural dispersion areas deposited with the Environment Agency for the purposes of reg 2 (together with any maps previously deposited for the purposes of the Urban Waste Water Treatment (England and Wales) Regulations 1994, SI 1994/2841, reg 3) and the information mentioned in head (B) above in documentary form: Urban Waste Water Treatment (England and Wales) (Amendment) Regulations 2003, SI 2003/1788, reg 3(2).

4 See the Urban Waste Water Treatment (England and Wales) Regulations 1994, SI 1994/2841, reg 6(2)(a), (b). 'Urban waste water' means domestic waste water or the mixture of domestic waste water with industrial waste water and/or run-off rain water; 'industrial waste water' means any waste water which is discharged from premises used for carrying on any trade or industry, other than domestic waste water and run-off rain water; and 'domestic waste water' means waste water from residential settlements and services which originates predominantly from the human metabolism and from household activities: reg 2(1).

5 'Collecting system' means a system of conduits which collects and conducts urban waste water: Urban Waste Water Treatment (England and Wales) Regulations 1994, SI 1994/2841, reg 2(1).

6 See the Urban Waste Water Treatment (England and Wales) Regulations 1994, SI 1994/2841, reg 6(2)(c).

7 See note 2.

8 See the Urban Waste Water Treatment (England and Wales) Regulations 1994, SI 1994/2841, reg 6(2)(d). The dumping of sludge from ships to surface waters was also to be phased out by 31 December 1998: see reg 9.

9 Urban Waste Water Treatment (England and Wales) Regulations 1994, SI 1994/2841, reg 6(3) (as amended: see note 3). Nothing in the Water Resources Act 1991 s 88(2), Sch 10 para 8 (see PARA 306) restricts the Agency's power to modify or revoke a consent in pursuance of the duty so imposed: Urban Waste Water Treatment (England and Wales) Regulations 1994 SI 1994/2841, reg 6(4) (as so amended).

10 Ie for the purposes of the Water Resources Act 1991 s 85: see PARA 291. As to the meaning of 'controlled waters' see PARA 289.

11 Urban Waste Water Treatment (England and Wales) Regulations 1994, SI 1994/2841, reg 6(5).

12 Ie discharges from plants representing 4,000 population equivalent or more belonging to the prescribed industrial sectors (ie milk processing, manufacture of fruit and vegetable products, manufacture and bottling of soft drinks, potato processing, meat industry, breweries, production of alcohol and alcoholic beverages, manufacture of animal feed from plant products, manufacture of gelatine and of glue from hide, skin and bones, malt-houses and fish-processing industry): see the Urban Waste Water Treatment (England and Wales) Regulations 1994, SI 1994/2841, reg 8(1), Sch 5. 'Population equivalent' is a measurement of organic biodegradable load, and a population equivalent of 1 (1 pe) is the organic biodegradable load having a five-day biochemical oxygen demand (BOD5) of 60g of oxygen per day, calculated on the basis of the maximum average weekly load entering the treatment plant during the year, excluding unusual situations such as those due to heavy rain: reg 2(1).

13 See the Urban Waste Water Treatment (England and Wales) Regulations 1994, SI 1994/2841, reg 8(1), (2) (as amended: see note 3). Nothing in the Water Resources Act 1991 Sch 10 para 8 (see PARA 306) restricts the Agency's power to modify a consent in pursuance of the duty so imposed: Urban Waste Water Treatment (England and Wales) Regulations 1994 SI 1994/2841, reg 8(2) (as so amended).

14 See the Environmental Protection Act 1990 Pt I (ss 1-28) (prospectively repealed); PARA 334; and see PARA 159 et seq.

15 See the Urban Waste Water Treatment (England and Wales) Regulations 1994, SI 1994/2841, reg 8(3) (as amended: see note 3).

16 See Urban Waste Water Treatment (England and Wales) Regulations 1994, SI 1994/2841, reg 8(4).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(vii) Other Statutory Controls/337. Remediation notices in respect of contaminated land.

337. Remediation notices in respect of contaminated land.

Under the Environment Act 1995, the Environment Agency¹ or a local authority² may serve remediation notices³ in respect of contaminated land⁴ where pollution of controlled waters⁵ is being, or is likely to be, caused⁶. These powers are dealt with in detail elsewhere in this title⁷.

1 As to the Environment Agency see PARA 68 et seq; and as to its pollution control functions generally see PARA 75.

2 As to the meaning of 'local authority' see PARA 99.

3 As to remediation notices see the Environmental Protection Act 1990 s 78E; and PARA 766.

4 As to the meaning of 'contaminated land' see PARA 761.

5 As to the meaning of 'pollution of controlled waters' see PARA 761 note 6.

6 See the Environmental Protection Act 1990 Pt IIA (ss 78A-78YC); and PARA 761 et seq.

7 See PARA 761 et seq.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(vii) Other Statutory Controls/338. Anti-fouling paints etc.

338. Anti-fouling paints etc.

Obligations in regard to such matters as the sale of anti-fouling paint and related treatments are now covered by the REACH Enforcement Regulations 2008¹. These Regulations were made for the purposes of enforcing a European Union Regulation² concerning the registration, evaluation, authorisation and restriction of chemicals ('REACH') and are also referred to elsewhere in this title³ and elsewhere in this work⁴.

1 The REACH Enforcement Regulations 2008, SI 2008/2852. As to introduction see Pt 1 (regs 1, 2); as to enforcement see Pt 2 (regs 3-6); as to exemptions see Pt 3 (regs 7, 8); as to enforcement powers and civil proceedings see Pt 4 (regs 9, 10); as to offences and penalties see Pt 5 (regs 11-20); as to appeals against notices and service of documents see Pt 6 (regs 21, 22); and as to revocations and amendments see Pt 7 (reg 23). More particularly, under reg 2, the enforcing authorities are the Department of the Environment, the Environment Agency, the Health and Safety Executive, the Health and Safety Executive for Northern Ireland, a local (consumer safety) authority, a local (health and safety) authority, the Scottish Environment Protection Agency and the Secretary of State. Regulation 3 imposes enforcement duties on enforcing authorities to enforce those provisions of REACH listed in Sch 1. Regulation 4 requires enforcing authorities to cooperate and share information with other bodies connected to REACH enforcement and provides for information sharing by the Commissioners for Revenue and Customs. Regulation 5 provides for agreements between enforcing authorities under which one authority may act on behalf of another authority. Regulation 6 provides for arrangements between enforcing authorities responsible for the enforcement of health and safety aspects of REACH. Regulation 7 provides for defence exemption certificates. Regulation 8 makes provision for an exemption for the marketing and use of leaded paint. Regulation 9 provides for the powers of enforcing authorities as set out in Sch 6 and reg 10 provides for those persons authorised to act as authorised persons for those authorities. Regulation 11 creates criminal offences and reg 12 provides for penalties in respect of those offences. Further criminal offences are created under reg 13 and penalties in respect of those offences are set out in reg 14. Regulation 15 provides for the liability of corporate bodies. Under reg 16 a court may require persons convicted of an offence under the 2008 Regulations to remedy those matters for which they were convicted. Under reg 17 persons authorised by the Health and Safety Executive or the Health and Safety Executive for Northern Ireland may, except in Scotland, prosecute an offence under the 2008 Regulations. Regulation 18 provides that no criminal proceedings for an offence under the 2008 Regulations may be instituted in England and Wales except by an enforcing authority or by or with the consent of the Director of Public Prosecutions and in Northern Ireland, except by or with the consent of the Director of Public Prosecutions for Northern Ireland. Regulation 19 provides the Crown is not criminally liable for any contravention of the 2008 Regulations. Under reg 20 enforcing authorities may institute civil proceedings against a person where criminal proceedings are unlikely to result in an effective remedy. Regulation 21 provides for appeals against notices issued by enforcing authorities. Regulation 22 and Sch 9 provide for service of documents. Schedule 1 contains a table listing provisions of REACH (see the text and notes 2, 3) which enforcing authorities must enforce. Schedule 2 sets out the functions of enforcing authorities. The REACH Enforcement Regulations 2008, SI 2008/2852, Sch 3 (amended by SI 2009/716) provides for arrangements between enforcing authorities responsible for the enforcement of health and safety aspects of REACH. The REACH Enforcement Regulations 2008, SI 2008/2852, Sch 4 provides for matters in connection with defence exemption certificates. Schedule 5 provides for matters in relation to leaded paint. Schedule 6 sets out the powers of enforcing authorities. Schedule 7 sets out those provisions under other enactments which enable a person to act as an authorised person of an enforcing authority under the 2008 Regulations. Schedule 8 contains provisions relating to appeals against notices issued by enforcing authorities. See also PARA 790.

2 European Parliament and EC Council Regulation 1907/2006 (OJ L136, 29.5.2007, p 3) concerning the registration, evaluation, authorisation and restriction of chemicals ('REACH'): see PARA 35.

3 See PARA 790.

4 See **HEALTH AND SAFETY AT WORK** vol 53 (2009) PARAS 571, 574 et seq.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(vii) Other Statutory Controls/339. Liquid radioactive waste.

339. Liquid radioactive waste.

The disposal of radioactive waste is regulated by the Radioactive Substances Act 1993¹. Where any of the activities comprising a prescribed process² are regulated both by an authorisation granted by the Environment Agency³ under Part I of the Environmental Protection Act 1990⁴ and by a registration or an authorisation under the 1993 Act, then if different obligations are imposed as respects the same matter by a condition attached to an authorisation under the 1990 Act and a condition attached to the registration or authorisation under the 1993 Act, the condition imposed by the authorisation under the 1990 Act is treated as not binding the person carrying on the process⁵.

Except as provided by regulations made by the Secretary of State or, in relation to Wales, by the Welsh Ministers⁶, nothing in Part III of the Water Resources Act 1991⁷ applies in relation to radioactive waste⁸. The Secretary of State or the Welsh Ministers may, however, by regulations provide for prescribed provisions of the 1991 Act to have effect with such modifications⁹ as he or they consider appropriate for dealing with such waste, and make such modifications of the 1993 Act or, in relation to such waste, of any other enactment¹⁰, as he or they consider appropriate in consequence of the provisions of Part III of the Water Resources Act 1991 and of any regulations so made¹¹. Discharges of liquid radioactive waste thus require the consent of the Agency¹². Additionally, no account is to be taken of any radioactivity possessed by any substance or article or by any part of any premises for the purposes of certain pollution control provisions of the Water Industry Act 1991 and the Water Resources Act 1991¹³.

1 See **FUEL AND ENERGY** vol 19(3) (2007 Reissue) PARA 1450 et seq. As to radioactive contamination under the regime on contaminated land see the Radioactive Contaminated Land (Modification of Enactments) (England) Regulations 2006, SI 2006/1379; and PARA 761 et seq.

2 As to the meaning of 'prescribed process' for these purposes see PARA 159 note 2.

3 As to the Environment Agency see PARA 68 et seq; and as to its pollution control functions generally see PARA 75.

4 Ie under the Environmental Protection Act 1990 Pt I (ss 1-28) (prospectively repealed): see PARA 334; and see PARA 159 et seq.

5 See the Environmental Protection Act 1990 s 28(2) (prospectively repealed); and PARA 165.

6 Ie under the Water Resources Act 1991 s 98 (amended by the Radioactive Substances Act 1993 Sch 4 para 11): see the text and notes 9-11. As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

7 Ie the Water Resources Act 1991 Pt III (ss 82-104): see PARA 289 et seq.

8 Water Resources Act 1991 s 98(1) (as amended: see note 6).

9 As to the meaning of 'modifications' see **WATER AND WATERWAYS** vol 100 (2009) PARA 141 note 20.

10 As to the meaning of 'enactment' see **WATER AND WATERWAYS** vol 100 (2009) PARA 14 note 31.

11 Water Resources Act 1991 s 98(2) (as amended: see note 6). At the date at which this title states the law, no such regulations had been made, but, by virtue of the Water Consolidation (Consequential Provisions) Act 1991 s 2(2), Sch 2 para 1(1), (2), the Control of Pollution (Radioactive Waste) Regulations 1989, SI 1989/1158, have effect as if so made: see **FUEL AND ENERGY** vol 19(3) (2007 Reissue) PARA 1451.

12 See the Control of Pollution (Radioactive Waste) Regulations 1989, SI 1989/1158 reg 3, Schedule; and **FUEL AND ENERGY** vol 19(3) (2007 Reissue) PARA 1451.

13 See the Radioactive Substances Act 1993 s 40(2)(a), Sch 3 Pt I; and **FUEL AND ENERGY** vol 19(3) (2007 Reissue) PARA 1463.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(vii) Other Statutory Controls/340. Pollution by gas washings.

340. Pollution by gas washings.

Any person engaged in the manufacture of gas who (1) causes or suffers to be brought or to flow into any stream, reservoir, aqueduct, pond or place for water, or into any drain or pipe communicating with it, any washing or other substance produced in making or supplying gas; or (2) wilfully does any act connected with the making or supplying of gas by which the water in any such stream, reservoir, aqueduct, pond or place for water is fouled, commits an offence¹. A person is not, however, guilty of an offence under this provision in respect of any entry of matter into any controlled waters² which occurs under and in accordance with a consent for the discharge under the Water Resources Act 1991³ or as a result of any act or omission under and in accordance with such a consent⁴.

1 See the Public Health Act 1875 s 68(1), (2). The penalty is a fine not exceeding level 4 on the standard scale: see s 68(1) (amended by virtue of the Criminal Justice Act 1982 ss 38, 46). As to the standard scale see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 142. In an appropriate case an injunction will be obtainable to prevent the illegal pollution of water: *Batcheller v Tunbridge Wells Gas Co* (1901) 84 LT 765, 65 JP 680.

2 As to the meaning of 'controlled waters' see PARA 289.

3 Ie a consent under the Water Resources Act 1991 Pt III (ss 82-104): see PARA 289 et seq.

4 Water Consolidation (Consequential Provisions) Act 1991 s 2(1), Sch 1 para 1.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(vii) Other Statutory Controls/341. Fouling of water by cemetery company.

341. Fouling of water by cemetery company.

Where a cemetery company which is not a local authority was established, before 1 April 1974, by a special Act incorporating the Cemeteries Clauses Acts 1847¹, that company is liable to a penalty if it causes or suffers to be brought or to flow into any stream, canal, reservoir, aqueduct, pond or watering place, any offensive matter from the cemetery, whereby the water in it is fouled². In addition, any person having the right to use the water which has been fouled has a right of action against the company³.

1 See the Cemeteries Clauses Act 1847 s 20. As to the incorporation of that Act and its restricted application, as mentioned in the text, see **CREMATION AND BURIAL** vol 10 (Reissue) PARA 910.

2 Cemeteries Clauses Act 1847 s 20. The penalty is £50 and may be recovered by any person having the right to use the water fouled by the offensive matter in question: see ss 20, 21.

3 See the Cemeteries Clauses Act 1847 s 22.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(2) CONTROL OF POLLUTION UNDER DOMESTIC LEGISLATION/(vii) Other Statutory Controls/342. Control of pollution of water under private Acts.

342. Control of pollution of water under private Acts.

As well as the control of pollution of controlled waters under the Water Resources Act 1991 and other public legislation, there are numerous private Acts which regulate particular rivers or expanses of water and contain, inter alia, measures to control the pollution of those waters in addition to those contained in public legislation¹. For example, the Environment Agency² is entitled to exercise certain water pollution functions conferred upon the former Conservators of the River Thames and the former Lee Conservancy Catchment Board³ under local statutory provisions, so far as they are continued in force⁴.

¹ As to such Acts see generally **WATER AND WATERWAYS** vol 100 (2009) PARA 14; and as to pollution control in the London area see **LONDON GOVERNMENT**. There are also numerous Harbour Acts which control pollution of waters within those harbours: see generally **PORTS AND HARBOURS**. The Port of London Authority retains the power to remove anything which is in or beside the Thames in contravention, or as a result of a contravention, of the prohibition on pollution of the Thames and docks: see the Port of London Act 1968 s 200; and **PORTS AND HARBOURS** vol 36(1) (2007 Reissue) PARAS 623-627.

² As to the Environment Agency see PARA 68 et seq; and as to its pollution control functions generally see PARA 75.

³ Functions under the Thames Conservancy Acts 1932, 1950, 1959, 1966 and 1972 were formerly exercised by the Conservators of the River Thames. The Conservators of the River Thames and the Lee Conservancy Catchment Board ceased to exist on 1 April 1974: Water Act 1973 s 33(d) (repealed). Their functions were transferred to the Thames Water Authority (see the Water Act 1973 s 2, Sch 1 (repealed); and the Thames Water Authority Constitution Order 1973, SI 1973/1360, art 3(1)(a)); and then to the former National Rivers Authority; but are now exercisable by the Environment Agency. As to the transfer of functions from the National Rivers Authority to the Environment Agency see the Environment Act 1995 s 2; and PARA 70. In any subordinate legislation or local statutory provisions, for any reference to the National Rivers Authority there is substituted a reference to the Environment Agency: s 120(1), Sch 22 para 233(1). As to the meaning of 'local statutory provision' see **WATER AND WATERWAYS** vol 100 (2009) PARA 14 note 24.

⁴ The provisions contained in the Thames Conservancy Acts 1932 to 1972 are local statutory provisions, and were applied to the Thames Water Authority (now the Environment Agency: see note 3) by virtue of the Water Act 1973 s 34(2), Sch 6 Pt II (repealed). Local statutory provisions are continued in force subject to any necessary modifications; and continue to apply to, but only to, the area, things or persons to which or to whom they applied before 1 April 1974: Sch 6 para 11 (repealed with savings). See the Lee Conservancy Act 1868 ss 3, 14, 89, 91, 92, 96; the Lee Conservancy Act 1900 ss 27, 32; the Lee Conservancy Act 1938 s 20; the Thames Conservancy Act 1932 ss 120-124, 129, 131, 233, 234, 242; the Thames Conservancy Act 1950 ss 18, 24; the Thames Conservancy Act 1972 s 14; and **LONDON GOVERNMENT**.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(3) REGISTERS AND INFORMATION/343. Pollution control register.

(3) REGISTERS AND INFORMATION

343. Pollution control register.

It is the duty of the Environment Agency¹ to maintain, in accordance with regulations made by the Secretary of State or, in relation to Wales, by the Welsh Ministers², registers containing prescribed particulars of or relating to:

- 502 (1) any notices of water quality objectives or other notices served under the provisions relating thereto³;
- 503 (2) applications made for consents under the provisions relating to water pollution⁴;
- 504 (3) consents given under those provisions and the conditions to which they are subject⁵;
- 505 (4) samples of water or effluent⁶ taken by the Agency for the purposes of any of the water pollution provisions⁷ of the Water Resources Act 1991, information produced by analyses of those samples, and the steps taken in consequence of any such information⁸;
- 506 (5) such information with respect to samples of water or effluent taken by any other person, and the analyses of those samples, as is acquired by the Agency from any person under arrangements made by the Agency for the purposes of any of the water pollution provisions, and the steps taken in consequence of any such information⁹;
- 507 (6) applications made to the Agency for the variation of discharge consents¹⁰;
- 508 (7) enforcement notices¹¹, revocations of discharge consents¹² and appeals¹³;
- 509 (8) directions given by the Secretary of State or the Welsh Ministers in relation to the Agency's functions under the water pollution provisions, with the exception of directions in relation to information affecting national security¹⁴;
- 510 (9) convictions for offences in relation to pollution¹⁵ of persons who have the benefit of discharge consents;
- 511 (10) information obtained or furnished in pursuance of conditions of discharge consents¹⁶;
- 512 (11) works notices¹⁷, appeals relating to works notices¹⁸ and convictions for offences of failing to comply with works notices¹⁹; and
- 513 (12) such other matters relating to the quality of water or the pollution of water as may be prescribed by the Secretary of State or the Welsh Ministers²⁰.

Where registers are to contain any prescribed particulars, those particulars must be entered on the registers:

- 514 (a) if they relate to an application or notice which is to be advertised²¹, before the beginning of the period of 28 days during which the application or notice is required to be advertised;
- 515 (b) if they relate to an enforcement notice²² or a works notice²³, not later than seven days after that notice is served;
- 516 (c) if they relate to certain appeals²⁴, not later than 14 days after those particulars become available to the Agency; and

517 (d) in all other cases, not later than 28 days after those particulars become available to the Agency²⁵.

Where an application for a consent, or for the variation of a consent, is withdrawn at any time before it is determined, no further particulars relating to the application are to be entered on the registers after the application is withdrawn and all particulars relating to it must be removed from the registers not less than two months, and not more than three months, after the application is withdrawn²⁶.

The Agency must keep records in each register showing the dates on which particulars are entered on it²⁷ and each register must be indexed in a way which facilitates access to particulars entered on it²⁸. Nothing in the relevant regulations, however, requires the Agency to keep on a register monitoring information²⁹ more than four years after that information was entered on the register or other information which has been superseded by later information more than four years after that later information was entered on it³⁰.

Where information of any description is excluded from any register by virtue of its being commercially confidential³¹, a statement must be entered in the register indicating the existence of information of that description³².

It is the Agency's duty to secure that the contents of registers maintained by it under these provisions are available, at all reasonable times, for inspection by the public free of charge, and to afford members of the public reasonable facilities for obtaining from the Agency, on payment of reasonable charges, copies of entries in any of the registers³³.

The Secretary of State or the Welsh Ministers may give directions to the Agency requiring the removal from any register so maintained by it of any specified information which is not prescribed for inclusion under heads (1) to (12) above or which ought to have been excluded from the register³⁴ on the grounds of national security or because it is commercially confidential³⁵.

1 As to the Environment Agency see PARA 68 et seq; and as to its pollution control functions generally see PARA 75.

2 The Water Resources Act 1991 s 101 (limitation for summary offences) (see PARA 291 note 18) has effect in relation to any regulations so made as it has effect in relation to any subordinate legislation under Pt III (ss 82-104): s 190(3). As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59. For the regulations so made see the Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, regs 15-17; and notes 3-30.

3 Ie any notices served under the Water Resources Act 1991 s 83: see PARA 331. The register must contain full particulars of any such notice: Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 15(a). As to access to environmental information generally see PARA 55.

4 Ie applications for consents under the Water Resources Act 1991 Pt III Ch II (ss 85-91): see PARA 291 et seq. The registers must contain full particulars of applications for consents, or for the variation of consents, together with information provided in connection with such applications: Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 15(b).

5 Full particulars must be given of such consents, the conditions to which they are subject and any variation of them: Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 15(c).

6 As to the meaning of 'effluent' see **WATER AND WATERWAYS** vol 100 (2009) PARA 262 note 31.

7 As to the meaning of 'water pollution provisions' see PARA 305 note 2.

8 The registers must contain full particulars of (1) the date and time of each sample, including details of the place where it was taken; (2) the result of its analysis; and (3) the steps, if any, taken by the Agency in consequence: Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 15(d).

9 The registers must contain full particulars of information corresponding to that mentioned in note 8 with respect to samples of water or effluent taken by any other person, and the analysis of those samples, acquired by the Environment Agency from that person under arrangements made by the Agency for the purposes of any of the water pollution provisions, including any steps taken by that person in consequence of the results of the analysis of any sample: Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 15(e).

10 'Discharge consent' has the same meaning as in the Water Resources Act 1991 s 91 (see PARA 310 note 2): s 190(5) (added by the Environment Act 1995 Sch 22 para 169(6)).

11 If served under the Water Resources Act 1991 s 90B: see PARA 310. Full particulars of such notices must be given: see the Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 15(g).

12 If under the Water Resources Act 1991 Sch 10 para 7: see PARA 306. Full particulars of such revocations must be given: see the Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 15(h).

13 If under the Water Resources Act 1991 s 91: see PARAS 311-312. Full particulars must be given of notices of appeal, correspondence provided to the Secretary of State or the Welsh Ministers under the Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 8(3) (see PARA 312), the decisions or notices which are the subject matter of the appeals, representations made under reg 10, written notifications of the Secretary of State's determination of appeals and reports accompanying any such notification: reg 15(i).

14 If directions under the Water Resources Act 1991 s 191A(2): see **WATER AND WATERWAYS** vol 100 (2009) PARA 269. With that exception, full particulars of any such directions must be given: see the Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 15(j).

15 If offences under the Water Resources Act 1991 Pt III: see PARA 291 et seq. Full particulars of such convictions must be given, including the name of the offender, the date of conviction, the penalty imposed, the costs, if any, awarded against the offender and the name of the court: Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 15(k).

16 Full particulars must be given of returns and other information about the nature, origin, composition, temperature, volume and rate of discharges provided to the Agency in pursuance of conditions of discharge consents: Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 15(l).

17 If under the Water Resources Act 1991 s 161A: see PARA 324. Full particulars of such notices must be entered: see the Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 15(n) (reg 15(n)-(p) added by SI 1999/1006).

18 If under the Water Resources Act 1991 s 161C: see PARA 327. Full particulars must be entered of notices of appeal under s 161C, documents provided to the Secretary of State or the Welsh Ministers in connection with such appeals, written notifications of the determinations of such appeals and any report accompanying any such written notification: see the Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 15(o) (as added: see note 17).

19 If offences under the Water Resources Act 1991 s 161D: see PARA 328. Full particulars must be entered of any conviction of any person for any offence under s 161D, including the name of the offender, the date of conviction, the penalty imposed, the costs, if any, awarded against the offender and the name of the court: see the Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 15(p) (as added: see note 17).

20 Water Resources Act 1991 s 190(1) (s 190 amended by the Environment Act 1995 Sch 22 para 128; the Water Resources Act 1991 s 190(1) further amended by the Environment Act 1995 Sch 22 para 169(1)-(4)). The other prescribed information is full particulars of (1) prohibition notices served under the Water Resources Act 1991 s 86(1) (see PARA 292); and (2) information which was entered on the registers under the Control of Pollution (Registers) Regulations 1989, SI 1989/1160 (revoked): Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 15(f), (m). See also the Groundwater (England and Wales) Regulations 2009, SI 2009/2902, reg 21; and PARA 335.

21 If under the Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 2(2) (see PARA 301), reg 7, Sch 1 para 1(1) (see PARA 304) or reg 14(2), Sch 2 para 1(2) (see PARA 305): reg 16(1)(a).

22 If served under the Water Resources Act 1991 s 90B: see PARA 310.

23 Ie under the Water Resources Act 1991 s 161A: see PARA 324.

24 Ie if they relate to any matters mentioned in the Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 15(o): see notes 17-18.

25 Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 16(1)(a)-(c) (amended by SI 1999/1006).

26 Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 16(2).

27 Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 16(3).

28 Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 16(4).

29 For these purposes, 'monitoring information' means information entered on the register by virtue of the Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 15(d), (e) or (l) (see notes 8-9, 16): reg 17(2).

30 Control of Pollution (Applications, Appeals and Registers) Regulations 1996, SI 1996/2971, reg 17(1).

31 Ie by virtue of the Water Resources Act 1991 s 191B: see **WATER AND WATERWAYS** vol 100 (2009) PARA 270.

32 Water Resources Act 1991 s 190(1A) (added by the Environment Act 1995 Sch 22 para 169(1), (4)).

33 Water Resources Act 1991 s 190(2)(a), (b) (as amended: see note 20). For these purposes, places may be prescribed by the Secretary of State or the Welsh Ministers at which any such registers or facilities are to be so available or afforded to the public: s 190(2) (amended by the Environment Act 1995 Sch 22 para 169(1), (5)).

34 Ie by virtue of the Water Resources Act 1991 s 191A or s 191B: see **WATER AND WATERWAYS** vol 100 (2009) PARAS 269, 270.

35 Water Resources Act 1991 s 190(4) (added by the Environment Act 1995 Sch 22 para 169(1), (6)).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(3) REGISTERS AND INFORMATION/344. Public access to environmental information; in general.

344. Public access to environmental information; in general.

Under the European Directive on Public Access to Environmental Information¹, environmental information is to be made available and disseminated to the public. That Directive and the relevant domestic regulations are discussed elsewhere in this work².

1 The European Parliament and EC Council Directive 2003/4 (OJ L41, 14.02.2003, p 26): see PARA 55. See also **WATER AND WATERWAYS** vol 101 (2009) PARA 674. As to the national freedom of information regime see the Freedom of Information Act 2000; and **CONFIDENCE AND DATA PROTECTION** vol 8(1) (2003 Reissue) PARA 583 et seq.

2 See **WATER AND WATERWAYS** vol 101 (2009) PARAS 674, 680.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(3) REGISTERS AND INFORMATION/345. Information and assistance required in connection with the control of pollution.

345. Information and assistance required in connection with the control of pollution.

It is the duty of the Environment Agency¹, if and so far as it is requested to do so by either the Secretary of State or the Welsh Ministers², to give him or them all such advice and assistance as appears to the Agency to be appropriate for facilitating the carrying out by him or them of his or their functions under the water pollution provisions³ of the Water Resources Act 1991⁴. The Secretary of State or the Welsh Ministers, or the Agency, may serve on any person a notice⁵ requiring that person to furnish him or them, within a period or at times specified in the notice and in a form and manner so specified, with such information⁶ as is reasonably required for the purpose of carrying out any of his or their functions under those water pollution provisions⁷. A person who fails without reasonable excuse to comply with the requirements of such a notice is guilty of an offence and liable on summary conviction to a fine not exceeding the statutory maximum or on conviction on indictment to a fine, or to imprisonment for a term not exceeding two years, or to both⁸.

¹ As to the Environment Agency see PARA 68 et seq; and as to its pollution control functions generally see PARA 75.

² The statutory wording is 'either of the ministers': but see the Ministry of Agriculture, Fisheries and Food (Dissolution) Order 2002, SI 2002/794; and the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, art 2, Sch 1. As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

³ As to the meaning of 'water pollution provisions' see PARA 305 note 2. For these purposes, the following obligation is treated as functions of the Secretary of State or the Welsh Ministers under those provisions, ie the obligation under EC Council Directive 91/271 (OJ L135, 30.05.91, p 40) art 16 to publish every two years a situation report on the disposal of urban waste water and sludge in England and Wales; and the obligation under art 17 to establish, update and provide the European Commission with information on a programme for the implementation of that Directive (Urban Waste Water Treatment (England and Wales) Regulations 1994, SI 1994/2841, reg 13). The Water Resources Act 1991 s 202 has effect as if functions under the Water Environment (Water Framework Directive) (England and Wales) Regulations 2003, SI 2003/3242 (see **WATER AND WATERWAYS** vol 100 (2009) PARA 198 et seq) were functions under those water pollution provisions: see reg 19(2); and **WATER AND WATERWAYS** vol 100 (2009) PARA 208. See also the Nitrate Pollution Prevention Regulations 2008, SI 2008/2349; the Nitrate Pollution Prevention (Wales) Regulations 2008, SI 2008/3143; and PARA 318.

⁴ Water Resources Act 1991 s 202(1) (s 202(1), (2) amended by the Environment Act 1995 Sch 22 para 128).

⁵ As to the service of notices see **WATER AND WATERWAYS** vol 100 (2009) PARA 22.

⁶ As to the meaning of 'information' see **WATER AND WATERWAYS** vol 100 (2009) PARA 117 note 13.

⁷ Water Resources Act 1991 s 202(2) (as amended: see note 4). Section 202(2) has effect as if it conferred power (1) on the Agency to require the furnishing of information reasonably required by the Agency for the purpose of giving effect to EC Council Directive 75/440 (OJ L194, 25.07.75, p 26) and EC Council Directive 79/869 (OJ L71, 29.10.79, p 44) (both Directives repealed from December 2007 by European Parliament and EC Council Directive 2000/60 (OJ L327, 22.12.2000, p 1) (see PARA 23)) (Surface Waters (Abstraction for Drinking Water) (Classification) Regulations 1996, SI 1996/3001, reg 7(3)); (2) on the Secretary of State or the Welsh Ministers and the Agency to require the furnishing of information reasonably required for the purposes of giving effect to European Parliament and EC Council Directive 2006/44 (OJ L264, 25.9.2006, p 20) (Surface Waters (Fishlife) (Classification) Regulations 1997, SI 1997/1331, reg 6(3) (amended by SI 2009/1264)); (3) on the Secretary of State or the Welsh Ministers and the Agency to require the furnishing of information reasonably required for the purposes of giving effect to European Parliament and EC Council Directive 2006/113 (OJ L376

27.12.2006 p 14) (Surface Waters (Shellfish) (Classification) Regulations 1997, SI 1997/1332, reg 6(3) (amended by SI 2009/1266)). The Secretary of State or the Welsh Ministers have power to make provision by regulations for restricting the information which may be required under the Water Resources Act 1991 s 202(2) and for determining the form in which it is to be so required: s 202(3). At the date at which this title states the law, no such regulations had been made. As to the making of regulations generally see **WATER AND WATERWAYS** vol 100 (2009) PARA 21. See also the Bathing Water Regulations 2008, SI 2008/1097, reg 16(5) (in force as from 24 March 2012) which provides that the Water Resources Act 1991 s 202(2) has effect as if it conferred power on the Secretary of State, the Welsh Ministers and the Agency to require the furnishing of information reasonably required for the purposes of giving effect to European Parliament and EC Council Directive 2006/7 (OJ L64 4.3.2006 p 37); and see also PARA 330 note 20.

8 Water Resources Act 1991 s 202(4) (amended by the Environment Act 1995 Sch 22 para 172(1)). As to the statutory maximum see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 140; as to providing false information see **WATER AND WATERWAYS** vol 100 (2009) PARA 184; and as to offences by bodies corporate see **WATER AND WATERWAYS** vol 100 (2009) PARA 185.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/7. POLLUTION OF WATER/(3) REGISTERS AND INFORMATION/346. Exchange of information with respect to pollution incidents etc.

346. Exchange of information with respect to pollution incidents etc.

It is the duty of the Environment Agency¹ to provide a water undertaker² with all such information about the quality of any controlled waters³, or about any incident in which any poisonous, noxious or polluting matter or any waste matter has entered any controlled waters or any other waters, as is in its possession and is reasonably requested by the undertaker for purposes connected with the carrying out of its functions⁴. It is also the duty of the Agency to provide a licensed water⁵ supplier with all such information to which these provisions apply as is in the possession of the Agency and is reasonably requested by the supplier for purposes connected with the carrying on of activities under its licence⁶.

Correspondingly, it is the duty of every water undertaker to provide the Agency with all such information described above as is in the possession of the undertaker and is reasonably requested by the Agency for purposes connected with the carrying out of any of its functions⁷; and it is also the duty of every licensed water supplier to provide the Agency with all such information to which these provisions apply as is in the possession of the supplier and is reasonably requested by the Agency for purposes connected with the carrying out of any of its functions⁸.

Information so provided must be provided in such form and manner and at such time as the water undertaker, licensed water supplier or Agency may reasonably require⁹, and must be provided free of charge¹⁰.

The duties of a water undertaker and of a licensed water supplier under these provisions are enforceable¹¹ by the Secretary of State or, in relation to Wales, by the Welsh Ministers¹².

1 As to the Environment Agency see PARA 68 et seq; and as to its pollution control functions generally see PARA 75.

2 As to the meaning of 'water undertaker' see **WATER AND WATERWAYS** vol 100 (2009) PARA 137 note 4.

3 As to the meaning of 'controlled waters' see PARA 289 (definition applied by the Water Resources Act 1991 s 203(7)).

4 Water Resources Act 1991 s 203(1), (6) (s 203(1), (2), (4) amended by the Environment Act 1995 Sch 22 para 128; and the Water Resources Act 1991 s 203(6) amended by SI 2007/3538).

5 Any reference for these purposes to a licensed water supplier is a reference to a company holding a licence under the Water Industry Act 1991 Pt II Ch 1A (ss 17A-17R) (see **WATER AND WATERWAYS** vol 100 (2009) PARA 152 et seq): Water Resources Act 1991 s 203(8) (s 203(1A), (2A), (8) added, s 203(3) substituted, and s 203(4), (5) amended, by the Water Act 2003 Sch 8 para 53(1), (2)).

6 Water Resources Act 1991 s 203(1A) (as added: see note 5).

7 Water Resources Act 1991 s 203(2) (as amended: see note 4).

8 Water Resources Act 1991 s 203(2A) (as added: see note 5).

9 See the Water Resources Act 1991 s 203(3) (as substituted: see note 5).

10 See the Water Resources Act 1991 s 203(4) (as amended: see notes 4, 5).

11 ie under the Water Industry Act 1991 s 18: see **WATER AND WATERWAYS** vol 100 (2009) PARA 163.

12 See the Water Resources Act 1991 s 203(5) (as amended: see note 5). As to the Secretary of State see PARA 58. As to the transfer of functions of the Secretary of State, so far as exercisable in relation to Wales, to the Welsh Ministers see PARA 59.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(1) IN GENERAL/347. Scope of legislation.

8. SHIPPING AND POLLUTION

(1) IN GENERAL

347. Scope of legislation.

The statutory controls over the pollution of navigable waters by oil, dangerous, hazardous and noxious substances, deposits in the sea, garbage, sludge and dark smoke are now contained in the Prevention of Oil Pollution Act 1971¹, the Food and Environment Protection Act 1985², the Clean Air Act 1993³ and the Merchant Shipping Act 1995⁴ and subordinate legislation made thereunder.

1 See PARA 348 et seq.

2 See PARA 525 et seq.

3 See PARA 575.

4 See PARA 360 et seq; and see also PARA 4 note 1. As to European Union climate change legislation generally see the EUR-Lex website which was, at the date at which this volume states the law, www.eur-lex.europa.eu.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(2) PREVENTION OF OIL POLLUTION ACT 1971/(i) Discharge of Oil/348. Discharge of oil into United Kingdom waters.

(2)

(i) Discharge of Oil

348. Discharge of oil into United Kingdom waters.

If any oil¹ or mixture containing oil² is discharged³ into any part of the sea⁴ within the seaward limits of the territorial waters of the United Kingdom⁵ or into any other waters, including inland waters, which are within those limits and navigable by sea-going ships, the following are guilty of an offence:

- 518 (1) if the discharge is from a place on land⁶, the occupier of that place, unless he proves that the discharge was caused as mentioned in head (2) below;
- 519 (2) if the discharge is from a place on land and is caused by the act of a person who is in that place without the permission, express or implied, of the occupier⁷, that person;
- 520 (3) if the discharge takes place otherwise than as mentioned in heads (1) and (2) above and is the result of any operations for the exploration of the sea bed and subsoil or the exploitation of their natural resources, the person carrying on the operations⁸.

A person guilty of an offence under the above provisions is liable to a fine⁹.

1 For these purposes, 'oil' means oil of any description and includes spirit produced from oil of any description, and also includes coal tar: Prevention of Oil Pollution Act 1971 s 29(1).

2 For these purposes, any reference in any provision of the Prevention of Oil Pollution Act 1971 to a mixture containing oil is to be construed as a reference to any mixture of oil, or, as the case may be, of oil of a description referred to in that provision, with water or with any other substance: s 29(2). Section 29(2) is repealed by the Merchant Shipping (Registration, etc) Act 1993 s 8(4), Sch 5 Pt II, except in so far as it relates to the Prevention of Oil Pollution Act 1971 s 2(1) and s 3 (see PARA 349).

3 For these purposes, any reference, other than in the Prevention of Oil Pollution Act 1971 s 11 (see PARA 351), to the discharge of oil or a mixture containing oil, or to its being discharged from a vessel, place or thing, except where the reference is to its being discharged for a specified purpose, includes a reference to the escape of the oil or mixture, or, as the case may be, to its escaping, from that vessel, place or thing: s 29(3).

4 For these purposes, 'sea' includes any estuary or arm of the sea: Prevention of Oil Pollution Act 1971 s 29(1).

5 As to the extent of the territorial sea (or waters) of the United Kingdom see the Territorial Sea Act 1987 s 1; **INTERNATIONAL RELATIONS LAW** vol 61 (2010) PARA 124; and **WATER AND WATERWAYS** vol 100 (2009) PARA 31.

6 For these purposes, 'place on land' includes anything resting on the bed or shore of the sea, or of any other waters to which the Prevention of Pollution Act 1971 s 2 applies, and also includes anything afloat, other than a vessel, if it is anchored or attached to the bed or shore of the sea or of any other such waters: ss 2(3), 29(1).

7 For these purposes, 'occupier', in relation to a place on land, if it has no occupier, means the owner of it, and, in relation to a railway wagon or road vehicle, means the person in charge of the wagon or vehicle and not the occupier of the land on which the wagon or vehicle stands: Prevention of Oil Pollution Act 1971 s 2(3).

8 Prevention of Oil Pollution Act 1971 s 2(1)(c)-(e), (2). The provisions of s 2(1)(c)-(e) and s 3(1) (see PARA 349) do not apply to any discharge which is made under an authorisation granted under the Environmental Protection Act 1990 Pt I (ss 1-28) (prospectively repealed) (see PARA 159 et seq) or a permit granted under regulations under the Pollution Prevention and Control Act 1999 s 2 (see PARA 186): Prevention of Oil Pollution Act 1971 s 11A(1) (added by the Environment Act 1995 Sch 22 para 15(1), (2); and amended by the Pollution Prevention and Control Act 1999 Sch 2 para 1). As from a day to be appointed, the reference to 'an authorisation granted under the Environmental Protection Act 1990 Pt I (ss 1-28)' is removed: Prevention of Oil Pollution Act 1971 s 11A(1) (prospectively amended by the Pollution Prevention and Control Act 1999 Sch 3). At the date at which this volume states the law no such day had been appointed.

See further, in relation to the disapplication of the Prevention of Oil Pollution Act 1971 s 2 to discharges of oil which are regulated by a permit granted under the Offshore Petroleum Activities (Oil Pollution Prevention and Control) Regulations 2005, SI 2005/2055, reg 18(1).

As to the application of the Prevention of Oil Pollution Act 1971 to Northern Ireland see s 30 (amended by the Northern Ireland Constitution Act 1973 Sch 6; the Environmental Protection Act 1990 Sch 14 para 7; and the Merchant Shipping Act 1995 Sch 12).

9 Prevention of Oil Pollution Act 1971 s 2(4). Such a person is liable on conviction on indictment to a fine or on summary conviction to a fine not exceeding £50,000: see s 2(4). As to the defences available see PARAS 350, 351; and as to prosecutions see PARA 355.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(2) PREVENTION OF OIL POLLUTION ACT 1971/(i) Discharge of Oil/349. Discharge of certain oils from pipe-lines or as the result of exploration etc in designated areas.

349. Discharge of certain oils from pipe-lines or as the result of exploration etc in designated areas.

If:

- 521 (1) any crude oil¹, fuel oil or lubricating oil;
- 522 (2) heavy diesel oil²; or
- 523 (3) any oil produced directly or indirectly from crude oil; or
- 524 (4) any mixture containing such oil³,

is discharged⁴ into any part of the sea⁵ from a pipe-line, or, otherwise than from a ship, as the result of any operation for the exploration of the sea bed and subsoil or the exploitation of their natural resources in a designated area⁶, the owner of the pipe-line or, as the case may be, the person carrying on the operations is guilty of an offence unless the discharge was from a place in his occupation and he proves that it was due to the act of a person who was there without his permission, express or implied⁷.

A person guilty of such an offence is liable on conviction on indictment to a fine or on summary conviction to a fine not exceeding £50,000⁸. Proceedings for such an offence may, in England and Wales, be brought only with the consent of the Director of Public Prosecutions⁹; and any such proceedings may be taken and the offence may, for all incidental purposes, be treated as having been committed in any place in the United Kingdom¹⁰.

1 As to the meaning of 'oil' see PARA 348 note 1.

2 As defined by regulations made by the Secretary of State. As to the meaning of 'heavy diesel oil' see the Oil in Navigable Waters (Heavy Diesel Oil) Regulations 1967, SI 1967/710, reg 1.

3 As to the meaning of 'mixture containing oil' see PARA 348 note 2.

4 As to the meaning of 'discharge' see PARA 348 note 3.

5 As to the meaning of 'sea' see PARA 348 note 4.

6 For these purposes, 'designated area' means an area for the time being designated by an Order made under the Continental Shelf Act 1964 s 1 (see **FUEL AND ENERGY** vol 19(3) (2007 Reissue) PARA 1636); Prevention of Oil Pollution Act 1971 s 3(2).

7 Prevention of Oil Pollution Act 1971 ss 1(2), 3(1); Prevention of Oil Pollution Act 1971 (Application of section 1) Regulations 1984, SI 1984/1684, reg 2. The provisions of the Prevention of Oil Pollution Act 1971 s 2(1)(c)-(e) (see PARA 348) and s 3(1) do not apply to any discharge which is made under an authorisation granted under the Environmental Protection Act 1990 Pt I (ss 1-28) (prospectively repealed) (see PARA 159 et seq) or a permit granted under regulations under the Pollution Prevention and Control Act 1999 s 2 (see PARA 186); Prevention of Oil Pollution Act 1971 s 11A(1) (added by the Environment Act 1995 Sch 22 para 15(1), (2); and amended by the Pollution Prevention and Control Act 1999 Sch 2 para 1). As from a day to be appointed, the reference to 'an authorisation granted under the Environmental Protection Act 1990 Pt I (ss 1-28)' is removed: Prevention of Oil Pollution Act 1971 s 11A(1) (prospectively amended by the Pollution Prevention and Control Act 1999 Sch 3). At the date at which this volume states the law no such day had been appointed.

See further, in relation to the disapplication of the Prevention of Oil Pollution Act 1971 ss 1, 3 to discharges of oil which are regulated by a permit granted under the Offshore Petroleum Activities (Oil Pollution Prevention and Control) Regulations 2005, SI 2005/2055, reg 18(1).

8 Prevention of Oil Pollution Act 1971 s 3(3). Section 19(1)-(6) (see PARA 355) does not apply in relation to an offence under s 3: s 19(7). As to the defences available see PARAS 350, 351. Where a body corporate is guilty of an offence under s 3, and the offence is proved to have been committed with the consent or connivance of, or to be attributable to any neglect on the part of, any director, manager, secretary or other similar officer of the body corporate or any person who was purporting to act in any such capacity, he, as well as the body corporate, is guilty of an offence and is liable to be proceeded against and punished accordingly: s 19(8). For these purposes, 'director', in relation to a body corporate established for the purpose of carrying on under national ownership any industry or part of an industry or undertaking, being a body corporate whose affairs are managed by its members, means a member of that body corporate: s 19(8).

9 Prevention of Oil Pollution Act 1971 s 19(7)(a).

10 Prevention of Oil Pollution Act 1971 s 19(7).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(2) PREVENTION OF OIL POLLUTION ACT 1971/(i) Discharge of Oil/350. Defence of owner or master charged with offences.

350. Defence of owner or master charged with offences.

Where a person is charged as the owner or master of a vessel with an offence in respect of the discharge of oil or a mixture containing oil into United Kingdom waters¹, it is a defence to prove that the oil or mixture was discharged for the purpose of securing the safety of any vessel, or of preventing damage to any vessel or cargo, or of saving life, unless the court is satisfied that the discharge of the oil or mixture was not necessary for that purpose or was not a reasonable step to take in the circumstances².

Where a person is so charged with an offence, it is also a defence to prove:

- 525 (1) that the oil or mixture escaped in consequence of damage to the vessel, and that as soon as practicable after the damage occurred all reasonable steps were taken for preventing, or, if it could not be prevented, for stopping or reducing, the escape of the oil or mixture; or
- 526 (2) that the oil or mixture escaped by reason of leakage, that neither the leakage nor any delay in discovering it was due to any want of reasonable care, and that as soon as practicable after the escape was discovered all reasonable steps were taken for stopping or reducing it³.

¹ ie an offence under the Prevention of Oil Pollution Act 1971 s 2: see PARA 348. As to the meaning of 'oil' see PARA 348 note 1; and as to the meaning of 'mixture containing oil' see PARA 348 note 2.

² Prevention of Oil Pollution Act 1971 s 5(1). Section 5 is repealed by the Merchant Shipping Act 1995 Sch 12, except in so far as it relates to the Prevention of Oil Pollution Act 1971 s 2(1), (3) (see PARA 348).

³ Prevention of Oil Pollution Act 1971 s 5(2). See also note 2.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(2) PREVENTION OF OIL POLLUTION ACT 1971/(i) Discharge of Oil/351. Defences of other persons charged with offences.

351. Defences of other persons charged with offences.

Where a person is charged with an offence, in respect of the discharge of oil or mixture containing oil, into United Kingdom waters¹, or from a pipe-line or as a result of exploration in designated areas²:

- 527 (1) as the occupier³ of a place on land⁴; or
- 528 (2) as a person carrying on operations for the exploration of the sea bed and subsoil or the exploitation of their natural resources⁵; or
- 529 (3) as the owner of a pipe-line⁶,

it is a defence to prove that neither the escape nor any delay in discovering it was due to any want of reasonable care and that, as soon as practicable after it was discovered, all reasonable steps were taken for stopping or reducing it⁷.

Where a person is charged with an offence⁸ in respect of the discharge of a mixture containing oil from a place on land, it is also a defence to prove:

- 530 (a) that the oil was contained in an effluent produced by operations for the refining of oil;
- 531 (b) that it was not reasonably practicable to dispose of the effluent except by such discharge; and
- 532 (c) that all reasonably practicable steps had been taken for eliminating oil from the effluent⁹;

but, if it is proved that, at the time to which the charge relates, the surface of the waters into which the mixture was discharged from the place on land, or land adjacent to those waters, was fouled by oil, that defence¹⁰ does not apply unless the court is satisfied that the fouling was not caused, or contributed to, by oil contained in any effluent discharged at or before that time from that place¹¹.

1 Is an offence under the Prevention of Oil Pollution Act 1971 s 2: see PARA 348. As to the meaning of 'oil' see PARA 348 note 1; and as to the meaning of 'mixture containing oil' see PARA 348 note 2.

2 Is an offence under the Prevention of Pollution Act 1971 s 3: see PARA 349.

3 As to the meaning of 'occupier' see PARA 348 note 7.

4 Prevention of Oil Pollution Act 1971 s 6(1)(a). As to the meaning of 'place on land' see PARA 348 note 6. Section 6(1)(a) is repealed by the Merchant Shipping Act 1995 Sch 12, except in so far as it relates to the Prevention of Pollution Act 1971 s 2(1), (3) (see PARA 348).

See further, in relation to the disapplication of s 6 to discharges of oil which are regulated by a permit granted under the Offshore Petroleum Activities (Oil Pollution Prevention and Control) Regulations 2005, SI 2005/2055, reg 18(1).

5 Prevention of Pollution Act 1971 s 6(1)(b).

6 Prevention of Pollution Act 1971 s 6(1)(c).

- 7 Prevention of Pollution Act 1971 s 6(1).
- 8 Is an offence under the Prevention of Pollution Act 1971 s 2.
- 9 Prevention of Pollution Act 1971 s 6(2).
- 10 Is the defence afforded by the Prevention of Pollution Act 1971 s 6(2).
- 11 Prevention of Pollution Act 1971 s 6(3).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(2) PREVENTION OF OIL POLLUTION ACT 1971/(i) Discharge of Oil/352. Protection of acts done in exercise of certain powers of harbour authorities etc.

352. Protection of acts done in exercise of certain powers of harbour authorities etc.

Where any oil¹, or mixture containing oil², is discharged in consequence of:

- 533 (1) the exercise of any of the statutory powers of harbour, conservancy and lighthouse authorities³ to remove wrecks; or
- 534 (2) the exercise, for the purpose of preventing an obstruction or danger to navigation, of any power to dispose of sunk, stranded or abandoned vessels which is exercisable by a harbour authority under any local enactment⁴,

and the authority exercising the power, or a person employed by or acting on behalf of that authority, would otherwise be guilty of an offence in respect of that discharge⁵, the authority or person must not be convicted of that offence unless it is shown that it or he failed to take such steps, if any, as were reasonable in the circumstances for preventing, stopping or reducing the discharge⁶.

1 As to the meaning of 'oil' see PARA 348 note 1.

2 As to the meaning of 'mixture containing oil' see PARA 348 note 2.

3 I.e. the power conferred by the Merchant Shipping Act 1894 ss 530-532 (repealed); see now the Merchant Shipping Act 1995 ss 252, 253 and **SHIPPING AND MARITIME LAW** vol 94 (2008) PARAS 1008, 1009.

4 For these purposes, 'local enactment' means a local or private Act, or an order confirmed by Parliament or brought into operation in accordance with special parliamentary procedure: Prevention of Oil Pollution Act 1971 s 29(1).

5 I.e. an offence under the Prevention of Oil Pollution Act 1971 s 2: see PARA 348.

6 Prevention of Oil Pollution Act 1971 s 7(1). Section 7(1) also applies to the exercise of any power conferred by the Dockyard Ports Regulation Act 1865 s 13 (see **PORTS AND HARBOURS** vol 36(1) (2007 Reissue) PARA 693); see the Prevention of Oil Pollution Act 1971 s 7(2). Section 7 is repealed by the Merchant Shipping Act 1995 Sch 12, except in so far as it relates to the Prevention of Oil Pollution Act 1971 s 2(1), (3) (see PARA 348).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(2) PREVENTION OF OIL POLLUTION ACT 1971/(i) Discharge of Oil/353. Duty to report discharge of oil into waters of harbours.

353. Duty to report discharge of oil into waters of harbours.

If any oil¹ or mixture containing oil² is found to be escaping or to have escaped into the waters of a harbour in the United Kingdom from a place on land³, the occupier⁴ of the place on land must forthwith report the occurrence to the harbour master⁵, or, if the harbour has no harbour master, to the harbour authority⁶.

If a person fails to make such a report, he is liable to a fine⁷.

1 As to the meaning of 'oil' see PARA 348 note 1.

2 As to the meaning of 'mixture containing oil' see PARA 348 note 2.

3 As to the meaning of 'place on land' see PARA 348 note 6.

4 As to the meaning of 'occupier' see PARA 348 note 7.

5 For these purposes, 'harbour master' includes a dock master or pier master, and any person specially appointed by a harbour authority for the purpose of enforcing the provisions of the Prevention of Oil Pollution Act 1971 in relation to the harbour: s 29(1).

6 Prevention of Oil Pollution Act 1971 s 11(1) (amended by the Merchant Shipping Act 1995 Sch 12). The provisions of the Prevention of Oil Pollution Act 1971 s 11(1) do not apply to any escape which is authorised by an authorisation granted under the Environmental Protection Act 1990 Pt I (ss 1-28) (prospectively repealed) (see PARA 159 et seq) or a permit granted under regulations under the Pollution Prevention and Control Act 1999 s 2 (see PARA 186): Prevention of Oil Pollution Act 1971 s 11A(1) (added by the Environment Act 1995 Sch 22 para 15(1), (2); and amended by the Pollution Prevention and Control Act 1999 Sch 2 para 1). As from a day to be appointed, the reference to 'an authorisation granted under the Environmental Protection Act 1990 Pt I (ss 1-28)' is removed: Prevention of Oil Pollution Act 1971 s 11A(1) (prospectively amended by the Pollution Prevention and Control Act 1999 Sch 3). At the date at which this volume states the law no such day had been appointed.

7 Prevention of Oil Pollution Act 1971 s 11(3) (amended by the Merchant Shipping Act 1979 Sch 6 Pt IV; and the Criminal Justice Act 1982 s 46(1), (4)). Such a person is liable on summary conviction to a fine not exceeding level 5 on the standard scale: see the Prevention of Oil Pollution Act 1971 s 11(3) (as so amended). As to the standard scale see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 142.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(2) PREVENTION OF OIL POLLUTION ACT 1971/(ii) Enforcement/354. Powers of inspection.

(ii) Enforcement

354. Powers of inspection.

The Secretary of State¹ may appoint any person as an inspector to report to him:

- 535 (1) whether the prohibitions, restrictions and obligations imposed by virtue of the Prevention of Oil Pollution Act 1971, including prohibitions so imposed by the creation of offences under any provision of that Act², have been complied with;
- 536 (2) what measures, other than measures made obligatory by regulations³, have been taken to prevent the escape of oil⁴ and mixtures containing oil⁵;
- 537 (3) whether the oil reception facilities provided in harbours are adequate;

and any such inspector may be so appointed to report either in a particular case or in a class of cases specified in his appointment⁶.

Without prejudice to any powers exercisable by virtue of the above provisions, in the case of a vessel which is for the time being in a harbour in the United Kingdom⁷ the harbour master⁸, and any other person appointed by the Secretary of State under this provision, either generally or in relation to a particular vessel, has power:

- 538 (a) to go on board and inspect the vessel or any part of it, or any of the machinery, boats, equipment or articles on board the vessel, for the purpose of ascertaining the circumstances relating to an alleged discharge⁹ of oil or a mixture containing oil from the vessel into the waters of the harbour;
- 539 (b) to require the production of any oil record book required to be carried or records required to be kept¹⁰; and
- 540 (c) to copy any entry in any such book or record and require the master to certify the copy as a true copy of the entry¹¹.

A person exercising the powers conferred by heads (a) to (c) above must not unnecessarily detain or delay the vessel from proceeding on any voyage¹².

If any person fails to comply with any requirement duly made in pursuance of head (b) or (c) above, he is liable to a fine¹³; and, if any person intentionally obstructs a person acting in the exercise of any of the above powers, and the offence is not otherwise punishable¹⁴, he is also liable to a fine¹⁵.

1 As to the Secretary of State see PARA 58.

2 Ie including prohibitions so imposed by the creation of offences under any provision of the Prevention of Oil Pollution Act 1971 other than s 3 (see PARA 349).

3 Ie regulations made under the Prevention of Oil Pollution Act 1971 s 4 (repealed).

4 As to the meaning of 'oil' see PARA 348 note 1.

5 As to the meaning of 'mixture containing oil' see PARA 348 note 2.

6 Prevention of Oil Pollution Act 1971 s 18(1). The Merchant Shipping Act 1979 ss 27, 28(1), (3), (4) (repealed: see now the Merchant Shipping Act 1995 ss 259, 260; and **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 49) (powers of inspectors) apply, with appropriate modifications, to persons appointed or taken to be appointed under the Prevention of Oil Pollution Act 1971 s 18(1): see s 18(3) (amended by the Merchant Shipping Act 1979 s 28(7)(c)). Every surveyor of ships is to be taken to be a person appointed generally under the Prevention of Oil Pollution Act 1971 s 18(1) to report to the Secretary of State in every kind of case falling within s 18(1): s 18(2). Any power of an inspector under the Merchant Shipping Act 1979 s 27 (repealed: see above) (as so applied) to require the production of any oil record book required to be carried or records required to be kept in pursuance of regulations made under the Prevention of Oil Pollution Act 1971 s 17 (repealed) includes power to copy any entry in it and require the master to certify the copy as a true copy of the entry: s 18(5) (amended by the Merchant Shipping Act 1979 s 28(7)(c)(ii)).

The Prevention of Oil Pollution Act 1971 s 18 is repealed by the Merchant Shipping (Registration, etc) Act 1993 s 8(4), Sch 5 Pt II, except in so far as it relates to the Prevention of Oil Pollution Act 1971 s 2(1) (see PARA 348) and s 3 (see PARA 349).

As to the assimilation of powers of inspection see the Merchant Shipping (Registration, etc) Act 1993 s 8(3), Sch 4 para 17 (repealed).

7 As to the meaning of 'United Kingdom' see PARA 1 note 2.

8 As to the meaning of 'harbour master' see PARA 353 note 5.

9 As to the meaning of 'discharge' see PARA 348 note 3.

10 Ie in pursuance of regulations made under the Prevention of Oil Pollution Act 1971 s 17 (repealed).

11 Prevention of Oil Pollution Act 1971 s 18(6). See also note 6.

12 Prevention of Oil Pollution Act 1971 s 18(7). See also note 6.

13 Ie such a person is liable on summary conviction to a fine not exceeding level 3 on the standard scale: see the Prevention of Oil Pollution Act 1971 s 18(8); and note 15. As to the standard scale see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 142.

14 Ie by virtue of the Merchant Shipping Act 1979 s 28(1) (repealed).

15 Prevention of Oil Pollution Act 1971 s 18(8) (amended by the Merchant Shipping Act 1979 s 28(7)(c)(iii), Sch 6 Pts II, III; the Criminal Justice Act 1982 s 46(1), (4); and the Merchant Shipping (Registration, etc) Act 1993 Sch 4 para 74(a)). Such a person is liable on summary conviction to a fine not exceeding level 4 on the standard scale: see the Prevention of Oil Pollution Act 1971 s 18(8) (as so amended). See also notes 6, 13.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(2) PREVENTION OF OIL POLLUTION ACT 1971/(ii) Enforcement/355. Prosecutions.

355. Prosecutions.

Proceedings for an offence under the Prevention of Oil Pollution Act 1971¹ may, in England or Wales, be brought only:

- 541 (1) by or with the consent of the Attorney General; or
- 542 (2) if the offence is:

86

- 1. (a) any offence² which is alleged to have been committed by the discharge of oil³, or a mixture containing oil⁴, into the waters of a harbour in the United Kingdom;
- 2. (b) any offence⁵ in respect of a failure to comply with a requirement of or obstruction of, a harbour master⁶,

87

- 543 by the harbour authority; or

- 544 (3) unless the offence is one mentioned in head (2)(a) or (2)(b) above, by the Secretary of State or a person authorised by any general or special direction of the Secretary of State⁷.

Where, immediately before the date on which the time for bringing summary proceedings for an offence under the 1971 Act would otherwise expire, the person to be charged is outside the United Kingdom, the time for bringing the proceedings must be extended until the end of the period of two months beginning with the date on which he next enters the United Kingdom⁸.

Proceedings for any offence under the 1971 Act may, without prejudice to any jurisdiction otherwise exercisable, be taken against a person at any place at which he is for the time being⁹.

The above provisions do not apply in relation to an offence under the provision¹⁰ relating to the discharge of certain oils from pipe-lines or discharge as the result of exploration in designated areas¹¹.

1 Subject to the Interpretation Act 1978 s 18 (offence under two or more laws), nothing in the Prevention of Oil Pollution Act 1971 affects any restriction imposed by or under any other enactment, whether contained in a public general Act or in a local or private Act, or derogates from any right of action or other remedy, whether civil or criminal, in proceedings instituted otherwise than under the 1971 Act: s 32; Interpretation Act 1978 s 17(2)(b).

2 Ie any offence under the Prevention of Oil Pollution Act 1971 s 2: see PARA 348.

3 As to the meaning of 'oil' see PARA 348 note 1.

4 As to the meaning of 'mixture containing oil' see PARA 348 note 2.

5 Ie any offence under the Prevention of Oil Pollution Act 1971 s 18: see PARA 354.

6 As to the meaning of 'harbour master' see PARA 353 note 5.

7 Prevention of Oil Pollution Act 1971 s 19(1), (2)(a), (d). If a local fisheries committee constituted by an order made, or having effect as if made, under the Sea Fisheries Regulation Act 1966 s 1 (see **AGRICULTURE AND**

FISHERIES vol 1(2) (2007 Reissue) PARA 964) or any of its officers is authorised in that behalf under the Prevention of Oil Pollution Act 1971 s 19(1), the committee may institute proceedings for any offence under the Prevention of Oil Pollution Act 1971 committed within the district of the committee: s 19(6). See also **AGRICULTURE AND FISHERIES** vol 1(2) (2007 Reissue) PARA 964. Section s 19(6) is repealed by the Marine and Coastal Access Act 2009 Sch 22 Pt 4 as from a day to be appointed under s 324. Also as from a day to be appointed, a new provision is added providing that if certain authorities under s 149 or s 165 are authorised under the Prevention of Oil Pollution Act 1971 s 19(1) proceedings may be instituted for an offence under the 1971 Act committed within the relevant district: s 19(5A) (prospectively added by the Marine and Coastal Access Act 2009 Sch 14 para 8). At the date at which this volume states the law no such day or days had been appointed although the addition of the Prevention of Oil Pollution Act 1971 s 19(5A) was in force from 12 November 2009 but only so far as it confers power to make regulations or an order.

The Prevention of Oil Pollution Act 1971 s 19(1), (2) applies, with modifications, to any part of a dockyard port within the meaning of the Dockyard Ports Regulation Act 1865 (see **PORTS AND HARBOURS** vol 36(1) (2007 Reissue) PARA 613): see the Prevention of Oil Pollution Act 1971 s 19(3).

8 Prevention of Oil Pollution Act 1971 s 19(4). The Merchant Shipping Act 1894 s 683 (repealed: see now the Merchant Shipping Act 1995 s 274(1); and **SHIPPING AND MARITIME LAW** vol 94 (2008) PARA 1100) now applies in relation to offences under the Prevention of Oil Pollution Act 1971 instead of s 19(4): see the Merchant Shipping (Registration, etc) Act 1993 s 8(3), Sch 4 para 59 (repealed).

9 Prevention of Oil Pollution Act 1971 s 19(5). The Merchant Shipping Act 1894 s 684 (repealed: see now the Merchant Shipping Act 1995 s 279; and **SHIPPING AND MARITIME LAW** vol 94 (2008) PARA 1103) now applies in relation to offences under the Prevention of Oil Pollution Act 1971 instead of s 19(5): see the Merchant Shipping (Registration, etc) Act 1993 s 8(3), Sch 4 para 60 (repealed).

10 Is an offence under the Prevention of Oil Pollution Act 1971 s 3: see PARA 349.

11 See the Prevention of Oil Pollution Act 1971 s 19(7) and PARA 349.

UPDATE

355 Prosecutions

NOTE 7--Repeal of Prevention of Oil Pollution Act 1971 s 19(6) in force in relation to Wales on 1 April 2010: SI 2010/630.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(2) PREVENTION OF OIL POLLUTION ACT 1971/(iii) Supplementary Provisions/356. Secretary of State's power to grant exemptions.

(iii) Supplementary Provisions

356. Secretary of State's power to grant exemptions.

The Secretary of State¹ may exempt any discharge of, or of a mixture containing, oil² from any of the provisions of the Prevention of Oil Pollution Act 1971 or of any regulations made under it, either absolutely or subject to such conditions as he thinks fit³.

1 As to the Secretary of State see PARA 58.

2 As to the meaning of 'oil' see PARA 348 note 1; and as to the meaning of 'mixture containing oil' see PARA 348 note 2.

3 Prevention of Oil Pollution Act 1971 s 23 (substituted by the Petroleum Act 1998 Sch 4 para 4).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(2) PREVENTION OF OIL POLLUTION ACT 1971/(iii) Supplementary Provisions/357. Annual report.

357. Annual report.

As soon as possible after the end of each calendar year, the Secretary of State¹ must make a report on the exercise and performance of his functions under the Prevention of Oil Pollution Act 1971 during that year, which must include such observations as he may think fit to make on the operation during that year of that Act and of any Convention accepted by Her Majesty's government in the United Kingdom², in so far as it relates to the prevention of pollution of the sea³ by oil⁴; and the Secretary of State must lay a copy of every such report before each House of Parliament⁵.

- 1 As to the Secretary of State see PARA 58.
- 2 As to the meaning of 'United Kingdom' see PARA 1 note 2.
- 3 As to the meaning of 'sea' see PARA 348 note 4.
- 4 As to the meaning of 'oil' see PARA 348 note 1.
- 5 Prevention of Oil Pollution Act 1971 s 26.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(2) PREVENTION OF OIL POLLUTION ACT 1971/(iii) Supplementary Provisions/358. Orders in Council, regulations and orders.

358. Orders in Council, regulations and orders.

Any power to make regulations or an order under the Prevention of Oil Pollution Act 1971 is exercisable by statutory instrument¹.

Any Order in Council, or other order, made under any provision of that Act may be varied or revoked by a subsequent Order in Council or order made under it².

1 Prevention of Oil Pollution Act 1971 s 27(1). Any statutory instrument made by virtue of the Prevention of Oil Pollution Act 1971, other than an Order in Council under s 25 (repealed), is subject to annulment in pursuance of a resolution of either House of Parliament: s 27(2).

2 Prevention of Oil Pollution Act 1971 s 27(3).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(2) PREVENTION OF OIL POLLUTION ACT 1971/(iii) Supplementary Provisions/359. Financial provisions.

359. Financial provisions.

There must be defrayed out of money provided by Parliament any administrative expenses of the Secretary of State¹ under the Prevention of Oil Pollution Act 1971².

Any fees received by the Secretary of State under that Act must be paid into the Consolidated Fund³.

1 As to the Secretary of State see PARA 58.

2 Prevention of Oil Pollution Act 1971 s 28(1).

3 Prevention of Oil Pollution Act 1971 s 28(2). As to the Consolidated Fund see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 711 et seq.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(i) In general/360. Prevention of pollution from ships etc.

(3)

(i) In general

360. Prevention of pollution from ships etc.

Her Majesty may by Order in Council make such provision as She considers appropriate for the purpose of giving effect to any provision of any of the following which have been ratified by the United Kingdom¹:

- 545 (1) the International Convention for the Prevention of Pollution from Ships² including its protocols, annexes and appendices;
- 546 (2) the Protocol relating to Intervention on the High Seas in Cases of Marine Pollution by Substances other than Oil³;
- 547 (3) the Protocol relating to that Convention⁴;
- 548 (4) the International Convention on Oil Pollution Preparedness, Response and Co-operation 1990, including the Final Act of the Conference and the attached resolutions⁵;
- 549 (5) the Protocol to amend the Convention for the Prevention of Pollution from Ships⁶;
- 550 (6) any international agreement not mentioned in heads (1) to (5) above which relates to the prevention, reduction or control of pollution of the sea or other waters by matter from ships;

and in head (5) above the reference to an agreement includes an agreement which provides for the modification of another agreement, including the modification of an agreement mentioned in heads (1) to (3) above⁷.

The powers conferred by the above provisions to make provision for the purpose of giving effect to an agreement include power to provide for the provision to come into force although the agreement has not come into force⁸.

Such an Order may⁹ in particular include provision:

- 551 (a) for applying for the purpose mentioned in the above provisions¹⁰ any enactment or instrument relating to the pollution of the sea or other waters and also any of certain other specified provisions of the Merchant Shipping Act 1995¹¹;
- 552 (b) with respect to the carrying out of surveys and inspections for that purpose and the issue, duration and recognition of certificates for that purpose;
- 553 (c) for repealing the provisions of any enactment or instrument so far as it appears to Her Majesty that those provisions are not required having regard to any provision made or proposed to be made by virtue of these provisions;
- 554 (d) with respect to the application of the Order to the Crown and the extra-territorial operation of any provision made by or under the Order;
- 555 (e) for the extension of any provisions of the Order, with or without modifications, to any relevant British possession¹²;

- 556 (f) that a contravention¹³ of a provision made by or under the Order be an offence punishable on conviction on indictment by imprisonment for a term not exceeding two years and a fine and on summary conviction by a fine not exceeding the statutory maximum;
- 557 (g) that any such contravention be an offence punishable only on summary conviction by a maximum fine of an amount not exceeding level 5 on the standard scale or such less amount as is prescribed by the Order;
- 558 (h) in connection with offences created by or under the Order, corresponding to any provision made in connection with the statutory provisions relating to the discharge of oil from ships in certain United Kingdom waters¹⁴, subject to such modifications as may be specified by or under the Order, or otherwise;
- 559 (i) for detaining any ship¹⁵ in respect of which such a contravention is suspected to have occurred and, in relation to such a ship, for applying the statutory provisions relating to the detention of ships with such modifications, if any, as are prescribed by the Order;

and nothing in any of heads (a) to (i) above is to be construed as prejudicing the generality of any other of those provisions and in particular neither head (f) nor head (g) above prejudices head (a) above¹⁶.

Such an order made in pursuance of head (4) above may include provision imposing on local authorities responsibilities in relation to the preparation, review and implementation of any plans required by the agreement mentioned in that head¹⁷.

Such an Order may:

- 560 (i) make different provision for different circumstances;
- 561 (ii) make provision in terms of any document which the Secretary of State or any person considers relevant from time to time;
- 562 (iii) provide for exemptions from any provisions of the Order;
- 563 (iv) provide for the delegation of functions exercisable by virtue of the Order;
- 564 (v) include such incidental, supplemental and transitional provisions as appear to Her Majesty to be expedient for the purposes of the Order;
- 565 (vi) authorise the making of regulations and other instruments for any of these purposes, except the purposes of heads (a) and (c) above; and
- 566 (vii) provide that any enactment or instrument applied by the Order have effect as so applied subject to such modifications as may be specified in the Order¹⁸.

Where such an Order in Council authorises the making of regulations for the purpose of giving effect to an agreement mentioned in heads (1) to (5) above or falling within head (6) above, the Order also authorises the making of regulations for the purpose of giving effect to an agreement which provides for the modification of such an agreement¹⁹.

A draft of an Order in Council proposed to be so made must not be submitted to Her Majesty in Council unless:

- 567 (A) the draft has been approved by a resolution of each House of Parliament;
- 568 (B) the Order is to contain a statement that it is made only for any of the specified purposes²⁰; or
- 569 (C) the Order extends only to a possession mentioned in head (e) above²¹.

1 As to the meaning of 'United Kingdom' see PARA 1 note 2.

2 le the International Convention for the Prevention of Pollution from Ships 1973 (London, 8 October to 2 November 1973; Misc 26 (1974); Cmnd 5748) which constitutes attachment 1 to the final act of the International Conference on Marine Pollution signed in London on 2 November 1973.

3 le the Protocol relating to Intervention on the High Seas in Cases of Marine Pollution by Substances other than Oil which constitutes attachment 2 to the final act of the International Conference on Marine Pollution signed in London on 2 November 1973.

4 le the Protocol (London, 1 June 1978 to 31 May 1979; Misc 27 (1978); Cmnd 7347) which constitutes attachment 2 to the final act of the International Conference on Tanker Safety and Pollution Prevention signed in London on 17 February 1978.

5 le the International Convention on Oil Pollution Preparedness, Response and Co-operation 1990 signed in London on 30 November 1990. The Merchant Shipping (Oil Pollution Preparedness, Response and Co-operation Convention) Order 1997, SI 1997/2567, empowers the Secretary of State to make regulations for the purpose of giving effect to the Convention. As to such regulations see the Merchant Shipping (Oil Pollution Preparedness, Response and Co-operation Convention) Regulations 1998, SI 1998/1056 (amended by SI 2001/1639; and SI 2007/3224). As to the Secretary of State see PARA 58.

6 le the Protocol to amend the Convention for the Prevention of Pollution from Ships (see PARA 367 note 6), signed in London on 26 September 1997, which added the Convention Annex VI containing regulations for the prevention of air pollution from ships. The Merchant Shipping (Prevention of Air Pollution from Ships) Order 2006, SI 2006/1248, enables regulations to be made to give effect to the Convention Annex VI. As to such regulations see the Merchant Shipping (Prevention of Air Pollution from Ships) Regulations 2008, SI 2008/2924; and PARA 361.

7 Merchant Shipping Act 1995 s 128(1) (amended by the Merchant Shipping (Pollution) Act 2006 s 2). An Order in Council in pursuance of the Merchant Shipping Act 1995 s 128(1)(b) or (e) (see heads (1), (6) in the text) may apply to areas of land or sea or other United Kingdom waters notwithstanding that the agreement in question does not relate to those areas: s 128(7). Section 306(3) (see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 41) does not apply to a statutory instrument containing an Order in Council under s 128: s 306(3). As to the meaning of 'United Kingdom waters' see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 48 note 10.

Section 128(1)(e) (see head (6) in the text) applies to drilling rigs and other platforms which are used, navigated or situated wholly or partly in or on water, as it applies in relation to ships: Merchant Shipping (Prevention of Pollution) (Drilling Rigs and Other Platforms) Order 2005, SI 2005/74. Under head (6) in the text, the Merchant Shipping (Control of Pollution) (SOLAS) Order 1998, SI 1998/1500, empowers the Secretary of State to make regulations for the purpose of giving effect to the International Convention for the Safety of Life at Sea 1974, its Protocol, and amendments in force on 1 July 1998.

At the date at which this volume states the law by virtue of the Interpretation Act 1978 s 17(2)(b), the following orders have effect as if made under the Merchant Shipping Act 1995 s 128: the Merchant Shipping (Prevention of Pollution) (Intervention) (Overseas Territories) Order 1982, SI 1982/1666; the Merchant Shipping (Prevention of Oil Pollution) Order 1983, SI 1983/1106 (amended by SI 1984/1153; SI 1985/2002; SI 1988/788; SI 1989/1350; SI 1991/2885; and SI 1993/1580); the Prevention of Pollution (Reception Facilities) Order 1984, SI 1984/862 (revoked) (see now the Merchant Shipping and Fishing Vessels (Port Waste Reception Facilities) Regulations 2003, SI 2003/1809); the Merchant Shipping (Prevention and Control of Pollution) Order 1987, SI 1987/470 (amended by SI 1987/664; SI 1990/2595; SI 1992/2668; SI 1997/2568; and SI 1998/245); and the Merchant Shipping (Prevention and Control of Pollution) Order 1990, SI 1990/2595 (amended by SI 1992/2668).

Other subordinate legislation under the Merchant Shipping Act 1995 s 128 includes: the Merchant Shipping (Oil Pollution Preparedness, Response and Cooperation Convention) Order 1997, SI 1997/2567 (made under the Merchant Shipping Act 1995 s 128(1)(d), (3), (4)) (see note 5); the Merchant Shipping (Control of Pollution) (SOLAS) Order 1998, SI 1998/1500 (made under the Merchant Shipping Act 1995 s 128(1)(e), (3), (4), (7)) (see above); the Merchant Shipping (Revocation) (Bermuda) Order 2002, SI 2002/3147 (made under the Merchant Shipping Act 1995 s 128(1)); the Merchant Shipping (Prevention of Air Pollution from Ships) Order 2006, SI 2006/1248 (made under the Merchant Shipping Act 1995 s 128(da), (3), (4)) (see note 6); the Merchant Shipping (Prevention of Pollution by Sewage and Garbage) Order 2006, SI 2006/2950 (made under the Merchant Shipping Act 1995 s 128(1)(a), (3), (4)); the Merchant Shipping (Prevention of Air Pollution from Ships) Regulations 2008, SI 2008/2924 (made under the Merchant Shipping Act 1995 s 128(5), (6)) (see note 6); and the Merchant Shipping (Prevention of Pollution by Sewage and Garbage from Ships) Regulations 2008, SI 2008/3257 (made under the Merchant Shipping Act 1995 s 128(5), (6)) (see PARA 572).

In addition:

- 2 (1) the Merchant Shipping (Dangerous or Noxious Liquid Substances in Bulk) Regulations 1996, SI 1996/3010 (see PARA 404 et seq) were made under the Merchant Shipping (Prevention and Control of Pollution) Order 1987, SI 1987/470 (see above);

- 3 (2) the Merchant Shipping (Port State Control) Regulations 1995, SI 1995/3128 (see **SHIPPING AND MARITIME LAW** vol 94 (2008) PARA 689 et seq) were made under the Merchant Shipping (Prevention of Oil Pollution) Order 1983, SI 1983/1106 (see above) and the Merchant Shipping (Prevention and Control of Pollution) Order 1987, SI 1987/470 (see above); and
- 4 (3) the Merchant Shipping (Delegation of Type Approval) Regulations 1996, SI 1996/147 (see **SHIPPING AND MARITIME LAW** vol 94 (2008) PARA 593) and the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154 (see PARA 365 et seq) were both made under the Merchant Shipping (Prevention of Oil Pollution) Order 1983, SI 1983/1106 (see above).

As to the powers of inspectors appointed under the Merchant Shipping Act 1995 s 256(6) (see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 46) to serve improvement notices or prohibition notices where s 128 and the provisions of any instrument of a legislative character having effect thereunder are being contravened, or where activities to which s 128 applies are carried on so as to involve serious personal injury or serious pollution, see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 50 et seq.

Where, immediately before the commencement of the Merchant Shipping and Maritime Security Act 1997 s 7, there is in force any Order in Council made under the Merchant Shipping Act 1995 s 128(1) that confers power by any instrument made under the Order (a) to apply s 131(3) (see PARA 425); or (b) to make provision corresponding to that made in connection with offences under s 131 by s 144(4) (see PARA 435), the power conferred by the Order in Council is to be construed as a power to apply s 131(3) as amended by the Merchant Shipping and Maritime Security Act 1997 s 7(1) or, as the case may be, to make provision corresponding to that made by the Merchant Shipping Act 1995 s 144(4) as amended by the Merchant Shipping and Maritime Security Act 1997 s 7(3): s 7(6), (7).

8 Merchant Shipping Act 1995 s 128(2).

9 Ie without prejudice to the generality of the Merchant Shipping Act 1995 s 128(1).

10 Ie the Merchant Shipping Act 1995 s 128(1).

12 As to the meaning of 'relevant British possession' see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 17 note 3.

13 As to the meaning of 'contravention' see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 50 note 3.

14 Ie corresponding to that made in connection with offences under the Merchant Shipping Act 1995 s 131 (see PARA 425) by s 143(6) (see PARA 433), s 144 (see PARA 434) and s 146 (see PARA 435), whether by applying, or making provision for the application of, any of those provisions.

15 As to the meaning of 'ship' see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 229.

16 Merchant Shipping Act 1995 s 128(3) (amended by the Merchant Shipping and Maritime Security Act 1997 Sch 6 para 3(1), (2)). As to the statutory maximum see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 140. As to the standard scale see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 142.

17 Merchant Shipping Act 1995 s 128(3A) (added by the Merchant Shipping and Maritime Security Act 1997 s 12).

18 Merchant Shipping Act 1995 s 128(4) (amended by the Merchant Shipping and Maritime Security Act 1997 Sch 6 para 3(1), (3), Sch 7 Pt I). Regulations made by virtue of the Merchant Shipping Act 1995 s 128(4)(f) (see head (vi) in the text) may make provision corresponding to the provisions authorised for an Order by s 128(4)(a)-(e) (see heads (i)-(v) in the text): s 128(6).

19 Merchant Shipping Act 1995 s 128(5) (amended by the Merchant Shipping (Pollution) Act 2006 s 2(1), (3)). The Merchant Shipping Act 1995 s 128(5) applies in relation to Orders in Council and international agreements whenever made: see s 128(5).

20 The purposes so specified are: (1) giving effect to an agreement mentioned in the Merchant Shipping Act 1995 s 128(1)(a)-(da) (see heads (1)-(5) in the text); (2) providing as authorised by s 128(2) (see the text and note 8) in relation to such an agreement and the purposes of s 128(5) (see the text and note 19); and a statutory instrument containing an Order which contains a statement that it is made only for any of those purposes is subject to annulment in pursuance of a resolution of either House of Parliament: s 128(9) (amended by the Merchant Shipping (Pollution) Act 2006 s 2(1), (3)).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(i) In general/362. Further provision for prevention of pollution from ships.

362. Further provision for prevention of pollution from ships.

Her Majesty may by Order in Council make such provision as She considers appropriate for the purpose of giving effect to any provision of the United Nations Convention on the Law of the Sea 1982¹ for the protection and preservation of the marine environment from pollution by matter from ships².

Such an Order may³ in particular include provision:

- 570 (1) corresponding to any provision that is authorised for the purposes of the provisions relating to Her Majesty's power to make an Order in Council relating to the prevention of pollution from ships etc⁴; and
- 571 (2) specifying areas of sea above any of the areas for the time being designated under the Continental Shelf Act 1964⁵ as waters within which the jurisdiction and rights of the United Kingdom are exercisable in accordance with Part XII of that Convention⁶ for the protection and preservation of the marine environment⁷.

A draft of an Order in Council proposed to be so made must not be submitted to Her Majesty in Council unless the draft has been approved by resolution of each House of Parliament⁸.

1 Ie the United Nations Convention on the Law of the Sea (Montego Bay, 10 December 1982 to 9 December 1984; TS 3 Misc 11 (1983); Cmnd 8941): see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 10.

2 Merchant Shipping Act 1995 s 129(1). In exercise of the power so conferred Her Majesty made the Merchant Shipping (Prevention of Pollution) (Law of the Sea Convention) Order 1996, SI 1996/282 (see PARA 363) which came into force on 28 February 1996: art 1. The Merchant Shipping Act 1995 s 306(3) (see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 41) does not apply to a statutory instrument containing an Order in Council under s 129: s 306(3).

As to the powers of inspectors appointed under s 256(6) (see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 46) to serve improvement notices or prohibition notices where s 129 and the provisions of any instrument of a legislative character having effect thereunder are being contravened, or where activities to which s 129 applies are carried on so as to involve serious personal injury or serious pollution, see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 50 et seq.

3 Ie without prejudice to the generality of the Merchant Shipping Act 1995 s 128(1): see PARA 360.

5 Ie under the Continental Shelf Act 1964 s 1(7): see **FUEL AND ENERGY** vol 19(3) (2007 Reissue) PARA 1636.

6 Ie the United Nations Convention on the Law of the Sea Pt XII (arts 192-237).

7 Merchant Shipping Act 1995 s 129(2). Provision authorising the making of regulations authorises the amendment or revocation of regulations made by virtue of s 128(4)(f) (see PARA 360 head (vi)): s 129(2).

8 Merchant Shipping Act 1995 s 129(3).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(i) In general/363. Power to make implementing provisions.

363. Power to make implementing provisions.

The Secretary of State may make regulations for the purpose of giving effect to the United Nations Convention on the Law of the Sea¹ (the 'Convention') so far as it relates to the protection and preservation of the marine environment from pollution by matter from ships².

Such regulations may in particular include provision:

- 572 (1) with respect to the approval of documents and the carrying out of surveys and inspections, and for the issue, duration and recognition of certificates;
- 573 (2) with respect to the application of the regulations to the Crown and the extra-territorial operation of the regulations;
- 574 (3) that specified contraventions³ of the regulations be offences punishable on conviction on indictment by a fine and on summary conviction by a fine not exceeding the statutory maximum;
- 575 (4) that specified contraventions of the regulations be offences punishable only on summary conviction by a maximum fine not exceeding level 5 on the standard scale or such less amount as is prescribed by the regulations;
- 576 (5) for detaining any ship in respect of which such a contravention is suspected to have occurred and, in relation to such a ship, for applying the statutory provisions relating to enforcing the detention of a ship⁴ with such modifications, if any, as are prescribed by the regulations;
- 577 (6) in connection with offences created by the regulations, corresponding to any provision made in connection with the statutory provisions relating to the discharge of oil from ships in certain United Kingdom waters⁵, and the regulations may do so whether by applying, or making provision for the application of, any of those provisions, subject to such modifications as may be specified, or otherwise;
- 578 (7) specifying areas of sea above any of the areas for the time being designated under the Continental Shelf Act 1964⁶ as waters within which the jurisdiction and rights of the United Kingdom are exercisable in accordance with Part XII of the Convention⁷ for the protection and preservation of the marine environment⁸.

Such regulations may:

- 579 (a) make different provision for different circumstances;
- 580 (b) make provision in terms of any document which the Secretary of State or any person considers relevant from time to time;
- 581 (c) provide for exemptions from any provisions of the regulations;
- 582 (d) provide for the delegation of functions exercisable by virtue of the regulations;
- 583 (e) include such incidental, supplemental and transitional provisions as appear to the Secretary of State to be expedient for the purposes of the regulations⁹.

¹ ie the United Nations Convention on the Law of the Sea (Montego Bay, 10 December 1982 to 9 December 1984; TS 3 Misc 11 (1983); Cmnd 8941); see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 10.

2 Merchant Shipping (Prevention of Pollution) (Law of the Sea Convention) Order 1996, SI 1996/282, art 2(1). In particular the regulations may give effect to the following articles in the United Nations Convention on the Law of the Sea, namely arts 211, 218, 220 and 223-233: Merchant Shipping (Prevention of Pollution) (Law of the Sea Convention) Order 1996 art 2(1). The Statutory Instruments Act 1946 (see **STATUTES**) applies to regulations made under the Merchant Shipping (Prevention of Pollution) (Law of the Sea Convention) Order 1996, SI 1996/282, and so applies as if such regulations were a statutory instrument subject to annulment in pursuance of a resolution of either House of Parliament: art 2(4).

In exercise of the power so conferred the Secretary of State made the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154 (see PARA 365 et seq); the Merchant Shipping (Prevention of Pollution) (Limits) Regulations 1996, SI 1996/2128 (amended by SI 1997/506) (defining the limits of the zone beyond the territorial sea around the United Kingdom and the Isle of Man in which jurisdiction is exercisable in order to prevent pollution by discharges from ships); and the Merchant Shipping (Dangerous or Noxious Liquid Substances in Bulk) Regulations 1996, SI 1996/3010 (see PARA 404 et seq). As to the Secretary of State see PARA 58.

Other regulations made under the Merchant Shipping (Prevention of Pollution) (Law of the Sea Convention) Order 1996, SI 1996/282, art 2 include: the Merchant Shipping (Reporting Requirements for Ships carrying Dangerous or Polluting Goods) (Amendment) Regulations 1999, SI 1999/2121; the Merchant Shipping (Dangerous or Noxious Liquid Substances in Bulk) (Amendment) Regulations 2004, SI 2004/930; the Merchant Shipping (Amendments to Reporting Requirements) Regulations 2005, SI 2005/1092; the Merchant Shipping (Prevention of Air Pollution from Ships) Regulations 2008, SI 2008/2924 (see PARA 361); the Merchant Shipping (Prevention of Pollution by Sewage and Garbage from Ships) Regulations 2008, SI 2008/3257 (see also PARAS 360 note 7, 572 et seq); and the Merchant Shipping (Implementation of Ship-Source Pollution Directive) Regulations 2009, SI 2009/1210.

3 As to the meaning of 'contravention' see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 50 note 3.

4 Ie the Merchant Shipping Act 1995 s 284: see **SHIPPING AND MARITIME LAW** vol 94 (2008) PARA 1253.

5 Ie corresponding to any provision made in connection with offences under the Merchant Shipping Act 1995 s 131 (see PARA 425) by s 143(6) (see PARA 433) and s 144 (see PARA 434) and s 146 (see PARA 435). Section 131(3) applies in respect of such contravention of the regulations made under the Merchant Shipping (Prevention of Pollution) (Law of the Sea Convention) Order 1996 as may be specified in those regulations as it applies in respect of offences under the Merchant Shipping Act 1995 s 131: Merchant Shipping (Prevention of Pollution) (Law of the Sea Convention) Order 1996, SI 1996/282, art 3.

6 Ie under the Continental Shelf Act 1964 s 1(7): see **FUEL AND ENERGY** vol 19(3) (2007 Reissue) PARA 1636.

7 Ie the United Nations Convention on the Law of the Sea Pt XII (arts 192-237).

8 Merchant Shipping (Prevention of Pollution) (Law of the Sea Convention) Order 1996, SI 1996/282, art 2(2). As from a day to be appointed, art 2(2) is amended in regard to head (7) in the text to refer to an exclusive economic zone under the Marine and Coastal Access Act 2009 s 41(3): Merchant Shipping (Prevention of Pollution) (Law of the Sea Convention) Order 1996, SI 1996/282, art 2(2) (prospectively amended by the Marine and Coastal Access Act 2009 Sch 4 Pt 2 para 3(1)-(3)). At the date at which this volume states the law no such day had been appointed. As to the statutory maximum see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 140. As to the standard scale see **SENTENCING AND DISPOSITION OF OFFENDERS** vol 92 (2010) PARA 142.

9 Merchant Shipping (Prevention of Pollution) (Law of the Sea Convention) Order 1996, SI 1996/282, art 2(3).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(i) In general/364. Regulation of transfers between ships in territorial waters.

364. Regulation of transfers between ships in territorial waters.

The Secretary of State may by regulations make, in relation to the transfer of cargo, stores, bunker fuel or ballast between ships¹ while within United Kingdom waters², such provision as he considers appropriate for preventing pollution, danger to health or to navigation, or hazards to the environment or to natural resources³.

Such regulations may in particular do any of the following things:

- 584 (1) prohibit transfers of any specified description or prohibit transfers if, or
unless, carried out in specified areas, circumstances or ways;
- 585 (2) make provision about:
 - 88 3. (a) the design of, and standards to be met by, ships and equipment;
 - 4. (b) the manning of ships, including the qualifications and experience to be possessed by persons of any specified description employed on board; and
 - 5. (c) the qualifications and experience to be possessed by persons, whether masters⁴ or not, controlling the carrying out of transfers or operations ancillary thereto;
- 89 586 (3) provide for proposed transfers to be notified to and approved by persons appointed by the Secretary of State or another person, and for the supervision of transfers, and the inspection of ships and equipment, by persons so appointed;
- 587 (4) provide:
 - 90 6. (a) for the procedure to be followed in relation to the approval of transfers to be such as may be prescribed by any document specified in the regulations; and
 - 7. (b) for references in the regulations to any document so specified to operate as references to that document as revised or reissued from time to time;
- 91 588 (5) provide for the making and keeping of records about ships and equipment, the issuing of certificates, and the furnishing of information;
- 589 (6) provide for the granting by the Secretary of State or another person of exemptions from specified provisions of the regulations, on such terms, if any, as the Secretary of State or that other person may specify, and for altering or cancelling exemptions;
- 590 (7) limit any provision of the regulations to specified cases or kinds of case⁵.

Such regulations may provide:

- 591 (i) that a contravention⁶ of the regulations is an offence punishable on summary conviction by a fine not exceeding £25,000 and on conviction on indictment by imprisonment for a term not exceeding two years or a fine or both;

- 592 (ii) that any such contravention is an offence punishable only on summary conviction by a fine not exceeding £25,000 or such lower amount as is prescribed by the regulations;
- 593 (iii) that, in such cases as are prescribed by the regulations, such persons as are so prescribed are each guilty of an offence created by virtue of head (i) or (ii) above⁷.

Such regulations may make different provision for different classes or descriptions of ships and for different circumstances, and make such transitional, incidental or supplementary provision as appears to the Secretary of State to be necessary or expedient⁸.

1 As to the meaning of 'ship' see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 229.

2 As to the meaning of 'United Kingdom waters' see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 48 note 10.

3 Merchant Shipping Act 1995 s 130(1). At the date at which this volume states the law no such regulations had been made and none have effect as if so made. As to the making of regulations generally see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 65; and as to the Secretary of State's power to appoint committees for the purpose of advising him when considering the making or alteration of any regulations see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 41.

As to the powers of inspectors appointed under s 256(6) (see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 46) to serve improvement notices or prohibition notices where s 130 and the provisions of any instrument of a legislative character having effect thereunder are being contravened, or where activities to which s 130 applies are carried on so as to involve serious personal injury or serious pollution, see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 46 et seq.

4 As to the meaning of 'master' see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 424.

5 Merchant Shipping Act 1995 s 130(2).

6 As to the meaning of 'contravention' see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 50 note 3.

7 Merchant Shipping Act 1995 s 130(3).

8 Merchant Shipping Act 1995 s 130(4).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(ii) Prevention of Oil Pollution/A. IN GENERAL/365. Application and exemptions.

(ii) Prevention of Oil Pollution

A. IN GENERAL

365. Application and exemptions.

Unless expressly provided otherwise, the following provisions¹ apply to:

- 594 (1) United Kingdom ships²;
- 595 (2) other ships while they are within the United Kingdom or the territorial waters thereof³; and
- 596 (3) government ships⁴ registered in the United Kingdom and government ships not so registered but held for the purposes of Her Majesty's government in the United Kingdom⁵.

The following provisions do not apply to any warship, naval auxiliary or other ship owned or operated by a state and used, for the time being, only on government non-commercial service⁶.

The Secretary of State may exempt a ship of a new type whose constructional features are such as to render the application of any of specified provisions⁷ relating to construction and equipment unreasonable or impracticable from those provisions, provided that the construction and equipment of that ship provides equivalent protection against pollution by oil⁸, having regard to the service for which it is intended⁹. Particulars of any such exemption granted by the Secretary of State must be indicated in the IOPP¹⁰ or UKOPP¹¹ Certificate¹².

In ships, other than oil tankers¹³, fitted with cargo spaces which are constructed and used to carry oil in bulk of an aggregate capacity of 200 cubic metres or more, specified requirements¹⁴ for oil tankers also apply to the construction and operation of these spaces¹⁵.

The Secretary of State may grant exemptions from all or any of the following provisions, as may be specified in the exemption, for classes of ships or individual ships on such terms, if any, as he may so specify and may, subject to giving reasonable notice, alter or cancel any such exemption¹⁶.

1 Ie the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154: see PARA 366 et seq.

2 For these purposes, 'United Kingdom ship' has the same meaning as in the Merchant Shipping Act 1995 s 85(2) (see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 230): Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2). 'Ship' means a vessel of any type whatsoever operating in the marine environment including waters navigable by sea-going vessels and includes submersible craft, floating craft and a structure which is a fixed or floating platform but, except in relation to regs 11-16 (see PARA 374 et seq), excludes hovercraft: reg 1(2) (definition amended by SI 2009/1210).

3 As to the extent of the territorial sea (or waters) of the United Kingdom see the Territorial Sea Act 1987 s 1; **INTERNATIONAL RELATIONS LAW** vol 61 (2010) PARA 124; and **WATER AND WATERWAYS** vol 100 (2009) PARA 31.

4 For these purposes, 'government ship' has the same meaning as in the Merchant Shipping Act 1995 s 308(4) (see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 20 note 3): Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2).

5 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 2(1). As to transitional provision see reg 1A (added by SI 2004/303).

6 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 2(2).

7 Ie any of the provisions of the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, regs 10-32: see PARA 373 et seq.

8 For these purposes, 'oil' means petroleum in any form including crude oil, fuel oil, sludge, oil refuse and refined products, other than oil-like substances which are subject to the Merchant Shipping (Control of Pollution by Noxious Liquid Substances in Bulk) Regulations 1996, SI 1996/3010 (see PARA 404 et seq); Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2); Interpretation Act 1978 s 17(2)(b). 'Crude oil' means any liquid hydrocarbon mixture occurring naturally in the earth, whether or not treated to render it suitable for transportation, and includes (1) crude oil from which certain distillate fractions may have been removed; and (2) crude oil to which certain distillate fractions may have been added: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2).

9 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 2(3). As to the Secretary of State see PARA 58.

10 Ie the IOPP Certificate referred to in the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 7: see PARA 370.

11 Ie the UKOPP Certificate referred to in the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 7.

12 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 2(4).

13 For these purposes, 'oil tanker' means a ship constructed or adapted primarily to carry oil in bulk in its cargo spaces and includes a combination carrier or a chemical tanker when it is carrying a cargo or part cargo of oil in bulk: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2). 'Chemical tanker' means a ship constructed or adapted primarily to carry a cargo of noxious liquid substances in bulk and includes an oil tanker when carrying a cargo or part cargo of noxious liquid substances in bulk (reg 1(2)); and 'combination carrier' means a ship designed to carry either oil or solid cargoes in bulk (reg 1(2)).

14 Ie the requirements of Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 10 (see PARA 373), reg 12 (see PARA 375), reg 13 (see PARA 376), reg 15(1)-(3) (see PARA 378), reg 16 (see PARA 379), reg 24 (see PARA 389), reg 26 (see PARA 391) and reg 28(4) (see PARA 392).

15 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 2(4). Where, however, such aggregate capacity is less than 1,000 cubic metres, it is sufficient to comply with the requirements of reg 15(4) (see PARA 378) as if they applied to the ship in lieu of those in reg 15(1)-(3): reg 2(4).

16 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 2(5).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(ii) Prevention of Oil Pollution/A. IN GENERAL/366. Equivalents.

366. Equivalents.

The Secretary of State may permit any fitting, material, appliance or apparatus to be fitted in a ship¹ as an alternative to that otherwise required² if such fitting, material, appliance or apparatus is at least as effective as that otherwise required; but he must not permit the substitution of operational methods to control the discharge³ of oil as being equivalent to those design and construction features which are otherwise⁴ prescribed⁵.

1 As to the meaning of 'ship' see PARA 365 note 2.

2 Ie by the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154: see PARA 367 et seq.

3 For these purposes, 'discharge', in relation to harmful substances or effluents containing such substances, means any release, howsoever caused, from a ship and includes any escape, disposal, spilling, leaking, pumping, emitting or emptying; but does not include (1) dumping within the meaning of the Convention for the Prevention of Marine Pollution by the Dumping of Wastes and Other Matter 1972 (London, Mexico City, Moscow and Washington, 29 December 1972 to 31 December 1973; TS 43 (1976); Cmnd 6486); or (2) release of harmful substances directly arising from the exploration, exploitation and associated offshore processing of sea bed mineral resources; or (3) release of harmful substances for purposes of legitimate scientific research into pollution abatement or control; and 'to discharge' is to be construed accordingly: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2). 'Harmful substance' means any substance which, if introduced into the sea, is liable to create hazards to human living resources and marine life, to damage amenities or interfere with other legitimate uses of the sea, and includes oil: reg 1(2). 'Sea' includes any estuary or arm of the sea: reg 1(2). As to the meaning of 'oil' see PARA 365 note 8.

4 See note 2.

5 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 3. As to the Secretary of State see PARA 58.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(ii) Prevention of Oil Pollution/B. SURVEYS, CERTIFICATES AND OIL RECORD BOOK/367. Surveys.

B. SURVEYS, CERTIFICATES AND OIL RECORD BOOK

367. Surveys.

A United Kingdom oil tanker¹ of 150 GT² and above and every other United Kingdom ship³ of 400 GT and above must be subject to the following surveys:

- 597 (1) before the ship is put into service, or before an IOPP Certificate⁴ or UKOPP Certificate⁵ is first issued in relation to the ship, an initial survey⁶;
- 598 (2) within five years of the first issue of an IOPP Certificate or UKOPP Certificate, and afterwards at intervals of no more than five years, a renewal survey⁷;
- 599 (3) after a repair resulting from investigations, or whenever any important repairs or renewals are made, an additional survey⁸;
- 600 (4) within three months before or after the second or third anniversary date⁹ of the issue of a ship's IOPP Certificate, an intermediate survey¹⁰; and
- 601 (5) within three months before or after each anniversary date of the issue of a ship's IOPP Certificate, other than when an intermediate survey is required to be carried out within that period, an annual survey¹¹.

1 As to the meaning of 'oil tanker' see PARA 365 note 13; and as to the meaning of 'oil' see PARA 365 note 8. As to the meaning of 'United Kingdom' see PARA 1 note 2.

2 For these purposes, 'GT' means gross registered tonnage and the gross registered tonnage of a ship having alternative gross registered tonnages is to be taken to be the larger of those tonnages: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2).

3 As to the meaning of 'United Kingdom ship' see PARA 365 note 2.

4 'IOPP Certificate' means the International Oil Pollution Prevention Certificate issued in accordance with the Convention: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2). As to the meaning of 'Convention' see note 6.

5 'UKOPP Certificate' means a certificate entitled the United Kingdom Oil Pollution Prevention Certificate issued by a certifying authority and evidencing compliance with the requirements of the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154: reg 1(2). As to the meaning of 'certifying authority' see PARA 368 note 5.

6 As set out in the Convention Annex I reg 4(1)(a): Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 4(1)(a) (reg 4 substituted by SI 2004/303). 'Convention' means the International Convention for the Prevention of Pollution from Ships 1973, including its protocols, Annex I (but no other Annex) and appendices thereto, as amended by the Protocol of 1978 to that Convention and includes all the amendments adopted by the International Maritime Organisation's Marine Environment Protection Committee up to 4 December 2003 and any further amendments considered by the Secretary of State to be relevant from time to time and is specified in a Merchant Shipping Notice: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2) (definition amended by SI 2004/303, SI 2005/1916). 'Merchant Shipping Notice' means a Notice described as such and issued by the Maritime and Coastguard Agency, an executive agency of the Department for Transport; and any reference to a particular Merchant Shipping Notice includes a reference to any document amending or replacing that Notice which is considered by the Secretary of State to be relevant from time to time and is specified in a Merchant Shipping Notice: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2) (definition amended by SI 2004/303). 'Maritime and Coastguard Agency' means the Maritime and Coastguard Agency, an executive agency of the Department for Transport: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI

1996/2154, reg 1(2) (definition substituted by SI 2004/303). As to the Secretary of State see PARA 58. The Agency's website was, at the date at which this volume states the law, www.mcga.gov.uk.

7 le as set out in the Convention Annex I reg 4(1)(b): Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 4(1)(b) (as substituted: see note 6).

8 le as set out in the Convention Annex I reg 4(1)(e): Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 4(1)(c) (as substituted: see note 6).

9 'Anniversary date' means the day and month in each year corresponding to the date of expiry of the IOPP Certificate or UKOPP Certificate: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2) (definition added by SI 2004/303).

10 le as set out in the Convention Annex I reg 4(1)(c): Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 4(2)(a) (as substituted: see note 6).

11 le as set out in the Convention Annex I reg 4(1)(d): Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 4(2)(b) (as substituted: see note 6).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(ii) Prevention of Oil Pollution/B. SURVEYS, CERTIFICATES AND OIL RECORD BOOK/368. Responsibilities of owner and master.

368. Responsibilities of owner and master.

The owner and master of every ship¹ must ensure that:

- 602 (1) the condition of the ship and its equipment is maintained to conform to certain requirements² so as to ensure that the ship in all respects will remain fit to proceed to sea without presenting an unreasonable threat of harm to the marine environment³;
- 603 (2) after any survey of the ship⁴ has been completed, no change is made in the structure, equipment, systems, fittings, arrangements or material covered by the survey without the approval of the appropriate certifying authority⁵, or of the administration of the state which carried out the survey for the ship, except by direct replacement⁶;
- 604 (3) whenever an accident occurs to the ship or a defect is discovered which, in either case, substantially affects the integrity of the ship or the efficiency or completeness of its equipment, such an accident or defect must be reported (a) if the ship is a United Kingdom ship, at the earliest opportunity to the Secretary of State and to any other appropriate certifying authority⁷; (b) if the ship is a United Kingdom ship in a port outside the United Kingdom, additionally to the proper officer⁸ and appropriate authorities of the country in which the port is situated⁹; and (c) if the ship is a non-United Kingdom ship in a port in the United Kingdom, at the earliest opportunity to the Secretary of State¹⁰.

Whenever an accident or defect is reported to the Secretary of State or a certifying authority¹¹, or to the proper officer¹², the Secretary of State, certifying authority and proper officer must cause investigations to be initiated to determine whether or not a survey by a surveyor is necessary and, if a survey is found to be necessary, require that survey to be carried out¹³.

1 As to the meaning of 'ship' see PARA 365 note 2.

2 I.e the requirements of the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, in the case of a United Kingdom ship or any ship surveyed pursuant to those Regulations, or the requirements of the Convention Annex I in the case of any other ship: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 5(1) (reg 5 substituted by SI 2004/303). As to the meaning of 'United Kingdom ship' see PARA 365 note 2. As to the meaning of 'Convention' see PARA 367 note 6.

3 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 5(1) (as substituted: see note 2).

4 I.e as required by the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, or by the Convention Annex I: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 5(2) (as substituted: see note 2).

5 'Certifying authority' means the Secretary of State or any person authorised by the Secretary of State and includes in particular, if so authorised, Lloyd's Register of Shipping, the British Committee of Bureau Veritas, the British Committee of Det Norske Veritas, the British Committee of Germanischer Lloyd, and the British Technical Committee of the American Bureau of Shipping: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2). As to the Secretary of State see PARA 58.

6 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 5(2) (as substituted: see note 2).

7 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 5(3)(a) (as substituted: see note 2).

8 'Proper officer' means a consular officer appointed by Her Majesty's government in the United Kingdom and, in relation to a port in a country outside the United Kingdom which is not a foreign country, also any officer exercising in that port functions similar to those of a superintendent: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2).

9 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 5(3)(b) (as substituted: see note 2).

10 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 5(3)(c) (as substituted: see note 2).

11 le under the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 5(3)(a): reg 5(4)(a) (as substituted: see note 2).

12 le under the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 5(3)(b): reg 5(4)(b) (as substituted: see note 2).

13 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 5(4) (as substituted: see note 2).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(ii) Prevention of Oil Pollution/B. SURVEYS, CERTIFICATES AND OIL RECORD BOOK/369. Issue and endorsement of certificates.

369. Issue and endorsement of certificates.

Where a certifying authority¹ is satisfied after the completion of an initial or renewal survey² that certain requirements³ are being complied with, that certifying authority must issue (1) to any oil tanker⁴ of 150 GT⁵ and above, and any other ship⁶ of 400 GT and above, engaged in international voyages, an IOPP Certificate⁷; and (2) to any oil tanker of 150 GT and above, and any other ship of 400 GT and above, not engaged in international voyages, a UKOPP Certificate⁸.

Where the certifying authority is satisfied after the completion of an intermediate or annual survey⁹ that certain requirements¹⁰ are being complied with, that certifying authority must so endorse the IOPP Certificate issued to the ship¹¹.

The Secretary of State may, through a proper officer or otherwise, request the administration of a state which is a party to the Convention to carry out a survey of a United Kingdom ship and, if he is satisfied that certain requirements¹² have been complied with (a) to issue or authorise the issue of an IOPP Certificate to the ship, or to endorse or authorise the endorsement of such a certificate¹³; (b) to include in the certificate a statement to the effect that it has been issued or endorsed at the request of the Secretary of State¹⁴; and (c) to transmit a copy of the survey report and the certificate to the Secretary of State as soon as possible¹⁵.

The Secretary of State may, at the request of the administration of a state which is a party to the Convention, carry out a survey of a ship registered in that state and, if satisfied that certain requirements¹⁶ are complied with, issue an IOPP Certificate to the ship or endorse such a certificate¹⁷.

1 As to the meaning of 'certifying authority' see PARA 368 note 5.

2 I.e. a survey carried out in accordance with the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 4(1)(a) or (b): see PARA 367 text and notes 4-7.

3 I.e. the requirements of the Convention Annex I: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 6(1) (reg 6 substituted by SI 2004/303). As to the meaning of 'Convention' see PARA 367 note 6.

4 As to the meaning of 'oil tanker' see PARA 365 note 13; and as to the meaning of 'oil' see PARA 365 note 8.

5 As to the meaning of 'GT' see PARA 367 note 2.

6 As to the meaning of 'ship' see PARA 365 note 2.

7 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 6(1)(a) (as substituted: see note 3). As to the meaning of 'IOPP Certificate' see PARA 367 note 4. If any oil tanker of 150 GT and above and any other ship of 400 GT and above which was previously under the flag of another state becomes a United Kingdom ship engaged in voyages to ports or offshore terminals under the jurisdiction of other parties to the Convention, a certifying authority must issue an IOPP Certificate to the ship if it is fully satisfied that the ship is in compliance with the requirements of the Convention Annex I reg 4(4)(a), (b): Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 6(3) (as so substituted). An IOPP Certificate issued or endorsed in accordance with reg 6 must be drawn up in a form corresponding to the model given in the Convention Annex I Appendix II: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 6(10) (as so substituted). As to the meaning of 'United Kingdom ship' see PARA 365 note 2.

8 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 6(1)(b) (as substituted: see note 3). As to the meaning of 'UKOPP Certificate' see PARA 367 note 5. If any oil tanker of 150 GT and above and any other ship of 400 GT and above which was previously under the flag of another state becomes a United Kingdom ship not engaged in voyages to ports or offshore terminals under the jurisdiction of other parties to the Convention, a certifying authority must issue a UKOPP Certificate to the ship if it is fully satisfied that the ship is in compliance with the requirements of the Convention Annex I reg 4(4)(a), (b): Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 6(4) (as so substituted). A UKOPP Certificate issued in accordance with reg 6 must be drawn up in the form corresponding to the model given in the Convention Annex I Appendix II, with the substitution for references to 'IOPP Certificate' of references to 'UKOPP Certificate', and for references to the regulations of the MARPOL Convention of references to corresponding provisions in the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154: reg 6(11) (as so substituted).

9 le a survey carried out in accordance with SI 1996/2154 reg 4(2)(a) or (b): see PARA 367 text and notes 10, 11.

10 le the requirements of the Convention Annex I: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 6(1) (as substituted: see note 3).

11 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 6(2) (as substituted: see note 3).

12 le the requirements of the Convention Annex I: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 6(5) (as substituted: see note 3). As to the Secretary of State see PARA 58.

13 le in accordance with the requirements of the Convention Annex I: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 6(5)(a) (as substituted: see note 3).

14 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 6(5)(b) (as substituted: see note 3).

15 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 6(5)(c) (as substituted: see note 3). A certificate endorsed in accordance with reg 6(5) has the same force and receives the same recognition as a certificate issued or endorsed in accordance with reg 6(1)-(3): reg 6(6) (as so substituted).

16 le the requirements of the Convention Annex I: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 6(7) (as substituted: see note 3).

17 le in accordance with the requirements of the Convention Annex I: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 6(7) (as substituted: see note 3). The Secretary of State must include in any certificate issued or endorsed in accordance with reg 6(7) a statement to the effect that it has been issued or endorsed at the request of that administration, and must transmit a copy of the survey report and the certificate to that administration as soon as possible: reg 6(8) (as so substituted). A certificate issued or endorsed in accordance with reg 6(7) has effect as if issued or endorsed by the administration of the state which requested the survey of the ship to be carried out: reg 6(9) (as so substituted).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(ii) Prevention of Oil Pollution/B. SURVEYS, CERTIFICATES AND OIL RECORD BOOK/370. Duration and validity of certificates.

370. Duration and validity of certificates.

An IOPP Certificate¹ or UKOPP Certificate² must be issued (1) on the date of the completion of the relevant survey³; (2) as being valid from the date of issue⁴; and (3) for a period of validity not exceeding five years⁵. Where a renewal survey⁶ has been completed within a period of three months before the date of expiry of an IOPP or UKOPP Certificate, the new certificate must be issued as being valid from the date of expiry of the existing certificate⁷. Where a renewal survey⁸ has been completed after the expiry of an IOPP or UKOPP Certificate, the new certificate must be issued as being valid from the date of expiry of the expired certificate⁹.

Where an annual or intermediate survey is completed before the period prescribed for such a survey¹⁰ (a) the anniversary date¹¹ shown on the IOPP Certificate must be amended by endorsement to a date not more than three months later than the date on which the survey was completed¹²; (b) subsequent annual or intermediate surveys¹³ must be completed at the intervals prescribed¹⁴ using the new anniversary date¹⁵; and (c) the expiry date may remain unchanged provided one or more annual or intermediate surveys, as appropriate, are carried out so that the maximum prescribed intervals¹⁶ between the surveys are not exceeded¹⁷.

An IOPP or UKOPP Certificate ceases to be valid (i) if its period of validity has been exceeded and the certificate has either not been extended by the appropriate certifying authority¹⁸ or the period of any such extension has expired¹⁹; (ii) if the relevant surveys have not been completed within the periods specified²⁰ and the certificate has not been endorsed²¹; or (iii) on transfer of the ship to the flag of another state²².

1 As to the meaning of 'IOPP Certificate' see PARA 367 note 4.

2 As to the meaning of 'UKOPP Certificate' see PARA 367 note 5.

3 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 7(1)(a) (reg 7 substituted by SI 2004/303).

4 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 7(1)(b) (as substituted: see note 3).

5 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 7(1)(c) (as substituted: see note 3).

6 I.e. as required under the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 4(1)(b): see PARA 367 text and note 7.

7 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 7(2) (as substituted: see note 3).

8 I.e. as required under the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 4(1)(b): see PARA 367 text and note 7.

9 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 7(3) (as substituted: see note 3).

10 I.e. prescribed in the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 4(2): see PARA 367 text and notes 9-11.

11 As to the meaning of 'anniversary date' see PARA 367 note 9.

12 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 7(4)(a) (as substituted: see note 3).

13 le as required under the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 4(2): see PARA 367 text and notes 9-11.

14 le prescribed by the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 4(2): see PARA 367 text and notes 9-11.

15 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 7(4)(b) (as substituted: see note 3).

16 le prescribed in the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 4(2): see PARA 367 text and notes 9-11.

17 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 7(4)(c) (as substituted: see note 3).

18 le in accordance with Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 8: see PARA 371. As to the meaning of 'certifying authority' see PARA 368 note 5.

19 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 7(5)(a) (as substituted: see note 3).

20 le specified in the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 4: see PARA 367.

21 le in accordance with the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 6: reg 7(5)(b) (as substituted: see note 3).

22 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 7(5)(c) (as substituted: see note 3).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(ii) Prevention of Oil Pollution/B. SURVEYS, CERTIFICATES AND OIL RECORD BOOK/371. Extension of validity of certificates.

371. Extension of validity of certificates.

Where an IOPP Certificate¹ has been issued for a period of validity of less than five years and the intermediate and annual surveys² have been completed, the appropriate certifying authority³ may extend the validity of that certificate so that the certificate is valid for a maximum period of five years⁴.

Where a renewal survey⁵ has been completed before the expiry of an IOPP Certificate or UKOPP Certificate⁶ but the new certificate cannot be issued or placed on board the ship⁷ before the expiry of the existing certificate, the appropriate certifying authority may endorse the existing certificate as valid for a period not exceeding five months from the expiry date of the existing certificate⁸. Where a renewal survey⁹ has not been completed before the expiry of an IOPP Certificate or UKOPP Certificate and at the time of expiry the ship is not in a port in which it is to be surveyed, the appropriate certifying authority may, where it appears to it proper and reasonable to do so, extend the validity of the certificate, solely for the purpose of allowing the ship to complete its voyage to its port of survey, for a period of no more than three months¹⁰.

Where no other extension has been granted, the appropriate certifying authority may extend the validity of the IOPP Certificate of a ship used solely on short international voyages¹¹ for a period of no more than one month¹². An extension of validity¹³ must be disregarded for the purposes of determining the date of expiry of an existing UKOPP Certificate or IOPP Certificate¹⁴.

In special circumstances¹⁵, where a renewal survey¹⁶ (1) has been completed after the expiry of the UKOPP Certificate or IOPP Certificate¹⁷; (2) has been completed during the period for which the validity of the UKOPP Certificate or IOPP Certificate has been extended¹⁸; or (3) has been completed during the period for which the validity of the UKOPP Certificate or IOPP Certificate has been extended¹⁹, the new certificate may be issued as being valid from the date of the completion of the renewal survey²⁰.

1 As to the meaning of 'IOPP Certificate' see PARA 367 note 4.

2 I.e. as required under the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 4(2): see PARA 367 text and notes 9-11.

3 As to the meaning of 'certifying authority' see PARA 368 note 5.

4 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 8(1) (reg 8 substituted by SI 2004/303).

5 I.e. as required under the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 4(1)(b): see PARA 367 text and note 7.

6 As to the meaning of 'UKOPP Certificate' see PARA 367 note 5.

7 As to the meaning of 'ship' see PARA 365 note 2.

8 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 8(2) (as substituted: see note 4).

9 I.e. as required under the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 4(1)(b): see PARA 367 text and note 7.

10 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 8(3) (as substituted: see note 4).

11 'Short international voyage' means a voyage from a port in one country to which the Convention applies to a port in another country, or conversely a voyage (1) in the course of which a ship is not more than 200 nautical miles from a port or place in which the passengers and crew could be placed in safety; and (2) which does not exceed 600 nautical miles in distance between the last port of call in the country in which the voyage begins and the last port of call in the scheduled voyage before beginning a return voyage, and which on the return voyage does not exceed 600 nautical miles in distance between the port of call in which the ship commences its return voyage and the first port of call in the country in which the voyage began, and for the purposes of this definition, no account is to be taken of any deviation by a ship from her intended voyage due solely to stress of weather or any other circumstances that neither the master nor the owner nor, if applicable, the charterer of the ship could have prevented or forestalled: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2) (definition added by SI 2004/303). As to the meaning of 'Convention' see PARA 367 note 6.

12 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 8(4) (as substituted: see note 4).

13 *le* under the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 8(3) or (4).

14 *le* under the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 7(2) or (3): reg 8(5) (as substituted: see note 4).

15 *le* circumstances determined by the Maritime and Coastguard Agency: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 8(6) (as substituted: see note 4).

16 *le* as required under the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 4(1)(b): see PARA 367 text and note 7.

17 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 8(6)(a) (as substituted: see note 4).

18 *le* in accordance with the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 8(3): reg 8(6)(b) (as substituted: see note 4).

19 *le* in accordance with the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 8(4): reg 8(6)(c) (as substituted: see note 4).

20 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 8(6) (as substituted: see note 4).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(ii) Prevention of Oil Pollution/B. SURVEYS, CERTIFICATES AND OIL RECORD BOOK/372. Procedure to be adopted when corrective action is necessary.

372. Procedure to be adopted when corrective action is necessary.

In any case where the certifying authority¹ determines that the condition of a United Kingdom ship² or its equipment does not correspond with the particulars of the IOPP³ or UKOPP⁴ Certificate or is such that the ship is not fit to proceed to sea⁵ without presenting an unreasonable threat of harm to the marine environment, the certifying authority must advise the owner or master of the corrective action which in its opinion is required, and must give notice thereof to the Secretary of State⁶.

If such corrective action is not taken within such period, being a reasonable period, as the certifying authority may specify, the certifying authority must, at the end of that time, immediately notify the Secretary of State who may, on receipt of such notification, suspend the validity of the IOPP or UKOPP Certificate issued for the ship and must give notice of any such suspension to the owner and to the certifying authority⁷.

The master must thereupon deliver up the certificate issued to the certifying authority on demand⁸.

Where the ship is in a port of a Convention country⁹, other than the United Kingdom, and corrective action has not been taken, the certifying authority must in addition immediately notify the appropriate authorities of the country in which the port is situated¹⁰.

Where, in the case of a ship of a Convention country, other than the United Kingdom, which is for the time being in a United Kingdom port, the nominated surveyor¹¹ or the recognised organisation responsible for issuing the IOPP Certificate to the ship determines that it is necessary to withdraw the certificate, a report must, unless made by the nominated surveyor or recognised organisation, be made by the master of the ship to the Secretary of State¹². The Secretary of State may then take such steps as will ensure that the ship will not sail until she can proceed to sea or leave the port for the purposes of proceeding to the nearest appropriate repair yard available without presenting an unreasonable threat of harm to the marine environment¹³.

1 As to the meaning of 'certifying authority' see PARA 368 note 5.

2 As to the meaning of 'United Kingdom ship' see PARA 365 note 2.

3 As to the meaning of 'IOPP Certificate' see PARA 367 note 4.

4 As to the meaning of 'UKOPP Certificate' see PARA 367 note 5.

5 As to the meaning of 'sea' see PARA 366 note 3.

6 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 9(1). As to the Secretary of State see PARA 58.

7 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 9(2).

8 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 9(3).

9 'Convention country' means a country which is a party to the Convention: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2). As to the meaning of 'Convention' see PARA 367 note 6.

10 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 9(4).

11 'Surveyor' means a surveyor appointed by a certifying authority: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, s 1(2). As to the meaning of 'certifying authority' see PARA 368 note 5.

12 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 9(5).

13 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 9(5).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(ii) Prevention of Oil Pollution/B. SURVEYS, CERTIFICATES AND OIL RECORD BOOK/373. Oil record book.

373. Oil record book.

Every ship¹ of 400 GT² and above, other than an oil tanker³, and every oil tanker of 150 GT and above, must be provided with an Oil Record Book, Part I (Machinery Space Operations)⁴. Every oil tanker of 150 GT and above must also be provided with an Oil Record Book, Part II (Cargo/Ballast Operations)⁴. The Oil Record Book must be in the form prescribed in the Convention⁵.

The Oil Record Book must be completed on each occasion, on a tank-to-tank⁶ basis if appropriate, whenever any of the following operations take place in the ship:

605 (1) for machinery space operations (all ships):

92

- 8. (a) ballasting or cleaning of oil fuel⁷ tanks;
- 9. (b) discharging⁸ ballast or cleaning water from oil fuel tanks;
- 10. (c) disposing oily residues (sludge);
- 11. (d) discharging overboard bilge water which has accumulated in machinery spaces;

93

606 (2) for cargo/ballast operation (oil tankers):

94

- 12. (a) loading oil cargo;
- 13. (b) internal transfer of oil cargo during voyage;
- 14. (c) unloading oil cargo;
- 15. (d) ballasting cargo tanks and dedicated clean ballast⁹ tanks;
- 16. (e) cleaning cargo tanks including crude oil¹⁰ washing;
- 17. (f) discharging ballast except from segregated ballast¹¹ tanks;
- 18. (g) discharging water from slop tanks¹²;
- 19. (h) closing, after the discharge of the contents of the slop tanks, all valves or similar devices opened to permit such operations;
- 20. (i) closing those valves necessary for the isolation of dedicated clean ballast tanks from cargo and stripping lines after slop tank discharge operations; and
- 21. (j) disposing residues¹³.

95

In the event of a discharge of oil or oily mixture¹⁴ or in the event of an accidental or other exceptional discharge of oil¹⁵, a statement must be made in the Oil Record Book of the circumstances of, and the reasons for, the discharge¹⁶.

Each operation described above must be fully recorded without delay in the Oil Record Book so that all entries in the book appropriate to that operation are completed¹⁷. Each completed operation must be signed by the officer or officers in charge of the operations concerned and each completed page must be signed by the master¹⁸.

The Oil Record Book must be kept in such a place as to be readily available for inspection at all reasonable times and, except in the case of unmanned ships under tow, must be kept on board¹⁹. It must be preserved for a period of three years after the last entry has been made²⁰.

The Secretary of State or a person authorised by the certifying authority²¹ may inspect the Oil Record Book on board whilst the ship is in a port or offshore terminal and may make a copy of any entry in that book and may require the master of the ship to certify that the copy is a true copy of such an entry²². Any such copy is admissible in any judicial proceedings as evidence of the facts stated in the entry²³. The inspection of an Oil Record Book and the taking of a certified copy by the Secretary of State, or a person so authorised, must be performed as expeditiously as possible without causing the ship to be unduly delayed²⁴.

1 As to the meaning of 'ship' see PARA 365 note 2.

2 As to the meaning of 'GT' see PARA 367 note 2.

3 As to the meaning of 'oil tanker' see PARA 365 note 13; and as to the meaning of 'oil' see PARA 365 note 8.

4 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 10(1).

5 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 10(1). As to the meaning of 'Convention' see PARA 367 note 6.

6 For these purposes, 'tank' means an enclosed space which is formed by the permanent structure of a ship and which is designed for the carriage of liquid in bulk: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2).

7 For these purposes, 'oil fuel' means any oil used as a fuel in connection with the propulsion and auxiliary machinery of the ship in which such oil is carried: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2).

8 As to the meaning of 'discharge' see PARA 366 note 3.

9 For these purposes, 'clean ballast' means the ballast in a tank which, since oil was last carried therein, has been so cleaned that the effluent therefrom, if it were discharged from a ship which is stationary into clean calm water on a clear day would not produce visible traces of oil on the surface of the water or on adjoining shorelines or cause a sludge or emulsion to be deposited beneath the surface of the water or upon adjoining shorelines; if the ballast is discharged through an approved oil discharge monitoring and control system, evidence based on such a system that the oil content of the effluent did not exceed 15 ppm is determinative that the ballast was clean, notwithstanding the presence of visible traces referred to above: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2). 'Ppm' means parts per million: reg 1(2).

10 As to the meaning of 'crude oil' see PARA 365 note 8.

11 For these purposes, 'segregated ballast' means the ballast water introduced into a tank which is completely separated from the cargo oil and oil fuel system and which is permanently allocated to the carriage of ballast or to the carriage of ballast or cargoes other than oil or noxious liquid substances: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2).

12 For these purposes, 'slop tank' means a tank specifically designed for the collection of tank drainings, tank washings and other oil mixtures: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2).

13 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 10(2).

14 As is referred to in the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, regs 11-11B (see PARA 374). For these purposes, 'oily mixture' means a mixture with any oil content: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2).

15 As is not excepted by the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, regs 11-11B: see PARA 374.

16 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 10(3) (amended by SI 2009/1210).

17 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 10(4).

18 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 10(4).

- 19 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 10(5).
- 20 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 10(5).
- 21 As to the meaning of 'certifying authority' see PARA 368 note 5.
- 22 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 10(6). As to the Secretary of State see PARA 58.
- 23 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 10(6).
- 24 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 10(6).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(ii) Prevention of Oil Pollution/C. CONTROL OF DISCHARGE OF OIL/374. General exceptions.

C. CONTROL OF DISCHARGE OF OIL

374. General exceptions.

Certain provisions¹ do not apply to:

- 607 (1) any discharge² into the sea³ of oil⁴ or oily mixture⁵ necessary for the purpose of securing the safety of a ship⁶ or saving life at sea; or
- 608 (2) any discharge, other than a discharge from an excepted ship⁷, into the sea of oil or oily mixture which results from damage to a ship or its equipment provided that: all reasonable precautions were taken after the damage, or discovery of the discharge, to prevent or minimise the discharge; and the owner or the master did not act either with intent to cause damage, or recklessly and with knowledge that damage would probably result; or
- 609 (3) any approved⁸ discharge into the sea of substances containing oil, when being used for the purpose of combating specific pollution incidents in order to minimise the damage from pollution; any such discharge is subject to the approval of any government in whose jurisdiction it is contemplated the discharge will be made⁹.

The above provisions¹⁰ do not apply to any discharge from an excepted ship into a part of the sea which is within the United Kingdom¹¹ or its territorial waters of oil or oily mixture which results from damage to a ship or its equipment if:

- 610 (a) the damage was not caused by a person connected with the excepted ship's business¹² acting with intent, recklessly, or with serious negligence;
- 611 (b) all reasonable precautions were taken after the damage, or discovery of the discharge, to prevent or minimise the discharge; and
- 612 (c) neither the owner nor the master of the excepted ship acted with intent to cause damage; or recklessly and with knowledge that damage would probably result¹³.

The above provisions¹⁴ do not apply to any discharge from a UK excepted ship¹⁵ into a part of the sea other than the United Kingdom or its territorial waters of oil or oily mixture which results from damage to a ship or its equipment if:

- 613 (i) the damage was not caused by a person connected with the UK excepted ship's business acting with intent, recklessly, or with serious negligence;
- 614 (ii) all reasonable precautions were taken after the damage, or discovery of the discharge, to prevent or minimise the discharge; and
- 615 (iii) neither the owner nor the master of the UK excepted ship acted with intent to cause damage; or recklessly and with knowledge that damage would probably result¹⁶.

The above provisions¹⁷ do not apply to any discharge from a non-UK excepted ship¹⁸ into a part of the sea other than the United Kingdom or its territorial waters of oil or oily mixture which results from damage to a ship or its equipment if:

- 616 (A) all reasonable precautions were taken after the damage, or discovery of the discharge, to prevent or minimise the discharge; and
- 617 (B) neither the owner nor the master of the non-UK excepted ship acted with intent to cause damage; or recklessly and with knowledge that damage would probably result¹⁹.

1 le the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 12 (see PARA 375), reg 13 (see PARA 376) and reg 16 (see PARA 379).

2 As to the meaning of 'discharge' see PARA 366 note 3.

3 As to the meaning of 'sea' see PARA 366 note 3.

4 As to the meaning of 'oil' see PARA 365 note 8.

5 As to the meaning of 'oily mixture' see PARA 373 note 14.

6 As to the meaning of 'ship' see PARA 365 note 2.

7 For the purposes of the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, regs 11-11B, 'excepted ship' means a seagoing vessel of any type whatsoever operating in the marine environment and includes hydrofoil boats, air-cushion vehicles, submersibles and floating craft but does not include a structure which is a fixed or floating platform: reg 11C(a) (regs 11A-11C added by SI 2009/1210).

8 For these purposes, 'approved' means (1) approved by the Secretary of State or by a certifying authority specified in Merchant Shipping Notice MSN 1734 or MSN 1735 in relation to any equipment or arrangement mentioned in that notice; (2) manufactured and tested in accordance with the Merchant Shipping (Marine Equipment) Regulations 1999, SI 1999/1957, in relation to any equipment or arrangement to which those regulations apply: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2) (definition substituted by SI 1999/1957). As to the Secretary of State see PARA 58. As to the meaning of 'certifying authority' see PARA 368 note 5. As to the meaning of 'Merchant Shipping Notice' see PARA 367 note 6.

9 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 11.

10 See note 1.

11 As to the meaning of 'United Kingdom' see PARA 1 note 2.

12 For the purposes of the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, regs 11-11B, reference to a person connected with a ship's business includes, in particular (1) a seafarer on the ship; (2) the master; (3) the owner; (4) an owner of cargo carried on the ship; and (5) a classification society which has issued a class certificate showing that the ship conforms to the class standards stipulated by that society: reg 11C(d) (as added: see note 7).

13 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 11A (as added: see note 7).

14 See note 1.

15 For the purposes of the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, regs 11-11B, 'UK excepted ship' means an excepted ship which is a United Kingdom ship: reg 11C(b) (as added: see note 7). As to the meaning of 'United Kingdom ship' see PARA 365 note 2.

16 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 11B(1) (as added: see note 7).

17 See note 1.

18 For the purposes of the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, regs 11-11B, 'non-UK excepted ship' means an excepted ship which is not a UK excepted ship: reg 11C(c) (as added: see note 7).

19 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 11B(2) (as added: see note 7).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(ii) Prevention of Oil Pollution/C. CONTROL OF DISCHARGE OF OIL/375. Ships other than oil tankers and machinery space bilges of oil tankers.

375. Ships other than oil tankers and machinery space bilges of oil tankers.

Certain provisions apply¹ to:

- 618 (1) United Kingdom ships² other than oil tankers³; and
- 619 (2) United Kingdom oil tankers in relation to discharges⁴ from their machinery space bilges, unless mixed with oil⁵ cargo residue, but excluding cargo pump room bilges,

wherever they may be⁶; and the following provisions also apply⁷ to:

- 620 (a) other ships⁸, other than oil tankers; and
- 621 (b) other oil tankers, in relation to discharges from their machinery space bilges, unless mixed with oil cargo residue, but excluding cargo pump room bilges,

wherever they may be⁹.

A ship to which these provisions apply must not discharge oil or oily mixture¹⁰ into any part of the sea¹¹ unless all the following conditions are satisfied:

- 622 (i) the ship is proceeding on a voyage;
- 623 (ii) the ship is not within a special area¹²;
- 624 (iii) the oil content of the effluent does not exceed 15 ppm¹³; and
- 625 (iv) the ship has in operation the required¹⁴ filtering equipment¹⁵ and the oil discharge and monitoring and control system¹⁶.

In the case of a ship delivered before 6 July 1993¹⁷ which is for the time being not required¹⁸ to be fitted and is not in fact fitted with the required equipment¹⁹ the above provisions²⁰ do not apply until 6 July 1998 or the date on which the vessel is so fitted, whichever is earlier²¹. Even so, until that date (that is to say, the earlier of those two dates) the ship must not discharge oil or oily mixture into the sea unless all the following conditions are satisfied:

- 626 (A) the ship is not within a special area;
- 627 (B) the ship is more than 12 miles²² from the nearest land²³;
- 628 (C) the ship is proceeding on a voyage;
- 629 (D) the oil content of the effluent is less than 100 ppm; and
- 630 (E) the ship has in operation approved²⁴ oily water separating equipment²⁵ of a design which is approved in accordance with the specification set out in the Recommendations on International Performance and Test Specifications for Oily Water Separating Equipment and Oil Content Meters²⁶.

No discharge into the sea must contain chemicals or other substances in quantities or concentrations which are hazardous to the marine environment or contain chemicals or other

substances introduced for the purpose of circumventing the conditions of discharge prescribed by these provisions²⁷.

In so far as any oil or oily mixture has not been unloaded as cargo and may not be discharged into the sea²⁸, it must be retained on board and discharged into reception facilities²⁹.

The above provisions³⁰ do not apply to a discharge from an offshore installation³¹ which occurs landward of the line which for the time being is the baseline for measuring the breadth of the territorial waters of the United Kingdom³².

1 le subject to the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, regs 11-11B: see PARA 374.

2 As to the meaning of 'United Kingdom ship' see PARA 365 note 2.

3 As to the meaning of 'oil tanker' see PARA 365 note 13.

4 As to the meaning of 'discharge' see PARA 366 note 3.

5 As to the meaning of 'oil' see PARA 365 note 8.

6 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 12(1)(a) (reg 12(1) amended by SI 2009/1210).

7 le subject to the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 38: see PARA 402.

8 As to the meaning of 'ship' see PARA 365 note 2.

9 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 12(1)(b).

10 As to the meaning of 'oily mixture' see PARA 373 note 14.

11 As to the meaning of 'sea' see PARA 366 note 3.

12 For these purposes, 'special area' means a sea area where, for recognised technical reasons in relation to its oceanographical and ecological condition and to the particular character of its traffic, the adoption of special mandatory methods for the prevention of sea pollution by oil is required, and includes those areas listed in the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 16: reg 1(2). The areas so listed in reg 16 are the Mediterranean Sea area, the Baltic Sea area, the Black Sea area, the North West European waters area and the Antarctic area, defined as follows: (1) 'Mediterranean Sea area' means the Mediterranean Sea including the gulfs and seas therein with the boundary between the Mediterranean and the Black Sea constituted by the 41°N parallel and bounded to the west by the Straits of Gibraltar at the meridian of 5°36'W; (2) 'Baltic Sea area' means the Baltic Sea with the Gulf of Bothnia, the Gulf of Finland and the entrance to the Baltic Sea bounded by the parallel to the Skaw in the Skagerrak at 57°44.8'N; (3) 'Black Sea area' means the Black Sea with the boundary between the Mediterranean and the Black Sea constituted by the parallel 41°N; (4) 'North West European waters area' means the North Sea and its approaches, the Irish Sea and its approaches, the Celtic Sea, the English Channel and its approaches and part of the North East Atlantic immediately to the west of Ireland, being the area bounded by lines joining the following points: (a) 48° 27'N on the French coast; (b) 48° 27'N; 6° 25'W; (c) 49° 52'N; 7° 44'W; (d) 50° 30'N; 12°W; (e) 56° 30'N; 12°W; (f) 62°N; 3°W; (g) 62°N on the Norwegian coast; (h) 57° 44.8'N on the Danish and Swedish coasts; (5) 'Antarctic area' means the sea area south of 60° south latitude, and any designated by the Secretary of State in a Merchant Shipping Notice following a Resolution of the Marine Environment Protection Committee of the International Maritime Organisation: reg 16(1) (amended by SI 2000/483). As to the Secretary of State see PARA 58. As to the meaning of 'Merchant Shipping Notice' see PARA 367 note 6. As to the International Maritime Organisation see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 13.

13 As to the meaning of 'ppm' see PARA 373 note 9.

14 le required by the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 14: see PARA 377.

15 For these purposes, 'filtering equipment' means filters or any combination of separators and filters which are designed to produce effluent containing not more than 15 ppm of oil: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2).

- 16 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 12(2).
- 17 Ie a ship referred to in the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 14(7): see PARA 377.
- 18 Ie by virtue of the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 14: see PARA 377.
- 19 Ie the equipment required by the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 14(1), (2) or (3): see PARA 377.
- 20 Ie the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 12(2).
- 21 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 12(3).
- 22 For these purposes, 'mile' means an international nautical mile, ie a distance of 1,852 metres: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2).
- 23 For these purposes, 'from the nearest land' (1) in relation to all land other than the part of Australia specified in head (2) below, means from the nearest baseline from which the territorial sea of any territory is established in accordance with the United Nations Convention on the Law of the Sea (Montego Bay, 10 December 1982 to 9 December 1984; TS 3 Misc 11 (1983); Cmnd 8941) (see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 10); and (2) in relation to the part of the north-eastern coast of Australia which lies between the points 11°00'S, 142°08'E and 24°42'S, 153°15'E, means from the nearest of the straight lines joining consecutively the following points: 11°00'S, 142°08'E; 10°35'S, 141°55'E; 10°00'S, 142°00'E; 9°10'S, 143°52'E; 9°00'S, 144°30'E; 13°00'S, 144°00'E; 15°00'S, 146°00'E; 18°00'S, 147°00'E; 21°00'S, 153°00'E and 24°42'S, 153°15'E: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2).
- 24 As to the meaning of 'approved' see PARA 374 note 7.
- 25 For these purposes, 'separating equipment' means either separators or filters, or any combination of them, which are designed to produce effluent containing not more than 100 ppm of oil: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2).
- 26 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 12(3). For these purposes, 'Recommendations on International Performance and Test Specifications for Oily Water Separating Equipment and Oil Content Meters' means Resolution A393(XI) of that title adopted by the International Maritime Organisation as modified by the Marine Environment Protection Committee's Resolution 60(33) contained in the 1987 Edition of Oily Water Separators and Monitoring Equipment published by that Organisation: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2).
- 27 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 12(4).
- 28 Ie in compliance with the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 12(2) or (3).
- 29 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 12(5).
- 30 Ie the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 12(2), (3).
- 31 For these purposes, 'offshore installation' means any mobile or fixed drilling or production platform or any other platform used in connection with the exploration, exploitation or associated offshore processing of sea bed mineral resources: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2) (definition added by SI 2009/1210).
- 32 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 12(7) (substituted by SI 2009/1210). As to the extent of the territorial sea (or waters) of the United Kingdom see the Territorial Sea Act 1987 s 1; **INTERNATIONAL RELATIONS LAW** vol 61 (2010) PARA 124; and **WATER AND WATERWAYS** vol 100 (2009) PARA 31.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(ii) Prevention of Oil Pollution/C. CONTROL OF DISCHARGE OF OIL/376. Oil tankers.

376. Oil tankers.

The following provisions apply¹ to every United Kingdom oil tanker²; and they also apply³ to every other oil tanker wherever it may be⁴.

An oil tanker to which these provisions apply must not discharge⁵ any oil⁶ or oily mixture⁷ into any part of the sea⁸ unless all the following conditions are satisfied:

- 631 (1) the tanker is proceeding on a voyage;
- 632 (2) the tanker is not within a special area⁹;
- 633 (3) the tanker is more than 50 miles¹⁰ from the nearest land¹¹;
- 634 (4) the instantaneous rate of discharge of oil content¹² does not exceed 30 litres per mile;
- 635 (5) the total quantity of oil discharged into the sea does not exceed one thirty-thousandth of the total quantity of the particular cargo of which the residue formed a part, or, in the case of existing tankers¹³, the total quantity of oil discharged does not exceed one fifteen-thousandth of the total quantity of the particular cargo of which the residue formed a part; and
- 636 (6) the tanker has in operation¹⁴ an oil discharge monitoring and control system and a slop tank arrangement¹⁵.

The above provisions¹⁶ do not apply to the discharge of clean¹⁷ or segregated¹⁸ ballast or unprocessed oily mixture which without dilution has an oil content not exceeding 15 ppm¹⁹ and which does not originate from cargo pump room bilges and is not mixed with oil cargo residues²⁰.

No discharge into the sea must contain chemicals or other substances in quantities or concentrations which are hazardous to the marine environment or contain chemicals or other substances introduced for the purposes of circumventing the conditions of discharge prescribed by these provisions²¹.

In so far as any oil or oily mixture has not been unloaded as cargo and may not be discharged into the sea²², it must be retained on board and must be discharged into reception facilities²³.

¹ Ie subject to the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, regs 11-11B: see PARA 374.

² As to the meaning of 'oil tanker' see PARA 365 note 13.

³ Ie subject to the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 38: see PARA 402.

⁴ Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 13(1) (amended by SI 2009/1210).

⁵ As to the meaning of 'discharge' see PARA 366 note 3.

⁶ As to the meaning of 'oil' see PARA 365 note 8.

⁷ Ie except those for which provision is made in the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 12: see PARA 375. As to the meaning of 'oily mixture' see PARA 373 note 14.

- 8 As to the meaning of 'sea' see PARA 366 note 3.
- 9 As to the meaning of 'special area' see PARA 375 note 12.
- 10 As to the meaning of 'mile' see PARA 375 note 22.
- 11 As to the meaning of 'nearest land' see PARA 375 note 23.
- 12 For these purposes, 'instantaneous rate of discharge of oil content' means the rate of discharge of oil in litres per hour at any instant divided by the speed of the ship in knots at the same instant: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2).
- 13 For these purposes, 'existing ship' means, without prejudice to Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 17(2) (see PARA 381 note 1), a ship which is not a new ship: reg 1(2). 'New ship' means, except as provided in reg 17(1) (see PARA 380 note 1), a ship: (1) for which the building contract was placed after 31 December 1975; or (2) in the absence of a building contract, the construction work of which was begun after 30 June 1976; or (3) the delivery of which is after 31 December 1979; or (4) which has undergone a major conversion for which the contract was placed after 31 December 1975 or, in the absence of a contract, the construction work of which was begun after 30 June 1976 or which is or was completed after 31 December 1979: reg 1(2).
- 14 Ie as required by the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 15: see PARA 378.
- 15 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 13(2). As to the meaning of 'slop tank' see PARA 373 note 12; and as to the meaning of 'tank' see PARA 373 note 6.
- 16 Ie the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 13(2).
- 17 As to the meaning of 'clean ballast' see PARA 373 note 9.
- 18 As to the meaning of 'segregated ballast' see PARA 373 note 11.
- 19 As to the meaning of 'ppm' see PARA 373 note 9.
- 20 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 13(3).
- 21 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 13(4).
- 22 Ie in compliance with the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 13(2).
- 23 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 13(5).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(ii) Prevention of Oil Pollution/C. CONTROL OF DISCHARGE OF OIL/377. Oil filtering equipment and oil discharge monitoring and control system.

377. Oil filtering equipment and oil discharge monitoring and control system.

Every ship¹ of 400 GT² and above but less than 10,000 GT must be fitted with oil filtering equipment³; and any such ship which carries ballast water in its bunker fuel tanks:

- 637 (1) in addition, must be provided with an alarm device and the means for automatically stopping any discharge⁴ of oily mixture⁵ when the oil content in the effluent exceeds 15 ppm⁶ complying with the prescribed specifications⁷ and must not discharge such ballast water into the sea⁸ unless using that equipment and a record of any such discharge must be made in the Oil Record Book⁹; or
- 638 (2) must discharge the ballast water to reception facilities¹⁰.

Every ship which is of 10,000 GT and above must be provided with:

- 639 (a) oil filtering equipment¹¹; and
- 640 (b) oil content measuring equipment fitted with a 15 ppm alarm device and with arrangements for automatically stopping any discharge of oily mixture when the oil content in the effluent exceeds 15 ppm¹².

The Secretary of State may waive the above requirements¹³ if a ship is engaged exclusively on voyages within special areas¹⁴ and:

- 641 (i) it is fitted with a holding tank having a volume adequate for the retention on board of all oily bilge water;
- 642 (ii) all oily bilge water is retained on board for subsequent discharge to reception facilities;
- 643 (iii) adequate reception facilities are available to receive such oily bilge water in a sufficient number of ports or terminals that the ship calls at;
- 644 (iv) the IOPP Certificate¹⁵, when required, is indorsed to the effect that the ship is exclusively engaged on voyages within special areas; and
- 645 (v) the relevant entries are recorded in the Oil Record Book¹⁶.

Every ship which is of less than 400 GT must, so far as reasonably practicable, be constructed to ensure that oil or oily mixtures are retained on board and discharged to reception facilities or, if oil or oily mixtures are to be discharged into the sea, are so discharged in accordance with the prescribed¹⁷ requirements¹⁸.

Oil filtering equipment must be of an approved¹⁹ design in accordance with the specification for such equipment set out in the Recommendations on International Performance and Test Specifications for Oily Water Separating Equipment and Oil Content Meters²⁰.

Oil content measuring equipment and alarm device must be of an approved design in accordance with the specification for such equipment set out in the Recommendations on International Performance and Test Specifications for Oily Water Separating Equipment and Oil

Content Meters, and the arrangements for automatically stopping any discharge must be of an approved design²¹.

A ship delivered before 6 July 1993 need not comply with the above requirements before 6 July 1998; but, if the ship does not so comply before that date, it must be fitted with oily water separating equipment²² which is such as to ensure that any oily mixture discharged into the sea after passing through the equipment has an oil content not exceeding 100 ppm²³.

20 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 14(5). As to the meaning of 'Recommendations on International Performance and Test Specifications for Oily Water Separating Equipment and Oil Content Meters' see PARA 375 note 26.

21 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 14(6).

22 As to the meaning of 'separating equipment' see PARA 375 note 25.

23 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 14(7).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(ii) Prevention of Oil Pollution/C. CONTROL OF DISCHARGE OF OIL/378. Retention of oil on board.

378. Retention of oil on board.

Oil tankers¹ of 150 GT² and above must comply with the following requirements³.

Adequate means must be provided for cleaning the cargo tanks and transferring the dirty ballast residues and tank washings from the cargo tanks into a slop tank⁴. In existing oil tankers⁵, any cargo tank may be designated as a slop tank⁶. Arrangements must be provided to transfer the oil waste into a slop tank or combination of slop tanks in such a way that any effluent discharges⁷ into the sea⁸ will be such as to comply with the provisions⁹ relating to oil tankers¹⁰. The slop tank or combination of slop tanks provided must have sufficient capacity to retain the slops generated by tank washings, oil residues and dirty ballast residues; and that capacity must be not less than 3 per cent of the cargo oil carrying capacity of the ship unless:

- 646 (1) segregated ballast¹¹ tanks or dedicated clean ballast¹² tanks are provided¹³, or a cargo tank cleaning system using crude oil washing¹⁴; in that event the total capacity of the slop tank or tanks may be reduced to 2 per cent of the oil carrying capacity of the ship;
- 647 (2) in the case of combination carriers¹⁵, the oil cargo is carried in tanks with smooth walls, when such total capacity may be reduced to 1% of the oil carrying capacity of the ship¹⁶.

Where, however, the tank washing arrangements are such that, once the slop tank or tanks is or are charged with washing water, this water is sufficient for the tank washing and, where applicable, for providing the driving fluid for the pumps (including eductors) without the introduction of additional water into the system, the above figures of 3 per cent, 2 per cent and 1 per cent may be reduced to 2 per cent, 1.5 per cent and 0.8 per cent respectively¹⁷. Slop tanks must be so designed, particularly as regards the position of inlets, outlets, baffles or weirs (where fitted), as to avoid excessive turbulence and entrainment of oil or emulsion with water¹⁸. New oil tankers of 70,000 tons deadweight¹⁹ and above must be provided with at least two slop tanks²⁰.

An oil discharge monitoring and control system of an approved²¹ design must be fitted²². It must be designed and installed in accordance with the Guidelines and Specifications for Oil Discharge and Control Systems for Oil Tankers²³. Any such system must be fitted with a recording device to provide, unless otherwise required by those Guidelines and Specifications, a continuous record of the discharge of oil in litres per mile²⁴ and the total quantity of oil discharged or, in lieu of the total quantity of oil discharged, the oil content and rate of discharge of the effluent; the record must be identifiable as to the time and date and be kept for at least three years²⁵. The system must be brought into operation when there is a discharge of effluent into the sea and must be such as to ensure that any discharge of oily mixture is, unless otherwise permitted by those Guidelines and Specifications, automatically stopped when the instantaneous rate of discharge of oil exceeds 30 litres per mile²⁶. On any failure of the system the discharge must be stopped and the failure noted in the Oil Record Book²⁷. A manually operated alternative system must be provided and may be used in the event of such a failure, but the defective unit must be made operable as soon as possible; if a tanker with a defective unit is within the United Kingdom or the territorial waters thereof, the Secretary of State may allow the tanker to undertake one ballast voyage before proceeding to a repair

port²⁸. Effective oil/water interface detectors, of a design approved in accordance with the Specifications for Oil/Water Interface Detectors²⁹, must be provided for the rapid and accurate determination of the oil/water interface in slop tanks and in other tanks where the separation of oil and water is effected and from which it is intended to discharge effluent direct to the sea³⁰. Approved instruction manuals on the operation and maintenance of the various components comprising the oil discharge monitoring and control system must be provided³¹. These manuals must contain information on manual as well as automatic operation and must be so drawn up as to ensure that at no time will oil be discharged except in compliance with the specified conditions³².

Oil tankers of less than 150 GT³³ must retain oil and all contaminated washings on board for subsequent discharge to reception facilities³⁴. The total quantity of oil and water used for washing and returned to a storage or slop tank must be recorded in the Oil Record Book³⁴. This total quantity must be discharged to reception facilities unless adequate arrangements are made to ensure that any effluent which is discharged into the sea is effectively monitored to ensure that the relevant provisions³⁵ are complied with³⁶.

The above provisions³⁷ do not apply to any oil tanker which is engaged exclusively on voyages of 72 hours or less in duration and within 50 miles of the nearest land, provided that:

- 648 (a) the oil tanker is engaged exclusively in trade between ports or terminals within the United Kingdom;
- 649 (b) the oil tanker retains on board all oily mixtures for subsequent discharge to reception facilities;
- 650 (c) the Secretary of State has determined that adequate facilities are available to receive such oily mixtures³⁸.

Nor do the above provisions³⁹ apply to oil tankers carrying asphalt or other products⁴⁰ which, through their physical properties, inhibit effective product/water separation and monitoring⁴¹.

1 As to the meaning of 'oil tanker' see PARA 365 note 13.

2 As to the meaning of 'GT' see PARA 367 note 2.

3 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 15(1).

4 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 15(2)(a). As to the meaning of 'slop tank' see PARA 373 note 12.

5 As to the meaning of 'existing ship' see PARA 376 note 13.

6 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 15(2)(a).

7 As to the meaning of 'discharge' see PARA 366 note 3.

8 As to the meaning of 'sea' see PARA 366 note 3.

9 I.e. the provisions of the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 13: see PARA 376.

10 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 15(2)(b).

11 As to the meaning of 'segregated ballast' see PARA 373 note 11.

12 As to the meaning of 'clean ballast' see PARA 373 note 9.

13 I.e. in accordance with the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 18: see PARA 380.

14 le in accordance with the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 21: see PARA 386.

15 As to the meaning of 'combination carrier' see PARA 365 note 13.

16 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 15(2)(c).

17 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 15(2)(c) proviso.

18 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 15(2)(d).

19 For these purposes, 'deadweight' (DW) means the difference in metric tons between the displacement of a ship in water of a specific gravity of 1.025 at the load waterline corresponding to the assigned summer freeboard and the lightweight of the ship: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2).

20 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 15(2)(e).

21 As to the meaning of 'approved' see PARA 374 note 7.

22 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 15(3)(a).

23 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 15(3)(a). For these purposes, 'Guidelines and Specifications for Oil Discharge and Control Systems for Oil Tankers' means Resolution A496(XII) adopted by the International Maritime Organisation and contained in the 1987 Edition of Oily Water Separators and Monitoring Equipment, published by that Organisation: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2). As to the International Maritime Organisation see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 13.

The requirements of reg 15(3) do not apply to any oil tanker where (1) the tanker is an existing oil tanker of 40,000 tons deadweight or above, engaged in specific trades, in accordance with reg 22(1) (see PARA 387) and complying with the conditions specified in reg 22(2) (see PARA 387); or (2) subject to head (3) below, the tanker is engaged exclusively on voyages (a) within special areas; or (b) within 50 miles from the nearest land outside special areas and trading between ports and terminals within the United Kingdom or on restricted voyages of 72 hours or less in duration; (3) tankers to which head (2) above applies must comply with the following requirements (a) all oily mixtures are retained on board for subsequent discharge to reception facilities; (b) for voyages specified in head (2)(b) above adequate reception facilities are available to receive such oily mixtures in those oil loading ports or terminals the tanker calls at; (c) the IOPP or UKOPP Certificate is indorsed to the effect that the ship is exclusively engaged in one or more of the categories of voyages specified in heads (2)(a) and (2)(b) above; and (d) the relevant entries are recorded in the Oil Record Book: reg 15(5)(b). As to the meaning of 'nearest land' see PARA 375 note 23; as to the meaning of 'oily mixture' see PARA 373 note 14; as to the meaning of 'IOPP Certificate' see PARA 367 note 4; and as to the meaning of 'UKOPP Certificate' see PARA 367 note 5. As to the Oil Record Book see PARA 373.

37 le the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 15(1)-(3).

38 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 15(5)(a).

39 See note 37.

40 le subject to the provisions of the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996: see PARA 365 et seq and PARA 379 et seq.

41 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 15(6).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(ii) Prevention of Oil Pollution/C. CONTROL OF DISCHARGE OF OIL/379. Methods for the prevention of oil pollution from ships operating in special areas.

379. Methods for the prevention of oil pollution from ships operating in special areas.

There are prohibited¹:

651 (1) in the Antarctic area², any discharge³ into the sea⁴ from any United Kingdom ship⁵ of oil⁶ or oily mixture⁷; and

652 (2) in every special area⁸ other than the Antarctic area:

96

22. (a) any discharge into the sea of oil or oily mixture from any United Kingdom oil tanker⁹ or from any United Kingdom ship of 400 GT¹⁰ or above other than an oil tanker; and

23. (b) any discharge into the sea of oil or oily mixture from a United Kingdom ship of less than 400 GT other than an oil tanker, except when the oil content of the effluent without dilution does not exceed 15 ppm¹¹;

97

but the above provisions do not apply to the discharge of clean¹² or segregated¹³ ballast¹⁴.

The provisions of head (1) above do not apply to the discharge of processed bilge water from machinery spaces, provided that all the following conditions are satisfied:

653 (i) the bilge water does not originate from cargo pump room bilges;

654 (ii) the bilge water is not mixed with cargo oil residues;

655 (iii) the ship is proceeding on a voyage;

656 (iv) the oil content of the effluent, without dilution, does not exceed 15 ppm of mixture;

657 (v) the ship has in operation an oil filtering system¹⁵ and equipment¹⁶;

658 (vi) the oil filtering system is equipped with a stopping device which will ensure that the discharge is automatically stopped if the oil content of the effluent exceeds 15 ppm parts of the mixture¹⁷.

No discharge into the sea must contain chemicals or other substances in quantities or concentrations which are hazardous to the marine environment or contain chemicals or other substances introduced for the purpose of circumventing the conditions of discharge specified in these provisions¹⁸.

Where residues of oil or oily mixture may not be discharged into the sea¹⁹, they must be retained on board and must only be discharged into reception facilities²⁰.

Nothing in these provisions prohibits a ship on a voyage only part of which is in a special area from discharging²¹ outside the special area²².

A United Kingdom ship must not enter the Antarctic area unless:

- 659 (A) it is fitted with a tank or tanks of sufficient capacity for the retention on board of all sludge, dirty ballast, tank washing water and other oily residues and mixtures while operating in the area; and
- 660 (B) it has concluded arrangements to have such oily residues and mixtures discharged into a reception facility after it has left the area²³.

The above provisions²⁴ apply²⁵ to ships which are not United Kingdom ships as they apply to United Kingdom ships²⁶.

1 le subject to the provisions of the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, regs 11-11B (see PARA 374) and reg 16(3) (see the text and notes 12-17).

15 le complying with the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 14(5): see PARA 377.

16 le complying with the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 14(6): see PARA 377.

17 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 16(3)(b).

18 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 16(4)(a).

19 le in compliance with the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 16(2), (3).

20 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 16(4)(b).

21 le in accordance with the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 12 (see PARA 375) and reg 13 (see PARA 376).

22 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 16(5).

23 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 16(6).

24 le the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 16 other than reg 16(6).

25 le subject to the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 38:
see PARA 402.

26 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 16(7).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(ii) Prevention of Oil Pollution/D. SEGREGATION OF CARGO/380. New tankers of 20,000 tons deadweight and above.

D. SEGREGATION OF CARGO

380. New tankers of 20,000 tons deadweight and above.

Every new crude oil tanker¹ of 20,000 tons deadweight and above and every new product carrier² of 30,000 tons deadweight and above must be provided with segregated ballast³ tanks and must comply with the following⁴ provisions⁵.

The capacity of the segregated ballast tanks must be such that the ship⁶ can operate safely on ballast voyages without recourse to the use of cargo tanks for water ballast except as provided for in the following provisions⁷, provided that the capacity of the segregated ballast tanks are at least such that, in any ballast condition at any part of the voyage, including the condition consisting of lightweight⁸ plus segregated ballast only, the ship's draughts and trim can meet each of the following requirements:

- 661 (1) the moulded draught amidships⁹ (dm) in metres (without taking into account any ship's deformation) must not be less than $2.0 + 0.02L$;
- 662 (2) the draughts at the forward and after perpendiculars¹⁰ must correspond to those determined by the draught amidships (dm) as specified in head (1) above, in association with the trim by the stern of not greater than 0.015L; and
- 663 (3) in any case the draught at the after perpendicular must not be less than that which is necessary to obtain full immersion of the propeller¹¹.

In no case must ballast water be carried in cargo tanks, except:

- 664 (a) on those voyages when weather conditions are so severe that, in the opinion of the master, it is necessary to carry additional ballast water in cargo tanks for the safety of the ship;
- 665 (b) where the particular character of the operation of an oil tanker renders it necessary to carry ballast water in excess of the quantity which may be carried in segregated ballast tanks¹², provided that the Maritime and Coastguard Agency¹³ has approved that method of operation¹⁴.

Any such additional ballast water must be processed and discharged in accordance with the specified requirements¹⁵ and an entry of the discharge must be made in the Oil Record Book¹⁶.

In the case of new crude oil tankers, the additional ballast so permitted¹⁷ must be carried only in cargo tanks that have been crude oil washed¹⁸ before departure from an oil unloading port or terminal¹⁹.

Notwithstanding the above provisions²⁰ the capacity of the segregated ballast tanks for new oil tankers less than 150 metres in length²¹ must be as may be determined by the Secretary of State²².

Every new crude oil tanker of 20,000 tons deadweight and above must be fitted with a cargo tank cleaning system using crude oil washing²³. This system must fully comply with the specified requirements²⁴ within one year after the tanker is first engaged in the trade of carrying crude oil or by the end of the third voyage carrying crude oil suitable for crude oil

washing, whichever occurs later²⁵. Unless an oil tanker carries crude oil which is not suitable for crude oil washing, it must operate the system in accordance with the specified²⁶ requirements²⁷.

1 For these purposes, and notwithstanding the provisions of the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2) (see PARA 376 note 13), a 'new oil tanker' means an oil tanker (1) for which the building contract was placed after 1 June 1979; or (2) in the absence of a building contract, the keel of which was laid, or which was at a similar stage of construction, after 1 January 1980; or (3) the delivery of which was after 1 June 1982; or (4) which has undergone a major conversion: (a) for which the contract was placed after 1 June 1979; or (b) in the absence of a contract, the construction work of which was begun after 1 January 1980; or (c) which was completed after 1 June 1982; except that, for oil tankers of 70,000 tons deadweight and above, the definitions in reg 1(2) apply for the purposes of reg 18(1): reg 17(1). As to the meaning of 'deadweight' see PARA 378 note 19.

'Crude oil tanker' means an oil tanker engaged in the trade of carrying crude oil: reg 1(2). 'Major conversion' means a conversion of an existing ship: (i) which substantially alters the dimensions or carrying capacity of the ship; or (ii) which changes the type of the ship; or (iii) the intent of which, in the opinion of the Secretary of State, is substantially to prolong its life; or (iv) which otherwise so alters the ship that, if it were a new ship, it would become subject to relevant provisions of the Protocol (London, 1 June 1978 to 31 May 1979; Misc 27 (1978); Cmnd 7347) not applicable to it as an existing ship; but conversion of an existing oil tanker of 20,000 tons deadweight and above to meet the requirements of the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 18 or an existing oil tanker to meet the requirements of reg 31 (see PARA 395) is not deemed to constitute major conversion: reg 1(2). As to the meaning of 'crude oil' see PARA 365 note 8; and as to the meaning of 'existing ship' see PARA 376 note 13. As to the Secretary of State see PARA 58.

2 For these purposes, 'product carrier' means an oil tanker engaged in the trade of carrying oil other than crude oil: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2).

3 As to the meaning of 'segregated ballast' see PARA 373 note 11.

4 Ie the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 18(2)-(4), and reg 18(5), if appropriate.

5 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 18(1).

6 As to the meaning of 'ship' see PARA 365 note 2.

7 Ie except as provided by the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 18(3) or (4).

8 For these purposes, 'lightweight' means the displacement of a ship in metric tons without cargo, fuel, lubricating oil, ballast water, fresh water and feed water in tanks, consumable stores, and passengers and crew and their effects: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2).

9 For these purposes, 'amidships' means at the middle of the length: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2). As to the meaning of 'length' see note 21.

10 For these purposes, 'forward and after perpendiculars' is to be taken at the forward and after ends of the length (L); the forward perpendicular must coincide with the foreside of the stem on the waterline on which the length is measured: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2).

11 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 18(2).

12 Ie under the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 18(2).

13 As to the meaning of 'Maritime and Coastguard Agency' see PARA 367 note 6.

14 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 18(3) (amended by SI 2004/303).

15 Ie in accordance with the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 13 (see PARA 376) and reg 15 (see PARA 378).

16 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 18(3).

17 Ie by the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 18(3).

18 le in accordance with the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 21: see PARA 386.

19 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 18(4).

20 le the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 18(2).

21 For these purposes, 'length' (L) means 96% of the total length on a waterline at 85% of the least moulded depth measured from the top of the keel, or the length from the foreside of the stem to the axis of the rudder stock on that waterline, if that be greater; in ships designed with a rake of keel the waterline on which this length is measured must be parallel to the designed waterline; the length (L) must be measured in metres: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2).

22 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 18(5).

23 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 18(6).

24 le the requirements of the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 21: see PARA 386.

25 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 18(6).

26 le the requirements specified in the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 21.

27 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 18(6).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(ii) Prevention of Oil Pollution/D. SEGREGATION OF CARGO/381. Existing crude oil tankers of 40,000 tons deadweight and above.

381. Existing crude oil tankers of 40,000 tons deadweight and above.

Every existing crude oil tanker¹ of 40,000 tons deadweight² and above must³ be provided with segregated ballast⁴ tanks and must comply with the prescribed requirements⁵.

Existing crude oil tankers of 40,000 tons deadweight and above may⁶, in lieu of being provided with segregated ballast tanks, operate with a cargo tank cleaning procedure using crude oil washing⁷ unless the crude oil tanker is intended to carry crude oil which is not suitable for crude oil washing⁸.

1 For these purposes, 'existing oil tanker' means an oil tanker which is not a new oil tanker as defined in the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 17(1) (see PARA 380 note 1): reg 17(2). As to the meaning of 'crude oil tanker' see PARA 380 note 1; and as to the meaning of 'crude oil' see PARA 365 note 8.

2 As to the meaning of 'deadweight' see PARA 378 note 19.

3 le subject to the provisions of the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 18(8) (see the text and notes 6-8) and reg 18(9) (see PARA 382) and to the provisions of reg 22 (see PARA 387) and reg 23 (see PARA 388).

4 As to the meaning of 'segregated ballast' see PARA 373 note 11.

5 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 18(7). The requirements so prescribed are those of reg 18(2), (3) (see PARA 380): reg 18(7).

6 le subject to the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, regs 22, 23: see PARAS 387, 388.

7 le in accordance with the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 21: see PARA 386.

8 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 18(8).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(ii) Prevention of Oil Pollution/D. SEGREGATION OF CARGO/382. Existing product carriers of 40,000 tons deadweight and above.

382. Existing product carriers of 40,000 tons deadweight and above.

Every existing product carrier¹ of 40,000 tons deadweight² and above must³ be provided with segregated ballast⁴ tanks and must comply with the specified requirements⁵ or, alternatively, operate⁶ with dedicated clean ballast⁷ tanks⁸.

1 As to the meaning of 'product carrier' see PARA 380 note 2.

2 As to the meaning of 'deadweight' see PARA 378 note 19.

3 Ie subject to the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 22: see PARA 387.

4 As to the meaning of 'segregated ballast' see PARA 373 note 11.

5 Ie the requirements of the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 18(2), (3): see PARA 380.

6 Ie in accordance with the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 20: see PARA 385.

7 As to the meaning of 'clean ballast' see PARA 373 note 9.

8 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 18(9).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(ii) Prevention of Oil Pollution/D. SEGREGATION OF CARGO/383. Oil tankers described in the IOPP or UKOPP certificate as segregated ballast oil tankers.

383. Oil tankers described in the IOPP or UKOPP certificate as segregated ballast oil tankers.

Any oil tanker¹ which is not required to be provided with segregated ballast tanks² may be described in the IOPP³ or UKOPP⁴ Certificate as a segregated ballast tanker if it complies with the specified requirements⁵.

1 As to the meaning of 'oil tanker' see PARA 365 note 13; and as to the meaning of 'oil' see PARA 365 note 8.

2 In accordance with the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 18(1) (see PARA 380), reg 18(7) (see PARA 381) or reg 18(9) (see PARA 382). As to the meaning of 'segregated ballast' see PARA 373 note 11.

3 As to the meaning of 'IOPP Certificate' see PARA 367 note 4.

4 As to the meaning of 'UKOPP Certificate' see PARA 367 note 5.

5 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 18(10). The requirements so specified are reg 18(2), (3) (see PARA 380) or reg 18(5) (see PARA 380), if appropriate: reg 18(10).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(ii) Prevention of Oil Pollution/D. SEGREGATION OF CARGO/384. Protective location of segregated ballast spaces.

384. Protective location of segregated ballast spaces.

In every new crude oil tanker¹ of 20,000 tons deadweight² and above and every new product carrier³ of 30,000 tons deadweight and above, the segregated ballast⁴ tanks required to provide the capacity to comply with the specified requirements⁵ which are located within the cargo tank length must be arranged⁶ to provide a measure of protection against oil outflow in the event of grounding or collision⁷.

1 As to the meaning of 'new oil tanker' see PARA 380 note 1; as to the meaning of 'crude oil tanker' see PARA 380 note 1; and as to the meaning of 'crude oil' see PARA 365 note 8.

2 As to the meaning of 'deadweight' see PARA 378 note 19.

3 As to the meaning of 'product carrier' see PARA 380 note 2.

4 As to the meaning of 'segregated ballast' see PARA 373 note 11.

5 Ie the requirements of the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 18: see PARAS 380-383.

6 Ie in accordance with the requirements of Merchant Shipping Notice 1643/MARPOL 1 Sch 1. As to the meaning of 'Merchant Shipping Notice' see PARA 367 note 6.

7 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 19.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(ii) Prevention of Oil Pollution/D. SEGREGATION OF CARGO/385. Requirements for oil tankers with dedicated clean ballast tanks.

385. Requirements for oil tankers with dedicated clean ballast tanks.

An oil tanker¹ operating with dedicated clean ballast tanks² must have adequate tank capacity, dedicated solely to the carriage of clean ballast to meet the specified requirements³ as those requirements apply to segregated ballast tanks⁴.

The arrangements and operational procedures for dedicated clean ballast tanks must comply with the requirements of Specifications for Oil Tankers with Dedicated Clean Ballast Tanks⁵.

An oil tanker operating with dedicated clean ballast tanks must be equipped with an oil content meter approved⁶ in accordance with the specification for such equipment set out in the Recommendations on International Performance and Test Specifications for Oily Water Separating Equipment and Oil Content Meters⁷, so as to permit supervision of the oil content in the ballast water being discharged⁸.

Every oil tanker operating with dedicated clean ballast tanks must be provided with a dedicated Clean Ballast Tank Operation Manual detailing the system and specifying operational procedures⁹. This Manual must be approved by the Maritime and Coastguard Agency¹⁰ and must contain all the information set out in the Specifications referred to above¹¹. If an alteration affecting the dedicated clean ballast tank system is made, the Operation Manual must be revised, and the revision approved by the Maritime and Coastguard Agency¹².

1 As to the meaning of 'oil tanker' see PARA 365 note 13; and as to the meaning of 'oil' see PARA 365 note 8.

2 I.e. in accordance with the provisions of the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 18(9): see PARA 382. As to the meaning of 'clean ballast' see PARA 373 note 9.

10 As to the meaning of 'Maritime and Coastguard Agency' see PARA 367 note 6.

11 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 20(4) (amended by SI 2004/303).

12 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 20(4) (as amended: see note 11).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(ii) Prevention of Oil Pollution/D. SEGREGATION OF CARGO/386. Requirements for crude oil washing.

386. Requirements for crude oil washing.

Every crude oil¹ washing system required to be provided² must comply with the requirements of the following provisions³.

The crude oil washing installation and associated equipment and arrangements, including qualification of personnel, must comply with the requirements and specifications set out in Specifications for the Design, Operation and Control of Crude Oil Washing Systems⁴.

With respect to the ballasting of cargo tanks, sufficient cargo tanks must be crude oil washed prior to each ballast voyage to ensure that, taking into account the tanker's trading pattern and expected weather conditions, ballast water will be put only into cargo tanks which have been crude oil washed⁵.

Every oil tanker operating with crude oil washing system must be provided with an Operations and Equipment Manual describing the system and equipment in detail and specifying the operational procedures to be followed⁶. This Manual must be approved by the Maritime and Coastguard Agency⁷ and must contain all the information set out in the Specifications referred to above⁸. If any alteration is made affecting the crude oil washing system, the Operations and Equipment Manual must be revised, and the revision approved by the Maritime and Coastguard Agency⁹.

1 As to the meaning of 'crude oil' see PARA 365 note 8.

2 In accordance with the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 18(6) (see PARA 380) and reg 18(8) (see PARA 381).

3 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 21(1).

4 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 21(2). For these purposes, 'Specifications for the Design, Operation and Control of Crude Oil Washing Systems' means the International Maritime Organisation's Resolution No A446(XI) as amended by Resolutions A.497(XII) and A.897(21) contained in the 2000 edition contained in the 1983 Edition of Crude Oil Washing Systems, published by that Organisation: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2) (definition substituted by SI 2004/303). As to the International Maritime Organisation see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 13.

5 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 21(3).

6 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 21(4).

7 As to the meaning of 'Maritime and Coastguard Agency' see PARA 367 note 6.

8 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 21(4) (amended by SI 2004/303).

9 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 21(4) (as amended: see note 8).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(ii) Prevention of Oil Pollution/D. SEGREGATION OF CARGO/387. Existing oil tankers engaged in specific trades.

387. Existing oil tankers engaged in specific trades.

The provisions relating to existing crude oil tankers of 40,000 tons deadweight and above¹ and existing product carriers of 40,000 tons deadweight and above² do not apply to an existing oil tanker³ engaged solely in specific trades between:

- 666 (1) ports or terminals within a Convention country⁴; or
- 667 (2) ports or terminals between two or more Convention countries, where the voyage is entirely within a special area⁵ or the voyage is entirely within other limits designated by the Secretary of State⁶.

The above provisions apply only when the ports or terminals where the cargo is loaded on such voyages are provided with reception facilities adequate for the reception and treatment of all the ballast and tank washing water from oil tankers using them and all the following conditions are complied with:

- 668 (a) subject to the general exceptions⁷, all ballast water, including clean ballast⁸ water, and tank washing residues must be retained on board until they are transferred to such reception facilities, and the entry relating to the transfer in the Oil Record Book⁹ must be indorsed by a competent authority appointed by the Convention country;
- 669 (b) agreement has been reached between the Secretary of State and the governments of the Convention country or countries referred to in head (1) or (2) above on the use of an existing oil tanker for such a trade;
- 670 (c) the adequacy of reception facilities, in accordance with any regulations relating to reception facilities, at the ports or terminals referred to above, must be approved by the governments of the Convention countries within which those ports or terminals are situated; and
- 671 (d) the IOPP Certificate¹⁰ has been indorsed to the effect that the oil tanker is solely engaged in such specific trade¹¹.

² I.e the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 18(9): see PARA 382.

³ As to the meaning of 'existing oil tanker' see PARA 381 note 1; and as to the meaning of 'oil tanker' see PARA 365 note 13.

⁴ As to the meaning of 'Convention country' see PARA 372 note 9.

⁵ I.e as defined in the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 16(1): see PARA 375 note 12.

⁶ Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 22(1). Regulation 22(1) is subject to reg 22(2) (see the text and notes 7-11): reg 22(1). As to the Secretary of State see PARA 58.

⁷ I.e the exceptions provided for in the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, regs 11-11B: see PARA 374.

8 As to the meaning of 'clean ballast' see PARA 373 note 9.

9 Ie the Oil Record Book referred to in the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 10: see PARA 373.

10 As to the meaning of 'IOPP Certificate' see PARA 367 note 4.

11 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 22(2) (amended by SI 2009/1210).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(ii) Prevention of Oil Pollution/D. SEGREGATION OF CARGO/388. Existing oil tankers having special ballast arrangements.

388. Existing oil tankers having special ballast arrangements.

Where an existing oil tanker¹ of 40,000 tons deadweight² and above is so constructed or operates in such a manner that it complies at all times with the draught and trim requirements³ without recourse to the use of ballast water, it is deemed to comply with the segregated ballast tank requirements⁴, provided that all the following conditions are complied with:

- 672 (1) the operational procedures and ballast arrangements have been approved;
- 673 (2) when the draught and trim requirements are achieved through an operational procedure, agreement as to the use of that procedure has been reached between the Secretary of State and the governments of the Convention countries⁵ concerned;
- 674 (3) the IOPP Certificate⁶ has been indorsed to the effect that the oil tanker is operating with special ballast arrangements⁷.

In no case must ballast be carried in cargo oil tanks except on those voyages when weather conditions are so severe that, in the opinion of the master, it is necessary to carry additional ballast water in cargo tanks for the safety of the ship⁸. Such additional ballast water must be duly discharged⁹ and the discharge of such water must be entered in the Oil Record Book¹⁰.

1 As to the meaning of 'existing oil tanker' see PARA 381 note 1.

2 As to the meaning of 'deadweight' see PARA 378 note 19.

3 Ie the requirements set out in the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 18(2): see PARA 380.

9 Ie in compliance with the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 13 (see PARA 376) and reg 15 (see PARA 378).

10 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 23(2). As to the Oil Record Book see PARA 373.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(ii) Prevention of Oil Pollution/D. SEGREGATION OF CARGO/389. Segregation of oil and water ballast and carriage of oil in forepeak tanks.

389. Segregation of oil and water ballast and carriage of oil in forepeak tanks.

In new ships¹ of 4,000 GT² and above other than oil tankers³, and in new oil tankers⁴ of 150 GT and above, no ballast water must be carried in any oil fuel⁵ tank⁶. Where abnormal conditions or the need to carry large quantities of oil fuel render it necessary for such ships to carry ballast water which is not clean ballast⁷ water in any oil fuel tank, such ballast water must be discharged to reception facilities or into the sea⁸ using the specified equipment⁹, and the discharge must be entered in the Oil Record Book¹⁰.

All other ships must comply with the above requirements¹¹ so far as it is reasonable and practicable to do so¹².

In a ship of 400 GT and above for which the building contract is placed after 1 January 1982 or, in the absence of a building contract, the keel of which is laid or which is at a similar stage of construction after 1 July 1982, oil must not be carried in a forepeak tank or a tank forward of the collision bulkhead¹³.

1 As to the meaning of 'new ship' see PARA 376 note 13.

2 As to the meaning of 'GT' see PARA 367 note 2.

3 As to the meaning of 'oil tanker' see PARA 365 note 13; and as to the meaning of 'oil' see PARA 365 note 8.

4 As to the meaning of 'new oil tanker' see PARA 380 note 1.

5 As to the meaning of 'oil fuel' see PARA 373 note 7.

11 Ie the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 24(1).

12 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 24(3).

13 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 24(4). All ships, other than those subject to reg 24(4), must comply with the provisions of reg 24(4), so far as it is reasonable and practicable to do so: reg 24(5).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(ii) Prevention of Oil Pollution/D. SEGREGATION OF CARGO/390. Tanks for oil residue (sludge).

390. Tanks for oil residue (sludge).

Every ship¹ of 400 GT² and above must be provided with a tank³ or tanks of adequate capacity, having regard to the type of machinery installed and length of voyage, to receive any oily residues (sludges) which cannot be duly dealt with⁴, such as those resulting from the purification of fuel and lubricating oils and oil leakages in the machinery spaces⁵.

In new ships⁶, such tanks must be designed and constructed so as to facilitate their cleaning and the discharge of residues to reception facilities⁷. Existing ships⁸ must comply with this requirement so far as it is reasonable and practicable to do so⁹.

Every ship to which these provisions apply¹⁰ must be provided with piping to enable residues from machinery spaces and machinery space bilges to be pumped to a reception facility¹¹. This piping must be led to the open deck and there fitted¹² with a flange¹³.

Piping to and from sludge tanks must have no direct connection overboard other than the required¹⁴ discharge connection¹⁵.

1 As to the meaning of 'ship' see PARA 365 note 2.

2 As to the meaning of 'GT' see PARA 367 note 2.

3 As to the meaning of 'tank' see PARA 373 note 6.

4 Ie in accordance with the requirements of the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154: see PARA 365 et seq and PARA 391 et seq.

10 As to the ships to which these provisions apply see PARA 365.

11 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 25(3).

12 Ie in accordance with dimensions given in Merchant Shipping Notice 1643/MARPOL 1 Sch 2. As to the meaning of 'Merchant Shipping Notice' see PARA 367 note 6.

13 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 25(3).

14 Ie the discharge connection required by the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 25(3).

15 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 25(4).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(ii) Prevention of Oil Pollution/D. SEGREGATION OF CARGO/391. Pumping, piping and discharge arrangements of oil tankers.

391. Pumping, piping and discharge arrangements of oil tankers.

In every oil tanker¹, a discharge manifold for the discharge of dirty ballast water or oil contaminated water to reception facilities must be located on the open deck on both sides of the ship².

In every oil tanker, pipe-lines for any discharge to the sea³ of ballast or oil contaminated water from cargo tank areas which may be permitted⁴ must be led to the open deck or to the ship's side above the waterline in the deepest ballast condition, or, subject to the approval of the Maritime and Coastguard Agency⁵, below the waterline:

- 675 (1) to enable such discharges below the waterline as are permitted⁶ to be made; and
- 676 (2) where the discharge outlet is located above the departure ballast waterline but not above the waterline in the deepest ballast condition, if so located before 1 January 1981⁷.

In new oil tankers⁸, means must be provided for stopping the discharge into the sea of ballast water or oil contaminated water from cargo tank areas, other than permitted discharges below the waterline⁹, from a position on the upper deck or above, and so located that the manifold¹⁰ and the discharge to the sea from the pipe-lines¹¹ may be visually observed¹². The means for stopping the discharge may be situated elsewhere than at the observation position if an effective communication system, such as a telephone or radio system, is provided between the observation position and the discharge control position¹³.

Every new oil tanker required to be provided with segregated ballast¹⁴ tanks or fitted with a crude oil¹⁵ washing system must comply with the following requirements:

- 677 (a) it must be equipped with oil piping so designed and installed that oil retention in the lines is minimised;
- 678 (b) means must be provided to drain all cargo pumps and all oil lines at the completion of cargo discharge where necessary by connection to a stripping device, so designed that the line and pump drainings are capable of being discharged both ashore and to a cargo tank or a slop tank¹⁶; for discharge ashore a special small diameter line must be provided and connected outboard of the deck manifold valves, both port and starboard¹⁷.

Every existing crude oil tanker¹⁸ required to be provided with segregated ballast tanks, or to be fitted with a crude oil washing system, or to operate with dedicated clean ballast¹⁹ tanks must comply with the provisions of head (b) above²⁰.

Ballast water or oil contaminated water from the cargo tank areas of any oil tanker must be discharged only above the waterline, except that:

- 679 (i) segregated ballast and clean ballast may be discharged below the waterline in ports or at offshore terminals or at sea by gravity, provided that the surface of the

- ballast water has been examined immediately before the discharge to ensure that no contamination with oil has taken place;
- 680 (ii) existing oil tankers which, without modification, are not capable of discharging segregated ballast above the waterline may discharge segregated ballast below the waterline at sea, provided that the surface of the ballast water has been examined immediately before the discharge to ensure that no contamination with oil has taken place;
- 681 (iii) existing oil tankers operating with dedicated clean ballast tanks which, without modification, are not capable of discharging ballast water from the dedicated clean ballast tanks above the waterline may discharge this ballast below the waterline provided that the discharge of the ballast water is supervised with the aid of an oil content meter²¹;
- 682 (iv) dirty ballast water or oil contaminated water from tanks in the cargo area²² of an oil tanker at sea, other than slop tanks, may be discharged by gravity below the waterline, provided that sufficient time has elapsed in order to allow oil/water separation to have taken place and the ballast water has been examined immediately before the discharge with an oil/water interface detector²³, in order to ensure that the height of the interface is such that the discharge does not involve any increased harm to the marine environment;
- 683 (v) dirty ballast water or oil contaminated water from cargo tank areas of an existing oil tanker may be discharged below the waterline, subsequent to or in lieu of discharge by the method referred to in head (iv) above, provided that a part of the flow of such water is led through permanent piping to a readily accessible location on the upper deck or above where it may be visually observed during the discharge operation and such part flow arrangements comply with the specified requirements²⁴.

22 For these purposes, 'area', in relation to a ship, is to be calculated in all cases to moulded lines: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2).

23 Ie of the kind referred to in the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 15(3)(e): see PARA 378.

24 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 26(6). The requirements so specified are those set out in Merchant Shipping Notice 1643/MARPOL 1 Sch 3: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 25(6). As to the meaning of 'Merchant Shipping Notice' see PARA 367 note 6.

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(ii) Prevention of Oil Pollution/E. MINIMISING OIL POLLUTION DUE TO SIDE AND BOTTOM DAMAGE/392. Limitation of size and arrangement of cargo tanks.

E. MINIMISING OIL POLLUTION DUE TO SIDE AND BOTTOM DAMAGE

392. Limitation of size and arrangement of cargo tanks.

Every new oil tanker¹ must comply with the following provisions; and every existing oil tanker² must comply with the following provisions if:

- 684 (1) it was delivered to its first owner after 1 January 1977; or
- 685 (2) it was delivered to its first owner on or before 1 January 1977 and the building contract for the tanker was placed after 1 January 1974, or, in cases where there was no building contract, the keel was laid or the tanker was at a similar stage of construction after 30 June 1974³.

Cargo tanks of oil tankers must be of such size and arrangement that the hypothetical outflow⁴ O_c or O_s ⁵, anywhere in the length⁶ of the ship does not exceed 30,000 cubic metres or $400^3[\text{radic}]DW$, whichever is the greater, but subject to a maximum of 40,000 cubic metres⁷.

The volume of any one wing cargo oil tank⁸ of an oil tanker must not exceed 75 per cent of the limits of the hypothetical outflow O_c or O_s referred to above⁹. The volume of any one centre cargo oil tank¹⁰ must not exceed 50,000 cubic metres¹¹. However, in segregated ballast oil tankers¹² the permitted volume of a wing cargo oil tank situated between two segregated ballast tanks, each exceeding L_c in length may be increased to the maximum limit of hypothetical oil outflow provided that the width of the wing tanks exceeds t_c ¹³.

The length of each cargo tank must not exceed 10 metres or one of the following values, whichever is the greater:

- 686 (a) where no longitudinal bulkhead is provided inside the cargo tanks, the lesser of:

$$(0.5 \frac{b_i}{B} + 0.1)L \text{ and } 0.2L;$$

- 687 (b) where a centreline longitudinal bulkhead is provided inside the cargo tanks:

$$(0.25 \frac{b_i}{B} + 0.15)L;$$

- 688 (c) where two or more longitudinal bulkheads are provided inside the cargo tanks:

98

- 24. (i) for wing cargo tanks:

99

$0.2L_i$

.1

25. (ii) for centre cargo tanks:
26. (A) if
- 100

$$\frac{b_i}{B}$$

.2

27. is equal to or greater than one-fifth:
- 101

$0.2L_i$

.3

28. (B) if
- 102

$$\frac{b_i}{B}$$

.4

29. is less than one-fifth:
30. where no centreline longitudinal bulkhead is provided:
- 103

$$(0.5\frac{b_i}{B} + 0.15)L_i$$

.5

31. where a centreline longitudinal bulkhead is provided:
- 104

$$(0.25\frac{b_i}{B} + 0.15)L_i$$

and, for these purposes, 'b_i' is the minimum distance from the ship's side to the outer longitudinal bulkhead of the tank in question measured inboard at right angles to the centreline at the level corresponding to the assigned summer freeboard¹⁴.

In order not to exceed the volume limits established by the above provisions¹⁵ and irrespective of the type of cargo transfer system installed, when such a system interconnects two or more cargo tanks, valves or other similar closing devices must be provided for separating the tanks from each other¹⁶. These valves or devices must be closed when the tanker is at sea¹⁷.

Lines of piping which run through cargo tanks in a position less than t_c from the ship's side or less than V_s¹⁸ from the ship's bottom must be fitted with valves or similar closing devices at the point at which they open into any cargo tank¹⁹. These valves must be kept closed at sea at any

time when the tanks contain cargo oil, except that they may be opened for cargo transfer needed for the purpose of trimming of the ship²⁰.

- 1 As to the meaning of 'new ship' see PARA 376 note 13; as to the meaning of 'oil tanker' see PARA 365 note 13; and as to the meaning of 'oil' see PARA 365 note 8.
- 2 As to the meaning of 'existing oil tanker' see PARA 381 note 1.
- 3 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 28(1).
- 4 For these purposes, 'hypothetical outflow of oil' has the meaning set out in Merchant Shipping Notice 1643/MARPOL 1 Sch 4: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 27. As to the meaning of 'Merchant Shipping Notice' see PARA 367 note 6.
- 5 Is calculated in accordance with the provisions of Merchant Shipping Notice 1643/MARPOL 1 Sch 4.

- 7 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 28(2).
- 8 For these purposes, 'wing tank' means any tank adjacent to the side shell plating: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2). As to the meaning of 'tank' see PARA 373 note 6.
- 9 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 28(3).
- 10 For these purposes, 'central tank' means any tank inboard of a longitudinal bulkhead: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2).
- 11 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 28(3).
- 12 Is as defined in the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 18: see PARA 383.
- 13 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 28(3). For these purposes, 't_c' is defined in Merchant Shipping Notice 1643/MARPOL 1 Sch 4: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 28(3).
- 14 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 28(4).
- 15 Is the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 28(2)-(4).
- 16 See note 15.
- 17 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 28(5). As to the meaning of 'sea' see PARA 366 note 3.
- 18 Is where 'V_s' is defined in Merchant Shipping Notice 1643/MARPOL 1.
- 20 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 28(6).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(ii) Prevention of Oil Pollution/E. MINIMISING OIL POLLUTION DUE TO SIDE AND BOTTOM DAMAGE/393. Subdivision and stability.

393. Subdivision and stability.

Every new oil tanker¹ must comply with the subdivision and damage stability criteria².

The master of every new oil tanker and the person in charge of a new non-self propelled oil tanker³ must be supplied by the owner with:

- 689 (1) information relating to loading and distribution of cargo necessary to ensure compliance with these provisions; and
- 690 (2) data on the ability of the ship to comply with the damage stability criteria prescribed by these provisions, including the effect of any lesser requirements that may have been imposed by the Secretary of State⁴.

Such information and data must be supplied in an approved form⁵.

Every oil tanker of 5,000 tons deadweight⁶ and above (a) for which the building contract was placed on or after 1 February 1999; (b) in the absence of a building contract, the keel of which was laid, or which was at a similar stage of construction, on or after 1 August 1999; (c) the delivery of which is on or after 1 February 2002; or (d) which has undergone a major conversion (i) for which the contract was placed after 1 February 1999; (ii) in the absence of a contract, the construction work of which was begun after 1 August 1999; or (iii) which is completed after 1 February 2002, must comply with the intact stability criteria⁷.

1 As to the meaning of 'new ship' see PARA 376 note 13; as to the meaning of 'oil tanker' see PARA 365 note 13; and as to the meaning of 'oil' see PARA 365 note 8.

2 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 29(1). The criteria are those specified in Merchant Shipping Notice 1643/MARPOL 1 Sch 5: see the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 29(1). As to the meaning of 'Merchant Shipping Notice' see PARA 367 note 6.

3 le to which these provisions apply: see PARA 365.

4 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 29(2). As to the Secretary of State see PARA 58.

5 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 29(2).

6 As to the meaning of 'deadweight' see PARA 378 note 19.

7 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 29A (added by SI 2000/483). The criteria are those set out in Merchant Shipping Notice 1643/MARPOL 1 Sch 5A: see the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 29A (as so added).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(ii) Prevention of Oil Pollution/F. DESIGN AND CONSTRUCTION/394. 'New' oil tankers (building contracts after 5 July 1993).

F. DESIGN AND CONSTRUCTION

394. 'New' oil tankers (building contracts after 5 July 1993).

The following provisions apply to oil tankers¹ of 600 tons deadweight² and above:

- 691 (1) for which the building contract is placed on or after 6 July 1993; or
- 692 (2) in the absence of a building contract, the keel of which is laid or which is at a similar stage of construction on or after 6 January 1994; or
- 693 (3) the delivery of which is on or after 6 July 1996; or
- 694 (4) which has undergone a major conversion³ for which the contract is placed after 6 July 1993 or, in the absence of a contract, the construction work of which is begun after 6 January 1994 or which is completed after 6 July 1996⁴.

Every oil tanker of 5,000 tons deadweight and above must comply with the following requirements⁵, that is to say, the entire cargo tank length must be protected⁶ by ballast tanks or spaces other than cargo and fuel oil tanks⁷.

Double bottom tanks or spaces⁸ may, however, be dispensed with, if the design of the tanker meets the specified conditions⁹.

Instead of complying with the above requirements¹⁰, an oil tanker of 5,000 tons deadweight and above¹¹ may conform to other methods of design and construction, provided that such methods:

- 695 (a) ensure at least the same level of protection against oil pollution in the event of collision or stranding; and
- 696 (b) have the approval of the Secretary of State based on guidelines developed by the International Maritime Organisation¹².

In an oil tanker to which these provisions apply, oil must not be carried in any space extending forward of a collision bulkhead¹³; and an oil tanker which is not so required to have a collision bulkhead must not carry oil in any space extending forward of the transverse plane perpendicular to the centreline that is located as if it were a collision bulkhead so provided¹⁴.

In approving the design and construction of an oil tanker to which these provisions apply, the certifying authority¹⁵ must have due regard to general safety considerations, including the need for the maintenance of and for inspections of wing¹⁶ and double bottom tanks or spaces¹⁷.

1 As to the meaning of 'oil tanker' see PARA 365 note 13; and as to the meaning of 'oil' see PARA 365 note 8.

2 As to the meaning of 'deadweight' see PARA 378 note 19.

3 As to the meaning of 'major conversion' see PARA 380 note 1.

4 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 30(1).

5 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 30(2). In the case of an oil tanker in respect of which reg 19 (see PARA 384) makes provision, compliance with the requirements of reg 30(3) (see the text and notes 6, 7) is instead of compliance with the requirements of reg 19: reg 30(2).

6 le in accordance with Merchant Shipping Notice 1643/MARPOL 1 Sch 6. As to the meaning of 'Merchant Shipping Notice' see PARA 367 note 6.

7 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 30(3).

8 le as required by the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 30(3).

9 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 30(4). The conditions so specified are those set out in Merchant Shipping Notice 1643/MARPOL 1 Sch 7: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 30(4).

10 le the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 30(3) or (4).

11 le an oil tanker referred to in the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 30(2).

12 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 30(5). As to the Secretary of State see PARA 58. As to the International Maritime Organisation see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 13.

13 le provided in accordance with the Merchant Shipping (Cargo Ship Construction and Survey) Regulations 1984, SI 1984/1217, reg 3 (SI 1984/1217 revoked and replaced by the Merchant Shipping (Cargo Ship Construction) Regulations 1997, SI 1997/1509): see **SHIPPING AND MARITIME LAW** vol 94 (2008) PARA 599.

14 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 30(6).

15 As to the meaning of 'certifying authority' see PARA 368 note 5.

16 As to the meaning of 'wing tank' see PARA 392 note 8.

17 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 30(7).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(ii) Prevention of Oil Pollution/F. DESIGN AND CONSTRUCTION/395. 'Existing' oil tankers (building contracts before 6 July 1993): compliance with double hull or equivalent design requirements for single hull oil tankers.

395. 'Existing' oil tankers (building contracts before 6 July 1993): compliance with double hull or equivalent design requirements for single hull oil tankers.

The following provisions apply to every oil tanker¹ of 5,000 tons deadweight² and above:

- 697 (1) for which the building contract was placed before 6 July 1993³; or
- 698 (2) in the absence of a building contract, the keel of which was laid or which was at a similar stage of construction before 6 January 1994⁴; or
- 699 (3) the delivery of which was before 6 July 1996⁵; or
- 700 (4) which has undergone a major conversion⁶ (a) for which the building contract was placed before 6 July 1993⁷; or (b) in the absence of a contract, the construction work of which was begun on or before 6 January 1994⁸; or (c) which was completed on or before 6 July 1996⁹.

The provisions do not apply to an oil tanker which complies with specified requirements¹⁰ or which conforms to other methods of design and construction which ensure at least the same level of protection against oil pollution in the event of collision or stranding and have the approval of the Secretary of State based on guidelines developed by the International Maritime Organisation¹¹. An oil tanker which does not meet those requirements in all respects regarding minimum distances between the cargo tank boundaries of the ship side and bottom plating is to be treated as meeting those requirements if the side protection distance is not less than that which the IBC Code¹² specifies for Type 2 cargo tank location¹³ and the bottom protection distance is not less than the lesser of B/15 and two metres¹⁴.

A category 1 oil tanker¹⁵ to which the provisions apply must not operate if it is a United Kingdom oil tanker¹⁶, and if it is any other oil tanker, must not enter a port or offshore terminal or anchor in an area under the jurisdiction of the United Kingdom (a) if the ship was delivered in 1981 or earlier or was delivered in 1982 on or before 4 August, on or after 17 September 1996¹⁷; (b) if the ship was delivered in 1982 after 4 August on or after the anniversary in 2005 of the day and month of that ship's delivery¹⁸.

A category 2 or 3 oil tanker¹⁹ to which the provisions apply must not operate if it is a United Kingdom oil tanker²⁰, and if it is any other oil tanker, must not enter a port or offshore terminal or anchor in an area under the jurisdiction of the United Kingdom (i) if the ship was delivered in 1976 or earlier or was delivered in 1977 on or before 4 August, on or after 17 September 1996²¹; (ii) if the ship was delivered in 1977 after 4 August, on or after the anniversary in 2005 of the day and month of that ship's delivery²²; (iii) if the ship was delivered in 1978 or 1979, on or after the anniversary in 2006 of the day and month of that ship's delivery²³; (iv) if the ship was delivered in 1980 or 1981, on or after the anniversary in 2007 of the day and month of that ship's delivery²⁴; (v) if the ship was delivered in 1982, on or after the anniversary in 2008 of the day and month of that ship's delivery²⁵; (vi) if the ship was delivered in 1983, on or after the anniversary in 2009 of the day and month of that ship's delivery²⁶; (vii) if the ship was delivered in 1984 or later, on or after the anniversary in 2010 of the day and month of that ship's delivery²⁷.

A category 2 or 3 oil tanker which is equipped only with double bottoms or double sides not used for the transport of oil and extending for the whole length of the cargo tank or with

double-hulled spaces not used for the transport of oil and extending for the whole length of the cargo tank, but which do not meet the conditions for exemption²⁸, may continue to operate after the date set out in relation to such a ship²⁹, but not beyond the anniversary of the date of delivery of the ship in the year 2015 or the date on which the ship reaches the age of 25 years from its date of delivery, whichever is the sooner³⁰.

No oil tanker carrying heavy grades of oil³¹ will be allowed to enter or leave a port or offshore terminal or to anchor in an area under the jurisdiction of the United Kingdom unless (A) it is a double hull oil tanker³²; (B) it is an oil tanker of less than 5,000 tons deadweight operating on or before the anniversary in 2008 of the day and month of the ship's delivery³³; (C) it is an oil tanker operating exclusively in ports and inland navigation and duly certified under the inland waterway legislation applicable to the ship³⁴; or (D) it is an ice-strengthened single-hull oil tanker operating before 21 October 2005 in ice conditions which require the use of such a vessel, equipped with a double bottom not used for the transport of oil and extending over the entire length of the cargo tank, carrying heavy grades of oil only in its central tanks³⁵.

If a specified category 2 or 3 oil tanker is a United Kingdom tanker it will not operate, and if it is any other tanker it will not enter or leave a port or offshore terminal or anchor in an area under the jurisdiction of the United Kingdom, unless it complies with the Condition Assessment Scheme³⁶.

A category 2 or 3 oil tanker, on or after the anniversary in 2015 of the day and month of its delivery, must not operate if it is a United Kingdom oil tanker, and if it is any other oil tanker, must not enter a port or offshore terminal under the jurisdiction of the United Kingdom³⁷.

The Secretary of State may grant an exemption³⁸ only where that exemption allows an oil tanker to enter a port or offshore terminal under the jurisdiction of the United Kingdom, is granted in exceptional circumstances, and is granted because the oil tanker is in difficulty and in search of a place of refuge, or is unloaded and proceeding to a port of repair³⁹.

1 As to the meaning of 'oil tanker' see PARA 365 note 13; and as to the meaning of 'oil' see PARA 365 note 8.

2 As to the meaning of 'deadweight' see PARA 378 note 19.

3 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 31(1)(a) (reg 31 substituted by SI 2004/303).

4 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 31(1)(b) (as substituted: see note 3).

5 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 31(1)(c) (as substituted: see note 3).

6 As to the meaning of 'major conversion' see PARA 380 note 1.

7 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 31(1)(d)(i) (as substituted: see note 3).

8 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 31(1)(d)(ii) (as substituted: see note 3).

9 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 31(1)(d)(iii) (as substituted: see note 3).

10 I.e. the requirements of Merchant Shipping Notice 1643/MARPOL 1 Sch 6 or those requirements as modified in accordance with Sch 7: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 31(2)(a), (b) (as substituted: see note 3). As the meaning of 'Merchant Shipping Notice' see PARA 367 note 6.

11 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 31(2)(c) (as substituted: see note 3). As to the Secretary of State see PARA 58. As to the International Maritime Organisation see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 13.

12 le the International Code for the Construction and Equipment of Ships Carrying Dangerous Chemicals in Bulk (1998 Edition), published by the International Maritime Organisation: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 31(3)(b) (as substituted: see note 3).

13 le the said distance is nowhere less than 760 mm from the shell plating: see the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 31(3)(a) (as substituted: see note 3).

14 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 31(3) (as substituted: see note 3).

15 'Category 1 oil tanker' means an oil tanker of 20,000 tons deadweight and above carrying crude oil, fuel oil, heavy diesel oil or lubricating oil as cargo, and of 30,000 tons dead weight and above carrying oil other than the above, which does not comply with the requirements for new oil tankers as defined in the Convention Annex I reg 1(26): Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 31(11) (as substituted: see note 3). As to the meaning of 'crude oil' see PARA 365 note 8. 'Fuel oil' means heavy distillates or residues from crude oil or blends of such materials intended for use as a fuel for the production of heat or power of a quality equivalent to the specification acceptable to the International Maritime Organisation: reg 31(11) (as so substituted). 'Heavy diesel oil' means marine diesel oil, other than those distillates of which more than 50% by volume distils at a temperature not exceeding 340°C when tested by the method acceptable to the International Maritime Organisation: reg 31(11) (as so substituted). 'New oil tanker' means a new oil tanker as defined in the Convention Annex I reg 1(26): SI 1996/2154 reg 31(11) (as so substituted). As to the meaning of 'Convention' see PARA 367 note 6.

16 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 31(4)(a) (as substituted: see note 3). As to the meaning of 'United Kingdom' see PARA 1 note 2.

17 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 31(4)(b)(i) (reg 34(4) (b) substituted by SI 2005/1916).

18 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 31(4)(b)(ii) (as substituted: see note 17).

19 'Category 2 oil tanker' means an oil tanker of 20,000 tons deadweight and above carrying crude oil, fuel oil, heavy diesel oil or lubricating oil as cargo, or of 30,000 tons deadweight and above carrying oil other than the above, which complies with the requirements for new oil tankers as defined in the Convention Annex I reg 1(26), and is provided with segregated ballast tanks protectively located ('SBT/PL'): Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 31(11) (as substituted (see note 3); definition substituted by SI 2005/1916). 'Category 3 oil tanker' means an oil tanker of 5,000 tons deadweight and above other than a category 1 or category 2 oil tanker: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 31(11) (as so substituted).

20 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 31(5)(a) (as substituted: see note 3).

21 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 31(5)(b)(i) (reg 31(5) (b) substituted by SI 2005/1916).

22 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 31(5)(b)(ii) (as substituted: see note 21).

23 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 31(5)(b)(iii) (as substituted: see note 21).

24 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 31(5)(b)(iv) (as substituted: see note 21).

25 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 31(5)(b)(v) (as substituted: see note 21).

26 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 31(5)(b)(vi) (as substituted: see note 21).

27 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 31(5)(b)(vii) (as substituted: see note 21).

28 le the Convention Annex 1 reg 13G para 1(c).

29 le as specified in the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 31(5).

30 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 31(6) (reg 31(6)-(8) substituted and reg 31(8A) added by SI 2005/1916).

31 'Heavy grades of oil' means (1) crude oils having a density at 15°C which is higher than 900kg/m³(5) (which corresponds to an API grade of less than 25.7); (2) fuel oils having a density at 15°C which is higher than 900 kg/m³ or a kinematic viscosity at 50°C which is higher than 180mm²/s(6) (which corresponds to a kinematic viscosity of over 189cSt); and (3) bitumen and tar and their emulsions: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 31(11) (as substituted (see note 3); definition substituted by SI 2005/1916).

32 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 31(7)(a) (as substituted: see note 30). 'Double hull tanker' means (1) in relation to an oil tanker of 5,000 tonnes deadweight and above, an oil tanker which complies with (a) the double hull or equivalent design requirements of the Convention Annex I reg 13F; or (b) the provisions of the Convention Annex I reg 13G para 1(c); and (2) in relation to an oil tanker of 600 tonnes deadweight and above but less than 5,000 tonnes deadweight, an oil tanker which (a) is fitted with double bottom tanks or spaces complying with the provisions of the Convention Annex I reg 13F(7)(a); (b) is fitted with wing tanks or spaces arranged in accordance with the Convention Annex I reg 13F(3)(a); and (c) complies with the requirement for distance w as referred to in regulation of the Convention Annex I reg 13F(7)(b): Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 31(11) (as so substituted; and definition substituted by SI 2005/1916).

Subject to the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 31(2) (see the text and notes 10, 11), reg 31(7) applies to an oil tanker of 600 tons deadweight and above: reg 31(1A) (added by SI 2005/1916).

33 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 31(7)(b) (as substituted: see note 30). See note 33.

34 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 31(7)(c) (as substituted: see note 30). See note 33.

35 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 31(7)(d) (as substituted: see note 30). See note 33.

36 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 31(8A) (as added: see note 30).

37 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 31(9) (as substituted: see note 3).

38 le an exemption from the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, regs 31(4)-(9) under reg 2(5) (see PARA 365): reg 31(10) (as substituted: see note 3).

39 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 31(10) (as substituted: see note 3).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(ii) Prevention of Oil Pollution/G. OFFSHORE INSTALLATIONS/396. Requirements for offshore installations.

G. OFFSHORE INSTALLATIONS

396. Requirements for offshore installations.

Offshore installations¹, when engaged in the exploration, exploitation and associated offshore processing of sea bed mineral resources, must comply with the statutory requirements² applicable to ships³ of 400 GT⁴ and above other than oil tankers⁵, notwithstanding that the installations are not proceeding on a voyage, except that:

- 701 (1) they must be equipped as far as practicable with the required systems and tanks⁶;
- 702 (2) they must keep a record of all operations involving discharges⁷ of oil or oily mixtures⁸, in an approved form⁹.

An offshore installation when so engaged must not discharge into the sea¹⁰ any oil or oily mixture¹¹ with an oil content of 15 ppm¹² or more¹³.

1 As to the meaning of 'offshore installation' see PARA 375 note 31.

2 Ie the requirements of the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154: see PARA 365 et seq.

3 As to the meaning of 'ship' see PARA 365 note 2.

4 As to the meaning of 'GT' see PARA 367 note 2.

5 As to the meaning of 'oil tanker' see PARA 365 note 13.

6 Ie the systems and tanks required by the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 14 (see PARA 377) and reg 25(1), (2) (see PARA 390).

7 As to the meaning of 'discharge' see PARA 366 note 3.

8 For these purposes, 'oil or oily mixtures' means discharge associated with machinery space drainage and does not include production or displacement water discharge: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 32(3) (amended by SI 2009/1210). As to the meaning of 'oil' see PARA 365 note 8; and as to the meaning of 'oily mixture' see PARA 373 note 14.

9 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 32(1).

10 As to the meaning of 'sea' see PARA 366 note 3.

11 Ie unless the discharge is one specified in the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 11: see PARA 374.

12 As to the meaning of 'ppm' see PARA 373 note 9.

13 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 32(2).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(ii) Prevention of Oil Pollution/H. POLLUTION ARISING FROM OIL POLLUTION ACCIDENT/397. Shipboard oil pollution emergency plan.

H. POLLUTION ARISING FROM OIL POLLUTION ACCIDENT

397. Shipboard oil pollution emergency plan.

Every oil tanker¹ of 150 GT² and above and every ship³, not being an oil tanker, of 400 GT and above must carry on board an approved shipboard oil pollution emergency plan⁴.

The plan must be in accordance with the guidelines for the development of shipboard oil pollution emergency plans adopted by the Marine Environment Protection Committee of the International Maritime Organisation⁵; and the plan must include at least:

- 703 (1) the procedure to be followed by the master or other persons having charge of the ship to report an oil pollution incident⁶;
- 704 (2) the list of persons, including national and local authorities, to be contacted in the event of an oil pollution incident;
- 705 (3) a detailed description of the action to be taken immediately by persons on board to reduce or control the discharge of oil following an incident; and
- 706 (4) the procedures and point of contact on the ship for co-ordinating shipboard action with national and local authorities in combating the pollution⁷.

In the case of certain ships⁸, such a plan may be combined with the shipboard marine pollution emergency plan for noxious liquid substances⁹, and in this case the title of the plan should be 'Shipboard Marine Pollution Emergency Plan'¹⁰.

1 As to the meaning of 'oil tanker' see PARA 365 note 13; and as to the meaning of 'oil' see PARA 365 note 8.

2 As to the meaning of 'GT' see PARA 367 note 2.

3 As to the meaning of 'ship' see PARA 365 note 2.

4 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 33(1).

5 Ie the guidelines adopted on 6 March 1992 by Resolution MEPC 54(32) as amended by Resolution MEPC86(44) of 13 March 2000, including any document amending it which is considered by the Secretary of State to be relevant from time to time and is specified in a Merchant Shipping Notice. As to the meaning of 'Merchant Shipping Notice' see PARA 367 note 6. As to the International Maritime Organisation see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 13. As to the Secretary of State see PARA 58.

6 Ie as required by the Merchant Shipping (Reporting Requirements for Ships Carrying Dangerous or Polluting Goods) Regulations 1995, SI 1995/2498 (see **SHIPPING AND MARITIME LAW** vol 94 (2008) PARA 659) and the Merchant Shipping (Vessel Traffic Monitoring and Reporting Requirements) Regulations 2004, SI 2004/2110 (see **SHIPPING AND MARITIME LAW** vol 94 (2008) PARA 659).

7 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 33(2) (amended by SI 2004/303; and SI 2004/2110).

8 Ie ships to which the Convention Annex II reg 16 also applies. As to the meaning of 'Convention' see PARA 367 note 6.

9 Ie required under the Convention Annex II reg 16.

10 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 33(3) (added by SI 2004/303).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(ii) Prevention of Oil Pollution/l. POWERS OF INSPECTION ETC/398. Power to inspect.

I. POWERS OF INSPECTION ETC

398. Power to inspect.

A ship to which these provisions apply¹ is subject, in any United Kingdom port or offshore terminal, to inspections by persons appointed by the Secretary of State².

Any such inspection must be limited to verifying that there is on board a valid IOPP Certificate³ in the prescribed form⁴ or a UKOPP Certificate⁵ in the prescribed form⁶, unless there are clear grounds for believing that the condition of the ship or its equipment does not correspond substantially with the particulars of that Certificate⁷. In that case, or if the ship does not carry a valid certificate, the inspector must take such steps as he may consider necessary to ensure that the ship will not sail until she can proceed to sea without presenting an unreasonable threat of harm to the marine environment⁸. The Secretary of State may in such a case permit the ship to leave the port or offshore terminal for the purposes of proceeding to the nearest appropriate repair yard⁹.

The inspector may¹⁰ investigate any operation¹¹ if there are clear grounds for believing that the master or crew are not familiar with essential ship board procedures for preventing pollution by oil¹². In the event of any such inspection revealing deficiencies the inspector must take such steps as to ensure that the ship will not sail until the situation has been brought¹³ to order¹⁴.

Upon receiving evidence that a particular ship has discharged¹⁵ oil or an oily mixture¹⁶, the Secretary of State must cause the matter to be investigated and must inform the state which has reported the contravention, as well as the International Maritime Organisation¹⁷, of the action taken¹⁸.

1 As to the ships to which these provisions apply see PARA 365.

2 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 34(1)(a). For these purposes, any person appointed as an inspector has the powers of an inspector set out in the Merchant Shipping Act 1995 s 259 (see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 49) and s 260 (see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 49): Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 34(3). As to the Secretary of State see PARA 58.

3 As to the meaning of 'IOPP Certificate' see PARA 367 note 4.

4 Ie in the form prescribed by the Convention. As to the meaning of 'Convention' see PARA 367 note 6.

5 As to the meaning of 'UKOPP Certificate' see PARA 367 note 5.

6 Ie in a form prescribed by the Secretary of State.

7 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 34(1)(b).

8 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 34(1)(b).

9 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 34(1)(b).

10 Ie notwithstanding the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 34(1)(b) (see the text and notes 3-9) and without prejudice to any specific control provisions over operational procedures provided for in the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154: see PARA 365 et seq.

11 le any operation regulated by the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154.

12 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 34(1)(c). As to the meaning of 'oil' see PARA 365 note 8.

13 le in accordance with the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154.

14 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 34(1)(c).

15 le contrary to the provisions of the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154. As to the meaning of 'discharge' see PARA 366 note 3.

16 As to the meaning of 'oily mixture' see PARA 373 note 14.

17 As to the International Maritime Organisation see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 13.

18 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 34(2).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(ii) Prevention of Oil Pollution/l. POWERS OF INSPECTION ETC/399. Power to deny entry or detain.

399. Power to deny entry or detain.

If a harbour master¹ has reason to believe that a ship² which he believes proposes to enter or leave the harbour does not comply with the specified requirements³, he must immediately report the matter to the Secretary of State⁴ who, if he is satisfied that the ship presents an unreasonable threat of harm to the marine environment, may deny the entry or exit of such ship to United Kingdom ports or offshore terminals⁵.

In any case where:

- 707 (1) a ship (a) is suspected of a contravention of certain requirements⁶; or (b) does not comply with any other requirement of the specified requirements⁷;
- 708 (2) the steps to be taken by an inspector⁸ involve detention of the ship⁹;
- 709 (3) an accident occurs to a non-United Kingdom ship¹⁰, or a defect is discovered in a non-United Kingdom ship, either of which substantially affects the integrity of the ship or the efficiency or completeness of its equipment, and a full and proper report of that accident or defect has not been made to the appropriate authority for that ship¹¹; or
- 710 (4) within a reasonable period of a report being made of an accident to or defect in a non-United Kingdom ship the Secretary of State is not satisfied that action taken as respects that ship is sufficient to restore the integrity of the ship or the efficiency or completeness of its equipment¹²,

the ship is liable to be detained and the relevant provisions of the Merchant Shipping Act 1995¹³ (which relate to the detention of a ship) have effect in relation to that ship¹⁴.

Where a ship, other than a United Kingdom ship, is denied entry¹⁵ or is detained¹⁶, the Secretary of State must immediately inform the consul or diplomatic representative of the state whose flag the ship is entitled to fly or the appropriate maritime authorities of that state¹⁷.

1 For these purposes, 'harbour master' includes a dock master, pier master and any person specifically appointed by a harbour authority (within the meaning of the Merchant Shipping Act 1995 s 151(1) (see PARA 428 note 6)) for the purpose of enforcing the provisions of the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154 (see PARA 365 et seq) or the Merchant Shipping Act 1995 Pt VI Ch 2 (ss 131-151) (see PARA 426 et seq): Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 1(2) (definition added by SI 2009/1210).

2 As to the meaning of 'ship' see PARA 365 note 2.

3 Ie the requirements of the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154: see PARA 365 et seq.

4 As to the Secretary of State see PARA 58.

5 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 35(1) (amended by SI 2005/1916). As to the meaning of 'United Kingdom' see PARA 1 note 2.

6 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 35(2)(a)(i) (reg 35(2) substituted by SI 2004/303; and the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 35(2)(a) further substituted by SI 2005/1916). The reference is to the requirements of the

Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 12 (see PARAS 375, 377), reg 13 (see PARA 376) or reg 16 (see PARAS 375, 379, 387).

In any case where a ship is liable to be detained under reg 35(2)(a)(i), in relation to a suspected contravention occurring in the waters over which a harbour master exercises jurisdiction, that harbour master may also detain that ship: reg 35A(1) (reg 35A added by SI 2009/1210). In such a case the Merchant Shipping Act 1995 s 284(1A)-(5), (8) (see **SHIPPING AND MARITIME LAW** vol 94 (2008) PARA 1253) has effect in relation to that ship as if (1) the reference to competent authority in s 284(2) includes a reference to the harbour authority; and (2) the persons in relation to whom s 284(4) applies include the harbour master or any person acting on behalf of the harbour master: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 35A(2) (as so added). Where a ship, other than a United Kingdom ship, is detained under reg 35A(1) (see above), the harbour master must immediately notify the Secretary of State, who must immediately inform the consul or diplomatic representative of the state whose flag the ship is entitled to fly, or the appropriate maritime authorities of that state: reg 35A(3) (as so added). Regulation 37(3)-(10) (see PARA 401) applies in relation to a detention under reg 35A(1) (see above) as if for 'the Secretary of State', wherever it occurs, there were substituted 'the harbour master': reg 35A(4) (as so added).

7 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 35(2)(a)(ii) (as substituted: see note 6). The reference is to the requirements of the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154: see PARA 365 et seq.

8 le under the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 34(1)(b) or (c): see PARA 398.

9 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 35(2)(b) (as substituted: see note 6).

10 As to the meaning of 'United Kingdom ship' see PARA 365 note 2.

11 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 35(2)(c) (as substituted: see note 6).

12 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 35(2)(d) (as substituted: see note 6).

13 le the Merchant Shipping Act 1995 s 284(1)-(6), (8): see **SHIPPING AND MARITIME LAW** vol 94 (2008) PARA 1253.

14 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 35(2) (as substituted: see note 6). Specifically the Merchant Shipping Act 1995 s 284(1)-(6), (8) (see note 13) has effect as if for the words 'this Act' wherever they appear, there were substituted the words 'the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996': see the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 35(2) (as so substituted).

15 le pursuant to the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 35(1).

16 le pursuant to the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 35(2) (see the text and notes 6-14) or reg 37(3) (see PARA 401).

17 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 35(3).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(ii) Prevention of Oil Pollution/l. POWERS OF INSPECTION ETC/400. Penalties.

400. Penalties.

If any ship¹ fails to comply with any requirement of the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996², other than the provisions relating to ships other than oil tankers and machinery space bilges of oil tankers³, oil tankers⁴ and the methods for preventing oil pollution from ships operating in special areas⁵, the owner and the master of the ship are each guilty of an offence punishable by a fine⁶. It is a defence for a person charged with such an offence to show that he took all reasonable precautions and exercised all due diligence to avoid the commission of the offence⁷.

Where such an offence under this provision⁸ is committed, or would have been committed⁹, by any person due to the act or default of some other person, that other person is guilty of the offence; and a person may be charged with and convicted of an offence by virtue of this provision whether or not proceedings are taken against the first-mentioned person¹⁰.

If any ship fails to comply with any requirement of the provisions relating to ships other than oil tankers and machinery space bilges of oil tankers¹¹, oil tankers¹² and the methods for preventing oil pollution from ships operating in special areas¹³, the owner and the master are each guilty of an offence¹⁴, and liable on conviction to a fine¹⁵.

If any oil¹⁶ or oily mixture¹⁷ is discharged¹⁸ from a ship in contravention of any requirement of the provisions relating to ships other than oil tankers and machinery space bilges of oil tankers¹⁹, oil tankers²⁰ and the methods for preventing oil pollution from ships operating in special areas²¹, any person who causes or contributes to that discharge is guilty of an offence²², and liable on conviction to a fine²³.

Where a UK excepted ship²⁴ fails to comply with any of these requirements²⁵ because of a discharge into a part of the sea other than the United Kingdom or its territorial waters²⁶ of oil or oily mixture which results from damage to a ship or its equipment, neither the owner nor the master nor a crew member acting under the master's responsibility is guilty of an offence²⁷ in respect of that failure if (1) all reasonable precautions were taken after the damage, or discovery of the discharge, to prevent or minimise the discharge; and (2) neither the owner nor the master acted (a) with intent to cause damage; or (b) recklessly and with knowledge that damage would probably result²⁸.

1 As to the meaning of 'ship' see PARA 365 note 2.

SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(ii) Prevention of Oil Pollution/l. POWERS OF INSPECTION ETC/401. Enforcement and application of fines.

401. Enforcement and application of fines.

Any document required or authorised, by virtue of any statutory provision, to be served on a foreign company¹ for the purposes of the institution of, or otherwise in connection with, proceedings for an offence of contravening the provisions relating to ships other than oil tankers and machinery space bilges of oil tankers², oil tankers³ and the methods for preventing oil pollution from ships operating in special areas⁴ alleged to have been committed by the company as the owner of a ship⁵ is treated as duly served on that company if the document is served on the master of the ship; and any person authorised to serve any document for the purposes of the institution of, or otherwise in connection with, proceedings for an offence under the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996⁶, whether or not in pursuance of the above provisions, has, for that purpose, the right to go on board the ship in question⁷.

A person exercising the power of detention⁸ in respect of an alleged contravention of the provisions relating to ships other than oil tankers and machinery space bilges of oil tankers⁹, oil tankers¹⁰ and the methods for preventing oil pollution from ships operating in special areas¹¹ must immediately release the ship if:

- 711 (1) no proceedings for the offence in question are instituted¹² within the period of seven days beginning with the day on which the vessel is detained;
- 712 (2) such proceedings, having been duly instituted¹³ within that period, are concluded without the defendant being convicted¹⁴;
- 713 (3) either the sum of £255,000 is paid to the Secretary of State by way of security or security which, in the opinion of the Secretary of State, is satisfactory and is for an amount not less than £255,000 is given to the Secretary of State; or
- 714 (4) where the defendant is convicted of the offence, any costs or expenses ordered to be paid by him, and any fine imposed on him, have been paid; or
- 715 (5) the release is ordered by a court or tribunal¹⁵, and any bond or other financial security ordered by such a court or tribunal is posted¹⁶.

The Secretary of State must repay any sum paid in pursuance of head (3) above or release any security so given:

- 716 (a) if no proceedings for the offence in question are instituted within the period of seven days beginning with the day on which the sum is paid; or
- 717 (b) if such proceedings, having been instituted within that period, are concluded without the defendant being convicted¹⁷.

Where a sum has been paid, or security has been given, by any person in pursuance of head (3) above and the defendant is convicted of the offence in question, the sum so paid or the amount made available under the security must be applied as follows:

- 718 (i) first in payment of any costs or expenses ordered by the court to be paid by the defendant; and
- 719 (ii) next in payment of any fine imposed by the court;

and any balance must be repaid to the person paying the sum, or giving the security¹⁸.

Where a fine imposed by a court in proceedings against the defendant of a ship for an offence under the provisions relating to ships other than oil tankers and machinery space bilges of oil tankers¹⁹, oil tankers²⁰ and the methods for preventing oil pollution from ships operating in special areas²¹ is not paid or any costs or expenses ordered to be paid by him are not paid at the time ordered by the court, the court has power, in addition to any other powers for enforcing payment, to direct the amount remaining unpaid to be levied by distress or arrestment and sale of the ship, her tackle, furniture and apparel²².

Where a person is convicted of an offence under the provisions relating to ships other than oil tankers and machinery space bilges of oil tankers²³, oil tankers²⁴ and the methods for preventing oil pollution from ships operating in special areas²⁵, and the court imposes a fine in respect of the offence, then, if it appears to the court that any person has incurred, or will incur, expenses in removing any pollution, or making good any damage, which is attributable to the offence, the court may order the whole or part of the fine to be paid to that person for or towards defraying those expenses²⁶.

1 For these purposes, 'foreign company' means a company or body which is not one to which either of the Companies Act 1985 s 695 (repealed) or s 725 (repealed) (see now the Companies Act 2006 s 1139) (see **COMPANIES** vol 15 (2009) PARA 1836) applies so as to authorise the service of the document in question under either of those provisions: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 37(2).

2 Ie the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 12: see PARA 375.

3 Ie the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 13: see PARA 376.

4 Ie the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 16: see PARA 379.

5 As to the meaning of 'ship' see PARA 365 note 2.

6 Ie the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154: see PARA 365 et seq.

7 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 37(1).

8 Ie the power conferred by the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 35(2)(a): see PARA 399.

9 See note 2.

10 See note 3.

11 See note 4.

12 For these purposes, proceedings for an offence are instituted in England and Wales: (1) when a justice of the peace issues a summons or warrant under the Magistrates' Courts Act 1980 s 1 (see **MAGISTRATES**) in respect of the offence; (2) when a person is charged with the offence after being taken into custody without a warrant; (3) when a bill of indictment is preferred by virtue of the Administration of Justice (Miscellaneous Provisions) Act 1933 s 2(2)(b) (see **CRIMINAL LAW, EVIDENCE AND PROCEDURE** vol 11(3) (2006 Reissue) PARA 1206); and, where the application of this provision would result in there being more than one time for the institution of proceedings, they are to be taken to have been instituted at the earliest of those times: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 37(6)(a). As to the institution of proceedings in Scotland see reg 37(7) (amended by SI 2009/1210); and as to the institution of proceedings in Northern Ireland see the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 37(8).

13 Ie having been instituted through the power conferred by the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 37(1).

14 For these purposes, proceedings for an offence are concluded without the defendant being convicted on the occurrence of one of the following events: (1) the discontinuance of the proceedings; (2) the acquittal of the defendant; (3) the quashing of the defendant's conviction for the offence; (4) the grant of Her Majesty's pardon in respect of the defendant's conviction for the offence: Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 37(6)(b) (amended by SI 2009/1210).

15 Is a court or tribunal referred to in the United Nations Convention on the Law of the Sea (Montego Bay, 10 December 1982 to 9 December 1984; TS 3 Misc 11 (1983); Cmnd 8941) art 292: see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 10.

16 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 37(3) (amended by SI 1997/1910; and SI 2009/1210). As to the Secretary of State see PARA 58.

17 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 37(4) (amended by SI 2009/1210).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(ii) Prevention of Oil Pollution/J. OFFENCES COMMITTED OUTSIDE UNITED KINGDOM WATERS/402. Restriction on jurisdiction over offences outside United Kingdom limits.

J. OFFENCES COMMITTED OUTSIDE UNITED KINGDOM WATERS

402. Restriction on jurisdiction over offences outside United Kingdom limits.

No proceedings for an offence of contravening the provisions relating to ships other than oil tankers and machinery space bilges of oil tankers¹, oil tankers² or the methods for preventing oil pollution from ships operating in special areas³ by a ship⁴ which is not a United Kingdom ship⁵, which relates to a discharge⁶ in the internal waters, territorial waters or exclusive economic zone of another state must be instituted⁷ unless:

- 720 (1) that state, the flag state⁸ or a state damaged or threatened by the discharge requests that proceedings be taken; or
- 721 (2) the discharge has caused or is likely to cause pollution in the internal waters, territorial sea⁹ or controlled waters¹⁰ of the United Kingdom¹¹.

Where proceedings for an offence of contravening the provisions relating to ships other than oil tankers and machinery space bilges of oil tankers¹², oil tankers¹³ and the methods for preventing oil pollution from ships operating in special areas¹⁴ by a ship which is not a United Kingdom ship which relates to a discharge in the internal waters, territorial sea or exclusive economic zone of another state have been instituted but not concluded, and that state requests suspension of the proceedings, then:

- 722 (a) proceedings must be suspended; and
- 723 (b) the Secretary of State must transmit all the evidence and court records and documents relating to the case, together with any sum paid or security given¹⁵ to that state¹⁶.

It is a defence to a person charged with contravening the provisions relating to ships other than oil tankers and machinery space bilges of oil tankers¹⁷, oil tankers¹⁸ or the methods for preventing oil pollution from ships operating in special areas¹⁹ for the defendant to show:

- 724 (i) that the ship is not a United Kingdom ship; and
- 725 (ii) the discharge took place outside the United Kingdom, its territorial waters and the controlled waters of the United Kingdom; and
- 726 (iii) the ship was in a port in the United Kingdom at the time of institution of proceedings by reason only of stress of weather or other reason beyond the control of the master or owner or charterer²⁰.

17 See note 1.

18 See note 2.

19 See note 3.

20 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 38(3).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(ii) Prevention of Oil Pollution/J. OFFENCES COMMITTED OUTSIDE UNITED KINGDOM WATERS/403. Suspension of proceedings at flag state request.

403. Suspension of proceedings at flag state request.

The following provisions relate to an alleged offence of contravening the provisions relating to ships other than oil tankers and machinery space bilges of oil tankers¹, oil tankers² or the methods for preventing oil pollution from ships operating in special areas³ by a ship⁴ which is not a United Kingdom ship⁵, in relation to a discharge⁶ outside the United Kingdom or its territorial waters⁷.

Any proceedings for such an offence must be stayed if the court is satisfied that the flag state⁸ has instituted proceedings corresponding to the proceedings in the United Kingdom in respect of the discharge, within six months of the institution of proceedings in the United Kingdom⁹; but this provision does not apply:

- 727 (1) where the discharge resulted in major damage to the United Kingdom; or
- 728 (2) the Secretary of State certifies that the flag state has repeatedly disregarded its obligation to enforce effectively the requirements of the Convention¹⁰ in respect of its ships¹¹.

Where proceedings instituted by the flag state have been brought to a conclusion, the suspended proceedings must be terminated¹².

Where the costs of the Secretary of State incurred in respects of proceedings duly suspended¹³ have been paid, any money paid or security given¹⁴ must be released¹⁵.

13 le under the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 39(2).

14 le under the Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 37(3)(c): see PARA 401.

15 Merchant Shipping (Prevention of Oil Pollution) Regulations 1996, SI 1996/2154, reg 39(4).

Halsbury's Laws of England/ENVIRONMENTAL QUALITY AND PUBLIC HEALTH (VOLUME 45 (2010) 5TH EDITION, PARAS 1-575; VOLUME 46 (2010) 5TH EDITION, PARAS 576-1081)/8. SHIPPING AND POLLUTION/(3) MERCHANT SHIPPING ACT 1995/(iii) Dangerous or Noxious Liquid Substances in Bulk/404. Application of provisions.

(iii) Dangerous or Noxious Liquid Substances in Bulk

404. Application of provisions.

The following provisions¹ apply to:

- 729 (1) all ships² carrying in bulk³ noxious liquid substances⁴ or unassessed liquid substances⁵;
- 730 (2) all chemical tankers⁶ carrying dangerous substances⁷ in bulk; and
- 731 (3) all oil tankers⁸ carrying pollution hazard substances⁹ in bulk¹⁰;

and those provisions apply to ships which are:

- 732 (a) United Kingdom ships, wherever they may be;
- 733 (b) other ships while they are within United Kingdom waters¹¹ or, in relation to the provisions as to discharge of cargo tanks¹² so far as they relate to the discharge or washing of tanks which have carried noxious liquid substances or pollution hazard substances, subject to the provisions relating to inspection and detention¹³ and the restriction on jurisdiction over offences outside United Kingdom limits¹⁴, while they are in controlled waters¹⁵ or any other waters which are sea¹⁶.

In the case of a ship registered in a state which is not a party to the SOLAS¹⁷ or the MARPOL¹⁸ Conventions, the following provisions¹⁹ do not apply by reason of being in United Kingdom waters if she would not have been there but for stress of weather or any circumstances which could not have been prevented by the owner, the master or the charterer, if any²⁰.

¹ I.e. the Merchant Shipping (Dangerous or Noxious Liquid Substances in Bulk) Regulations 1996, SI 1996/3010: see PARA 405 et seq.

² For these purposes, 'ship' means a vessel of any type whatsoever operating in the marine environment and includes hydrofoil boats, hovercraft, submersibles and floating craft and also fixed or floating platforms except when they are actually engaged in exploration or exploitation of the sea bed or associated offshore processing of sea bed mineral resources: Merchant Shipping (Dangerous or Noxious Liquid Substances in Bulk) Regulations 1996, SI 1996/3010, reg 2(1).

³ For these purposes, 'in bulk' means directly and without intermediate form of containment in a tank forming an integral part of, or permanently located in or on, a ship: Merchant Shipping (Dangerous or Noxious Liquid Substances in Bulk) Regulations 1996, SI 1996/3010, reg 2(1).

⁴ For these purposes, 'noxious liquid substance' means a substance listed as such in either MEPC Circular 2/CIRC.1 or a Category A, B, C or D substance: Merchant Shipping (Dangerous or Noxious Liquid Substances in Bulk) Regulations 1996, SI 1996/3010, reg 2(1). 'MEPC Circular' means a circular of that description issued by the Marine Environment Protection Committee of the International Maritime Organisation: Merchant Shipping (Dangerous or Noxious Liquid Substances in Bulk) Regulations 1996, SI 1996/3010, reg 2(1). Any reference to an MEPC Circular includes any amendments adopted by the IMO which are considered by the Secretary of State to be relevant from time to time and are specified in a Merchant Shipping Notice: Merchant Shipping (Dangerous or Noxious Liquid Substances in Bulk) Regulations 1996, SI 1996/3010, reg 2(2)(d) (amended by SI 2004/930). 'IMO' means the International Maritime Organisation (see **SHIPPING AND MARITIME LAW** vol 93 (2008) PARA 13): Merchant Shipping (Dangerous or Noxious Liquid Substances in Bulk) Regulations 1996, SI 1996/3010, reg 2(1). 'Merchant Shipping Notice' means a Notice described as such and issued by the Maritime and

Coastguard Agency, and any reference to a particular Merchant Shipping Notice includes a reference to any document amending or replacing that Notice which is considered by the Secretary of State to be relevant from time to time and is specified in a Merchant Shipping Notice: reg 2(1) (definition added by SI 2004/303). See also the Merchant Shipping (Dangerous or Noxious Liquid Substances in Bulk) Regulations 1996, SI 1996/3010, reg 2(2)(g); and PARA 410. 'Maritime and Coastguard Agency' means the Maritime and Coastguard Agency, an executive agency of the Department for Transport: reg 2(1) (definition added by SI 2004/930). The Agency's website was, at the date at which this volume states the law, www.mcga.gov.uk. 'Residual mixture' means, in relation to any category of noxious liquid substances, ballast water, tank washings or other mixtures containing residues of a noxious liquid substance of such category, but excludes clean ballast: Merchant Shipping (Dangerous or Noxious Liquid Substances in Bulk) Regulations 1996, SI 1996/3010, reg 2(1). As to the Secretary of State see PARA 58.

'Category A substance', 'Category B substance', 'Category C substance' and 'Category D substance' mean respectively any substance listed and identified as falling within Category A, B, C or D in col 'c' in the IBC Code Chs 17, 18, and any substance which is provisionally assessed as a Category A, B, C or D substance; and any reference to any such substance includes a reference to any mixture containing such substance: Merchant Shipping (Dangerous or Noxious Liquid Substances in Bulk) Regulations 1996, SI 1996/3010, reg 2(1). 'Provisionally assessed' means, in relation to a substance of a particular category or a non-polluting substance or an oil-like substance, listed in MEPC Circular 2/CIRC.1 and therein identified as a substance falling into that category or as a non-polluting substance or as an oil-like substance, as the case may be: Merchant Shipping (Dangerous or Noxious Liquid Substances in Bulk) Regulations 1996, SI 1996/3010, reg 2(1). 'IBC Code' means the 1994 edition of the International Code for the Construction and Equipment of Ships Carrying Dangerous Chemicals in Bulk published by the International Maritime Organisation as amended by Resolution MEPC 40(29), Resolution MSC 16(58), Resolution MEPC 79(43) and Resolution MEPC 90(45): Merchant Shipping (Dangerous or Noxious Liquid Substances in Bulk) Regulations 1996, SI 1996/3010, reg 2(1) (definition amended by SI 2004/930).
